RUSSIAN ARMY STANDING WITH TROTSKY

CLAM CANNING ON THE QUEEN CHARLOTTE ISLANDS IS VERY SUCCESSFUL

Another Company After Seal Cove Sawmill and Asking No Privileges

F. L. Buckley is not the only person after the sawmill at Seal Cove. Another concern is negotiating for its purchase and will make a definite decision at once, according to Alderman Collart, who mentioned the matter at the meeting of the city council last night.

Alderman Collart said that telegrams had been received from a second party and no concessions were being asked from the city. Accordingly the council decided to defer making reply to Frank L. Buckley with respect to the agreement he proposes. The utilities committee had a report before the council recommending that the power rate to the mill be the same as that given the elevator. This would be 1½c per kilowatt, whereas Mr. Buckley had asked for ¾c.

Ald. Collart reported that the finance committee was ready to bring in a report regarding taxation agreement but had decided to defer doing so in view of recent developments. It was stated by Ald. Collart that the second party would have made a decision definitely early this week.

U.S. PROPAGANDISTS MAY SPOIL PLANS FOR DISARMAMENT

WASHINGTON, Dec. 16. President Coolidge, it was indicated yesterday, fears the propaganda by advocates of a larger army and navy for the United States may jeopardize the proposed second disarmament conference. For that reason he is discouraging the movement.

ABLE TO CROSS RIVER ON ICE

Cold Snap in East Freezes St. Lawrence so That Sleighs Pass

MONTREAL, Dec. 16. — The first real cold snap of the season is here. Yesterday the thermometer dropped from five degrees below zero to fifteen below and the ice on the St. Lawrence River thickened to such an extent that sleighs were able to cross on the ice.

LARKIN SPEAKS CANADA CLUB

Says British Colonial Office Must Become Modern: Commissioners Position

LONDON, Dec. 16.—At a dinner of the Canada Club to Colonial Secretary Amery, P. C. Larkin, Canadian High Commissioner, declared the colonial offices must become modern.

Colonial Secretary Amery announced that the Dominion High Commissioner would be put on the same basis as foreign ambassadors with regard to exemption from British taxation.

INDIAN CHARGED WITH THEFT OF ROPE FROM BOAT

Jacob Astor, Indian of Kitkatla, was arraigned in the city police court before Magistrate McClymont this morning charged with the theft of 300 feet of rope valued at $25 from the Rupert Marine Products Co.'s power boat M.T.3.

Soon after complaint of the loss had been lodged with the city police yesterday, officers found the missing rope on board accused's boat at Cow Bay. He was arrested and this morning evidence against him was given by Reginald Green, skipper of the M.T. 3. The case was then adjourned until tomorrow when further witnesses will be heard.

RECORD BROKEN BY RAILWAYS

Quantity of Freight Hauled in October in United States Largest Yet

WASHINGTON, Dec. 16.—The month of October saw all records broken by the railways of the United States in the quantity of freight hauled. The total reached the enormous figure of 43,169,743,000 net ton miles. This figure is reached by multiplying the number of tons in each individual shipment by the number of miles carried and adding the totals.

STORMS RAGE IN THE SOUTH

Telegraphic Services Disrupted: Blizzards in East Following Cold Snap

VANCOUVER, Dec. 16.—With rapidly falling temperature Toronto and other points east blizzards are reported on the prairies and British Columbia is also in the throes of winter. Telephone and telegraph services in the south were disrupted when huge trees weighted with snow and blown by the raging gale sweeping over the lower mainland fell breaking the wires.

REVELSTOKE, Dec. 16.—It is reported here that considerable damage has been caused by the terrific winds in this neighborhood. Mission reports the most severe weather in several years. A seventy to eighty mile wind had been blowing with temperature three above zero.

MORE CONTRACTORS FOR ELEVATOR HERE

C. W. Arnott, Well Known Here in Early Days, Arrives—Carter Hall Co. Representative in City

C. W. Arnott of Vancouver who was here as a bridge contractor during Grand Trunk Pacific construction days arrived in the city from the south on the Princess Mary last night. His mission is with a view to submitting a tender for the construction of the grain elevator. Lately Mr. Arnott has been doing contracting work at Powell River.

A. W. Fosness of Winnipeg, representing the Carter-Hall Co. which built the elevator at Edmonton, has also been here for the past couple of days and will go south on the Cardena tonight.

It is understood that a good many tenderers will not visit the site.

Biggest Building in World is Planned for Chicago to Include Hall, Hotel, Dock and Station

CHICAGO, Dec. 16.—The world's temple to agriculture to be known as the American Agricultural Building is being planned as the centre of United States farm activities by a western group of financiers. It is to be the largest building in the world with a radio station rivalling the Eiffel Tower at Paris.

The convention hall in the proposed building is to be large enough to seat 20,000 and there will be a hotel with 3,500 rooms, the whole to cost $30,000,000.

The structure is to be built at the junction of Lake Michigan and the Chicago River and will include docks and a railway station.

Queen Charlotte Island Clam Cannery Has Successful Year and Will Increase Its Output

That the output of the clam canneries at the north end of Queen Charlotte Islands would be considerably increased next year is the word brought by Mr. and Mrs. E. H. Simpson, who, in partnership with Captain Babington operates the canneries at Tow Hill and Naden Harbor, making their headquarters at Massett. The cannery at Tow Hill alone will employ 200 people next spring and the Naden Harbor cannery which has been closed will also operate.

During the past season the Tow Hill cannery put up 10,000 cases of clams and the product is in good demand. These are the famous razor clams which are found only on ocean beaches. During the fall the cannery has had as many as ninety people digging them. Mr. Simpson has charge of the general operations and Mrs. Simpson looks after the women employed in the cannery.

Mr. and Mrs. Simpson are on their way to California on a visit and they will also look up their son Samuel who is taking this first year at the University of British Columbia and who is a graduate of the Prince Rupert High School.

FABULOUS NUMBER STREET ACCIDENTS; HOOVER'S REMEDY

WASHINGTON, Dec. 16... More than 20,000 persons were killed and 678,000 injured in street and highway accidents throughout the United States during 1924.

DATE FOR REOPENING OF BIG SAWMILL AT BUCKLEY BAY NOT SET

While work of reconditioning the Massett Timber Co.'s mill at Buckley Bay is still in progress, it is impossible to state at this time when operations will be resumed stated H. F. Dunning, manager of the mill, this afternoon when questioned by a Daily News representative as to the authenticity of a report that operations at the big plant would be started about March 1. Mr. Dunning reports that there are 32 men on the payroll at Buckley Bay at the present time.

Mr. Dunning sails tonight on the Cardena bound for California where he will spend the holidays. He expects to be back about the end of January.

EXPERT ADVICE BEING SOUGHT

City Council to Obtain Credentials of Engineers With View to Examination of Woodworth Lake

In furtherance of the intention to obtain expert advice on the possibilities of power extension at Woodworth Lake in view of the demands which it is expected will shortly be made, the city council decided last night to communicate with William Anderson and A. C. R. Youill, Vancouver consulting engineers, requesting that they submit their credentials for appointment.

The utilities committee submitted a recommendation that Mr. Youill be communicated with but certain members of the council, including Ald. Collart and Ald. Casey, were in favor of giving Mr. Anderson a chance as well in view of the fact that he had already been here and had given the city satisfactory service.

The superintendent of utilities, Ald. Macdonald stated, had been in doubt as to Mr. Anderson's qualifications as a power expert although, as far as water was concerned, he was eminently qualified. After some considerable discussion it was decided to obtain the credentials of both Mr. Anderson and Mr. Youill before making a selection.

Wonderful Career Of New York Clergyman.

One of the outstanding figures for many years past in New York has been Rev. Percy Stickney Grant. He has had charge of a rich congregation yet he has consistently preached the gospel of the poor man and has taken advanced ground on almost every question of the day. For thirty-one years he has held the same position and the representatives of the old families have taken their Sunday sermons as a tonic and something to talk about.

Dr. Grant has usually taken the unpopular side on outstanding questions. He defended the burning of the U.S. flag in public, spoke up for W. Z. Foster, the Communist, testified for an I.W.W. agitator, excused the Soviet for executing the vicar-general, and yet through it all he was backed up by his wealthy congregation.

This parson stands for more liberal marriage laws and easy divorce. He strongly espoused the cause of free speech, and in later years followed the modernist trend of religious thought in the direction of Unitarianism. In all this time he was openly hostile to his bishop, Dr. Manning, but he had a strong personality and never shirked an encounter. Even those who did not agree with the preacher, could but admire him.

Endowment For B.C. University.

Those who looked askance at further expenditure on a British Columbia University at Vancouver will be gratified to learn that the sale of the 3,000 acres of Government land at Point Grey will not only pay for the buildings themselves, but also provide for a certain endowment fund, says the Victoria Times. If there be any doubt about the rate of sale of these lands it will be removed by a study of the building permits which are being issued by the municipality in which the area is situated.

An increase in the student body of 359 in 1916 to 1,400 in 1924; an announcement that the cost per capita is less at the University of British Columbia than at the provincial universities of Alberta, Saskatchewan and Manitoba; a declaration that less than seven per cent of the graduates from the Point Grey seat of learning have left for the United States— a gratifying contradiction to many hostile suggestions—support the contention that this province has an extremely useful investment in its University.

It is good to know also that a preponderance of students from workmen's homes are taking advantage of the educational facilities at the institution. This is an indication that it would be unwise to increase the fees charged. Such a course would certainly drive students to Eastern or American colleges.

Able To Cross River On Ice.

The cold snap which we have been experiencing with the thermometer down to six above zero makes us all realize what the weather is like in the interior. Fifteen below zero is reported from Montreal and the River St. Lawrence frozen to such an extent that horses and sleighs can cross on the ice. That is something of which we have no experience here. The present weather is abnormal, although tradition says that one year the thermometer dropped below zero.

Dealing With Reckless Driving.

It is most difficult to deal with reckless driving. Anyone who has driven much realizes, how now and then, he meets a road hog that makes his blood creep as he whizzes past within an inch of the hub of his wheel. This is usually an experienced driver who has taken a few drinks more than he should. It has made him reckless and he tries to see how close he can drive to the cars he passes without hitting them. No laws can deal with cases of this kind adequately because the driver under the influence cares for no law or anything else.

Another difficult case is the beginner who cannot drive well and who makes errors of judgment. There is no place at which a person can learn to drive except on the highway and he does so at the risk of an accident.

The reckless driving problem is one that will give trouble for many years to come.

In the Letter Box

MASSETT GOLD

Editor, Daily News—

Recently there have been several letters and reports in your paper regarding Massett gold. The last one was Dr. Dunn's reply to Mr. Evans. On the face of it, this looked to me very abusive. "Abuse is no argument." If the association is anxious to give reliable reports to help what he calls "a sound industry" why did he not reply to Mr. Evans' question and give the public a definite statement of how much gold was brought in from the spit.

Mr. Evans claims that his statement in his first telegram where he refers to gold under guard, came from one of the present officers in their association. I have known Mr. Evans as long as Dr. Dunn, and I think it very unfair to say "the letter of November 6 from a writer with such a record for inexactitudes cuts no ice,," etc.

Next boat I will send an account of actual facts of things as they are, from the time Mr. Cabrera entered Masseft. I am deeply interested, because I own a placer lease.

The Man in the Moon SAYS:—

THIS is a town with plenty of cars and nowhere to drive.

EVEN if we have not any roads we can always get up a drive for a good cause.

A MAN down east who decided to drive through to Prince Rupert was advised to look out for the bumps.

THOSE Nanaimo bandits who failed to get at the $100,000 payroll sack from the Bank prove that even burglars are not what they used to be. How we long for the good old times!

IF this excavation goes on around town at the present rate, a person will find it difficult to get on the rocks in this city.

TALKING about bandits, a lot of them escape with the loot and nobody even looks for them.

I KNOW a dark haired bandit
Who stole my heart away,
Got clear with the loot and kept it
For ever and a day.

I know another young robber
Who taught me to steal,alas!
For I stole from her and she stole from me
Then called me a silly old ass.
IF you are away from home and want service you pay for it. If at home you growl for it.

I KNOW some people who never seem able to keep straight. They follow their natural bent.

A HUSBAND is a man who has the privilege of messing things up at home.

A WIFE is a person who has the privilege of laughing at her husbands foibles before his face instead of like others, behind his back.

TRYING to make a living is a fine sport. There are so many hazards.

IF you want to see how really funny you might have looked if you were different from what you are, have your photo sent by radio and printed in the papers.

A PICTURE that has been flashed across the ocean by radio looks like the first section of a before and after picture.

WHAT I am wondering today is whether those ankles I see occasionally are really cold this weather.

MANY CLAIMS TO VALUABLE LEGACY

Correct Use of Famous Title has Encouraged Pretenders

About the year 1880 the pioneer prospectors of British Columbia discovered a remarkable coal. After many trials and tests it was positively established that this coal represented the acme of economy, effieiency and comfort.

To this fuel they gave the new famous name of "Nanaimo-Wellington," representing all that was best in coal.

No sooner was it found that the public insisted on getting this Wonder Fuel than other coals were put on the market under very similar names. So much so that the public were at a loss to say which was the genuine and which the imitation. Of course it was easy after a trial —a single sack will prove it — more lasting and more powerful heat from a few shovelfuls, hardly any ash, no clinker or rock, all these points stand out when you make a practical test in furnace, fireplace, heater or cook-stove.

This famous Nanaimo-Wellington coal is sold only by Albert & McCaffery to whom all orders should be phoned direct. Prompt delivery service given by their own teams and trucks. Their phone numbers are 116 and 564. tf

DECISION TO TAKE PLEBISCITE LAST NIGHT RESCINDED

Question of City Managership Will Not be Put Before People in January, Council Decides

At the request of the Prince Rupert Ratepayers' Association, the city council last night rescinded its motion of last week when it was decided to take a plebiscite at the civic election in January on the question of city managership. The reasons of the Ratepayers' Association, which made the initial request that the plebiscite be taken, for making the request now that such a plebiscite be not submitted were that the provincial government had not taken action on the matter and the time between now and the election was too brief to have the matter properly put before the people.

The Rupert Table Supply Co. had a letter before the city council last night requesting that a street light be installed in the lane between Fifth and Sixth Avenues to the rear of the Methodist church where the company has erected a garage. The letter pointed out that the lane was used as a general thoroughfare and the placing of a light there would be to the public advantage. The company also asked that light rates in its store be reduced in view of the fact that the lights were burning constantly day and night. Both requests were referred to the utilities committee for report.

Ald. McMordie suggested at last night's meeting of the city council that a court of revision should be appointed at an early date to settle amounts chargeable on local improvement road work already done so that tenders could be called for debenture issue to be in readiness for next year's council. City Solicitor Jones stated that the city engineer was now working on final estimates of work aggregating $88,000 and that the figures should be ready for the council to deal with at an early date. In the meantime there would be no advantage in appointing the court of revision. The matter was left with the city solicitor with the request that he hurry up the presentation of the figures.

ELKS LEAD IN BASKETBALL

Took Measure of Colts Last Night In Senior League Game

GIL'S GIRLS AWAKE

The Elks took the exclusive leadership of the Senior Basketball League when they defeated the Colts last night by a score of 34 to 27. It was a close game with the Colts pressing all the way but, once again, they were unable to put it over the lodge men although they gave them the best run so far this season. E. A. Mann refereed and the teams lined up as follows:

Colts—R. Bartlett, E. L. Zetterman, W. Mitchell, R. Smith and D. Frizzell.

Elks—D. Balfour, W. Lambie, A. Phillips, M. Budenich and Eddie Smith.

Intermediate League

The Grotto captured the lead of the Intermediate League by defeating thier rivals, the Colts, 39 to 29 in another closely contested game. R. B. Skinner refereed and the line-ups were as follows:

Colts—R. Smith, W. Wrathall, A. Phillips, G. Shenton, Chester Clapp and Douglas Frizzell.

Grotto—G. Hill, V. Meagher, W. Gray, D. Gurvich and W. Cavalier.

Ladies' League

Although all three games were interesting and keenly played, the feature of the evening was perhaps the Ladies' League match between Gil's and the Maple Leafs. After having lost four straight games without a victory so far this season, Gil's found that patience was rewarded and they scored a well merited win over the Canuck girls by 14 to 7. R. B. Skinner refereed.

Gil's—C. Harvey, C. Mitchell, M. Long, L. Parker, W. Dyer, A. Morrison and M. Lancaster.

Maple Leafs—M. Harvey, M. Graham, L. Lowe, L. Fisher, A. Stephens, L. Frizzell and M. Casey.

League standings to date follow:

Sport Chat

The first half of the season's schedule of the second division billiard league will come to a close within the week, three tournaments giving each of the six teams one game each. Tonight the Callies will meet their national opponents, the St. Andrew's team. On Thursday evening the Grotto will play with the Canadian Fish & Cold Storage Co. team. Next Tuesday, the rivals for first place—Prince Rupert Billiard Parlor and Vets—will meet in the final game. The games scheduled this week are not likely to make any material difference in the standing of the teams but the match next week will be a fitting climax to a series that has commanded a good deal of general interest.

The boxing game has received another blow. There are strong suspicions that a well-known fighter "laid-down" not long ago in one of the Western States for the consideration of $7,500. Charges and counter-charges have been made, as well as alleged confessions, and the thing looks rather black. Such affairs have not been uncommon in the history of pugilism in America, or the history of wrestling, but as a rule they are difficult to prove, for two expert boxers or wrestlers can easily make a "fake" appear as the genuine thing. Gradually, however, the boxing commissions in various parts of the country are surrounding the sport with such safeguards that it soon will be next to impossible to "fake" an exhibition of any importance without the principals being banished from their means of livelihood.

With Jimmie Mitchell in charge of the party, boys' and girls' teams representing the Anyox High School will arrive here from the north Friday morning to play games with local High School teams on Friday and Saturday evenings. The following teams have been selected to represent the Prince Rupert High School:

Boys'—Arthur Phillips, Chester Clapp, P. Baisler, Y. Katsuyama and A. Mitchell; substitutes, H. Walker and E. Dingwall.

Girls'—Catherine Harvey, M. Ratchford, Laura Frizzell, Lillian Lowe, M. Long; substitutes, E. Johnston and J. MacKay.

BEECHAM'S PILLS
The Safest and Best Family Medicine

Teams for the Senior League all-star game to be played on Friday night in conjunction with the High School games have been selected as follows:

Team No. 1.—R. B. Skinner, Eddie Smith, W. Lambie, R. Bartlett, Alex. Mitchell, E. L. Zetterman, Ralph Smith and A. Howard.

Team No. 2.—Mike Budenich, Douglas Frizzell, Dave Balfour, Harry Menzies, Arthur Phillips, W. Mitchell, G. Shenton and W. Gray.

The league games regularly scheduled for Friday night will be played on Thursday night. The special games will be played in the Auditorium.

BROKE ALL RECORDS IN 250 MILE RACE

CULVER CITY, Dec. 16.—Bennett Hill shattered the world's record yesterday when he won the 250 mile non-stop race, his time being 1 hour 58 minutes, 18 3-5 seconds. Harry Hartz came second and Tommy Milton third.

GROTTO WON OVER VETS IN SECOND BILLIARD LEAGUE

In the final game of the second division billiard league tournament between the Grotto and Great War Veterans' Association, W. J. Nelson (Grotto) last night defeated S. L. Warrior (Great War Veterans) by a score of 150 to 37, making the aggregate score for the tournament 743 to 599 in favor of the Grotto. As a result, the Vets. drop into third place and the St. Andrew's team takes second.

League standing to date follows:

	Games.	Ttl.	Aver.

HARVEST TIME

"Now, Robert," said the teacher, "tell us when is the harvest season."

"From November to April," said Bobby.

"Why, Robert, I'm surprised that you should name such barren months. Who told you those were the harvest months?"

"Father; he's a plumber."

VILE CAMPAIGN AGAINST LABOR

So Says A. B. Baxter of Recent Elections in Britain

St. John's, N.B., Dec. 16.—A. B. Baxter, managing editor of the London Daily Express, arrived here yesterday en route to Vancouver where he will be married.

Baxter, who left Toronto only four years ago, had a meteoric rise in Fleet Street.

Mr. Baxter stated that while labor would have been defeated on its merits at the last general election, the Labor Party was grossly misrepresented by opponents of the party who conducted a vile campaign, when there was absolutely no necessity for such tactics.

HEART TROUBLE SHORTNESS OF BREATH

Mrs. Geo. E. Bowman, Morrisburg, Ont., writes:—"I am writing you a few lines to let you know of my experience with Milburn's Heart and Nerve Pills. Two years ago I became very poorly with my heart and nerves and whenever I took the least little bit of exercise my heart would start to jump and flutter. I could not walk up-stairs without having to sit down and rest before I was half-way up, on account of my breath becoming so short.

I commenced taking

MILBURN'S HEART AND NERVE PILLS

and in no time I felt a great improvement, and can now heartily recommend them to all those who are troubled with any affection of the heart."

TIME BY THE FORELOCK

Hub — Had a lucky day in stocks today, my dear, so you can now get that new dress you have waited for so long.

Wife—Oh, isn't that just too lovely for anything— here's the bill, dear.

WASTING ATTRACTIVENESS

"I suppose," said the new saleswoman, "that you want a suit that will look attractive to your husband."

"Attractive to my husband?" echoed the shopping lady. "My dear girl, my husband wouldn't notice if I wore a Mother Hubbard of 1898. What I want is something to make my next-door neighbor turn a pale green with envy."

NEEDING SYMPATHY

Mrs. Goodsole—Why, Johnny, are you just going home now? Your mother's been looking for you all the afternoon.

Johnny—Yes'm, I know.

Mrs. Goodsole—Just think how worried she must be.

Johnny—Oh, she's near the end o' her worryin'. I'm just beginnin' mine.

WOOLWICH ARSENAL MAKE PEACE GOODS

Will be Leased For Private Enterprise When no War In Progress

LONDON, Dec. 16—Part of the great workshops at Woolwich arsenal will in the near future be used for private enterprise in the manufacture of goods instead of implements of war, it was revealed by J. Bradford, of the Woolwich Chamber of Commerce at a meeting of the Association of British Chambers of Commerce.

"When you are not making guns for war," he said, "in killing your enemy and having your kith and kin killed in return, these valuable workshops in Woolwich arsenal are idle, and the district is suffering."

He added that the chamber had persuaded the government to release certain of the workshops and parts of their river frontages for private enterprise, and that "we hope in that way that we shall be less dependent upon war and be able to develop peace industries."

HE SURE FELT MEAN BUT MENDED HIS WAYS

Said a well known local man the other day "Well, Sir, the meanest feeling I ever had come over me was last Christmas morning. I had passed up the Christmas card idea entirely and of course was deluged with all sorts of lovely Christmas greetings, from relatives and old friends. And there, I hadn't sent out a single one. I thought then if everyone had been like myself a lot of real joy would have been lost. I determined to see that nothing of the sort occurs this Christmas. I am going to dispense sunshine on the "glad morn" as well as receive it." Your private greeting card can be selected at Rose, Cowan & Latta's, Fourth St., from our wide range at moderate cost, and cards will be printed on day of order. Phone 234.

LAND ACT

Queen Charlotte Island Land District. District of Prince Rupert

Take Notice that I, Samuel Simpson, of Massett, B.C., occupation fisherman, intends to apply for permission to lease the following described lands: Commencing at a post planted near the southeast corner of Massett Island, and thence 5 chains to low water mark; thence following low water mark in a northwesterly direction a distance of 80 chains (1 mile); thence westerly 5 chains; thence southerly 80 chains (1 mile) to post of commencement and containing 15 acres (more or less).

THE DEPARTMENT OF TRADE AND COMMERCE CANADA

Tenders for Foundations and Timber Dock for Grain Elevator at Prince Rupert, B.C.

SEALED Tenders for the construction of concrete foundations for a grain elevator, with creosoted pile and timber dock and creosoted pile foundation for sacked grain warehouse, will be received at Ottawa until noon of Friday, January 2nd, 1925.

Tenders should be sent in an opaque sealed envelope marked "Tenders for Prince Rupert Elevator Foundations" and addressed to "The Deputy Minister, Department of Trade & Commerce, Ottawa."

A lump sum tender for the work is desired.

An accepted bank cheque for Ten Thousand Dollars ($10,000.00) made payable to the Minister of Trade & Commerce, must accompany each tender, which sum will be forfeited if the party tendering declines to enter into a contract for the work on the terms stated in his tender. The cheque of unsuccessful tenderers will be returned. The cheque of the successful tenderer will be retained as security for the due fulfillment of the contract to be entered into, or cheque may be replaced with equivalent par value of bonds of the Dominion of Canada.

Plans, specifications, and all necessary information regarding the proposed work may be obtained from C. D. Howe & Company, Consulting Engineers, Whalen Building, Port Arthur, Ontario. Deposit of Fifty Dollars ($50.00) is required for plans and specifications, deposit to be returned on return of plans and specifications in good condition.

The lowest or any tender will not necessarily be accepted.

By order,
F. C. T. O'HARA,
Deputy Minister.
Ottawa, November 27th, 1924

Here and There

Agricultural products harvested in British Columbia during 1923 were nearly $4,000,000 in excess of the 1922 total, according to the annual report of the provincial department of agriculture. Total production for 1923 was $59,159,798.

The ninth winter carnival at Banff, Alta., will be held from February 7 to 14, 1925. The curling bonspiel in connection with the carnival will run concurrently from February 9 to 14. Revelstoke has fixed its carnival dates for February 3, 4 and 5, 1925.

Tourists to the number of 100,000 are estimated to have entered the Province of Nova Scotia during the past season. These people have left approximately $7,500,000 in the province, an increase of 25 per cent. over the previous year. The number of motor cars entering the province during the tourist season exceeded 11,000.

Canada Book Week was held from December 1 to 6 this year. Addresses, radio broadcasting and special displays in stores throughout the country drew attention to the objects of the week, which are to promote the reading of good books generally and to foster Canadian literature. The week was, as usual, a distinct success.

The foolhardy recklessness of certain motorists was recently strikingly illustrated at a public crossing on the Canadian Pacific Railway line at Blind River, Ontario, when a speeding auto approached the crossing so rapidly that the driver was unable to pull up, and ran his car into the side of a train which was passing at the time. Fortunately, no one was injured.

In recognition of its excellent exhibits at the 1924 exhibition at Toronto, the Canadian Pacific Railway has been awarded one of the medals specially struck off for presentation to the Dominion and Provincial governments, and to a limited number of other exhibits whose high class entries in the live stock and agricultural departments won them championship prizes.

The plans for the construction of an immense amusement centre at Victoria, B.C., to be called the Crystal Gardens, have just been announced by the Canadian Pacific Railway, which is responsible for the scheme. The gardens will include a salt water swimming pool 150 feet long, and a series of dancing floors, with tea rooms and gymnasium. Great quantities of plants, vines and shrubs will be grown in the structure, which is on the lines of a vast conservatory, containing 36,000 square feet of glazed glass roof surface.

A considerable increase in the sheep population of Canada, which has declined since 1920 from 2,255,020 to 1,575,000, is expected as a result of the recent importation by Alberta ranchers of 400 Rambouillet rams. These animals are merinos, with fine wool, bred in France from Spanish merino stock. Louis XVI obtained the first flock as a gift from the King of Spain. A harem of 20,000 western range ewes will be provided for the Alberta purchase. The enterprise is important, on account of the prevailing world shortage of wool.

A Woman of Hammond

We know, of course, that quite a few people have a prejudice against canned milk. A number of them, through one way and another, learn that Pacific Milk is a different product to the canned milks they know.

A woman living in Hammond writes: "It took me a long time to make up my mind to try Pacific Milk. I have used it over a month now and prefer it above even cream for baking."

HER FACE WAS COVERED WITH PIMPLES

SHE GOT RID OF THEM BY USING BURDOCK BLOOD BITTERS

Miss T. Hunter, R.R. No. 8, London, Ont., writes:—"I wish to recommend Burdock Blood Bitters to all women who are suffering from pimples or any other facial blemishes. About two years ago I was greatly troubled with pimples and sores breaking out on my face, and could get no relief until, finally, a friend recommended me to take B.B.B. This I did, and I am now glad to say that your remedy has given me the desirable results, and I now have a nice smooth, clear skin, as it has eliminated all the impurities from my blood."

CITY REJECTS OFFER FOR SECTION ONE LOT

Thinks Any Property There Should be Worth Taxes Against it

The city council last night decided, on recommendation of the finance committee, to reject the offer of Stanley Smith of $1250 cash for tax sale lot 7, block 18, section 1, against which there are taxes in arrears totalling $2,220. It was decided, however, to ascertain from Mr. Smith whether he is willing to offer the full amount of taxes in which case the lot will be advertised for sale as is the custom of the council. The concensus of opinion was that lots in Section 1, at least, should not be sold for less than the taxes against them.

ASSISTANCE ASKED BY HOSPITAL BOARD

Statement Submitted to City Council Last Night Shows Institution Will Have $3,000 Deficit This Year

Following a conference on Saturday between the finance committees of the hospital board and the city council when assistance was asked from the city in connection with the meeting of accounts for fire escapes and other expenses at the hospital, a statement of hospital finances as in the end of the year was submitted to the city council last night and referred to the finance committee for report. The statement showed liabilities of the hospital, exclusive of the nurses' home, as $16,719.52, and assets, $13,561.65, leaving a deficit of $3,157.87.

DEDICATES HALL SALVATION ARMY KITSELAS VILLAGE

Captain F. A. Dorin arrived in town on the last train from Kitselas, where he conducted the dedication and opening of the New Salvation Army Native Hall at that place. Envoy Mark McKay and his Salvationist associates have worked hard and now enjoy the advantage of having a citadel in which to carry on the Army's work. Mrs. McKay and Virginia Bolton proved themselves good helpers collecting almost $200.00 between themselves towards the hall and this with a great many small contributions from friends of the cause and a grant from the Army has made the building of the hall possible.

"I find the Army work very encouraging and making considerable progress among the native people," said Captain Dorin in referring to the Salvation Army work in Northern B.C.

Capt. Dorin left last night for his home in Wrangell, Alaska.

BOY LAWMAKER

WAR BREAD

SOFIA, Dec. 16.—Owing to the shortage of wheat, war bread is the rule in Bulgaria. White bread is almost prohibitive in price. Under the direction of the food dictator, re-established in Bulgaria six years after the war, the black bread is a mixture of wheat, rye and corn.

HOSPITALS GET RADIO

DUBLIN, Dec. 16.—A Belfast committee is raising $5,000 to provide the hospitals of the city with radio receiving sets, and the project, if successful, will be extended to other northern towns. The radio station at Belfast has proved a great success and its programs are in great demand.

LEGISLATURE PLANS ADJOURN ON FRIDAY

VICTORIA, Dec. 16.—Adjournment of the Legislature is planned for Friday of this week in order to give members time to get home for Christmas. Work is being rushed through this week and members are working night and day with that end in view.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

SHOPPING FOR XMAS SEASON

Local Stores Offer Splendid Selections for Those Who Give Presents

VARIETY ENDLESS

People Urged Not to Leave Purchases to Last Day When the Crowds are out

The Christmas season is about here and everyone is looking for the seasonal gift with which to remember friends. Christmas shopping is always difficult but local merchants have a large selection of goods and are always ready to help those who ask. It is very important to give just the right thing so that the recipient may be made happy. Buying presents is a responsibility and something to be well considered. A Daily News man has made the round of the shops and from what he has seen is able to make suggestions for shoppers.

For the Kiddies

Never before was Toyland filled with such a bountiful and beautiful array of both amusing and instructive toys. Many will be the verbal and written requests to Santa Claus by the little folks. There are dolls that walk and dolls that talk all dressed in holiday garb. Miniature trains with the many technical and practical necessities, which form the important part of railroading. Building outfits and sets of tools—just the thing for the mechanically inclined boy. Hundreds of clockwork novelties, which even the grown-ups love to wind and break. And "his majesty" the baby will chortle with glee at the novelty rattles, bath tub floating wonders, rag books etc.

The Ladies' Realm

The dry goods emporiums and ladies' ready-to-wear stores are to the fore this season with a colossal number of pretty and useful presents. It seems to be that of giving of useful and sensible presents is getting more and more popular and the happy givers will find many suitabe things on display to satisfy their friends. Among the many moderately priced and appropriate gifts are gloves, silk and wool, hosiery handkerchiefs, lingerie, kimonas, beautiful winter coats, sweaters, shawls and the ever popular yard goods in a great variety.

Jewelery

The windows of the jeweler's shops are veritable caves of glistening and handsome gift suggestions ranging in price from fifty cents to thousands of dollars while the interiors are ablaze with diamonds, cut glass, gold and silver articles, table cuttery, toilet requisites and hundreds of other splendid and suitable gifts.

Permans Gifts

The furniture houses are staging some pretty and useful displays of permanent gifts for the home, and just the things to bring joy to dad and mother or the "new" housekeepers. There are dainty bedroom and dining rooms suites, armchairs, smoker's stands, foot stools, cuhions, pictures, card tables and reading lamps plus hundreds of other suitable presents.

For the Feet

The shoe stores have thought of everything in the holiday foot comfort line from strong and useful hard wearing boots for men to dainty evening wear shoes for ladies and "comfy" house slippers in a great variety suitable for every member of the family.

Stationery and Books

The stationers have their shelves filled to the ceiling with a delightful and miscellaneous stock of Christmas suggestions. Included in the many offerings are instructive and amusing beautifully bound books, dainty and useful boxes of stationery, all kinds of school requisites for the boy and girl scholar, photo albums and other acceptable presents.

The Festive Board

The grocery men, butchers and bakers have catered to take care of the Christmas festive board in a royal manner. All the "goodies" which go to make up the one great feast of the year are on hand and the "inner man" will have no cause to complain of any food shortage. From the good old fashioned turkey and plum pudding to every conceivable kind of fruit cake—all are artistically and daintily displayed. Housewives will do well to place their pantry orders early to avoid any last minute disappointment.

Drug Stores

The drug stores are stocked with a wide range of useful presents. Perfume, candy and scented soaps in beautiful boxes, manicure sets, shaving sets, hair brushes, and all kinds of toilet requisites in fact hundreds of wonderful articles which go to form the stock of the modern drug store.

For the Musical

Music is the soul of Christmas and the music stores have seen to it that seasonal sheet and record music is on hand. In addition there are all kinds of musical instruments, musical novelties to amuse young and old and the more expensive but ever popular and ornate gramophones.

Dad and the Boy

The man and the boy are particularly fortunate this Christmas. This year above all others sees a great variety of sensible and uesful gifts in the men's furnishing line on display at very moderate prices. Gifts suitable for dad and the boy include smart suits and overcoats, woollen sweaters, shirts, sox and many other things to delight the male are shown in profusion at the men's wear stores.

A letter from A. Brooksbank, secretary of the Board of Trade, acknowledging with thanks on behalf of the board receipt of a check for $600 was received and filed at last night's council meeting. Answering a question by Ald. Casey, Ald. Collart stated that the grant to the Board this year was $600—the same as last year. In 1922 the grant had been $1000.

PRINCESS MARY CHRISTMAS BOAT

Alaska Vessel Will Sail From Here For the South at 4 O'clock Saturday Afternoon

The last boat to sail from here and reach Vancouver and other cities in the south in time for Christmas will be the C.P.R. steamer Princess Mary, Capt. C. C. Saintey, which, by special arrangement, will leave here at 4 o'clock next Saturday afternoon. The Mary was here from 6.30 to 8 o'clock last night northbound from Vancouver to southeastern Alaska ports. She will likely return from the north on Saturday morning but will be held here for several hours to make the late afternoon sailing south.

SERVICE NOT SERVITUDE

Has it ever occurred to you that the multitude of "Household Helps" offered for sale are of themselves lifeless and incapable of service unless controlled and directed by the already overburdened housewife.

Laundry service alone is alive, vital, imposing no new obligations, and asking nothing but your friendly disposition, to change servitude into service.
