Calvin Coolidge All But Unanimous Choice Cleveland Convention

Wave of Acclamation Swept Republican Nominating Meeting Today

CLEVELAND, June 12 .- Calvin Coolidge was all but unanimously nominated for the presidency today at the Republican national convention. The votes of the little group of Lafollette men from Wisconsin and North Dakota, who stood through the convention in militant insurgency against the policies of the party leaders, were almost swallowed up in the wave of acclamation that formally ratifies President Coolidge as the choice for standard bearer of the party in the forthcoming election.

The vote was: Coolidge, 1065; Lafollette, 34; Johnson, 10. This afternoon there will be another session to choose the president's running mate or the MANSUN vice-presidential nominee. Then

A Solid North

Kergin of Atlin, Pattullo of Prince Rupert, Manson of Omineca, Perry of Prince George and Yorston of Cariboo by co-operation and unity of action were able to accomplish a great deal for Northern and Central British Columbia.

In the next House the North will be stronger by two seats, namely Skeena and Mackenzie, while Lilloet, adjoining Cariboo, seems certain to go over to the Liberal column.

These eight seats cover three quarters of the area of British Columbia. By standing together, the representatives of these eight ridings can put up a strong front in the House.

As matters stand, the only way this can be accomplished is by the people electing eight Liberals, which there is every indication they are going to do. The slogan for the North should be "A Solid North."

DAILY EDITION

Thursday, June 12, 1924.

Only A Week To Make Up Minds.

There is only a week now in which electors may consider "Knowing Mr. Temple for so Company, has been in Tokio to the plot of a gang of automobile the pros and cons of the election campaign and decide who they many years we feel we cannot confer with the navy and home thieves to rob his father, and for will choose to represent them at Victoria during the next four let the occasion pass without departments in an effort to ob- his trouble the boy is stabbed, years. While the election is so close only one public meeting has been held since nomination-day and that was in the inter- gentleman impartial in all his shale resources. ests of Hon. T. D. Pattullo. The Bowser candidate has not yet dealings." announced a public meeting nor has the McRae standard bearer done so. It is to be presumed, however, that these men will arrange to place their views before the electorate in some public manner.

Absence Of Anything Constructive.

In regard to the candidacy of Mayor Newton, it is noticeable that there is an absence of anything constructive in connection with his campaign. He has not yet announced what he stands for or what his leader, W. J. Bowser, will do if he is returned to power. It is the duty of any candidate asking to replace some other to tell the electorate just what he intends to do. He has a perfect right to criticize the sitting member, but that is not enough. People demand to know what he stands for. What big province-wide policy has he in mind? 'Has he a policy covering local conditions? On none of these subjects has he expressed himself in public. Of course there is time yet, but it is an unusual situation for a man to come to the people and ask to be elected in opposition to a party with a known policy and not state what he will do if elected.

The same is true in a lesser degree of the Provincial Party candidate. He says he has forty planks in his platform but people do not know what they are and which ones in particular have influenced him in offering his services to the people.

Let us have a show down. What do the opposition candidates stand for?

Why Give City Another Black Eye?

We are all here to try to improve our condition financially. We all wish to make progress. Supporters of each party and each candidate doubtless are anxious to get ahead. Possibly it has not occurred to them that the way they vote will have an influence on the future of the city. It is all very well to ask rity, but likewise on the honesty selves in disgrace when, owing to Victoria have pledged him their for a change, but it is desirable to see that it is not a change for the worse. Can any reasonable person imagine that electing either the Bowser or McRae candidates to the Legislature just operation of this railway. now would tend to improve our condition. We are optimists but we could not make ourselves believe that such a thing could be. Things are just beginning to move here and it would be suicidal to vote to stop them. This was done ten years ago at the officers and employees who of wearing apparel that Julian is perhaps only fair to point to the advice of the Bowser candidate and for ten years we have are each and all honestly en- had made to Lynnie only serves the comprehensive plans now in been in the doldrums as a result. If we are going to put the deavoring to administer and make to strengthen the evidence the hands of the administration. city back another ten years a number of people will have to a success of the Canadian Na- against them. leave and let the knockers run the city themselves. Then they tional Railways in which the peocan have a continual love feast.

Prince Rupert's Opportunity.

This is Prince Rupert's opportunity. It is announced that an elevator will be erected here. It is known that the steamship for the Alaska trade will be built here. Pattullo and the men with whom he has been associated have been largely instrumental in getting these things. What is needed is to back them up at the crucial time and let the world know that we are with them. These Interested in Queen Char- keep in hiding until he is of age government will be sent back to

His Mirror Told Him of Exhausted Condition

Mr. R. Paulin, Toutes Aides, Man., writes:

"I became so run down and weak that my heart became affected, and I would sometimes have to remain in bed for several days.

Some one advised me to use Dr. Chase's Nerve Food, so I did, and soon began to gain in weight and feel better. I have taken a great many boxes of these wonderful pills, and am feeling ten Medicines, as well as his Receipt Book, are a great help to us, for we live 40 miles from doctors and railroads."

MAY GET OIL FROM SHALES IN JAPAN

lottes Will Get Inspiration from Nippon

Those who have interested themselves in the oil shales of Queen Charlotte Islands will find inspiration from the work being done on the similar shales in Japan.

For several years the South Manchurian railway has been conducting experiments in the production of oil from oil shales taken out in the ordinary course of the company's mining of coal at its Fushun mine, in South Manchuria. The experiments it is claimed, have proved that this shale is of especially fine quality for oil production by drydistillation process; that fuel can be produced by this method at a cost which will permit competition with present market prices in Japan, and that if properly exploited the Fushun shales

What John Nelson Said in "The World" Feb. 23rd, 1918, re P.G.E. Railroad Settlement

"WORLD," Vancouver, February 23, 1918 "World" at this time controlled by John Nelson

The P.G.E.R. Settlement

The settlement of the P.G.E. railway imbroglio is, probably, in view of all the tangled circumstances of the case, the best that could be achieved.

To the Hon. John Oliver the credit of securing the best terms possible for the province is due. He has been unremitting in his endeavors to compel the promoters to return to the province at least some of the public's money. That he has not been able to make better terms is not his fault, but is due to the astonishing tangle in which the company's affairs stand. The only alternative to Mr. Oliver is a long vista of costly litigation, heavy depreciation in the value of the railway itself, and great delay in the opening up of a rich, productive area of the interior.

Pattullo's Record

There are a number of people living in Prince Rupert today who are not familiar with Hon. T. D. Pattullo's record either in this city or in Parliament. For their benefit and to remind others here who know but may have forgotten, here are some of the more important items:

AS A PRIVATE CITIZEN

Pattullo took an option with others on the Woodworth Lake water supply to be turned over to the city. This source of supply had been alienated to a former president of the Conservative Association of Vancouver. Pattullo played a conspicuous part in creating a public opinion that forced the McBride-Bowser Government to take action which resulted in the transfer of the Woodworth Lake water record to the City of Prince Rupert. The right should have been reserved to the city in the first place but it cost the taxpayers \$15,000.

Pattullo secured the telephone franchise for the city. Two companies had franchises for the telephone service in Prince Rupert and Pattullo called a meeting of citizens through the Board of Trade to preserve the privilege for the people of Prince Rupert. He offered to install the system and give the citizens the opportunity to subscribe for stock in the enterprize rather than have it pass to outsiders. The meeting decided to call for subscriptions to install the system and turn it over to the city upon incorporation. Pattullo was one of the largest subscribers to the subscription and the system was turned over to the city. Pattullo's action saved the telephone system for the city.

AS MAYOR OF PRINCE RUPERT

Pattullo initiated the bylaw for the hydro-electric project to be installed by the largest financial group in Canada and in a written statement he strongly urged its passage. Pattullo's opponents used the occasion both to defeat him and the bylaw. Had the bylaw passed, the strongest financial group in Canada would have been working for the city and it is the general opinion that this city would have now been several times its present size. The people who enginsered the opposition at that time are trying to do the same thing today.

AS MEMBER OF THE LEGISLATURE

As member for the electoral district of Prince Rupert Pattullo secured:

- (a) The erection of the Provincial Government Build-
- (b) A large appropriation for the Booth Memorial School.
- (c) Five times the city's quota for soldier's houses. (This was made possible through other municipalities holding back for political or other reasons)
- (d) Eighty-one acres at Salt Lakes for park purposes for the City of Prince Rupert and also annual grants to build the approach to the lakes.
- (e) Appropriation for the building of the road across Cow Bay, linking up Third Ave. with the waterfront. The completed work was handed over to the citizens free of cost to them.
- (f) An appropriation for building floats at Cow Bay. (g) The Terrace bridge which is well advanced to-
- ward completion.
- (h) The appropriation for the building of the Port Clements Ti-ell road, work on which has been proceeding for two years.
- (i) Appropriation for the road out of Prince Rupert, work on which has already begun.

AS A CABINET MINISTER

As a cabinet minister for the north, Pattullo has consistently fought for the rights of Northern British Columbia against heavy opposition from opposing political and other adverse interests in the south.

AS MINISTER OF LANDS

Pattullo initiated and administered the Government's timber policy which increased the export timber business over 1200 per cent.

He initiated and administered the Provincial Government's grazing policy for the upbuilding of the stock industry.

He initiated and administered the Provincial Government's irrigation policy which saved the southern interior dry belt from ruin and preserved such prosperous towns as Vernon and Kelowna.

Pattullo has been one of the strongest influences in bringing about a vigorous immigration policy in the Dominion of Canada and has pledged the Provincial Government to co-operate in placing immigrants on the farms of the province. In this connection it is notable that when immigration stopped, emigration to the United States started and continued until the commencement of the present policy was beginning to be felt. The periods of heaviest immigration into the United States were the periods of greatest expansion, the largest increase of wages and the greatest shortening of hours of labor.

He secured the settlement of the foreshore question as between the Dominion and Provincial Governments, which has been outstanding since confederation. Also the Indian reserve question.

GENERAL RECORD

Pattullo has been one of the most powerful influences in the progress of the Province and the City of Prince Rupert. He has worked consistently and persistently for the city. If elected he will continue to use his influence for the advancement of the city and district and for all Northern British Columbia. Such a man is worth a great deal to the district and is receiving the support of those who wish to see the district go ahead.

CAMPAIGN COMMITTEE

Srigley Not Guilty of Crime Charged Against Him at Buckley Bay: Evidence in Own Defence

After deliberating for eight minutes, the jury in the case of Charles Srigley, charged with fraudulent conversion of \$91 from the Massett Timber Co., returned to the court room at the strength-is guaranteed to re-Supreme Court Assizes yesterday afternoon with a verdict of not guilty. This being the second and last of the criminal cases on the list for hearing, the grand and petit juries were discharged from further service by Mr. Justice Gregory.

Court re-assembling at 2.30 yesterday afternoon, the next witness heard in the case was G. A. Cuddy, auditor, who was recalled to give further figures in connection with the alleged been found due to a mistake in

the office. Cash had never been shortage on November 22. L. W. Patmore explained that turned into the office but used the endeavor of the defence credit coupons had been. INDIAN GETS SHORT SENTENCE AT ASSIZES

Must Serve Fifteen Months at Okalla For Rape

A sentence of fifteen months at Okalla prison was imposed this morning by Mr. Justice Gregory on Alexander Gun-Go-At, native of Hazelton, who pleaded guilty at the Supreme Court assizes to a charge of rape. The imprisonment will date from the time of accused's arrest, March

On account of the fact that accused was the support of an aged mother and father, and also on account of his mental condition, David Whiteside. crown prosecutor, in the absence of defence counsel, asked that a lenient sentence be passed. Mr. Justice Gregory agreed with this view but, in passing sentence of fifteen months, emphasized the seriousness of the crime that had been committeed and pointed out that it was within his power Notice of Intention to Apply to Lease to sentence accused to be hanged.

Man Falling to Get Satisfied There Looks to Prince Rupert

A local resident of Prince Rupert received the following letter on the last mail from Vancouver: "Dear Bill: If you get a chance

to place a little money on the return of the Oliver government, I wish you would place a few hundreds for me. I can't get any here because the Liberals here seem bound to win and that makes the Tories shy with their cash. I hear that Pattullo is having a hard time up there and that may be the place to win a few dollars. Draw on me for any amount up to five hundred or even a little higher if you can place it even. I will bet on the Liberals or two to one against the Provincials.

"Try to place this for me, old! chap. If I make a cleanup, as I surely shall if I can place it. will make it right with you."
