## ASSIZE CASE IS BEING TRIED HERE TODAY

### COMMISSIONER REPORTS TO PARLIAMENT NOTHING WRONG WITH C.G.M.M.

#### Prince Rupert Drydock and Merchant Marine Freed from Charges

Commissioner Temple says Found No Evidence of Bribery or Bootlegging on Ships

OTTAWA, June 11.—The result of the investigation of the charges made by Senator Taylor of New Westminster against the management of the Canadian National Railways and the Canadian Government Merchant Marine was made known when the report of R. Temple, legal counsel, who investigated the charges in Vancouver, were tabled in the Senate.

The report states that there is no evidence to support the allegations. There is no evidence to show antagonism toward Capt. Boyd of the Canadian Farmer; no evidence of bribery, commissions, percentages or personal considerations paid to surveyors in connection with the Prince Rupert Drydock.

The report goes on to say that the charge made by the Prince Rupert Drydock Company was a fair one for the work done.

Commissioner Temple found that there had been no bootlegging done on the Canadian Farmer or Canadian Volunteer. The Merchant Marine he found was exceptionally free from liquor.

Repeating a question as to what effect the result would have been on the present depositors, the report finds that if made in 1916 the present depositors would have suffered no loss. If made in 1918 "I do not think any loss would have fallen upon them."

Referring to this period, the judge takes the ground that the condition of the bank as revealed by representations made was such as to justify investigation under the power conferred upon the minister of finance under Section 56 of the Bank Act.

No specific recommendation as to the reimbursement of depositors is made in the report.

#### REPORT MADE ON HOME BANK

If Audit Been Made in 1916 Depositors Would Have Lost Nothing

OTTAWA, June 11.—Judge McKeown's report on the Home Bank was tabled in the House of Commons this afternoon. It finds that if an effective audit had been made in 1916 or in 1918, the result would have been either liquidation following the audit or amalgamation with another bank.

Repeating a question as to what effect the result would have been on the present depositors, the report finds that if made in 1916 the present depositors would have suffered no loss. If made in 1918 "I do not think any loss would have fallen upon them."

Referring to this period, the judge takes the ground that the condition of the bank as revealed by representations made was such as to justify investigation under the power conferred upon the minister of finance under Section 56 of the Bank Act.

No specific recommendation as to the reimbursement of depositors is made in the report.

#### SENATE MAY PASS BILLS

Will Reconsider Three Railway Branch Proposals That Had Been Suspended

OTTAWA, June 11.—It was agreed in the Senate Committee today that three Canadian branch line bills, which had been suspended, would be reconsidered next week. The decision was reached after Senator Barnard of Victoria, B.C., had protested against the suspension of two Vancouver Island bills.

#### RETAILERS' PRESIDENT COMING TO THIS CITY

EDMONTON, June 11.—C. F. Rannard, president of the Retail Merchants' Association of Winnipeg, accompanied by Mrs. Rannard, is spending a day or two in Edmonton as a first stop in the course of a long holiday tour of the west and south. From Edmonton Mr. and Mrs. Rannard will go to Prince Rupert and from there to Vancouver and Victoria. They will later go south to California from which state they intend motoring all the way back to Winnipeg.

#### PATROL BOAT ADANAC HERE

Comes From Vancouver to Replace Myfanwy in Local Service

Chief Spiller and Constable Saint of the provincial police arrived in port at 8.30 last night on the launch Adanac which they brought from Vancouver to be used here as police patrol boat replacing the Myfanwy which was sold some time ago.

The trip from Vancouver took six days. Stops were made at Powell River and Biele Bay and one day was lost on account of bad weather.

The Adanac is 40 feet long, 10 feet 6 inches beam and is said to be a good sea boat. She is engaged with a 20 horse power English motor which gives her a speed of seven miles. She was formerly used by the boiler inspector at New Westminster and for the past six months has been in the service of the police at Campbell River.

#### ALLEGED LOOTER IS RETURNING TO B.C. BY WAY OF COURTS

Judge Cushman Signed Order for His Deportation on Charge of Stealing Whiskey and Beer

SEATTLE, June 11.—Judge Cushman has signed an order for the return to British Columbia of Charles Pfluegar, arrested at Tacoma in April charged with the looting of the Lillums off Pender Island in August, 1923, and stealing 63 cases of whiskey and six barrels of beer.

#### HAWAIIAN VOLCANO CONTINUES ACTIVE

HONOLULU, June 11.—Kilauea's renewal of activity continues, there being four violent quakes in the region yesterday at four hour intervals. Emission of steam still continues.

A close-up of the King and Queen attired in "civies," as they appeared in the royal box at the Army Cup final.

#### EDMONTON PAPER SEES BUSINESS FOR THIS CITY

The Edmonton Journal, in a leading editorial dealing with the grain elevator at Prince Rupert says in part:

"The more outlets we have for our grain, the better it will be for the producer and there is no reason why a big traffic should not develop by way of Prince Rupert. With the expansion of the oriental market it will be in a peculiarly favorable position, by reason of the shorter ocean journey to Asiatic ports, to handle the trans-Pacific business."

#### TEN MILLION FEET OF LOGS SCALED IN MAY

Forestry Returns Show Total for Five Months as Over Thirty Seven Million Feet

There was a total scale of over ten million feet of logs in this district during the month of May, according to a report issued by the Provincial Forestry department. This is in addition to ties, poles and other incidentals. This brings the total scale for the five months of the present year up to over thirty seven million feet. The present month's scale is made up as follows:

Red Cedar	1,021,032
Coast Spruce	4,716,122
Hemlock	3,198,158
Balsam	891,630
Jackpine	61,060
Interior spruce	268,332
Poles	117,935
Hemlock Piles	13,942
Cedar Piles	50,891
Cordwood Cords	866
Railway Ties	17,908

#### THREE DAYS JAIL FOR DEMONSTRATORS

Japanese Who Caused Commotion in Imperial Hotel, Tokio, Get Light Sentence

TOKIO, June 11.—Three men who on Saturday night held a demonstration at the Imperial Hotel as a protest against the American exclusion measure barring Japanese from entering the United States were sentenced to three days in jail. Another two were fined ten yen.

#### Srigley Case is Being Tried at Assizes Today Before Justice Gregory

"I am informed that you asked Srigley, 'Are you shielding Buckley? If you are you had better spill the beans or it will go hard with you.'" This suggestion made at the Supreme Court Assizes this morning to G. A. Cuddy, auditor for the Massett Truher Co., by E. W. Patmore, counsel for the defence in the Srigley fraudulent conversion case, was denied by Cuddy. Witness, who was under cross-examination, admitted, however, that he had warned accused that if there was anything irregular in respect to shortages it was a serious matter and he (accused) should tell about it.

The auditor said he did not know of any troubles among the higher-ups in the company and he was not directed to go after Mr. Buckley or any other individual. Though he had a list of the officials in control at Buckley Bay nothing was men-

tioned in particular about Mr. Buckley. A member of a firm of certified accountants, he had been sent to conduct an audit at Buckley Bay. He believed that his company had received its instructions from the

(continued on page six)

#### Premier Mackenzie King Specific in his Elevator Statement made Yesterday in House of Commons

(Special to Prince Rupert Daily News)

OTTAWA, June 11.—The announcement made in British Columbia that an elevator was to be built at Prince Rupert was challenged in the House of Commons yesterday by Mr. Ross of Kingston, to which Premier Mackenzie King replied:

"I may say to my honorable friend that last year a deputation from Prince Rupert waited upon the government and urged very strongly the claims of that city for an elevator at that point."

"The honorable member for Skeena, Mr. Stork, has been repeatedly pressing the matter upon the government and urging that this work be undertaken, and when the main estimates of this session were being prepared the government did have under consideration at that time the placing of an amount in the estimates for an elevator at Prince Rupert. However, it was decided that we should wait until the honorable member, Mr. Stork, was

here in order to discuss the matter further with him. Since then we have taken it up with him and it is our intention to place a sum in the supplementary estimates."

A. W. Morris of Vancouver is in the city acting as official court stenographer at the Supreme Court assizes.

#### A Solid North

Kergin of Atlin, Pattullo of Prince Rupert, Manson of Omineca, Perry of Prince George and Yorston of Cariboo by co-operation and unity of action were able to accomplish a great deal for Northern and Central British Columbia.

In the next House the North will be stronger by two seats, namely Skeena and Mackenzie, while Lilloet, adjoining Cariboo, seems certain to go over to the Liberal column.

These eight seats cover three quarters of the area of British Columbia. By standing together, the representatives of these eight ridings can put up a strong front in the House.

As matters stand, the only way this can be accomplished is by the people electing eight Liberals, which there is every indication they are going to do.

The slogan for the North should be "A Solid North."

CAMPAIGN COMMITTEE.

#### Dominion Government Passes Order in Council Settling the Ownership Harbor Foreshore

Hon. T. D. Pattullo, minister of lands, is in receipt of a telegram advising him that the Dominion has passed a formal order in council ratifying the agreement made between the province and the Dominion as to the ownership of foreshore lands in the province.

Few people understand this question or appreciate its importance. At the time of confederation under the British North America Act the ownership in "public harbors" passed to the Dominion.

The question arose as to what constitutes a public harbor and a famous case known as the Spanish Banks case went to the Privy Council. Their Lordships decided that only public harbors as at the time of Confederation passed to the Dominion but their definition of what constituted a public harbor left the question where the foreshores of the province were liable to dispute. This was very bad, for business or industrial enterprise felt called upon to approach both Governments in order to feel secure in title and conflict of authority was holding up development.

Adjustment Accomplished

With a friendly government in Ottawa the minister undertook to make an adjustment which was accomplished.

Under the agreement six harbors pass to the Dominion Government as being harbors at the time of confederation namely: Vancouver, Victoria, New Westminster, Nanaimo, Alberni, Esquimalt. All other foreshore passes to the province.

The boundaries of the six harbors has also been agreed upon. In Vancouver all inside the Narrows passes to Ottawa while the outside, including English Bay and False Creek go to the province. As this question has been outstanding since confederation, it shows what two Governments working in harmony can accomplish.

#### MILLERAND IS NOT PRESIDENT

Resigned Today as Head of the Government of France; Successor Friday

PARIS, June 11.— President Millerand of France resigned today. It is now expected that Edouard Herriot, Radical leader, will head the new majority on the left side. He will form a new ministry.

President Millerand's resignation was contained in a letter addressed to the presidents of the Senate and the Chamber of Deputies, which rejected yesterday Millerand's appeal to respect the constitution by holding him in the position.

The new president will be chosen at a joint meeting of the Chamber and the Senate on Friday.

#### REPUBLICANS GOING SLOWLY

Perfect Organization This Morning and Will Adopt Platform Tonight

CLEVELAND, June 11.— The Republican National convention at another brief session today perfected its permanent organization, cheered President Coolidge and the party then took a recess until eight o'clock tonight, when it will receive and adopt its platform.

#### BANDITS MADE OFF WITH GEMS

Knocked Down Driver of Truck and Took Seven Packages From Customs

NEW YORK, June 11.— Ten bandits today held up the United States customs truck, knocked the driver unconscious and escaped with 27 packages of precious stones which were being transferred from the general post office.

#### CANADIAN FOOTBALL TEAM AGAIN WINNERS

Will Play Second Test Match at Sydney on Saturday Next

TAMWORTH, N.S.W., June 11.—The touring Canadian football team defeated Tamworth this afternoon scoring eight goals while they held their opponents scoreless. They have now won five games, lost two drawn four. On Saturday the team plays the second test match at Sydney against an all-Australian eleven.

#### GENERAL ASSEMBLY OF PRESBYTERIAN CHURCH CONCLUDES

OWEN SOUND, June 11.— The Presbyterian General Assembly adjourned at noon today to meet in June of next year in College Street Church, Toronto.

### Prosperity Now Faces This City.

An era of prosperity seems to be now opening out ahead of this city and district. Everywhere there is the note of optimism abroad and the news of yesterday put the climax on the situation. Only one thing more is desired in the immediate future and that is news that the ship construction is to proceed under the contract let to the local drydock as announced in this paper some time ago.

Already considerable building is going on in the city and this will increase now that the announcement has been definitely made of the building of the elevator. The eyes of the world will be turned in this direction and nothing will hold us back.

### Credit Is Due To Our Own Member.

The greatest credit is due to Fred Stork, member for Skeena, for the outcome of the elevator campaign. He has worked in season and out of season to secure this and everyone here, both political friends and political opponents, will be glad to know of his success. While we disagree at times over politics, we all agree that we want Prince Rupert to prosper and we can unite on occasion to press the claims of the city.

Next to Fred Stork we cannot help but mention Fred Dawson, director of the railway company, Hon. T. D. Pattullo, provincial minister of lands, and Hon. A. M. Manson, attorney general, all of whom have made repeated representations to Ottawa in regard to this matter and have taken it up personally with the ministers at Ottawa, most of whom they know personally. Those who wish to vote against Mr. Pattullo here will do so and we have no quarrel with them, but they will admit that in this case he deserves some of the credit that is coming this way. Both he and Mr. Manson and Mr. Dawson have been willing to throw down their work at short order and go east when duty called. We are also glad to include among the men who helped in a lesser way such a good Conservative as C. H. Orme, who went to Ottawa with S. J. McLeod, president of the Board of Trade, and others at their own expense and helped to forward the good cause and show Ottawa that we had public spirited citizens who would give of their time and money in the public interest.

### What Is Next Step To Take.

The first step for Prince Rupert people to take now is to set their own businesses in order so that they may be prepared to care for it as it develops. Watch that prosperity does not spell ruin. Keep up with the times and hold the business that is offering and above all give service to the community.

The next step will be to take advantage in a public way of all the opportunities that offer to advertise the city and the grain route and the shipbuilding plant. Also this is a good time to look around with a view to inducing other industries to come here. Things often come to those who wait, but more often to those who work and at the same time watch for the main chance. We must keep for Prince Rupert the name of being a live town.

### And Not Forget Political Campaign.

In the midst of our rejoicing over the elevator prospects we must not forget that we have a political fight on hand and that it is necessary to keep the old town moving ahead. Stagnation is one of the last things any of us want. We have been served well in the past by men who have the interests of the district at heart and who have the respect of the whole country. We have been served by statesmen rather than by politicians.

This is no time for a change. Let us keep moving ahead and not take any risks. Can't we just forget our political bias for once and support the men who have stood by us. Pattullo and Manson have fought our battles provincially, just as Stork has fought them in the Dominion. We may not always have agreed with all they have done or the way in which they have done it. We may feel aggrieved at some small matters but this is the time to play the part of big men and elect the men who can serve us best.

### THOMAS DEASY TELLS VICTORIA BOARD OF TRADE ABOUT NORTH

Indian Agent Visits Aldergrove And Will Send Totem Pole to New Westminster

VICTORIA, June 11.—After a separation of forty years, two old timers met at Aldergrove this week when Thomas Deasy, former Indian agent for the Queen Charlotte Islands, visited Philip Jackman, one of the Royal Engineering members of the Royal Engineer Company who helped to establish New Westminster in 1859. Accompanying Mr. Deasy to Aldergrove were Mr. and Mrs. Ralph Wilson, B. W. Shiles and W. H. Keary of New Westminster. Mr. Jackman is in his ninetieth year and is back in good health following a somewhat serious illness.

Mr. Deasy, who recently retired from his government post at Massett, and has just come to Victoria to retire, is a lifelong friend of Mr. Keary. Both are sons of Crimean War veterans, both were born in Portsmouth, England, came out on the same boat together, lived near each other at Sapperton and later learned the printing trade. Mr. Deasy stayed in New Westminster for ten years and afterwards removed to Victoria where he was fire chief for fifteen years.

At the board of trade luncheon Mr. Deasy spoke for a few minutes on conditions in Northern British Columbia and promised to return at some future date to go into more details connected with his work among the Indians.

Mr. Deasy, who has arranged for the construction of a totem pole, forty-four feet long, announced that this pole is now ready. Arrangements are being made for the pole to be brought to New Westminster and to be erected in one of the city parks.

### NAAS RIVER PEOPLE HELD CELEBRATION

Budget of News From Rich Valley of North: Crops Look Well: Indians go to Canneries

(Special by Mail)  
AIYANSHI, June 11.—May 24 is always a big day for the Indians of Aiyansh. This year teams from Kincolith and Greenville visited them to try conclusions at baseball, football and basketball. The sports commenced on Friday, May 23, and continued until the following Wednesday when the visitors left for their homes down the river. Most of the white settlers came in on the 24th to see the sports.

Kincolith won for "keeps" the football cup, having won it for three times, Greenville securing the cup for baseball.

Gardens are looking well as there have been several good rains. Weather has been cool for the last two weeks but with warm weather it is hoped to equal the bumper crop of last year.

Mrs. Gordon, mother of "Charley" Gordon, has left her home in Victoria and come to make her home with her son at his ranch "Irene."

Dominion Constable Newham and Mrs. Newham expect to leave Aiyansh for the mouth of the river some time this month. We understand Kincolith will be his headquarters.

Mrs. Stuart, wife of "Bill" Stuart, has been seriously ill for the past six months following a slight stroke of paralysis. Two weeks ago she was taken to the hospital at Port Simpson. Last report spoke of a slight improvement.

Mr. Olson has returned to his ranch at Greave Harbor bringing a fine horse to help with the work.

Charley Gordon has returned via the Terrace trail bringing with him a fine span of horses. Mr. Phillips left by the trail for Alice Arm on June 2. He expects to be working there for the summer.

About sixty men and boys from Aiyansh leave the middle of the month for the Skeena canneries. The rest go to Arrandale and Naas Harbor, Mill Bay cannery is not operating this year.

Rev. Oliver Thorne, Church of England missionary at Aiyansh, has received from Victoria his commission as justice of the peace.

When you buy advertising you buy CIRCULATION, and see that you get it.

### The Man in the Moon SAYS:-

I'd hate to be a Jap. It is said that there are no Japanese cuss words, and I'm sure I'd be too patriotic to swear in English.

IT'S time to be studying up the baseball dictionary for the latest terms of abuse.

CARPENTERS ought to be very busy these days. Political fences are being constantly repaired and the little hammer of the opposition comes along and pounds them continuously.

A HICK town is one where they conduct a political campaign by writing on the fences and sidewalks.

A CAUSE is a very weak one when it has to be bolstered up by the same hand that writes obscenities in obscure places.

THE way to enjoy a political game is to sit on the fence and cheer while the opposing sides run away from each other.

THE Provincial party Tory Labor candidate is over at the Queen Charlotte Islands telling the people how he likes the pink tea Bowser Tory candidate.

IT is commonly reported that the literary section of one of the campaign committees has been working day and night trying to write a political essay on "What Newton has Done for Prince Rupert." It will be published later.

THE worst knock Pattullo has got so far was the diverting of the opposition guns from him to T. Ross McKay. It seems that the political fight is now between the Provincial Tory Party and the Bowser Tory Party as to which shall have second place.

BOWSER lives in a palatial residence at the top of Nob Hill, Victoria, and his candidates are expected to hobnob with him there at dinners and afternoon teas. Oliver lives in a humble cottage among the other workers in a modest part of the city, takes off his coat when he sits in the house and often receives visitors in the kitchen. Yet efforts are being made to line up labor with the rich man of Nob Hill. To the Man in the Moon it appears funny.

### Ten Years Ago in Prince Rupert

June 11, 1914.

In a statement regarding the recent disbandment of the Earl Grey's Own Rifles in Prince Rupert, Hon. Sam Hughes, minister of militia, states that the action was taken because the regiment was purely a Liberal political organization.

Local businessmen state that Prince Rupert will lose much as a result of recent legislation which reduces the number of salmon fishing licenses issued to Indians in the district.

The license commission met yesterday and renewed the liquor licenses for the Royal, Savoy, here until fall.

### Satisfies that healthy candy-appetite!

A keen out-of-doors appetite welcomes the nourishing goodness of wholesome candy like Neilson's Macaroon Bar. Smooth milk chocolate with crisp coconut flakes to make it deliciously "crunchy"—just the thing to allay that out-of-doors hunger. Neilson's Macaroon Bar is a big 5-cents worth of candy-value.

# Neilson's Chocolate Bars

Over Forty Delightful Kinds

## BEER IS A FOOD

For years it has been prescribed by physicians as a tonic. Beer is also the weapon with which the true temperance worker fights spirit drinking.

The temperance forces of Great Britain fought spirits with beer and in twenty years cut the per capita consumption of hard liquor in half.

The temperance forces of Switzerland fought spirits with beer and reduced the national drink bill by more than 60 per cent.

The temperance forces of Norway and Sweden fought intemperance with beer under the Gothenburg system where unusual facilities were offered beer drinkers and the consumption of spirits fell to a negligible minimum.

## Does It Not Stand To Reason

THAT the light, health giving brews from our own B.C. industries, manufactured from the barley and hops grown on our own B.C. farms is better for our people than imported distilled spirits? If the beer plebiscite carries, facilities will be given by the government for consuming these light, nutritive beverages at a palatable temperature and in the glass, so that one need never purchase more than is desired for immediate consumption.

## Vote for the Beer Plebiscite

and an even more sober British Columbia

### YOU CAN EAT ANYTHING YOU LIKE AND NOT HAVE HEARTBURN

In all cases of heartburn there is a gnawing and burning pain in the stomach attended by a disturbed appetite, as when too much food is taken into the stomach it is liable to ferment and become extremely sour, vomiting occurs, and what is thrown up is generally sour and bitter. When you are in this condition you will find that Milburn's Laxa-Liver Pills will give you relief right away.

Mr. Joseph R. Macdonald, Christmas Island, N.S., writes:—"Two years ago I suffered all the time from heartburn. I took one vial of Milburn's Laxa-Liver Pills and have never been troubled since. It is very nice to be able to eat anything you like and not have heartburn any more."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### Now for fun!

School's out, and now for romping play! But in the course of play, young hands touch many things—sometimes dirty, grime-laden, and germ-covered. Disease germs lurk in all dirt and are carried from hands to face, to mouth and food.

### What mothers must do

You cannot keep children from this ever-present disease-dirt. But you can, and should, do everything possible to prevent its serious effects.

Children need the rich, purifying lather of Lifebuoy with its wonderful health ingredient to go down deep into the pores and combat the germs ever present in dirt.

The health odour of Lifebuoy proves its antiseptic power.

An order was given in chambers by Mr. Justice Gregory yesterday referring to the registrar the Sealy vs. Stevenson & Grum case involving an application for sale of lands.

C.N.R. steamer Prince George, Capt. Harry Nodden, from Vancouver and way ports, is due at 3 o'clock this afternoon. The train from the east due at 4 o'clock is on time.

Tenders will be received at the Fair office up to July 8 for the various concessions at the forthcoming Exhibition. Bids must state exactly the nature of the proposed operation of the booths.

Dr. D. R. Leary of Anyox is in the city on his return from Terrace where he went on a hunting trip. Mrs. Leary and daughter arrived yesterday from Anyox to meet him and they will proceed north tonight.

Oscar Thomas, owner of the American gas boat Wave, which is on the rocks and submerged in Mellakata Passage, arrived in the city from Ketchikan last night to make arrangements for the floating of the vessel. Magnus Ness was the captain when the accident occurred.

### LOST HIS LIFE WHEN TRYING TO SAVE BOY

OWEN SOUND, June 11.—Innis Smith, 24 years of age, a returned soldier of Broadview, Saskatchewan, was drowned last night when he jumped off the wharf in an effort to save the life of a lad, Colin Moore.

## COWPER SAYS OLIVER STAYS

Former Editor of Daily News Sees no Reason Why Bowser Should Take Premier's Position

Editor Cowper, formerly of Prince Rupert, writing in his weekly paper at Vancouver says of the election campaign:

In the present election the contest really narrows down to the support or rejection of Premier John Oliver's campaign for equal freight rates and a fair share of the export grain trade of Canada.

### Both Hopeless

The issue is not taxation. High taxation is inevitable while the P.G.E. Railway is being nursed along to the self-supporting stage. No party can hope to reduce taxation to any great extent. Least of all can either General McRae or Mr. Bowser hope to reduce the burden of the P.G.E.—Mr. Bowser, who is responsible for it, or General McRae and his party, who have no policy for the road except to get a judge and two businessmen to form themselves into a commission and tell the General what is the best thing for him to do with it.

The best thing to do with the P.G.E. is to develop its traffic and continue to reduce its operation costs to a point where a friendly government at Ottawa will take it off our hands. Obviously the finger of Fate points neither at General McRae nor Mr. Bowser for that task. Any other hope of usefulness for the Provincial Party vanished with its charges in regard to the P.G.E. blew up like a bubble.

### Oliver's Work

We don't have to wade through Hansard or through government reports to learn what Premier Oliver has accomplished for the building up of our trade in his fight against eastern and railway influences. We can look out over the waterfront and see ships at their berths and at anchor in the harbor fitting out for grain cargoes; we can see grain elevators springing up along the waterfront; a bridge being built across the Second Narrows to make North Vancouver a great industrial annex of Vancouver City. Short of an exposure of incompetence or wrongdoing in any quarter—and we haven't seen or heard of one yet—we don't see any reason for exchanging John Oliver and his policy for any other political leader or policy in sight. We think these will be the views of the majority of the people in British Columbia when the vote is taken on June 20.

### HOTEL ARRIVALS

## BRINGING UP FATHER

## SONS OF CANADA AGAIN WINNERS

Defeated Callies in Football Fixture Last Night by 6 to 3

In a loose game which was featured by a good deal of questionable playing tactics, the Sons of Canada beat the Callies at football last night by a score of 6 to 3.

The Sons of Canada kicked uphill to start with and, at the end of half time, the score was 3 to 2 in their favor.

Erskine scored for the Sons and Warren and McDougall, one each. Elder was responsible for the three Scottish goals.

A fair crowd watched the game. The Sons by merit of their play deserved the victory.

Tom Jones refereed. A Clapperton and Dick Howe were linesmen and the teams took the field as follows:

Sons of Canada—S. Gawthorn; J. Marks and V. Menzies; R. B. Skinner, H. Menzies and J. Mitchell; A. Mitchell, J. McDougall, S. Erskine, E. Warren and E. Smith.

Callies—J. Campbell; H. Hamilton and W. E. Willisroft; J. Cochrane, J. Harris and J. Sims; G. Waugh, W. Hamilton, S. Elder, J. Andrews and Tom Black.

League standing to date:

	W.	D.	L.	Pts
S. of C.	5	1	0	11
S. of E.	2	0	3	4
Callies	2	0	4	4
G.W.V.A.	1	1	3	3

## DOMINION DAY SOCCER SERIES

Competition for Next Trophy of Season Arranged Last Night by Football Association

With the league series coming to a close this week, the Dominion Day Cup ties will be the next on the local soccer program. There was a meeting of the Association last night to make the draws and set the date which, commencing next week, are as follows:

June 19.—Callies vs. Sons of England, George Russell, referee, and J. Marks and F. Roberts, linesmen.

June 24.—Sons of Canada vs. Great War Veterans, George Russell referee and A. Clapperton and G. Kelsey, linesmen.

July 1.—Final, George Russell, referee.

## Sport Chat

There will be another lacrosse practice between the Maple Leafs and Kaiens will open to night. The players have been practising a good deal of late and should now be in pretty good form to enter the official competition for the Stork Cup. The three games scheduled to take place between now and July 1 should also put

## CLARK'S BEANS

the players in the best of shape for the game that will be played by a local select team with Ocean Falls on Dominion Day. Lacrosse has a number of fans in Prince Rupert and, with the two teams in the league contest being evenly divided, it is expected the series will be followed with a good deal of interest.

The local basketball girls had a taste of real high-class competition in the game with the Cleveland Favorite Knits on Monday night and they put up better opposition than many fans had expected even if they were beaten by a score of 26 to 8. While the visitors may not have extended themselves to the fullest of their ability, they nevertheless showed they were out to win. It was a good experience for the locals and not only those who played in the game but those who witnessed will benefit thereby. A few wrinkles if not tricks in the hoop game were shown and undoubtedly some of them will be applied here in future. The importance of good checking was also demonstrated. It was a fine game and congratulations are due to those who successfully promoted it.

## PREPARATIONS FOR BRITISH ASSOCIATION

Five Hundred Scientists from Europe are Expected to Attend Gathering

TORONTO, June 11.—(By Canadian Press).—Arrangements have been completed for the entertainment in Quebec and Montreal of the party of 500 or more European scientists attending the meetings of the British Association for the Advancement of Science, August 6-13, in Toronto, according to the report of Dr. J. C. McLennan, chairman of the local executive committee of the association here.

Prof. McLennan has just completed a trip to the eastern provinces in connection with details of the convention. Preparations comparing favorably with the elaborate scheme planned in Toronto are under way in Montreal under the chairmanship of Sir Arthur Currie as head of

McGill University, which is the official host. In Quebec, plans are in charge of Hon. Cyrille Delage.

The majority of the distinguished guests will sail for Quebec on July 26 and on their arrival they will be welcomed by representatives of the government of Quebec and by the rector and officers of Laval University.

They will continue to Montreal by boat, where on August 4, they will inspect McGill University and the gardens and farm buildings of Macdonald College. One section of the delegates will inspect Montreal harbor on Aug. 5, and they will be entertained at luncheon by the Montreal Harbor Commission. A second party will make an excursion to Cedar Rapids.

## ASK CHANGES MINING LAWS

Government Urged to Aid Industry But Not to Guarantee Bonds of Steel

VICTORIA, June 11.—Sweeping reforms in British Columbia's mining laws are involved in the proposals which the mining operators of the province are urging upon the government now. This was clear when details of the interview between Premier Oliver and representatives of the mining industry were made public.

Will be Considered  
"The proposals of the mining men will have consideration as soon as the cabinet gets together again," the premier said. "The suggestions advanced were so important that they will have to be considered with extreme care."

Fifty per cent reduction in the income tax on mining profits and exemption of reinvested profits is urged by the operators. They also propose that interest on borrowed capital be deducted before profits are assessed for income taxation.

Consolidation of Federal and Provincial taxation on mining property was asked in order to reduce costs of administration.

While they are in favor of a bounty on pig iron produced in British Columbia, they are emphatically opposed to the government guaranteeing the bonds of any smelter company. And in this connection they protested against any move which would prohibit the export of raw or partially-manufactured ores. Such a law, they asserted, would close many important mines now operating here.

Machinery Duty Free  
Duty free admissions of mining machinery not manufactured in Canada was advocated, the operators suggesting that the duties on mining equipment generally be made more flexible. Establishment of a research bureau of metallurgy was opposed solely on grounds of economy. Greater expenditures on roads and trails to be used in mining operations

### MISCELLANEOUS

FOR DRESSMAKING and plain sewing, phone 427.

When the mining men complained to the premier that British capital appeared to be more interested in Ontario than in British Columbia, Mr. Oliver asked them frankly whether this was the result of taxation in this province or of the fact that the mining industry had been marked in the past by widespread wildcatting. The delegation, the premier said, admitted that unsatisfactory speculations rather than taxation had tended to discourage investment in the mines of the province.

ED. H. STOUTNER,  
Returning Officer.

The best Tobacco for the pipe

# Ogden's CUT PLUG

# Pattullo's Record

There are a number of people living in Prince Rupert today who are not familiar with Hon. T. D. Pattullo's record either in this city or in Parliament. For their benefit and to remind others here who know but may have forgotten, here are some of the more important items:

### AS A PRIVATE CITIZEN

Pattullo took an option with others on the Woodworth Lake water supply to be turned over to the city. This source of supply had been alienated to a former president of the Conservative Association of Vancouver. Pattullo played a conspicuous part in creating a public opinion that forced the McBride-Bowser Government to take action which resulted in the transfer of the Woodworth Lake water record to the City of Prince Rupert. The right should have been reserved to the city in the first place but it cost the taxpayers \$15,000.

Pattullo secured the telephone franchise for the city. Two companies had franchises for the telephone service in Prince Rupert and Pattullo called a meeting of citizens through the Board of Trade to preserve the privilege for the people of Prince Rupert. He offered to install the system and give the citizens the opportunity to subscribe for stock in the enterprise rather than have it pass to outsiders. The meeting decided to call for subscriptions to install the system and turn it over to the city upon incorporation. Pattullo was one of the largest subscribers to the subscription and the system was turned over to the city. Pattullo's action saved the telephone system for the city.

### AS MAYOR OF PRINCE RUPERT

Pattullo initiated the bylaw for the hydro-electric project to be installed by the largest financial group in Canada and in a written statement he strongly urged its passage. Pattullo's opponents used the occasion both to defeat him and the bylaw. Had the bylaw passed, the strongest financial group in Canada would have been working for the city and it is the general opinion that this city would have now been several times its present size. The people who engineered the opposition at that time are trying to do the same thing today.

### AS MEMBER OF THE LEGISLATURE

As member for the electoral district of Prince Rupert Pattullo secured:

- (a) The erection of the Provincial Government Buildings.
- (b) A large appropriation for the Booth Memorial School.
- (c) Five times the city's quota for soldier's houses. (This was made possible through other municipalities holding back for political or other reasons)
- (d) Eighty-one acres at Salt Lakes for park purposes for the City of Prince Rupert and also annual grants to build the approach to the lakes.
- (e) Appropriation for the building of the road across Cow Bay, linking up Third Ave. with the waterfront. The completed work was handed over to the citizens free of cost to them.
- (f) An appropriation for building floats at Cow Bay.
- (g) The Terrace bridge which is well advanced toward completion.
- (h) The appropriation for the building of the Port Clements Tl-ell road, work on which has been proceeding for two years.
- (i) Appropriation for the road out of Prince Rupert, work on which has already begun.

### AS A CABINET MINISTER

As a cabinet minister for the north, Pattullo has consistently fought for the rights of Northern British Columbia against heavy opposition from opposing political and other adverse interests in the south.

### AS MINISTER OF LANDS

Pattullo initiated and administered the Government's timber policy which increased the export timber business over 1200 per cent.

He initiated and administered the Provincial Government's grazing policy for the upbuilding of the stock industry.

He initiated and administered the Provincial Government's irrigation policy which saved the southern interior dry belt from ruin and preserved such prosperous towns as Vernon and Kelowna.

Pattullo has been one of the strongest influences in bringing about a vigorous immigration policy in the Dominion of Canada and has pledged the Provincial Government to co-operate in placing immigrants on the farms of the province. In this connection it is notable that when immigration stopped, emigration to the United States started and continued until the commencement of the present policy was beginning to be felt. The periods of heaviest immigration into the United States were the periods of greatest expansion, the largest increase of wages and the greatest shortening of hours of labor.

He secured the settlement of the foreshore question as between the Dominion and Provincial Governments, which has been outstanding since confederation. Also the Indian reserve question.

### GENERAL RECORD

Pattullo has been one of the most powerful influences in the progress of the Province and the City of Prince Rupert. He has worked consistently and persistently for the city. If elected he will continue to use his influence for the advancement of the city and district and for all Northern British Columbia. Such a man is worth a great deal to the district and is receiving the support of those who wish to see the district go ahead.

## CAMPAIGN COMMITTEE

## KITIMAAT BAND HERE FOR FAIR

Naas River to Send Exhibit this Year; Permanent Mineral Exhibit

Plans for the forthcoming Exhibition were further advanced at the regular monthly meeting of the Fair Board which took place last night.

It was decided to enter into a contract with the Kitimaat band for its services in connection with the Fair and, owing to the necessity of obtaining adequate music, the arrangements will be such that the band will function during the entire affair including all parades, concerts and dances. The Kitimaat band is being specially trained under the conductorship of Henry Slatter of Vancouver, life time bandmaster and formerly of the Grenadier Guards.

The meeting also decided to advertise for tenders for the concession booths. From correspondence on file at the Fair office it is expected that the Naas Valley will be well represented with exhibits of its produce. Big mines of the district are co-operating with a view to assembling one exhibit which ultimately will be a permanent one. Arrangements along a similar line are being made with lumber companies.

In the absence of President Joe Greer, Vice-President Ben Self was in the chair last night. Other directors present were Thomas McMeekin, Frank Dibb, Ald. R. F. Perry, Dan Jabour, George Kerr, John Bulger and D. McD. Hunter.

## ARE FEWER ASIATICS IN PROPORTION TO WHITES IN PROVINCE

Deputy Minister of Labor Gives Out Report Showing Large Increase in Industrial Payroll

VICTORIA, June 11.—British Columbia's total payroll last year reached the enormous figure of \$145,000,000, according to the official estimate compiled by the Provincial Department of Labor and given out by J. D. McNiven, Deputy Minister of Labor, in a summary of his annual report.

Industrial firms which made returns to the department of Labor last year, Mr. McNiven states, paid out \$106,796,958 in wages which is a big increase over the amount paid out by the firms reporting last year when the payroll totalled \$86,192,190. These totals, however, do not include many very large classes of business which have not submitted returns, such as the transcontinental railway systems. On the whole, Mr. McNiven says, "it does not appear that the estimate of \$145,000,000 is very wide of the mark."

### Big Increases

"Taking salary and wage payments," says Mr. McNiven, "the total amount disbursed by the 3,375 firms for 1923 was \$106,796,958.96. In the previous year a total of \$86,192,190.73 was paid out by the 2,809 firms who made returns, and in 1921, \$79,742,380.10 was paid out by 2,275 firms. The amount paid to officers, superintendents, and managers, \$8,837,774.64, represented an increase of \$1,107,148.91, or rather more than fourteen per cent. The amount paid to clerks, stenographers and salesmen was \$8,329,061.21 as compared with \$7,137,149.61 in the previous year, an increase equal to 15 per cent. A large proportionate increase, however, was shown by the total paid to wage-earners, \$89,630,116.11, which is an increase of twenty-five and one-half per cent over the previous year. In the past year most industrial firms have been doing a larger volume of business, but have apparently not required to increase the amount of managerial and clerical help in the same ratio as the increase in industrial workers. The salaries of the former are frequently in the nature of overhead charges upon a business, which have to be maintained whether the works are running or not."

### Asiaties Fewer

Probably the most striking information contained in Mr. McNiven's report is the statement that the proportion of Asiatics employed in British Columbia industry last year was, lower than

To keep your prints, a Kodak Album

You'll enjoy all over again the week-end trip, the summer vacation—and the fun you have just around the house, as well—when your prints are stored, safe, clean, and in order, in a Kodak album. Precious now, your Kodak album will be priceless later.

The branded and useful ani- mals will be kept, but plans are being made to dispose of the scrubs which infest the district being covered in the round-up.

## ROUNDING UP 25,000 HORSES

Over 6,000 Miles of Territory Being Covered in Drive. Now On

CALGARY, June 11.—Twenty-five thousand wild and stray horses, now roaming over a territory of 6,000 square miles or more in southeastern Alberta will be rounded up in a drive which is expected to be concluded this week.

This is the greatest undertaking of its kind ever attempted in Canada, and participating in the big encircling movement are about 150 riders, each with a string of eight to twelve saddle horses.

Farmers and ranchers are also joining in the round-up throughout these districts, while a band of Blackfoot Indians will join the cowboys as they approach the Indian reserve.

As the drive goes on, the branded animals that are identified are cut out by the owners, and in the final gathering will be the real wild animals, strays and horses that have not been claimed.

J. J. Bowden, is acting for the horse owners in the campaign, and has negotiated an arrangement with the provincial govern-

## REPUBLICAN CONVENTION OPENS AT CLEVELAND

CLEVELAND, June 11.—At the brief opening session yesterday of the Republican national convention here the keynote was an address delivered by its temporary chairman, Representative Theodore Burton. It perfected its organization and adjourned until today.

## VANDERHOOF

Sir John Pitka has lease! the property of Sam Rosette in the Stuart Lake district.

Mrs. Alfred Ferland and child returned at the first of the week from Hazelton.

A. Strudwick, local chiropractor has left on a trip to New York, Chicago, Boston, Halifax, Toronto and other Eastern cities.

Mrs. George Snell and children have left on a three months' vacation trip to Prince Edward Island.

John Norton, one of the early settlers in the Engen district, has returned after a lengthy absence in the United States.

The local branch of the Retail Merchants' Association has elected officers as follows: President, E. Smedley; vice-president, R. M. Taylor; secretary-treasurer, J. M. Johnston; executive, John W. Paterson and Cecil Hartley.

## ALICE ARM

A petition asking the government to repair the Dolly Varden railroad so that it can be used for the transportation of supplies was circulated around town last week. Work of repairing the track so that packhorses may be taken through to Camp Eight has started.

The tug Cape Scott took another tow of one million feet from the Abbotsford Logging Co.'s camp last week.

Mrs. G. A. Young has returned from Anyox with her infant daughter.

# Oliver Recognizes Duty to Widows and Orphans

785 mothers and 1990 children are receiving assistance under the Mothers' Pensions Act.

The Oliver Government is not handing out "Charity," but simply honoring a debt to the mothers of British Columbia.

The Mothers' Pensions Act is administered at a cost of only 3.44 per cent., and the Government bears the entire cost, whereas in other provinces the cost is shared equally by the Government and the municipalities.

Vote for the Oliver Government and Retain Mothers' Pensions

## "THIS FREEDOM"

An adaptation of A. S. M. Hutchinson's famous novel. The most discussed story of today. A human melodrama based upon women's rights and freedom. A photo-drama that proves that the hand that rocks the cradle cannot conduct big business at the same time. What does it profit a woman if she gains the highest business success and loses her home and the love of her children. Magnificent scenes laid in England. Old Bailey court trial. Fawless Llewellyn, Clive Brook, Fay Compton, Adeline Hayden-Coffin and strong cast.

COMEDY—"UNREAL."  
NEWS-REEL—FUN FROM THE PRESS.  
Admission 35c and 10c.

### SRIGLEY CASE IS BEING TRIED AT ASSIZES TODAY BEFORE JUDGE GREGORY.

(continued from page one)

president of the Massett Timber Co.

#### Brought True Bill

A true bill having been returned against Srigley by the Grand Jury, the case opened on resumption of court at 10.30 this morning. The taking of crown evidence was concluded shortly before one o'clock and adjournment was made until 2 o'clock this afternoon, when taking of defence evidence commenced. The case will go to the jury late this afternoon, it is expected.

Mr. Justice Gregory presiding, the counsel for the crown is David Whiteside who is assisted by Milton Gonzales, L. W. Patmore, who is conducting the defence, is assisted by his partner W. O. Fulton.

The charge against Charles Srigley is that he did at Buckley Bay on November 22, 1923, unlawfully and fraudulently convert to his own use the sum of \$91 rightfully belonging to the Massett Timber Co. thereby committing theft.

#### Jury Empanelled

The following jury was empanelled to hear the case: G. H. Thomas (foreman), A. R. Phillips, James Sturgeon, F. S. Amour, George Smith, W. L. Sandison, J. G. Veireck, Henry Smith, Olier Besner, Murdoch McLean, Frank Morris and S. A. Bird.

Mr. S. Barnes, P. Laporte, Margaret Cornish, Thomas Priest, W. H. W. Murray and Harry Astoria were challenged by the crown counsel.

#### Outlines Case

Mr. Whiteside briefly reviewed the case for the crown which was that Srigley had fraudulently converted the sum of \$91. This was the difference between cash sales slips for the date in question totalling \$222.50 and returns made to the office as shown on an adding machine strip which totalled \$131.50.

Mr. Patmore asked that all witnesses be excluded and this request was granted by Mr. Justice Gregory after Mr. Patmore had stated that such action

## FRENCH GOVERNMENT STARTS OUT BADLY AND IS VOTED DOWN

PARIS, June 11.—The Senate yesterday afternoon voted down the demand by former minister of agriculture Cheron, spokesman for Premier Francois Marshal, for an interpellation on the presidential crisis by 194 to 144. This was at first considered to constitute a defeat of the new ministry but later it was decided not to so construe it.

## LABOR RIOT

KINGSTON, Jamaica, June 11.—Two workers were killed and several policemen seriously wounded in a labor riot here. The rioters burned the police patrol wagon.

## IN PROBATE IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the Matter of the Administration Act; and In the Matter of the Estate of Wong Kong, deceased, Intestate.

TAKE NOTICE that by order of His Honor, F. McR. Young, made this 7th day of June, A.D. 1924, I was appointed Acting Administrator of the Estate of Wong Kong, deceased, and all parties having claims against the said estate are hereby required to furnish same, properly verified to me, on or before the 9th day of July, A.D. 1924, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

WALTER GALE, Acting Official Administrator, Prince Rupert, B.C.  
Dated this 9th day of June, 1924.

## WATER NOTICE.

(Divergence and Use)  
Take Notice that Home B. Babington, whose address is Massett, will apply for a licence to take and use 5,000 gallons of water out of an unmained pond. The water will be diverted from the pond at a point about 200 feet north of the north-east corner of block 19, D.L. 7, plan 946, Queen Charlotte Islands, and will be used for industrial purpose upon the land described as block 19, D.L. 7, plan 946, Queen Charlotte Islands. This notice was posted on the ground on the 19th day of May, 1924. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B.C., and all parties interested may be filed with the said Water Recorder or with the Controller of Water Rights, Parliament Buildings, Victoria, B.C., within fifty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is May 26th, 1924.

H. B. BABINGTON, Applicant.

would be in the best interests of justice.

The evidence of Mr. Cuddy, the auditor, was largely similar to that given by him in the preliminary trial. The sum of \$91 had never been accounted for to the best of his knowledge. Mr. Srigley had been taken into conference on the matter but said he could not understand it. On other days about that time the sales slips and the adding machine strips had agreed. On the day in question there was a general disagreement. There were some items on the adding machine strip which were not accounted for on the sales slips and vice versa.

## Cross Examined

Under cross examination by Mr. Patmore, Mr. Cuddy said it had not been customary for the general office to check over the sales slips with Mr. Srigley's cash book returns. He was apparently trusted. Defence counsel then attempted, by examination of the witness, to establish that clerks had made mistakes as to the dates put on their cash sale slips. Witness was under the impression that Mr. Srigley checked his cash every day. He admitted, however, that if such had not been the case it would be possible that there might be an average of \$91 which later it would be difficult to place. Witness stated that he had found two occasions of Mr. Srigley being over in his cash—\$20 and \$10 respectively. Returns for these had been made and put in as merchandise.

## Higher-ups

Reference was then made to conversations with accused after the shortage had been found and it was here that the suggestion was made that accused might be shielding one higher up.

Jack Macdonald, formerly accountant at Buckley Bay, and J. M. Grosart, former manager, gave evidence of a similar nature to that given at the preliminary trial.

## SCHOONER SCANDIA COMES INTO PORT WITH RADIOPHONE

The halibut schooner Scandia arrived this morning from the northern banks with 60,000 lbs. of halibut which she sold here for Ketchikan delivery. She is the first boat to use a radiophone on the fishing banks. Her aerial was very conspicuous on the waterfront.

The set is being used entirely for amusement in the evenings by the crew. Concerts and lectures have been easily picked up in the evening broadcasted from Calgary, San Francisco and Oakland. For some reason the Scandia has yet been unable to pick up any broadcast from Seattle.

Capt. Hyatum is operating the set and says that while it is easy to pick up broadcasts at night he has not yet been able to hear anything on the set in the day time.

The set installed has no sending apparatus and as there is no broadcast from Prince Rupert it is of no use commercially.

Prosperous advertising means regular continuous advertising.

### SPRING TIME SAVING

Saving shows you're sane and witty—Save and you can dress as pretty. Dainty Dorothy

Dorothy saw a spring suit that captivated her dress loving fancy. Then her ingenious mind worked out an alteration plan that made her last season suit blossom out in style—new freshness.
