SEPTEMBER HALIBUT SALES MAKE RECORD IN HISTORY OF PRINCE RUPERT

Railway Company Will Meet Export Rates on Freight Through Here

Ready to Quote Same Price as Through Vancouver from Winnipeg, Calgary or Saskatoon

H. McEwen, divisional freight agent of the Canadian National Railway here, has just received a telegram from the foreign freight department of the railway at Vancouver saying that the railway will meet the Vancouver rates on export flour shipments through the port of Prince Rupert from Winnipeg, Saskatoon or Calgary and that the rates will be published just as soon as there is business offering. It is not customary for the railway companies to publish these special export rates unless business is there.

On Friday last the Daily News published an article quoting a letter from the Maple Leaf Milling Company, Ltd., stating that they happened to be in a position to quote better prices f.o.b. Vancouver than at Prince Rupert. This followed a statement a short time before that the Western Canada Flour Mills Ltd. of Calgary was unable to give as good a rate this way as through Vancouver. Discrimination against this port was suggested.

It is stated as possible that there may be other reasons than the freight rates for the milling companies preferring to ship through Vancouver, but it is difficult to understand what they could be. It is also suggested that the mills may be located in a C.P.R. town not served by the C.N.R. but the Western Canada Flour Mills Ltd. have a mill at Calgary and also a very large mill at St. Boniface, both of which are on the C.N.R.

Local people will be glad to know that the same rates may be made to apply here and they will doubtless notify any possible shippers this way that this port can serve them on equal terms with Vancouver. If it is found that there is any handicap against this port, it is up to the people here to see that it is removed as quickly as possible.

STEAMER AMUR IN PORT TODAY

New Vessel Which Replaces One Wrecked Last Winter Arrived During Night

The Coastwise Steamship & Barge Co.'s new steamer Amur, Capt. McKinnon, is making her first call at this port today. She arrived during the night from the south and is unloading Vancouver Island coal at the G.T.P. wharf for the Prince Rupert Coal Co. Tomorrow morning she will proceed to Anyox.

The new Amur was, formerly named the J. H. Plummer. She arrived on the Pacific Coast last summer having made a run from the Great Lakes through the Panama Canal. For a time she lay idle at Vancouver and was this year acquired by the Coastwise Steamship & Barge Co. and added to that company's fleet of ore carriers. She is a fine freighter and is practically new. She replaces the old Amur which was wrecked last winter near here and which was recently purchased by Capt. Berquist of Victoria.

SLAIN BECAUSE WORKED MAGIC

Five Natives Coming South from Striking Country Accused of Murder

BURIED LAD ALIVE

Declare Victim Made Hunting Bad for Tribe Near Telegraph Creek

WRANGELL, Sept. 30.—With five Indians accused of murdering a lad of 17 by torture because he was accused of sorcery, officers of the Royal Canadian Mounted Police under inspector Punsh are here today en route to Vancouver.

The lad was buried alive with hands tied behind him after he had been tied to a sapling for several days.

The slayers declared he worked magic to make hunting poor for a tribe in Telegraph Creek country.

MAYOR CONGRATULATES U.S. WORLD FLYERS

Telegram Despatched to Seattle on Behalf of Citizens of Prince Rupert

The following telegram has been addressed to the successful United States round-the-world flyers by Mayor Newton:

"Wholeheartedly Prince Rupert congratulates you upon the successful completion of your long and hazardous flight."

FORMER M.P. DIES

MONTREAL, Sept. 30.—The death is reported of J. P. Guillaubault, former member of the House of Commons for Joliette.

WAR ARTIST DIES

LONDON, Sept. 30.—Julius Ernest Price, famous war correspondent, artist and writer, died yesterday from typhoid fever.

CONSERVATIVE LEADER DIED AT FREDERICKTON

FREDERICKTON, Sept. 30.—Howard W. Conig, 45 years of age, leader of the Conservative party in Nova Scotia Legislature died yesterday from typhoid fever.

Fisheries Make Another Record With Larger September Landings Than Ever in History of the Port

Another record was broken this month in the halibut fisheries. The total arrivals at the port amounted to 2,732,100 pounds of which only 595,900 was brought in by 93 Canadian boats and the remainder by 103 American boats. This compares with 2,414,600 pounds marketed here last year and 2,412,400 in 1922. The record was made in spite of the bad weather prevailing during a large part of the month and of bait shortage. Now it looks as if the industry may be handicapped from an ice shortage as the Cold Storage plant usually supplies it all and the strike is interfering with delivery.

The highest price paid during the month was 20.7c on the 24th and low was 11.80c on the fourth. Today's sales were:

American

Venus, 25,000, to Royal Fish Co. at 16c and 7c.

Venus, 11,000, Norma, 6,500, J. P. Todd, 5,000, to Pacific Fisheries at 16.50c and 7c.

Rehance, 8,000, to Booth Fisheries at 16.40c and 7c.

Eastern Point, 2,500, to Booth Fisheries, at 16c and 7c.

Canadian

Ingrid H., 6,500, to Royal Fish Co. at 14c and 6c.

Ethel June, 1,000, Nuba, 1,500, to Atlin Fish Co., at 13.60c and 6c.

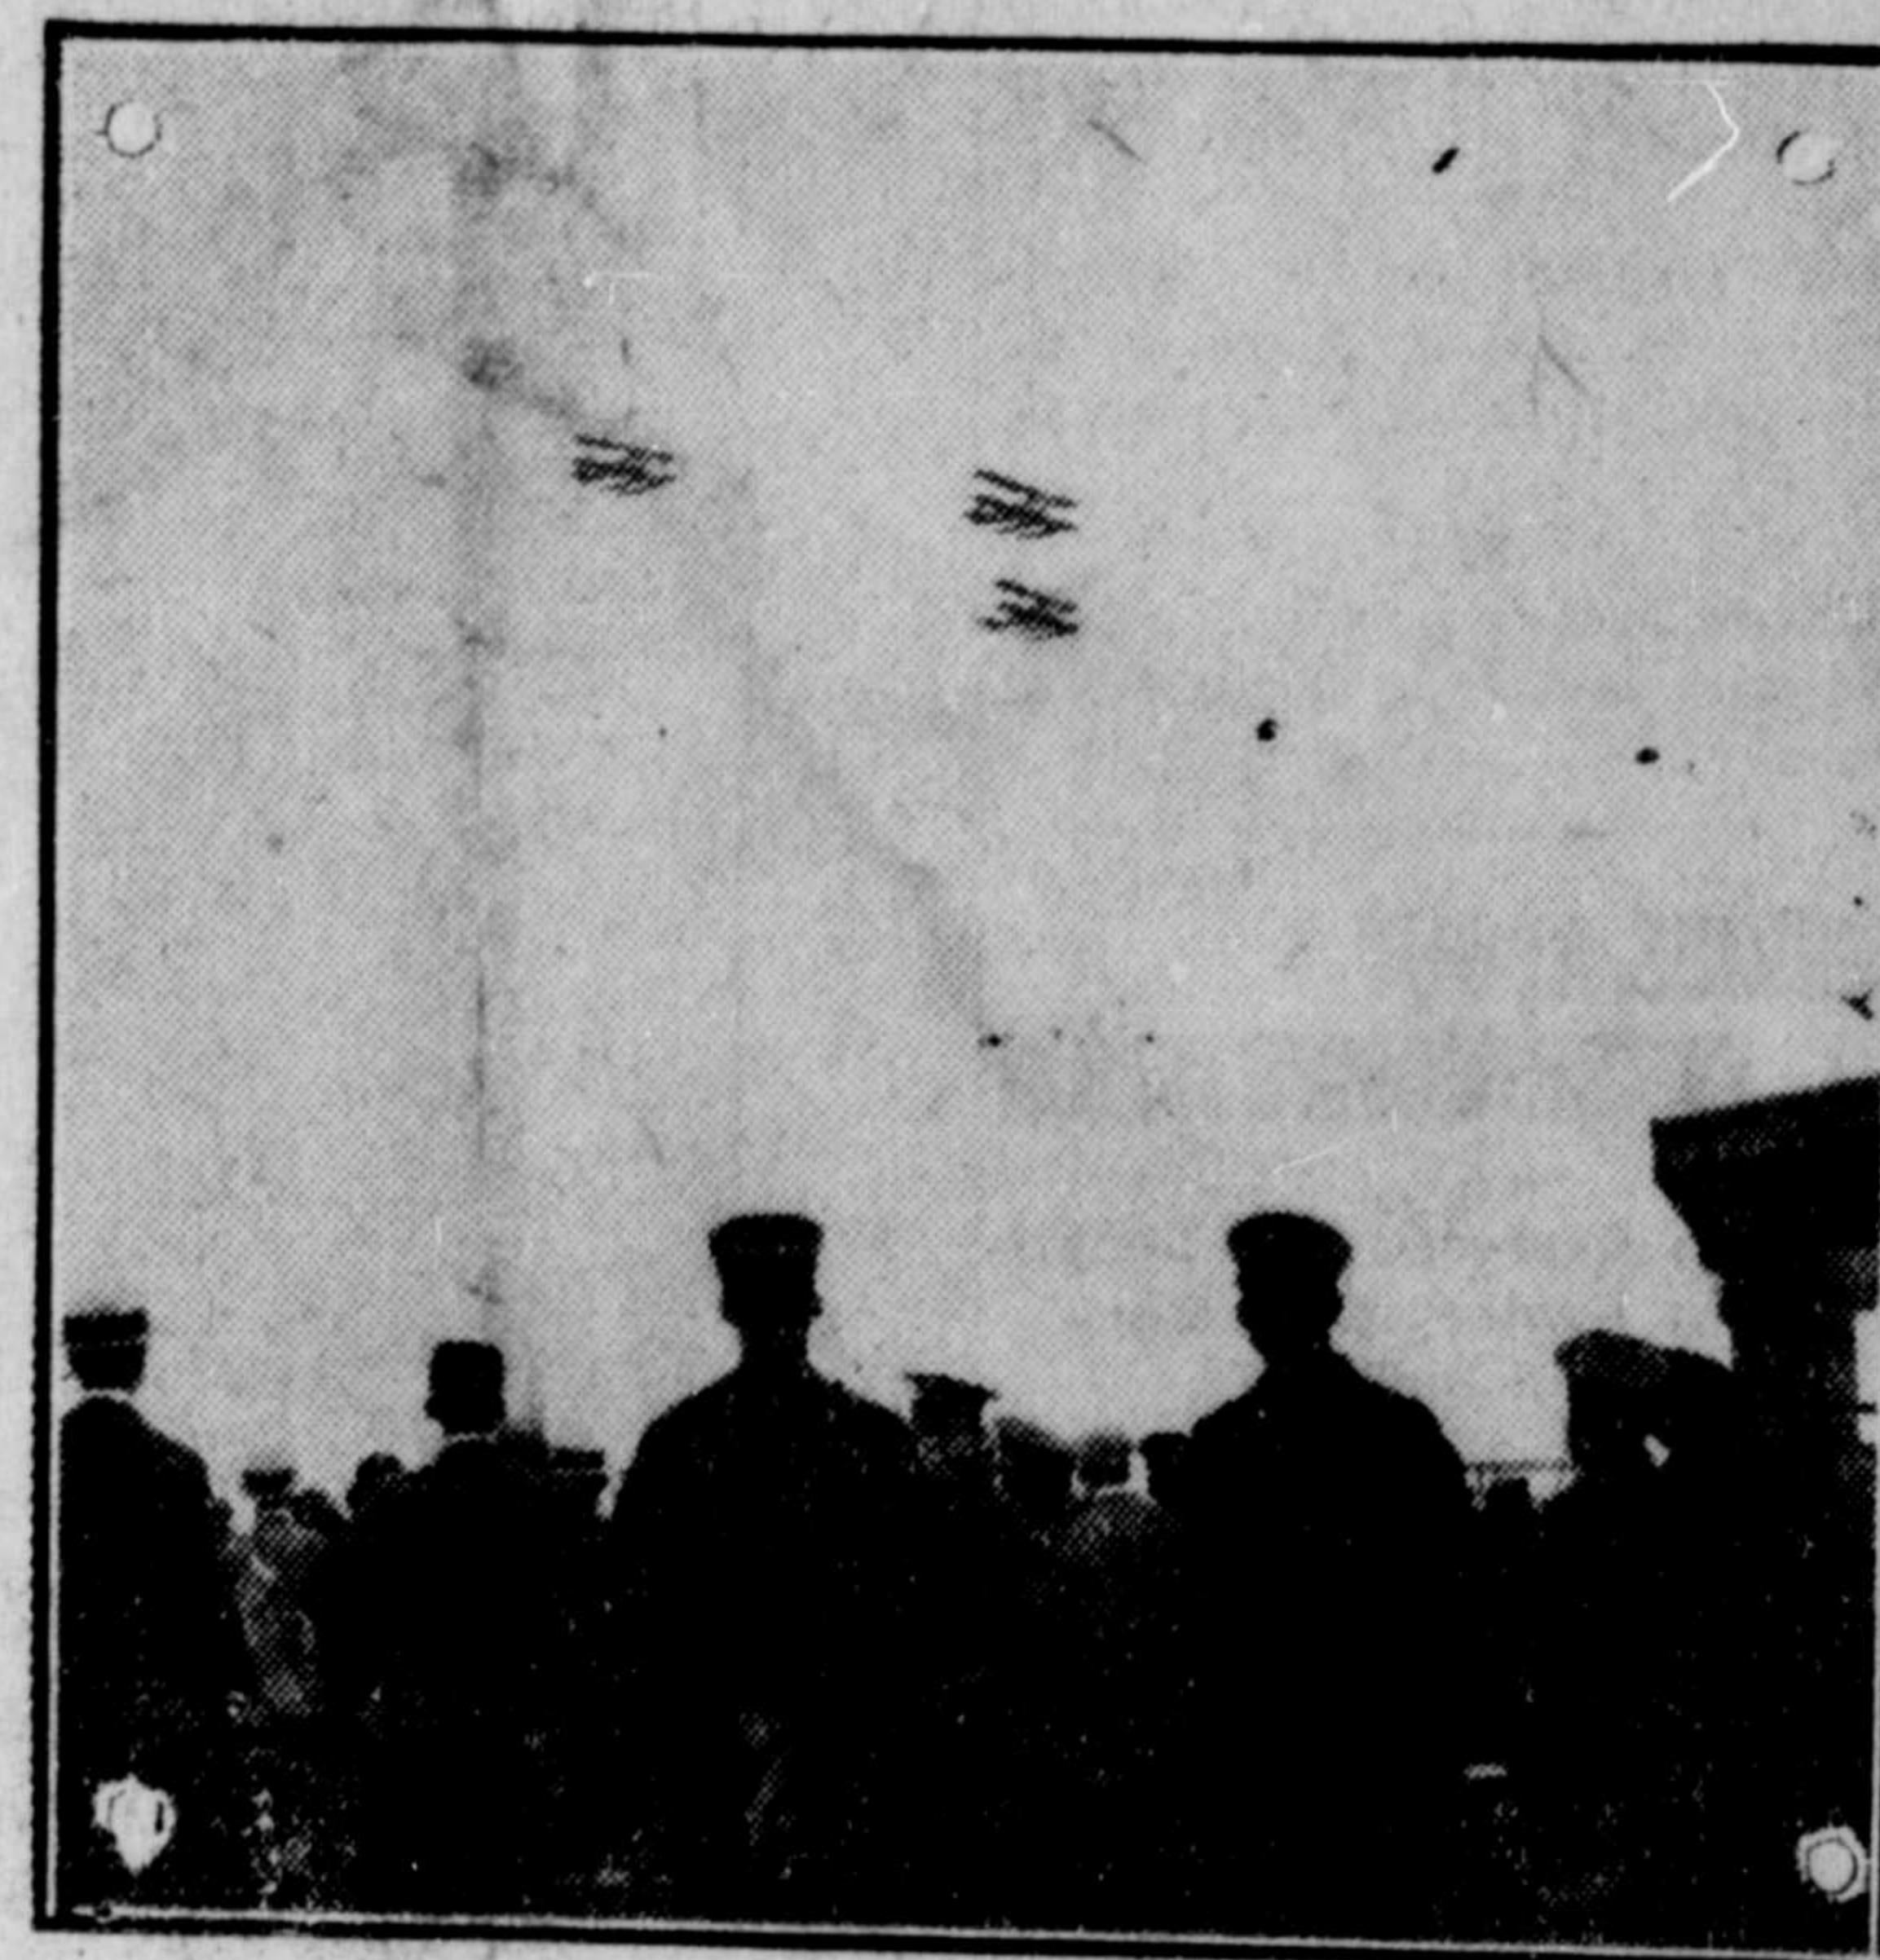

P. Dorreen, 5,000, Ringleader, 1,500, Nautilus, 3,500, Cape Spear, 2,500, Hanaco, 3,500, and W. & F., 1,500, to Booth Fisheries at 13.80c and 6c.

DROWNING FATALITY

Captain, Son and Member of Ketchikan Schooner Lose Lives Near Wrangell

WRANGELL, Alaska, Sept. 30.

—Capt. Peoples, his son and a member of the crew of the gasoline schooner Meridian, which was wrecked on Saturday night near Lake Bay Cannery, sixty miles south, were drowned yesterday when the vessel slipped from the rocks and sank. After the wreck they had returned to the boat to get some personal belongings. This cost them their lives. The vessel, which was of 40 tons, was owned by Mate Berkovich of Ketchikan.

Three American Round the World Birdmen arriving at Seattle on Sunday previous to receiving their official welcome.

Tax Sale Today Resulted in Disposal of Number of Lots After Some Spirited Bidding

Of the 385 parcels put under the hammer at the municipal tax sale this morning, 88 were bought in by private bidders. Section 5 property seemed to be the most popular. Of the 32 lots offered in that section, 18 were sold to bidders. Eleven of the 41 lots in Section 1 proved attractive to buyers. Eighteen Section 2 lots brought only two bidders; seventeen in Section 6, eight; 107 in Section 7, sixteen, and 164 in Section 8, thirty three.

The highest competed bid of the sale was made by W. S. Fisher for lot 46, block 7, section 1. The upset price was \$261.95 and the property was knocked down to Mr. Fisher for \$176. M. M. Stephens proved a keen competitor.

There was also spirited bidding for lot 18, block 32, section 5, the upset price for which was \$54.07. Milton Gonzales got the lot for \$140 after bidding out George Horton.

Of the 88 lots sold, only 13 brought more than the upset price.

The list originally contained 506 parcels but taxes on 121 of these were arranged for between the time that the list was printed and the sale took place.

Another interesting purchase was that by L. Astoria of four lots at the corner of Hays Cove Avenue and Bacon Street which contain the Hays Cove Grocery. They were sold at the total upset price of \$329.17.

(continued on page three)

NOTICE

Pursuant to the Municipal Elections Act all persons desiring to be entered on the Voters' List for the forthcoming Municipal Elections as Householders or Holders of Trade Licenses must register their names with the City Clerk during the month of October on a statutory form to be supplied by the City Clerk.

The City Clerk's Office will be open from 9 a.m. to 5 p.m. each and every day during the month of October with the exception of Saturday, when it will be open from 9 a.m. to 12.30 p.m.

E. F. JONES,
City Clerk.

Boundary Commission Bill is up for Second Reading in Parliament

LONDON, Sept. 30.—Premier Macdonald moved the second reading in the House of Commons today of a bill providing for the creation of an Irish boundary commission without the participation of Ulster.

In making the motion the premier declared it was the essential duty of every government to fulfil its obligations. He said he resented the charge that the government's move was an attempt to coerce Ulster.

Right Hon. H. H. Asquith, former premier and now Liberal leader, declared the Liberals would give the Irish bill their early and undivided support.

FASCISTI MONUMENT

Home to Have Largest and Tallest Skyscraper in the World

ROME, Sept. 30.—Premier Mussolini consulted with Mario Palanti, Argentinean architect, yesterday and approved plans for the construction in Rome of the largest and tallest skyscraper in the world. It will be a monument to Fascism. The structure, which will occupy the centre of a new section of Rome, will be 380 metres in height and of eighty storeys containing 4,500 rooms, one hundred huge committee rooms, large theatre and concert hall and a gymnasium.

JAPS AGREE ON PROTOCOL

Difficulty Smoothed Over and Will be no Opposition Before League of Nations

GENEVA, Sept. 30.—The difficult situation endangering the protocol on arbitration and security brought about by the demand of the Japanese delegates for amendment to the protocol was smoothed out today to the satisfaction of the Japanese. This important step was accomplished by a special committee consisting of representatives of Great Britain, France and Italy with the Japanese representative who worked out a definite plan for the protocol to remove the Japanese objections and thereby prevent an adverse vote by the Japanese delegation when the protocol is submitted to the assembly of the league of nations.

Amazed at Growth

Sir Thomas visited Vancouver in 1922 and this morning expressed his amazement at the increased business of this port and the success which had attained the movement of grain through Vancouver.

The distinguished businessman does not expect to see the British market opened to British Columbia halibut for a time at least, explaining that the fish is worth too much on the coast to export to Great Britain. As an illustration of the way halibut has grown in popularity as a food, he points to the price which fish were bought for in 1911 on the occasion of his first visit to this coast, and the prices prevailing today. The old price used to be three cents a pound, he said, whereas now it goes as high as twenty cents, averaging along from ten cents to fourteen cents.

Refrigerator Boats Wanted

"Of course," Sir Thomas added, "the overhead charges in the industry have also increased materially."

"Prince Rupert," he said, "is bound to become a big city. It has natural advantages to make it so. What is needed now is a line of refrigerator steamers to carry fresh as well as salt fish, and also facilities for handling grain, and this last will soon be arranged."

Regarding things in the Old Country, the visitor says they are no better than they should be and improvement is gradual.

Yellow Peril Invades' League.

The League of Nations is feeling the "yellow peril." What at one time seemed to threaten only British Columbia and the west coast of the United States has now made its influence felt in the highest court of the world. Just what will be its effect on the future action of nations only time will tell, but that it will be felt all the time seems sure. The Japanese nation is one to be reckoned with in all world movements.

China is also awakening. Very probably the civil war which is now afflicting that country and which is accompanied by many horrors and for the time being is bound to cause much suffering, may eventually result in the country being roused in such a way as to have marvellous results. For many years there have been signs of a change and the modern movement is spreading rapidly in that country. China will very likely add greatly to the yellow peril. She will learn to develop her own resources and utilize everything that nature has given her with such a prolific hand.

B.C. Vitally Interested In China and Japan.

British Columbia is vitally interested in both China and Japan. She is interested because she is a neighbor to both countries and because there are already a great many Chinese and Japanese resident here. These people perform an important part in the development of the coast districts. While they are clanish, made so largely by the reluctance of the people of the white race to mix freely with them socially, they are rapidly assimilating western ideas and sometimes western ideals. Also they are adopting western vices. Much depends upon the Chinese and Japanese who live here as to the attitude taken by their parent nations. They are still Chinese and Japanese, rather than Canadians, although many of them have adopted Canadian citizenship.

Bound To Be Close Relations.

There are bound to be close relations between the Orient and the cities on the coast. We are ready to do business with them and even anxious that their ships shall call at our ports. This being the case it is for us to adopt a consistent attitude on the Oriental question. All are agreed that it would not be a good thing to have an influx of Orientals here during the formative period in the history of the province but this the Japanese and Chinese find it difficult to understand when there are large areas of land in need of clearing and cultivating, when there are mines to be worked, timber to be cut and in many cases the people of the white race do not want to do the work. The alternative is to fill up those lands with white people. That is our best defense against the yellow peril.

Bound To Become A Big City.

Prince Rupert is bound to become a big city, according to Sir Thomas Robinson, who is interested in the Cold Storage plant here. He has been telling Vancouver people about the great future in store for us and predicts that we shall make rapid advance from now on.

Sir Thomas is thinking along the same lines as ourselves but being a man of prominence with a title, his words carry weight and the people of Vancouver listen.

The Man in the Moon

SAYS:-

ISN'T it queer that most of the political rogues are in the party opposed to us?

THE funny man of the Ketchikan Chronicle remarks "After six weeks' hunting for bootleggers in Alaska, a special prohibition agent says Alaska is drier than ever. And after spending three days in Prince Rupert it's easy to agree with him."

PEOPLE who object to things published in this paper should sometimes consider what the editor knows that he does not publish.

ONE advantage of tight shoes is that the wearers like to stay home evenings and stick their toes into a pair of old fashioned loose slippers.

ALWAYS look on the bright side of life and if there is no bright side, turn on the electric light.

THE difference between a hike and a walk is largely a matter of clothes.

INQUIRIES ABOUT VERSE COMPETITION

Is Open to Everyone and Length is Not a Factor to be Considered

The verse competition is creating a good deal of interest and a good many inquiries have been received in connection with it. In answer to some of these it may be said that the competition is open to everyone, old or young, four or six lines being a good length. This, however, will not be considered in awarding the prize. Following have been received:

Dear Mosquito

Ah, mosquito, how I love you, When the night is sad and long, And at night my tent you enter Cheering with compelling song.

The Bug

There once was an insect, a bug Enseined in a rug;

But the house caught on fire And was burned down entire, And that was the end of the bug.

The Noble Bivalve

Ye others laud the sockeye salmon!
Lift up your anthems to the flounder!

Make halibut your paean's theme!
I strike the lyre to subject sounder.

No tuneful bard on high Olympus Shall sound ambrosia's praises louder,

Than I shall sing Prince Rupert's priceless

Esculent Glam that makes the chowder.

The Poor Fish

Wherever you happen to be, The best brand, it's easy to see, Of frozen and canned

Salmon, halibut and Other fish, is "Prince Rupert, B.C."

But there's one that is not a good dish

The "knocker" it's called, let us wish When he's caught he'll be canned

And marked with the brand "V.P.F." meaning "Very Poor Fish."

The Rat Was Wise

Mr. Cat said once to Mrs. Rat, Oh! why be afraid of me, Come over here, and sit on the mat,

And into your ear's I will tell a story.

The Rat looked wise, As she rolled her eyes, That tale you have told before, Other Rat's ears have heard the same,

But Oh! Mr. Cat you don't play the game, For alas! sad to say, The Rat's always pay,

As they disappear from this earth—evermore.

The author of "The Noble Bivalve" and three other verses fails to send his name with the contributions. Will he kindly either mail it or telephone it to 86. All entrants must sign the contributions, not for publication but as an evidence of good faith. Only in case of a verse

IMMIGRATION NORTHERN B.C.

Hon. T. D. Pattullo Tells of Difficulties in Way of Getting Settlers

ROOM FOR FISHERMEN

Porcher Island Migh Accommodate Number Says Minister of Lands

The following letter from Hon. T. D. Pattullo, minister of lands, in regard to immigration to this district including Queen Charlotte Islands explains the situation clearly:

Victoria, Sept. 25, 1924. Editor, "Daily News."

I would like the people of Queen Charlotte Islands and Northern British Columbia to appreciate the difficulties I have encountered in endeavoring to secure Hebridean fishermen to settle on Queen Charlotte Islands.

One of the fishing concerns operating on the Queen Charlotte Islands recently informed me that he would give employment to five Hebridean fishing families. Accordingly I instructed our Agent General to get in touch with the Overseas Settlement Board with a view to having these families sent out.

The Overseas Settlement Board apparently had been very much prejudiced against the Queen Charlotte Islands as a place for settlement and I received a cable that nothing could be done until a delegation representing the Board had paid a visit to the Coast and made personal inspection.

I replied very strongly and am in hopes that in a short time the misapprehension of those in authority in the Old Country will have been removed.

House of Commons

On May 10, 1922, Mr. Amery answered a question in the House of Commons as follows:

"The Overseas Settlement Committee are authoritatively advised that communication with these Islands, which lie to the north of Vancouver Island, is difficult, that the population is small, and that the Islands are not at present suitable to settlers from this country, except for stock raising and dairying, which could be made successful under proper management, but requires considerable capital. They have already issued a warning as regards settlement in these Islands, and they would urge any persons who may contemplate settling there to communicate with their secretary at 6, St. James' Square, before coming to any decision."

From the foregoing it will be

ROYAL YEAST CAKES

SURPRISE PARTY

Mr. and Mrs. R. W. Champion Welcomed Back to Smithers After Year's Absence

SMITHERS, Sept. 30.—Mr. and Mrs. R. W. Champion, who have just returned to town after a year's absence in Winnipeg, were much "surprised" on Saturday night, when a host of friends stormed their residence, and by vociferous acclaim welcomed them back to Smithers.

When the first effects of the surprise wore off, Mr. and Mrs. Champion graciously placed their home in the hands of the raiders and with song, music and dance the hour of midnight too quickly approached.

After refreshments were served, good-night were said and all departed after a most enjoyable time.

ANGLICAN HARVEST FESTIVAL, SMITHERS

Event Took Place on Sept. 27 in St. James Church, Rev. R. E. W. Biddell Officiating

SMITHERS, Sept. 30.—The annual harvest festival of the St. James Anglican Church, Smithers, was held on Sept. 27.

The interior of the church was artistically decorated with every kind of plant, flower, vegetables and field grasses.

The pastor, the Rev. R. E. W. Biddell, preached an eloquent sermon setting forth the purpose and necessity of offering thanks to God for a bountiful harvest. A large number attended.

HARVEST FESTIVAL

Sum of \$101.75 was Realized at Auction Last Night Concluding Week's Campaign

Proceeds at the auction sale last night marked the conclusion of the Salvation Army's harvest festival last week totalled \$101.75. Everything offered was sold by George Leek who wielded the hammer.

In connection with the baskets donated by the Juniors, an additional prize box of chocolates was won by Willard Rea whose basket brought the highest price \$4.

to the city council last night that the superintendent of utilities was corresponding with the board of underwriters regarding the location of the fuel tank in connection with the oil burning heating system that is to be installed in the city hall. Pending repair, the project is remaining in abeyance.

Motorship Bellingham, Capt. Len Williams, was in port yesterday discharging canned salmon and frozen halibut from Ketchikan for transhipment east over the Canadian National Railways.

Jack Frew, accountant in the C.N.R. general superintendent's office, has left for San Francisco on a month's holiday trip.

Inspector T. W. S. Parsons, provincial police, returned from Victoria on the Prince Rupert yesterday afternoon.

F. S. Sheppard, C.N.R. travelling auditor, arrived from Vancouver on the Prince Rupert yesterday afternoon.

C.N.R. steamer Prince Rupert left the G.T.P. wharf at 10:30 this morning and entered the dry dock.

Parent-Teachers' Association will give a Bridge and Whist Drive next Friday evening at 8 o'clock in the Metropole Hall. Admission 50c.

Gordon B. Robb of Burns Lake returned on the Prince Rupert yesterday afternoon from a business trip to Vancouver and will proceed to the interior by train.

Mrs. Frank Moore and children, who have been holidaying in the south, returned home on the Prince Rupert yesterday afternoon.

A report from the Board of Works recommending the calling of tenders for 3,000 feet of 2 by 8 hemlock lumber for sidewalk repair work was adopted by the city council last night.

A.M. Kipp, manager of Balmoral Cannery, arrived from the Skeena River last evening and is registered at the Prince Rupert Hotel. Balmoral Cannery has now finished operations for the year and Mr. Kipp expects to leave next week for Vancouver where he will spend the winter with his family who have already gone south.

On recommendation of the Board of Works, the city council decided last night to have removed the plank roadway on Seventeenth Street between Second Avenue and Tate Street and also the remainder of the planking on the approach to the old garbage wharf off Westview. The lumber thus obtained will be used elsewhere in the city.

The Canadian Club executive last evening decided to hand over to the Board of Trade the control of the luncheon to be given to Right Hon. W. L. Mackenzie King. This will enable the scope of the event to be broadened. It is contrary to the constitution of the club to be responsible for gatherings of the nature proposed by the board. Members of the club will, however, co-operate in every possible way in order to make the luncheon a representative and successful one, it is announced.

Bloedel-Donovan Box Factory Destroyed and Morrison Mill Co.'s Lumber Yard Suffers

BELLINGHAM, Sept. 30.—Fire destroyed the box factory of the Bloedel-Donovan Lumber Mills here just before midnight last night. The fire also swept through a portion of the lumber yard of the Morrison Mill Co.'s plant and caused a total loss of \$400,000.

STORMY SCENES IN HOUSE OF COMMONS OVER COMMUNISTS

LONDON, Sept. 30.—Stormy scenes occurred in the House of Commons today during the questioning of Attorney General Patrick Hastings with regard to the mysterious abandoning of the prosecution on the charge of sedition of the communist paper Workers Weekly.

BIRTHDAY PARTY

Young Son of Mr. and Mrs. Messner of Smithers Has Number of Guests

SMITHERS, Sept. 30.—The home of Mr. and Mrs. Messner was the scene of a delightful little party on Saturday when their son, De Witt William, had as his guests a large number of his small playmates to help him celebrate his birthday.

Floral and other decorations, with a decidedly juvenile appeal, were much in evidence, but the main attraction was the dining room, the table of which carried a most tempting array of "goodies" dear to the heart of children.

A birthday cake on which was six lighted candles, proclaimed to all that their young host had reached school age.

X-RAY MACHINE TRANSFORMER

Hospital Board Finds it Necessary to Face Expenditure of \$1,700 for New Part

Practically agreeing that the expenditure of something like \$1700 was necessary in order to provide a new transformer and electrical installation for the x-ray equipment at the General Hospital, the hospital board at a special meeting last night passed on to the executive committee authority to take further action on the matter.

E. K. Knott, x-ray expert, and Ernest Love, superintendent of utilities, were in conference with the board. Mr. Knott, in a communication, stated that the motor had burned out owing to the transformer having broken down. The motor was obsolete anyway and, instead of renewing it, he recommended that a new one be purchased.

There was a lengthy discussion resulting in the general agreement that it would be best to purchase the new machine. The difficulty, however, it was pointed out, would arise in paying for the machine. S. K. Campbell, chairman of the finance committee, suggested that some special effort should be made to raise this money so as not to tax general hospital finances to the breaking point. It was suggested that the support of public bodies be sought in a special campaign.

Finally it was decided to refer the whole matter to the executive committee with power to act in devising ways and means.

Before the x-ray equipment is put in an entirely satisfactory condition and paid for, the expenditure will probably reach \$2,500, there being some balances still unpaid on former installation and repairs.

Those attending the special meeting were D. C. McRae, chairman; S. K. Campbell; T. Ross Mackay, W. E. Collison, J. H. Thompson, A. Haines, Harry Birch, Ernest Love and E. K. Knott.

NEW CALIFORNIA LAKE

FRESNO, Ca., Sept. 30 — Although Sequoia National Park has been a public playground for more than 30 years, new discoveries still are made. A forest ranger recently returned from a three-day trip in the Mount Silliman region and reported a lake larger than any hitherto known in the park. The find has been tentatively named Crater Lake.

CITY BILLIARD LEAGUE MEETS

Sport Chat

Officers Elected and Schedule
Will be Drawn up Next Tuesday

The annual meeting of the City Billiard League took place in the Elks' Home last night. Officers were elected but definite organization was deferred and will take place at a meeting to be held next Tuesday in the Great War Veterans' rooms. Delegates from each of the teams will attend this meeting and the schedule will be drawn up. It was decided last night to form an Intermediate as well as a Senior League and organization of this will also proceed next week. It is expected there will be four or five teams in the Senior League. Some 18 billiard enthusiasts attended the meeting last night.

Officers for the year were elected as follows:

Honorary President, John Bulger.
Honorary Vice-President, R. W. Cameron.
President, J. Walsh.
Vice-President, Bert Morgan.
Secretary Treasurer, R. Howe.
Executive — Ben Self, M. M. MacLachlan, Sgt. Jebson and one member from each team.

DAWSON GOT LOTS OF CARIBOU MEAT

Many Dawson people have been laying in a supply of meat for winter the last few days, said the Dawson Daily News last week. A big herd of caribou has been within three or four miles from the city for two or three days. Several people were taking a walk on the West Dawson side of the Yukon Sunday and when about three and a half miles out encountered a few of the animals. Continuing their walk, they found themselves in the midst of a band of about a hundred caribou which had lain down to rest. The animals seemed to have but little fear and the hiking party were in the centre of the band before they showed alarm.

A number of people left that morning for the hills on the opposite side of the river with cameras to get some good pictures of the herd.

SORROW SOON BURIED

"Why did you drink?"
"Judge, I heard of the bankruptcy of an old friend and took a few drinks to drown my sorrow."

"But the officer says you were dancing when he arrested you."

CHARLES RAY in

"The Girl I Loved"

The heart story of a great poet visualized on the screen by a great actor. James Whitcomb Riley's youthful romance pictured by Charles Ray at his very best. A soul-gripping story of real life and real people who loved much, suffered, forgave. A picture replete with tremendous emotion, quaint comedy, rare beauty and exceptional acting. The most impetuous love scenes ever filmed with Charles Ray as the supreme lover. Delightful settings. Charming natural surroundings. Great cast. Patsy Ruth Miller, Ramsey Wallace, William Courtwright, Gus Leonard, Edith Chapman and many others.

ATLIN AVENUE LOCAL IMPROVEMENT BYLAW

Exception Taken to Dividing up the Work on Street and Measure Delayed

The final adoption of the local improvement initiative bylaw to provide for the paving of Atlin Avenue between Second Avenue and Seventeenth Street was deferred for a week by the city council last night so as to ascertain if this bylaw may not be consolidated with that providing for the paving of the west end of Atlin Avenue which has already been passed. On the bylaw coming up for third reading at last night's meeting of the council, Ald. Collart took exception to the dividing up of the work on the same street in two parts. The cost, he thought, should be equally distributed among all property owners on Atlin Avenue. This view was concurred in by other members of the council and accordingly further progress on the bylaw was delayed pending the receipt of further advice as to cost, etc.

The bylaws providing for the paving of Ninth Avenue from McBride Street to Eighth Avenue were finally adopted.

Mayor Newton said it was the intention to complete the paving of Atlin Avenue this year and the eastern section next season.

ROAD GRADING WILL BE PROCEEDED WITH

City Council Received Reply Last Night from P. Philip, Deputy Minister of Public Works

"You may be assured that the provincial government will proceed with the grading of the road referred to in due season. In the meantime, there is no need for the municipality to delay taking action," stated a letter with reference to the Kaien Island road addressed to the city council by P. Philip, deputy minister of public works, and read at last night's meeting.

The letter was referred to the Board of Works and the matter will further be taken up with

CHILDREN'S WARD AT HOSPITAL DEFERRED

I.O.D.E. Not Yet Ready to Proceed With Work—Estimates on Fire Escapes are Received

It was decided by the hospital board last night to delay reconstruction work at the hospital involved in the establishment of a children's ward and the moving of the case-room. The cost of the children's ward, it is estimated, will be \$1200. The Hill 60 Chapter I.O.D.E., which has undertaken its establishment, has not yet raised this much money so the decision was to de-

lay the entire project until the chapter is ready to proceed.

In connection with the fire escapes that it is proposed to install in the building, W. H. Shortridge appeared before the board. He gave certain estimates but did not have his plans and figures complete so it was decided to await these before putting the matter before the city council which is to bear the cost.

MONTHLY REPORT OF ESSINGTON SCHOOL

High Marks Made by Number of Pupils at Skeena River Can- neary Town

Following is the report of Es- sington School for September— Number enrolled, 36.

Perfect attendance—Aileen Binns, Dorothy Hardie, Shige Kameda, Toshi Kameda, Verne Lehto, Leo Lehto, Vieno Lehto, Gordon Letnes, Gladys Letnes, Tokio Morikawa, Omiyo Nakamura, Seighi Abashi, Shigene Ohashi, John Snellman, Peggy Taylor, Robert Vick, Anton Vick.

Merit cards won this month for perfect marks—Anton Vick, spelling, 100 per cent; Yoshio Kishimoto, arithmetic, 100 per cent; Shizue Ohashi, arithmetic, 100 per cent, spelling 100 per cent.

Those ranking 1st, 2nd and 3rd respectively in various classes and average marks made:

Grade VIII.—Dorothy Hardie, 86 per cent; Clarence Letnes, 59 per cent; Verne Lehto, 53 per cent.

Grade VI.—Robert Vick, 77 per cent; Kathryn MacMillan, 68 per cent; Chiyo Walte, 46 per cent.

Grade V.—Anton Vick, 66 per cent; Peggy Taylor, 58 per cent.

Grade IV.—Tokio Morikawa, 78 per cent; Yoshio Kishimoto, 75 per cent; Vieno Lehto and Aileen Binns, 71 per cent.

Grade III.—Shizue Ohashi, 91 per cent; Fanny Snellman, 85 per cent; Edna Gravé, 71 per cent.

Grade II.—Harto Kameda, 59 per cent; Agvat Olson, 59 per cent.

J. M. MARSHALL, Teacher.

Local radio fans are preparing a petition which will be sent to the Department of Marine and Fisheries, Radiotelegraph branch, Ottawa, protesting at the disturbance caused by the government spark set at the Digby Island wireless station and asking that at least two hours each night be set aside clear of this interference so that the many receiving sets in the city may be enjoyed.

The petition points out that, after spending considerable sums of money in buying or constructing sets in the hope of enjoying concerts, it has been found im-

possible to get the best use of the equipment through the incessant interference that is caused by the Digby Island set.

"Some months ago," it continues, "the government, knowing the interference caused by the spark set, had installed in a number of places in B.C. a continuous wave transmitter, this being a more up-to-date method of sending and one in which the interference as caused by the spark set is practically done away with, there being no ear splitting crashes that drown out all music or voices but a slight clicking of the sending key which does not interfere with the receiving of radio concerts. At present, when the government spark set at Digby Island is working, it is impossible to hear a thing but the crashes of the spark set. If this was only once in a while, it would not be so bad but lately it seems to be working the whole evening, night after night."

"Digby Island was one of the places having a new continuous

wave transmitter installed but, since all the privately owned wireless stations such as Annox, Buckley Bay, Ocean Falls, etc., are still using the old spark system, the local station has to use its own spark set to send to these places.

"Under these circumstances it

means that we are going to be

no better off for the old spark

seems to be hitting it off stronger

than ever and we cannot expect

the government to make these

companies changed over to the

continuous wave on account of

the heavy expense, although the

United States government did this.

"We feel, however, that we are

not asking too much of the govern-

ment to arrange with these

companies to give us two hours

each night clear of spark inter-

ference which will still leave 22

hours each day for the sending of

the company messages. The

United States government has

gone one better than this in for-

idding the use of the spark so,
