ANGLO-RUSSIAN TREATY CAUSES TROUBLE

SHORTAGE OF BAIT FOR HALIBUT FISHERIES WORRIES FISHERMEN HERE

Shortage of Bait at All Ports Handicaps Halibut Fisheries Results in Catch Being Small

The bait shortage all along the coast has become acute and, as a result, a number of halibut boats are tied up awaiting supply. It affects American and Canadian fishermen alike for there is little bait to be obtained at Ketchikan, Seattle, Seward, Prince Rupert or Vancouver.

There are some small quantities to be obtained locally but not much. Outside of this, there seems to be nothing else offering.

A great part of the United States fleet are now tied up at various Alaska ports awaiting the herring run there to commence.

The difficulty to obtain bait accounts to some extent for the recent shortage of halibut vessels arriving.

LADY MEMBER VISITS CANADA

Miss Margaret Bondfield at Ottawa on Her Way West to Conduct Investigations

OTTAWA, Sept. 23. — Miss Margaret Bondfield, member of the British House of Commons and parliamentary secretary to the ministry of labor, arrived at Ottawa yesterday afternoon en route across Canada to carry on investigations into the work and information of the overseas settlement board.

AIRMEN ARRIVE AT SAN DIEGO AND TO CLOSE AT SEATTLE

SAN DIEGO, Sept. 23.—America's round the world flyers returned Monday afternoon to San Diego whence they took off last March on their globe encircling trip. To give good measure to the achievement they arrived ahead of schedule.

They expect to resume their trip today leaving for Santa Monica this afternoon. The journey ends officially at Seattle.

EMPLOYEES OF N.Y.K. RESIGN

Organization of Big Japanese Steamship Company Crippled by Action

TOKIO, Sept. 23.—The entire organization of the Nippon Yusen Kaisha, the leading Japanese steamship company, has been rendered virtually useless by more than 800 resignations including those of foreign branch managers who are dissatisfied with the administration of President Ito in dismissing eleven employees.

SPECIAL STEAMSHIP TRAINS TO HALIFAX

WINNIPEG, Sept. 23.—Special steamship trains will be operated by the Canadian National Railways from Winnipeg to Eastern Canada to meet boats carrying passengers to the Old Country. The trains will run right to the ships' side at Halifax. Sleeping cars from the west will connect with these trains. Excursion fares for the trains will also be in force.

PACIFIC NAVAL SQUADRON MAY EVENTUALIZE

Suggestion of Co-operation Between Australia and Canada Headquarters, Vancouver

OTTAWA, Sept. 23.—No correspondence so far has been received intimating that Australia hoped to have the co-operation of Canada in the formation of a Pacific squadron with headquarters at Vancouver as had been stated in a special cable. The only word that Australia would welcome such co-operation it is stated has been contained in press despatches.

FIFTY MILLIONS IN THREE HOURS ARE SUBSCRIBED

TORONTO, Sept. 23.—The Dominion Government refunding loan has broken all records. At noon yesterday when the subscription books closed the entire offering of $50,000,000 had been over subscribed in less than three hours.

JAPANESE PLANNING ROUND WORLD FLIGHT

Will Make Trips Across Pacific and Also to London, England

TOKIO, Sept. 23—The Imperial aviation society has announced plans for flights by Japanese aviators across the Pacific and from Japan to London and possibly around the world, for next year.

GERMANY WILL ENTER LEAGUE IF POSSIBLE

BERLIN, Sept. 23. — Germany will make an effort to enter the League of Nations on an equal footing with the great powers, it was officially announced after a cabinet meeting here today.

A surprise party took place last night at the home of Mr. and Mrs. Jack Ratchford, 733 Tallow Street, when 25 people invaded the home and took possession. The time was spent in cards and singing and, following the serving of refreshments, a silver fruit dish was presented to Mrs. Ratchford by the members of the Mooseheart Legion.

Russian Policy of British Labor Government is Danger Point; May Lead to Election

LONDON, Sept. 23.—Will the Labor government fall on its Russian policy? That is the question which is being asked here and on which there is grave doubt. If there is to be an election soon it is likely to be as a result of that policy.

MOSCOW, Sept. 23.—The noted economist, Miliutun, writing in Pravda declares the time has come to break off negotiations in connection with the claims of British financiers regarding the Anglo-Russian treaty. He contends that it has become evident that the British government in signing the treaty did so only in formal fulfillment of the Labor party election pledges and declares the real policy of the Macdonald government is the same as that of Lord Curzon.

LONDON, Sept. 23. — A letter from Right Hon. H. H. Asquith, leader of the Liberal opposition in the House of Commons, to a correspondent condemning the Anglo-Soviet treaty, seals the position as far as orthodox Liberals are concerned. The Labor government is now confronted with the pledge of the Liberals to oppose the loan to Russia.

EFFORT TO END STRIKE

Department of Labor at Ottawa Trying to Bring Operators and Miners Together

EDMONTON, Sept. 23. — An effort is being made to bring together the coal operators and miners with a view to ending the strike which has been in progress all summer. During that time the mines have been closed or working only with small staffs. A move to bring about a settlement is being made by the Federal department of labor. The first conference held some months ago failed.

A. W. CAMERON IS MOVED TO CALGARY

A. W. Cameron, formerly manager of the Royal Bank here, is taking over the managership of the main branch of the bank in Calgary. He was originally to have gone to Moncton but S. J. McLeod, manager here now, has been given that post.

MORE TELEPHONES IN USE THAN EVER BEFORE IN CITY

Last week there were seven more telephones in use in Prince Rupert than ever before in the history of the city, Ald. Macdonald, chairman of the utilities committee, stated at last night's council meeting.

The statement was made when Ald. Macdonald was speaking to a recommendation from the utilities committee recommending that a new telephone directory be printed at once. It was pointed out that the books now in use had been issued a year ago whereas the previous policy had been to issue every six months. There were no directories left and new subscribers had had to go without books. The recommendation was approved.

SON OF PAT WELSH KILLED BY AUTO AT SPOKANE

VANCOUVER, Sept. 23.—James Welsh, son of Pat Welsh, the well known railway builder and contractor and wife were both instantly killed near Spokane Sunday night when his auto hit the pier viaduct, according to word received in the city yesterday. Both were frequent visitors to British Columbia.

TRUE BILL IN DR. BOAK CASE

Trial Proceeding Today on Two Counts of Manslaughter at Victoria

VICTORIA, Sept. 23. — The Grand Jury at the criminal assizes which opened here yesterday brought in a true bill against Dr. Eric W. Boak on two counts of manslaughter connected with the deaths of the late Alexander McLaughlin and the late David Dallantyne.

The trial was set down to commence this morning at eleven o'clock.

OTTAWA PLEASED SUCCESS OF LOAN

OTTAWA, Sept. 23. — Great gratification is expressed here at the success in floating the refunding loan. Coupled with the successful financing in New York it is regarded as a great tribute to the financial stability of the country.

LINE OF AIR SHIPS PLANNED

Sir Sefton Brancker Suggests That it Will be Operating to U.S. Before Long

LONDON, Sept. 23. — Glad tidings for those who suffer from sea sickness comes in the declaration of Sir Sefton Brancker who sees a vision of a regular line of airships between England and the United States. It is impossible to carry out the scheme between Britain and Canada it is stated because Canada will not co-operate by building necessary bases on this side the Atlantic.

Fishing Boats Will Use Close Season as Period for Overhaul of Boats Readiness for Spring

With the three months close season for halibut to be brought into effect on November 16, an interesting question awaits interpretation and advice as to it is now being awaited from the department at Ottawa. The question is whether the close season when it opens shall prohibit the catching of fish alone or its marketing as well. If the former is the case, fish caught before November 15 may be sold a few days later.

It is not expected that the close season will have a very serious effect on general business. The American boats will proceed to their home ports and there go through the usual winter proceeding of overhauling, cleaning and painting. The same will apply to Canadian boats most of which will tie up in Prince Rupert.

Of course, the three month vacation will also be taken advantage of by many to go on holiday trips to their various homes, some of which are far afield. It has been a good halibut season this year and the most of the fishermen are understood to be pretty well off financially.

The close season will be from November 16 to February 15, both dates inclusive. The matter of enforcing the close season will not be difficult. There will simply be no fishing when it is impossible to sell the fish.

PRINCE GREETS OLD FRIENDS

Arrives in Canada and is Met by Premier King at Ottawa

BRENT, Ont., Sept. 23. — On board Prince of Wales special train, twenty-four hous after leaving the Burden estate on Long Island, which had been his home for three weeks, the Prince of Wales was travelling through the northern section of the Algonquin provincial park of Ontario, en route to his Alberta ranch. Polo fields and golf courses of Long Island had given place to the rugged highlands park covered with pine and studded with lakes. Through Vermont, Quebec, and Ontario the royal visitor, sitting in the observation end of the special Canadian National train which is speeding him westward, was welcomed at every station by waving handkerchiefs and continuous ripples of cheers, demonstrating that he has retained in full measure, the affections of the people.

The first stop today was in the railway yards at the western outskirts of Montreal and there was a large gathering to greet him and the usual brigade of cameramen. "His Royal Highness is delighted to have an opportunity of again meeting his Canadian friends," said Captain Allan Lascelles, M.C. speaking for the Prince.

At Montreal Major H. J. Hodgson, private secretary, conveyed to the Prince of Wales the respects of Lord Byng of Vimy, the Governor General of Canada. Lord Byng and the Prince were closely associated in France during the war.

Met by Premier

On arrival at Ottawa His Royal Highness was met by the Prime Minister, Right Honorable William Lyon Mackenzie King. As the train drew into the terminal, the Prince jumped off and shook hands very heartily with the head of the government, chatting with him until the train was almost due to start, when he greeted other friends including Hon. Martin Burrell. During the afternoon and evening His Royal Highness heard special radio broadcasts to his train from the Canadian National Railways CNRO, station at Ottawa. During his progress across the continent the Prince is keeping in close touch with the world news, special cable service being broadcast at intervals to the train.

By Canadian Press

MONTREAL, Sept. 23. — The Prince of Wales spent fifteen minutes in Montreal this morning while the special train was being examined and then he left for Ottawa. Only a few people outside of railway officials witnessed the Prince's arrival and special precautions were taken to ensure complete privacy for him. On his return east after visiting E-ranch at Hight River, Alberta, the party will travel over the Canadian National Railway to Quebec, via. Toronto, stopping at Montreal and Toronto. Following a visit to his ranch the Prince will visit Jasper National Park.

"There he is" and "God Bless Him" burst from a number of throats when heir to the British throne smiled to some 500 admirers who had gathered in railway yards to catch a glimpse of him. Much of the time of the Prince's stay in Montreal was spent in answering cables. However he found time to come to the door of his car and bow and smile at the eager crowd which had gathered to bid him welcome. He also posed for the benefit of photographers.

PRINCE RUPERT LOOKS GOOD

G. H. Arnold Says Interior from Here Compares Favorably With Southern Valleys

That the valleys between here and Edmonton look much more prosperous than the valleys to the south of the international boundary between Seattle and Sokane, is the expressed opinion of G. H. Arnold, who returned recently from a trip which includde Seattle, Spokane, Portland and other centres.

Mr. Arnold is much enthused over the conditions here compared with some of the points he visited. He says there is more way traffic on the railway between this city and Edmonton than between Seattle and Spokane and the possibilities of development are greater. Business is better here than it is in Spokane. In that city property is absolutely unsaleable and business is not as good as it was some years ago. Here Mr. Arnold sees prospects bright and everyone doing well.

The trip, Mr. Arnold says, was en eye-opener and made home look good.

Union steamer Cardena, Capt. A. E. Dickson, will arrive from Stewart and Anyox at 11:30 tonight.

MONKMAN PASS LOOMS LARGE

Members of Reconnaisance Party Says it is Important Factor in P.G.E. and G.T.P.

Looming up as the possible solution of the Peace River transportation problem, and easily the most important factor in the rehabilitation of the P.G.E., the E.D. & B.C. and the G.T.P. from Prince George to Prince Rupert, the recently discovered Monkman Pass has proved to be one of the most attractive grades in the entire system of the Rockies, according to members of a Canadian National reconnaissance party, which has just returned here after an absence of 43 days spent in conducting an examination, says a special despatch to the Vancouver Star.

Equal to Yellowhead

E. M. Hill, the engineer in charge, is reticent until his report has gone to headquarters, but other members of the party are enthusiastic in declaring that a grade equally as attractive as the Yellowhead has been secured.

With their pack horses the party successfully made their way through the new pass to within 45 minutes' walk of the Herrick River on the west side of the mountains. Although such deadfall had to be negotiated and the stretch through the pass was devoid of any vestige of a trail, the party made good time and found abundant feed for their horses.

Free From Slides

They found the pass is entirely free from snow slides, and the mileage from Wembley, the new E.D.&B.C. terminus to the Grand Trunk near Prince George, is even less than the 160 miles at first calculated.

It is probable that Monkman Pass will prove the solution of the Peace River and P.G.E. problems so long sought by Premier Oliver, and it opens up new possibilities for this section of Canada. Engineers with the party regard it as one of the most important railway discoveries since the Yellowhead Pass route was surveyed.

WOMAN BURGLAR

MONTREAL, Sept. 23. — A woman burglar, presumably, is suspected of having caused a blaze in a Notre Dame de Grace home, her method being to secure the loot (jewels and women's clothing only being taken) and then to fire the house to destroy all clues.

MAZE OF FIGURES IN INDIAN CASE

Wisdom of Solomon Required to Untangle Financial Problems Presented to Court

SMITHERS, Sept. 23. — The wisdom of Solomon was necessary to untangle the many and varied problems represented by the maze of figures—figures that increased and decreased at the whim of the principals, and kept continually on the jump from the debit to the credit side of each and every ledger they could produce, when Willie Ting and John Sebastian (Indians), plaintiffs in a suit against Don Walters (Indian), of Palling, B.C., had their case heard before His Honor Judge F. McB. Young, in County Court sittings, held here on Sept. 18.

The plaintiffs claimed $160 from Walters, the balance alleged due on a tie contract, while the defendant (Walters) had a contra claim for $300.

After several hours of delving into the hopeless mass of figures, and hearing of evidence—evidence that contradicted itself every few minutes, the court ordered that the plaintiffs get $90 and $45 costs on their claim.

L. S. McGill appeared for the plaintiffs and H. L. Robinson for the defendant.

FRANCOIS LAKE MAN GETS SIX MONTHS FOR SELLING LIQUOR THERE

SMITHERS, Sept. 23. — S. H. Hoskins was in Burns Lake on Friday, as magistrate to try the case of J. McDougall, of Francois Lake, who was charged with selling liquor contrary to the Liquor Act, and sentenced to six months at hard labor in Okalla.

L. S. McGill, of Smithers, appeared for the Crown, and M. Gonzales of Prince Rupert acted for the accused.

McDougall is appealing the sentence and pending bail arrangements is in custody at Burns Lake.

BRITAIN BEST MARKET FOR UNITED STATES

England was far and away the best customer of the United States for canned fish in the month of June. She bought over two million pounds for over three hundred thousand dollars. The next best customer was Mexico which took 158,000 and Canada which took 108,000. Australia, also part of the British Empire, came fourth. British countries took most of the pack.

YOU may possibly have heard of the young man who told the girl she was the only one he had ever kissed and by far the nicest.

SEWING circles, afternoon bridges and pink teas are the keenest competitors the newspapers have.

IT'S easy enough to be pleasant
When nothing at all goes amiss
But the man worth while
Is he who can smile
As he writes such stuff as this.

YOU can be pretty sure the brain has stopped growing when you see the head begin to swell.

WHEN you are told to do a thing
And want to put it off
All you do is whisper dad
"D'you want a game of golf?"

EVERY person slips a little but when you see the sort of things some of the girls fall for, it makes you lose faith in human nature.

A LAUGH is an overgrown smile.

LOVE is like a cigarette. You begin it without stopping to think. You fondle it, play with it, inhale it and possibly it will burn your Fingers.—There are more cigarettes.

And want to do it well
Get to work on it at once
Do it in spite of anybody.

CONSTANCE TALMADGE URGES DANCING FOR KEEPING IN CONDITION

She Also Likes Golf, Fencing and Drives Her Own Car : Seen in "The Goldfish" Tomorrow Night

"There's no means of keeping in trim like dancing. Tripping the light fantastic exercises every muscle in the body and teaches control of the body as nothing else can. I am constanly learning new dances."

Thus spoke Constance Talmadge, star of "The Goldfish," coming here tomorrow evening.

"I started out by mastering the two step, waltz, one step and fox trot. Then I learned the maxixe and tango. Then I learned the Camel Walk, the Chicago, the Collegian, the Sheik Tango, and about a year ago I devised my own fox trot which I danced with Maurice.

"I have now started in with national and folk dances, as well as those of bygone years. I learned the minuet and old English dances for 'The Dangerous Maid,' and a Chinese dance for 'East is West.' The number of national and folk dances appals me but I am making a brave start.

"In addition to dancing, I take a mild interest in golf, a keen interest in driving my own car, and, best of all, I like to fence. For more than six months I have been taking daily fencing lessons from Fred Cavens, the Belgian swordsman."

JACK TONER LOST HIS AUTOGRAPH DOOR

Carried it Off With Him When He Left Rupert but Lost it In Vancouver

Someone in Vancouver has the door of Jack Toner's cabin, according to reports from Seattle says the Vancouver Province. The cabin is at Seal Cove, near Prince Rupert. Toner entertained the American round-the-world flyers when they were at Prince Rupert, and they all wrote their names in chalk on the door. To preserve the signatures Jack varnished them.

On April 10 he bade them farewell, rowing them to their planes. The only memento they left him was the door. This he carefully removed, and took to pieces. When they were approaching Seattle he decided to take a trip to Seattle to welcome them, and he headed for Seattle with his door. In the transfer from the Grand Trunk to the Canadian Pacific Railway he says his baggage was lost, with the priceless door. He is very anxious for the present possessor to return it to him. Toner is now in Seattle, but will leave shortly for his old home in Kentucky, returning thence to the north.

WOMEN LEND MONEY HIGH INTEREST RATE

LONDON, Sept. 23. — Out of 1,380 money-lenders on Merseyside over 1,000 are women who concentrate on the poor and uneducated, states the Industrial Reform Committee of the Women Citizens' Association.

These women charge interest of 433 per cent, or a penny in the shilling weekly. The trouble begins when a woman borrows a second loan to pay off the first. One married woman has had six loans in five years. Each time she renewed for a larger amount, and her present debt is £110, for which she has received only £30 in cash.

SEES WONDERFUL FUTURE FOR CITY

E. A. Blow Says He Knew Vancouver When it Was a Struggling Little Town and Veritable Mudhole

"It is not many years ago that Vancouver was in much the same position as Prince Rupert," said E. A. Blow of the publicity department of the Canadian National Railways, who is leaving for the East today en route back to his headquarters at Winnipeg. Mr. Blow is editor of the publication gotten out by the department and is in close touch with development work. He has been a newspaperman for many years at Winnipeg and other points.

Mr. Blow says when he knew Vancouver first it was a small place and the worst mudhole that could be imagined. He points to the manner in which it has developed into a fine city and says the same will occur here.

A report from the Board of Works recommending that a four-foot sidewalk to the length of about 400 feet be built on Eighth Avenue between Alfred and Bacon Streets under local improvement was adopted at last night's council meeting. Ald. Casey explained that the sidewalk was required for new residences that had been built. There was no precedent involved in building it.

By filing a communication setting the dues for this city at $18, the city council decided last night not to take membership in the Union of Canadian Municipalities. Ald. Casey felt that membership in the Union of B.C. Municipalities covered requirements along the line and moved that the communication be filed. This was seconded by Ald. Clapp and carried. The communication gave notice that the headquarters of the Canadian Union had been moved from Montreal to Ottawa.

Mrs. Whatman, sr. arrived back in town on Sunday evening after spending two months holiday in Winnipeg and southern cities.

P. W. Anderson, road superintendent, is leaving on this afternoon's train for Terrace and Kitwanga on departmental business.

Miss Helen Randal, R.N., inspector of hospital training schools, will sail tonight on the Cardena for the south calling at Bella Bella enroute to Vancouver.

Miss Dorothy Kidd of Burnaby, who will join the King Edward High School teaching staff, arrived in the city from Vancouver on the Prince George yesterday afternoon.

Mr. and Mrs. James Haslett, who have been in the city for the past week visiting their daughter, Miss Ted Hazlett, will sail Thursday night for Vancouver. They have moved from Anyox and may locate at Britannia.

Charlie Ryan of Port Simpson, charged with the theft of a gas engine, appeared before Judge Young in the County Court yesterday afternoon and elected speedy trial. The case is adjourned to allow accused to obtain counsel.

Dr. J. A. Bancroft of McGill University, who has been connected with the Granby Co. staff during the past summer in a consulting capacity, arrived in the city from Anyox on the company boat Azurite yesterday and sailed last night on the Prince George for Vancouver enroute to Montreal.

NOT COMING WEST

OTTAWA, Sept. 23. — Hon. Arthur Meighen will not come west this year. His visit to the Peace River country has been cancelled.

OF INTEREST HERE

Announcement is made in Vancouver of the engagement of Miss Daphne Brougham, daughter of Mr. and Mrs. Wilfrid C. Brougham, to Jocelyn Arthur Hobday. The wedding will take place on October 21 in St. Paul's Church, Vancouver. Mr. Hobday is well known in Prince Rupert as representative of the Vancouver Breweries.

VICTORIA, Sept. 23. — The money bet on British Columbia race tracks during the season which ended Saturday totalled $6,397,565, according to figures in possession of the department of finance.

Last year the season's bets amounted to $4,655,718

WHIST DRIVE

Pythian Sisters Were Hostesses at Affair in Boston Hall Last Evening

The Pythian Sisters were hostesses at an enjoyable whist drive in the Boston Hall last night. There were ten tables and prize winners were: Ladies' first, Mrs. A. Ivarson; ladies' consolation, Mrs. F. W. Hart; men's first, Walter Shaw; men's consolation, W. G. Oakley. Ray Love was in charge and the committee consisted of Mrs. A. Ivarson, Mrs. D. McCulloch, and Mrs. T. J. Shenton. Refreshments were served.

SPORTS GIRL WEARS HER HAIR UNBOBBED

LONDON, Sept. 23.—The Daily Mirror Sports Girl, awarded a first prize of £500, wears her hair 'unbobbed.' A triumph for long hair, says "A Doctor," writing in the periodical. He believes that men grow bald because they cut their hair, and sounds a warning to feminine readers. Another male correspondent sighs over the "Newest cult"—long hair. "This means that not only has all the money being spent shortening it been wasted, but wives have to look for a month like female tramps unable to afford a hairdresser. Wigs? A long suffering husband can only ask pathetically: "What is the price of Wigs?"

Major R. M. Taylor, district engineer for the provincial department of public works, left on last night's train for Burns Lake.

Sport Chat

After the most successful season in the history of the club in which interest was maintained from the time of the opening of the handicaps until the closing, the Prince George Tennis Club trophy contests were completed last week. The cup presented by Messrs. Hughes & Drake for the ladies' competition was won by Miss Ruth Hornsby and the cup donated by I. B. Baird for the men's competition was won by Harry Goodwin.

The Prince George Curling Club is moving its rink to a site secured at the rear of the city hall. The chief object of moving the rink is to secure a longer curling season. For the present the curlers will content themselves with two sheets of ice but the new location will make it possible to have two additional sheets. An entertainment will be put on shortly by the club to raise funds.

As a young man, Hon. Hal. McGivern, the new minister without portfolio in the federal cabinet, made a name for himself as an athletic captaining the all-Canada cricket team for five years and playing Rugby with the Ottawa 15. He was a member of the Canadian Olympic team in 1908. For several years he was president of the Ottawa Cricket Club.

The display of boxing given in Assembly Hall, Hazelton, last Saturday evening was productive of some good bouts of the four-round variety, and, if showing more of action than science, greatly entertained a good crowd. In the head-line event, a six-round affair, Peter Spooner, of New Hazelton, was given the decision over Clarence Allen, of Prince Rupert. A. A. Connon refereed.—Omineca Herald.

WOULD PUT OPIUM SMOKERS ON RATIONS

SINGAPORE.—The use of prepared opium in Malay has diminished in recent years, and its eventual elimination depends on individual control, says the report of a committee appointed to enquire into the matter. It is stated that registration of smokers should be given an exhaustive trial leading up to a rationing system.

The committee expresses gratification "in finding that the disease is not so desperate as to demand desperate remedies," and adds that precipitate suppression affords no solution and would introduce complications in the ultimate eradication of the habit.

SHOOTING AIRPLANES INTO THE AIR WITH EXPLOSIVES ON SHIP

WASHINGTON, Sept. 23.—The motive force of explosives may surplant that of compressed air in catapulting airplanes from the decks of naval vessels as a result of recent tests at the Anacostia, D.C., air station.

In the new catapult a pistol shot ignites a powder charge which literally "blows" the carriage on which the plane rests to the rail at the rate of 60 miles an hour. The car is stopped abruptly by hydraulic bumpers, but the plane continues on its way.

Space occupied by air compressors is saved in the improved type and loss of time, formerly devoted to recharging the tanks for each flight, is averted.

NEW HAZELTON

The Ladies' Aid of the New Hazelton Church has been reorganized with the following officers: President, Mrs. C. H. Sawle; vice-president, Mrs. Weaver; secretary-treasurer, Mrs. Thornton.

Fred Griffin has temporarily closed his pole camp on the Skeena River below Skeena Crossing. He expects to reopen later in the season with a smaller crew.

A glass and china shower was held last week by the Ladies' Hospital Auxiliary. The affair, which was in charge of Mrs. MacKay, Mrs. Cox and Mrs. Anderson, was very successful.

A dance was given Friday night as a farewell to Miss McCall, who is leaving the hospital this week, and L. B. Wrinch, who also leaves this week to resume his studies at Toronto.

Oswald Morven of Gitlakdamiks and Miss Mabel Sophia Wilitzque of Kitwanga were married last week by Rev. T. D. Procfor.

The Ladies' Aid of the Union Church at Hazelton has elected officers as follows: President, Mrs. MacKay; first vice-president, Mrs. Pound; second vice-president, Mrs. Hogan; secretary, Mrs. Grant; treasurer, Mrs. Boden.

HON. T. D. PATTULLO UPHOLDS POSITION IN LETTER TO PRESS

Urges Against Misinformation and Misrepresentation in Connection With Capilano Lands

The following letter was published in the Vancouver press from Prince Rupert's member:

Reports in the press indicate that the mayor of Vancouver proposes to ask me for an explanation of the sale of six limits in the Capilano watershed to private interests since the reserve of 1905.

The items have appeared in the press in this connection are based upon a communication, according to the press reports, sent to the Property Owners' Association, Vancouver. The information sent to the Property Owners' Association, Vancouver, indicated very clearly just how and when the timber limits referred to were alienated, and the information was available before the publication of these reports.

I cannot come to any other conclusion than that these reports are deliberately published for the purpose of creating an impression in the public mind that this department, during the regime of the present administraton, has disposed of timber limits within the Capilano watershed since the placing of the reserve of 1905.

Let me say that the limits referred to as having been alienated since the reserve of 1905, with one exception, were staked during the time that timber was open for staking in this province during the McBride-Bowser administration. The only timber that has been disposed of since the present administration took office are two small fractions of isolated timber adjacent to the operations of the Capilano Logging Company, which it was desirable should be logged in view of the operations now going on in the watershed. One of these strips contained some four and three-quarter million feet and the other some two hundred and seventy thousand. In both of these instances it would have been simply foolish to leave these isolated stands situate as they were.

Has the Authority

In view of the fact, however, that the right to dispose of any timber within the Capilano reserve has been called in question, it may just as well be clearly understood that there is not the slightest question of the authority to dispose of the timber in the watershed if it should be so determined.

It is about time that the good sense of those in authority in Vancouver should prevail, rather than misinformation and misrepresentation should continue to be circulated. The protection of the Capilano watershed is of first importance and the only way that it can be protected is through the collaboration and co-operation of the provincial government, the city of Vancouver and the logging company now operating there.

I earnestly hope that the mayor of Vancouver will accept my suggestion and appoint three experts who, with three experts appointed by this department, can thoroughly review the whole situation in order that the most expert opinion may be available for final determination of policy.

There is no doubt that a larger measure of control must be exercised over the operations of the logging company if the watershed is to be protected to its highest purposes and there is equally no doubt that this object can only be attained through mutual understanding and co-operation. The people of Vancouver would do well to take the good intentions of the government and this department of government at their face value. The government is just as anxious to protect the interests of Vancouver in the Capilano watershed as is Vancouver city itself, and it has, at the same time, the duty of protecting the interests of all the other municipalities adjacent, as well as the interest of the province at large.

Will Not be Bluffed

It may just as well be understood clearly and definitely now that I, personally, have no intention of being bluffed, browbeaten, bulldozed nor caluminated into submission to the dictation of a few interested persons who know little of the real situation but who, for purposes of their own, appeal to the natural self-interest of the people of Vancouver who, in general, know nothing of the situation but who very naturally are fearful and nervous in a matter so important as their water supply.

It is about time that those in authority in Vancouver got down to common sense business to collaborate and co-operate with the government, rather than indulging in long-distance sniping which accomplishes nothing and frightens nobody.

T. D. PATTULLO,
Minister of Lands.

SMITHERS

Mr. and Mrs. Dr. G. Hanson, Dominion geologist, left town on Thursday morning last for Ottawa. They will visit friends in Saskatoon and Winnipeg en route.

At the recent meeting of the Ladies Auxiliary of the Bulkley Valley District Hospital, arrangements were made to hold a whist drive in the Catholic Club Hall on September 26.

Another successful annual dance under the auspices of Mystic Jewel Lodge, No. 140, Order of Rebekahs, was held in the town hall on Friday last. The crowd was not as large as on former occasions. At midnight super was served, and upheld the fame of the Rebekahs for their culinary abilities. After supper, the Gray Orchestra kept the crowd in rollicking good humor by its "repeats" to the numerous encores.

The following applicants for naturalization appeared before His Honor, Judge F. McB. Young, at the sitting of the County Court, holden in Smithers on September 18: Leon Belmont, Hazelton; James Dyer, Walcott; Jasper Newton Elliott, Evelyn; Harry Gunderson, Smithers; William D. Lukens, Palling; Lee Martin Newgard, Nadina River, Colleymount; John Orr, Burns Lake; Ontonio Sartori, Hazelton; Wayman Halet Weldon, Francois Lake; in all cases naturalization was granted.

James E. Kirby, mining recorder, is away on vacation. He will visit friends in Vancouver, Victoria and Bellingham, Wash., returning in a couple of weeks.

Judge F. McB. Young and M. Gonzales of Prnce Rupert, were the guests of J. E. Kirby on a game hunting expedition on Saturday. Both gentlemen proved themselves as capable of handling a gun as they in untangling knotty legal problems, returning to town with bags just "within the law."

Fred Ockleshaw made a trip to Burns Lake on Friday. He was on business in connection with the new school being erected there, and now in final stages of completion.

Chief Service of the Provincial police, motored to Burns Lake on Friday. He was accompanied by R. Baird, inspector of Municipalities for B.C.

Harry Moore, arrested by Constable Thiis of the Smithers detachment Provincial police, on a charge of disorderly conduct, appeared before Magistrate Hoskins on Saturday and was fined $15 and costs. Moore, who comes from Shames, B.C., landed in town recently.

Wm. Aspinall, assistant general chairman of the United Brotherhood of Maintenance-of-Way employees, with head-quarters at Winnipeg, reached town on Saturday morning to be present at a special meeting called by the local lodge on that day. Maintenance-of-Way employees from Pacific west to Endako east attended in full force.

PRINCE GEORGE

The city council is to submit a bylaw to the property owners on September 29, authorizing the expenditure of $2,000 to provide increased school accommodation.

The provincial government is to start work at once on a $30,000 bridge across the Fraser River at McBride, H. G. Perry, M.L.A. announced last week. The bridge it is expected will ultimately be the link in a highway system from Edmonton to the coast.

David Edwards McKim, who was adjudged a hundred per cent baby at the recent Westminster Fair, was born in Prince George. His parents are Mr. and Mrs. Walter McKim who only recently moved away from here.

H. G. Perry, M.L.A. admits that he is in the running for the appointment of speaker in the legislature.

George Porter is erecting a two-storey store and rooming building at the corner of Dominion Street and First Avenue. It will cost in the neighborhood of $10,000.

The local Board of Trade is to call a mass meeting of citizens for the purpose of arranging for the attendance of at least one representative from the district at the conference between the heads of the Canadian National and Canadian Pacific Railways and the representatives of the federal, Alberta and B. C. governments on the Peace River railway question. The provincial government is also to be asked to have H. G. Perry, M.L.A. attend the conference.

Jesse Elmer Gray, one of the pioneer residents of Prince George, died at his home here last week, aged 64. He is survived by a widow and two sons, Jesse and Elmer.

Work on the highway between Prince George and Quesnel is being advanced as rapidly as possible and, with a reasonable spell of good weather, there should be a good roadway between the two points before winter sets in.

Mrs. A. P. Anderson and children have returned to Prince George after an extended motor trip through the Pacific Coast sates as far as California.

Mrs. George Abbott left for Montreal last week accompanied by her son, Harold, who will enter McGill University to take a course in electrical engineering. Mrs. Abbott wll visit with relatives in New Hampshire before returning to the city.

W. L. Hornsby and daughter, Ruth, left last week for Vancouver where Miss Hornsby will commence her studies in the University of B.C.

MORE THAN HALF OF HALIBUT OF COAST LANDED AT RUPERT

The Pacific halibut fleet, augmented by many new vessels and equipped with modern engines, last month gave an interesting demostration of its producing capacity under favorable conditions, says the Pacific Fishermen. Arrivals at the principal Pacific ports for August were among the largest, if not the largest, for any month on record, amounting to nearly six million pounds. By far the heaviest arrivals were at Prince Rupert, where landings for the calendar month were 3,842,500 lbs., setting a new record for that port, and a number of fares were diverted to Ketchikan for freezing. At the latter port also the arrivals were exceptionally large, amounting to nearly a million pounds.

Seattle arrivals were nothing extraordinary, fares by fishing vessels being nearly 90,000 lbs. less than in July, while arrivals of boxed fish from Alaska were nearly double those of July, though much less than for May or June. The total of No. 1 fish was noticeably less than for three months previous, while chickens showed a slight decrease compared with July. The number of fares was a little larger, with a corresponding decrease in the average.

FISH BY-PRODUCTS PLANT AT SIDNEY

Brackman-Ker Milling Company Controls Outfit Just Starting Operations on Vancouver Island

The new fish by-products plant at Sidney, B.C., owned by a subsidiary of the Brackman-Ker Milling Company of Victoria, was delivered about a month ago, says the Pacific Fisherman. The installation has been under way since then, and the outfit was expected to start operation early this month. The unit is one of the new vacuum type made by the California Press Manufacturing Company, and described in Pacific Fisherman for March. The most interesting feature of the process is that, by using a steam-jacketed vacuum cooker, the valuable materials formerly carried off in the press-liquor are saved and included in the fish meal. In view of this innovation, which is a marked departure from the processes formerly used on this coast, the performance of the installation will be watched with great interest.

The plant is located in the building formerly occupied by the Sidney Canning Company at Sidney, Vancouver Island. It was reported some time ago that the provincial authorities had refused permission for the plant to operate, but this is denied by Dr. H. E. Young, provincial health officer, who states that it conforms in every way with the government regulations.

Fred Stork, M.P. addressed the Women's Canadian Club last Saturday afternoon telling of his recent trip to the Wembley Exhibition. The address was very interesting and was highly appreciated by the large gathering of women. The meeting was held in the Boston Hall and Mrs. C. A. Eggert presided.

BALANCE UNSPENT SECTION 1 BYLAW STREET GRADING

Respecting a letter recently received by the city from M. L. Adous, owner of property at Park Avenue and Eleventh Street, asking that grading be continued on the street leading to his property, the city council last night received the following report from the city treasurer on bylaw 19 (secton 1 grading):

Amount expended June 1916	$624,899.01
Loss on bond sale	92,500.00
Interest	4,289.35
	$721,688.36
Debentures sold	740,000.00
Balance unexpended	$ 18,311.64

The mayor suggested that the report be referred to the board of works for report as to whether or not the unexpended balance should be spent. This was done.

ISLAND ROAD

Ald. Casey Inquired at Last Night's Council as to What Government Intended Doing

Ald. Casey had some inquiries to make at last night's council regarding negotiations between the city council and the provincial government in connection with the road to Galloway Rapids. The board of works had decided to send a letter to the government inquiring about the policy it intended following. He had no heard of a reply being received.

Mayor Newton replied that a reply had been received stating that some definite information would be forthcoming shortly and the city would then be communicated with again. The matter had been left in the hands of the board of works.

J. W. Hamilton, for several years teller in the local branch of the Royal Bank, leaves on Thursday night on his annual vacation and will not return to Prince Rupert. While in the south he will be given a transfer to some branch in the southern interior. Mr. Zimmerman arrived yesterday from Vancouver to take Mr. Hamilton's place.

EXPLANATION WAGE SCALE

Superintendent of Utilities Justifies Payment of 57½c Per Hour to Laborers in Department

Ernest Love, superintendent of utilities, submitted a report to the city council last night justifying the payment of 57½c per hour instead of 50c to laborers in the utilities department. Inquiry on the matter had been made by Ald. Collart at a recent council meeting.

Mr. Love's report was as follows:

"With reference to the complaint at a recent council meeting that laborers in the utilities department are being paid at the rate of 57½c per hour instead of 50c, I attach hereto the motion of Ald. Collart that passed the council on May 14, 1923, setting the scale of wages for labor. You will note it distinctly covers labor on pole lines at 57½c per hour and rock drilling and blasting at the same rate. Very few holes are dug in this city without some drilling and blasting. Therefore, I consider this motion my authority for paying labor 57½c per hour."

The Resolution

The resolution referred to was as follows:

"Moved by Ald. Collart, seconded by Ald. Perry, that regularly employed men on waterworks department, street repairs, sewers and pole lines be paid at the rate of 57½c per hour, time and a half for overtime; work on Saturday afternoons to be permitted but not to be considered as overtime; rock drilling and blasting when not done by contract to be at 57½c per hour with overtime as hereinbefore stated; common labor 50c per hour."

Ald. Perry said that the intention of the 1923 motion had been to pay common labor 50c per hour. He believed that this should be followed so as to avoid discrimination. That was what public works laborers were paid. Any helper, he felt, should be considered as common labor.

Ald. Macdonald took the view that the 50c rate was meant for transient labor. This was more permanent and involved blasting an ddigging post holes which was not in the category of common labor.

Ald. Smith felt the resolution spoke for itself. Rock drillers were not considered as common laborers and were entitled to more money.

Report Adopted

Ald. Casey, speaking for experience he had had at this type of work, felt that it developed a certain class of skill. There were not many men involved and he felt it was not inconsistent to award the 57½c scale. He was in accord with the policy applied by the superintendent of utilities and moved that the report be adopted. The motion was carried.
