WHAT WILL THEY THINK OF PRINCE RUPERT?

If through any slip or misconception of facts the people of Prince Rupert should happen to return Mayor Newton at the head of the poll on Friday to represent them at Victoria, what would the rest of the country think? They would say that Prince Rupert does not want lower freight rates, that this city does not appreciate the work done by the member in connection with labor legislation, social legislation, and pressing the claims of the district on Ottawa in such a way as to bring results.

Happily for the district and its reputation Pattullo is getting that general support which insures his election on Friday and he will go to Victoria to carry on the policy of northern development, to back up Oliver in his freight rates fight, and to carry on the propaganda in favor of the north which he undertakes all the time.

Pattullo is the man who is four square with his constituents and who says what he means and says it with some force. For the credit of the city and district, he is the man who should go to Victoria.

What will the people there think of us as a community if we send Mr. Newton?

Strenuous Efforts Stop Strike Postal Workers

Cabinet Council Meeting this Afternoon considers Representations and Offer Made to Men.

OTTAWA, June 18.—The acting postmaster general informed the postal workers here that revised pay rates as determined by the civil service commission are lower than former rate plus the 1924-25 bonus, the government is willing to continue the bonus until the salary revision for the entire service has been consummated.

Representatives of the postal workers meet the members of the government again this afternoon for a conference with Hon. Charles Stewart, acting postmaster general, and Hon. James Murdock, minister of labor following an adjournment at noon. In the meantime representations from the postal workers will be taken up at a meeting of the cabinet council.

Mr. Murdock was notified this morning of the intention of the postal workers to go on strike at five o'clock this afternoon unless satisfactory arrangements are made in the meantime.

OTTAWA, June 18.—The Postal Strike has been deferred 24 hours to allow of further negotiations.

SIGMUND AS MAYOR MAKER

Mackay Declares Offer Was Made to Him to Withdraw From Contest

T. Ross Mackay, the Provincial party candidate, told at his meeting last night of two offers that had been made him by the Conservative interests in this city if he would agree to withdraw his candidature in the present election and support Mayor Newton.

The first offer, made by a member of the Conservative party whose name he would give publicly if the Conservative party was willing, was the promise of the position on the Workmen's Compensation Board now held by Parker Williams if he (Mr. Mackay) would support the Conservative candidature.

The second offer was made by Joe Sigmund who undertook, if Mr. Mackay withdrew his nomination and supported Mayor Newton, to make him (Mr. Mackay) mayor of Prince Rupert.

Regarding the suggestion that he had been associated in the campaign with F. G. Dawson, Mr. Mackay offered to swear to an affidavit that the only time he had been in Mr. Dawson's company, outside of at church and walking along the street, was on one occasion when he had called on Mr. Dawson into his office to confer with an old man who desired to enter the Old Man's Home. He challenged the Conservatives to make a contrary affidavit.

PREMIER SMUTS IS DEFEATED

Beaten by Labor Man in Pretoria and Government Likely to Fall

CAPETOWN, June 18.—In the general elections throughout South Africa yesterday Premier Smuts was defeated in Pretoria West. The results at ten o'clock last night indicated gains for the Nationalist-Labor opposition.

The defeat of the Premier by his labor opponent Hay came as a distinct surprise. The prevailing view is that the Government cannot hope to secure a majority.

Late Despatch

The standing of the parties (this afternoon in South Africa was: Government Party 37, Nationalists 27, Labor 18, Independents 1 and there are 51 more to hear from.

The conviction is forcing itself upon the Government followers that the Smuts administration will be overthrown.

Ross Mackay Outlines his Policy and Criticizes Very Severely Both his Opponents

T. Ross Mackay, Provincial party candidate for the Legislature, last night addressed an audience which took up all the somewhat limited accommodation of the Metropole Hall. The speaker was given an attentive but undemonstrative hearing and there was an indication that a number of his listeners were actuated in their attendance more out of curiosity than from any other motive. The announcement that Mr. Mackay would answer to the charge of having sold out, undoubtedly offered some attraction and in this his hearers were not disappointed for he told of two offers that had been made him by Conservative interests if he would agree to support Mayor Newton. Mr. Mackay attacked the record of the Oliver government, pointed out the necessity in the interests of the city of Prince Rupert and the north that the Bowser candidate should be defeated and went at some length into an account of what the Provincial party proposed to do if it were returned to power. A. D. Plant presided.

Happy Medium

Mr. Mackay opened up in a characteristic humorous vein. He stated that he intended to strike a happy medium between one of the candidates who while visiting the Queen Charlotte Islands, could not be started to speak and the other who could not be stopped. The present campaign, he said, in some respects was not to his liking. It seemed that reason and good judgment was being dethroned by passion and prejudice. It was still his aim, however, to appeal to reason and good judgment. He had not entered the contest with a view to defeating one or the other of his opposing candidates but because he felt that the policy of the Provincial Party was well adapted to the needs of British Columbia at this time. In 1916 the people had united to put the Bowser government out of power. The Liberals had cried economy at that time but they had been in power eight years and they had greatly increased the public debt with no corresponding increase of assets to show for it. Comment on the government's extravagance was widespread.

HOMAGE PAID DEAD SAILORS

Impressive Scene as 48 Officers and Men of Naval Forces Buried

SAN PEDRO, June 18.—Homage was paid to the 48 dead who lost their lives when the gun in the turret of the U.S. battleship Mississippi flared back on Thursday. The coffins were arranged to form a great cross and thousands of officers and men of the navy and a vast concourse of citizens were in attendance.

Addressing the silent ranks of the dead, Admiral Pratt said: "Every act of your life has been made white by this supreme sacrifice. He who has taken your lives into his keeping will grant you eternal peace."

Kergin and Supporters Hold a Meeting at Alice Arm and Meet Criticisms of Opponents

ALICE ARM, June 18.—The Liberals of Alice Arm closed their campaign here last night with a public meeting held in the Coliseum. The meeting was largely attended and there was no antagonism shown or personalities indulged in. The speakers being all local men, and this the home town of the M.L.A., several questions of an informative nature were asked, which were answered satisfactorily.

Among the speakers of the evening were H. Fowler and S. Dumas, followed by H. F. Kergin, M.L.A., who closed the meeting. Mr. Fowler gave an informative talk covering issues of the campaign briefly and touched upon the charges and allegations which the opposition parties were leveling against the present government. He quoted from a circular letter sent out by the Provincial party to all the voters of this riding in which they were told that since only John Conway and the Liberal party had access to the voters' list to take hold of the voters' list. Were not the lists on public file at the various post offices and were not four distinct courts of revision held, asked Mr. Fowler. How can you yourself credit such contemptible campaign literature as that was the burden of talk running throughout Mr. Fowler's speech. "As you have heard the charges and criticism of the Conservatives and Provincial parties you have heard the Liberal speakers with their documentary evidence and attested

Pacific Great Eastern Likely to be Sold in London to Capitalists

LONDON, June 18.—Negotiations, which were entered into a month ago for the sale of the Pacific Great Eastern Railway of British Columbia to a powerful group of London capitalists, is likely to have favorable results. Two syndicates of British financiers are inquiring for further particulars relating to the road and the price the B.C. Government will accept and concessions which would be made to a company taking it over.

KINGS GREET ROTARIANS

Heads of Many Governments Heard From at Big Convention in Toronto

TORONTO, June 18.—Rotarians at the International convention received greetings yesterday from King George, Queen Mary, the Viceroy of India, Premier Smuts of South Africa, President Coolidge, and the kings and presidents of many other countries.

Representatives from 20 countries are present from 1323 clubs. The total registration of delegates and guests number 8,605.

Schooner Naunk Found More Ice in Behring Sea Than Ever Before

NOME, June 18.—The American schooner Naunk, Capt. Pederson, arrived en route from San Francisco to the Arctic Ocean on a hunting and trading trip. Pederson said that in his 25 years experience he had never found the ice so heavy as far south in Bering Sea before. He had many times to use dynamite and powder to release the Naunk from the ice.

MANSON WILL GET MAJORITY EVERY BOOTH

Rounding Out Enthusiastic Campaign in Omineca Riding

VANDERHOOF, June 18.—Though his election is a foregone conclusion, Hon. A. M. Manson, attorney general, is sticking to his guns and intends to be in Omineca district on election day. The minister is now rounding out what has been a most enthusiastic campaign and there seems to be not a single polling division that will not give him a majority. To sum the situation up, the indications are that Mr. Manson will roll up a majority equalling if not eclipsing the magnificent endorsement he was given in the 1920 election.

He would not favor abolition of the liquor business.

A Solid North
 Kergin of Atlin, Pattullo of Prince Rupert, Manson of
 Omineca, Perry of Prince George and Yorston of Cariboo by
 co-operation and unity of action were able to accomplish a
 great deal for Northern and Central British Columbia.
 In the next House the North will be stronger by two
 seats, namely Skeena and Mackenzie, while Lilloet, adjoining
 Cariboo, seems certain to go over to the Liberal column.
 These eight seats cover three quarters of the area of
 British Columbia. By standing together, the representa-
 tives of these eight ridings can put up a strong front in the
 House.
 As matters stand, the only way this can be accom-
 plished is by the people electing eight Liberals, which there
 is every indication they are going to do.
 The slogan for the North should be "A Solid North."
CAMPAIGN COMMITTEE.

South Surprised
Any Opposition.
 Visitors from the south express themselves as surprised
 that, considering the work done for the north by Hon. T. D.
 Pattullo, there should be any opposition to him here. They say
 they would have expected him to go in by acclamation. This
 bears out the old saying "A prophet is not without honor save in
 his own country."
 In the south Mr. Pattullo is appreciated and he would have
 found no difficulty in securing nomination at any one of half
 a dozen constituencies.
 Prince Rupert is going to elect Mr. Pattullo, but it is sur-
 prising that there should have been opposition from people who
 know that it would be fatal to the city to defeat him just now.

Knockers Among
Opposition Groups.
 The knockers are busy. They are saying that everything
 has been going bad because Pattullo is in the Legislature and
 Oliver at the head of the Government. They are ready to knock
 their own city and district if by so doing they can get Pattullo
 out and put another person in. They are saying the town is full
 of empty houses, yet they know this is false. They know that it
 is next to impossible to get a house here without building it.
 They know that never before in the history of the north was
 mining as prosperous as it is today. Why stultify ourselves by
 knocking our own town. The motto of the supporters of the
 Oliver Government is "Pattullo and Prosperity." We have no
 wish to drift into the backwater with Newton such as was done
 when the hydro-electric scheme was defeated. We do not
 want another blight to settle on the city.

Never Before Was
Such Cheering News.
 Never in the history of elections was there such a lot of
 cheering news coming in from every quarter as is heard today
 from the various parts of the province in regard to the prospects
 of the Oliver Government. The fight the premier put up for
 freight rates and the campaign which he has outlined for the
 future is in itself a sufficient recommendation. Outside of that,
 however, is the long record of useful and beneficial legislation
 passed by the government. The people are recognizing the
 good work done and are preparing to vote for Oliver's return.

One More Day
Before Election.
 There will be only one more day before the election. In
 that time there may be efforts to try to stampede the electors
 into voting for some other than the government candidate. It
 has been done in days gone by, but that was before people un-
 derstood the wiles of the politician. Today it is more difficult
 to stampede the electors. By this time nearly everyone will have
 made up his mind, and it is in the air that victory will be with
 Pattullo, Manson, Perry, Kergin, Winch, and Oliver and a sup-
 port that will make it clear down east that the people are with
 the government in their demands for proper treatment by the
 railways and the Dominion government.

**BURNS LAKE POUND
 CAUSES DIVERSION

**Pair of Mules Give Trouble and
 Eat Half a Sack of Oats**

BURNS LAKE, June 13.—The
 incorporation of a village may
 be a good thing in some ways
 but, occasionally, it carries grief
 to the fathers of the council.
 Among other enactments of the
 council of Burns Lake was a
 Pound bylaw necessary in some
 ways but the enforcing of which
 would work a hardship on all the
 settlers in the immediate vicinity
 of town who depend on the fact
 that the adjoining range is free.
 By this act sundry lacted pro-
 ducing members of the bovine
 race may roam the streets at
 will, gaze into the store windows
 during certain hours and disport
 themselves with true metropol-
 itan glee. But woe betide the
 poor range dog that ventures
 within a mile of the town limits
 for the pound keeper has com-
 mandered the services of the
 budding politicians of Burns
 Lake and the small boys of the
 town are rounding up every
 quadruped that can be enticed to
 the pound corral to be suitably
 rewarded according to their
 catch.

But on Friday, day of ill-
 omen, they caught not one Tartar
 but two when the pound keepers,
 boy scouts, rounded up a pair of
 mules belonging to Jack Mitchell,
 a pioneer of Prince Rupert and
 now a prominent farmer within
 a few miles of Burns Lake. It
 was some job to corral the
 mules who were not used to city
 life but it was finally accom-
 plished and the irate Sael was
 duly notified. During the night
 the mules ate half a sack of oats
 and the owner refused to pay the
 fine or feed bill.

**WINNERS IN ANYOX
 SAFETY COMPETITION**

**Miss Nettie Thomson Writes
 Best Essay in High School**

ANYOX, June 13.—Recently
 during an intensive Safety Week
 campaign in Anyox almost every
 member of the community saw
 the motion pictures and heard
 the lecture of H. H. Mathieson,
 consulting safety engineer, who
 was employed by the company to
 assist the local Safety men in
 revivifying this important part of
 operation. Among others all the
 school children were given an
 opportunity of seeing the pic-
 tures and hearing the lecture.
 The effect on these young dis-
 ciples of Safety has to be seen
 to be fully appreciated. Later
 the School Board in Anyox offer-
 ed prizes for the best essays on
 Safety. Two prizes were to be
 given in the High School, and in
 the Public School two prizes
 were to be given to the Senior
 grades and two to the Junior
 grades. All the essays were good
 and the result was very gratify-
 ing indeed.

The winners in the High
 School were Miss N. Thompson,
 first, and Miss H. Cook second.
 In the Senior grade Miss Olive
 Selfe captured first and Henry
 Carney second prize. In this
 grade the essays of E. Barclay
 and Isabelle Thomson received
 special mention.

Among the Juniors Faith
 Cameron took first prize, and the
 judges decided to grant two
 second prizes, one to Richard
 Owen and one to Lawrence Leslie
 whose essays were equally good.

Needless to say the idea proved
 very popular with the school
 children and they are now trying
 to outdo each other in Safety
 work.
 The prize winning essay by
 Miss Nettie Thomson will be pub-
 lished in a future issue.

SURVEY BOAT AUDWIN STRUCK MASSETT BAR

Crew Went Ashore in Skiff but Boat Thought to be Total Loss

The Ketchikan Chronicle of Friday last says:

The U.S. Coast and Geodetic Survey boat Audwin struck a bar at Massett Harbor at Graham Island last Sunday night at 10 o'clock, and is believed to be practically a total loss. The crew succeeded in getting to shore in a skiff and in saving the records as well as most of the instruments used by them in their work as a precise triangulation party.

The Audwin is well known around Ketchikan, being in the use of the service for some time. She is a 65-foot boat, with a 11 foot beam. The place is unprotected from the northwest winds, and as a result at the time there was a very heavy sea running, according to members of the crew who were brought to Ketchikan on the Buckeye this morning.

Lieut. Jack Senior was in charge of the boat, and at the time was on Mt. Lazaro on Duke Island, observing. Lieut. James Downey, in charge of the chartered boat Buckeye, was at Tow Hill on Graham Island at the time, some 20 miles east of Massett Harbor, and due to the lines of communication being down he did not learn of the accident until Tuesday.

Unable to Help

At the time the Audwin was coming in from Dixon's Entrance and the storm had caused such a sea as to force cannery tenders on the island to stay in the harbor. When the boat struck the bar the tender Waterfall and the Buckeye endeavored to help as they could, but were not able to do much, the Waterfall going on the bar itself, although no damage was done and she was later floated.

Upon reaching Lieut. Downey, the Buckeye took the members of the crew on board, excepting Ensign W. H. Bainbridge, who is still at Massett Harbor, awaiting the return of the Buckeye. The latter boat proceeded to Duke Island to inform Lieut. Senior, who had become worried over the delay of the boat, flagged a seine boat and arrived in Ketchikan last night, searching for the Audwin. Leaving here before the arrival of the Buckeye this morning he is still ignorant of the disaster and is conducting a search for the boat.

The members of the crew of the Audwin who were on board are: E. J. Olson, Russell Radenbaugh and C. B. Ellis, as well as Ensign Bainbridge.

The Government telegraphs were out of business for a time today while the system was being connected with the C.N.R. between Hazelton and Haysport.

BRINGING UP FATHER

ROSS MACKAY OUTLINES HIS POLICY AND CRITICIZES VERY SEVERELY BOTH HIS OPPONENTS.

(Continued from Page One.)

solite prohibition but he would like to see some control of the amount of liquor consumed by individuals. When he had voted for government control he had anticipated that some effort would be made along that line but there had not been.

In connection with the liquor question, Mr. Mackay took occasion to criticize Mayor Newton for not having kept those who rightfully belonged there in the segregated district.

More Smokestacks

In its campaign material, bigger payrolls were referred to by the Liberal party. The only bigger payrolls he knew the Oliver government had assisted in obtaining were increased salaries for cabinet ministers and increased sessional indemnities. No wonder Premier Oliver boasted now that he had the best job he ever had and intended to keep it. Pointing to the manufacture of B.C. timber in Los Angeles, Mr. Mackay suggested that payrolls of B.C. could be increased if it was made compulsory to manufacture pulp and paper in the province instead of exporting rough lumber. The Provincial Party stood for more smokestacks in the province. If these were obtained, the question of population would adjust itself.

The Provincial Party, Mr. Mackay said, would strive to foster immigration but it would aim to do so on a selective basis and it would attempt to make conditions favorable for colonization. Graham Island was recognized as a garden spot of the Pacific Coast and it had wonderful possibilities but agriculture at least was hampered by shameful and almost criminal transportation conditions. He had found that it was impossible to ship produce from one part of the island to the other and at the same time it cost 50c more a ton to ship wheat from Prince Rupert to the islands than it did from Vancouver to the Orient. The round trip fare from Prince Rupert to the island was \$19.80 as against \$4 the round trip fare from Vancouver to Victoria, a similar distance. Premier Oliver raised a great hue and cry over his fight for freight rates. Here was a problem that was of vital interest to the city of Prince Rupert that he might well take up.

Help Develop Land

Something should be done to help develop the land on the Queen Charlotte Islands, Mr. Mackay said. It would have been a much less costly project than the Sumas reclamation where assessment in some cases was so high that profitable farming was made impossible. The islands, Mr. Mackay said, should be settled on the community basis with small farms and governmental assistance should be given. It would be repaid and a big population could be built up there in that manner.

USE SIMONDS SAWS

Their teeth are of a toughness which makes them hold their keen cutting edge under every usage. SIMONDS CANADA SAW CO. LIMITED VANCOUVER MONTREAL ST. JOHN, N.S.

Active Enemy

Mr. Mackay then referred to Mr. Bowser's appeal for another chance which was being supported by one of the candidates here. "Have we in the person of the Conservative candidate here one who could sway the power of Bowser? In 1916 Bowser was described as a despot and the members of his government were termed 'rubber stamps.' Now, it seems to me in looking over the list of Conservative candidates that they are men of even less ability than then. If there is one man whom Northern B.C. and Prince Rupert should keep out of power it is Bowser. He is the most effective and active enemy of the city of Prince Rupert ever had. If it had not been for Bowser's foolish guarantees to the Canadian Northern Railway it would never have been built into Vancouver. If it had not been for Bowser the Pacific Great Eastern Railway would never have been projected. If it had not been for Bowser the city of Prince Rupert would not have been so extravagantly and foolishly laid out. Do you want to elect a man who approves of Bowser's campaign against Prince Rupert?"

Was a Protest

Mr. Mackay admitted that the Provincial Party had risen largely as a protest against the leadership by Bowser of the Conservative party. It was the aim of the Provincial Party not to lead away from party government but back to it. The Bowser government had not been a party government but a one-man government. The leaders of the Provincial Party had been formerly prominent in other parties. They were supporting the new party because they felt B.C. was getting away from constitutional government.

Commenting on the tribute paid the Oliver government by the Trades and Labor Journal, Mr. Mackay agreed that it had turned out more legislation for labor than any other government had. "Why they have turned out more laws for everybody. They have a regular law factory at Victoria." Labor was, however, advised to support protective and economical policies. Mr. Mackay referred to the 8-hour day enactment recently made by the Oliver government as a pre-election move and predicted that the workers would never feel any benefit from it if the Liberal government was returned. It not only had strings to it but veritable cables. It would be the aim

of the Provincial party to make the eight-hour day law really effective.

Newton's Change

Referring again to Mayor Newton, Mr. Mackay asserted that he himself was as good a Conservative as Mr. Newton in spite of the fact that he (Mr. Newton) would have the electorate believe that he was the only pure Conservative in Northern B.C. now. "Last election Mr. Newton was not a supporter of Bowser. Can you see anything that Mr. Bowser has done in the past four years to redeem him in the eyes of any Northern B.C. Conservative?"

The Provincial Party, Mr. Mackay said, would strive for economy through the cutting off of deadwood in the civil service, the combination of Dominion and Provincial work in respect to police, income tax computation, statistic returns, etc. Reduction of cabinet ministers' salaries and sessional indemnities would be advocated. Cost plus contracts might be eliminated and foremen engaged to supervise work instead of paying contractors ten per cent. Independence of action on the part of private members would be promoted and the defeat of a government measure would not mean the overthrow of the government. A law would be passed making it necessary to fill vacant seats in the government within three months. Legislation for a fair wage clause based on Union scales in the communities in question would be brought in and an effort would be made to settle labor disputes by arbitration. The Workmen's Compensation would be made to cover men which injured off as well as on duty, thus providing health and accident insurance.

Endorsed by McRae

Refuting the statement made by the Bowser interests recently, Mr. Mackay read letters and telegrams from General A. D. McRae and the general secretary of the Provincial Party. General McRae's wire stated that Mr. Mackay was safe in denying that he had been repudiated and ended up by wishing him good luck with the hope that he would be in the hand wagon when the Provincial Party went into power on Friday. These communications from Vancouver were received after the allegation had been made in the Bowser organ that Mr. Mackay had been repudiated. The suggestion that C. R. Gilbert of Terrace had repudiated Mr. Mackay as the Provincial candidate was made Mr. Mackay explained after W. W. Wright had made statements to Mr. Gilbert that would indeed make his candidature seem irregular. Mr. Newton had later declined to retract these suggestions in his paper.

"I hope when the campaign is over that no one can accuse me of having said a word personally against either of the opposition candidates," concluded Mr. Mackay. "All I am concerned in is their public record. The election is not far away and I would ask you to carefully review the issues. If you think the record of the Liberal administration has

been satisfactory then it is up to you to return the government. If you wish to go back to the conditions between 1903 and 1916 under Bowser, then vote for Newton. If, however, you think the Provincial Party will make an honest effort to bring about economy, bring in new industries, make better conditions for the workers and improve the situation generally, then I would ask you to vote for men on Friday next.

After Mr. Mackay had concluded, George Casey rose to ask some questions with respect to the validity of Mr. Mackay's candidature. He stated that he had two ballots in his possession endorsing Mr. Mackay. They were written in the same hand and were defaced.

Mr. Mackay denied anything irregular with respect to his nomination. He had made an effort to have James Thompson nominated jointly by the Conservatives and Provincials but an element in the Conservative Party had insisted on a straight Conservative candidate and Mr. Newton's nomination ensued. It was then that he (Mr. Mackay) accepted the nomination which he was given by a majority of ballots at the Provincial convention. He was surprised to learn that Mr. Casey had come into possession of Provincial Party ballots and the audience would also undoubtedly consider it strange. If Mr. Casey had been a Provincial Party supporter he should have got in earlier and taken an interest in its affairs. Mr. Mackay said he had not wanted the nomination and had endeavored to have a prominent Vancouver man take it. Now, however, he was in the fight and he was in to stay.

Paddy Sullivan rose to advocate old age pensions and said any candidate who favored such would get his support. Mr. Mackay said he would endeavor to work along these lines if elected.

GIL'S WINNERS OF BALL GAME

Defeated Sons of Canada in Baseball Fixture Last Night by 4 to 2

The line-up of the tobacco-nists having been re-arranged in an effective manner, Gil's City League baseball team last night won its first victory of the season when it inflicted an initial defeat on the Sons of Canada by a score of 4 to 2. There was a big improvement in play over recent matches and an exhibition of good tight baseball resulted. There was a fair-sized crowd and excitement was keen.

Gil's opened up with Tulk in the box but switched him in the third inning and Art Easson went in holding things down well for the remainder of the seven inning contest.

The feature play of the game was a one-handed catch in the first by Doug. Frizzell in the rocky left field.

Hammie in Hospital

In the third inning, Hamilton, Gil's catcher, tore a ligament in his leg in sliding to third base but gamely carried on his position until the end when he was removed to the hospital where he may have to stay for a week.

Bob Frizzell umpired and the teams lined up as follows.

Gil's—Easson, p; J. W. Hamilton, c; S. Bazzell-Jones, 1b; G. Shaw, 2b; H. Frizzell, ss; George Hill, 3b; A. Lane, rf; Tulk, cf; D. Frizzell, lf.

Sons of Canada—D. Lidstone, p; D. Balfour, c; V. Menzies, 1b; W. Mitchell, 2b; Sherman, ss; Perry, 3b; Jack Ratchford, cf; E. Clapp, rf; J. Kelly, lf.

Score by innings:

Sport Chat

Sport card for the week: Wednesday—Senior Lacrosse—Maple Leafs vs. Kaiens.

Thursday—Dominion Day Cup football—Callies vs. Sons of England.

Friday—Senior Baseball—Columbus Club vs. Gil's. Trap-shooting at Park Avenue.

In goal totals, during the recent city championship soccer series, the various teams stood in the same order as they did in the standing or the number of games won and lost. The Callies, however, who ended up in the cellar on even terms with the Sons of England scored almost twice as many goals during the season as the Sons. There were 60 goals made during the season and they were divided among the four teams as follows: Sons of Canada, 26; Great War Veterans, 14; Callies, 13; Sons of England, 7.

Sam Erskine of the Sons of Canada led the individual scorers by a long margin with fifteen goals to his credit. S. Elder of the Callies was second with seven. W. Murray led the Veteran goal getters with five and each of the Sons of England scorers of the season made one each. O. K. Lord made a total of four—three playing with the Callies and one with the Vets.

The sixty goals of the season were made by the following scorers:

Erskine (S.O.C.)	15
Elder (Callies)	7
Marks (S. of C.)	5
W. Murray (Vets)	5
J. Johnson (Vets)	4

Liberals Going Back Stronger

---Declares Burde

The Only Party Prepared to Support Labor Legislation, says Independent

Press Report. Alberni, May 19.

Addressing a large audience here, Major R. J. Burde, candidate for re-election as an Independent member in the Provincial House, clearly stated his attitude towards the parties in the fight. He frankly stated that the was behind the Liberal Party because it was the only party prepared to support Labor legislation, and briefly dismissed the Conservative Party as not offering serious opposition. The third he classed as enemies of Labor and opponents of Labor legislation. "The Liberal Party are going back stronger than ever," he vigorously told his audience.

Bowser says that McRae wants to get into power owing to the readjustment on the timber licences due next year, but it is not that at all. Before the eight-hour law comes into force there will be another session of the House, and McRae and his millionaire party want to be there to defeat this measure.

"Why are all those bloated aristocrats travelling around the country at McRae's expense?"

"They used to feed out of Bowser's trough, and they can see no chance of his return to power to enable them to get back into his trough, so they are now feeding out of McRae's trough in the hope that he might get into power. I have two opponents, so far.

"The Conservative Party is not much opposition, as there are only a few die-hards left.

"Now for my attitude to the Liberal Party. As a Labor candidate, I am supporting the Liberal Party because they are the only party who are favorable to, and prepared to support, Labor legislation. I will not vote an Oliver out to vote a Bowser in.

"Many of my old-time friends were very skeptical of my independence and thought that I only used this to get elected, and that then I would flock back to the Conservatives, but nothing doing.

"I respect the honest efforts of the Hon. John Oliver to give us good government.

"The Liberals are going back to power stronger than ever as a result of these efforts.

"The Liberal Government has put on the statute books more progressive, social and labor legislation than any other government.

"God bless the Liberal Party, as they are the only party standing behind the Labor movement.

"The Conservatives only want rubber stamps, so elect all of them that you can.

"With regard to the McRae party, the only fault I have to find with the newspapers on this is that they state that McRae delivered a speech at such and such a place. He only gives a recitation, and the only change in it is when he has to add a few thousand dollars more to what he has expended in an endeavor to get in power.

"Sir Charles Hibber Tupper, who has addressed some twenty-four meetings, has never changed a single adjective in that whole time. McNeill is only a reciter, also. McRae has the most colossal conceit of any man who stands on two feet.

"During the last session McRae was in Port Alberni organizing his party, and was asked if he favored an eight-hour law, and he said 'Yes.' At the same time E. Burke, general manager of his canneries, and a staff of four hired lawyers spent thirty days at the House trying their best to defeat the eight-hour law."

ABLE SPEECH IN CHOOSING OF COOLIDGE

Second of Nomination of Presidential Candidate Sounds High Note

CLEVELAND, June 18. — Seconding the nomination of President Coolidge, Representative Martin B. Madden, of Illinois, told the Republican National Convention that "the creation of confidence the removal of any feeling of unrest, the continued progress toward the restoration of normal conditions, and the firm establishment of the Republican party in its position of traditional glory can best be obtained by the election of Calvin Coolidge to the presidency."

"This country and the world," continued Mr. Madden, "need the calm and imperturbability of Calvin Coolidge. His type is rare. He is neither radical nor reactionary. He moves forward cautiously and progressively to meet the country's changing needs. He serves by work, not words. Arriving at the sound solution of a problem, he acts at whatever the cost."

to receive his attention and none too great for his genius. He embodies every principle of modern American hope for the future with every safeguard for the present. He is a true American, who meets every requirement for the greatest public office in the world.

"Calvin Coolidge has held many places of trust, in every one of which he has performed his duty unmoved by clamor and unafraid of threats. He has faced every responsibility with a courage, dauntless and serene. Each public question has found him with an open mind. Each cause has become acquainted with his superb sense of justice. Each conclusion reached has stood untrammelled by fear or doubt. No suspicion has ever cast a shadow upon his integrity. He has stood every test in high official place, and has justified the public faith.

Knows From Experience
"Pre-eminent as he has been in the performance of all of his duties, there stands out from among his other achievements his management of the financial affairs of the government. Calvin Coolidge knows from childhood training and from experience in public and private life the true meaning of frugality, thrift, and economy. The duties of the presidency under the Budget Act are in hands well qualified by inheritance, training and experience for their execution with sagacity and fidelity. They should be continued there."

preached that all men were grafters and left the question in the minds of the citizens why should they value morality and truth."

In paying his respects to the Conservative party or more particularly to Mr. Bowser who controls the lead strings, Mr. Kergin said, were the words "reckless extravagance" not in the dictionary for the past eight years Mr. Bowser would have been as mum as an oyster on the floor of the House for eight years. He has shouted "reckless extravagance" day in and day out, but has given not one constructive criticism. Mr. Kergin closed the meeting by saying that he voted upon every question as per convictions; that he had lent his support only to legislation which he believed was for the best interests of the people and asked for their support on his record only.

CAMPAIGN POINTERS

Another lawyer is being imported today to fight the cause of the Bowser candidate.

Bowser is the arch-enemy of Prince Rupert. Newton is the Bowser candidate.

Why vote for Mackay? Better results can be obtained by voting for Pattullo.

A vote for Newton is a vote for the south as against the north.

Workers of the world unite. The Oliver government has been the only friend of labor in this province so far.

If you want anything done, go to a worker. Pattullo is a worker.

What do you think of a cause that needs two imported lawyers to support it?

Evidently the Newton cause is lost, else why such frantic efforts at the close of the campaign.

Remember Bowser's record. He is the minister who ordered the use of the militia against the workers. A vote for Newton is a vote for Bowser.

Be selfish for once. Vote for Pattullo and Prince Rupert.

Your Health Ingrown Toe-Nails

It is a common occurrence to see a person limping along the street suffering foot torture. In most instances this misery may be avoided. How? When we learn to dress our feet in shoes that conform to the shape of the foot, rather than trying to make our feet fit the shoes, then there will be fewer foot troubles. Shoes with pointed toes and extremely high heels should never be worn by persons who have "square toes." You may be surprised to find that you can buy shoes that are comfortable as well as good looking. Visit our Shoe Department and you will be properly fitted.
