## QUICK ACTION FOLLOWS IN BERYL G. CASE

### ZAGLOUL PASHA'S INTIMATES TAKEN IN CUSTODY BY BRITISH AUTHORITIES

#### Extradition is Asked for Hijackers who are Said to be Murderers

**Bodies of Gillis and Son Were Handcuffed together and Thrown Into Sea off Sidney Island**

SEATTLE, Nov. 27.—Four men are held in jail here and one is in custody at Victoria, B.C., while two men are wanted by the Canadian authorities in connection with an international double murder case in which W. G. Gillis and his son William of Vancouver were killed, when the rum boat Beryl G. hijacked the liquor cargo on September 18 in the Gulf of Georgia.

Application for extradition for the four men was made today before Superior Judge Mitchell Gilliam by deputy prosecutor Bert Ross and T. H. Patterson, representing the Dominion government.

Ross said the alleged confession of P. Strumpkins of Victoria was in the hands of Inspector Gruikshanks of the British Columbia police force.

In making the application it developed that the bodies of Gillis and his son were known to have been handcuffed together on board the Beryl G., an anchor tied to them and both were cast overboard into the waters of the Gulf of Georgia off Sidney Island. Divers have been put to work in an effort to locate the bodies.

Judge Gilliam fixed December 10 as the date for hearing Canada's application for the extradition of the four men, who are Clarence Wheatwood, Charles Morris, Harold Morris and Ray Camer.

**Reward Offered**  
A reward of \$2,000 for Harry F. Sowash, a reputed Chicago gunman and Puget Sound hijacker, was announced last night by the Canadian government in connection with the killing of Gillis.

**Masked Hi-Jackers**  
VICTORIA, Nov. 27.—Capt. W. G. Gillis and his young son were held up in the guise of the law by a hi-jacker wearing a police uniform, the authorities believe. The actual boarding of the Beryl G. was allegedly accomplished by three men who put out in a dinghy from the bandits' boat operated by seven men now under arrest. Gillis and son were shot to death and the bodies immediately dropped overboard, it is believed.

#### DIRECTOR OF COLONIZATION

**Dr. W. J. Black Given Important Position Under Canadian National Railway**

MONTREAL, Nov. 27.—Indicating an even more active policy in colonization, the appointment of Dr. W. J. Black, European manager of the department of colonization and development of Canadian National Railways, to the newly created position of director of colonization and development was announced last evening by W. D. Robb, vice president in charge of insurance, lands, telegraphs, colonization development and general managers.

Dr. Black will return to Canada from London at the beginning of the New Year and will immediately complete the organization required for this new position. The director will undertake the

#### EGYPTIANS ARRESTED

**Prominent Officials Close to Former Premier Zagloul Pasha Taken in Custody**

CAIRO, Nov. 27.—British military authorities today arrested Nekkassi Bey, secretary of the ministry of the interior, and Abdul Rapman Fahny, one of the closest political assistants of the former Premier Zagloul Pasha, together with a prominent member of the Nationalist delegation who visited London with the former premier. The men, it is understood, were surprised in their beds and taken to an unknown destination. Barkat Pasha, minister of the interior in the Zagloul cabinet, was also arrested.

#### HUNDRED MEN ON ROADWORK

**City's End of Island Road is Being Graded and will be Surfaced in Spring**

About 100 men are now employed on city road work. Fifty of these are working on the city's connection to the Kaien Island road from Eleventh Avenue. This number of men will be kept busy all winter, weather permitting, and the Island road crew may be increased.

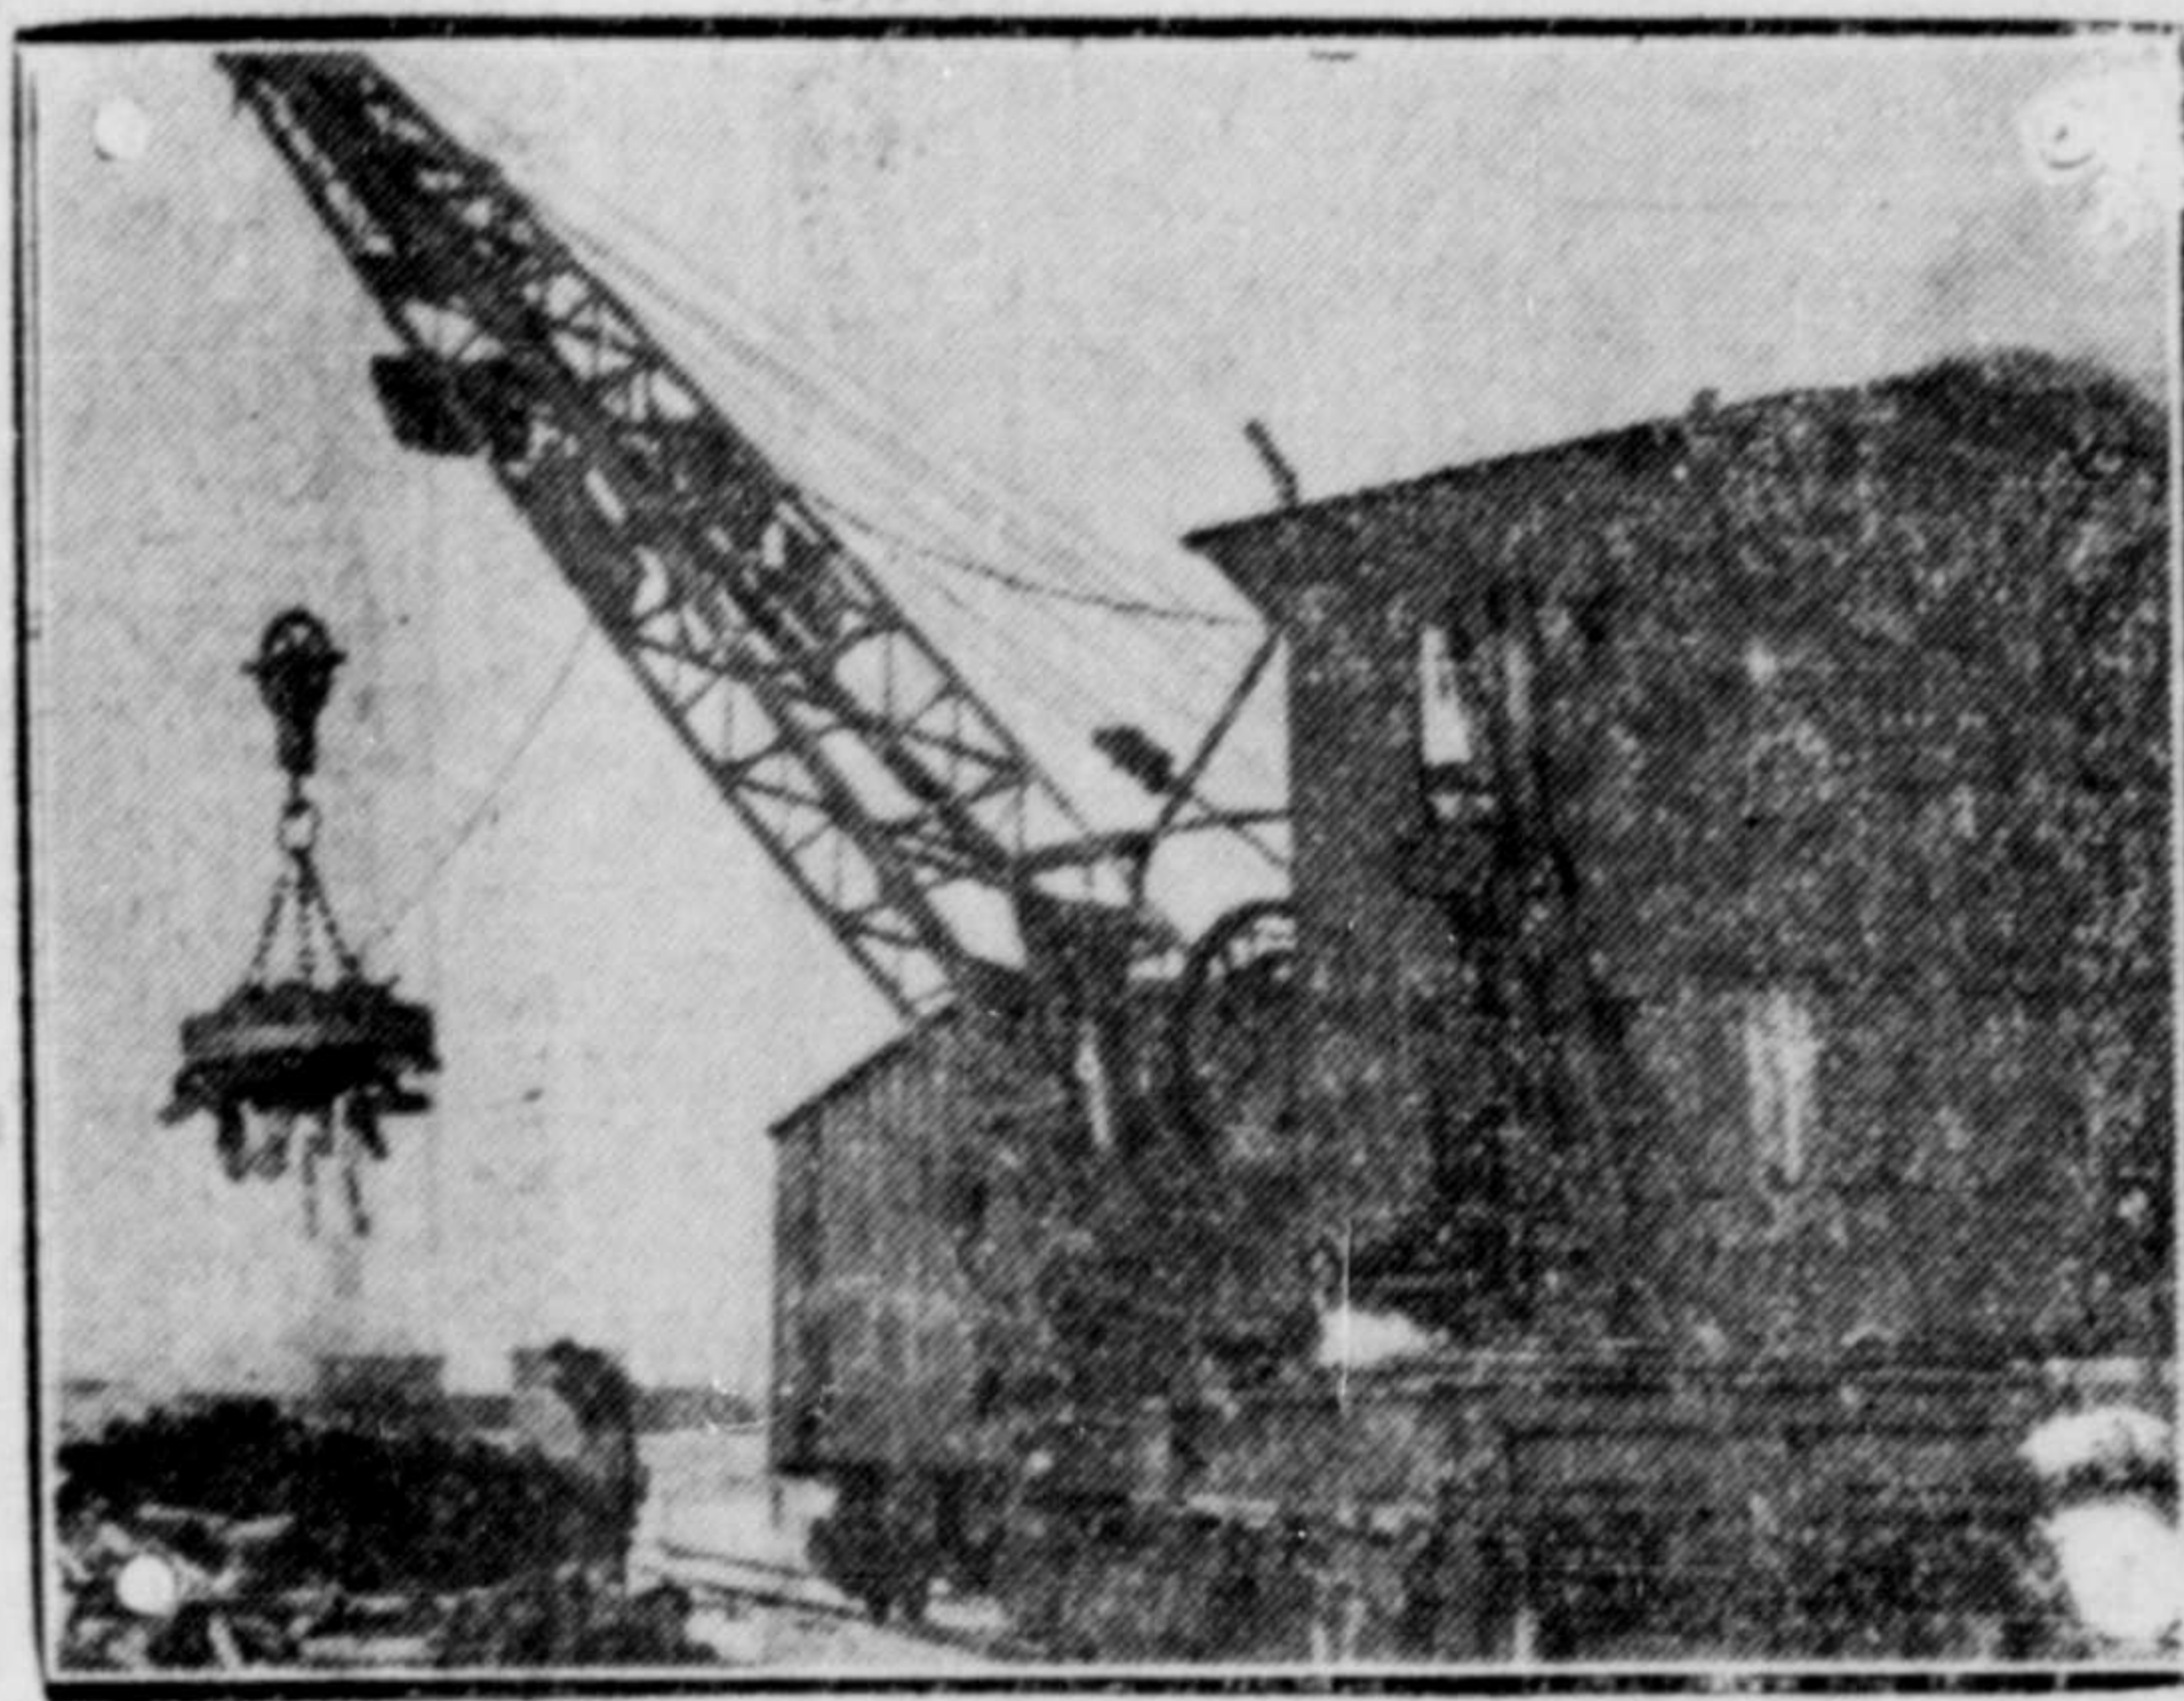

The city's work on the Island road consists of clearing and grading which will take, it is anticipated, until spring when surfacing will be undertaken. In the meantime, a bylaw is being put through to allow for grading of Conrad Street and Eleventh which will permit of heavy equipment being taken to the road and also provide for a paved road from the centre of the city to the city limits connecting with the government road.

It was announced at the city engineer's office this morning that work of mattress grading Atlin Avenue between Secono Avenue and Seventeenth Street would commence next week. The work on Atlin Avenue west of Seventeenth Street is now well advanced.

#### NATIONAL WILL OPERATE A FAST SERVICE TO EAST

WINNIPEG, Nov. 27.—In line with the progressive policy adopted by the Canadian National Railways of bettering train services where ever possible, "The National" one of the company's crack trains providing service between the cities of Toronto and Winnipeg on December 6, will be placed on the fastest running time between these two points.

In the past, this train has been the popular means of travel between these two cities and it has also been used to a large extent by those travelling between Montreal and Winnipeg. Some time back the opening of Longlac cutoff provided a shorter route between the Ontario city and the Metropolis of the west, and now, taking the fullest advantage of the new route, the running time on this train will be cut down to 38 hours, a trifle over a day and a half.

This crane at Port Colborne, Ontario, shows the modern way of handling pig iron. The magnet lifts 8,000 pounds at one "dip" and performs the work of many men.

#### KETTLE VALLEY TRAIN DERAILS TWO DROWNINGS ARE REPORTED

**Engineer John Crosby Killed and Conductor Gates and Unknown Tramp Injured**

NELSON, Nov. 27.—Engineer John Crosby was killed, Conductor Joseph Gates was slightly injured and an unknown tramp was hurt when the Kettle Valley train derailed yesterday afternoon near Beaverdell west of Midway. The engine and several cars left the track. No passengers were injured.

#### CHURCH UNION IN COMMITTEE

**Rights of Minorities to be Preserved and Congregational Vote is Also to be Taken**

VICTORIA, Nov. 27.—Opponents of Church Union won a point before the Private Bills committee yesterday when they succeeded in getting the committee to adopt the principle that rights of minorities be preserved in any legislation dealing with the disposition of church property between the two factions. Anti-Unionists explain that the decision is in direct opposition to the argument of Dr. Leslie Pidgeon, the Winnipeg Unionist leader, that minorities had no rights on congregational property.

Legislation on the matter must include provision for a ballot on Church Union among members of the Presbyterian Church in the province, the committee also decided.

#### CHINESE CONSUL SUBMITS PROTEST

**Exception Taken at Measure Proposed by Mary Ellen Smith Regarding Employment With White Girls**

VICTORIA, Nov. 27.—Through Lin Pao Heng, Chinese consul at Vancouver, British Columbia Chinese have protested to the government against Mrs. Smith's measure which would forbid employment of Chinese in the same houses with white girls. Heng told Premier Oliver that such legislation would be gross discrimination unjustified by conditions.

**Pete Colligan Loses His Life at Khutzmateen Inlet; Little Girl Drowned in Gardner Canal**

Two drownings in the district have been reported to the provincial police, the bodies in neither case having yet been recovered.

Last night Dominion Constable A. J. Watkinson reported from Port Simpson by telephone that a logger, Pete Colligan, aged 49, had lost his life at Khutzmateen Inlet where he was engaged in logging for the Georgetown mill. He slipped off a boom into eighty feet of water one hundred feet from the shore. The accident occurred on Tuesday afternoon. The unfortunate man fell over a rope and had gone under before his partner, Jack Prescott, could come to his rescue. He had been complaining recently of heart trouble. Deceased was well known here, having fished and logged out of the port for the past 14 years. He was single.

At Channel Island in Gardner Canal, the eight-year old daughter of Mr. Gildersleeve, engaged in logging there, was drowned. An officer was sent on the Pachena to investigate and is expected back tonight.

#### CHARLIE CHAPLIN WEDES LITA GREY

LOS ANGELES, Nov. 27.—Charlie Chaplin brought a new bride to Hollywood today. He married Lita Grey, eighteen year old leading lady at Epalma, Mexico. "Just tell everybody we are happy, thankful and glad to be home," said Charlie.

#### PERRY CONGRATULATES OLIVER GOVERNMENT ON ITS RECENT POLICY

VICTORIA, Nov. 27.—H. G. Perry of Prince George speaking in the legislature, said Dr. McLean had shown conclusively that the Government was profiting by the lessons learned in the election by reducing expenditures by \$1,300,000. He congratulated the minister on the provision of a sinking fund to retire the \$14,000,000 P.G.E. bonds.

#### Unbounded Optimism is Keynote of Address to Gyro Club by Geo. Bushby; at Dinner Last Evening

"There will be a population of 60,000 people in Prince Rupert almost before you know it. The present is merely the period of waiting that every city on the Pacific coast has experienced. I was not born yesterday but I expect to see a great city here. As a young man I saw Vancouver a settlement of plank roads and shacks. Look what it is today—a great metropolis and centre of commerce. You young men will see a similar transformation in Prince Rupert."

Such was the statement made by George G. Bushby, native son of British Columbia and successful businessman of the Pacific Coast in an inspirational address delivered before the Gyro Club last night.

After giving a graphic description of conditions on the Pacific Coast fifty years ago before Vancouver was in existence and before the days of rail connection to the Pacific Coast, when Victoria where he lived had as its only connection with the rest of the world the ships of the Hudson Bay company which came out every three months or so from England with mails and supplies and when the prairies of Canada and United States were nothing more than wasteland, Mr. Bushby in a keenly interesting manner traced the development that had taken place in the past half century with the coming of the transcontinental railways and the springing up of the large western cities. Today San Francisco, Los Angeles, San Diego, Portland, Seattle and Vancouver were all great cities. None of them had anything more behind them than Prince Rupert, however, he declared. This city already had a well equipped waterfront and all that went to make an important trading centre. It would not be long before it came into its own as a market of the world.

#### LINE WILL BE FINISHED

**This is the Stipulation in Connection With Sale of Pacific Great Eastern**

VICTORIA, Nov. 27.—If negotiations are completed by the government for the sale of the Pacific Great Eastern, the line will be finished from North Vancouver to Squamish and from the present end of steel at Cottonwood Creek to Prince George. J. M. Bryan, member for North Vancouver, stated yesterday that he and other members had this assurance from Premier Oliver. The premier said he had already explained that any agreement for the sale of the road would stipulate for the completion of the line from North Vancouver to Prince George.

#### BODY EMBALMED IN USUAL WAY

**Undertaker Says Ordinary Methods Were Employed in Janet Smith Case — Doctors Back Him Up**

VANCOUVER, Nov. 27.—Denial that the embalming of the body of Janet Smith was conducted by other than ordinary methods as suggested by the attorney-general is made by the undertakers who were in charge of the work. Dr. G. F. Curtis, who made the second post-mortem examination, said "There was decidedly nothing unusual in the methods of embalming employed." Coroner Brydone-Jack also said that the embalming, in his opinion, did not blot out any of the evidence of assault.

#### GALE PICKS UP TOP OF CAR ON THIRD AVENUE

One of the noon day gusts today picked up the top of Frank Cole's mail car and deposited it in front of W. H. Montgomerie's store on Third Avenue leaving the chassis standing where it was parked at the Dominion Cafe. The radiator and controls of the car were slightly damaged.

Boards and gravel from roofs were also flying and there was a certain amount of danger of pedestrians being struck. It looks like a regular November gale is brewing and precautions are being taken against it.

Mrs. Don Yelf and child arrived from Vancouver on the Prince Rupert yesterday afternoon. Mrs. Yelf has been visiting her parents, Mr. and Mrs. R. H. Shockley, who are now located in Vancouver.

Mr. Bushby referred particularly to Prince Rupert as the logical port of entry for Alaskan traffic. It was not the fault nor desire of the people of the neighboring territory that an iniquitous shipping law at present compelled them to pass up the rail here and go to Seattle.

**No Not Wait**  
Mr. Bushby bemoaned the attitude that was taken by so many in waiting for somebody else to come in and do things. That had been the trouble too much in the past with Canadians. They should be live wires and do things for themselves instead of waiting for others to come in and then be jealous if they reaped the profits to which, through their enterprise, they were entitled. "Do not be the hewers of wood and carriers of water for others. Energy brings money and without it capital is worth nothing. Do not be afraid of failure. Everybody fails but it is through the experience derived from failures that success is at last attained."

Through their energies, people made themselves heard Mr. Bushby declared. It was up to all, especially the young men, to work for themselves; not to wait for somebody else to come in and help them. Wealth or success was not to be attained in a single day but was to be obtained as the result of persistent efforts.

In the course of his address, Mr. Bushby made a plea that something be done for the youth of the city—the young men had no where to go and who were apt to fall into bad associations and evil ways. The establishment of a gymnasium here, he thought, would be of great help in that direction. It should receive attention.

DAILY EDITION Thursday, Nov. 27, 1924.

**Who Is Responsible For Conceited People?**

Some people have all the conceit they need while some need more. Possibly no one has stopped to consider why it is that people get all puffed up and bubbling over with a consciousness of their own fancied importance. It is usually the fault of their friends.

A man has a friend who, all unconsciously supplies him with a pedestal on which to put himself. He likes it up there and fancies himself more than before. He becomes accustomed to the rarified atmosphere and wishes to go yet higher. He is always looking for another block or two to raise the pedestal and, as people usually get what they look for, the poor unfortunate elevated one never has a chance to come down to earth-but remains stuck up there, far out of his sphere.

The pedestal builder is often one of the opposite sex.

**Hero Worship Is Still Common.**

It is said that no man is a hero to his valet, and that is true. And yet men are sometimes heroes to their wives or, to those who love them, and the hero worshippers are blind to the many shortcomings which hold them back. Love is blind. And this hero worship is a splendid thing. Without it many people would give up in despair. It is to them an inspiration and an impetus to work. No man lives to himself and the same is true of women. We all need inspiration and someone to appreciate our successes. Without it little good work would be done. It is that which buoy us up and carries us on to success. If in the process we perhaps erect our pedestal of self-conceit too high, who can blame us? Unless we have a good conceit of ourselves and our own powers we shall probably not exercise them. Belief in ourselves and our own ability to do things is the first rung of the ladder, which leads us out of the humdrum of everyday routine to the seventh heaven of achievement.

**Unsuspected Powers Aroused.**

Unsuspected powers are aroused in people through the influence of others. Take the entertainment at the theatre last night as an example. Men and women, boys and girls were there who two weeks ago would not have believed that they were capable of histrionic ability such as that evidenced. It needed the magic wand of the trainer, the impetus of the teacher, to bring out the best that was in them. Some of them were wonderful and they did not realize it until they were shown their powers and inspired which confidence. Now they have acquired a new conceit. They know they have powers which before they did not suspect.

**George Bushby Struck Keynote.**

George Bushby is a man we need just now. He is a star optimist. He sees past the petty difficulties of today into the glorious tomorrow. He gives us today a lesson in real optimism and we need it. We are all inclined to give up hope, bemoan the past, forget the present and lose faith in the future. Many have already done this and have gone elsewhere. They came here attracted by a false lure and they have now been lured elsewhere. Their places have been taken by others who will reap where they sowed. Because they were unwilling to hold on and renew their hope, they have lost out, so far as Prince Rupert is concerned.

George Bushby, on behalf of Prince Rupert, we thank you for the inspiring address, a report which we give today. We may not all be just as exuberant as you, but we cannot help inhaling the exhilaration given off from the address you gave the Gyros.

CHRISTMAS 'll get ye spurry soon if you don't watch out!

THE melancholy days are here But to be sad is folly Just step into the Beauty Shop And then at once you're jolly.

SAY, girls! Don't holler about sending me Christmas cards this year. Make it something more substantial. If you can't make it an auto, send along a Lizzie.

TO think of all that Christmas brings,

It almost makes me dizzy. I'd rather have than greeting cards, A nice new rattling Lizzie.

ONE objection to articles made of wood is that under certain atmospheric conditions they swell. Possibly that is the reason for swelled head.

WHEN your wife gets on the rampage just tune in on Digby and she will shut up immediately.

WHEN you see a boy enjoying sitting at a table and turning a little disk you perhaps do not know that he is enjoying the thrill of squealing in the ears of a hundred radio fans.

**In the Letter Box**

HOWLS AND SQUAWKS

Editor Daily News.

The troubles of the radio fan during the past few weeks have been many.

We are now used to the activities of our friends over on Digby Island, and appreciate that the boys there are endeavoring to remain silent as much as possible between the hours of eight and ten p.m. for the benefit of broadcast listeners.

Apart from our wireless friends the main interference has been two-fold, and is to a great extent controllable.

City power lines (due no doubt to the wet weather) have for some days made radio receiving impossible. The remedy would appear to lie in the localizing of the defective spot during the time when it was giving trouble (in rainy weather), as everything is lovely, so far as city wires are concerned, when a dry spell is on.

Many unkind words are said nightly because of a type of interference which might be reduced to a minimum if every broadcast listener had a little more respect for the other fellow's feelings. I refer to the pandemonium of howls, squawks, whistles, etc. from improperly tuned sets, which completely spoil the broadcasts.

Most of this interference from oscillating sets could be avoided if more care were exercised in tuning in.

Let those of us who operate single circuits or other sets liable to oscillate try and bear our neighbor in mind when we tune in, and not play with the dials.

If we do not all do our part in overthrowing this bugaboo of radio, we might as well throw our sets in the bay and go to bed earlier.

I would like to see some other B.C.L.'s express themselves on this subject.

J. SLADE-STEVENS.

P.S.—Single circuits are by no means the only offenders.

As a vocal duet, Mrs. R. Blance and Mrs. S. Darton sang Sullivan's "Oh Hush Thee, My Baby," and Mrs. P. S. Bonney sang Elgar's "Love's Greeting." Mrs. Ward accompanied.

### MEN ARE MORE SHORT TEMPERED THAN WOMEN

Is it so, or is it not so? Some men naturally will dispute the statement, but these same men should recollect the times they have lost their tempers when they lit the fire in the morning and it went out, leaving them to do the whole thing over again.

Fortunately this trouble can easily be eliminated. Coal is being sold today which can be ignited from paper rolled into balls. A good fire is going in a few minutes and breakfast is ready in no time.

This coal is the famous Nanaimo-Wellington, sold only by Albert & McCaffery. Every pound of it double screened—no rock or shale, no slack and very little ash. It lasts longer, gives greater heat and better service. These are some of the reasons for so many repeat orders. Be one of the many wise people. Do as they do by ordering nothing but Nanaimo-Wellington coal. Prompt and civil service. Remember the phone numbers are 116 and 561.

**"Child's Eyelids Inflamed, Stuck Together and Bled"**

Mr. E. P. Kimball, Entwistle, Alta., writes: "Our little girl from birth was troubled with inflamed eyelids and in spite of several remedies, grew worse until at the age of sixteen months her eyes could not be opened after sleep without bleeding, a waxy discharge sticking the lids together and adhering with great tenacity. The child's grandmothers were consulted by mail, and both responded with a little sample box of Dr. Chase's Ointment. These were used as directed, and lasted until we could obtain a further supply from Edmonton. Improvement was very marked from the first application. The waxy discharge was easier removed and did not reappear. Inflammation subsided and has not returned."

He is making the round trip to Stewart and Anyox today and will stop off here tomorrow morning to proceed south on the evening train by way of Jasper Park. He is accompanied on the trip by his son.

**Sport Chat**

Everything is in readiness for the opening of the basketball at Anyox tomorrow night in the Beach Gymnasium. There will be three leagues at the smelter town this winter, namely, Senior, Intermediate and Ladies. The three Senior teams will be the Min, Coke Plant and Smelter. Four teams will make up the Intermediate—Rovers, Mine, High School and Coke Plant. The Ladies' League will embrace four teams—Bluebirds (last year's champions), Mine, Pioneers and High School.

The two St. Louis clubs are in a class by themselves in one respect at least as far as big league baseball is concerned. They are the only two clubs of the American and National Leagues that have not won a pennant in what is generally termed modern baseball history. That period is counted from 1900 when the American League entered into competition with the National. The Washington American League team was also a flagless one until its victory this year.

**CHRISTENING TOOK PLACE ON TUESDAY**

Infant Son of Mr. and Mrs. W. J. Busswood is Named Walter Frederick—Party Following Ceremony

Many friends met at the home of Mrs. C. Whatman, sr., Beach Place, on Tuesday evening to witness the christening of Walter Frederick Busswood, infant son of Mr. and Mrs. Busswood, Dugby Island. Archdeacon G. A. Rix officiated and the godparents were John Busswood of Cleveland, Ohio, uncle of the child, and Mrs. Whatman. The baby received many dainty gifts and, after the ceremony, the evening was enjoyably spent at cards.

Mr. and Mrs. Busswood and family will leave here next Tuesday night on the steamer Cardena for Point Grey to which station Mr. Busswood has been transferred in the radio-telegraphic service.

**FOOD MADE HIM MISERABLE**

Victoria man could not enjoy his meals and was weak and run-down for lack of nourishment. Tells how Drecto put him on his feet.

"For several months my system was in a badly run-down condition," says W. Nicolet, of 911 Blanchard Street, Victoria, B.C. "I continually had a tired feeling and no energy to do my work. I suffered from indigestion and stomach trouble and my food would ferment and form a gas that made me miserable. My whole system was in bad shape and I couldn't get anything to build it up.

"One day I saw in the papers what Drecto was doing for others and got a bottle right away. I have now taken two bottles all told and feel like a different man. That tired feeling has gone entirely and I am no longer troubled with indigestion. I gladly recommend Drecto to anyone suffering as I did."

Drecto is Nature's own remedy from complaints that originate in faulty digestion. It soothes the stomach and induces its normal functions besides aiding the liver, kidneys and bowels to perform their work. Drecto is purely herbal and contains no mercury, potash or habit forming drugs.

Drecto is being specially introduced in Prince Rupert by W. J. McCutcheon. It is also sold in Smithers by J. Mason Adams, and by a good druggist everywhere.

**GERMAN COINAGE**

BERLIN, Nov. 26.—The "Reichspennig," a brass coin issued by the Rentenbank as a stop-gap during the transition from the inflation period to complete stabilization, will soon be a thing of the past. The German government has just authorized the issuance of 30,000,000 marks worth of pennig coins which are to have the pre-war name of "Reichspennig."

## BEAUTY SHOP FIRST CLASS PRODUCTION

Musical Comedy Given Last Night under Auspices of Elks Highly Commended

Youth, beauty, rhythm, music and art all combined to make last night's presentation of "The Beauty Shop" by local talent under the direction of C. H. Lewis, and under the auspices of the Elks, an outstanding event in local amateur circles. The entertainment has few of the marks of the amateur and many of the marks of the professional. It went without a hitch from beginning to end and it was carried out with that precision necessary in a production of the kind. Few entertainments appeal as strongly as the musical comedy and the Beauty Shop, as given last night, was an art production and from beginning to end it was plain to see it captured the audience.

Outstanding among the characters was that of Arbutus Budd, owner of the beauty shop, portrayed with much skill and cleverness by Art Easson. Possibly his song "All Dressed up and Nowhere to go" was the masterpiece. Once or twice it seemed as if he would be carried away by the merriment he caused, but most of the time his acting was splendid. If Mr. Easson ever decides to give up banking, he should easily find a position awaiting him on the stage.

### Well Carried Out

The part of Vivian, Dr. Budd's secretary, was carried out with great suavity by Miss A. Donaldson, and the songs were well sung. Gracie Ackroyd as Lola, the Spanish dancer was most charming. Her sweet voice and manner captured everyone. Mrs. L. O. Larsen has a trained voice and of course her singing was on a high plane. She took the part of the souvenir girl to perfection. It is impossible to speak of each one and yet all did their parts well. Miss Jones as Anna Budd, Miss Balagno and Miss Montmorency and Mrs. McMillan as Natalie Panatella, Mrs. Bailey as a stout customer, Miss St. Cyr as custodian of the shop and Mrs. Teng in a singing part did excellent work.

Of the men in the cast other than the leading man, Will Mitchell was an ideal shiek impersonating a Spanish dancer. Babe Fortin as an attorney had a difficult but not spectacular part and sustained it well. George Mitchell excelled as the triumphant lover. Charley Folsom made an ideal Corsican undertaker. J. Pinder-Moss was of course first rate as the Corsican innkeeper, and Frank Dibb, as chairman of the creditor's committee; Alfred Plant as duellist, Jack Cobb as chauffeur, and Alex Mitchell as a glib all were outstanding.

The beauty of the whole performance was the swinging lilt that carried everything along. The choruses were well sung, the "Saturday Afternoon on Broadway," "When the Creditors come to Call" and "Twins in September" as well as the finale being particularly meritorious.

### EGGS ARE VERY DEAR IN NORTHERN ALBERTA

EDMONTON, Nov. 27.—Eggs are very dear here just now. Very few of the strictly fresh variety are offering and those that come in sell at ninety to ninety-five cents a dozen, with firsts 75 to 85 cents and a few seconds brought 55 to 60 cents. Butter is unchanged at 45 cents a pound for the majority of the offerings.

There is very little new on the market in the vegetable lines. Celery at 10 cents a pound. Brussels sprouts at 25 cents, and winter onions at 10 cents a bunch.

Spring chickens sell generally at 25 cents a pound, with the best grades of fowl at around the same price and turkeys at from 25 to 30 cents a pound.

**Motif of Play**

The outstanding motif of the play consists in the efforts of creditors to collect from Dr. Budd and the efforts of the beauty doctor to collect the money in Corsica with which to pay his debts. It is replete with humorous situations and at times becomes almost hilarious although not unduly so. There are choruses of society ladies, manicures, wives, sailor girls, businessmen, hairdressers, creditors and Corsican Johnnies, all picturesquely costumed and made up. The commendable feature was the sparseness of the facial makeup compared with that used in the more amateurish productions. The value of the comedy last night depended more on the art of the performers than on the makeup.

There were three acts, one showing the interior of the beauty shop, one the Corsican Inn and the third the seashore. Mr. Lewis the producer, is to be highly commended for his excellent work. He has given a number of Prince Rupert people some excellent training, helped to entertain a large number of people and incidentally aided a good cause. The Elks were lucky to get him. It is a pity that the play cannot be repeated again

MARY PICKFORD, THE WORLD'S SWEETHEART, IN "DOROTHY VERNON OF HADDON HALL."

A screen presentation of Charles Major's world-famous novel. A photo-play of spectacular appeal, magnificent settings and stirring adventure. A romance of the days of chivalry when Queen Elizabeth ruled. Never was Mary Pickford so gorgeously beautiful as in this, her most enthralling photo-drama—a picture story filled with tender romance, thrilling action and delicious comedy. Never so splendid a portrayal as that of the vixenish miss of eighteen who braves parental wrath, faces treachery, intrigue, and even treason, to wed her heart's choice. Beauty marks every phase of this classic—a classic that rings true in every detail. Mary Pickford, as Dorothy, reaches the highest pinnacle of her career, being ably supported by Allan Forrest as Sir John Manners, Anders Randolph as Sir George Vernon, Clare Eames as Queen Elizabeth, Estelle Taylor as Mary, Queen of Scots, Marc MacDermott, Courtenay Foote, Mme. Daumery, Lottie Pickford Forrest and many others.

### UNBOUNDED OPTIMISM IS KEY-NOTE OF ADDRESS TO GYRO CLUB BY BUSHBY, AT DINNER LAST NIGHT.

The speaker also brought to the attention of the club the lack of waterfront facilities here for those who were actively engaged in marine industries from which the city at present derived so much benefit. It was disgraceful that there were no proper loading facilities for small boats and that goods could not be delivered on the waterfront without constantly policing them.

#### Waterfront Facilities.

Besides Mr. Bushby's address the club heard violin solos by William Balagno and William Murray, Jr. also vocal solos by Gyro S. K. Campbell, Gyros Charles Balagno and W. Vaughan Davies were accompanists and W. Murray, Jr. and George Rorie, Jr. assisted with orchestral selections.

Guests of the club were Mr. Bushby, Consul A. E. Wakefield, J. A. Edwards, Dr. W. T. Kergin, Wm. Balagno and Ralph Harrap. In the absence of President Milton Gonzales, vice-president S. K. Campbell occupied the chair.
