LABOR LEADER SHOT IN MEXICAN CHAMBER

MANY ATTEND FUNERAL OF AGENT GENERAL OF B. C. IN LONDON TODAY

Thousand Dollar Cape Stolen From Store at Goldbloom's Last Night

Revolver Shots Fired at Robber as he Carried off Furs: Plate Glass Window is Broken

Shattering a large plate glass show window in the fur shop of William Goldbloom, Second Avenue, a thief at 2 o'clock this morning snatched a mink cape valued at $1,000 and escaped under a rain of shots fired from a revolver in the hands of L. Contoli, who was in charge of the store in the absence of Mr. Goldbloom who was in the hospital.

Mr. Contoli, who was sleeping in the rear of the store, was aroused first by a watch dog and heard a thumping noise which he took to be coming from the tailor shop on the second floor of the building. This was followed immediately after, however, with the crash of breaking glass and he jumped out of his bed and went to the front door. He did not at first realize that a robbery had been committed and thought that the raging windstorm had caused the breaking of the window. He observed a man making his way along Second Avenue towards Sixth Street corner. Soon noticing, however, that the valuable cape had been removed from the window, he took a revolver and went outside again. By this time the man, diverting his course on seeing a taxi driver come into the street after hearing the noise of the crash, had crossed to the opposite side of the street and was proceeding rapidly towards the post office. Mr. Contoli also saw that he was carrying the cape and he called on him to stop or he would fire. The man did not take the warning, however, and started to run. On first pulling the trigger the revolver failed to go off. The range was so close, Mr. Contoli declares, that, had the weapon not failed, the bullet most surely would have reached its mark. As it was, in pyjamas and bare feet, Mr. Contoli made chase and actually did fire two shots. The man disappeared in the blackness of the night to the rear of the post office.

On his beat at the King George Cafe within a block of the robbery, Police Sergeant Hugh McGlinchy was on the scene within two minutes. He and Mr. Contoli spent the remainder of the night searching, but without success in locating the culprit.

The police are still working on the case today and there is good reason to believe that the robber may be apprehended. Mr. Contoli declares that he could identify him. He is believed to be a stranger to the city.

BUDGET NEXT WEEK

Session Expected to be Short Probably Ending about December 12.

VICTORIA, Nov. 13.—The Government's annual budget will be brought down the beginning of next week, it was announced in the Legislature yesterday. Under the present plans, the House will adjourn on December 12. The debate on the speech from the throne will be concluded this week.

H. C. Fraser, inspector of schools, is in Smithers on departmental business.

DEBATE ENDS IN SHOOTING

Two Hundred Shots Fired in Mexican Chamber of Deputies

MEXICO CITY, Nov. 13. — Louis Morones, Labor leader, and another deputy were wounded last night in the course of a shooting affray in the chamber of deputies. More than 200 shots were fired as the climax of a stormy debate. Morones was the most prominent Labor leader in Mexico.

RUMBLINGS IN CIVIC ARENA

People on Street are Talking About Possible Candidates for Annual Election

The end of the civic year is approaching and people are beginning to talk about the next civic election. It is understood that the mayor will again offer his services to the city and it is generally understood that he will be opposed by Alderman Collart, Alderman McMordie or Alderman Casey, possibly by more than one of them. There was a report that Alderman Macdonald would be in the field, but it is understood that he has denied that he will be a candidate. The name of E. G. Gibbons, last year's president of the board of trade, has also been favorably mentioned.

It is possible that there may be a dark horse in the municipal race, but he is not in evidence yet.

For aldermen it is probably that all or most of the present incumbents will be candidates once more.

LUIS FIRPO BEATEN BY CHARLEY WEINERT

Outpointed Argentine in Twelve Round No-Decision go Last Night

NEWARK, Nov. 13.—Charley Weinert, heavyweight, outpointed Louis Firpo, Argentine heavyweight, in a twelve round no-decision match in the opinion of newspapermen last night. Firpo was outboxed, his awkwardness being no match for Weinert's skill. There was no knockdowns.

GYROS FOLLOW UP GOOD WORK

Will Devote Their Attention to Playground Improvement Again During Coming Year

PRESENTATION TO MEMBER

Good Returns from Hoedown Dance Given Here Recently are Reported

The Prince Rupert Gyro Club at its monthly business meeting in the St. Regis Cafe last night decided to continue playground work as its objective for the forthcoming year. The gymnasium idea having been advanced recently, a committee consisting of Dr. L. W. Kerzin and Joe Greer was appointed to confer on the matter with a Rotary Club committee which has already been named.

The annual Gyro ball will be held on January 29 it was decided. This will follow the club's installation night on the day previous and a number of Vancouver Gyros, it is expected, will be here for the occasion. A committee consisting of A. R. Nichols (chairman), A. Lionel Stolliby, Norris Pringle, C. C. Mills, Douglas Stork, A. A. Easson and R. A. Harlow was named to take charge of arrangements for the ball.

The club treasurer reported that $253 had been realized as a result of the recent Hoedown dance. This money will be placed in the playground fund, Norris Pringle, chairman, and the committee in charge of this affair were discharged with thanks.

A pleasant feature of the proceedings at last night's meeting was the presentation by R. W. Cameron, on behalf of the club, to W. W. Wright of a silver entree dish as a wedding present Gyro Wright replied suitably to the honor and told some of his experiences on his honeymoon which took him to Eastern Canada.

CONTRACTS FOR TRUNK ROADS

Trans-Provincial Highway Work To Commence at Once Is Announced

VICTORIA, Nov. 13.—The contract for the construction of the Hope-Spence's bridge section of the trans-provincial highway will be let to A. B. Palmer Co. and W. T. Tierney. The first section from Yale north to the site of the new steel bridge across the Fraser at Spuzzum will cost a little over $140,000 and will be handled by the Tierney firm. The second section north from the bridge crossing to Lytton will cost in the neighborhood of $375,000 will be undertaken by Palmer. Later other sections will be completed.

INQUIRY COMMISSION COST PEOPLE $50,000

VICTORIA, Nov. 13.—It cost the people of British Columbia $50,000 to find out that no graft permeated the construction of the P.G.E. railway, according to figures presented to the Legislature yesterday, showing the cost of the commission of inquiry presided over by Mr. Justice Gallagher.

His Royal Highness the Crown Prince of Serbia, who recently celebrated his first anniversary, was a visitor to London this month and is now back again at home in Belgrade

Bishop Farthing Appeals for Aid for Unemployed in East Where Distress Beyond Control

MONTREAL, Nov. 13.—That the unemployment situation in Montreal and other Canadian centres demanded immediate attention of the federal, provincial and municipal authorities and that they must immediately vote funds necessary for alleviation, was the burden of speeches made by Bishop Farthing and other speakers at a mass meeting of unemployed householders here yesterday.

All speakers were agreed that distress had got beyond the scope of the various charitable organizations.

STUART LAKE LODGE BURNED

Structure Just Erected by Paul Walter Destroyed by Fire on Tuesday Night

Just completed in anticipation of catering to tourist and hunting parties visiting the district next year, a splendid lodge embodying all the features of a hotel erected by Paul Walter on Stuart Lake near Fort St. James was completely wiped out by fire on Tuesday night according to a telegram received yesterday by R. F. McNaughton, C.N.R. district passenger agent. Mr. Walter arrived with his family last April from Oregon and spent several days in the city with R. G. W. Lett, C.N.R. colonization agent, who was instrumental in bringing him in. The destruction of the lodge is a distinct loss to the district besides a personal one to Mr. Walter, for it was anticipated that it would be used extensively and would be an added attraction to a district that abounds with all manner of game. It is understood that it will be rebuilt.

Mrs. L. P. Wright, formerly of Prince Rupert and now of Long Beach California, who recently underwent an operation, is making favorable recovery according to a telegram received yesterday from Drs. Mikels and Damron of the Emergency Hospital. Mrs. Wright is a sister of Mrs. Ralph LePine.

URGES LOWER LUMBER TAXES

Pooley Would Lessen Income of Government and Stop Borrowing for Public Works

VICTORIA, Nov. 13—Proposals for stimulation of the provincial basic industries through the lessening of taxation on mining and lumbering enterprises and an aggressive policy for financial and other assistance in respect to farming were advanced in the Legislature by the opposition leader, R. H. Pooley in a speech on the address yesterday. He asserted that the province's net debt was eighty-eight million dollars instead of the forty-six millions claimed by the Government, and he predicted that by the end of the present year the annual borrowings would reach seven or eight million dollars more, as a result of the Oliver policies. "It is no fault of the Government if the life blood has not been sapped out of the province," said Pooley.

SMALL WHEAT CROP RECENT ESTIMATE

OTTAWA, Nov. 13.—The crop report issued by the bureau of statistics estimates the wheat crop at 271,622,100 bushels. This is twenty millions less than the last estimate. The final estimate for last year was 474,199,000 bushels.

GOLD DIGGINGS EAGLE CREEK

Dr. Carter of Hyder Here Direct from Cassiar After Staking Claims

WAS LAST MAN OUT

Says What Country Needs is Prospectors and Conditions are Favorable

That while no one can yet tell whether Gold Pan Creek in the Cassiar country is to become a mining camp or not, it has all the prospects of being so although it is very different from the glacier deposits on the Klondyke, according to Dr. C. D. Carter of Hyder who has just come from there and who at the Elks roll call last night told about the country.

Dr. Carter was the last man out this fall. He left there on October 26, coming down the Stikine in a small boat with the Pendleton outfit who are operating in the old diggings 90 miles farther on. He left his tractor and supplies which he had intended to use during the winter and his men will pick them up in the spring.

It was near the mouth of Gold Pan Creek where Grady made his first strike. The creek is so named because there are two old gold pans in a tree right where it flows into Eagle Creek. The whole creek is staked and most of the creeks flowing into it are also pegged out and the claims recorded. There are three of these, Grady Creek, Jimmy Creek and Dome Creek.

Panning on Discovery claim on Gold Pan Dr. Carter got values from 18c to 30c which he considers good. He sank a hole seven feet on Dome Creek and got colors all the way and he thinks there will be gold at bedrock. This he considers the best prospect of all, as the creek is most uniform and has all the appearance of having good pay dirt. It was at the mouth of this creek that Brady got a six dollar nugget.

"What the country needs is prospectors, said the Doctor. It is easy to get in and the country is open and abounds in game, moose, caribou, fool hens and all sorts of wild life. As the doctor is an old miner, having lived in Alaska and the Yukon for the past 28 years and participated in almost every rush, he is likely to know what he is talking about. He has a number of claims there and has taken options on others and is quite enthusiastic over the country.

ARRESTED LAWYER KNOWN IN RUPERT

F. R. Anderson was Here Last April Prosecuting in Port Clements Liquor Cases

F. R. Anderson, the Vancouver lawyer, who was arrested yesterday in connection with the alleged liquor running activities of the steamer Quadra, is quite well known in this city. Last April he was here as prosecutor in the Port Clements liquor cases and also visited the city since that time.

Local members of the legal fraternity acquainted with Mr. Anderson believe that he went to San Francisco to represent the owners of the Quadra which was seized and that, having no interest in the vessel himself, he will personally be released.

ARE INDICTED FOR VIOLATING VOLSTEAD ACT

British Columbia Men Included in List of Those to be Tried in States

SAN FRANCISCO, Nov. 13. — F. R. Anderson of Vancouver, a B.C. lawyer, and Russell Whitelaw, a wealthy resident of Vancouver, were among several score of individuals indicted by the federal grand jury last evening on charges of violating the prohibition law and violating the treaty agreement between the United States and Canada relative to shipping liquor into the country.

The indictments followed a long investigation by the Grand Jury into the circumstances surrounding the sailing from Canada of the steamer Quadra, which was seized off this port with a half million dollar cargo of liquor in her hold, and the mysterious voyage of the sloop Guilia in the Pacific and her abandonment by the crew. Officers and members of the crews of the two vessels are included in the list of defendants.

MANY ATTEND FUNERAL OF FRED C. WADE

Dominions and Colonial Office Represented at Crematorium Chapel

LONDON, Nov. 13—The funeral of F. C. Wade, agent general for B.C. in London, was held at Golders Green today, where the remains were cremated. The crematorium chapel was scarcely large enough to hold all who were present to pay their last respects to Mr. Wade's memory. Mrs. Wade was too ill to attend.

There were present at the funeral representatives of practically every Dominion in the Empire and the Colonial office was represented. The mourners included Hon P. C. Larkin, Canadian High Commissioner, and Sir Joseph Cook, High Commissioner for Australia; Bishop Perrin of Willesden, and Canon Perkins, both formerly of British Columbia, conducted the service.

Toward the close of the service Earl Spicer, Canadian baritone, sang "The Abbey Light," verses written by Mr. Wade. The catafalque was hidden by a mass of flowers.

The last time when Canadians gathered at the chapel at Golders Green crematorium was in 1918 at the funeral of Sir Richard McBride, one time premier of B.C. and the immediate predecessor of Mr. Wade as agent general of B.C.

RAMSAY MACDONALD MAY VISIT STATES

LONDON, Nov. 13.— J. Ramsay Macdonald is contemplating a visit to America on a holiday after the hard grind of nearly a year as premier, the Evening Star says it understands.

M. A. Burbank of the C.N.R. engineering department arrived last night from Prince George and will spend a couple of days in the city.

Kept Province To Fore In London.

F. C. Wade, the late agent general for British Columbia in London, always kept the province well to the fore in the world's metropolis and did it with a proper dignity. He was an ideal representative and British Columbia can ill afford to lose him.

There were many problems affecting the province which came up from time to time in London, and especially matters pertaining to the use of British Columbia lumber in place of similar material imported into England from foreign countries. Mr. Wade helped develop the imperial spirit by encouraging Englishmen to buy within the Empire. The task was a difficult one but he met with a measure of success in the undertaking.

It is to be hoped that the next appointee in the position will be as well equipped as was Mr. Wade to represent the province and to reach out to all parts of it.

Senator Lodge Was American Politician.

Senator Lodge was an American politician, although he is often spoken of as a statesman, and he was that also. He was a politician because he was a great student of democratic methods of government, of organization and of constitutional practice. He was a great believer in party government and of the Republican party in particular. As leader of the Republicans in the Senate, he fought former President Wilson's policy and rightly or wrongly won out. In an interview a few years ago he is reported to have said:

"I have nothing to say about my opponents, for I have never made personal or abusive attacks on anyone opposed to me. It has always seemed to me that a man in public life stood more strongly if he stood on his merits rather than on someone else's defects. I think I may say that I have done a great deal of difficult and responsible public work. On that public work and on that record I am content to stand."

Born With Silver Spoon In His Mouth.

Senator Henry Cabot Lodge was born in affluance and never knew, as most statesmen have, what it meant to be in want. His father was a merchant, owner of ships, and there was every temptation for his son to live a life of ease. Instead of that he was a strenuous worker, studied law, and devoted himself to politics as a life work. For recreation he studied art and literature as all Cabots felt it their bounden duty to do. He spoke French almost as fluently as English. He travelled a great deal and counted among his friends a number of European statesmen. He was a big man and the American nation and especially the Republican party can ill afford to lose him.

No Formal Opening Skeena River Bridge.

There will be no formal opening of the Skeena River bridge. Traffic is now passing over it and people across the river are now able to live on equal terms with those on the Terrace side.

Few people realize just what a big job the construction of the bridge was. Also people outside the district do not realize all that it means to the community there. From now on there will be no handicap to farmers and others owing to the condition of the Skeena river.

TWO YEARS OF AGONY

Weak Stomach made life a burden for Victoria lady but Dreco is rapidly helping to relieve her health.

"For over two years I had suffered terribly from stomach trouble and constipation," says Mrs. A. F. McLellan, of Point Ellis, Victoria, B.C. "Gas formed on my stomach after eating and it would bloat me up in an awful way. I would get severe spells of heartburn and my liver was sluggish too, so that I had frequent dizzy spells and spots floated before my eyes. My appetite was very poor and I had to constantly take strong laxatives. I tried many medicines, but kept getting worse and worse and when I first read about Dreco I had very little faith in it, thinking it would be like all the rest.

"Anyway I decided to give it a trial and you would hardly believe it, but two bottles of this wonderful medicine have done marvels for me. I cannot remember when I felt so good as I do now. I haven't been bothered with gas since the first bottle and can eat and enjoy most anything now. My liver is active and so are my bowels and I no longer have dizzy spells or spots before my eyes."

Master your digestive system before it masters you. Take Dreco and let its pure natural herbal juices tone and regulate the vital digestive organs and induce their healthy activity. Dreco contains no mercury, potash or habit forming drugs.

Dreco is being specially introduced in Prince Rupert by W. J. McCuthcheon. It is also sold in Smithers by J. Mason Adams, and by a good druggist everywhere.

RATS DANGER TO THE CITY

Provincial Government Issues Instructions In Regard to Spread of Plague

Instructions have been issued by the Provincial Government to those interested in shipping with a view to preventing the spread of pneumonic plague to British Columbia from California ports. In the spreading of this disease rats are looked upon as active agents.

In Prince Rupert there are too many rats and no organized attempt has been made to rid the place of them. It may be impossible to eradicate them but the number may be reduced considerably, it is stated, and in the interests of health it is suggested that this be done. The matter is one for the health authorities rather than for individual effort.

MUSICAL COMEDY TO BE PUT ON HERE IN ABOUT TWO WEEKS

Local Young People to be Trained by Experienced Conductor For Event

Prince Rupert is to have the opportunity of attending a real musical comedy in about two weeks from now. R. L. Lewis, an actor and conductor of many year's experience, is in the city and has made arrangements to train a group of young people under the auspices of the Elks. The play will be "The Beauty Shop," a well known stage classic, full of wit, satire and high art comedy and with splendid choruses, duets and quartettes.

Two weeks of intensive training will be undertaken, the conductor using the Elks' Hall for the work. The personnel of the company is now being picked and the work will commence at once.

Last year Mr. Lewis put on the same thing at Ketchikan and so great was its success that three performances was not enough to enable everyone to see it.

RECORD CAR LOADING

Yesterday Over Million and Half Bushels of Grain Shipped by C.N.R.

WINNIPEG, Nov. 13.—Western farmers decided to make Armistice Day, November 11, a record grain loading day for Canadian National lines in the prairie provinces, when they loaded a total of 1,245 cars containing 1,633,000 bushels. The total of cars loaded since August is now 39,062 with 52,290,000 bushels.

Grain in storage at country elevators on Canadian National lines now totals 12,339,000 bushels. Unloadings at the lake head are now being made at the rate of over 800 cars daily.

To date 1,031 cars have been unloaded by the Canadian National at Vancouver.

HAYWARD PROPOSES TO REDUCE COST OF THE LEGISLATURE

Would Cut Down Fees of Members and Ministers and Reduce Representation

VICTORIA, Nov. 13. — Mayor Hayward, Conservative member for Victoria, suggested in the Legislature yesterday, debating the address in reply to the speech from the throne, that the ministers should be content to receive salaries as such without the members indemnity and that the sessional indemnity of $2,000 paid to private members should be reduced to the old figure of $1600. He also suggested that in the interests of economy, members of the Legislature should be reduced by twenty, thus saving the province another $40,000.

Mill Not Wanted

The Airplane Spruce mill at Port Clements, offered for $829.36, attracted no bidders. This plant was recently acquired by F. L. Buckley and has been dismantled. There are understood to be some complications in connection with the sale which will be settled now that the property has reverted to the government.

Milton Gonzales left on the Prince John last night for Stewart on a business trip. He expects to be back Saturday night.

RESERVATIONS FOR DUDE TRAP LINE ARE MADE

Jaded Businessmen and Journalists to Take to Woods Soon to See Wild Life

WINNIPEG, Nov. 13.—The lure of the "dude trap line" which Donald "Curley" Phillips well known guide and outfitter is operating this winter as a means of providing new thrills for "tired businessmen" who want to visit the great out of doors, is bringing hundreds of inquiries from wealthy Americans, according to a letter received today from Mr. Phillips by Canadian National officials here. Phillips' proposal has made such an appeal to a number of people that plans are being laid by some of them to spend one or two months on the trail with him this winter, in the foothills of the northern rockies. In some cases the visitors are coming to Canada to secure first hand knowledge of trapping and wild life conditions, in others writing of books and magazine articles is given as their reason and in still others, the main idea is to "loaf under unusual conditions."

The plan laid before winter holiday seekers is that of accompanying experienced trappers over from 100 to 150 miles of trap line where sets are made for, coyote, lynx, marten and other fur bearers and also during the season of hunting moose, deer, bear and other big game Phillips' trap lines are just east of the border of Jasper National Park, in northern Alberta, where game is plentiful and where the visitor will find plenty of thrills as he makes the journey over trails of snowshoes or skiis and with dog teams.

Both men and women are included among those who have made advance reservations to be taken over the line which starts from Dalehurst, Alberta, and as this is considered by trappers to be the "peak year" for fur bearers on account of the seven year cycle of rabbit life, big catches and a plentiful supply of big game are anticipated.

FISH ARRIVALS

Four halibut schooners marketed catches totalling 58,800 pounds at the Fish Exchange this morning as follows:

American

Lincoln, 36,000 pounds, at 14.3c and 6c, and Superior, 15,000 pounds, at 14.2c and 6c, to the Canadian Fish & Cold Storage Co.

Canadian

Koyousu, 1,300 pounds, at 14.1c and 6c to the Royal Fish Co.

Imperieuse, 6,500 pounds, at 14c, and 6c, to the Atlin Fisheries.

Sport Chat

If the interest that seems apparent with regard to the opening games of the basketball season tomorrow night continues throughout this winter the activities between now and spring should be successful and profitable to those promoting them. There promises to be a record turnout Friday night. Whether or not the interest continues depends, of course, on the kind of performances that are put up. The various teams are said to be very evenly matched so, if all the players keep in practice and trim, it should be a keenly interesting season from start to finish.

The Sons of Canada and Elks are off to a good start in the Fraternal Whist League, each team having now three victories and no losses to its credit. Tonight they both meet cellar teams —Great War Veterans and St. Andrew's respectively. Should they happen to lose, the Oddfellows' would have a chance of getting into the leaders' column by winning over the Sons of England. The remaining two matches scheduled are Knights of Phythias vs. Moose and Loyal Orange Lodge vs. Knights of Columbus.

Jealousy seems to have arisen among the hunters of the city or else the incredible yarns of some of the more experienced and skilled of the mowich seekers must be true. The remarkable success that attended some of the novices over the Thanksgiving week-end is being variously explained. One of the old timers yesterday declared that the reason for it all was that the deer have been so thick just recently that it is necessary to kill them in self-defence and the amateurs could not help themselves. Asked for the reason of his own non-success, this same old timer came back with a reply that, believed or not, could hardly be rebutted with any success. It was to the effect that deer, while plentiful, had not lost their own sense of self-preservation and knew the skilled from the unskilled and, when it was necessary to run into someone, chose to take chances with the latter.

INDIANS SUMMONED FOR BEHEADING DEER

PENTICTON, Nov. 13. — Three Indians, who had been summoned to appear before the magistrate, were dismissed with a caution. They pleaded guilty to removing the heads from deer before transportation to the place of consumption. They explained that they did not understand the law, hence the leniency of the court.

ROLL CALL OF ELKS SUCCESS

Members Gathered at Dinner Last Night and Heard Addresses

The first annual roll call of the Elks Lodge here was held last evening in the home and proved a distinct success. Ben Self, Exalted Ruler of the lodge, presided and he was supported by the officers and guests a number of whom gave brief addresses.

The five course supper was served by members of the order in charge of L. M. Fuller and including Ben Self, Art Easson, Tom Watts, Harvey Fraser, Jack Cobb and W. Williams. The club orchestra provided the music and at the close the members responded liberally to a call for help for a family on Queen Charlotte Islands that had lost their home. A recitation was given by J. Pinder-Moss, much to the enjoyment of the members.

The roll was called by the secretary, W. E. Williscroft and the names of members who had gone to rest were answered by L. M. Fuller. Chairs for those members were set at a small table set apart from the others.

Dr. Grant Speaks

In his address Rev. H. R. Grant, chaplain, took for his theme the Law of the Jungle and the Law of the Neighborhood. He said the Elks were trying to bring about a condition where all would stand together as brothers, one helping the other. They wanted helpfulness of all towards all. It was just the opposite to the law of the jungle. This idea would spread to the larger spheres of life. It was as easy to spread heaven abroad as hell. If they went into the world in a spirit of goodwill and cultivated that attitude it would be an immence influence in the world. He did not think the League of Nations would bring peace but rather it would come about through each individual having good will toward the other.

The Doctor spoke of the pleasant relations existing between this country and the United States. War between the two countries would be unthinkable. Should either country be attacked he would expect to see the countries standing shoulder to shoulder against a common foe.

Consul Wakefield spoke of the need of such a gathering as that now and then when they could check up on their membership. The necessity of attending the meetings was emphasized if the club was to be a success. He told of what was being done in his home town of Augusta at his own Elks Lodge. Here he found the people able and willing to entertain themselves, an essential under conditions that obtained here. It was the very opposite to the law of the jungle of which Dr. Grant spoke.

M. L. Stepp spoke of the value of the Elks as an organization. Lodges were to be found in almost every part of the world. They stood for charity, justice, brotherly love and fidelity. He gave graphic illustrations of the meaning of the order.

Dr. Carter of Hyder spoke of the gold diggings of Cassiar and H. F. Pullen mentioned the wonderful manner in which all the nationalities were being blended in one, partly through such organizations as this to make them good Canadians.

John Dybhavn answered some of the objections which had been taken to the city manager plan of civic government.

It being mentioned that one of the members, Alex Yule, was leaving for the south this week, musical honors was accorded him, the gathering closing with the national anthem.

R. L. Lewis, who is putting on a musical comedy here, told of his plans and mentioned the need of working together to make it a success.

BRITISH COMPOSERS STUDIED BY LADIES

Musical Club Met Yesterday at Home of Mrs. Wallace C. Orchard, Musgrave Place

Lives and works of British composers were studied at the meeting of the Ladies' Musical Club held yesterday afternoon at the home of Mrs. Wallace C. Orchard, 700 Musgrave Place. A paper on the subject was read by Mrs. A. T. Parkin, Mrs. Donald Ross played pianoforte selections of English, Scottish and Irish airs and Mrs. Jarvis McLeod sang "Annie Laurie." In spite of the very inclement weather, there was a splendid turnout of ladies. The subject will be continued at the next meeting of the club.

SUGAR PRICE AT LOW LEVEL

Reaches Lowest Mark Since War —Jap Oranges Coming— Costly Apples Predicted

Sugar is retailing in the city today at the lowest price that has been reached since the war and it may drop still further, the B.C. market beink weak following a decline in San Francisco last week. There was a drop of 15c per hundred on Wednesday of this week. Sugar stocks at shipping points are greatly in excess of demand.

The flour market, after three successive declines of 20c each per barrel, has gathered strength during the past week and has regained all but 10c of the decline.

Jap Oranges Coming

Jap oranges will be arriving before the end of November. Opening prices have not been finally announced but there will be more stability to the market this year than ever before. Japanese officials are limiting export shipments and prices will not go below the cost of production as in past seasons.

New navel oranges are now ready at shipping points. Prices are slightly lower than on Valencias but, as navels are very hard and green yet, the Valencia orange will hold its popularity for at least another two weeks.

The apple market is high and prices at shipping points are firm. Export business is heavy and no decline is expected from now on. On the other hand, it will be no surprise and, in fact, it is predicted that Christmas supplies will cost from 50c to $1.00 over today's prices. Housewives should buy now.

Huge Cauliflowers

Cauliflower is the king-pin of the fresh vegetable world today. Local dealers are showing some beautiful specimens of enormous size and, due to the splendid quality, stocks are moving freely.

B.C. lettuce will soon be a thing of the past. Dealers will be handling California lettuce from now on.

Live turkeys and geese will be available from now on until Christmas. Shipments of poultry from the interior are coming in heavier every train and local demand for turkeys and other poultry is steady between festive dates.

Francois Lake Fish

Next week will mark the advent of Francois Lake fresh trout and whitefish for the first time on this market. The retail price will be 25c per pound and it is expected that this wonderful lake in the interior will be able to keep this market well supplied while the close season on halibut prevails.

Retail prices here today are as follows:

Butter

Brookfield, Shamrock and Woodland, lb.	45c

A NICE NEST EGG FOR CHRISTMAS

If you went to your banker for an accommodation you would expect to pay for it. This same accommodation obtained in the form of merchandise from any merchant must be paid for. We realize that many people who are buying on credit do so as a matter of convenience. Some do so because there has been no inducement to pay cash, while others through force of circumstances require credit.

Some months ago we inaugurated a system which will interest you if you wish to pay cash. Because of our desire to try this system out on a small scale we did not advertise it. However, as it has proven so satisfactory, both to our customers and ourselves, we want you to know about it; Come in and see us.

OVERWHELMING MAJORITY IN SILENT ELECTION

Prince Rupert Women Register Interesting Vote to Save Money and Lessen Work

It is a sign of the times that women should demand more authority in their homes. Not that they want all their own way but that when comfort and economy are at stake they are usually better judges than their husbands.

They are at home all day and know more about the things that go to make for the comfort of the home than the husbands who come home at night expecting everything to be just so. This is why so many Prince Rupert ladies insist on having Nanaimo Wellington coal. They have made a study of coal and have discovered that Nanaimo-Wellington is far superior to its competitors. Very little lasts a long time. If drafts are shut off at night the fire will be there in the morning. No rock, very little ash and no slack are other points in favor of Nanaimo-Wellington.

This famous coal is sold only by Albert & McCaffery. They have their own team and truck and assure prompt service. Order direct from them and be sure you get the only coal—Nanaimo Wellington. Their phone numbers are 116 and 564.

WOULD HAVE MANAGER FOR PRINCE RUPERT

John Dybhavn Answers Some of the Objections to System Which he Had Advocated

At the Elks' roll call last night John Dybhavn answered some of the objections that had been taken to the plan of government of the city by a manager. He explained that it was simply a plan for bringing the government of the city to the same state of efficiency that was seen in private concerns. It was designed to take city business beyond the influence of civic politics.

It had been said that the new plan of government was opposed to the old method of trusting the people. He stated emphatically that the people would be in control just as much as ever. Elections would be held annually, but there would be greater continuity of work and less opportunity for the professional civic politician.

The business of the city was the business of the people and it was for them to have it conducted in the most efficient manner possible. He had absolutely nothing against the present civic officials. It was simply a matter of method and not of personnel.

Mr. Dbyhavn cited South Vancouver as an example of a civic government that had practically gone to the wall and yet by the appointment of a commissioner to handle the affairs for a few years, the municipality had recovered.

Steps were being taken to try to secure legislation this year enabling cities to adopt the manager plan of city government.
