DAILY EDITION Tuesday, Nov. 18, 1924.

Thrift, Industry And Courage.

Premier Oliver often gives some sound advice and never was any sounder than that people instead of running to the government to help them continuously should practice the virtues of thrift, industry and courage and try to help themselves. Paternalism in government can easily be overcome. Every calling has its own difficulties and sometimes we find some particular line hard hit. Now and then, through failure of the distribution system, some branch of agriculture is given a setback, but that is simply an argument in favor of mixed farming so that if one branch fails there will be still an income to enable the farmer to carry on.

Danger Of Carrying Thrift Too Far.

There is sometimes a danger of carrying the virtue of thrift too far so that it hampers the business of the country. When war broke out there was a sudden stoppage of all buying. People wondered what was going to happen and they at once became thrifty. They refused to buy clothes or luxuries and the result was that the merchants throughout the country were sorely pressed and many had to go out of business. The overall movement proved a boomerang. It would have been better for the country if everyone had carried on as usual.

Give us a community of tight wads and we have a community where business is poor and where the people do not enjoy life. Living becomes burdensome. Give a community, such as this, where spending is free, and you get a place where it is easier to make a living than in the more crowded centres where competition is keen.

Thrift is a virtue as long as it is moderate. Every person should have something laid by for a time of stress. It is in their own interests as well as in the interests of the community that they should do this. The person who saves everything except the bare price of bread and butter is not of much value to himself or anyone else and might almost as well not be alive.

Enforcing Law Without Favor.

There seems to us to be no doubt that our correspondent is right in saying that the Police Commission has no right either by law or equity to say that the law should be enforced in one section of the city and not in another. In fact it is doubtful if the police commission has any right at any time to order the police to hold back from prosecuting or enforcing the law. What they are for is to see that the law is enforced and not to exercise jurisdiction as to when or where it shall be enforced. If it were proved that they did otherwise they would probably be liable to impeachment for malfeasance in office.

This is not a strictly legal opinion but it is probably the correct one. It is not our intention to encroach on the privileges of the legal profession which makes a charge for advice on questions of this kind. It is also seen that even lawyers do not agree as to which opinion is right so for a layman to advise is decidedly venturesome.

Bond Interest Comes Back To People.

There is one good feature about the Dominion Government debt. While it takes a big effort on the part of the people to pay the taxes, the most of the money is payable to people in this country and so the money comes back and is again put into circulation. The amount owed to people of this country is \$1,938,877,054 as against \$336,001,470 owed in London and \$210,933,000 owed in New York. Many of the Dominion bonds are held by insurance companies and other financial concerns. The interest on outstanding bonds, due largely to expenditures made in connection with the war, amount to very nearly \$138,000,000 a year.

The Man in the Moon SAYS:-

IT is said that a man is as old as he feels and a woman as old as she looks. Why not add, a girl is as old as she acts.

SINCE Einstein proved that time was only relative, I have decided not to grow any older. That is why sometimes what I say sounds childish. Instead of 35 I am really only 25, and a man is really a child at 25.

THERE was a dull boy in school once and the parents blamed themselves and not the teacher. It was a fairy tale.

WOMEN often wear useless ornaments. Why not a new kind of ear boxes, one for cigarettes and the other for matches. They would not look much uglier than some of the present day ear ornaments.

HOMES are places where men and women wear their grousches.

CHARACTER is what you make yourself. Reputation is what the gossips make of you.

INQUISITOR seems to have put a poser to the editor when he asked him his opinion of the police commission? I have an opinion but I would not dare to give it.

IF I had any influence with the editor, I should suggest that he always speak well of the dead.

THE Hawkes Inlet cannery raid seems to indicate that after all Indians are nearly as bad as white people. Maybe they too are descended from Adam and Eve.

WHEN the Vancouver publicity bureau is looking for a title for their city, they might consider "The city of many unsolved crimes."

From this time on until the end of the year, the Prince Rupert people will notice electioneering being done at meetings of elective bodies.

THEY say Arthur Little is to run for Police Commissioner. I suggest to my old friend that he aim higher and run for chairman of the police commission.

I DON'T know if any of the local goats were missing on Sunday, but I heard that some people were riding them in the afternoon.

COLONEL Cy. Peck does not want the Senate reformed. It was rumored that he was very keen on getting there himself some time ago and that even yet if the Government changes he may have a chance to join the old men.

FROGS DELAY STORKS

ROSSITEN, Prussia.—The storks of eastern Prussia have as yet given no indication of starting their regular southern migration, and the time of their customary departure is well past.

The abundance of frogs along the shores of the Baltic is given as the reason for the strange behavior of the birds.

REGARDING THE ROYALTY ACT

What is the British Columbia Royalty on Timber?

It is the payment made into the Provincial Treasury by our loggers and lumbermen when the timber is felled and it represents the equity of the people of British Columbia in the standing timber of the Province. The principle of this levy is recognized by the timber owners who are anxious to pay a fair and equitable impost. It is an entirely separate charge from license and lease rentals, and other forms of carrying charges on timber, which are paid by timberholders in addition to the royalty rate.

On What is This Royalty Payment Based?

By the Act of 1914 it is based on the average wholesale selling price of lumber during consecutive periods of five years each. It is submitted that this is an illogical basis which establishes the principle of taxing labor and other elements entering into the cost of production. The equity of the public in the standing timber ceases when the tree is felled. The logical basis of royalty is, of course, stumpage, and the impost should properly be fixed on the value of standing timber as it accrues in the woods.

What are the Objections to the Present Royalty Act?

In addition to its uneconomic basis, it threatens to tax the whole lumber industry out of existence. The royalty rate which will go into force on January 1st, 1925, unless the present Act is amended or repealed, will increase the present rate of 1920-1924 by 300c, and the original rate of 1914-1919 by 700c.

This series of articles communicated by the Timber Industries Council of British Columbia.

PRINCE GEORGE

Fifty parcels were sold at the provincial government tax sale here last week and \$5,000 was realized. There was considerable interest manifested in several parcels of lots adjoining the city limits of Prince George and these, in the most of cases, brought more than the upset prices.

There was an Armistice Day service in Ritts-Kifer Hall here last Tuesday to which members

of the Great War Veterans Association paraded in a body. A patriotic address was given by Father Leray.

Joseph Francis McManis, six year old son of Mr. and Mrs. J. C. McKenzie, died here last Monday after a brief illness. Emilio Zimmario, two year old daughter of Mr. and Mrs. Louis Zimmario died the same day and Clarence Bergeron, nine year old daughter of Mr. and Mrs. Bergeron, died on Tuesday. The first two children died of pneumonia and the last mentioned of diphtheria.

George H. Adams, who has been visiting the Okanagan country, returned to Prince George Saturday night.

FORTUNES ARE FOUNDED ON SMALL CASH SAVINGS

It's not what you make it's what you save that counts. It is a recognized fact that a business conducted on a cash basis can be operated much more economically than one conducted on a credit basis. However, when there is no inducement to pay cash, why do so? More and more the world over the cash system is coming into use. As a result of our ad of the past week we found that the people of Prince Rupert too, are willing to pay cash. Have you investigated our proposition, if not why not? The proof of the pudding is in the eating thereof. F. W. MOERSCH, Grocer, phone 13.

Sport Chat

So far the second division billiard league tournaments have been interesting enough though perhaps not very close. The Canadian Fish & Cold Storage team started off by making a clean sweep over the Gallies. Then the Vets handed a clean trimming to the boys from Seal Cove and were in turn defeated by the St. Andrew's team in almost as decisive a manner. This leaves the St. Andrew's at the head of the league and one wonders what will happen when they meet their brother players, the Gallies, who are in the cellar. Tonight the St. Andrew's and Billiard Parlor teams meet.

Games this winter in the first division between the Prince Rupert Billiard Parlor and the Great War Veterans give promise of being particularly interesting for the teams have the earmarks of being evenly matched from the head men down. There bids fair to be quite a keen contest for the league honors. Tonight these two teams meet for the first time as follows:
 George McIlmoyle (Billiard Parlor) vs. Col. McMordie (Vets).
 Charles Balagno vs. Sgt. Jebson.
 Fred Stephens vs. Alex Volume.
 B. Jelich vs. Fred Pyle.
 Art Easson vs. J. Walsh.

Fearing that the continuous recording of individual scoring totals might tend to adversely affect team work of the players, the Prince Rupert Basketball Association decided to ask press statisticians to forego publishing these standings during the forthcoming season. That request has been met. It is now being suggested, however, that some officials of the organization be delegated to keep record of the scoring with a view to publishing a grand total list after the close of the season.

losers. The attendance of fans was again large and everybody was pleased with the splendid contests witnessed.

Senior Game

The Sons of Canada got away to a good start in the first half at the close of which they had a substantial lead. The Colts picked up after the intermission, however, and overcame the margin against them. Once they were ahead and for the most of the time towards the end it was a tie score. The Canucks scored the winning points just before the final whistle. Several pretty long shots by George Mitchell featured the second half. Vic Menzies' height prevented the Colts getting away with several other shots in the course of the game. E. A. Mann refereed and the teams lined up as follows:
 Sons of Canada—R. B. Skinner, V. Menzies, G. Anderson, Alex Mitchell and George Blythe.
 Colts—Douglas Frizzell, R. Bartlett, E. Zetterman, G. Nason, George Mitchell and W. Mitchell.

Ladies' Game

The Ladies' League game was nip and tuck all the way. First the Maple Leafs were ahead and then Gil's, the latter leading by 10 to 8 at half time. The teams were never far separated and it took five minutes overtime to reach the decision by one point for the Maple Leafs. Both teams played good combination. R. B. Skinner refereed.
 Maple Leafs—Myra Harvey, Lillian Lowe, Margaret Graham, Louie Fisher, Aileen Stephens and Laura Frizzell.
 Gil's—Caroline Mitchell, Leona Parker, Marjorie Lancaster, Willa Dyer, Mary Long and Catherine Harvey.

League standings to date follow:

"Best Thing in the World For Delicate Girls"

Mrs. John Bennett, Boggy Creek, Man., writes: "My little girl had organic nervous trouble, could not sleep, had severe headaches and fainting spells. This went on for three years, and three doctors helped her very little. After reading of what Dr. Chase's Nerve Food had done for others, I got some for her. She is now so well that she is like a different child. She is fourteen years old and looks the picture of health."

"We have used Dr. Chase's Nerve Food for different members of the family, when recovering from 'flu' and scarlet fever, and it has always helped them."

PLEBISCITE REQUEST IS FURTHER TABLED

City Council to See What Legislature Does Before Deciding to Test Public Opinion on City Managership

The request of the Prince Rupert Ratepayers' Association that a plebiscite be submitted at the next civic election on the question of city managership again came up at last night's council meeting. There was no objection to the request being granted but, when it was pointed out by City Solicitor Jones that unless the Municipal Act was amended city managership could not be put into effect even if the scheme were approved, it was decided to lay the matter over for another week pending the legislature possibly taking action on the particular point in question.

Ald. Collart was in favor of submitting the plebiscite and pointed out that, if necessary, special legislation could probably be obtained to effect the change. Ald. Casey had no serious objection to having the plebiscite put but still felt there was no general demand for it and the general public did not know enough on the subject to warrant a vote being taken. Ald. Macdonald had no objection but felt there was no use in testing public opinion, even if it cost only a few dollars to do so, on a matter which could not be put into effect if it were approved. On suggestion of the mayor, the request was further tabled.

CARLOAD OF COAL ORDERED BY BOARD

Tender of D. McD. Hunter for Yellowhead Superior Screened Mine Run at \$9.65 Accepted

The school board at a special meeting yesterday afternoon opened tenders for coal and decided to order a carload of Yellowhead Superior screened mine run from D. McD. Hunter at \$9.65 per ton.

The tenders were as follows:
Consumers' Coal Co.—Telkwa, \$10.60; Cadomin, \$11.45.
D. McD. Hunter—Yellowhead Superior screened lump, \$10.60; Yellowhead Superior screened mine run, \$9.65.

Prince Rupert Feed Co.—Edson \$10.75.
Philpott & Eviitt — Telkwa, \$10.15; Nanoose — Wellington mine run, \$11.90.

Prince Rupert Coal Co.—Telkwa lump, \$11.67; Telkwa mine run, \$10.92; Ladysmith-Wellington mine run, \$12.35; Ladysmith-Wellington screenings, \$9; Stirling stove, \$10.50; Stirling egg, \$9.25.

DYBHAVN & HANSON'S NEW OFFER ACCEPTED

Three Thousand Dollars Considered Adequate to Cover Removal of Rock from Third Avenue Lots

The city council, on recommendation of the board of works, decided last night to accept an amended offer from Dybhavn & Hanson of \$3,000 for the excavation of the lots at the corner of Third Avenue and Fifth Street. The first offer was \$2,500, this having been rejected by the council last week. The city will be responsible for any damage incurred in the work, the engineer and Board of Works having been of the opinion that the new offer would be sufficient to cover this. The rock removed will be used for street surfacing purposes.

PRINCE RUPERT WOMEN REGISTER INTERESTING VOTE TO SAVE MONEY AND LESSEN WORK

It is a sign of the times that women should demand more authority in their homes. Not that they want all their own way but that when comfort and economy are at stake they are usually better judges than their husbands. They are at home all day and know more about the things that go to make for the comfort of the home than the husbands who come home at night expecting everything to be just so. This is why so many Prince Rupert ladies insist on having Nanaimo-Wellington coal. They have made a study of coal and have discovered that Nanaimo-Wellington is far superior to its competitors. Very little lasts a long time. If drafts are shut off at night the fire will be there in the morning. No rock, very little ash and no slack are other points in favor of Nanaimo-Wellington.

This famous coal is sold only by Albert & McCaffery. They have their own team and trucks and assure prompt service. Order direct from them and be sure you get the only coal—Nanaimo-Wellington. Their phone numbers are 416 and 564.
