# BRITISH ROUND THE WORLD FLIGHT BEGINS

## KENNEDY OF EDMONTON BACKS FRED STORK IN ASKING ELEVATOR HERE

### British Round the World Flight Left this Morning for France and will Continue way of Rome

GALSHOT, England, March 25.—In bright, calm weather A. Stuart McLaren, Flying Officer Plenderleith and Sergeant Andrews took to the air today in a Vickers Vulture plane for a flight around the world. They left only forty minutes behind scheduled time.

A large crowd cheered the fliers as the machine rose from the ground and they were escorted out of Southampton by a squadron of naval and land planes. Brigadier General Lord Thompson, minister of air, bade them God speed.

The fliers expect to reach Lyons, a distance of 435 miles, before sunset and tomorrow they will proceed from Lyons to Rome, 550 miles. From Lyons the route will be to Brindisi, Italy, Athens, Cairo, Bagdad, Basra, Karachi, Calcutta, Rangoon, Hong Kong, Tokio, over the Aleutian Islands to Alaska and striking inland at Prince Rupert they plan to fly across Canada to Newfoundland, Azores, Lisbon and back to Southampton.

### ST. MARGARET FINE VESSEL

Steamer Selected by Capt. Donald Well Fitted For Service on This Coast

That the steamer St. Margaret, which he selected in the Old Country as a suitable vessel for the Canadian Government Merchant Marine to purchase for the Queen Charlotte Island run, is in every way fitted for the service on this coast is the opinion of Capt. D. Donald who is in the city.

Capt. Donald states that the St. Margaret is a well kept up boat and has such passenger accommodation that she might be used as a relief ship between here and Vancouver if needed. She is much larger than the Prince John and could handle the freight as well as passenger requirement. She was originally built for passenger service along the north coast of Scotland.

The transfer of the vessel from her Aberdeen owners to the Canadian Government Merchant Marine is now awaiting a settlement of the price to be paid.

### EACH BRANCH IS SEPARATE

Minister of Railways to Bring Down 26 Bills Dealing With Building Program

OTTAWA, March 25.—Hon. George P. Graham, minister of railways, intends to bring down 26 separate bills for the branch line program of the Canadian National Railways. Last year all were covered in one bill which was rejected by the Senate.

By bringing down separate bills for each branch line, parliament will be given an opportunity, if it so desires, of discriminating in favor of certain branches and some of them may thus pass.

### NEW BORN INFANT IS FOUND IN FURNACE OF GOVERNOR'S RESIDENCE

OTTAWA, March 25.—The body of a fully developed newly born infant half burnt was found in the furnace of Rideau Hall Sunday night. An investigation is proceeding.

### IMMIGRATION INCREASE

OTTAWA, March 25.—Immigration for the eleven months of the fiscal year totalled 135,128 an increase of 104 per cent over the corresponding eleven months of last fiscal year.

Legislative Library, Parliament Buildings, Mar. 21/2

### PURCHASE FOOD FOR GERMAN WOMEN AND DESTITUTE CHILDREN

WASHINGTON, March 25.—Disregarding party lines the House of Representatives adopted a resolution yesterday to appropriate ten million dollars for the purchase of food supplies for the destitute women and children of Germany.

### MAYOR RECEIVES REPLY TO TELEGRAM

Minister of Trade and Commerce Answers Telegram Sent to Premier King

The following reply has been received by Mayor Newton to the telegram which he recently sent to Premier W. L. Mackenzie King with regard to the erection of an elevator and other port development:

"Your telegram of March 19 addressed to the Prime Minister has been referred to me for attention. This matter and the question of the development of Prince Rupert port have been under consideration for some time."

THOS. A. LAW,  
 Minister of Trade and Commerce.

### MAKING PROGRESS IN POUNDING OF HERRING

Run at Captain's Cove About Over and Filling of Pound at Jap Inlet Will Soon Commence

With the herring run in that vicinity about over now, the N. M. & R. Fish Co. and Bradbury & Yell have between 400 and 500 tons of herring impounded at Captain's Cove. The pound at Jap Inlet is now being fitted out in readiness for the run there which will soon be starting. In addition, a pound has been established in Prince Rupert harbor at Wolfe Island containing between 70 and 80 tons. Local fishermen are now drawing bait supply from this point.

### EDMONTON CUTS ALL SALARIES OF CIVIC HEADS OF DEPARTMENTS

EDMONTON, March 25.—With one exception, all salaries of civic departmental heads were cut by an even forty-eight dollars per annum at a special meeting of the city council when consideration of the budget was practically completed. The one exception was Deputy Fire Chief Albert Dutton, whose salary was increased from \$1,920 to \$2,100 per annum. Commissioner Yorath's suggestion that his own salary be reduced by five per cent was accepted by council on a motion by Alderman J. J. Duggan. The cut in Mayor Blatchford's salary at \$225 as moved by himself at a former meeting, stands.

"Aye! Them were the days." W. Ross, an inmate of a Sydney Old Sailors' Home, was born on a ship one hundred and seven years ago and didn't leave the sea until a short time ago. He still talks cheerily of the old days.

### All Irish Political Parties Repudiate Queenstown Shooting and Repudiation is Accepted

LONDON, March 25.—That the outrage in Queenstown is not likely to cause difficulties between the Irish Free State and the British government was shown when Hon. J. H. Thomas, secretary of the colonies, stated in the House of Commons that the crime had been repudiated by every political party in Ireland, adding "We accept that repudiation."

Expressing the opinion that the crime was the work of irresponsible elements whose motive was to bring about the downfall of the Free State government, Mr. Thomas continued: "We are convinced that the Free State government is doing its utmost to track the murderers and wipe out the blot on Irish honor and should have all the sympathy we can give it."

### GREECE NOW A REPUBLIC

National Assembly of That Country Passes Resolution Favoring It

ATHENS, Mar. 25.—Greece is today practically a republic. The National Assembly today passed a formal resolution in favor of the overthrow of the Gluckburg dynasty and the establishment in its place of a Greek republic.

This action, which has been somewhat delayed, followed a movement which commenced some months ago when the King and Queen were driven into exile and former Premier Venizelos was sent for to advise on the reorganization of the government. Several changes have taken place since that time leading up to the present drastic action. This sees the end of the monarchy.

### DAYLIGHT SAVING IS REJECTED BY VICTORIA

VICTORIA, March 25.—Daylight saving was defeated by a vote of the city council last night. Last year this city was the only place on the coast that had daylight saving and there was a good deal of criticism of the measure toward the end of the term. This year it was claimed that the council could not eliminate it without taking another plebiscite as it had been brought in by a vote of the ratepayers.

### Member for West Edmonton is Championing Prince Rupert as Grain Shipping Port of Pacific

Prince Rupert has another champion in the person of D. M. Kennedy, member of parliament for West Edmonton, who in speaking in the House of Commons on the address in reply to the speech from the throne backed up Fred Stork and urged the erection of an elevator here. According to the Hansard report he said:

"We have been in the last few years as a country, developing the grain routes of the Pacific. We have two ports on the Pacific; you might possibly say three. We have Vancouver and Prince Rupert, and I believe, Westminster claims to be a port. I was glad to read the speech of the hon. member from Prince Rupert (Mr. Stork) because I did not have the pleasure of listening to him when he put forward his claim for Prince Rupert. That port was selected as a Pacific port by a Liberal government. The Canadian National railways are connected with Prince Rupert. They are not, I believe, at the present time connected with Vancouver, except by an arrangement whereby the Canadian National trains run over the Canadian Pacific railway. I believe the government will do very well to listen to the advice given sympathetically by the hon. member for Stork and take steps in the near future to provide money if necessary, to build an elevator there. This may be something that the government may possibly not feel inclined to do at once; but I do not see any reason why they should hesitate, because if we may judge from the Price Waterhouse report, terminal elevators have been paying very well. We do not want government elevators to pay as well as the elevator at Fort William according to the Price Waterhouse report, but we believe this is a business that will pay its way and incidentally help our National Railway to make a success."

### SINGAPORE BASE IS DISCUSSED

Government to Make Statement in Near Future, States Premier Mackenzie King

OTTAWA, March 25.—Early discussion of a resolution in regard to Singapore naval base which was considered by the Imperial conference will take place soon in the House of Commons. Answering a series of questions put by Thomas Church of Toronto yesterday afternoon Premier Mackenzie King stated that the Dominion government had no correspondence with any other overseas dominions regarding the Singapore base.

"What position did the government of Canada take on the question?" asked Church. "At this moment I do not consider it advisable to say, but I will be prepared to make it clear in the House when the matter comes up for discussion," the Premier replied.

### MURDERERS ARE COMMON FOES

So Says Premier Macdonald to President Cosgrave of Ireland

LONDON, March 25.—Premier Ramsay Macdonald sent a message to President Cosgrave acknowledging Queenstown's public repudiation of the crime of shooting at British soldiers and their wives and families last week. "Queenstown can rest assured," says the message, "that this murderous outrage perpetrated by common foes will not be allowed to disturb the friendship of the British and Irish nations cemented by treaty."

### PLAYGROUND PROJECT KILLED BY COUNCIL

Recommendation From Board of Works That There be no Diversion of McBride St. is Adopted

The school board's proposition for the consolidation of the four park squares at the corner of Sixth Avenue and McBride Street into one large playground went by the board at last night's council meeting when a report from the board of works recommending that there be no diversion in the present course of McBride Street was adopted without discussion.

### LENINE'S BODY TO BE EMBALMED ONCE MORE

MOSCOW, March 25.—Because of the demand that the body of Lenin be kept on view, the Soviet government has decided to re-embalm it permanently if possible.

### CITY INSURANCE BEING SHARED UP

Ald. Collart Replied to Ald. Casey's Queries at Last Night's Council Meeting

In connection with the passing of insurance accounts for 1923 at last night's council meeting, Ald. Casey inquired if equal distribution of the business was being made among the various agents in the city. Ald. Collart replied that such a principle had been adopted by the finance committee last year and it was being continued as far as possible. Ald. Macdonald explained certain increases in utilities department insurance last year and stated that some reductions were being effected this year.

### FIRE IN HOLD OF BRITISH STEAMER LADEN WITH LIME

ASTORIA, March 25.—The British steamer Ed. Kingsley of Vancouver, B.C., bound to San Francisco with a cargo of lime put in here with a fire in number two hold. Longshoremen are removing 40,000 feet of lumber in order that the firemen may flood the hold.

### THEATRE ROOF FELL

RIO, Janeiro, Mar. 25.—Two are reported killed and fifty injured as the result of the falling of the roof of the theatre at San Pablo on Sunday.

### OLD COUNTRY FOOTBALL

Rotherham 1, Bradford 6.

### ALBERTA'S DEBT IS STEADILY INCREASING

Farmer Government There is Criticized for Expenditures by Leader of Opposition

EDMONTON, March 25.—The Hon. J. R. Boyle, leader of the opposition, during the course of an attack on the 1924 budget in the Legislature, declared that the net debt of the province had been increased by \$20,329,828 since the present government had taken office.

The debt of the province in 1921, according to the budget speech given by Premier Herbert Greenfield in March, 1922, had been given as \$57,212,419. Mr. Boyle said. At the end of 1923 the net debt had increased to \$77,792,247, as was set out in the budget speech of the Hon. R. G. Reed, provincial treasurer, of last Tuesday, and with a forecasted debt this year of \$77,542,249 increase. This income in debt, Mr. Boyle declared, had been incurred solely by the present government, and there was very little in the way of capital assets to show for it.

### EARTHQUAKE SHOCKS RECORDED AT VICTORIA

VICTORIA, March 25.—Two earthquake shocks estimated at a distance of four to five thousand miles, possibly off the Asiatic coast, were recorded here.

### Only Way For Edmonton.

If Edmonton ever expects to become the western grain market, her hope lies in securing an outlet for that grain at Prince Rupert. As it is, Vancouver is the choice. With the opening of Prince Rupert a more central point than Vancouver would be desirable and that point would naturally be Edmonton.

It is useless to argue that there may be a number of grain markets. History indicates that one centre always dominates all others. The struggle just now is as to which shall be the dominant market centre. Edmonton has an elevator in course of erection and she needs just this one thing to aid her in securing the master position and that one thing is a grain outlet at Prince Rupert.

### Is Canada A Nation?

We often speak of Canada as a nation, but there is a member of Parliament down East named Laflamme who says we are nothing of the sort. To quote his words: "The term 'Canadian Nation' lies in the dictionary like a corpse in a necropolis. What we are is not a nation but an assemblage of well-intentioned individuals."

Possibly Monsieur Laflamme is right. Some of us boast of our English parentage, some of our Scottish, and some of our Norwegian, and some of our Italian or Greek. Some are looking for opportunities south of the boundary line and are ready at any moment to hop over if there is seen the least financial benefit from so doing. Few of us know how to sing "O Canada," and of those who do sing it, one group sings one verse and another group another.

Among the younger men there is growing up a pride in Canada, but they, in spite of their professions of loyalty, are just as prone to leave for the south as the immigrants.

### Greater Internationalism Is Absorbing Us All.

It seems as if the greater internationalism is absorbing us all. We are seeing things bigger than did our fathers. We are looking at things from a wide angle. Patriotism is becoming more intelligent. What is the use of declaring we are the best people and our country the best country unless it is really so?

We live in Canada because it is the best country to us. If it were not so we should not be here, unless we are fools. We live in Prince Rupert because we like it better than any other place. It may be that we like the jobs we hold, or the conditions of life. If these are not better than we can get elsewhere, why stay? Undoubtedly those of us who are here remain because we wish to do so, and we should not wish to remain if we saw a better opening elsewhere.

### Make Our City Best In Country.

In order to encourage civic patriotism it is wise to make our city as fine a place as possible. We are improving our streets and other facilities. We expected to develop roads into the country and to erect fine buildings here. Playgrounds are being improved for the young people and a good library is now available for the use of citizens. Everything points to improvement. We are developing civic pride. If we are to keep our young men and women here as they grow up we must make the conditions of life here as good as possible. That is the way to develop patriotism.

## "I Suffered Terribly With Sore, Aching Back"

Mrs. Roland Ferguson, 194 Lake St., Peterboro, Ont., writes:

"For over two years I suffered terribly with sore back. I was almost mad with the pain, and had doctored with it until I was discouraged. Then my father, who is a firm believer in Dr. Chase's Kidney-Liver Pills, advised me to try Dr. Chase's Kidney-Liver Pills. I followed his advice, and am glad to say I was completely relieved of that torturing pain in my back. It is over a year since I used these pills, and I have had no return of the trouble, but always keep them in the house."

Dr. Chase's Kidney-Liver Pills  
35 cts. a box of 25 pills. Edmondson, Bates & Co., Ltd., Toronto

## TWELVE MILE BOOZE LIMIT

Treaty Before Parliament in Connection With Extension of Seizure Powers

OTTAWA, March 25.—Approval of the convention between Britain and the United States dealing with the right of search of rum-runners was the initial business before the house this afternoon.

Moving concurrently, the prime minister explained the main provisions of the treaty. The principle of the three-mile limit was upheld, but it was provided that seizure of suspected vessels may take place over such a distance as the suspected craft is capable of steaming in one hour.

Provision was made for a commission to adjudicate upon the seizure or confiscation of vessels and claims in respect thereto.

The treaty, the premier said, was of an experimental nature which would lapse at the end of a year but was renewable. Three months before expiration suggested modifications could be submitted.

### Canada's Stipulation

The Canadian government had intimated that when cases affecting Canadian vessels were before the adjudication board the British representative should be nominated by Canada and also that the treaty itself should be ratified by the Canadian parliament. These views had been acceded to. The treaty imposed obligations on all parts of the empire. All of them had signified their readiness to have the British ambassador sign for them.

The treaty would not be ratified by the king until the dominions had done so. The premier expressed the view that it was most desirable that Canada should co-operate with the United States in this instance not only in the interest of international goodwill but also because it was founded on a great moral purpose. British shipping did not object to it. While the right of seizure was extended, British ships were allowed to carry liquor under seal into American ports.

## REO TRUCK ORDERED FOR FIRE DEPARTMENT

Ford Machine Will be Turned Over to Utilities—New Motor to Cost \$1,940

The city council decided last night, on motion of Ald. Clapp seconded by Ald. Macdonald, to purchase at once a new Reo truck for the fire department to replace the Ford machine which is to be turned over to the utilities department. It was reported that the latter department needed a machine immediately and the sooner it was obtained the quicker money would be saved. The Reo truck will cost \$1940 and can be delivered within a week.

## Ten Years Ago in Prince Rupert

March 25, 1914.  
J. Sidney Smith, manager of the Atlin Fisheries, says halibut boats can buy ice cheaper at Ketchikan and Mill Bay than at Prince Rupert.

The attitude of Mayor Newton in turning down the \$10,000 publicly grant last week by using his power of veto is being generally criticized.

The Daily News has started a newsboys competition. The boy selling the most papers in a month is to receive a suit of clothes from the Acme Importers.

## BURNS LAKE

The Conservative Association, which was organized here last week, elected officers as follows: President, G. E. Imeson; vice-president, Robert M. Gerow; secretary-treasurer, W. McK. Tufts.

G. Saul of Decker Lake has been appointed a deputy sheriff for Prince Rupert district.

Alex. A. Gonnon was a visitor here from Hazelton last week.

Fred Aslin is extending his fur business and intends to establish posts in the Francis Lake and Babine districts.

### PARENT-TEACHERS

Editor, Daily News.  
There appeared in your press notice on Saturday, March 22, an account of the meeting of the Rate-Payers' Association held the previous evening.

It was reported that at that meeting Mrs. J. S. Johnson said: "The Parent-Teachers' Association is an organization made up of floating population which asked for expenditure on the part of the property owners."

In the first place the Parent-Teachers' Association begs to state that its membership consists of more than 80 per cent parents who are permanent residents of the city, the majority of whom contribute directly their share of taxes to the city.

Secondly, it was the School Board and not the Parent-Teachers' Association who were responsible for the proposal concerning the McBride Street and Sixth Avenue playground. Any funds necessary for the purchase of our aims are raised by our members themselves.

It is to be regretted that anyone should make rash misleading statements as above quoted, concerning any organization, the members of which have such altruistic principles as those of the Parent-Teachers' Association.

Press Correspondent  
Prince Rupert Parent-Teachers' Association.

## The Man in the Moon SAYS:

If a printer does not pay inkum tax, who should?

THE difference between a protected infant industry and any other infant is that it never grows up but always wants to be protected.

THERE are two important things in business. The first is to plan your work and the second to work your plan. Both are necessary to success.

SOME young men seem to think the road to success lies in working the old man.

NEVER worry about the clouds. Make use of the sunshine.

THERE'S much more fun in winning the reward than in having it. The game's the thing.

A CAREER is what a girl has while she is waiting to get married.

## PRINCE GEORGE

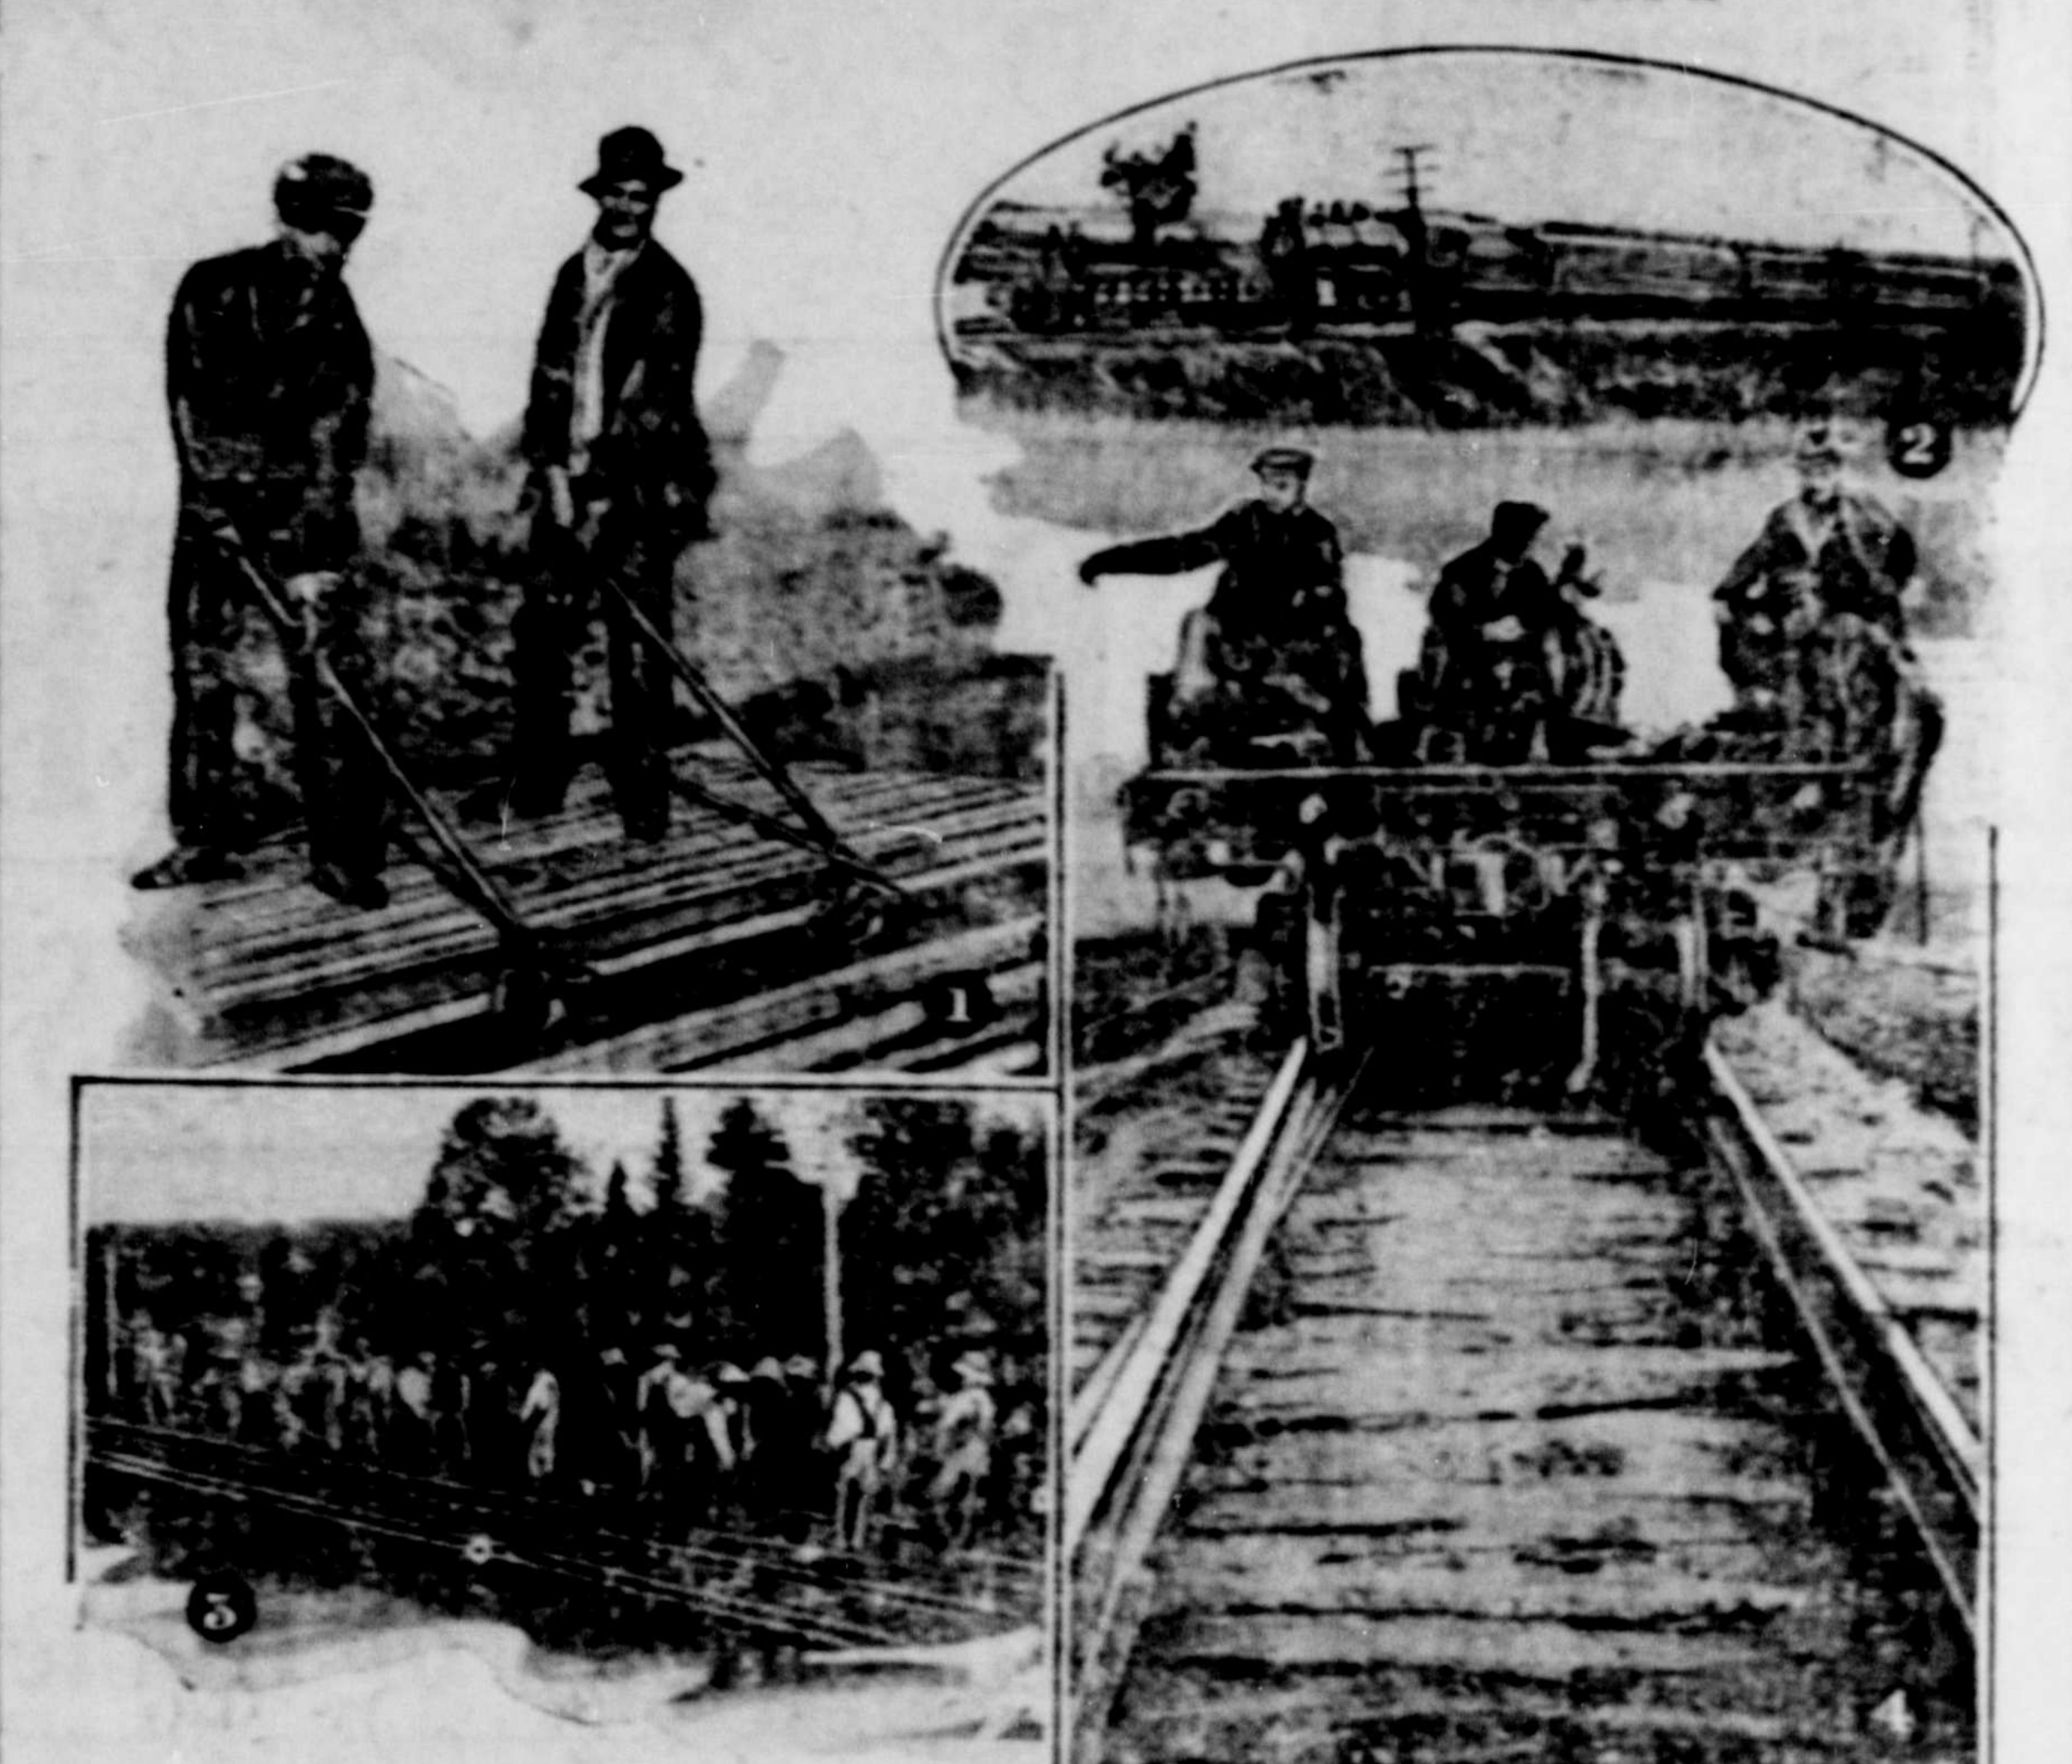

The local lodge of Eagles has elected officers as follows: Past President, N. Moore; President, Cyril Dupre; vice-president, H. G. Perry, M.L.A.; chaplain, J. Ferguson; secretary, Howard Gross; treasurer, George Dochberry; inner guard, B. Pinkerman; outer guard, R. Reid; trustees, E. Thompson, G. C. Sinclair and H. W. Gross; conductor, R. J. Garvey.

E. Thompson, one of the district's most successful farmers, succumbed to pneumonia in the Prince George hospital last week.

W. Bellos was arrested last week and charged with theft. The case arose over a check Bellos cashed for N. J. Nelson.

Martin Gane of the Foreman Lumber Co. has completed his tie

## Another Canadian Railroad Record

1 Unloading new rail from a flat car. 2 A Canadian Pacific wood train. 3 Placing a new rail unit. 4 Throwing the old rail to the outside of the track. Note how the wheels are edging the old metal over the new.

Although Canada owes its prosperity, and even its national life to the Railroads which stretch across the Dominion and send feeders north and south into its rich agricultural and mining countries, the Railroad history of the country does not yet cover fifty years. In their short existence, however, Canadian Railways have progressed, and been so forced to meet the increasing demands and requirements of the country that their development has been extraordinarily rapid. Not only were the engineers employed by the Canadian Pacific compelled to press the laying of ties to the Pacific at a pace hitherto unknown, regardless of the many difficulties and obstacles which they encountered both on the plains and in the Rockies which were once thought impassable, but competition with other lines and the demand of the travelling public for service, comfort and convenience has stimulated the activities of the operating departments to such an extent that in the matter of equipment and service railroads in this Dominion are not surpassed on the continent.

Experiences gained in "construction days" were not lost, nor has the standard of efficiency which signalled the Canadian engineer been lowered, and today Canadian claim to be the world's leaders in railway construction maintenance and operation.

Using unusual and effective methods, the Canadian Pacific recently laid over 100 miles of 100 pound rail at the rate of a mile or more an hour securing total daily mileages up to 10 miles and over thus establishing another record. This while the road was under heavy

contracts and started sawing at his mill at the end of the week.

George Campbell lost his life last week while attempting to cross the Fraser River on a weakened ice sheet. The body was recovered.

The city council has requested the police commission to cope with the bawdy house nuisance in Prince George.

Frank Clark, locomotive foreman, has returned to Prince Rupert after spending a six months' vacation in California and other Pacific States.

The B.C. Trappers' Co-operative Association has elected officers as follows: President, A. C. Dahl, Forl Fraser; vice-president, O. B. Hughes; secretary, treasurer, C. H. Hughes; director, John Duncan.

D. G. Tate, formerly city clerk of Prince George, has joined the staff of the Kendall, Barr & Co., accounting firm, Vancouver.

The Pouce Coupe Board of Trade has passed a resolution favoring the Prince George route for a railway to the Peace River.

Archie Watt, C.N.R. master mechanic, has moved his office from Smithers to Prince George.

## CONSTANT HEADACHES AND DIZZINESS

It is hard to struggle along with a head that aches and pains all the time, and in many cases out of ten the persistent headaches are due to some derangement of the stomach, liver or bowels.

Undoubtedly the cause must be removed before permanent relief may be had.

Burdock Blood Bitters removes the cause of the headaches, as it acts on every organ of the body and strengthens, purifies and regulates the whole system.

Mrs. Peter Curran, 27 Morrison St., Sydney, N.S., writes: "I have been troubled for the last five years with constant headaches and dizziness. After trying several remedies, which I found to be of no avail, Burdock Blood Bitters was recommended to me.

B.B.B. did me a world of good, and I cannot praise this remedy enough." Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

### A SEVERE ATTACK OF HEART TROUBLE Was Relieved By MILBURN'S Heart and Nerve Pills.

Mr. S. E. Barnes, Athens, Ont., writes: "Four years ago I had a very severe attack of heart trouble. I consulted my doctor; he treated me for some time, but I only seemed to be getting worse. I finally went to our druggist and purchased three boxes of Milburn's Heart and Nerve Pills and derived immediate relief from their use, and I can truthfully say they are a wonderful medicine. I always keep a box on hand, and if I feel out of sorts take a few pills and feel all right again." Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Mayners, Undertakers. Phone 151.

Great War Veterans general meeting tonight, Tuesday, March 25, at 8 p.m.

R. E. Allen arrived in the city last night from Hanall and is registered at the Prince Rupert Hotel.

Another 500 tons Nanaimo Wellington Lump Coal just arrived. The best yet. Albert & McGaffery, Ltd.

Paddy Hughes, contractor of Terrace who arrived in the city recently, has decided to locate here permanently.

Ladies' Aid of the Lutheran Church Tea and Home Cooking Sale, Thursday, March 27, at the home of Mrs. Thor Johnson, 1053 First Avenue.

On motion of Ald. Collart seconded by Ald. McMordie the city council last night decided to call for tenders for a supply of coal to the City Hall.

A bid from G. S. Snidal and P. Johnson of \$388.64 for tax sale lots 15, 16, 47 and 18, block 28, section 7, was referred to the finance committee with power to act at last night's council meeting.

The report of the auditor for the year 1923 was accepted by the city council last night on motion of Ald. Collart, seconded by Ald. McMordie. The document had been on the table for several weeks.

Renewal of the lease of Albert Craggs' house, built under the Better Housing Scheme, to J. C. Gavigan for a year from June was granted by the city council last night on recommendation of the Housing Committee.

J. G. Bjornstad, J. Risvald and J. Roshalt of Minneapolis are registered at the Prince Rupert Hotel. Mr. Bjornstad is here on business in connection with the Kleanza Co. of U.S. in which he is financially interested.

The Ladies' Auxiliary of the St. Andrew's Society will hold a sale of Home Cooking and Afternoon Tea, in St. Andrew's rooms, Second Avenue, on Friday, March 28, followed with a Whist Drive and Five Hundred in the evening at 8 o'clock.

The date for the opening of tenders for the construction of the C.N.R. Alaska steamer has been further extended until April 8 in order, it is understood, to permit bids to arrive from the Old Country. The tenders will be opened at C.G.M.M. headquarters in Montreal.

A letter from N. B. Walton, C.N.R. assistant general superintendent, promising consideration of the city's application to build a roadway property between Seal Cove Circle and the sawmill and more definite advice as soon as possible, was received and filed at last night's council meeting.

Hon. Alex. M. Manson spent Saturday at Terrace renewing old acquaintances and there was an informal gathering in the evening at the G.W.V.A. hall in which he joined. He left by the night train eastbound and is stopping off at a number of points in order to get in touch with the problems of the people.

B. L. Gerow, barrister of St. John, New Brunswick, wrote to the city council last night asking permission on behalf of A. Reid, Queen's County, New Brunswick, to purchase at the upset price tax sale lot 11, block 25, section 8, and lot 15, block 27, section 8. The finance committee was given power to act on the matter.

A report from the Board of Works, adopted by the city council last night, authorized the medical health officer and city solicitor to proceed with the drafting of a bylaw regulating the keeping of goats in the city. Jarvis McLeod, who was present at the meeting, was called upon to speak and stated that there had been prejudice against him on the part of civic authorities.

Capt. D. Donald is returning to Vancouver on the Camosun this evening.

The tender of \$278.80 offered by Rose, Gowan & Latta for the printing of the city's annual report was accepted by the council last night. McRae Bros. bid was \$290.

The fire department had a call at 3 o'clock yesterday afternoon to extinguish a grass fire on Seventh Avenue East near the King Edward School. There was no damage.

The presentation of cups and prizes won in the winter tournament of the Fraternal Whist League, will be made at the Whist drive and dance to be held in the Elk's Home on Thursday evening.

The assault case between Wong Loek and Wong Dong Chin, Chinese, in the police court this morning resulted in the costs being assessed between the parties. It was established that the two had been fighting and that Wong Dong Chin fell against an iron bar instead of being struck by Wong Loek with same.

#### INCREASED SAILINGS TO THE OLD COUNTRY

In order to take care of increased travel expected from Canada to the Old Country this summer, the White Star, Cunard and Anchor-Donaldson Lines announce additional sailings from Montreal and Quebec. It is also suggested that those going to the Old Country should make reservations and secure passports as early as possible. Write or call Canadian National Railways, 528 Third Avenue, Prince Rupert, B.C. Phone 260.

# NAVAL POLICY CHIEF CAUSE UNEMPLOYMENT

### British Following Out Treaty of Washington Throws Men Out of Work

LONDON, March 25. — (By Canadian Press). — Much of the unemployment in ship-building yards, particularly in the great naval dockyards such as Portsmouth and Devonport, is directly attributable to the effects of the Washington Naval Agreement, now attaining its full effect in the limitation of battleship construction. Under the treaty two battleships only are being built in Britain, both of these being in private yards, the Nelson at Newcastle-on-Tyne and the Rodney at Birkenhead. Great secrecy is being exercised as to the details of their construction and armament, but their displacement is limited under the treaty to 35,000 tons each and their main armament to 16-inch guns. This displacement, however, is greater than that reached by any British battleship afloat, though surpassed by the 41,200 tons of the battle cruiser Hood, commissioned in 1920 and direct product of the battle experience at Jutland. The main armament of the Hood consists of eight 15-inch guns, similar to that of the Queen Elizabeth class, but it is understood that the Nelson and Rodney will carry a 16-inch weapon, and will thus rank with the Maryland and West Virginia of the United States and with the Japanese Kaga.

**Comparative Naval Strength**  
Discussing comparative naval strengths of the immediate future, the recently published 1924 issue of Brassey's Naval Annual says in part as follows:  
"The Washington Naval Treaty has now been ratified by the five powers which took part in the conference—the British Empire—which was regarded as one unit, embracing the Dominion as well as India—the United States, France, Italy and Japan. As a result of this agreement, the greatest destruction of naval material which has ever taken place is now being completed. No fewer than 68 capital ships are affected by the Treaty, and all but four of them have been or are being broken up. The Treaty provides that two of the discarded battle cruisers of the United States, as well as two of the battle cruisers of Japan, which were under construction when the Treaty was signed, may be converted into aircraft carriers. The other 64 ships will within a short time have ceased to exist.  
"This clearance of the lists is

## Health Restored by The Fruit Treatment

Fourteen years ago, Mr. James S. Delgaty, of Gilbert Plains, Man., was a nervous wreck. His system was shattered by Nervous Prostration, and he was reduced in weight from 170 to 115 pounds.  
"He wrote on May 15th, 1917, 'Every medicine I tried proved useless until a friend induced me to take 'Fruit-a-tives.' I began to mend at once. After using this fruit medicine for three months, I was back to normal. I have never had such good health as I have enjoyed the past six years. We are never without a box of 'Fruit-a-tives' in the house.'  
"Writing again on September 27th, 1923, Mr. Delgaty says, 'I stand by my letter to you in 1917—I still recommend 'Fruit-a-tives.'  
"Fruit-a-tives' is a complete fruit treatment—being made of the juices of fresh ripe fruits and tonics.  
25c. and 50c. a box—6 for \$2.50—at druggists or sent postpaid by Fruit-a-tives Limited, Ottawa.

all the more remarkable since none of the vessels was obsolete, and they include 23 which were in course of building when the conference assembled. All the completed vessels condemned under the Treaty were finished since the opening of the present century, and several of them were of comparatively recent construction. New and old alike, however, have disappeared from the effective lists.

**Being Carried Out**  
"This clearance of naval war material has been carried out by three only of the five powers affected by the Treaty, since powers which took part in the conference—the British Empire called upon to discard any vessels of their fleet, and neither unit, embracing the Dominion as well as India—the United States, France, Italy and Japan. As a result of this agreement, the greatest destruction of naval material which has ever taken place is now being completed. No fewer than 68 capital ships are affected by the Treaty, and all but four of them have been or are being broken up. The Treaty provides that two of the discarded battle cruisers of the United States, as well as two of the battle cruisers of Japan, which were under construction when the Treaty was signed, may be converted into aircraft carriers. The other 64 ships will within a short time have ceased to exist.

## GAVIGAN TALKS TO EDMONTON PEOPLE

### Tells of Difficulties in Buying Potatoes There and is Featured in Paper

Featured on the front page of the Edmonton Bulletin is an interview with J. C. Gavigan of this city in regard to grading of potatoes. The article says:  
"There is something radically wrong with the government system of grading potatoes that are shipped from Edmonton and surrounding districts," said J. C. Gavigan, produce merchant, of Prince Rupert, B.C., speaking to a Bulletin reporter in the Board of Trade rooms yesterday afternoon.  
"Just last week I had a car-load of potatoes shipped from a district adjacent to Edmonton. It had a grade A certificate on it. When that car went to Vancouver, the inspector there gave it an inferior grading. Now that should not be, for the simple reason that this sort of thing will tend to kill the Alberta potato market at the coast.  
"The potato trade with the coast is a great thing for Alberta, but if the farmers are going to be disappointed by receiving a high grade in Edmonton and an inferior grade at the coast the potato market will not function," Mr. Gavigan concluded.

"The last drop is as good as the first."

## SALVATION ARMY HAS FINE ENTERTAINMENT

### Attendance Large and Program Excellent in Citadel Last Evening

There was a first rate entertainment at the Salvation Army Citadel last night, which was attended by a large and appreciative audience. It was the Young People's annual event. Staff Captain Carruthers presided and everything went off splendidly.  
There was a vocal solo by Jackie Waddell; recitations by Adelaide Piper, David Waddell, Edith Leek, Mrs. Captain Coleman, Rosy Smith and Rosy Cox; an exercise by five little girls; dialogues by Tommy Gurvich and another by Bernice Ross, Annie Smith and Rupert Ross; a third included a number of juniors, those taking part including Edith Leek, Winnie Exley, Doris Smith, Annie Smith, Bernice Ross, Rupert Ross, Jack Waddell, Tommy Smith, Henry Smith, Mike Gurvich, Helen Sims, Leone Coulter, Caroline Smith.  
Other numbers included a reading by Mrs. G. Waddell, piano solo by Miss A. Gurvich, an action song by the sunbeam class, a Bible reading by Miss Edith Leek, an opening address by Jean McLean, a drill in which a number took part including Irene Boulter, Clarence Wesley, Caroline Smith, Tommy Smith, Doris Smith, Kate Chinoski, Roy Chinoski, Mike Gurvich, Nick Gurvich, Doris Rose, Grace How and Rupert Ross.  
A skipping drill was well executed by Nellie Gurvich, Helen Sims, Bernice Ross, Doris Smith, Annie Smith, Winnie Exley; the final hymn before the distribution of prizes was sung by Nellie Gurvich, Helen Sims, Doris Smith, Annie Smith, Bernice Ross, Winnie Exley and Edith Leek.

**NELSON ENDORSES  
TOWN PLANNING OF  
NORTH VANCOUVER**  
NELSON, March 25.—Nelson's city council on Monday night endorsed a resolution from the North Vancouver council asking that a town planning act be brought into force by the government. The resolution forwarded to the Nelson council, by R. L. Archibald, city clerk for the North Vancouver council, reads as follows:  
"Resolved, That this council go on record as approving of a town planning act being passed at the next session of the provincial legislature making it permissible for municipalities to adopt such act in their several municipalities if so desired, and that a copy of this resolution be forwarded to the provincial secretary and the local member, also to the municipalities and the North Vancouver board of trade for their indorsement and support."

## UTILITIES SHOW HEALTHY SURPLUS

### Electric Light Department Netted \$2,798.46 in February and Telephone, \$964.50

A surplus of \$2,798.46 was shown by the electric light department for the month of February and the telephone department netted \$964.50 in the same period according to reports submitted to the city council by the superintendent of utilities last night.  
Figures of estimated revenue and expenditure for the two departments were as follows:  
**Electric Light**  
Revenue ..... \$9,206.00  
Expenditure ..... 6,407.54  
Surplus ..... 2,798.46  
**Telephone**  
Revenue ..... \$3,650.00  
Expenditure ..... 2,685.50  
Surplus ..... 964.50

## THE QUALITY OF BULK TEA

The Quality of Bulk Tea is always unreliable for several reasons. In the first place, being unlabelled its origin is unknown and there is no one who has any particular responsibility for its goodness. In the second place, it is exposed to the air and therefore very quickly loses its flavor and freshness. Even if it were as good as "SALADA" in the first place, it would rapidly deteriorate and in any case it would be impossible for the dealer to follow consistently the same quality throughout the year. "SALADA" always maintains an unvarying high standard, possible through skilful blending.

# You need a PILOT

EVERY good ship, nearing port, takes on a pilot. Usually, the law requires it. The pilot knows the channel. With his capable hands at the helm, the vessel is safe. Without him, there is danger of the shoals.

When you set sail on a shopping tour you, too, should have a pilot. Everybody needs one. And well-informed shoppers always have one—ADVERTISING.

Advertising keeps you off the rocks of extravagance and waste. It takes you straight into the port of economy. It tells you plainly where to go for what you want. It shows you how to save steps—and money—and time. By watching it carefully, each day, you are able to buy to best advantage.

Often, the advertisements will keep you from making an unwise purchase by pointing out just why one article suits better than another. It points out for you the pick of the country's market and the selection of the particular kind, shape, size and color that best suits your taste and fits your pocket-book.

Whether you want food, clothing, furniture or a toy for the children, the advertisements can help you.

Let Advertising Steer Your Steps

### ONE SMALL MOUSE CAUSES YOUNG LADY SHRIEK AND SHIVER

VICTORIA, March 25.—It is wonderful what a fuss one tiny mouse can make. The other day a baby of the species crawled up the wall and snuggled securely into a warm pocket in a local office. A few minutes later a young lady rose to leave and having shaken herself into her coat felt for her purse in the pocket. Then the fun began. She found the purse and at the same time felt the soft fur of the little rodent.  
A loud shriek rent the air and pierced the eardrums of those around. Mouse and purse went flying through the air and the hysterical lady clutched at her companion and trembled like a leaf.  
"All that is needed yet to make her shiver is to mention the word 'mouse'."

## SMALL MILLIONS ARE STILL TIED UP IN CONTESTED WILL CASE

Allegations Before Court that Someone Knows More About Husband's Death

TORONTO, March 25.—That the alleged will of Ambrose J. Small, propounded by his wife, Mrs. Theresa Small, and for which letters of probate are sought by her, is not a genuine will of the missing millionaire, is the allegation of the caveat signed in court by Paul Hinds, solicitor acting for Mrs. T. Mullian, the theatrical magnate's aunt.

The caveat alleges that "the material filed in support of the application for probate does not truly and accurately support the fact preceding and in connection with the alleged disappearance or the alleged death of Ambrose Small on the second day of December, 1919, and that there are important and relevant facts within the knowledge of other competent persons, and which facts have not been disclosed to the court and material filed on behalf of Theresa Small, and which facts if disclosed would constitute a bar to the granting of the pending application for probate of the will."

Further, the document goes on to say: "In the year 1917 and thereafter, certain events transpired and occurrences happened where certain unhappy differences arose between the said Theresa Small and Ambrose as a result of which bad feeling arose on the part of the said Ambrose Small towards Theresa Small."

## VICTORIAN CANNOT SLEEP IN MORNING BECAUSE OF ROOSTER

While Prince Rupert city council has been asked to pass a rooster restriction bylaw, Victoria city fathers have been worried by residents to prevent their being awakened in the morning by crowing roosters. It is claimed there that they cannot sleep mornings, especially in the spring, when the head of the poultry flock insists on making his voice heard before respectable people are supposed to be up. For the present the Victoria

## ECONOMY STORE

Phone 84. 417-5th Ave. East.

GOOD home-made bread has always been the chief food of the earth's sturdiest races. None of the breakfast foods or health foods can equal bread in nourishment. Good bread is the most digestible food as well as the cheapest.

## ROYAL YEAST CAKES

roosters have won out just as here the goat is still allowed to roam. Some of the Victorians seem to intimate that six o'clock is not a very early hour, which for a Victoria resident is absurd. The crowing is to go on without let or hindrance, as the lawyers say.

## USING AIRPLANES FOR SMUGGLING LIQUOR TO STATES FROM CANADA

WINNIPEG, Man., March 25.—An airplane fitted with runners for landing on the ice, and specially adapted for carrying freight has been seized by Canadian customs authority at Waugh, the terminus of the Greater Winnipeg Water District private railroad. It is the theory of the police that the plane was one of several used by a syndicate of Minneapolis and St. Paul men in carrying whiskey across the international boundary. Six men believed to have been connected with the plane made their escape.

At the same time police confiscated fifteen cases of bourbon whiskey at the St. Boniface station of the G.W.W., consigned by the Manitoba Liquor Commission to the six men at Waugh. The men had purchased the liquor through regular channels, having stated that they were residents of the United States, temporarily residing at Waugh. Inquiry is said to have shown that the men were not known at that point.

A second airplane, thought to have had its place in the rum-running plans, became disabled, and is anchored to an island forty miles from Waugh. A third is believed to have returned to the States immediately the liquor was seized by the police.

## FACE PAINTING IS ONE TORONTO'S ARTS

All Apply Dab of Powder Before Leaving and Some Have Artificial Complexions

TORONTO, March 25.—Some teachers in the public schools have drawn the attention of school nurses to extravagantly painted faces, and in some schools if a girl is found to be too gaily debauched, she is sent out of the room to wash off her artificial complexion. "It is not so much a bit of talcum powder I object to," said one principal, "but there are many slips of girls who go in for a regular make-up, and it makes them rather ridiculous. Probably their mothers do the same thing at home, and it may not be fair to blame the girls for it all."

It is said that every girl in the senior public school classes at least carries her "compact" or powder puff, and hardly one of them leaves school without applying a fresh dab of powder to her nose.

## CHURCH UNION BILL PASSES COMMITTEE ALBERTA PROVINCE

EDMONTON, March 25.—The Church Union bill, with the exception of a few clauses, was approved by the committee of the whole in the legislature in spite of the vigorous opposition which was offered to the proposed measure by Donald Cameron, Innisfail, Hon. J. R. Boyle, leader of the opposition, and Hon. C. W. Cross, Liberal, Edmonton, who urged that the bill be held up until it had been determined what action would be taken by the Dominion parliament.

The federal parliament might make a number of changes in the bill and it would be unwise on the part of the provincial legislature to take any action until it had been determined what these changes would be, it was argued. Objection was also raised on the grounds that the rights of the minority had not been sufficiently protected, the contention being that the property of the church should be divided on a basis of the number voting for or against church union.

## NAME YOUR POISON MEN ARE ARRESTED

PITTSBURGH, March 25.—Patrons of a soda fountain bar here when asked to "name your poison" had three choices, according to police who raided the place.

From one of these spigot-flavored white moonshine whiskey, from the second some colored moonshine whiskey, and from the third flavored gin.

Three copper tanks on the floor above fed the remodelled soda water dispenser. Two dispensers are awaiting trial on a liquor law violation charge.

#### INTERIM SUPPLY

OTTAWA, March 25.—The House of Commons is making good progress with the estimates. An interim supply bill for \$10,871,970, being one sixth of the estimates, has been passed by the Commons.

## SYNOPSIS OF LAND ACT AMENDMENTS

#### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series. How to Pre-empt Land, copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e. carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be accepted for five years and improvements made in value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

#### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

#### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

#### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

#### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, farmers and travellers, up to ten
