## S.S. AMUR ASHORE MOUTH OF SKEENA RIVER PRINCE OF WALES BROKE COLLAR BONE WHEN THROWN FROM HIS HORSE

### Prince of Wales Broke His Collar Bone Today as Thrown from Horse

LONDON, Feb. 8.—The Prince of Wales broke a collar bone this morning while exercising one of his hunters at Billington manor near Ascot.

The Prince was putting his mount over a fence when the horse fell, throwing the Prince heavily on his shoulder. The Prince got up and was about to remount when the equerry said: "I believe you have broken your collarbone."

"Yes, I have," the Prince replied.

The Prince was given treatment in a surgery at Leighton Buzzard from which he emerged with his shoulder in bandages but smiling. He has eighteen hunting horses at Leighton Buzzard and expected to follow the hounds often. He returned to London later and went to bed at St. James Palace.

### FALLS BENEATH A MOVING TRAIN

P. D. Connolly of Anyox Meets  
With Fatal Accident and Dies  
From Effects

(Special to Daily News)  
ANYOX, Feb. 8.—What proved to be a fatal accident befell P. D. Connolly on Tuesday last. Connolly, who was a young man in his early twenties, attempted to board a train while it was in motion and missed his step, falling under the wheels, which passed over him, crushing his limbs badly, his death resulting on Thursday. The body is being sent south to Vancouver, where his people reside. Connolly worked some time for the Granby Company several years ago, after which he left for other parts, returning to Anyox some months since from Premier, where he had been employed.

Asking For Better Working Conditions and Higher Wages  
Granbrook District

VICTORIA, Feb. 8.—That the I.W.W. movement is behind the strike in the lumber camps in the Granbrook district and that the fight inaugurated by loggers for better working conditions and higher wages is likely to be long drawn out is an opinion expressed by J. D. McEwen, deputy minister of labor, who spent two weeks investigating the trouble in the strike area.

### FISH ARRIVALS

Two American halibut boats marketed catches totalling 43,000 pounds at the Fish Exchange this morning as follows:  
Sherman, 19,000 pounds, at 19.5c and 9.5c to the Atlin Fisheries.  
Tatoosh, 24,000 pounds, at 19c and 9.5c to the Canadian Fish & Cold Storage Co.

### MAN PART OF BIGGER WHOLE

Archbishop Du Vernet Says Conventional Morality Utterly Inadequate For Today

COMMUNITY SERVICE  
No Man Can be Saved Alone Without the Community

Stating that he agreed with those who considered the conventional morality as set forth in the commandments was utterly inadequate to meet the ethical problems of today, Archbishop DuVernet, in a scholarly address delivered last night at the men's annual banquet, urged that there must be a realization that every person was simply a part of a "bigger whole." Men were today demanding of leaders of thought something greater than one of "don't." There was a new approach to a difficult subject. The key to the problem was to bring about the right adjustment of the individual to the bigger whole.

People could not live self-centred lives. While every individual was a centre of his own in the universe and regarded the world from the standpoint of his own experience, it should also be considered from the standpoint of the bigger whole. As had been said, an individual was only true when he found a cause bigger than himself to which he could devote himself. A man must make the bigger cause his own of his own free choice and must devote himself to it. If he were disloyal to this cause he was a traitor to himself.

### FURORE OVER ALLEGED PACT CONTINUES IN SPITE OF PROTESTS

British Unionists Bow to Public Opinion and Give up Protection

LONDON, Feb. 8.—It is understood the Unionist leaders, in view of the verdict in the recent elections, have resolved to eliminate the full protectionist program from the party platform.

Newspapers here this morning again devote their principal columns to the "secret Rhineland pact" story.

Anxiety was admitted yesterday in government quarters lest the Anglo-French relations receive a setback. The Times says "Somebody bungled, that's all. The world will shrug its shoulders and pass on. What Lloyd George thinks or formerly thought on the Rhine policy matters little now."

Other papers regret that so much was made out of so little. Sympathy is offered to Premier Macdonald for having been dragged into the unpleasant incident. Spender nevertheless sticks to the absolute accuracy of his statement.

### LADIES OF ORANGE ORGANIZED AT ANYOX

Two Local Ladies Return After Installing Officers at Smelter Town

Mrs. George Leek and Miss Nellie Smith, both of this city, returned this morning from a visit to Anyox where they installed officers for the newly formed Ladies Orange Benevolent Association on Wednesday night. The officers are:  
Worshipful mistress, Mrs. R. A. McLeod.  
Deputy W.M., Mrs. Jenkinson.  
Recording secretary, Mrs. Clay.  
Financial secretary, Mrs. Kerr.  
Chaplain, Mrs. Herdman.  
Director of ceremonies, Mrs. A. Roberts.  
Lecturer, Mrs. Haekett.  
First committee, Mrs. M. McMillan.  
Inside guard, Mrs. Clayton.  
Outside guard, A. Roberts.  
Guardian, Rev. J. Herdman.  
Twenty-two members were initiated in all.

### MOVIE ACTRESS IS MURDERED NEW YORK

NEW YORK, Feb. 8.—Louise Larson, 24 years of age, a motion picture actress, was found murdered, tied to bedposts with a dog leash and gagged. The girl had been strangled after having been attacked, according to physicians.

Pat Daly passed through on the steamer Prince Rupert this morning bound from Stewart to Vancouver.

G. E. Foster and Andrew Kelly on Local Dry Dock For Annual Inspection and Repairs

The Canadian Fish & Cold Storage Co.'s trawlers G. E. Foster and Andrew Kelly are in the Canadian National dry dock for annual inspection, cleaning and painting and general repairs. The inspection is being made by Albert Farrow, steamboat inspector, who is in the city on departmental business.

### Neighborliness and Frankness to put to Shame Armies, Navies and Poison Gas says Macdonald

LONDON, Feb. 8.—Premier Ramsay Macdonald is understood to be firmly convinced that appeals to the sense of justice, reason and the higher instincts of the nations would do more to restore the peace of the world than the maintenance of armies and navies. It is understood that he favors the shelving of the project of a naval base at Singapore until these principles are tried out. "Common honesty, neighborliness and frankness" between nations, the Premier believes, will yet be applied in the settlement of international disputes and put to shame huge armies, fleets, airplanes and poison gas.

### OLD AND NEW FORT GARRY

THE story of the Winnipeg forts of the early fur-trading days—Rouge and Garry, is among the most interesting that could be found anywhere. When Verendrye came to the junction of the Red and Assiniboine Rivers in 1738 he established Fort Rouge. The Northwest Company, sixty years later, established Fort Gibraltar and a few years later Fort Douglas, named after Thomas Douglas, the fifth Earl of Selkirk, was constructed by the Hudson's Bay Company. Many stories are told of conflicts between the servants of the Hudson's Bay and North-West Companies, but the feud terminated with the amalgamation of the two companies in 1821, and the first Fort Garry was erected as a trading post and settlers' depot.

This was an elaborate structure with stone walls, bastions and port-holes.

On 1831 the building of Lower Fort Garry, 19 miles down the river was commenced. This was a time the residence of the Governor of Rupert's Land and the seat of government. In 1835 Upper Fort Garry was begun at the junction of the two rivers and this was the centre of business, government, education and public affairs for more than 30 years, and was the nucleus of the present city of Winnipeg.

The Fort was sold in 1882 and the front gate, now owned by the city and standing beside the new Fort Garry, the hotel of the Canadian National Railways, is all that remains of this historic group of buildings.

### Grain Commissioners ask for Grain Survey Board and Grain Act Revision; Old Act Obsolete

VANCOUVER, Feb. 8.—The demand for a grain board in Vancouver and the revision of the Grain Act which is declared to be obsolete because it was drafted before Alberta became a grain growing province and takes no cognizance of the fact that a western grain route exists, featured the first session of the board of grain commissioners here.

The points brought out were that Calgary interests have protested against the placing of a survey board here, thus preventing the immediate granting of the request that grain elevator companies are not passing in to the farmers the saving effected by using the western route.

H. H. Stevens declared he would press for complete revision of the Grain Act at the next session of parliament.

### COURT OF REVISION HAS FIRST SESSION

Adjournment Taken Until Next Wednesday Afternoon When Absent Members will be Present

The court of revision on the civic assessment roll for 1924 opened this morning and adjourned until 2.30 o'clock next Wednesday afternoon. Those attending were Mayor Newton, Ald. Collart and Ald. Smith as well as Assessor J. C. McLennan and City Clerk E. F. Jones. Ald. McMordie and Ald. Evitt, other members of the court, are absent in the south but are expected back by next Wednesday. Oliver Pelouquin, R. H. Batschelet and F. Lanza appeared on behalf of appeals they are entering and were heard. No action has yet been taken.

### WAS EXECUTED BY LETHAL GAS

Chinaman Subject of Experiment at Carson City Died in 30 Seconds

CARSON CITY, Feb. 8.—Gee Jon, the Chinese Tong slayer, was executed this morning by lethal gas. Death occurred thirty seconds after the gas was turned into the chamber, according to attending physicians. The gas was vaporized from a liquid solution of hydrocyanic acid. Witnesses viewed the execution through windows.

In an experiment with the chamber yesterday two cats died, apparently without pain, within ten seconds.

### Waves Dash over S.S. Amur Ashore Twenty Miles South of Here

Coastwise Steamship & Barge Co.'s ore carrying steamer Amur, northbound from Vancouver Island to Anyox, is high ashore in a precarious condition on a reef at the southeast end of White Cliff Island near the mouth of the Skeena River about 20 miles south of here according to word brought to the city by D. S. Cameron, fisheries overseer, who arrived from down the coast on the departmental gas boat Bonilla at 10.30 this morning. The Bonilla passed the Amur at 8.30 o'clock this morning and brought a message from the captain of the distressed vessel asking for assistance. The Canadian Fish & Cold Storage Co.'s schooner Zibassa Capt. Candow, went ashore on the high tide at 12.30 noon in answer to the message and will stand by to give the Amur such assistance as may be required to get her off the rocks if it is possible to do so.

**SCHOOL BOARD ON ESTIMATES**

Budget For 1924 Given Lengthy Discussion at Preliminary Session Last Night

**SALARIES NOT TOUCHED**

Decided to Reopen Westview School—Booth School Again Discussed

Leaving in effect the same salary schedule which prevailed last year, the school board last night reached a total estimate for ordinary expenditure in 1924 of \$72,232, this figure not including a sum of perhaps \$1,000 or more which will be required for minor repairs and which will be definitely set down at the next meeting of the board. The total estimate for last year was \$76,195 and the expenditures came very close to the figure set out. The board also discussed extraordinary estimates but deferred final action on them. In this classification a sum of about \$360 will be set down for new desks in a High School classroom and a sum will probably be asked of the council to take care of possible contingent expenditures such as disputed architects' fees. A new playshed for either King Edward or Borden School is also proposed. The board sat for three hours last night on the estimates and went in detail into them. They are based on last year's figures. Provision was made for the reopening of Westview School after the summer holidays and an item for dental clinic was eliminated. The estimates will be finally adopted at a meeting to be held next Thursday.

**Detailed Estimates**

The estimates tentatively passed upon last night were as follows:	
High School .....	\$3,375.00
Booth School .....	6,100.00
Borden Street .....	2,775.00
Seal Cove .....	830.00

Domestic Science .....	100.00
Manual Training .....	600.00
Medical Inspection .....	300.00
Secretary's salary .....	180.00
Insurance .....	162.00
General supplies .....	1,000.00
Substitutes .....	500.00
School Library .....	100.00
Bus Service .....	240.00
Westview school .....	300.00

In speaking on High School estimates, Principal Brady asked for \$600 for general supplies, a similar figure to last year. He also asked for 24 new seats for one of the classrooms to replace old seats which are not suitable to the requirements. The necessity of having a playshed at King Edward School was also referred to by Mr. Brady and received the sympathy of the board. No definite decision was made, however.

H. S. Hurn, superintendent of public schools, asked for \$980 for general supplies as compared with \$850 last year. The figure this year would provide for \$150 worth of special supplies as well as \$980 for the janitor's department. The domestic science department will receive an allotment of \$400 as compared with \$500 last year. Only \$295 of the latter figure was spent. The estimate on manual training was set at \$600 against \$800 last year, of which \$415 was spent.

Coal supply, light, water and telephone and contingencies make up the totals heretofore tabulated.

Salaries for the various schools are not included in the above itemized totals. There was no discussion on the matter of salaries. If any changes are to be made in this respect, it will likely come out at the next meeting. In the meantime, it appears as though the present scale were to remain in operation.

The matter of medical inspection of children was discussed, certain criticisms being made of the present system. It was pointed out, however, that a great deal could not be expected for \$300.

**Insurance**  
 An original estimate of \$902

submitted by the secretary for insurance was cut down to \$462. It was decided to cut the insurance on the Booth School from \$50,000 to \$25,000 and eliminate a policy for \$2,000 on the old domestic science building which the board will likely seek to dispose of at an early date as it is no longer required. Policies for \$8,000 are to be renewed on the Borden Street school which has a total insurance of \$13,000. King Edward, Seal Cove and Westview schools are already covered by unexpired policies.

A sum of \$500 was set aside for substitute teachers, it being pointed out that \$170 had been spent last year. The secretary's salary was left at \$180, the same as last year.

Certain repairs will be required at all schools this year but the making of the estimate was deferred for a week until further information is received. The Borden Street school will need kalsomining, painting and new blackboards, painting of the roof, blocking of a creek and removal of stumps at Seal Cove was suggested. Jack Nelson will be engaged by the board to examine the roof of King Edward School with a view to re-nailing or reshingling it.

**Booth School**

The condition of Booth Memorial School came in for considerable discussion.

Trustee Rochester said it was still leaking and was in need of repairs. The leaks now seemed to be about the same as they were before the walls were repaired. He thought the trouble probably lay in the water coming through the cornices and down the inside of the walls.

Trustee Casey stated that he would oppose any expenditure on repairs of the Booth School unless it was definitely ascertained what was wrong. The building was not three per cent better than it was two years ago in spite of repairs that had been made. It was leaking, the walls were corroded and certain floors were in bad condition. It was no use assuming further as to what might be the matter. There should be something more definite.

Trustee Parker referred to the difficulty of getting expert advice. There had been many different opinions expressed.

Finally a suggestion made by Trustee Rochester that Walter Longwill be engaged to make an examination when a severe rain-storm was on, was adopted on motion of Trustees Williams and Orme.

Trustee Casey thought it would not matter very seriously if the school were repaired this year or not.

**Westview School**

The opening of Westview school was discussed. It was the consensus of opinion that the school should be re-opened, if there were anything like enough children to attend it.

Bus service through the school being closed would cost the board this year at least \$400 anyway. Beside this there was the disadvantage of children having to go so far to school and not being able to get home for the lunch hour. Trustees Orme, Williams and Casey expressed themselves as being in favor of reopening the school if at all possible. Accordingly an estimate for this purpose was put in and the bus service estimate was dropped from \$400 to \$240 as it will no longer be necessary when the school is reopened.

**Technical Education**

The matter of an estimate for technical education this year was left open at the request of Trustee Casey who expressed the opinion that there was need for the continuation of something of that nature. In the course of discussion on this topic, accounts of \$546.80 from Rose, Cowan & Latta and \$54.30 from McRae Bros. against the defunct Northern Polytechnic Institute were read. Some members felt that the board might legally be held responsible for them while others were of the opinion that such was not the case. Though no formal notice had been given, it was sufficiently understood and could be confirmed from the minutes that after June 30 last the board was no longer responsible for the Institute. Mr. Vance reported the total liabilities of the Institute, including \$998 director's salary, to be \$1979. This was according to the report of the liquidator. Outside of the director's salary the net amount would

probably be something over \$1,000, Mr. Vance estimated. Other school boards such as Terrace and Anyox were just as much responsible as Prince Rupert, Trustee Parker felt. It was finally decided to leave the accounts over for further consideration.

While most of the trustees expressed themselves in favor of a dental clinic, it was the unanimous opinion that it was not justified this year. Accordingly the item was dropped and any attention that school children's teeth receive this year from the board will only be as far as the statutory examination of the medical officer goes.

**Disputed Accounts**

Disputed accounts from J. W. Potter of \$2,392.98 and A. A. Cox of \$1,750 were referred to in connection with the consideration of extraordinary estimates. The feeling of the board was that they should not be paid unless it became compulsory to do so. Secretary Vance reported that Mr. Potter still continued to communicate. Nothing had been heard lately from Mr. Cox.

The necessity of playsheds at Borden Street and King Edward schools was discussed but nothing definite was decided. It was the opinion that the erection of one was as far as the board could go this year, no matter how desirable they might be. The meeting adjourned after 11 o'clock to meet again next Thursday when the estimates will be completed and finally adopted.

MOTHERS SHOULD NOT NEGLECT BRONCHITIS IN THE BABIES

Mrs. E. Langdon, Kingston, Ont., writes: "My baby boy had bronchitis when he was two weeks old, he recovered from the attack but took it again, several months later, and on account of the severity I was almost panic-stricken to know what to do for him. My mother advised me to try Dr. Wood's Norway Pine Syrup, as she had used it for several years with splendid results.

I got a bottle, and after I had used it could see a decided improvement in him; after several bottles he was completely relieved.

My boy is now two years old, and he has never had an attack of bronchitis since.

As a mother, raising a family, I am very grateful to know that I have found a real remedy for bad colds and bronchitis, as it brings care and anxiety from an anxious mother's shoulders."

Dr. Wood's Norway Pine Syrup is 35c bottle; the large family size 60c; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Ten Years Ago in Prince Rupert

February 8, 1914.

Today was a busy one along the waterfront. The Prince Albert loaded at the Grand Trunk Pacific wharf seven carloads of silver lead ore valued at \$20,000 bound from the Silver Standard mine at Hazelton to the smelter at Trail. The Princess Beatrice loaded four carloads of halibut for the south at the Canadian Fish & Cold Storage Co.'s dock.

William Manson, M.P.P. for Prince Rupert, has been appointed chairman of a special legislative committee to investigate a request from the dentists of the province that more strict laws be made with regard to the admission to that practice.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise--no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, G. A. Johnson, 595 McDermott Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

### MEN'S BANQUET GREAT OCCASION

Over One Hundred Anglicans Met at Festive Board and Heard Music and Speeches

**COMMUNITY SINGING**

The annual men's banquet in the Anglican Church was this year well up to its usual standard. Considerably over one hundred men sat down to the laden tables last night, presided over by A. E. Bazett-Jones and enjoyed a wonderful dinner served by the ladies of the church. Afterwards they listened to vocal music and addresses and took part themselves in community singing led by J. W. Nicholls.

The speakers included the chairman, Archbishop DuVernet, Archdeacon Rix, Consul Wakefield, Principal Brady of the High School, Walter Gale, Mayor Newton and H. F. Pullen, George Hill, and H. A. Philpott. The Anglican male quartette made up of E. E. Fisher, Max Collinson, Corporal Brice and W. H. Warlock sang most acceptably, while the solos by J. W. Morrison and S. K. Campbell were received with great enthusiasm and each was recalled and responded with a second song.

The supper arrangements were in the hands of the Women's Auxiliary and nothing was missing.

The conveners of tables were Mesdames Willett, Tremayne, Bazett-Jones, Greer and Beaumont. Those who helped carry out the work were Mesdames McCoskie, Holby, Cross, Burl, A. E. Wright, Vickers, Hinton, Evitt, Philpotts, Gade, Orchard, Mackie, Mills, A. E. Nicholls, St. G. Lee, Barnsley, Parkin, J. C. McLennan, La Trace, Woodland and Miss DuVernet, and Miss Ellett. Mrs. R. L. McIntosh was general convener. Thos. W. Herne aided with the carving.

Following the supper was a short series of addresses, the subject being "The Commonwealth of Nations." The chairman announced that Britain did not need anyone to speak for her so "Rule Britannia" was sung.

**India**

Speaking of India, George Hill told of visiting that country. He spoke of the early history of the nation where 250,000,000 people lived in a troubled condition before the British took control. Even today there were 600 native princes, and numerous religions and sects. These made it impossible for the people to unite. Mr. Hill spoke of empire builders such as Robert Clive and Lord Roberts. The country was the scene of brilliant and daring exploits and also of grave mistakes. It was the just government of the British that kept the country together. In spite of the mistakes that had been made, owing largely to errors of judgment, historians of the future, he felt sure, would give the verdict that the Empire had done its duty by India and British rule had been

### TONGUE COATED, BAD TASTE IN MOUTH, EYES TINGED WITH YELLOW Liver Trouble the Cause

Mrs. A. C. Brown, Oromocto, Ont., writes:—"I have been troubled with my liver for a few years back, and was so bad I did not feel able to do my work.

I had severe pains in my stomach, so bad I could hardly stand them at times; coated tongue; bad taste in the mouth, especially in the morning; whites of eyes tinged with yellow, and had a muddy and sallow complexion.

I had read a great deal about Milburn's Lax-Liver Pills and decided I would try a vial, and after taking two or three I found I was greatly improved, and can truthfully say that I felt more like living and can now do my own work without any trouble."

Milburn's Lax-Liver Pills are 25c a vial at all dealers, or will be mailed direct on receipt by The T. Milburn Co., Limited, Toronto, Ont.

justified.

**Canada**

H. A. Philpott traced the early steps in the history of Canada which are well known to all the younger generation. He mentioned the discoverers and outstanding men and the disputes with the United States. Speaking for the future, he urged that while the nation was only small, so far as population was concerned, and had wonderful resources, all waste and extravagance should be stopped.

**Australia and New Zealand**

J. C. Brady in an eloquent address spoke of the countries of the antipodes. He referred to Kipling, the greatest Imperialist and living poet, and quoted from him. He told of the settlement of Sydney by convicts, many of whom were innocent patriots. Australia had risen to her destiny and was today a gem in the crown of the British nation.

New Zealand was a wonderful country and one of the most progressive in education, legislation and humanitarian movements. She had a population of a million people and was in a latitude similar to B.C. The speaker mentioned the spirit of loyalty to the Empire, as shown by the instantaneous response when war was declared. Australia was 98 per cent British while New Zealand was 99 per cent British. There never was a young country so happy, peaceful and united as New Zealand. There was a freedom from governmental attacks such as had been seen here. The Government was administered by maganimous and great minds. While the people enjoyed domestic peace they had proved that peace did not breed effeminacy.

Mr. Brady spoke of the Empire as one unit working toward a definite goal. They revered the memory of the great men who had gone forth and founded portions of the Empire. Today these outlying portions were opening their arms to receive the sons and daughters of the old land. Long might the Dominions join hands across the seas with the motherland to keep freedom afloat.

**South Africa**

Consul Wakefield told of the

early founders of South Africa and particularly of the great empire builder Cecil Rhodes. In that country were only two million whites and eight million blacks. He spoke of the mines, the ostrich farms, the sheep and cattle industry. The dry country was in direct contrast to this part of B.C.

Politically the country had been saved to the cause of the empire by Jan Smuts and Louis Botha, who stood for freedom within the British Empire, just as there was in Canada. He was not here to sing the praises of the British Empire but he spoke of the friendly bonds that bound the United States and Canada and expressed the hope that they might never be strained.

**Archdeacon Rix**

Archdeacon Rix thanked all who had helped on that occasion and told how the church was run. There was a central missionary fund administered by the bishop of the whole diocese and the salaries of the clergy and all other expenditures were paid out of that. None of the churches paid in as much as they received, the balance coming from missionary funds outside. He thought Prince Rupert should be independent of any fund as it was hardly incumbent upon them to receive charity. The church had been unfortunate in losing supporters through their being moved away. The church was financed by open collections and by an envelope collection. If they got a guarantee of \$50 a week they could carry on and pay all their obligations. Becoming more serious, the Archdeacon said when anything was wrong with the body they tried to remedy it and also they cultivated their minds. Many, however, did not think of that which lasted longer than the body, the living soul.

**To the Ladies**

Walter T. Gale in proposing a toast to the ladies said away back in the mid-Victorian era the ladies had begun to agitate to be freed from the bonds of man domination and in a manifesto claimed the right to be the equal of men. This could never be because they were immeasurably superior. They were better able to endure pain, to bring up children and to manage a household.

Mr. Gale said a number of bright things one of which was that Eve could not have the measles in the Garden of Eden because she'd Adam. Of course this could only be properly appreciated by an English audience.

In concluding Mr. Gale thanked the Anglican ladies for their work and said no words of his could express what the men felt. In this the women showed their superiority, for who ever heard of men giving a banquet to women and waiting on them. He asked them to drink to the sweethearts, mothers and wives.

Archdeacon Rix regretted that Judge Young had been unable to be present. The gathering closed just before midnight with the singing of "Bless be the Tie that Binds."

### ANGLICANS TO FINISH CHURCH

Upper Storey of Edifice to be Built This Year is Stated at Banquet

That it is the intention of the congregation of the Church of England here to complete the church building which they have been using for a number of years was stated definitely last night by A. E. Bazett-Jones, who presided at the annual men's banquet given in the church's last night. He said that if ever there was a time when the city should go ahead it was now and they could not afford to wait without completing their church. It was, as far as completed, the best building in Prince Rupert and was all ready for the upper storey. The temporary roof that has been put on had to be renewed this year and it was the intention to finish the building and put on a permanent roof rather than renew the old one. He agreed with a previous speaker that it was a disgrace that the building remained uncompleted. Other churches in the city put them to shame. They felt that this was the time. There was an era of prosperity ahead and he asked support for the building fund whenever they came around to collect.

#### Outside Urge

Previously the editors of the two papers, speaking for the press, had referred to the desirability of building. H. F. Pullen said all would be glad to know that the Presbyterians had been so successful in putting over their campaign and he hoped the Anglicans would also take the matter in hand this year. It was a disgrace to the congregation and the city to see the uncompleted building. People outside the church were interested in this as well as the congregation. As an outsider he strongly urged that the matter be pushed ahead. He saw plans on the walls indicating that the matter was under consideration and the next step was to have the work done.

Mayor Newton followed by urging that all put their shoulder to the wheel and get behind the movement to carry out the plans. The Presbyterians had been able to do it and it could be done by that congregation.

Dr. Bleeker Chosen as Head of the Organization For Year at Largely Attended Meeting

TERRACE, Feb. 8.—Following the meeting which Hon. T. D. Pattullo addressed here on Friday last in Progress Hall when he held a large audience interested for an hour and a half, there was an organization meeting to which practically everyone remained, when officers for the coming year were elected. Officers chosen were:

- President, Dr. Bleeker. Vice-president, Bert Kenney. Secretary, N. Sherwood. An executive committee was chosen, the members of which

### SHIP BUFFALO IN MAY NEXT

Eighty Expected to Pass Through Prince Rupert on Way to White Horse

In a newspaper interview at Juneau, Robert Lowe of Whitehorse denied that any buffalo had been shipped from Alberta for him. He said that it was the intention to place eighty of the Wainwright animals in the Tak-heni Valley where a government game preserve would be established. They would be shipped by way of Prince Rupert in May, when conditions for establishing them would be more favorable than just now.

The valley in which the buffalo will be placed is about 20 miles from Whitehorse on the overland trail to Dawson. It is a wide, fertile valley, well wooded and abounds in natural feed for the animals.

Mr. Lowe is said to be probably one of the most influential citizens of the Yukon Territory. He has been a member of the Yukon Council since it was first created, holding office as its speaker. In the last election he was candidate for the Liberal nomination for the Canadian Parliament, but lost out in the primary race. It is understood that it was through his efforts that the Government agreed to establish the buffalo herd and game reserve in the Whitehorse district.

### TOURIST BUSINESS FOR ALASKA RAILWAY

Persistent Rumors that Boat May Ply from this Port to Serve Territory

Colonel Landis has been telling the people of Alaska about the preparations the Alaska Railroad is making for handling the big tourist business they expect this year.

There is a rumor going around and increasing in persistency that the tourists will reach Seward by way of this port, but nothing definite so far has been announced.

The Teachers will make another bid for long deferred victory when they meet the Colts in tonight's Senior League basketball game. While the Teachers have not made a very good showing to date as far as wins are concerned in the league schedule, they have proven themselves a game bunch of sports and have put up some mighty good contests. The same line-up another season would undoubtedly prove itself a very serious bidder for championship honors. As it is, they have filled well the third place in the series this winter and they have more to their credit that their standing goes to show. In the Intermediate game tonight the High School are figuring on taking the Elks into camp to get closer to the league leaders—the Colts. On the other hand, the Elks are going to be out for a win to get away from sharing the cellar with the Grotto. Another cellar place contest will be staged in the Ladies' League with the meeting of the Kaiens and Teachers.

Scoring records to date in the Senior Basketball League: W. Mitchell (Colts) 179. D. Balfour (Sons of Canada) 165. H. Menzies (Sons of Canada) 125. A. A. Easson (Colts) 112. J. # MANSON'S NOT AN EASY TASK

So Says Editorial Writer Commenting on Enforcing of Beer Legislation

If anybody thinks the Attorney-General of this Province is enjoying the situation into which beer has thrown him it is time to think again says the Victoria Times. His task is just about as difficult as it could be and it is highly probable that in quarters where he should be able to find support and encouragement he looks in vain.  
To all intents and purposes Mr. Manson has merely ordered that a section of the Government Liquor Act which has been openly defiled ever since the measure went into effect shall now be enforced to the letter. The only person authorized to sell beer is the Government vendor. Organizations which have been selling beer to date have been breaking the law. There is no relation between the recognized club which operates for the benefit of its members and the institution into which twenty-five cents and a signature have admitted thousands.

## No Demand

Nor do we agree that Mr. Manson knows "that a demand for means of obtaining beer by the glass is made by a very large number of people," and that on this account the "period of abstinence before the vote is taken" seems unnecessary. We have yet to hear of a petition to the Government or Legislature asking for wider facilities for obtaining beer than exists at present. As far as we know there has not been a single public meeting called for the express purpose of drawing attention to this supposed fault in the law.

Mr. Manson is entitled to the support of the people in this determined effort on his part to enforce the law in a simple but highly important particular.
