COMMUNISTS CAUSE ROW IN REICHSTAG

GRANBY COMPANY IS SHIPPING ITS CONCENTRATES TO TACOMA SMELTER

Free Fight in German Reichstag Follows Demand of Communists That Imprisoned Members Vote

LONDON, Aug. 27.—The sitting of the German Reichstag was suspended today when during the debate on the resolution to accept the Dawes reparations plan and the London Agreement the Communists caused an uproar by demanding that their expelled and imprisoned members be allowed to vote tomorrow, says a despatch from Berlin. There was a free for all fight between Communists and Democrats.

The German Government will sign the agreement whether the Reichstag approves it or not, it was announced in Berlin today. If the pact is rejected the legislative body will be dissolved.

ANOTHER BOAT THOUGHT LOST

Maid of Orleans Not Reported Was on Way to Coronation Gulf in Arctic

SEATTLE, Aug. 27.—Plans are afoot today to have the auxiliary schooner Ruby seek the Maid of Orleans, a vessel of the same type, which left here June 25 for Coronation Gulf by way of Nome.

It is feared that the Maid of Orleans has been added to the list of vessels caught by the Arctic Ocean ice packs.

SENDING MEN TO HARVESTS

One Hundred Have Gone From Prince Rupert in Past Week—Must Have Jobs to go to

Since August 20, about 100 men have been sent to the harvest fields of Alberta and Saskatchewan through the local employment office, J. M. Campbell, superintendent, reported this morning.

At the present time the only men who are being provided with special transportation rates to the prairies are those producing letters giving bona-fide proof that they have jobs to go to. None are being sent otherwise. It is expected that there will be general orders for men about the end of the week and then, all desiring to go, will be given an opportunity.

Many men are seeking this work on the prairies.

BODY OF VICTORIA TEACHER RECOVERED

VICTORIA, Aug. 27.—Professor T. W. Cornett of Victoria College and High School whose death by drowning was reported Monday was seized with an attack of heart failure. The body was recovered soon after.

CHARGED WITH PASSING BOGUS CHECKS IN CITY

This afternoon Constable A. Macdonald picked up Cecil Ruthford and he was taken to the police station and charged with passing bogus checks.

Among those alleged to be his victims are McCutchen's Drug Store, Gil's Cigar Store, Owen Fisher, Mrs. Grahlman and a Chinese store. The prisoner had \$181 on him when arrested and this will go a long way towards paying back the money. He signed the name of Frank Salter to the checks.

LAWYER KILLED AUTO ACCIDENT

W. H. D. Ladner of Vernon Lost Life When Car he Was Driving Turned Over

VERNON, Aug. 27.—W. H. D. Ladner, a well known local lawyer, son of Rev. Charles Ladner of Kamloops and a cousin of Leon Ladner M.P. of Vancouver, was killed when the car which he was driving turned over on the Armstrong road. He was likely to have been chosen as Conservative candidate in Yale at the forthcoming federal by-election.

CANADIAN NATIONAL ENGINEER DISCUSSES P.G.E. WITH OLIVER

VICTORIA, Aug. 27.—M. H. McLeod, chief engineer for the Canadian National Railways, had a long conference with Premier Oliver yesterday.

Mr. McLeod recently made an extended survey of the P.G.E. Railway and it is assumed the future of the Provincial system was under discussion. No official statement has been issued.

Ambulances to Meet Liner on her Arrival in New York After Being Buffeted by Hurricane

NEW YORK, Aug. 27.—Several passengers on the White Star liner Arabic, Hamburg to New York, were injured last night when the ship ran into a hurricane, according to a message received by the wireless company here. The message said the liner requested that eight ambulances meet the ship at the pier when she arrives at the docks this afternoon.

The message also stated that the vessel was damaged as a result of the storm.

MACLAREN IS GOING EAST

Left Last Night For Winnipeg and Other Points; Will Welcome Americans

VANCOUVER, Aug. 27.—Major Stuart MacLaren will remain in Canada long enough to join in the welcome to the American flyers when they reach this country. He left here last night for the East with his party and will stop off at Winnipeg, Ottawa and Montreal, where he will be entertained.

The date of sailing for England is indefinite as it is not known when the American flyers are likely to arrive.

U.S. REQUESTED AID FOR SHIP

Message Says She is in Danger of Sinking With Fifteen Persons on Board

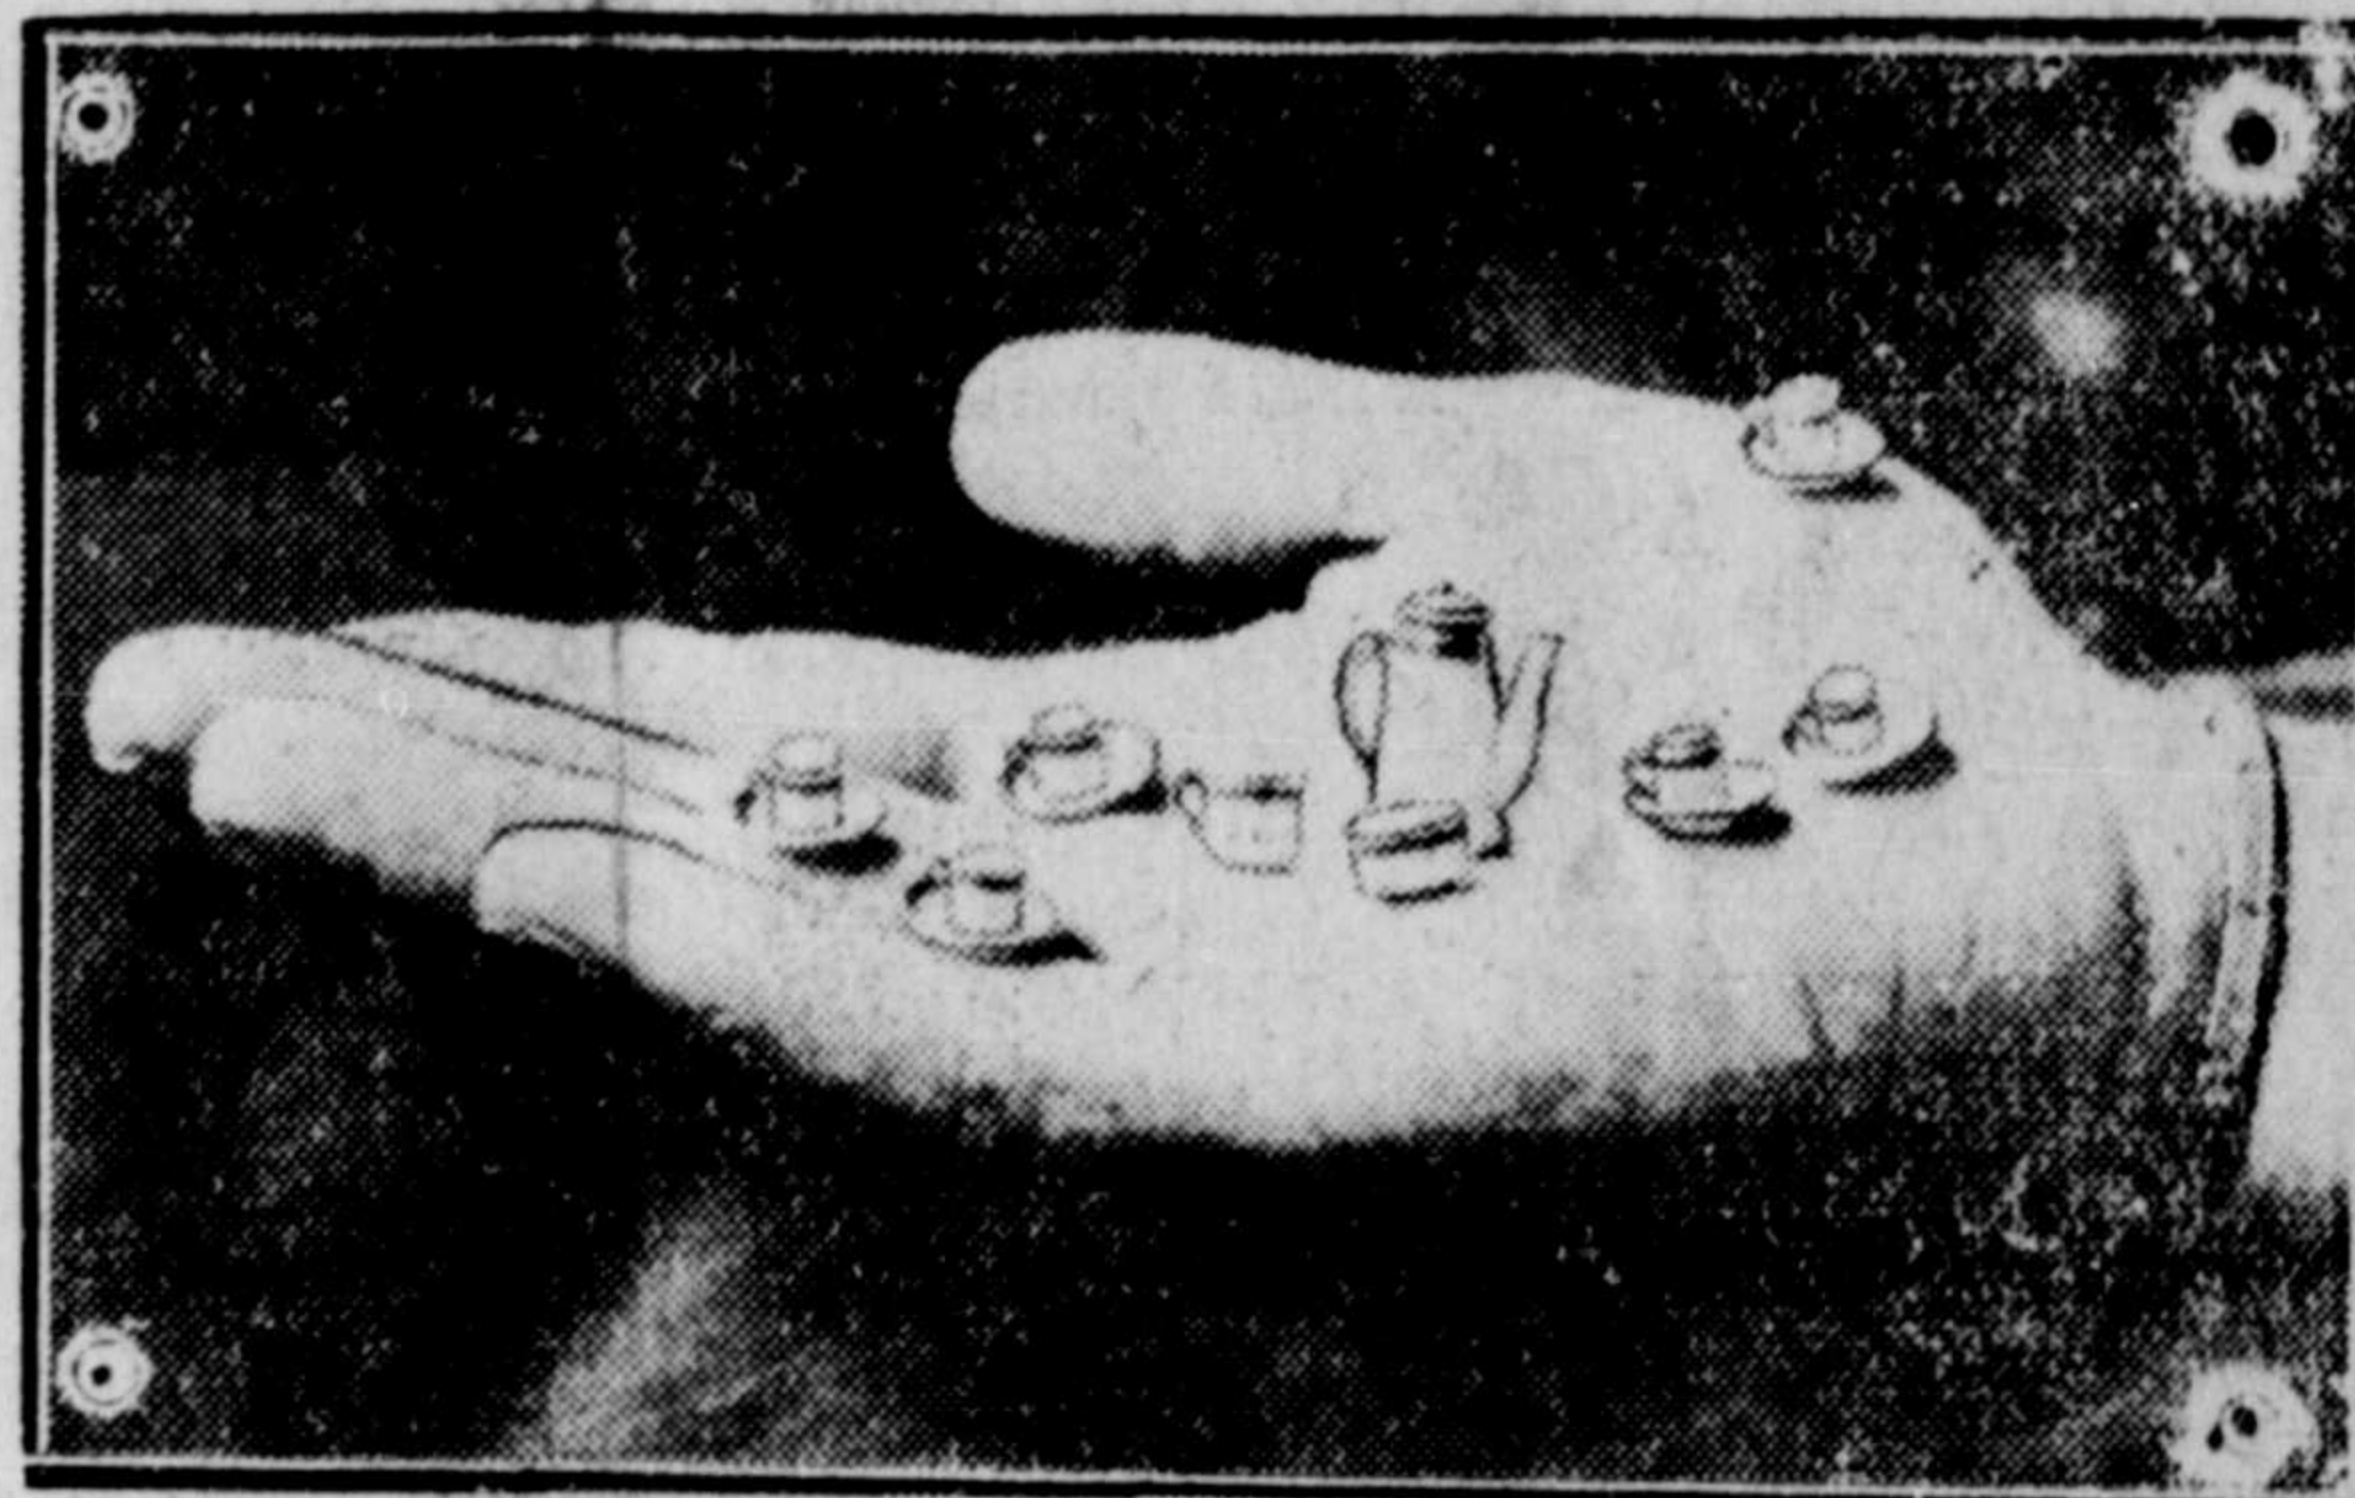

WASHINGTON, Aug. 27.—A radio message received today by the Army Signal Corps from Winnipeg, requested assistance of the governmental stations for the schooner Lady Kindersley, which is declared to be in danger of sinking with fifteen persons on board.

BRITISH UNEMPLOYED ARE ON THE INCREASE

LONDON, Aug. 27.—The unemployment situation in Great Britain is steadily growing worse. Last week the total out of work was estimated to number 1,123,000.

WHEAT CROP NOT HALF SO BAD SAYS SIR HY. THORNTON

MONTREAL, Aug. 27.—Sir Henry Thornton has returned from a visit to the Pacific Coast and announced last night that the west's wheat crop would reach 300,000,000 bushels. "Things are not nearly as bad as they have been reported," he said.

Here are some of the small pieces of china used for the Queen's doll house, which are actual replicas of genuine china sets, but made in one-twelfth regular size.

Sockeye Pack Twenty Thousand Cases Ahead of Last Year on Skeena River: Naas is Double

The sockeye pack of 139,300 cases on the Skeena River this year is something like 20,000 cases in excess of that for 1923 and is 50,000 cases ahead of 1922. The pink pack of 161,694 cases is nearly 38,000 cases better than 1923 but still is short of the 175,700 cases in 1922.

As already predicted, the sockeye pack on the Naas River now put at 81,835 cases is just about double that of 1923. The pink pack of 66,785 cases on the Naas is more than fifty per cent better than 1923. The chum pack so far is slightly better than 1923.

Though the season for sockeye is over and the pink season practically so, the figures now given do not represent the final boxed up pack, the returns for which may be expected to be a little higher.

The figures for the Skeena River pack up to last Friday evening, with the figures up to a corresponding date last year given for comparison, are as follows:

	1924	1923
Sockeye	139,300	119,503
Springs	11,603	10,762
Cohoos	10,849	15,294
Pinks	161,694	123,917
Chums	8,736	3,400
Steelheads	163	189

EVERYBODY IS SAFE ABOARD KINDERSLEY

Boxer is Standing by, According to Wireless Message Received Yesterday

VANCOUVER, Aug. 27.—Everybody is safe and comfortable aboard the power schooner Lady Kindersley, which was recently caught in the ice pack in the Arctic Ocean and whose crew tried to get away over the ice but failed. The Hudson Bay Company received a wireless message relayed from the vessel yesterday telling of the condition on board. The United States steam cutter Boxer is standing by.

LABOR SITUATION IS RATHER QUIET

Little Demand For Men Although Casual Work Offers Occasionally

The general labor situation in the district is rather quiet just now it is reported at the provincial government labor bureau. There is little demand for men although there have been a number of casual jobs such as longshoring. When a general call comes from the prairie harvest fields, it is anticipated that a number of local idle men will be absorbed.

BIRTH

A son was born at the Prince Rupert General Hospital on August 26 to Mr. and Mrs. Malcolm Campbell, Graham Avenue.

To Ship Concentrates from Anyox to Tacoma

Smelter Unable to Save All Values in Hidden Creek Ores: Amount Handled Daily Already Exceeds Estimate

ANYOX, Aug. 27.—When the new concentrator mill was completed last spring, the results of smelting the concentrates immediately afterwards justified the belief that there would be no difficulties in the economic treatment at the Anyox smelter of all the concentrates produced. Since that time, however, smelting problems have arisen, and it has been found necessary to make entirely different arrangements for the recovery of all concentrate values, smelting costs in addition having increased two cents a pound more than was the case before the treatment of concentrates began, which, owing to the low selling price of copper during the past eight months, meant a big loss to the Granby Company, and consequently had to be dealt with in the only manner whereby the Company would get the best results. It has been decided to ship the product of the concentrator mill direct to Tacoma, and shipments will go forward until such time as experiments, being continuously carried on, will justify the smelting of the concentrates entirely at Anyox.

for and more. Originally intended as a thousand ton per day unit, Granby men have brought its tonnage treatment to fifteen hundred tons every twenty-four hours, and it is confidently expected that within the next few months two thousand tons of ore will be handled at the Anyox mill. Everything at present favorably indicates that this will be an accomplishment before the year ends.

Old Pilot Mill

In addition to the ores handled by the new mill, the old pilot mill is to be rehabilitated for the treatment of certain ores and the output of the mine speeded up.

Some tunnelling work has been contracted for on the Bonanza property about a mile and a half west of the smelter. Messrs. J. and Vince Lade, of Stewart, have this contract and are already at work.

The work contemplated for Granby Point Quartz earlier in the year will not be proceeded with at present, sufficient tonnage of siliceous ores coming from Maple Bay and the north end of Larcom Island to supply the flux necessary for the smelting of the ores treated.

Only Three Furnaces

Because of the decision to ship the concentrates south, it has been found necessary to confine the smelting unit of the plant to three furnaces, with an approximate monthly smelting output of sixty thousand tons, local and foreign ores combined. This will affect the smelting and mechanical departments to a certain extent and necessitate a reduction in the number of men employed in these departments.

Happily, the concentrator has proved to be all it was designed

EXHUME BODY OF NURSEMAID

Mysterious Death of Girl in Shaughnessy Heights Home Being Investigated

VANCOUVER, Aug. 27.—An order was made yesterday by Mr. Justice D. A. McDonald, in the supreme court for the exhumation of the body of Janet Smith, the nursemaid whose mysterious death in the household of F. L. Baker, Shaughnessy Heights on July 26 has been the cause of much discussion.

At the time of the girl's death, caused by a bullet wound in the head, the coroner's jury returned a verdict of accidental death. Since then an agitation has been going on to have the case reopened as it is believed there was foul play.

RICH STRIKE ON RAILROAD

Tony Serbich Make Most Important Find of Year in Alice District

ALICE ARM, Aug. 27.—What is probably the most important ore strike in the Alice Arm district this year, was made last week on the Midnight group, near West Creek, twelve miles from here, by Tony Serbich.

It was while doing assessment work that Mr. Serbich was fortunate enough to strike a 2-ft ledge of high grade ore. Samples were immediately sent out for assaying, and these gave returns of 12 per cent copper, 8.3 ozs. silver and 0.02 gold per ton. The property was only acquired last year and this is the first work done on it by the owner.

The most interesting part of the strike is that it was made only four feet from the Dolly Varden railway tracks, so that transportation problems are nil. It is the intention of Mr. Serbich to drive a tunnel 100 feet in length on the ledge, and if the tunnel is successful he will, in all probability work the property himself. Living quarters and a blacksmith shop will also be built. The work will start immediately.

Mrs. I. A. McPherson is sailing for Vancouver on the Prince Rupert tomorrow evening.

Co-operation Needed Even In School Work.

Co-operation of teacher and parents is necessary in school work in order to secure the best results. Teachers are not infallible and they can be helped a great deal if the parents support them as far as possible and encourage the children to do their work well and to help the teacher. It must be remembered that with thirty or forty pupils under her charge, the lot of a teacher is not an enviable one and if at times results do not seem to be all they should, it is possible that pupils or parents are at fault and not the teacher.

Change At Anyox In Methods.

The change of method of handling the concentrates by the Granby Company comes as somewhat of a surprise to those who had an idea that the Anyox smelter was designed especially for the treatment of Hidden Creek ores. While it is regretted that the work has to be done outside the province, it must be admitted that the first duty of the management is to the shareholders who, for a number of years have received no dividends.

Of late there has been a gradual increase in price of Granby shares on the market. A short time ago they were quoted at fourteen and now they cannot be bought for less than twenty and even at that price few are offering. It would seem as if with the new concentrator working well, as it is at present, there is a possibility of the shares going a good deal higher and of dividends being paid.

It is to be hoped that the management at Anyox will find a way of treating the concentrates locally so that the smelter there will again be operated to capacity.

Must Uphold Dignity Of Law.

The affair at Ocean Falls, where a member of the provincial police force was ill-used, is most regrettable. The dignity of the law must be upheld at all costs and it must be made clear that in this country men cannot abuse their privileges with impunity. If the report of the affair, as published in this paper yesterday, is a correct one, and we believe it is, the men who undertook to defy the law should be severely punished. Once it be understood that the law officers can be ill-treated with impunity, their influence is gone.

Influence Of Newspaper Is Clearly Shown.

In Vancouver there was a crime committed. A nurse girl was shot in the home of General McRae's son-in-law, and the affair was hushed up, a coroner's jury declaring death to be accidental. The matter was taken up by the Vancouver Daily Star, General Odium's paper, and then the Scottish societies became interested. By means of continued publicity the attention of the authorities was drawn to the case and now an order of the court has been obtained to have the body of the girl exhumed and a further examination made.

There was a Chinese boy in the house at the time, he being the only other person there.

Treat Chinese As If Not Men.

Chinese men engaged in domestic service are often treated as if they were of the other sex. Women are brought into close contact with them every day and the public generally come to regard them differently from those of the white race. This often leads to abuses and is not a desirable state of affairs. Employers, as in the case mentioned above, go away and leave young girls alone in the house with Chinese boys, whereas they would not think of doing the same with white men. These boys take liberties which should not be allowed. The custom is not a good one and if possible should be stopped.

The Man in the Moon SAYS:-

I KNOW a man in Prince Rupert who never speaks roughly to his wife because he is afraid to die.

YOU can get a man's number but it is difficult to get the number of a woman's shoes.

A SENSIBLE woman who can earn money prefers gold fish to a man because gold fish have to be fed only once in three days.

GIRLS, be careful you do not crack a smile.

THERE is a difference between growing and swelling up.

I SAT one night in the twilight Forsaken by women and men And sadly I thought to myself there "I'll never eat onions again."

"THERE'S no getting around that," replied the innocent young thing when the young man remarked that she had a trim little waist.

ONE thing that has been worrying me is who could have taught the radiophone to squeal

THE fairest woman I ever met Caught me at once In her fairy net.

AN optimist is the man who thinks the vamp would make him an ideal wife.

Mr.—Aren't you ready to go yet?
Mrs.—Tell me, doesn't my gown look as if it were slipping off my shoulders?

Mr.—No; let's go.
Mrs.—Well, you'll have to wait. It's supposed to look that way.

COMPLETE WIRELESS WITHIN SIX MONTHS

Big "Beam" Station Contract with Marconi for Hundred Words a Minute Each Way

LONDON, Aug. 27.—A "White Paper" giving the text of the agreement between the Postmaster General and the Marconi Wireless Telegraph Company for the construction of a wireless telegraph station on the "beam" system, capable of communication with Canada, and of being extended to South Africa, India and Australia has just been issued.

The company are to complete the station for communication with Canada within 26 weeks of the date on which the sites for the sending and receiving sections are placed at their disposal by the government, and they undertake to have a similar station available in Canada for communication with this country within the same period. The station is to be capable of communication at a speed of 100 five-letter words per minute each way. A "beam" station is one which has an input power of at least 20 kilowatts in the sending station and an aerial in both stations capable of concentrating the emitted waves and focusing the received waves.

ALICE ARM

Lumber for the construction of the new government float has arrived and construction is being started, John Currie of Prince Rupert has the contract.

Ed. Ashton of Anyox arrived here last week after having come overland from Terrace by way of Aiyansh. He prospected enroute and is remaining in the Alice Arm district for a time.

A shipment of ore samples from this district was sent this week to the Prince Rupert Exhibition.

A. Davidson is continuing development work on the Summit property and hopes to locate considerable tonnage before the snow flies.

Angus McLeod arrived in town last week from the Basin property near the Kitsuall Glacier bringing fine samples of grey copper ore from an 18-foot ledge which he recently uncovered.

Mrs. J. Trinder was taken to the Anyox hospital last week. Latest reports are that she is progressing favorably.

Miss Edith Fraser, R.N. arrived last week from Los Angeles to visit her parents, Mr. and Mrs. N. Fraser at the Esperanza mine. Miss Fossie Fraser, R.N., is already here.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 14 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 16, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stampage.

HOME SITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as home sites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Dance, Elks' Home tomorrow, Thursday, at 9 p.m. Easson's Orchestra. Everybody welcome.

C.P.R. steamer Princess Alice, Capt. Ormiston, southbound from Alaska to Vancouver, will be in port from 3.30 to 6 o'clock this afternoon.

Mrs. Alice Meagher, mother of J. H. Meagher of this city, is returning to her home in Seattle on the Prince Rupert tomorrow evening after having spent several months visiting here.

Misses Dorothy and Pete Tremayne are sailing tomorrow night on the steamer Prince Rupert for Vancouver enroute to Guelph, Ontario, where they will take up domestic science studies at Macdonald College.

Ernest Blue arrived in the city from Hyder on the Cardena last evening and will leave on this evening's train on a holiday trip to Port Arthur, Duluth and Minneapolis.

Mrs. F. Shaw, who has been visiting with Mr. and Mrs. J. Judge, is leaving for Vancouver tomorrow night to visit her daughter, Mrs. N. C. Robinson, and will proceed later to Los Angeles, California, to join her husband.

Mrs. Harry Donaldson and her daughter, Mrs. Harry Whipples, of Philadelphia, arrived in the city on the Cardena yesterday afternoon from Alice Arm where they have been visiting and will sail this afternoon on the Princess Alice for Vancouver enroute home.

Major S. D. Johnstone left this morning with George Bryant on the gas boat Harla for Swamp Island to bring home a party of 48 Boy Scouts who have been camped there for the past ten days. The party will return to the city this evening.

Rev. and Mrs. F. P. Thorman and family of Telegraph Creek will pass through the city on the Princess Alice this afternoon enroute to England. They will proceed East from Vancouver and will sail from Montreal on September 5. Commander O. T. Hodgson, R.N. went north about a month ago to succeed Mr. Thorman in charge of the Upper Stikine Anglican mission.

There was a good attendance, especially of youngsters, at the show put on last evening in the Empress Theatre by Prof. Utell with his trained animals. Prof. Utell, who has been in the city and district for several months, plans remaining here for the winter and he has rented a building where he will train more animals that he is obtaining. His show contains birds, white mice, toy dogs and other animals.

POSTMAN ARRESTED

VANCOUVER, Aug. 27.—Herbert Le Messurier, 33 years of age, a postman, was arrested for the theft of a letter containing the sum of \$3.50.

SCHOOLS OPEN NEXT TUESDAY

Long Summer Vacation Has Slipped Away Rapidly—Several New Teachers Coming

The long summer vacation of two months having slipped away like so many weeks to them, the children of this city like those all over the province are now on their last week of holidays. Next Tuesday morning, September 2, public and high schools reopen for the fall term.

W. D. Vance, secretary of the school board, stated yesterday that he expects the attendance on the re-opening of the city schools will not be any greater than it was when they closed in June. With the exception of the supervising principal, whose position has been abolished by the board, there will be the same number of teachers. Eight new pedagogues will, however, make their appearance before the city classes taking the places of those who resigned at the end of last term.

Westview School will not be re-opened although it was the intention of the board earlier in the year to do so and provision to that end was made in the estimates. The children from the west end of the city will continue to be brought to the large schools in town where they will at least have the advantage of separate grade classes which could not be operated in the small district school.

Seal Cove school, now that there is no longer a supervising principal, will come under the jurisdiction of Booth Memorial school.

New Teachers

D. H. Hartness will be the principal of Booth Memorial school and Miss S. A. Mills will have charge of Borden Street. Miss E. A. Mercer will be vice-principal of Booth School and W. W. C. O'Neill, formerly of Terrace and more recently of Burns Lake, will be vice-principal at Borden Street.

The new teachers who will take up their duties will be:

W. W. C. O'Neill, vice-principal of Borden Street school.

Harry O'Neill, Vancouver, Booth School.

Miss Ruth Stewart, formerly of North Bulkley, Seal Cove school.

Miss D. L. Laxton, Mission City, Booth School.

Miss Jean M. Keir, North Vancouver, Booth School.

Miss Jean McKay, Borden Street school.

Miss Nora Rivett, who is returning to the city after a year's leave of absence, Borden Street school.

H. C. Bell, of Revelstoke, succeeding C. Woodworth on the High School staff.

HOTEL ARRIVALS

Prince Rupert

Miss Joan Bovine, Smithers; W. J. Jefferson, Somerville; W. S. Waring, W. F. Ball, J. F. Bel-yea, H. J. Welch, Vancouver; Ernest Blue, Hyder; Mrs. Harry Donaldson and Mrs. Harry Whipples, Philadelphia.

Central

J. P. Lindgren, Anyox; F. C. Johnson, Calgary.

CITY OF PRINCE RUPERT

TAKE NOTICE that Fulton Street, between Sixth Avenue and Ninth Avenue will be closed for one month, commencing Friday, August 29. Residents are requested to get in their supply of coal, etc., before that date.

F. W. PEARSON,
City Engineer.

FASHIONS & FOIBLES

by Shirley Sharon

Knee-high bloomers show themselves below an extremely brief frock that has a suggestion of the peasant dress in the slashes and stitching on the neck opening and raglan sleeves.

THERE is a little shop on the Rue Saint Honoré in Paris, that street of many adventures in shopping, where they make a specialty of Russian and Roumanian frocks for small children. The dresses are made usually of fine white cotton crepe stitched or embroidered in peasant fashion at the slashes in the neck and sleeves. The stitching is done in scarlet or black and scarlet, in linen blue or in blue, red and yellow. Chambray would be very pretty used in the same way, the sage green or yellow chambray with a stitching of sandalwood brown, or pink with old blue. One could use pin-check gingham without the embroidery and bound with plain gingham.

American League
St. Louis 7-2, Washington 0-6.
Chicago 3, Philadelphia 4.
Others rain.

TWO SHOOTING RECORDS MADE

W. Holmes Made Perfect Score at Park Avenue Last Night and H. Nickerson Made 24

Two local trapshooting records were set up at a practice shoot on the Prince Rupert Gun Club's Park Avenue range last night when W. Holmes of Edmonton made the first perfect score of 25 ever performed on the range and Harold Nickerson shot to a score of 24 for the highest mark ever made by a local shooter. Holmes was shooting with his own gun which he recently received from Edmonton.

The shoot last night was a practice for the forthcoming Exhibition week competitions. The local marksmen are meeting every suitable evening now in preparation. Negotiations are now under way to bring three teams to the city—Ocean Falls, Anyox and Ketchikan.

SALT LAKES SERVICE

The Launch "23" will leave Swanson's Float on Thursdays, Saturday and Sunday afternoons every half hour from 4 p.m. until 6.30 p.m. and on other weekdays at 2, 4 and 6.45 p.m.

The last boat home each day will leave the Salt Lakes float sharp at 7 p.m.

Sunday and holiday picnic parties specially arranged for. Launches, rowboats and canoes for sale and hire.

Prince Rupert Boat House.

Sport Chat

Football tonight, Acropolis Hill at 6.45, G.W.V.A. vs. Sons of England.

Once again this evening will be the playing of the second semi-final for the Gilhuly Cup between the Sons of England and Great War Veterans' football teams depend on the goings of the wealthy man. Twice has the match been postponed on account of rain but it is hoped that this third time will see it finished unless the teams tie as they did before. Pending the playing of this game, Secretary Fred Roberts is leaving the schedule of games for the second half of the Stuart Shield open. If the Gilhuly Cup game is played off this evening the Stuart Shield competition will resume at once with the first game on Friday night between the Sons of Canada and Great War Veterans. There will be games thereafter on Monday Wednesday and Friday nights until the schedule is completed. On Monday next the Gilhuly Cup final will be played.

WILSON LET OUT ON SUSPENDED SENTENCE

Accused in Recent Theft Case on Steamer Prince Rupert Makes Restitution for Money Lost and Costs

Walter Wilson of Ladner, charged with theft of money from W. Westwood aboard the steamer Prince Rupert recently, was let out on suspended sentence in the provincial police court yesterday afternoon. Consent to this effect was received from the attorney general's department providing accused made complete restitution which he did paying back the money which was lost and the expenses involved on account of his arrest and trial.

FIND DINOSAURS IN RED DEER VALLEY

History of Past Plainly Written in Fissure of Rocks Made by River

EDMONTON, Aug. 27. — Two dinosaurs have been located in the Red Deer valley this summer by the University of Toronto expedition, composed of four scientists who have been prospecting for several weeks in the gorge and are now packing up the prehistoric monsters for shipment to the Royal Ontario museum. Another skeleton has been located by the geological survey of Canada. It is likely that at least one new species will have a representative in the three sets of remains, but it will be some time before the paleontologists have examined them.

"It will take several months to mount the bones," said Dr. W. A. Parks, who is the director of the Toronto party, in discussing the find. Visiting members of the British Association for the Advancement of Science were told of the careful preparation, indexing and packing necessary to ensure safe shipment of the extinct beasts.

The river has made a slit through the earth's crust, in which the history of the rocks, plants and animals of bygone days is plainly written.

Miss Judy Lambley arrived from Lewis Island this morning to spend a week visiting with Mrs. Anna Ross.

PROFESSOR IN GLOOMY MOOD

Sees Finish of Race if There is Not Change in Present Day Methods

SCIENCE OF EUGENICS Sees Remedies in Birth Control, Selective Immigration and Graduated Wages

TORONTO, Aug. 27.—Eugenics bids fair to displace economics as "the gloomy science," if all its upholders paint such a sad picture of the future as did Prof. William McDougall, psychologist of Harvard University, speaking at a special meeting of the British Educational Society in Hart House Theatre.

"As I watch the American people speeding daily, with invincible optimism, down the path that leads to destruction, I seem to be watching one of the greatest tragedies of history," exclaimed Prof. McDougall. In the speaker's opinion, the condition of the United States is desperate, if the bulk of the people cannot be brought to see the situation which the nation is in owing to the disregard of eugenic methods of maintaining and improving its stock. These methods, according to Prof. McDougall, are birth control, selective immigration and wages graded according to family sizes.

Fears For England
Nor did the speaker confine his pessimism to the new world. Claiming that conditions in the United Kingdom were as bad or worse, he said: "I fear very seriously that when, two hundred years hence, the list is made up of the great nations whose decline was due to the deterioration of the human race which com-

ORIENTALS WANTING PRODUCTS FROM CANADA

Never Has Outlook For Business Been so Good as Today Says C.P.R. Official

Never has the opportunity for Canadian business in the Orient been so good as it is today, says a recent issue of "Marketing." It is true that the general volume of business moving in China and Japan is somewhat below normal the result of both local and world conditions, but it is also true that if Canadian manufacturers and producers on that account now fail to make an effort to secure the large share of Oriental trade that would naturally come to them, the opportunity will pass away, and when conditions over there have got back to normal, they will find that somebody else had the business.

This, according to Allan Cameron, Oriental manager of the Canadian Pacific Railway is the crux of the situation as regards the outlook for the development of Canadian trade in the Far East. Mr. Cameron said that Oriental trade as a whole was adversely affected by world conditions such as were affecting trade everywhere. There was not the foreign demand for Japanese or Chinese goods and as a result the East was not buying from the West as largely as at other times. Despite this fact an important trade in Canadian goods was now moving and there was every indication that it would continue to increase as it had done during the past few years.

Doing Good Work
Mr. Cameron said that Canadian trade commissioners equipped with samples to interest the merchants of both Japan and China were doing splendid work and a number of Canadian firms have sent out special representatives with good results, but greater effort was much to be recommended at this time when the future seemingly promised a steady increase in both the Oriental buying power and in the demand for Canadian products.

The Orientals and particularly the wealthier classes, were turning towards western foods, and here, said Mr. Cameron, is Canada's opportunity. Canadian flour particularly that of lower grade, is finding ready market and there is a steadily growing demand for Canadian farm and dairy produce, Canadian meats, too, are selling well in Japan. This trade has been fostered by the refrigerating service of the Canadian Pacific steamships from Vancouver. There is also an excellent demand for Canadian apples and if this is properly taken care of it will in all likelihood prove to be an important development of the future.

AN INDIAN LIST FOR ALBERTA BEER ROOMS

Those Abusing Privileges Banned Altogether From Right to Buy Liquor

EDMONTON, Aug. 27.—Lists of persons to whom the hotels are not allowed to sell beer, as a result of their continued intoxication, are being prepared by the liquor board, it is stated, and will be placed in the hands of the licensees. The lists of those barred correspond to what was known as the "Indian list" in the days of the open bars. Licensees say that this move is an indication of the strictness with which it is the intention to enforce the terms of the new legislation throughout the province.

Persons who are placed on the "Indian list" will not be permitted inside the parts of the hotels where beer is being sold, neither will they have the privilege of buying liquor from the government vendors, who will also be furnished with the names of the barred individuals.

Hotel keepers generally regard the banning of habitual drunks from the purchase of beer as an excellent move because it will have the result of keeping the beer rooms of a more orderly nature.

The Little Red Hen

"PUCK, puck, puck, pucKAYah" cackles the little red hen, as she steps off the warm nest, broadcasting to the barnyard that she has just laid a fine, fresh egg. She makes a product that any "manufacturer" might be proud of, and doesn't hesitate to advertise the fact.

A duck egg might be just as good, but the duck evidently doesn't think so. She doesn't advertise, and duck eggs have no market.

To be absolutely sure in buying ANY merchandise stick to the advertised brands. For their manufacturers believe in them and tell you about them daily in the advertising columns of this newspaper, over their signatures.

The duck-egg brands might be just as good, but you cannot be sure, if the manufacturers themselves will not admit it!

Read the advertisements regularly. Buy from them. You will then know the source of the products, and whom to look to if they don't measure up.

Advertising is the radio of commerce--- broadcasting things you should know

BLUE RIBBON TEA

Good house-keepers are careful to specify BLUE RIBBON when ordering TEA. They do this because they know they will get the best tea in the market at the lowest price that the best can be sold for.

There is no tea in Canada so good or economical as BLUE RIBBON.

AHEAD OF VANCOUVER WITH THEATRE SHOW

Covered Wagon to be Shown Here Before Capitol; Wonderful Attraction

The following has been received from Vancouver: S. P. McMordie, Prince Rupert.

Understand you were fortunate enough to secure "Covered Wagon" before our Capitol Theatre, Vancouver. Accept my congratulations on this scoop and hope you break all house records with this wonderful attraction as we expect to do when we show it here September 8.

J. R. MUIR, District Manager, Capitol Theatre

When you buy advertising you buy CIRCULATION, and see that you get it.

The use of the term "Indian list" had its origin from the fact that it is illegal to serve intoxicants to Indians, both under the present act and the old law of the license days. It is said that Indians have frequently applied at different hotels in the city for beer but have always been refused as the licensees are aware that a break of this kind would in all probability result in the suspension or cancellation of their licenses.

VISITING EDMONTON

EDMONTON, Aug. 26. — W. Fleet Robertson, chief mineralogist for the Province of British Columbia is here on a visit, the first he has made since he came to the city over a trail before the railway was built. He is particularly interested in the development of Northern British Columbia from a mining point of view.

NEW PUBLICATION IN KETCHIKAN IS LIKELY
Plans Laid to Publish Alaska Fisherman at that Place from Big Plant

There is a scheme on foot to extend the scope of the present monthly journal "The Alaska Fisherman." The management has entered into an agreement to purchase the plant of the "Daily Alaskan" and to move it to Ketchikan and to publish there in a building of their own.

Efforts are now being made to raise money for the enterprise and a good many of the bonds are being taken up by the Alaska Nation Brotherhood, a native Indian organization. In case of liquidation it is agreed that the bonds taken by the Brotherhood shall be paid off last.

The prime mover in this is William L. Paul, an educated native, managing editor of the publication and candidate for representative in the Alaska legislature.

Paul is an associate of Dan Sutherland, John Rustgard, F. J. Hunt, and others all of whom believe in closer trade relations with Prince Rupert.

WOMEN ROBBERS IN BERLIN

BERLIN.—Holdup women have appeared in Berlin. They operate in the suburbs, usually after midnight, and all the victims so far have been men. The women are big and strong and instead of carrying revolvers they use hammers or clubs.

MRS. PHELAN DIED YESTERDAY IN SOUTH

Mother of Mrs. J. W. Nicholls Was Frequent Visitor Here—Demise will be Regretted

The death occurred in Vancouver yesterday morning of Mrs. J. T. Phelan, wife of J. T. Phelan, superintendent of Government Telegraphs, and mother of Mrs. J. W. Nicholls of this city. Mrs. Nicholls received the distressing news by wire yesterday afternoon and will leave this afternoon for Vancouver.

The late Mrs. Phelan, who visited this city frequently, had many friends here and the regret at her demise will only be exceeded by the sympathy that will be extended Mrs. Nicholls in her sore bereavement. Mrs. Phelan underwent an operation a short time ago and since then had not been in good health.

FLOODS CAUSE MUCH DAMAGE BELLA COOLA

Bridge Washed Out and Settlers Isolated but No Loss of Life

Word has been received by the provincial police department that there have been floods in the Bella Coola valley commencing Sunday which washed out a number of the buildings and many of the settlers are isolated. The heavy rains of the past few days have been responsible for the condition.

One of the bridges is washed away and there is no way by which the settlers may reach the wharf.

Only a short time ago there was a flood which did much damage in the valley and at that time it was suggested that the village should be moved to the other side of the river to prevent isolation as the bridge is likely to be washed out at any time when the water rises.

No casualties have been reported and the isolated settlers are well supplied with food so far.

BABIES WILL BE JUDGED IN OLD CARLETON CAFE

The old Carlton Cafe has been engaged by the Fair Board and will be used for the judging of the Baby Show in connection with the Exhibition. Entries for the Baby Show close on September 6 and judging will commence immediately thereafter. The winners will have been decided before the fair opens. Judging will be conducted along similar lines to last year.

FAIR WEEK SPORT BILL DISCUSSED

Will be Conference Later With Baseball and Football Associations on Certain Details

The sport program for Fair Week was discussed at a committee meeting last night. The representatives of the Baseball and Football Associations were unable to attend, however, and final details will not be settled upon until such a joint conference has been held. In the meantime, the program will stand as published in this paper yesterday.

PORCUPINES ANNOY RAILROAD

SEWARD, Alaska.—The government's Alaska Railroad has to fight porcupines. Rubber in any form is to the porcupine what wastepaper and rubbish are to the American goal, popular for lurching purposes, and the railroad officials have ordered rubber hose in pumping stations and all rubber fixtures to be hung on high poles.

SEES WHITE DEER

BONNERS FERRY, Idaho.—White deer, a buck and doe, have been seen near here recently, according to reports from several sources. George LaFountain, a rancher, said the doe was entirely white while the buck had two brown spots, each about six inches in diameter, on his back.

BIG RECEPTION FOR KETCHIKAN
Arrangements Well Under Way for Taking Care of Alaskans When They visit city for Fair

There was a joint meeting of representatives of the Fair Board, Elk and Moose Lodges last night to arrange further details for the reception and entertainment of the excursionists from Ketchikan who will visit the city during Fair Week. Committees were slated and further features in connection with the visit of the Alaskans were decided upon.

Attending the meeting were Jarvis McLeod, D. Milne and E. Sabourin for the Elks; N. Mussallem, P. Cameron, H. Jackson, J. Bacon and F. Scadden for the Moose, and Joe Greer, Ben Self, H. M. Daggett and Frank Dibb for the Fair Board.

Committees from the three organizations were selected as follows:

Accommodation—Jarvis McLeod, N. Mussallem, H. M. Daggett and M. L. Stepp.

Decorations—F. Scadden, Ald. S. D. Macdonald, Ald. R. F. Perry, E. Sabourin and S. L. Warrior.

Entertainment—P. Cameron, J. Slaggard, G. Royer, H. Jackson, J. Bacon, W. E. Willisroff, D. Milne, C. Balagno, Dr. R. D. Tassie, C. Folsom, H. Daggett, B. F. Self and F. Dibb.

Finance—F. Dibb, L. M. Fuller and N. Mussallem.

Entertainment

The Elks' Home is to be thrown open to the Ketchikan visitors while they are here and they will be entertained there by the Elks' and Moose lodges.

The program being arranged while the visitors are here includes a Midnight Frolic at the Westholme Theatre on Thursday night, September 11, in which the Ketchikan City band, Moose saxophone band and local Elks and Moose will take part. The proceeds will go towards paying off the expenses incurred in bringing the bands and ball teams to the city.

On Saturday there will be a big parade in which four bands—Ketchikan City Band, Ketchikan Moose Saxophone Band, Kitimaat Native Band and North B. C. Regiment Band—will participate. There will be a dance in the evening followed by a farewell smoker.

Welcome Arch

Among other things, the decoration committee has in its hands the erection of a large welcome arch at the corner of Third Ave. and Union Street.

RACE HORSES GO BEGGING

BERLIN.—Fifty full-blooded racing horses were offered recently at an auction held at Hoppegarten near here, but no buyers appeared. The auction was arranged by wealthy owners unable any longer to keep the horses because of the expense involved.
