KING AND CRERAR FAIL TO UNITE FORCES

RECORD LUMBER CUT FOR YEAR IN THIS DISTRICT IN 1923 SAYS REPORT

Negotiations Between Mackenzie King and A. T. Crerar are off and no Offer Made Progressive Leader

OTTAWA, Jan. 12.—Hon. T. A. Crerar has not been invited to join the Federal government. The former Progressive leader concluded his conversations with Premier King yesterday and today leaves for New York. He does not plan returning here before leaving for the west.

Mr. Crerar said he came to Ottawa on the premier's invitation and discussed with him the general political situation, more particularly the possibilities of political differences developing in the country arising from sectional considerations. "I wish to make it clear," he stated, "that I was invited as a private member and had no authority to speak for the Progressives."

Mr. Crerar said at the Premier's request he placed before him policies he thought the country urgently needed such as the paramount necessity of retrenchment, a balanced budget, fiscal reform, national railways, an accelerated immigration policy, the appointment of a Canadian representative at Washington, the safeguarding of the depositors in banks, Government inspection of banks, changes in the electoral system, and the reorganization of the Government such as may be necessary to carry out those policies. "Mr. King did not extend an invitation to me to join the Government at any time during the conversation," concluded the Progressive leader.

With the question of admitting Mr. Crerar to the cabinet no longer in question it is thought unlikely that cabinet changes of an extensive character will be made for some time. Hon. Ernest Lapointe is expected to take the Justice Department and a new minister of marine will be secured, possibly by transferring some other member of the Government to that department.

Speculation now is as to how far the conversations between Messrs. Crerar and Mackenzie King are likely to affect the Government program of legislation for the coming session.

MANAGER OF CHEMAINUS MILL DIED YESTERDAY

E. J. Palmer was Leading Figure in Industrial Life of Province

VICTORIA, Jan. 12.—E. J. Palmer, vice-president of the Victoria Lumber Manufacturing Company of Chemainus, a leading figure in the lumber industry of British Columbia, died at Chemainus last night aged 68. Quite recently the mill at Chemainus was destroyed by fire and it is possible the death of Mr. Palmer, who has managed the business of the company for many years, may affect the policy of the company in regard to rebuilding the mill. Mr. Palmer has been ill for some time but had been recently reported improved in health.

PUBLIC MEETING
A Public Meeting will be held in the Empress Theatre on **TUESDAY, JANUARY 15, AT 8.15 P.M.**, re Civic Affairs. All Candidates will be given a hearing. Seats Reserved for Ladies.
S. M. NEWTON
CANDIDATE FOR MAYOR.

SOVIET IS BUYING RUSSIAN BONDS AT A VERY LOW PRICE

COPENHAGEN, Jan. 12.—A Petrograd message says Leonid' Krassin, soviet commissioner of foreign trade, through agents abroad has bought at a low price about 75 per cent of the foreign bonds of the Soviet states. This gives rise to the belief that the Soviet government intends to acknowledge Russian pre-war debts.

PARSON MUCH IN PUBLIC EYE

Dr. Clem Davies of Victoria Invited to Remain at Methodist Church in Victoria

VICTORIA, Jan. 12.—An interesting situation has again arisen in connection with the pastorate of the Centennial Methodist Church, Gorge Road, Victoria, where the congregation last year defied the church conference and threatened to break away if they were not allowed to retain their pastor, Rev. Clem Davies. Dr. Davies supplied at the church for a few months and the congregation were so impressed with his ability that they asked him to remain. The general conference refused to admit a single man to the position, coming as he did from outside the conference and also from outside the country. Dr. Davies is an American, although Canadian born.

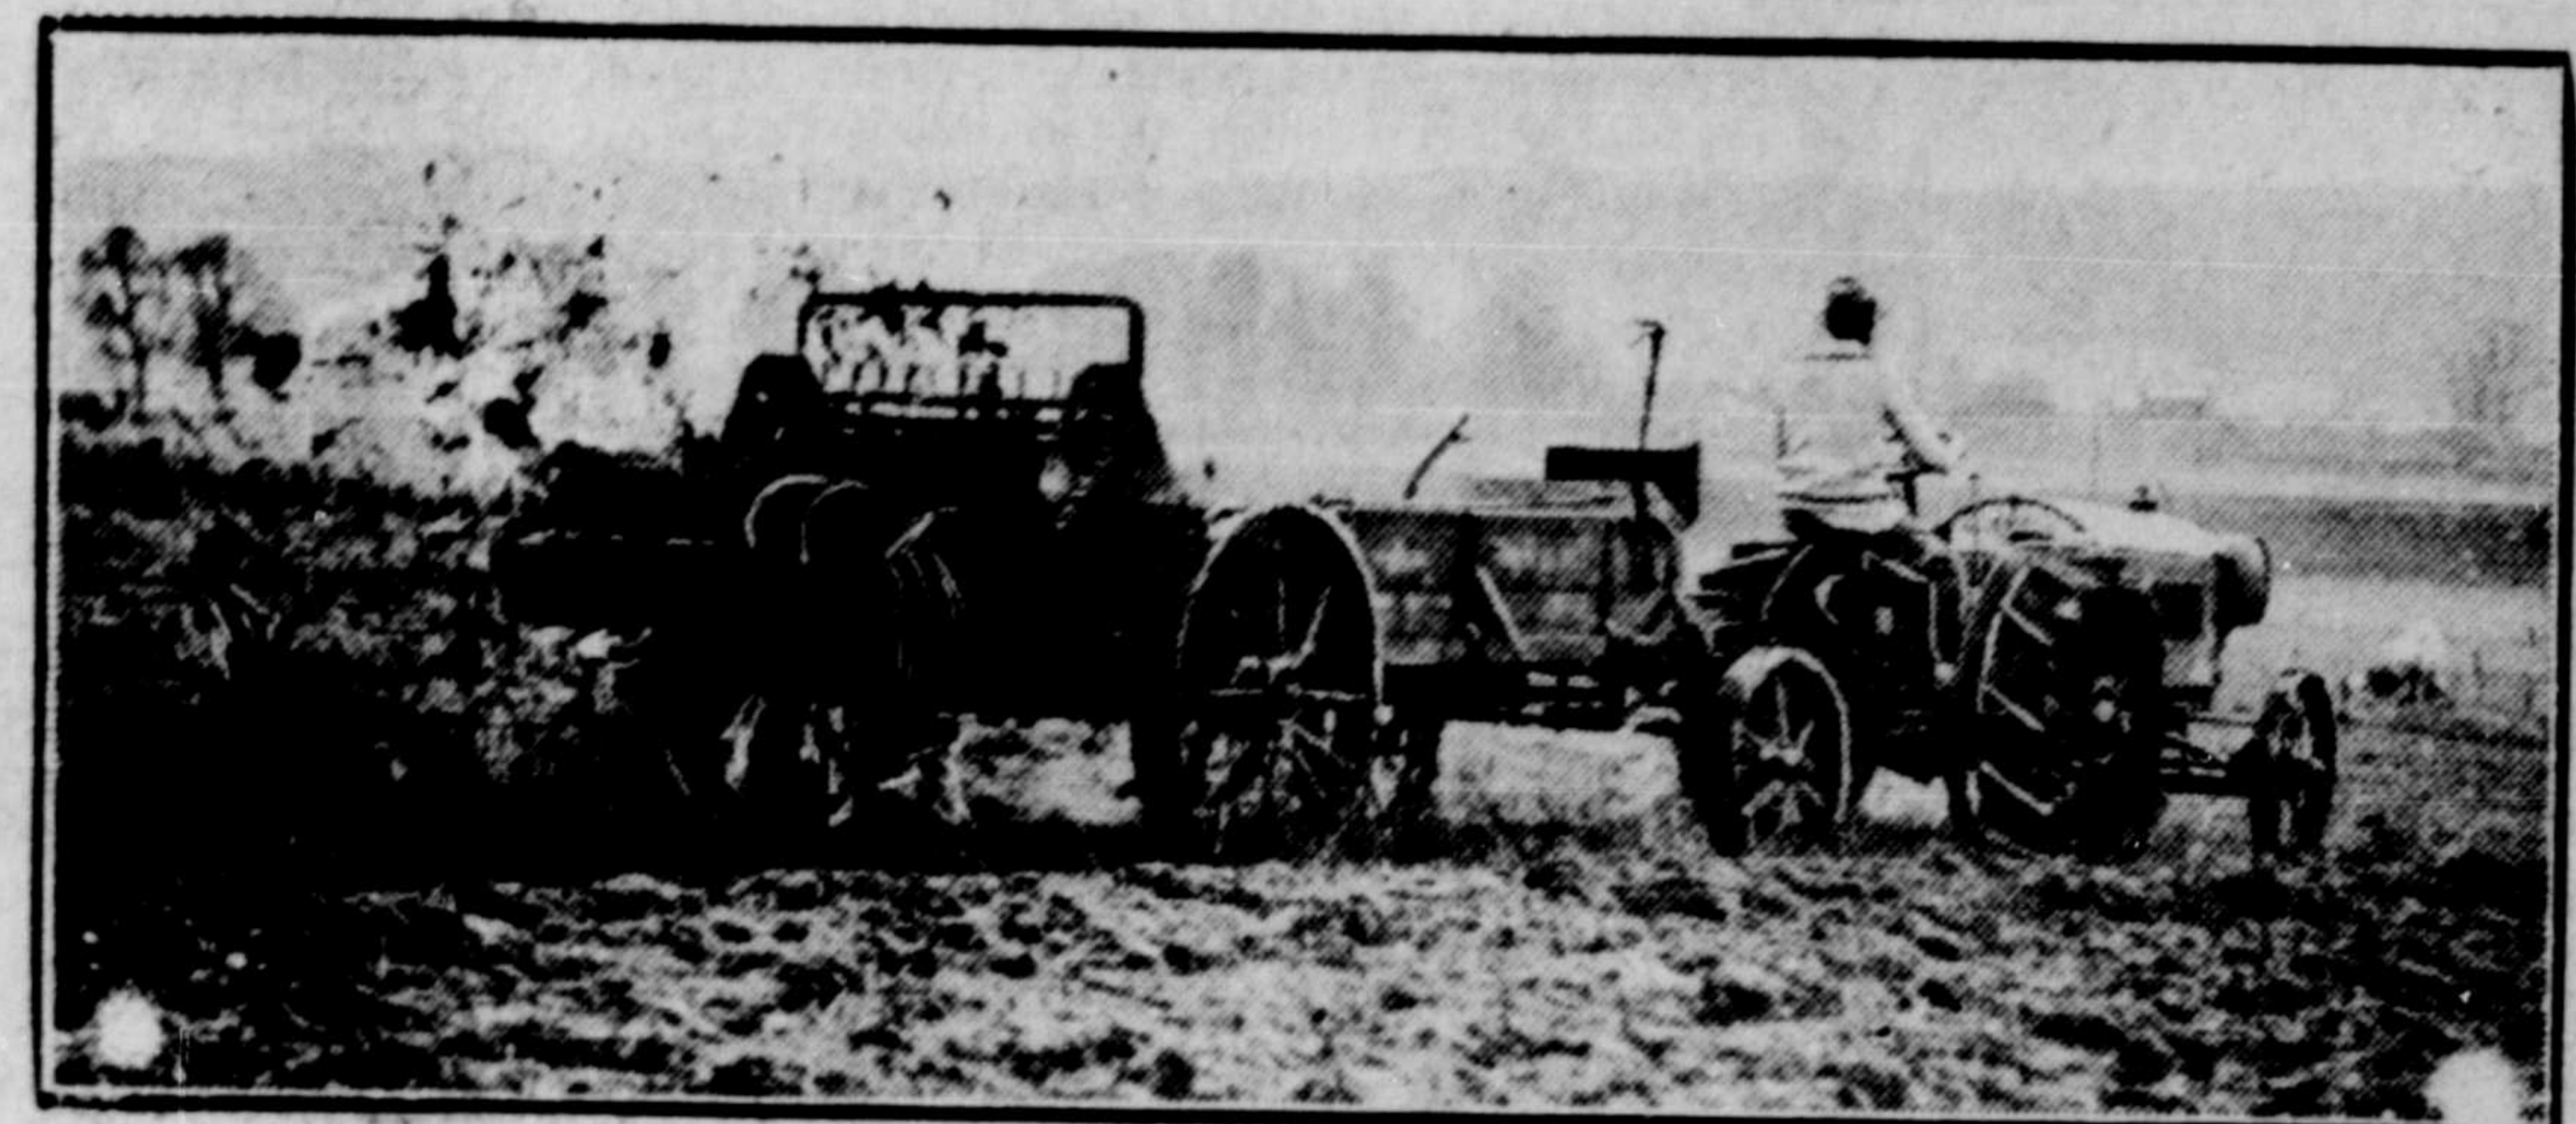

Make Threat

Then the congregation threatened to break away unless their wishes were met and refused to take as pastor Rev. Dr. Westman, who had been in charge of the same congregation years ago, and who was the appointee of conference. The final result was that the church was left without supply for a year and the congregation was allowed to choose its own minister, which it did.

Now the congregation has asked that Dr. Davies be allowed to remain. The Doctor is a young man, intensely active and an able speaker. He has installed a radio broadcasting set in the church so that anyone within a thousand miles may join the services without actually attending the church. He is spectacular in his methods and fills the church at every service. Also he takes an active interest in social affairs. Among other things he is interested in the suppression of the drug traffic and suit has been entered against him in court for libel by one of the members of the Mounted Police who was recently mixed up in the courts and appeared prominently in the recent investigation.

Conference Helpless

What the Methodist conference will now do is a matter for speculation but one thing seems certain, they cannot separate the parson from his enthusiastic congregation.

Old Country farmers are taking every opportunity to put labor-saving devices on the land. Here is shown a large tractor hauling a fertilizer spreader on a farm at Purley, Berks.

ENGLISH CUP GAMES TODAY

Middlesboro and Sunderland Went Down to Defeat in First Round

LONDON, Jan. 12.—The first round football games were played today in different parts of the country, the most interesting features of the results being the defeat of two First Division teams, Middlesboro and Sunderland, by Wafford and Oldham respectively. Results follows: Blackpool 1, Sheffield U. 0. Derby 2, Bury 1. Fulham 2, Llanelli 0. Exeter 1, Grimsby 1. Millwall 0, West Bromwich 1. Accrington 0, Charlton 0. Manchester U. 1, Plymouth 0. Swansea 1, Clapton 1. Norwich 0, Bristol C. 2. Liverpool 2, Bradford City 1. The Wednesday 4, Leicester 1. Northampton 1, Halifax 1. Oldham 2, Sunderland 1. Leeds 1, Stoke 0. West Ham 5, Aberdare 0. Huddersfield 1, Birmingham 0. Swindon 4, Bradford 0. Portsmouth 2, Newcastle 1. Arsenal 4, Luton 1. Middlesboro 0, Wafford 2. Ashington 1, Aston Villa 5. Barnsley 0, Brighton 0. Everton 3, Preston N. E. 1. Hull 2, Bolton W. 2. Chelsea 1, Southampton 1. Manchester City 2, Notts Forest 0. Wolverhampton 3, Darlington 1. Queen's Park R. 1, Notts C. 2.

OLD COUNTRY FOOTBALL

ENGLISH LEAGUE. Division III.—Northern

SCOTTISH LEAGUE. Division I.

Kilmarnock 2, Clydebank 3. Morton 0, Hamilton 0. Raith Rovers 0, Hibernians 2. Rangers 1, Dundee 1. Third Lanark 1, Celtic 3. Aberdeen 1, Ayr U. 0. Airdrieonians 4, St. Mirren 0. Clyde 2, Motherwell 3. Hearts 5, Queen's Park 2.

Union steamer Camosun, Capt. J. A. Findlay, was in port at noon today southbound from Naas and Skeena River points to Vancouver.

Allan Carolan, Stewart merchant, is in the city on business having arrived from the north yesterday morning.

Railway Strike in Britain is Inevitable and may Occur any Time says Locomotive Union

LONDON, Jan. 12.—The locomotive men's official organization officially announce that a railway strike in Great Britain is inevitable and may occur at any time as a result of failure of negotiations between the companies affected and the engine-men over the matter of wage adjustment. The union officials say the lines refuse to make any concessions.

The dispute arose over the findings of the railway wage board which the men assert reduces the wages out of proportion to the cost of living. They voted six to one against accepting the award. Fred Miller and A. Miller, Alice Arm logging contractors, are in the city registered at the Prince Rupert Hotel.

Forestry Returns for Year Larger Production than ever Prospects for Future Good

The production of timber in the Prince Rupert district as shown in the official scaling returns for the year 1923 far exceeded any former year, the total up to December 31 being 183,287,904 board feet in addition to railway ties, piles and poles. There were scaled poles 1,038,217, lineal feet; fir piles, 9,979; hemlock piles, 38,693; cedar piles, 627,757; cordwood, 6,870 cords; shingle bolts, 236; railway ties, 662,630; fence posts, 121 cords; fence posts, 350 lineal feet; mine props, 2,500 lineal feet.

Discussing the operations for the year P. S. Bonney, district forester, stated last year the total scalings were 102,000,000 board feet. The increase was due not only to the activity on Queen Charlotte Islands, where from twenty-five to thirty million feet had been scaled but also to general activity throughout the district.

Speaking of the future prospects Mr. Bonney said the big tie contracts for 1,030,000 ties to be cut this side of Endako would swell the list next year. This was 35 per cent more than the contracts last year.

Month of December

For the month of December there was a total scaled of 19,914,918 board feet in addition to piles, poles, etc., made up as follows:

Douglas Fir	1,261,423
Red Cedar	2,199,744
Spruce	9,087,808
Hemlock	5,770,155
Balsam	1,360,091
Jackpine	852
Cypress	2,347
White Spruce	228,502
Cottonwood	1,026
Poles, lineal feet	136,920
Hemlock Piles	3,700
Cedar Piles	82,806
Cordwood, cords	137
Shingle Bolts, cords	25
Pine Railway Ties	2,319
Fence Posts, cords	36
Mine Props, lineal feet	2,500

HOCKEY
Edmonton 4, Victoria 2. Saskatoon 2, Calgary 1.

MORE MONEY FOR FARMERS

Increase of \$35,000,000 Over Last Year in Total Income on Prairies

WINNIPEG, Jan. 12.—Including the four months crop year from September to December for wheat and coarse grains and the full year 1923 for other products a total sum of \$394,131,082 has been "set in motion" by farmers of the prairie provinces, according to the Manitoba Free Press. This is an increase in the amount of money earned by \$35,000,000 over 1922. This does not tell the whole story for there is eight months of the crop year still to run and many millions of dollars worth of wheat and coarse grains is still to be marketed.

WILL RAISE GERMAN SHIPS

Contracts Let for Recovery of Eight of Those Sunk at Scapa Flow

LONDON, Jan. 12.—The Admiralty has let a contract to raise eight German warships sunk at Scapa Flow. Most of them will be sold to shipbreakers and others will be used for target practice. The vessels were scuttled by their own crews when interned by Admiral Jellicoe in 1919.

CONTRACTS LET FOR TWO SHIPS

New C.P.R. Vessels Said to be Larger and Faster Than Those Now Operated

VANCOUVER, Jan. 12.—Contracts for the construction of two steamers to be operated in the B.C. Coastal service have been awarded to John Brown & Co., Clydebank, Scotland, it is announced. It is said they will be considerably larger and faster than any now in the coastal service.

HIGH PRICES BEING PAID FOR HALIBUT

American Schooner Panama Drew Down 21.4c and 14c This Morning for 30,000 Pounds

The continued scarcity of halibut arrivals is responsible for the steady rise in prices that is being recorded daily. This morning the highest bid for several weeks was made when the Canadian Fish & Cold Storage Co. took the 30,000 pound catch of the American schooner Panama for which 21.4c and 14c was paid.

Going Out For Tourist Business.

Apparently the Canadian National Railways are alive to the value of the tourist business and are going out after it. So that this city may benefit from the efforts of the railway, the closest co-operation will be necessary between the city public bodies and the railway company. Last year showed a great increase over former seasons in the number of tourists calling here, and the next step should be to induce the visitors to make this a point for a stop-over.

The most important factor in inducing tourists to remain here will be the erection of the Canadian National Railway Hotel, the building of which has already been announced. It goes naturally with the development of the Alaskan tourist business by this route. Its erection will create business for itself and for other hotels in the city and should not in any way injure those at present operating here. There should very soon be plenty of business for all.

So far as the local citizens are concerned, the policy should be to always show the visitors every possible courtesy and to, as far as possible, provide for their entertainment while here.

Will Ship Lumber To Great Britain.

It was announced in the news column of this paper yesterday that the Canadian Government Merchant Marine would make its first shipment of lumber from this port to the United Kingdom. That is very important as it indicates the feasibility of making not only lumber but grain shipments from here to the Atlantic seaboard of Europe and America by way of the Panama Canal. Little by little we are gaining recognition in a small way as a shipping port. The year 1923 saw a great development in that respect and the future will undoubtedly justify the efforts of the past. Recognition is not obtained at once. Vancouver had an elevator several years before grain shipments were made through it. That port had a hard fight for recognition. So it will be here. There will be many disappointments but in the long run we shall win out.

Interests Of City Demand Best Men.

The election campaign here is now fairly on. Mayor Newton has announced that he will appear on the platform Tuesday, and M. M. Stephens has called a public meeting for Monday night to discuss civic issues and has invited other candidates to be present. Nominations take place Monday and the campaign will be short and snappy.

Electioners are urged first to see that representative men and women are nominated to the various positions and then that they support only those men or women whom they consider will best manage the affairs of the city. It is a matter of business to see that the civic affairs are conducted economically and well. We want the best we can possibly get for the money and to get that we must have the best possible representatives. It is useless to protest when it is too late. This is the time for action.

Balanced Budget In Governments.

In all governments it is desirable to have a balanced budget. Income must at least equal expenditure or the end is chaos. In provincial affairs the Oliver government has brought the finances from a bankrupt condition to one where the province is not only solvent but its credit is of the best in the money markets of the world. In the city of Prince Rupert, owing to the activity of the economy group headed by M. M. Stephens and Theo. Collart and well supported by other members of the council, the financial condition of the city is improved and continuation of that policy will result in eventually placing the local finances on a proper basis. In the Dominion there is yet some distance to travel before a balance is struck. When the Mackenzie King government took office they found the financial condition of the country such that businessmen of affairs trembled for the future. They saw little hope for getting out, and at the same time retaining the active and efficient operation of the railways. Through the appointment of Sir Henry Thornton and the adoption of a courageous policy, it seems as if in a few years we should as a nation once more attain financial stability. Securing this is a thankless job whether it be in the province, the city or the wider field of Dominion affairs. It is up to the people to back any who are doing it regardless of political affiliations.

Pacific Coast Resources are Developing Steadily and Future is Auspicious

By F. G. Dawson, of Prince Rupert, Director of Canadian National Railways. (From Toronto Globe)

The spirit of the Far West is one of optimism. Business conditions are good and the outlook is excellent. The province of British Columbia, which may truly be termed the real West, is already making great forward strides. As she progresses the movement gains impetus, as it is bound to do in a country with such great natural resources of timber, minerals, fish and agricultural lands.

British Columbia was once described as a sea of mountains, but those who know the province today describe it as a land of fertile valleys separated by mountains that are rich in minerals; trained by rivers well stocked with commercial fish, and with immense areas of timber of the finest quality and of huge proportion. Under these conditions it is no wonder that every year shows progress being made. Every year finds more people doing a larger amount of business, making larger dividends, and the province as a whole playing a larger part in the life of the Dominion.

Gateway to the Pacific

Added to the development of the natural resources of the province is the seaport development that has already well commenced and which shows such great promise for the future. It has only recently been demonstrated that grain grown in Alberta and Saskatchewan could find a more economical outlet via the Pacific coast either for shipment direct to the Orient or to Europe by way of the Panama Canal. Just recently Sir Henry Thornton spoke of this in an interview at Winnipeg, and it is now becoming recognized as a fact that the Pacific route is cheaper and more feasible than any other; furthermore, the Pacific seaports have the great advantage of being open ports the year round. Vancouver is already shipping large quantities of grain. The business commenced in 1920, when 600,000 bushels were shipped through the port. The next year this was increased to 7,500,000 bushels; last year it jumped to 20,000,000 bushels, and it is estimated that this year the shipments will easily double those of last year, and perhaps even exceed that figure.

So far Vancouver has been the only port with facilities to handle grain, but it seems very probable that next year Prince Rupert, New Westminster and Victoria will be equipped with necessary facilities so they may share in the almost unlimited amount of grain business that will be offering.

Great Timber Resources

One of the big sources of wealth of the province is lumber. The Douglas fir, hemlock, balsam and red cedar of Vancouver Island and the southern mainland, and in the central and northern parts of the province the enormous quantities of Sitka spruce, Western hemlock, cedar, and several other varieties of timber in lesser quantities, are all sought by buyers from the Orient, Australia, South America, California, the eastern seaboard of the continent and Europe. Figures of timber cutting at time of writing are available only to the end of October, but during the ten months of 1923 to that date the official record showed 2,423,999,000 feet, board measure, as against 1,596,661,000 for the same period for the previous year, an increase of over five hundred million feet. A large part of that cut was exported. Ninety million feet was sent to the Atlantic seaboard through the Panama Canal, as against only fifteen million feet the previous year.

Good Mineral Production Mining production is keeping up well, and it is suggested by some experts that this will be a record year. In northern B.C. the Granby Consolidated Mining Co. has been producing copper regularly at its Anxox plant; the Premier Mine at Stewart has been shipping ore, and paying large dividends, and in the same neighborhood there are a number of mines that will be shipping ore very soon. In the Bulkley Valley the Duthie Mine, near Smithers, is shipping a large tonnage of high grade ore, although the mine is really only in the development stage, while at Dome Mountain, near Telkwa, and at other points in central

British Columbia are many properties that undoubtedly will soon be shipping mines. In the southern coast portion are located the Britannia Copper Mines, which have been large producers for years, and in the southern interior of British Columbia are the great Sullivan Mines located at Cranbrook, undoubtedly the largest producers of lead and zinc in the world. There are many other prosperous shipping mines as well as very large coal mines operating on Vancouver Island and the interior of the Province which space forbids me mentioning.

Agriculture to the Fore

At one time people smiled when agriculture was spoken of in connection with British Columbia, but today it has become the second greatest industry in the Province, and without doubt will soon lead all others. The difficulty has been that much of the richest land has been heavily timbered. There is, however, an immense tract of rich land (about three and a half million acres) in central British Columbia that can be easily cleared, and which will sustain many thousands of families. These lands are close to the Canadian National Railway, and are readily available for settlement.

Varied Sources of Wealth

Last year the total value of fruit raised in British Columbia was almost five million dollars; the total value of the poultry and eggs was four millions; the value of milk products was eight millions, and the value of grains, foders, potatoes and roots amounted to very close to 20 millions. Beef was marketed to the value of five and a half million dollars. These in round figures amount to over 42 million dollars, and there are many other farm products not yet accounted for. Just as an instance of the increase in the production of a single commodity I would mention cheese. In 1916 there was produced 18,000 pounds; in 1922 there was produced 437,554 pounds, being an increase of 2,330 per cent.

Harvest of the Sea

And yet there are other sources of natural wealth that have helped to make British Columbia prosperous. There are the fisheries, particularly salmon and halibut. The most important fisheries today are in northern portion of the Pacific coast of British Columbia, with Prince Rupert as a centre. This year, to the end of November, the fresh halibut marketed through Prince Rupert has amounted to over 25,000,000 pounds. The total fish production of British Columbia in 1922 was \$18,849,658, or 15 per cent. of the total fishery products of the Dominion of Canada. In 1916 the total catch was valued at \$14,438,320.

The development of the agricultural areas, the tourist routes, the mines, the forests and the fisheries, as well as the develop-

"My Back Aches"

It is not much wonder that the mother in the home has backaches and headaches when you think of the multiplicity of work and worries she has from morning until night and from week to week.

But pains and aches come from poisons in the system and if the kidneys and liver were doing their duty as filters of the blood the poisoning would not remain there.

This is why it is usual to blame the kidneys and the liver for backache, headache, rheumatism etc.

The way to get rid of such pains and aches, then, is by arousing the action of the kidneys and liver and this is most promptly and most certainly done by the use of Dr. Chase's Kidney-Liver-Pills.

By using this popular medicine you can usually obtain relief in a few hours.

You will realize then the advisability of using Dr. Chase's Kidney-Liver Pills once or twice a week so as to keep these vital organs active and ensure that the poisonous waste matter is promptly removed from the system.

In most homes this medicine is kept constantly on hand for use in case of emergency. Not a bad idea, is it?

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 35 pills instead of 25 as formerly.

Likewise Dr. Chase's Nerve Food is 60 cents a box of 60 pills, instead of 50 cents a box for 50 pills. Edmanson, Bates & Co., Ltd., Toronto.

DYSPEPSIA WAS SO BAD COULD HARDLY EAT ANYTHING

Mrs. C. Stone, Nanticoke, Ont., writes:—Some time ago I had a very serious attack of dyspepsia, and was also troubled with gas on my stomach. I could hardly eat anything, and very often had pains after meals. I had used different medicines, but they didn't seem to do me any good. At last I happened to run on the track of Burdock Blood Bitters, and after using it for a short time I felt a lot better. I continued its use until I was completely relieved and now I am ready to recommend it to anyone troubled as I was."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

English Lutheran Services in Metropole Hall on Sunday at 11 a.m. by Rev. P. E. Baisler. All welcome.

Ald. Macdonald stated this morning that he would seek re-election to the city council this year but that he would not be a candidate for the police commission.

The Canadian Forestry Association's exhibit car will arrive here by Wednesday night's passenger train and will be opened to the public on Thursday next.

Joint installation Rebekahs and Oddfellows, Metropole Hall, Monday, January 14, at 9 o'clock. Regular meeting Rebekahs at 8 o'clock. Members and visiting members please attend.

Alfred Living, charged with supplying liquor to an Indian woman, Mary Nelson of Kincolith, was dismissed in the police court this morning. The woman was fined \$10 for intoxication. The charges were laid by the Dominion police.

C. V. Evitt announces his intention of being a candidate for the aldermanic board at the forthcoming civic election. Mr. Evitt is considered a likely winner for he is generally popular and his four years' experience as secretary of the Board of Trade will serve him well in administration of city affairs.

Another promising candidate for the aldermanic contest announced himself today in the person of Col. S. P. McMordie. With the double qualification of being contractor and accountant, the services of Col. McMordie would be valuable to the city and it is considered altogether likely that they will be accepted at the polls next Thursday.

While telephonic and telegraphic communication between the city and Digby Island wireless station is out of business on account of the break in the submarine cable, messages will be transmitted to and from the station by Jack Barnsley with his radio set. Those having messages for wireless points such as Stewart, Hyder, Anxox, Ocean Falls, etc. will file them as usual at the government telegraph office.

Harry Ward, son of Mr. and Mrs. Hubert Ward, sailed this morning on the Camosun for Vancouver. He plans on making a trip to the Old Country.

George Hill announced this afternoon that he would be a candidate for the aldermanic board at the forthcoming civic election. He has had experience in municipal affairs as a police commissioner.

A circular being given wide distribution by the manufacturers of Paragon radio sets contains a reproduction of a testimonial letter from Jack Barnsley of this city together with a photograph of himself and the station in his house. There is also a picture of the exploration schooner Bowdoin off Greenland, with which Mr. Barnsley has been in regular communication for several months.

THREATENED STRIKE CAUSES DROP TODAY BRITISH EXCHANGE

NEW YORK, Jan. 12. — The threatened strike of railwaymen in Great Britain caused sterling exchange to sink today. The demand rate dropped one cent to 84.26.

The British political situation has sent French-francs tumbling, the demand rate being the lowest ever recorded.

The local exchange rates have been dropping slightly in sympathy with the general movement. Today Sterling is quoted here at 4.38, Hong Kong at 52 and U.S. Dollar at a discount of 2 13-16.

HOPE ABANDONED SAVING FROM SUB FORTY-THREE MEN

LONDON, Jan. 12.—The forty-three men who went down on the submarine L-24 when she collided with the Resolution near Portland are lost it is feared. Hope of saving them has been abandoned, the Admiralty officially announces.

LABOR SITUATION

Not Much Demand for Men and Seventy Unemployed are Registered

These are quiet days at the Provincial Labor Bureau, J. M. Campbell, local superintendent, reports. There has not been much demand for men since the New Year and there are at present 70 unemployed registered at the bureau. This figure, however, is not nearly as large as last year. There is a steady movement of men to interior tie camps and mines and there has also been some casual work in the city.

MUNICIPAL ELECTION

A meeting of Organized Labor will be held tomorrow at 2.30 p.m. in the Carpenters' Hall for the purpose of discussing the Municipal Election.

AT 80 YEARS OF AGE WAS TROUBLED WITH SHORTNESS OF BREATH PALPITATION OF THE HEART AND FAINTING SPELLS

Mrs. M. O'Connor, Whitestone, Ont., writes—I have been troubled, most of my life, with shortness of breath, palpitation of the heart and fainting spells. I was advised by a friend to try Milburn's Heart and Nerve Pills, which I did, and at once found relief, and I have never had a really bad spell since.

I am 80 years of age and always keep them in the house, and when I feel any symptoms of my old trouble coming on all I have to do is to take a few doses. With the help of your Pills I expect to see many years yet. I always recommend them to any one who is suffering from heart trouble.

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price, by The T. Milburn Co., Limited, Toronto, Ont.

NEW LAMP BURNS 94% AIR Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, G. A. Johnson, 595 McDermot Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Arthur Brooksbank is leaving on tonight's train for Hanall where he will spend the weekend on business.

TIMBER SALE X 5852.

The Man in the Moon SAYS:-

YOU have heard of the man who advertised for a job, explaining that he was "intelligent but married." He wasn't.

A BUSINESSMAN said his town was so quiet you could hear the night falling and the day breaking. Later his firm went to smash with such a crash you could hear the echo.

A MAN who pays the bills his wife contracted before the wedding pays for the bait with which he was caught.

THERE are two kinds of bores, the one who tells you he can go the eighteen in eighty-four and the wretch who is always lying about the distant stations he gets on his radio.

NOW that the artificial excitement of New Year's Day is all gone let us take a solemn oath that we will not lie about what we intend to do until another bottle is opened on January 1, 1925.

IT was the man who advertised for a wife who said afterwards he was not sure advertising always paid but it certainly brought results.

WHEN you are offered an interest in the business be sure it does not mean that if you do not take more interest in it pretty soon you will be fired.

POSSIBLY it was not in one of the local telegraph offices where the man burst in excitedly and wired his wife's relatives "Twins today; more tomorrow."

SMITHERS

Mrs. H. D. Thompson has been elected president of the Ladies' Hospital Auxiliary. Mrs. Stanley Bennett is vice-president and Mrs. H. Welch, secretary treasurer. Committees for the year are as follows: Refreshments, Mrs. J. S. Gray, Mrs. D. D. Rolston and Mrs. J. N. Carr; purchasing and supplies, Mrs. J. A. Macdonald, Mrs. R. J. Raabe and Mrs. W. J. O'Neill; entertainment, Mrs. L. B. Warner, Mrs. D. E. Hall and Mrs. D. R. Willemar.

E. E. Orchard, James Groat, Dr. C. H. Hankinson, L. B. Warner, R. C. Mutch, J. Cathrae and Frank Foster are mentioned as likely candidates for the forthcoming municipal election here.

Rev. M. W. Lees will continue his question answering sermons this winter, starting tomorrow.

Mrs. W. H. Doodson has returned from the Hazelton Hospital where she has been undergoing treatment for the past two months.

George Oulton has left for the Ketchikan hot springs where

he hopes to obtain relief from sciatica.

Mrs. Joseph Baker of Palling is recovering nicely from an operation performed in the local hospital last week.

Mrs. W. I. Parker of Vanderhoof has returned home after undergoing an operation in the local hospital.

BASKETBALL LAST NIGHT

Games Were Not Close and Competition Not Very Keen

As far as competition was concerned, last night's league basketball games were rather mediocre affairs. The winners in each case had things pretty well all their own way and the losers did not offer much to contend with. The Sons of Canada won the Senior League game from the Teachers 67 to 22; Grotto beat Elks 31 to 19 in the Intermediate League; the Adanaes were victorious 22 to 8 over the Kaiens in the Ladies' League, and the Colts took the Junior League fixture from the Blue Birds by 23 to 16.

Line-ups and scoring of the evening were as follows:

Senior League
Sons of Canada—R. B. Skinner (2), V. Menzies, 7; H. Menzies (2), 22; D. Balfour (1), 30; H. Astori, 8.—Total 67.
Teachers—D. H. Hartness, C. Woodworth (2), A. Lane (1), 8; J. Mitchell (1), 8; W. Lambie, 6; S. Hurn (1)—Total, 22.
E. A. Mann was referee.

Intermediate League
Grotto—W. Gray (1), T. Fraser (3), 3; W. Wrathall (1), 19; G. Anderson (1), 1; A.

Sport Chat

The Canadian Olympic hockey team is well balanced in every department. The members have been playing together for a month or more and, as regulars, performed together last season. Team play, it is thus expected, will predominate. In this respect, the Canadian squad will have it all over the all-star selects from the United States. Cameron and Collett, who are available for goal duty, are both high class performers. Ramsay and Munro on the defence are ranked as the two best in the game in Canada. Smith, who plays centre, can also move to the defence if necessary. The forward line of Smith at centre, McCaffery at right wing and Harry Watson at left is experienced, fast and clever. McMunn, the Winnipeg boy, secured to help out the forward line, is the best in Western Canada in his position. Slater, the Montreal lad, who will work at centre and left wing is the best in the Montreal area.

The Intercollegiate Basketball League of the United States, which opens its fourteenth season in New York tonight when Columbia and Pennsylvania five

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

The admiral of the Mosquito fleet reports that as an aftermath of the Christmas and New Year holiday season the halibut landings during the week have been on the light side, only single American schooners putting in daily with catches. For the fish landed, prices have been high, standing around 20c and 12c for first and second class catches, respectively. It is conjectured that the intervention of the holidays has meant the bunching up of the American fleet which often happens. It is reported that several of the American boats put into Ketchikan on New Year's eve and left together after the holiday for the deep sea grounds. This would point to the early return of the big fleet to this port and the fish buyers are expecting a big flotilla of halibut arrivals to put in during the coming week. Another factor against the halibut landings has been the particularly stormy weather which has been general for the past two weeks on the high spots. For this reason the Canadian arrivals have been considerably affected in that the smaller boats have been unable to venture far afield in search of their wily prey.

an inch at all times. Mr. Darby is an old boat builder of Yukon fame. Owning a ranch some 160 acres at Grease Harbor on the Naas River Mr. Darby, along with brother ranchers, has been hard up against the transportation problem in that district and he is determined to build a boat that will give the transportation service so urgently required at a minimum of cost. At the present time the ranchers on the Naas river are in the hands of anybody with a power boat and the freight charges are entirely too exorbitant to permit of produce being marketed successfully. The boat will not be completed for several weeks.

Soldiers, Sailors, Niggers

It is learned on good authority that natives of Metlakatla have set an entirely original idea going to keep up the social whirl of the famous northern Pacific town. With the idea of creating friendly rivalry from purely a social standpoint the town has divided itself up into three different factions namely the Soldiers, Sailors and Niggers. If the Niggers put on a dance or other form of entertainment, then the Soldiers and Sailors in turn try to go one better every time. In this way the little town is a veritable hive of joy during the winter season and visitors declare that to join in the fun, whether it be the night of the Soldiers, Sailors or Niggers, is something to remember for life. A week ago the Soldiers put on a dance in the Metlakatla Hall which was worth going miles to attend from all accounts, but on Wednesday night the Sailors, which is the biggest factor in the town socially, set out to put their rivals in the shade with the result that they staged one of the finest masquerade balls ever staged in the north. A flotilla of native boats came over to the city on Wednesday morning and made a combined purchasing raid on the up-town stores, taking back with them toothsome delicacies and all the fancy material necessary to make up wonderful costumes. The outcome of the visit to town was that to date the Sailors are still a little bit in the lead for the grandeur of their latest social venture. It will be interesting to hear what the Soldiers and Niggers do to each other in order to gain the top rung of the social ladder. The secret service of the fleet is on the job to this end.

Fur Arrivals

During the week 157,000 lbs. of halibut has been marketed on the Fish Exchange. Americans were high at 20c and 12.9c and low at 19.5c and 12c. The arrivals were: Yakutat, Venus, Alton, Tahoma.

Fish Business

Many skippers of the halibut fleet are getting everything in readiness for a dash to the deep sea fishing grounds in the near future. Cow Bay is crowded with the lighter boats on which gear, hull and machinery is being thoroughly gone over prior to migration to the watery depths. The halibut schooners Wabash, Verma and Margalice are at the Mosquito fleet base undergoing the once over at capable hands. These schooners it is expected, will be all set for their first dash of the New Year before the end of the month.

Getting Ready

Harry Darby of the Naas river district is building a real "go getting" boat under the Shockley planing mills. The boat when completed will be a regular speed fiend, easily capable of a speed of 20 miles per hour and a forced speed of at least 25 miles. The boat which measures 45 feet by a 9 1/2 foot beam is being built for purely Naas river business and will draw 15 inches of water when fully loaded. Her splendid speed will be derived from a 200 horse power Van Blerk engine which is coming from Munro, Michigan. According to Mr. Darby the Van Blerk is a wonderful machine and though the old firm of Blerk Bros., who originally manufactured this engine, is extinct owing to some disagreement, he has been successful in purchasing one of the original engines. A feature of the craft is a tunnel stern which will prevent the propeller from being fouled either on the bed of the river or from snags inadvertently encountered. Should the hull touch an obstruction the propeller will have a clearance of half

A Go Getter

Skipper Louis Locker, of the power boat Lewis Island, is in town to obtain a few necessities of life.

Fur Arrival

The power boat Doreen, Capt. Nelson, put into port from Kitkatla early in the week with a fine cargo of raw furs including marten and mink. This is the first fur arrival of the season. The catch was of remarkably good quality and found a ready local market. Cap. predicts there will be a big influx of trappers in the near future and that the quality of the catches this year will beat those of last year, which will be going some, as the calf said when it met itself running around the haystack.

is Returning

George Newcomb, the genial skipper of the launch Dixie Rupert, who has been on a prolonged trip through the United States, is scheduled to return to his happy hunting grounds early next month according to a letter received from the wanderer by Skipper Hoopes. K. Freeman, of

least governed fame, George has been doing the States in regular tourist style although he has refrained from wearing the regulation tourist knickerbockers for the reason that his nether extremities do not take to them very kindly. George says that it is hard to make any real easy money across the line as the frequenters of restaurants do not place their tips under the plates but hand them direct to the waiters or waitresses. The boys are looking forward to greeting George.

Shipped Water

The provincial forestry patrol boat Leila R., Capt. Dan Archie, had the misfortune to hit a moving sandbar recently off Jap Inlet, Porcher Island, with the result that the boat tipped slightly and shipped a little water. No particular damage was done, however, and Leila is none the worse for the experience.

The Georgetown mill, which was closed down for a week at Christmas to enable the employees to take advantage of the festive season, has opened again and is running full blast.

L. Potterton, assistant mechanical superintendent at the Booth fish house, recently underwent an operation to his mouth in the General Hospital. We are glad to report that the wizard mechanic is progressing satisfactorily. It is presumed that the operation was necessary as a result of the overtime the jaw was put to during the holiday season. The fact is well known that Mr. Potterton is horribly fond of plum pudding which makes tough sleighing for weak molars.

The city power boat, used in connection with the Shawatlans electric light plant, sank at her moorings in Cow Bay during the recent heavy storms. The craft

was quickly raised and little damage was done.

Capt. Bill Holland, aboard the power boat Daet, came into port during the week from Port Essington for medical treatment.

Sandy had a little cat, it only stayed a day, it's conspicuous by its absence, Rats have driven it away.

The Canadian halibut schooner Caygeon, Capt. Jim Morrison, which is being put through its paces at the dry dock, is now undergoing the engine installation part of the business. According to report the old Caygeon is looking more like a fishing boat every day. As soon as the fixings are completed Jim will be trying his pet out on the halibut banks.

Art Oswald, skipper of halibut boat Kayosu, who had been holidaying in southern Pacific cities, returned home on the steamer Prince Rupert last week. While Art enjoyed himself in the south he says the little old boat looks good to him now.

One hundred tons of cement will arrive on the steamer Prince John, early in the coming week, for the Albert & McCaffery interests. Part of this shipment will go to Terrace for the completion of the new bridge which is in course of construction by the Provincial government.

The scow under construction for the Wark Canal logging outfit is nearing completion in Bone Yard Creek. A roomy house is being built thereon measuring some 50 feet by 20 feet. The old system of living quarters built on logs has been found to be too cumbersome when being transported from place to place. A scow is towed more easily and lends itself to a great saving in time when moving camp.

MILLIONS and Movies

THROUGH the medium of slender strips of celluloid an actor appears simultaneously on thousands of screens in as many different towns. On the same evening, he entertains great armies of film fans who eagerly pay their money to see his performance.

So the movie star commands a king's ransom for a salary, and a fortune is spent profitably, to provide a proper background for his art. The movie multiplies personality—and earning power.

Advertising does the same thing for a merchant or manufacturer. In a single day it takes his message into thousands of homes—to tell folks why they should have his goods and how to get them. Advertising endows him with a thousand voices with which to tell his story.

But the value of advertising is by no means confined to the advertiser. It has a very definite value to you.

A glance through this paper enables you to sift out the things that interest you. Sitting in your easy chair you can compare values and prices. In a moment you can tell exactly where to go for what you want and how much to pay.

Figure how much useless walking and talking and how much actual money you can save by spending a few moments daily with the advertisements.

Parades.—The Battalion will parade Monday evening, January 14 at 8 p.m. for ceremonial drill in preparation for inspection by the G.O.C. The G.O.

WATER NOTICE (Diversion and Use).

TAKE NOTICE that W. E. Collison, Indian Agent, whose address is Prince Rupert, B.C., will apply for licence to take and use 50,000 gallons a day of water out of small unnamed lake on Metlakatla portion of Tsimpsian Indian Reserve No. 2, which flows westerly and drains into Duncan Bay, about one and a half mile north of Observatory Point. The water will be diverted from the lake at a point about 1/4 mile northeast of Metlakatla Indian Village, and will be used for domestic purpose upon the land described as Metlakatla Township, Tsimpsian Indian Reserve, No. 2. This notice was posted on the ground on the 30th day of November, 1923. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is December 1st, 1923. W. E. COLLISON, Indian Agent, Agent.

NEIGHBORS RECOMMEND VICKS FOR COLDS

Now This Manitoba Family Always Has a Jar on Hand

The impulse to help is strong in human nature and people are always willing to talk about a remedy that really brings relief. In this way, that is through the neighbors, many hundreds—yes, thousands—of Canadians have heard of Vicks.

Mrs. Walter Dryla of 101 7th St., Brandon, Manitoba, writes: "I feel that I owe a debt of gratitude for what Vicks Vapo Rub has done for me and other members of my family. It gives us so much satisfaction that we all use it whenever we feel the need of a salve. Last winter we all had had colds in our family and I didn't know what to do. Some neighbors told me to try Vicks Vapo-Rub, so I got a jar and in a short time our colds were all gone. Now we always keep a jar on hand."

Applied externally Vicks acts like a liniment or poultice. In addition, the volatile oils are vaporized by the body heat and inhaled directly into the air passages. This double action quickly loosens a cold.

At all drug stores, 50c. a jar. For a free test size package, write Viek Chemical Company, 344 St. Paul St., W., Montreal, P.Q.

Though Vicks is new in Canada, it has a remarkable sale in the States. Over 17 million jars used yearly.

WHIST DRIVE BY ENGLISH LADIES

Enjoyable Affair Took Place Last Evening at Emad Hall—Orchestra Played

The Daughters of England were hostesses at an enjoyable whist drive in the Emad Hall last evening. There were ten tables and the prize winners were: Ladies' first, Mrs. B. Fenning; ladies' second, Mrs. W. G. Oakley; men's first, Jack Wynn; men's second, B. Fenning. Refreshments were served and selections were rendered by the Sons of England orchestra consisting of H. C. Higgins, piano; Arthur Silversides, mandolin; P. Cameron and B. Fenning, violins. The committee in charge were Mrs. George Leek and Mrs. Jos. Howe.

IN PROBATE IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the Matter of the Estate of Magnus O. Berg, late of the City of Prince Rupert, in the Province of British Columbia, deceased.

ALL persons having claims against the Estate of Magnus O. Berg, late of the City of Prince Rupert, in the Province of British Columbia, who died at the city of Prince Rupert, Province aforesaid, on the 13th day of September, A.D. 1923, are required to send same duly verified to the undersigned solicitors for the executor of the deceased on or before the 8th day of February, 1924, after which date the said estate will be distributed among those entitled thereto having regard only to the claims of which the executor shall then have had notice, and the executor will not be liable for the said estate or any part thereof to any person of whose claim the executor shall not then have received notice.

DATED at Prince Rupert, B.C., this 7th day of January, 1924.

WILLIAMS, MANSON & GONZALES, Solicitors for the Executor, Prince Rupert, B.C.

EDMONTON PROPOSES REDUCING EXPENSES

Matter Deferred Until Monday of Next Week by Council of That City

EDMONTON, Jan. 12. — The proposed reduction in salaries of civic employees was discussed by council and members of the public and separate school boards at a special meeting, but no definite conclusions were reached, and the matter will come up before council again at the next meeting, which is to be held Monday night.

The proposal to bring about a reduction of salaries of all civic employees originally came from Commissioner Yorath, who recommended a straight cut of ten per cent. The salaries which are being paid at the present time, it was stated by Commissioner Yorath, are higher than those paid by business firms in the city. It was also argued that some very drastic steps must be taken immediately in order to keep the mill-rate down to a figure where the property owners could afford to pay their taxes, instead of letting their property revert back to the city.

At the End of a Day

As the roll unwinds, music works its magic. Gone are the cares of a work-a-day world. A dear old tune touches the chords of tender memory—brings back boyish dreams—stirs the fires of inspiration.

Whatever your mood as you sit down before the Gulbransen registering piano you find it sympathetic, responsive. For it is as ready to reflect the exuberance of youth in the latest and gayest of popular tunes as it is to free the majestic music prisoned in the score of a composer's masterwork.

We invite you to our store today and try the Gulbransen registering piano. A few moments will reveal the pleasures it offers. We will gladly explain the advantages of its many exclusive features.

The Great Dramatic Screen Epic,

"Orphans of the Storm"

Adapted from the brilliant stage success, "The Two Orphans." The million dollar photo-play sensation. A stirring, romantic story of the French revolution based on a famous old play. Historical romance interwoven with the thrills of mad days, when crowds of frantic men and women fought in the hope of freedom. A masterpiece of screen realism. The lessons of a time when civilization hung in the balance, brought to the mind of millions in a manner more convincing than books. Exquisite costumes, brilliant settings, architecture, mosaics, frescoing and decorations, pomaded wigs, panniers, brocades, velvets, masks, corsages and buckles.

Scenes of pageantry, colorful and beautiful!

Lillian Gish, Dorothy Gish, Joseph Schildkraut, Frank Losee, Monte Blue, Creighton Hale and enormous cast.
