### LAW MAKERS COMMENCE BUSINESS AT OTTAWA; FIRST BILL INTRODUCED

#### Grain Man Has Two Experts Here in Regard to Proposed Elevator for Prince Rupert

The fact that Charles P. Coles, of the firm of Kerr-Gifford Co., grain exporters of Portland, Oregon, following a trip to the prairies to interview grain dealers there, has returned to Prince Rupert with two Portland plant superintendents for the purpose of further investigating the situation at this port with a view to establishing a grain elevator here is perhaps more significant than any statement it was possible to obtain from Mr. Coles when he was interviewed this morning by the Daily News. Mr. Coles arrived from Vancouver on the Prince Rupert yesterday afternoon and the two experts accompanying him on this visit are C. G. Pagett and J. E. Shanks of Portland. They were out bright and early this morning going over the ground and expect to return south tomorrow morning.

#### COMMISSION IS NOW ADJOURNED

P.G.E. Enquiry Will Resume Next Thursday — Former Prince Rupert Man Takes Stand

#### DENIES KNOWLEDGE

Commissioner Gallihier Not Ready to Clear Bowser and Sloan Yet

VICTORIA, Feb. 28.—The royal commission inquiring into Pacific Great Eastern affairs, after a brief session this morning when only one witness was heard, adjourned until next Thursday when the charges of the Provincial Party of dishonest administration of railway business will be further taken up.

Donald McLeod, associate of Foley, Welch & Stewart, on the stand today, denied any knowledge of campaign fund payments. He said he had been employed in the contractors' offices for some time and, during the war, had managed General J. W. Stewart's affairs when the latter was serving in France.

The request of Ernest Miller, counsel for W. J. Bowser, that the commissioner make an interim report clearing his client and Hon. William Sloan of charges of having received bribes of \$50,000 each was denied. Mr. Justice Gallihier declaring that he would make his report on all charges simultaneously.

#### SOVIET CLINKS SILVER MONEY

New Coinage for Russia Issued Yesterday for First Time

MOSCOW, Feb. 28.—Russians yesterday clinked hard money for the first time since the war with the issuance of the new Soviet silver coinage. Simultaneously the Government of that country fixed the price of nearly all stable commodities in order to maintain parity between silver and gold.

New small gold value paper was also issued and the banks were ordered to accept these at par.

#### CREW OF TATJANA ARE SAFE ASHORE

SEATTLE, Feb. 28.—The crew of 27 of the Norwegian steamer Tatjana, which yesterday drove on to the rocks near Pachena Point while trying to make the entrance to the Straits of Juan de Fuca in the fog, are safe ashore today according to wireless messages.

Mr. Coles explained that there were many arrangements and negotiations yet to be carried out before he would be in a position to make any definite statement on the intentions of the interests which he represents as far as this port was concerned. He expressed the hope, however, that these negotiations would be successfully consummated and that the establishment of grain shipping through Prince Rupert would be brought about as a result in the very near future. Mr. Coles reaffirmed his previous statement as to the suitability of this port for grain shipping and expressed his confidence that it would soon be used for that purpose.

#### PARLIAMENT IS OPENED TODAY

Usual Formality Marks Commencement of Third Session of Fourteenth Parliament

OTTAWA, Feb. 28.—To the booming of guns and with the customary ceremonial, Baron Byng, governor-general of Canada, today formally opened the third session of Canada's fourteenth parliament.

Few changes from last session are noted in the House of Commons. On the government side there is missing the veteran minister of finance, Rt. Hon. W. S. Fielding, who is too ill to attend. There is also missing the face of Sir Lomer Gouin, former minister of justice, who is away in the West Indies seeking to recover his strength. The effect of by-election changes in the recess is seen in the row of Progressives who have moved down the House a couple of seats to make room for two additional Conservatives.

After hearing the speech from the throne read in the Senate, members of the Commons returned to the House. After new members had been introduced, Premier King brought in the first bill of the session—that respecting the administration of the oath of office. There were other preliminary business after which adjournment was made until Monday when the debate on the address will open.

#### PURCELL CHAIRMAN OF TRADES CONGRESS

LONDON, Feb. 28.—A. A. Purcell, Labor member for Coventry, was elected chairman of the Trades Congress.

#### GREAT FIGHT WITH OCTOPUS

Seven Men Aboard Venus had Thrilling Experience

FOUGHT THIRTEEN HOURS

A thirteen hour tussle with a giant octopus, in the course of which a member of her crew was twice dragged overboard and recovered only after strenuous efforts, was the experience of the American schooner Venus, Capt. John Ramm, while fishing 80 miles off Seward. The Venus arrived in port this morning with a 23,000 pound halibut catch. Telling of the experience Capt. Ramm stated it was the biggest octopus he had ever seen and that, during the fight to free the boat from its clutches, it was a matter of touch and go as to whether or not the craft would be dragged under.

The first intimation that anything was wrong was when the engine suddenly stopped and the feelers of the giant monster clung over the side of the craft. It was immediately seen that a fight was to ensue so the skipper and crew grabbed for knives, axes or any weapons that lay nearby. Some of the feelers of the marine monster measured two feet in thickness and proved very hard to sever. During the fight Olek Larsen, one of the crew, was twice dragged overboard and was recovered only with great difficulty and at much risk to his rescuers. Capt. Ramm was high in praise of the way his crew stuck to the fight and highly commended them for the heroism displayed. After the attacker had been driven off it took several hours to free the propeller from remaining tentacles. However, this was finally accomplished and the schooner arrived in port looking little the worse for her experience.

#### CUP TIE AND OTHER SCORES

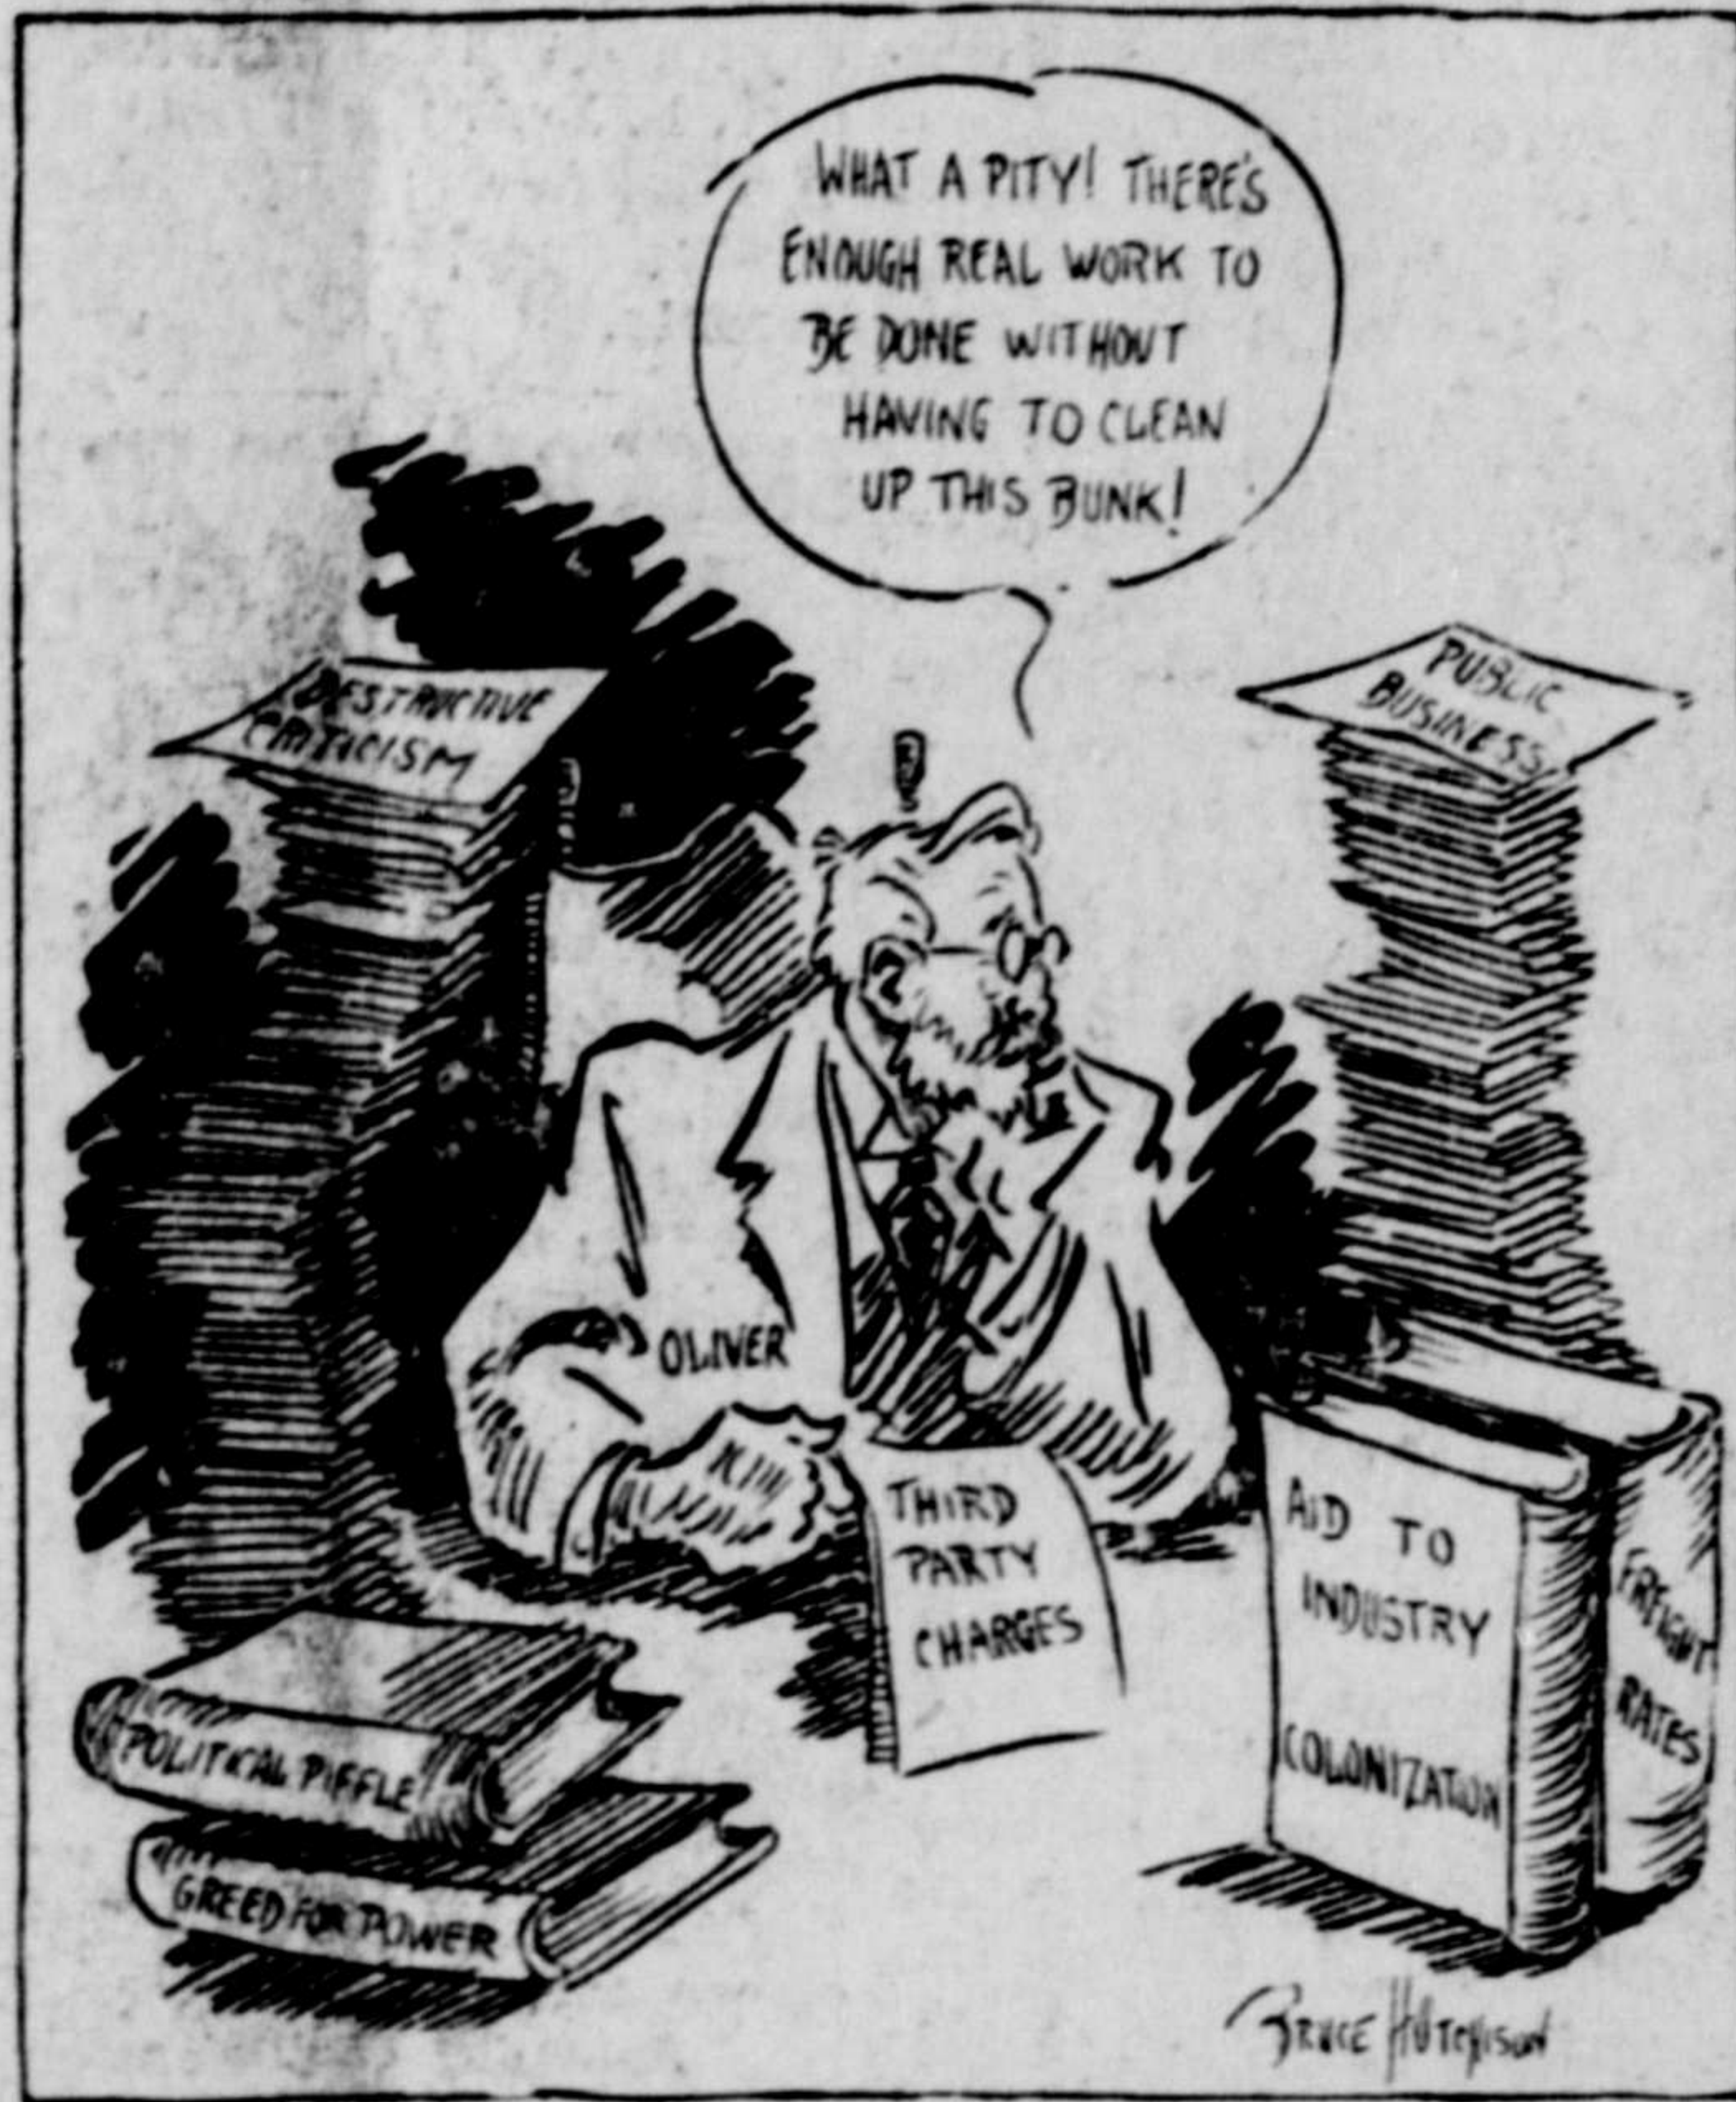

Football Games in England and Scotland Played Yesterday

LONDON, Feb. 28.—In the third round of the Cup tie series the following scores were made:

- English Cup Tie: Liverpool 2, Southampton 0; West Bromich 2, Wolverhampton Wanderers 0.
- Scottish Cup Ties: Partick 2, Hamilton 1; Falkirk 2, Queen's Park 0.
- English League, Div. 1: Huddersfield 1, Newcastle 1; Birmingham 2, Burnley 1.
- English League, Div. 2: Leeds 2, South Shields 1; Derby 0, Bury 2.
- Scottish League, Div. 1: Hibernians 3, Kilmarnock 1; Ayr United 2, Clyde 1.
- Airdrieonians 4, Dundee 2; Raith Rovers 1, Motherwell 1; Morton 1, Aberdeen 1.
- Scottish League, Div. 2: King's Park 1, St. Bernard's 0.

#### BLOCKING THE WHEELS.

Time and energy devoted to meeting the Third Party charges would be valuable just now in helping British Columbia to grow.

#### Royal Pulpwood Commission is Hearing Evidence Today Mostly Against Log Embargo

Taking as their ground that the lumber industry of this district in its present condition for various reasons would be injured by such a measure, all the witnesses at the Prince Rupert session of the Royal Pulpwood Commission this morning expressed unqualified disapproval of an embargo being placed on the export of unmanufactured timber. This matter, similar to the case of other points in the province where the commission has been in session, was the main topic under discussion.

The commission opened its session shortly after ten o'clock and adjourned at noon until, two o'clock this afternoon. The commissioners attending were W. A. Anstie of Vancouver, vice-chairman, and J. G. Sutherland of Clyde, Nova Scotia. E. H. Finlayson, acting director of forestry for Canada, is secretary and G. H. Playle of Toronto is official reporter. Ghent Davis, son and partner of E. P. Davis, K.C., Vancouver, is attending the sessions representing timber interests of the south who are opposed to the placing of an embargo.

The witnesses at this morning's session were Olof Hanson, R. E. Allen, G. W. Nickerson and M. P. McCaffery. Other local citizens present were Mayor Newton, who welcomed the commission to the city, S. J. McLeod, president of the Board of Trade, Ex-Ald. John Currie, J. W. Scott, A. Brooksbank, S. K. Campbell, H. B. Rochester, L. W. Palmore and W. O. Fulton.

#### McPhillips Withdraws from the Investigating Commission and Bowser and Sloan Deny Charges

VICTORIA, Feb. 28.—The withdrawal of L. G. McPhillips, senior counsel for the Provincial Party from the proceedings, was the chief incident of today's session of the P.G.E. commission. Mr. McPhillips and other counsel of the Provincial Party regard the document which gave the commissioner instructions as too narrow to cover all charges. They hoped to inquire into campaign funds. Mr. Justice Gallihier, however, held them down to the question whether Messrs. Bowser and Sloan got \$50,000 or any other sum.

Both Bowser and Sloan testified yesterday afternoon that they had received no money whatever.

Adjournment will be taken today until March 6.

#### Women Riot in Chicago During Garment Workers Strike as Shops Raided

CHICAGO, Feb. 28.—Sluggings, stabbings, rioting, and storming of shops marked the opening of the strike of the dress-makers' section of the International Garment Workers' Union yesterday. The employees walked out to try to enforce the demands for higher wages and shorter hours and unemployment insurance.

Strike sympathizers raided five establishments, which attempted to operate, and in the resultant encounter two employers were stabbed, two slugged and a score of girls were chased to the fire escape from whence they were rescued by the police with drawn pistols.

Many of the rioters were arrested.

#### NEW MINISTER AT OTTAWA ELECTED BY ACCLAMATION

MONTREAL, Feb. 28.—Hon. M. I. J. Gardin, minister of marine and fisheries, was re-elected by acclamation yesterday in the constituency of Richelieu, following his recent appointment as a member of the federal cabinet, succeeding Hon. Ernest Lapointe in that position. Mr. Lapointe was made minister of justice.

#### THIEPVAL GOES ALASKAN TRIP

Will Take Colonel Broome to Establish Supply Stations for British Airmen

VANCOUVER, Feb. 28.—His Majesty's Canadian ship Thiepval sails on Saturday morning with Colonel Broome in charge of the trans-Canada and trans-pacific laps of the British round the world flight on board. The object of the voyage is to establish supply and provision depots in Alaska and the Aleutian Islands, stopping at uninhabited places along the route from Japan.

Colonel Broome reported that today he had received a letter from United States Secretary of State Hughes assuring him of every possible assistance being given the British fliers when passing through United States territory in Alaska and the Aleutian Islands. The flight will start from Croydon, England, on March 25.

#### SCOTTISH WAS NOT INJURED BY GROUNDING

Even Paint of Hull Was Not Scratched It Was Found When She Docked

The Canadian Scottish, Capt. Harris, which arrived in port yesterday afternoon docked soon after her arrival and it was found that as a result of grounding in Yokohama Harbor during a typhoon she had a scratch on the hull and she came off the dock this morning and is now being loaded with baby squares for Japan.

The Scottish had a stormy trip across the Pacific. She made the run light in 16 days. While in the dock she was examined by Inspector Farrow for the department of marine and by W. A. Wallace for the underwriters.

#### PETITION FOR SEAT ON NAVAL COMMITTEE LEAGUE OF NATIONS

GENEVA, Feb. 28.—Portugal and Rumania have petitioned the League of Nations for a seat on the naval committee which is directed by the council of the league and with the help of the South American countries they are expected to continue the efforts begun in Rome to extend the principles of the Washington Treaty.

#### PROTEST TO TURKEY AGAINST OPPOSITION TO FOREIGN SCHOOLS

PARIS, Feb. 28.—A collective note has been handed to the Turkish authorities protesting against the vexatious measures recently taken against the foreign schools in Turkey which are declared contrary to the Treaty of Lausanne. Several French schools have been closed in consequence of the measures.

#### LABOR REFUSES INFORMATION

Against Public Interest to Have Details of New War Vessels Discussed

LONDON, Feb. 28.—A question in the House of Commons regarding the displacement, speed, armament and cost of the proposed new cruisers for the navy brought the answer from the under secretary of the admiralty that it was contrary to practice and the public interest to announce details now. The cruisers would of course conform to the requirements of the Washington Treaty and it was expected the cost would be between £1,500,000 and £2,000,000.

#### REDUCTIONS IN TARIFF COMING

Ottawa Hears That Agricultural Machinery May Even be Put on Free List

OTTAWA, Feb. 28.—Tariff reductions are reported in political circles today to be on the government's program for the session. Reductions in agricultural implements are understood to be proposed and in some quarters it is asserted that agricultural machinery will even be put on the free list.

### Canadian Flag Badly Needed.

There should be a new distinctive Canadian flag. The red ensign with a partly complete coat of arms in the corner is not sufficiently distinctive. It means nothing and is not recognized in the parts of the world where Canadian ships now travel.

Much discussion has taken place at various times and among the suggestions is one that the British red ensign should be still used but that instead of the incomplete coat of arms there should be a beaver, large enough to be clearly seen, where the coat of arms now is placed. Another suggestion is that the maple leaf should be there. A third suggestion is that both the maple leaf and the beaver should be there.

While we favor the beaver as being typical of this country, yet the maple leaf is artistic although it is difficult to see just how the two could be used with effect.

The coat of arms has nothing in it to indicate that British Columbia is a part of the Dominion and for that reason alone should not be tolerated. Other provinces are also neglected in it. If anyone ever stopped to study it, they would get the impression that the whole of Canada was east of the Great Lakes.

Australia and New Zealand have distinctive flags and Canada should fall in line.

### Now We Can Trade With Russia.

Russia once again has real money and we shall be able to do business with her. It was the need of foreign trade that made the government of that country turn its attention seriously to the establishment of a new currency.

Germany will have to do the same before she can return to a position where she will be able to trade in all parts of the world.

There must be some medium of exchange and apparently silver and gold coins are still considered the best by Russia. Apparently her paper money will be based on their value in redeeming gold or silver. Now that the country is back to the old method that her fathers used, she will again begin to prosper.

### Seems Like Race Between Countries.

It seems as if there is to be a friendly race between Britain and United States for the honor of flying round the world first. The British get off to an early start in March and will go in the opposite direction from the U.S. aviators who do not leave until about April 1. Many of the United States papers refer to this as a race and to some extent it will be that. Both flights will be watched with much interest by Prince Rupert people, especially as this is one of the points of call for both flights. While it is not exactly a race, each country is anxious to be the first to attain the goal.

### Labor Following Along Old Lines.

The Labor Government in Great Britain seems to be following pretty much along the old lines. They realize as well as others that changes must come slowly. According to despatches it would seem as if the greatest difficulties the government will find will be in curbing the impetuous spirit of the more radical members of the party, men who cannot see why things cannot be done. It is being realized as never before that a little education is dangerous and that if will take some time before the new found power of the mass of the people becomes an intelligent power.

## Eloquent Address by Judge Young at Gyro Club Dinner Dealt with Needs of the Youth

Delivering an eloquent address last night before the Prince Rupert Gyro Club, Judge F. McB. Young emphasized the necessity of extending every effort toward promoting the welfare of the youth and insuring its progress in the right direction so that the future well being of the world might be realized. While speaking along broad lines, Judge Young cited many instances where the members of Gyro individually or severally might bring about these results. He referred especially to the necessity for proper home life and clean public environment and urged that respect for all laws of the land should be sternly but mercifully inculcated. To the latter end he declared that no means was more effective than that of example. From his own long experience on the bench, His Honor submitted his deduction that the fault for youthful criminals lay in 99 cases out of 100 from wrong example rather than natural inclination.

### Human Asset

In opening his address, Judge Young congratulated the Gyro Club of Prince Rupert on its formation and said that, in its endeavor for service, it would have his prayer. The war had proven that too much attention had been paid to the natural at the expense of the human asset. Realizing this, the Red Cross Society, after achieving great success in war activities, had directed its efforts along this line. Other service organizations such as the Rotary, Lions, Kiwanis and Gyro Club had enlisted in similar endeavor and he urged that the co-operative action of all these organizations be extended in this direction. Seven years of peace, His Honor declared, had found the world in perhaps no better a condition morally than it was while the war was in progress. The preservation of civilization, as many writers had stated, would rise or fall in the home. It was absolutely necessary that the youth of the world, therefore, be led in the proper direction. Three requisites of the home were a father who worked, a mother who was good and a child to be taught. It was a rigid necessity that the child should be instructed in the principles of respect for the home, parents, truth and the laws of the land. This teaching should not alone be carried out in the home but in public. Example was the greatest means of doing it.

### Obeys all Laws

His Honor dealt at some length with the necessity for observing even the most minor of the laws so that the whole moral structure of the world might not be undermined. Laws, he declared, were effective or otherwise as they were supported by the people themselves. As long as laws were on the statute books, popular or not as they might be, it was the duty of all to assist in their enforcement.

Speaking of his experience with youthful offenders, the judge stressed the value of mercy and the giving of another chance and expressed his opinion and practice accordingly that a jail sentence should be the last resort with the young because of its damaging effect on the future of the offender.

### Healthy Development

In closing his address, Judge Young urged that support be given to all efforts along the line of healthy development of the youth. He referred to such movements as the naval brigade and boy scouts and, pointing out that Prince Rupert boy scouts needed perhaps more than anything else suitable accommodation, urged the Gyro Club to extend efforts towards providing it.

Besides the address of Judge Young, other features of the Gyro program were solos by Charles V. Eviit and J. E. Davey and a recitation in French Canadian by Gyro Harold McEwen. Gyro W. Vaughan Davies was accompanist of the evening.

Reports submitted by members

on their playground canvassing activities showed that the fund is growing very satisfactorily and that the project is meeting with the public support that it warrants.

There was a large attendance of Gyros at the meeting and the following were guests: Judge Young, H. S. Burn, Walter Gale, R. E. Benson, John Dore, Dr. W. T. Kerzin, G. H. Arnold, Ald. C. V. Eviit and J. E. Davey, Prince Rupert; L. Jessen and Douglas Gear of Vancouver; Mr. Nelson of Anxox; and Mr. Hopkinson of Toronto.

## BLACK OXEN FOR WEEK END SHOW AT THEATRE

Book From Which it Was Taken Was Popular Novel of Last Year

Ever since Gertrude Atherton's novel, "Black Oxen," established itself as the most popular volume of fiction of 1923, there has been considerable wonderment and discussion as to how the book might be visualized.

This week end at the Westholms Theatre, it will be seen for the first time locally, and the curious will learn how much a good story may be enhanced in its picturization and what a good story properly directed means to screen entertainment.

### Splendid Picturization

"Black Oxen" as a screen drama is more than just a splendid picturization of a good, unusual theme, it is a classical piece of cinema entertainment. Mrs. Atherton's book possessed an unusual amount of human interest, but it could not but be conversational and considerably descriptive. In transferring the story to the screen Mr. Lloyd has snapped up the action, added a touch here, a touch there and with the assistance of a cast of unusual brilliance has given the screen version a realism that makes the eight reels fairly hum with excitement and human interest.

"Black Oxen" has been produced on an elaborate scale with beautiful settings and an atmosphere of the elite throughout, yet there is nothing overdone, nothing added for effect—the film-play is all entertainment, and superb in its general perfection.

### The Story

Corinne, Griffith, as Madame Zatianny, the woman of 58 who is rejuvenated by a marvelous glandular treatment and appears to be a woman of 30, gives a splendid interpretation to the role. Her character make-up in the scenes where Zatianny appears old, is accomplished admirably. Miss Griffith's costumes are a revelation, and as the rejuvenated woman her beauty is compelling. Conway Tearle, co-featured with Miss Griffith, plays the part of Clavering, a cynical newspaper columnist with freedom and understanding and his change of heart regarding the flapperish Janet, is decidedly well played.

### BOAT ARRIVALS

C.N.R. steamer Prince Rupert, Capt. Harry Nodden, arrived from the south at 4:15 yesterday afternoon with a good sized list of passengers among whom were many bound for Buckley Bay per the steamer Prince John from here. The list of arrivals were as follows:

For Prince Rupert: Dan Nossbill, C. O. Coles, A. D. Sykes, J. F. Shanks, C. C. Pagett, F. W. Paskins, G. C. Moxham, P. Carr (Burns Lake), J. P. Wheeler (Telkwa), Miss G. Goodie, R. McMutrie (Winnipeg), E. S. Lund, J. Currie, C. Ledgen, A. M. Hewitt, Song Yip (North Pacific), E. J. Spear, H. Martin, E. Campbell, L. Jessen, A. W. Gibson, F. Eadie, K. Forrest, Miss Cameron, R. Denton, E. H. Finlayson, J. G. Sutherland, W. A. Anstie, Dong Wong, Mr. and Mrs. R. P. Ponder, Mr. and Mrs. Long, Miss A. M. Barbeau, J. F.

**American**  
Venus, 23,000 pounds, at 18.2c and 9.5c. to the Booth Fisheries Canadian Co.

**Canadian**  
Caygeon, 2,700 pounds, at 15.1c and 8c to the Atlin Fish Company.  
Hanaco, 10,000 pounds, at 15c and 8c to the Canadian Fish & Cold Storage Co.

### NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, G. A. Johnson, 595 McDermot Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

### ROYAL PULPWOOD COMMISSION IS HEARING EVIDENCE TODAY MOSTLY AGAINST LOG EMBARGO.

(continued from page one)

but fair to admit that the provincial authorities in the matter of fire protection had put forth every reasonable effort to combat the menace. While the governments efforts had in a large measure met with success, it was necessary that all citizens should follow up the suggestions for caution and do everything in their power to safeguard the forests.

S. J. McLeod, president of the Board of Trade, spoke briefly and introduced Olof Hanson, vice-president of the Northern B.C. Timbermen's Association.

**Olof Hanson**

Mr. Hanson expressed his belief that the north had not yet reached that state of development where it could manufacture its own timber-resources. He thought that the district was amply taken care of by the present provincial regulations. The timber in the district was to a large extent overmatured and should have been logged, off years ago. The longer this condition continued, the more detrimental it would be to the timber industry. It was necessary that a market be found for this timber and he was opposed to an embargo that would cut off foreign countries as long as the country was not in a position to manufacture itself. Answering a question from Mr. Anstie with respect to the possibility of an embargo being placed on squares, Mr. Hanson said that the Oriental market for squares had been practically the only market this district had last year and the industry would be opposed to such an embargo.

Questioned as to conservation, Mr. Hanson said that the forestry department was improving year by year in this service though it might not have reached the highest standard of efficiency yet. Certain parts of the province might be willing to pay more for protection but others were already paying too much he thought.

**R. E. Allen**

R. E. Allen gave evidence along the same lines as Mr. Hanson. It was necessary that a market should be found for the overmatured timber in the district. If it was not to be a loss it would have to be disposed of very soon. An embargo would undoubtedly handicap the timber industry in this district. It would not, he thought, have the effect of opening new mills any sooner. Development would come, in his opinion, more quickly through advertising the resources of the district by exporting. Mr. Allen was also opposed to an embargo on squares and said in this connection that squares were a fully manufactured and graded product anyway. Mr. Allen also said there had been a great improvement in the matter of fire protection in the past ten years.

G. W. Nickerson presented to the commission a memorandum

### BILLIARD PARLOR AND ST. ANDREWS PLAYED GOOD BILLIARD GAME

The St. Andrew's gave keen competition to the Prince Rupert Billiard Parlor in last night's city league billiard tournament and, in spite of the fact that they lost four out of the five games, the aggregate score against them was by the narrow margin of 993 to 904. Both teams materially raised their percentages, the Billiard Parlor going into second place in the standing.

Individual scores were:  
J. Brown, 179 (St. Andrew's); G. McInroye, (Prince Rupert Billiard Parlor), 200.  
J. Andrews, 200; W. E. Hutchinson, 193.  
S. D. Macdonald, 168; C. Thompson, 200.  
M. M. McLachlan, 176; A. Aldridge, 200.  
M. Andrew's 181; B. Jelic, 200.

League standing to date follows:

Games	Total	Aver
G.W.V.A.	7 6561	937
P.R.B.P.	7 6308	901
Grotto	6 5383	897
S. of E.	6 5246	874
Elks	7 6081	869
St. Andrew's	7 5800	829

### Sport Chat

The two contenders for championship in the Men's Section of the Fraternal Whist League—Moose and Elks—are scheduled to meet tonight. If the Elks win they will cinch the honors while a victory for the Moose will put them ahead subject to their meeting with the Sons of England next week. All other teams are out of the running for there are only two more series of games to be played. Besides the Elks-Moose game the following matches are set down for tonight: Knights of Pythias vs. Great War Veterans; Sons of Canada vs. Oddfellows; St. Andrew's Society vs. Knights of Columbus.

On account of the Boy Scouts dance on Friday, tonight will be basketball night instead of tomorrow. The games will not be so exciting as those on Monday last for no championships are involved. The Kaiens will play the Teachers in the Ladies' League, the Golts and Teachers will be Senior League contenders while the Golts and Blue Birds will stage the Junior League fracas.

Seven boxing contests formed the feature of a combination smoker-prayer meeting at the Merritt Memorial Methodist church in Denver, Colorado, last week. It is declared to be the first time in ecclesiastical history that a church has put on boxing matches immediately after devotional exercises. There were seven bouts. Young Corbett, former world's featherweight champion, was the third man in

**MUSICAL PROGRAM AT ST. JOSEPH'S ACADEMY**  
Young People Congratulated on Their Ability and Sisters on Excellent Work  
Last evening there was an unusually interesting program given by the music students of St. Joseph's academy in the Kindergarten room of that institution where a large number of the parents and friends of the young folks gathered to enjoy the recital. Miss Helen Nuech was the announcer. Bishop Hunez and Consul Wakefield both gave short addresses of appreciation of the ability of the pupils and the excellent work of the sisters, and there were among those present Rev. Father McGrath, George Tite, J. C. Gavigan, M. P. McCaffery and George Munro.  
After the musical selections the honor list was read and diplomas awarded. The program follows:  
**Part 1.**  
Child's waltz — Miss Annie Toech.  
Dance in the Green — Miss Jessie Gavigan.  
The Evening Melody — Miss Evelyn Anderson.  
Radio waltz — Miss Marion Quinn.  
Pussy's Lullaby — Miss Vera Youngman.  
The Little Prince — Miss Violet McCutcheon.  
Dance song — Miss Lola Bailey.  
Wayward — Miss Jean Colbreath.  
Valse — Master Carl Smith.  
Sunshine and Shadow — Miss Rose Weseh.  
Midget Dance — Miss Katherine Watson.  
The Skater — Miss Edna Allan.  
Vocal Solo — Go to Sleep my Baby — Miss Grace Ackroyd.  
Minuet in G. — Miss Beatrice Hoffstman.  
Purple Asters — Miss Beulah McKinley.  
Minuet in G. — Miss Elizabeth Pitt.

ST. C. 12-24  

**The Man in the Moon SAYS:**  
IF the province were to stand General McRae it would be well to remember that it also had its Jim Hawthornwaite, its Joe Martin and its Bill Miner.  
HISTORY mentions very few people as having become great through the distribution of a large campaign fund such as that used by the provincial party.  
WASHING dirty linen in public is just as dirty a job as washing yourself in private.  
IT may be brutal to kill dogs and cats but the ladies must have furs.  
THERE'S one thing about this struggle to get an elevator, we don't have to declare that the Lord is on our side.  
IF money circulated as fast as rumors, how rich we should all have been many moons ago?  
ONTARIO is complaining of the weeds brought to that province from the prairies. "O give us a few weeds," we say.  
MAN and capital are much alike. Both go to the place where it is supposed money can be earned easily with little risk.  
WE recommend bootlegging as a suitable occupation for both. There is really very little risk.

**MORE WAITERS ON SHIP THAN PASSENGERS**  
NEW YORK, Feb. 28. — The Cunard-Ancor liner Assyria on her last voyage brought only six cabin passengers, whose wants were supplied by twenty-four stewards. The tipping average was low, but the stewards did not murmur, as an equitable division of labor afforded time to figure out and float over the probable extent of the tips they may get when the spring season begins.  
M. Lomon returned by the Prince Rupert yesterday afternoon from Vancouver where he attended an Orange Lodge convention.

**HEART WAS SO BAD HAD TO SIT UP IN BED**  
MRS. O. E. FITZGERALD, 106 Ross St., St. Thomas, Ont., writes:—"In the Fall of 1921, I was taken ill with my heart, but did not pay much attention to it. I kept on with my household duties, but soon to become worse and worse, and finally had to call in a doctor. He said I was all run down and was a nervous wreck. Had a severe pain in my chest which would move over to my heart and it became so bad I could not lie down, as when I did I had such a smothering feeling I would have to sit up in bed till it passed away.  
I tried several remedies, but with no good results. Finally, I was induced to try Milburn's Heart and Nerve Pills. I took 7 boxes, and I am now as well as I was 30 years ago, and I am now 65 years old."  
Milburn's Heart and Nerve Pills are 50c a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**DIGGING FOR OLD RECORDS**  
Remains Found of Kings Who Reigned Soon After Flood  
PHILADELPHIA, Feb. 28.—The first report of the joint expedition of the British Museum and the University of Pennsylvania in the work of excavating at Ur or the Chaldees in Mesopotamia during the present season was made public here. It contains interesting and important archeological information of the work being performed in the land where history dawned.  
The most laborious task, the report stated, was the clearing of the masses of debris surrounding the Ziggurat or staged tower. The walls of the main structure, set up by Ur-Engur about 2300 B.C., are wonderfully well preserved. In all Mesopotamia there is no pre-Christian monument so imposing as the Ziggurat of Ur, the report stated.  
Meanwhile, a smaller group of men has been employed at Tell-El-Obeid, a little mound some four and a half miles from the Ziggurat.  
**Copper and Stone**  
"Up to the present two distinct parts of the site have been attacked," says the report. "A cemetery and the building on which Dr. Hall worked. The graves are probably the earliest yet found in this country, dating from the fifth and early fourth millennia, B.C., and have yielded an embarrassing quantity of objects. The people, who were at least in part Sumerian, were still using many stone implements, but were none the less quite familiar with copper, and had developed great skill in hammering and casting the metal; but side by side with implements of flint and copper we find copies of the same pottery, showing that both materials being imported from a distance, were sufficiently valuable to make certain people grudge them to the dead."  
**Wheel Made Pottery**  
"Pottery is for the most part wheel-made, but hand-made wares had not wholly disappeared, and painted pottery recalling that found in the early strata of the ruins of Susa was in use at the beginning of the period, though it seems to have been ousted later by the plain types.  
"The dead were laid sometimes at full length, sometimes in the contracted, or 'embryonic' position; many were in mere troughs cut in the hard soil, some were in clay urns, oval or circular, such as continued in use throughout all Babylonian history. Most of the bones had decayed away, but a few skulls and one complete skeleton have been recovered, and should prove of no small interest as evidence for the origins of the Sumerian race.  
"The building lies close to the cemetery. On the top of the mound are the scanty remains of a temple put up by Dungi, the second King of the third dynasty of Ur, who reigned about 2250 B.C. This replaced an earlier building which stood on a terraced platform of mud brick, a building about which we can only say that it quite probably dates to the second dynasty of Ur. A lucky chance has brought to light a tablet recording its foundation, and we learn that it was the temple of the Goddess Nin-Khursag, set up by King A-an-ni-pa-da, son of King Mes-an-ni-pa-da, king of the first dynasty of Ur."

**Why?**  
WHY waste time in useless "shopping around" when the advertisements lay before you the choicest wares of every progressive merchant in town?  
WHY use needless effort in an endless store-to-store quest when the advertisements enable you to make your choice of the finest merchandise without even leaving your home?  
WHY pay more than you ought when you can stretch your dollar to the elastic limit by taking advantage of the bargains and good buys that are daily advertised in this paper?  
WHY risk dissatisfaction by buying unknown, unbranded goods when you can assure yourself complete satisfaction by buying an advertised product, backed by the integrity of a man who spends real money to establish his name and to build up public good-will?  
Read the Advertisements. Buy Advertised Wares. It is a safe and sound policy

**Drastic Bill to Prohibit Importation of Revolvers and Putting Tax on Home Manufacture**

CHICAGO, Feb. 28.—A drastic bill to prohibit the importation of revolvers and placing an excise tax of \$100 each on those manufactured in the United States except for export, introduced in the United States Senate by Senator Royal S. Copeland of New York, has been endorsed by the Michigan Audubon Society. Mrs. Edith Munger, of Hart, Mich., the president, has announced.

The bill, largely written by Chief Magistrate William McAdoo of New York City, was recommended to the Michigan society by its crime prevention committee chairman, Joe Beatty Burt.

**Is Endorsed**  
In acknowledging the society action, Magistrate McAdoo declared that the bill has been endorsed by two international police conventions and approved by the American Bar Association as well as New York judges and the mayor.

Those opposing it, he said, are advancing "an illusion very common, that a law-abiding citizen armed with a pistol meets an outlaw, highwayman or burglar on terms of equality. This is absolutely not so," he declared. "The robber has carefully prepared to surprise the victim in or outdoors and I challenge opponents of the proposal to give the number of cases within the last ten years where the armed citizen has prevented the burglary, shot the burglar, or deterred the highwayman from carrying out his purpose."

**Common as Lead Pencils**  
"Pistols are as common in the United States as lead pencils. There are more people in the United States carrying pistols or possessing them, outside the

**KOPS BROS. Limited, Toronto**  
For the average stout figure with excess flesh easily distributed. Low bust with elastic inserts; long, flexible skirt. White or pink coutil; sizes 22-36; \$5.00. A model that will give you day-in-and-day-out comfort. The gentle massaging action of the Self-Reducing Straps gradually eliminates excess flesh, so that eventually the figure becomes permanently lighter and smaller.

**armed forces, than in all the rest of the world. There are more shootings and killings with revolvers in the United States than in all the countries of Europe, Asia and Africa.**

**SCORE OF ROBBERIES WINNIPEG TWO WEEKS**

WINNIPEG, Feb. 28.—During the last two weeks thieves and bandits have been responsible for approximately a score of hold-ups and robberies in Winnipeg and suburban districts, police records show today. Some of the bandits operate in motor cars, while others are of the pedestrian variety. A number of robberies have been committed by thieves who first smashed the windows of stores on the principal streets of the city with bricks, then reached in and grabbed whatever loot was available. The police have also received numerous complaints of robberies in apartment blocks, the thieves making telephone calls to ascertain if the occupants of the suites were at home. If they gained entrance and were interrupted, they posed as canvassers for magazines or articles of various descriptions.

**LEFT FOR HONEYMOON WITH HIS FATHER**

NEW YORK, Feb. 28.—Theodore Wulp, vice-president of the North Avenue Bank, New Rochelle, and Mrs. Sophie Lake of No. 27 Lorenz Street, were married recently in Holy Trinity Lutheran Church, New Rochelle.

**ORDERED HER DOGS TO BE CHLOROFORMED**

NEW YORK, Feb. 28.—A clause directing that several pet dogs be chloroformed is contained in the will of Mrs. Olivia E. Lakeland Dunn, late of Summit, N.J., which has been filed for probate at Elizabeth, N.J. Mrs. Dunn, who died on January 31, had several pet dogs on her estate. Her will provided that they should not live to run the risk of neglect or mistreatment. Her husband, Bartholomew Dunn, is left a monthly income from the estate.

**GREAT PREPARATIONS TO ENTERTAIN NAVAL VISITORS NEXT JUNE**

**Victoria Proposes to Spend Twelve Thousand Dollars in Giving Squadron Good Time**

VICTORIA, Feb. 28.—It is expected to spend the sum of \$12,000 here in entertaining the officers and men of the big naval squadron which is scheduled to arrive here on June 22. The Dominion government is to be asked to provide one third of this amount, the Provincial government one fourth, the city of Victoria one fourth and the remainder will be apportioned among the adjacent municipalities. The entertainment will include, among other things, a big reception on the day of arrival, Navy League luncheon, big ball, racing events at Colwood, naval and military field day, regatta and sports, smoker and dance at armories, Indian races, and drives around the district.

**SYNOPSIS OF LAND ACT AMENDMENTS**

**PRE-EMPTIONS**  
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e. carrying over 5,000 board feet per acre west of the Coast Range and 3,000 feet per acre east of that range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

**PURCHASE**  
Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 19, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**  
Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

**LEASES**  
For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

**GRAZING**  
Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to two head.
