SOVIET SHIP CARRIES OFF BRITISH COLONY

ITALIAN GOVERNMENT TAKES STEPS TO MOBILIZE FORCES IN CASE OF WAR

Soviet Armed Transport Red October Carried off British Colony from Wrangell Island

Confiscated Furs and Took Harry Wells and Party of Eskimos to be Landed at Southern Port

NOME, Oct. 17.—A colony, intended to establish British title to Wrangell Island in the Arctic Ocean, was carried off by the Russian armed transport, Red October, which raised the Russian flag there on August 20, it was learned here today. This news came here from Whalen, by which name the Alaskans call that part of Siberia extending inland and northward and southward from Behring Sea.

The Red October bucked the ice for 32 days to reach Wrangell. The colony was carried away to be landed at Indian Point, which is in Whalen, or at Vladivostok, 1000 miles to the south. It consisted of 13 Eskimos with Harry Wells of Nome over them. They were taken to Wrangell by Harry Noise of Seattle, who found that the Crawford party of Toronto had perished with the exception of Ade Black-jack.

As well as taking away the colony, the Soviet officials confiscated its take of furs consisting of 40 fox and 40 polar bear skins.

ACTIVE WORK ON NEW CANNERY HERE EARLY NEXT YEAR

Somerville Cannery Closed and Will Not Reopen Under Present Management

W. J. Jefferson, manager of the Miller cannery interests in this district, arrived yesterday afternoon from Somerville and will make his future headquarters in the city. The Somerville cannery is now closed and the crew will go south on the Canada next week. The Miller company will not operate this cannery again but will centralize their business here at the new plant near Seal Cove. Installation of new and modern cannery machinery and erection of buildings will start soon after the New Year to be ready for next year's pack. In the meantime, the present quarters will be used for the canning of clams.

Mr. Jefferson will remain in the city until about Christmas when he will go to Vancouver and return with his family. His son, H. R. Jefferson, also arrived yesterday and will be going through to Vancouver in a few days.

BASKETBALL MEETING

There was a meeting of the Basketball Association last night but no business was done and adjournment was made until next Friday evening when the hall to be used for the winter will be decided upon and entries of teams received.

MINES MENACE SHIPS

DOVER, England, Oct. 17.—There are still several explosive mines, relics of the war, floating about in the Baltic Sea and in the English Channel, according to reports which are being filed almost weekly by captains of vessels which ply in these waters.

A ship coming from Antwerp recently reported a mine off the Goodwin Lightship in the Channel, and two others were reported nearby by the captain of a vessel sailing from Russia.

MANY WOMEN CANDIDATES

Thirty-nine So Far Chosen to Contest Seats in British Elections

LONDON, Oct. 17.—Thirty-nine women candidates have been chosen so far for the election which takes place this month. Twelve of them are Conservatives, twenty-one Labor and six Liberal.

It is unofficially announced that the Liberals have a total of 350 candidates already in the field. At the last election they had 454.

HIGH PRICE IS PAID FOR SMALL CATCH OF HALIBUT HERE TODAY

D.S.T. Goes up to 22 Cents for First Class at Exchange Auction

One trip of halibut this morning sold for as high as 22 cents for first class. That was the D.S.T. with 4,500 pounds which was taken by the Gold Storage Company. Other halibut was sold today at from 17c to 19.20c. Sales were as follows:

American

Orient, 28,000, to Booth Fisheries, at 17.70c and 7c.

Cedric, 14,000, to Booth Fisheries at 17.10c and 7c.

Fairway, 11,000, to Gold Storage at 19.20c and 8c.

Canadian

Volunteer, 4,500, to Gold Storage, at 17.30c and 7c.

Tillie S., 6,500, to Royal Fish Co. at 17c and 8c.

D.S.T., 4,500, to Gold Storage at 22c and 8c.

Murineac, 3,000, to Atlin Fisheries at 18c and 8c.

RATEPAYERS TO MEET TONIGHT

Live Questions Likely to Come Before Association and Public Invited

The Prince Rupert Ratepayers' Association has just concluded its first year of work in the interests of the city and is holding its annual meeting tonight in the council chamber at the City Hall. At that meeting the president will bring in his annual report and a number of live questions are expected to be up for discussion.

It is understood that resolutions will be introduced recommending that the city manager plan of civic government be introduced here and also the association will be asked to oppose the sale of city lots in Section 2 just now as proposed at the last meeting of the city council.

The meetings are open to the public but only ratepayers have a right to vote.

MUCH MONEY IS BET ON COMING ELECTION

Probably Amount will Reach Ten Millions Before November: Unique Method

NEW YORK, Oct. 17.—Betting on the result of the Presidential election has become a recognized and established institution in Wall Street, and indications are that this year it will exceed all records.

Betting commissioners report that \$2,000,000 already has been wagered on the result and that the total probably will reach \$10,000,000 before election night. About 80 per cent of the bets placed in New York originate in the metropolitan area, the remainder being scattered throughout the country.

Inasmuch as members of the various stock and commodity exchanges are forbidden to place bets, the bulk of the business is handled through three or four "outside houses." These firms do not wager their own money, but merely act as stakeholders and bring the betters together, the charge for their services being 5 per cent of the winnings.

CHILDREN'S SERVICE

The Intermediate Scholars of the Methodist Sunday School will conduct the Church service on Sunday night at 7.30. Bright singing, recitations and tableaux.

246

Delegates to the League of Nations in Geneva are shown at the opening session. Hon. Raoul Dandurand, Canadian representative, is shown in one of the front seats at the lower part of the photograph.

Better Ore Rate is Granted for Mines of Interior When Shipped by Way of Rupert

(Special to Daily News)

SMITHERS, Oct. 17.—At the regular monthly meeting of the Board of Trade held here Monday it was reported that word had been received from the Canadian National Railway announcing a cut in the rate on shipments of high grade and concentrates to Prince Rupert. This was in response to representations made to Sir Henry when he passed through Smithers a few months ago on a trip of inspection.

The new rate will enable the local miners to ship ore to Swansea, Wales, at a cost of approximately \$16.00 a ton, as against a cost to Trail of about \$12.50.

It is hoped however, that a cut may be obtained in the rate between Prince Rupert and Vancouver, as the rate from there to Swansea is about 87.5¢ per ton.

Rate on Potatoes

Exception was taken by the meeting to an apparent discrimination regarding the rates on shipments of potatoes. According to a communication presented from Mr. G. W. Nickerson of Prince Rupert, it appears that the rate per hundred pounds between Ashcroft and Vancouver, a distance of about 203 miles is twenty cents, whereas the rate from Moricetown to Prince Rupert about 204 miles is thirty-two cents. A special committee consisting of Fred Watson, W. S. Henry, L. L. DeVon and L. B. Warner was appointed and instructed to place this matter before the Railway Rates Bureau and endeavor to have a reduction made in this rate also.

Another matter of great importance to this district that came up for discussion dealt with the report, that the Provincial government intended to abolish the Land Settlement Board. The meeting went on record as being highly pleased with the work done by the Board's district representative, D. D. Munro, whose activities amongst the farming community called for the strongest approval and it was considered that if the work done under the Board was discontinued, Mr. Munro should be retained in the district as an official under the Dept. of Agriculture, as he was now familiar with every corner of his district from end to end and his services in an advisory capacity and as an agent of slightly decreased wages.

FLYERS KILLED

One Man Jumped and Used Parachute to Descend and Was Saved

SANTIAGO, Oct. 17.—Two flyers were killed and one had a remarkable escape from death in an airplane collision over Coronado yesterday. The dead are Robert Kerr, chief rigger's mate and ensign Merritt Flanders, a passenger. Gunner W. M. Cole jumped and saved his life by his parachute.

Gunner W. M. Cole jumped and saved his life by his para-

Italy Will Mobilize All Her Resources if Should be Necessary

Bill Approved Transferring Whole Organization of Country to War Basis in Case of National Struggle

ROME, Oct. 17.—A measure of far-reaching importance has just been passed in Italy. The council of ministers has approved a bill providing for the mobilization of the nation in time of war. The bill establishes rules whereby the peace organization must be transferred to a war basis and its scope includes all national activities including agriculture, industry, finance and labor.

One of the complaints here as in other countries during the late war was that the government conscripted its manpower but there was no conscription of its money power. The result was that the rich became richer and the poor poorer. Premier Mussolini and his ministers have arranged for the handling of the situation, should it occur again, in such a manner that the whole resources of the country are devoted to the one end, that of defending the country.

WILL DISCUSS SALE OF BEER

Caucus of Liberals Will Decide What Action to be Taken in Legislature

VICTORIA, Oct. 17.—Premier Oliver has called a meeting of the Liberal caucus for October 29, five days before the opening of the Legislature. At that gathering an expression of opinion will be received from all Liberal members and the consensus of views expressed will decide whether or not the administration will introduce a measure to provide for the sale of malt beverages in licensed premises.

PRINCE WAS GUEST GOVERNOR GENERAL

OTTAWA, Oct. 17.—The Prince of Wales arrived last night and was met by the Governor General and acting Premier Graham. He spent the night at Government House where an official dinner was given.

Illustration Stations

Praise and approval was also given to the activities of A. E. Richards, supervisor of Illustration Stations for B.C., under the Federal Dept. of Agriculture, who had under his supervision the experimental plots on the farms of Geo. Oulton and F. M. Dockrill. Great benefits had been derived by the farmers from Mr. Richards' work, more particularly in connection with the cultivation of seeds and it was hoped that the decision to do away with this work in B.C. would not be put into effect.

LESS WAGES

IN ALBERTA

Miners Return to Work Following Long Strike Accepting Agreement of Employers

CALGARY, Oct. 17.—The coal miners of Alberta in District 18 U.W.A., who have been on strike for the past seven months, voted by a majority of 454 to return to work accepting the agreement for a slight decrease in wages.

C.P.R. Paying
C.N.R. Deficit.

It is stated that the C.P.R. through its taxes has to pay a quarter of a million dollars a year on the deficit of its competitor, the Canadian National. That seems hardly fair. It would seem as if the fact should make the C.P.R. anxious to help the C.N.R. to a financial condition where there would be no deficit so they would not be called upon to pay any part of it.

Care Should Be Taken
In Making Investments.

People who have not much money should be careful how they invest. Yet those are the ones who usually squander their small savings in such a way that they bring no returns. The big investor has experience and invests so that he gets results.

Many people with small means invest their cash just because some clever canvasser talks them into it. In ninety-nine cases out of a hundred the stock they buy is worth just the paper it is printed on. They never get any dividends and they never get their money back. It is a good policy to refuse to buy stock from any outfit that is hawking it around the country. If it were really good they would not have to do that.

There have been many canvassers come to Prince Rupert at different times but, so far as we have heard, the people who paid out their good money have never got anything in the way of dividends and the stock is not saleable.

Take Good Advice
Before Buying Stock.

Most people are not competent to invest their own money. Even men who have made money in business usually fritter away their earnings and seldom make wise investments. The safe thing to do is for a man to go to his banker and ask his advice. It is his business to keep in touch with business affairs and he usually knows whether a stock is likely to be worth buying. Most bank managers are quite willing to advise their clients and their advice is worth a great deal.

Difference Between
Investment And Speculation.

Most new companies are speculative in character. It might be said that practically all new companies are speculative. Mining ventures are speculative. All these should be entered into only by those who can afford to lose the money. Those who have little should be more careful than those who have plenty but the opposite is usually the case. Victory bonds and good stocks that are now paying dividends are usually safe. These can be purchased through any local dealer and can be sold again if the money is needed. Cash put into ventures in which travelling salesmen are implicated can never be sold unless the company gets into a position where it pays good dividends. Companies that are floated in that way have to pay large commissions for selling the stock and are handicapped from the beginning by this fact.

Rupert People
Looked On As Easy.

Some Prince Rupert people have made their money easily and they part with it in the same way. They are looked on as easy marks for the salesmen. Some local people have been practically ruined by the wily salesmen who have come here from the outside and loaded on them their useless certificates. Some have failed to pay their local bills because they poured their money into the coffers of the sharpers from the south. We know of many cases where this was true. Because of it we warn local people who have made a few dollars to invest it wisely and not let themselves be gulled by expert salesmen, whose one aim is to sell the stock and draw the big commissions for doing so.

The Man in the Moon
SAYS:-

THERE are two big elections going on, one in Britain and the other in the States. But what do we care? We don't have to listen to the speeches.

I'd just as soon live at a boarding house as dig the stuff out of cans myself.

THE most objectionable thing about many homes is the color of the sofa cushions.

THERE are cushions for use and cushions for show, but the ones that I hate are all stuck in a row.

JUDGING by the sort of men girls marry, it is quite evident that love is blind.

I AM about to move a vote of censure on the editor. He has not yet advised the people of Prince Rupert to do their Christmas shopping early.

SAYS the gossip: Oh for a thousand tongues to tell Of blackest deeds of lowest hell.

SMITHERS

C. W. Bingham who has been relieving Mr. Mitchell for the past five or six weeks at the local Government telegraph office has moved to Telegraph Creek where he has accepted a permanent position in the service. V. F. Dunn who was relieving at Burns Lake this summer is now installed in the office here and will be in charge until about the end of the month when Mr. Mitchell is expected back from his vacation.

J. D. Galloway and R. S. Sergeant of Hazelton were business visitors in town the fore part of this week.

Mrs. M. E. Lynch, a former resident of Smithers has returned after residing in southern climes for the past year or so and again intends to make her home here. Mrs. Lynch is at present staying with Mr. and Mrs. W. J. O'Neill.

Again the prospects of a pleasant vacation has appealed to a couple of Prince Rupert citizens, and with this in view Mr. and Mrs. Harry Birch arrived on Wednesday morning's train to spend a few days with friends in the town and district.

Farm produce from the farms around Smithers seems to be in good demand at present, as there is a steady stream of teams hauling hay, potatoes and other products to the railway yards for shipment to outside points.

Archie B. McInnes of North Bulkley, was a business visitor in town on Monday and at the same time renewed acquaintances with his daughter Ivy who is staying in Smithers and attending high school.

There was born at the Smithers hospital on Tuesday, October 14, a daughter to Mr. and Mrs. J. Gould of Houston.

James E. Kirby, mining recorder and Registrar of the Supreme and County Courts, is again at work in his office this week after a vacation of three weeks spent in the coast cities of Vancouver, Victoria and Seattle.

The Terrace lumber king, George Little, made one of his periodical trips to Smithers on Tuesday to confer with his local manager T. A. McMartin regarding business interests here.

SPORT NEWS OF THE DAY HERE AND EVERYWHERE

BADMINTON COURTS FOR FIRST REGIMENT

Club to be Organized There and
Competition Expected Be-
tween Teams

Colonel Nicholls, commanding the First B.C. Regiment, announces that the members of the regiment are organizing a badminton club and will mark out a court in their rooms within the next few days and will be ready for play next week.

It is expected that the regimental club will organize a series of contests with the older organization, the Prince Rupert Badminton Club, which is playing in the De Luxe Hall.

VENERABLE BIRDS PASS

VIENNA, Oct. 16.—Some old birds have been using the Vienna zoo as a stopping place. The records show the death recently of a vulture, aged 108 years, and an eagle aged 104.

LESSON IN FIRE FIGHTING.

FLUSHING, Netherlands.—A single fire hose spraying nitrogenous foam recently accomplished in three minutes what several fire departments were unable to do in 24 hours.

A fire in the yards of an oil and asphalt company continued more than 24 hours despite the combined efforts of the local department reinforced by the firemen of neighboring towns. The nitrogenous foam, sprayed from a distance of 300 yards extinguished the blaze in three minutes.

Sport Chat

Boston hockey club and a second Montreal club have been admitted to the National Hockey League thus bringing the number of teams that will operate in the league this winter to six. The new Montreal club paid \$15,000 for its franchise and the Boston club a similar amount. The four other clubs in the circuit are Ottawa, Toronto, Hamilton and Canadiens of Montreal. It is certain that New York will be an entry next year and possibly another United States city.

Walter Johnson, smoke ball artist of the Washington Senators and hero of the last game of the World Series last week, returns to his home town in Coffeyville, Kansas, today. The whole town will be out to give him a welcome. Plans made by the Chamber of Commerce at a special meeting called for a caravan of motor cars, bicycles and pedestrians to meet the veteran pitcher on the outskirts of the village and escort him triumphantly into "Main Street. A ball game in which Walter will perform is also scheduled and the day will be wound up with a barbecue in the evening.

HONESTY REWARDED

KEMPTEN, Bavaria, Oct. 16.—A local laborer recently found on the road a purse containing 180,000 gold marks, equal to \$15,000. He learned the money had been lost by some American tourists, and returned it. The honest man was honestly rewarded, for the tourists gave him one-tenth, \$4,500.

Drink "Cascade"—THE BETTER BEER

BIGGEST SALE!

WHY?

There can be only one reason why people drink "Cascade" in preference to other brands—because it's better beer. The sales prove the quality—far more "Cascade" is sold in British Columbia than any other beer. What makes the quality? It's a combination of superfine ingredients, scientific, clean brewing and a brewmaster with forty years of beer experience at his finger-tips. "Cascade" is brewed and bottled in the finest brewery in Western Canada. Every aid known to brewing science is embodied in the process, turning out a beer product to be proud of—second to none in the entire Dominion. Why be content with any but the best when "Cascade" costs no more than ordinary beer?

U.S. MONEY IN CANADA

New Hazelton, B.C.

October 15, 1924.

Editor Daily News.

In your issue of the 4th inst. I noticed a remark made, that the United States financially own Canada today; I wish to state that this statement is not quite correct, and the following is an extract from an article appearing in a widely circulated journal of recent date, it reads:

"In the pre-war period the government of Canada borrowed almost exclusively from the United Kingdom. The great increase of debt after 1914 was borrowed at home, so that on March 31, 1924, Canada owed her own people 2,341 million dollars, and owed abroad only 461 million dollars. According to the Bankers' Trust Company of New York, United States investors now have about 2,500 million dollars in Canadian undertakings, or almost as much as the British investment, and that volume of United States money in Canada is roughly allocated as

follows: 1,200 million dollars in bonds and the remainder invested directly or indirectly (through holding of shares in stock companies) in farms, in mortgages on real estate, in industrial enterprises, in banking, in small business undertakings, and in private loans. United States investments in Canadian industries have unquestionably increased since 1919, and in the words of this New York authority: "American capitalists are preparing to still develop Canada's incomparable water powers. All the indications point to an equalization at an early date of British and American investment in Canada."

Parallel Case

"Such figures suggest many economic and political reflections for Englishmen and Canadians alike. If doubts arise as to the effect upon Canadianism of this peaceful and increasing penetration of United States money and brains, Canada points out to the flow of British money into the United States at a period of development parallel to that which Canada is now experiencing. The people of the United States certainly lost nothing of loyalty to their political ideals because of the inflow of British capital to which the early development of the Republic was largely due."

Not Afraid of States

Personally I do not feel afraid of Americans investing money in Canada, but I certainly do think that wealthy Canadians should do more for their own country instead of investing their money abroad; I do not think they are very loyal or patriotic to their own country, for if they were, they would do more to develop Canada's rich resources. I understand that British investors have millions of pounds to help develop the Dominions and Colonies, and there is no doubt but what they will invest considerable sums of money in developing Canada, and establishing industries, but they must be given a fair show and to manage their own affairs as extended to them in Australia, New Zealand, and other countries within the Empire.

Effect of Election

Should the electors of Britain in the forthcoming election return a good, solid, reliable government, there is no doubt but what all the Dominions will greatly benefit thereby. Investors will then have full confidence and Canadians and others will still realize that London, England is the money centre of the world.

Signed: ROCHE DEBOULE.
P.S.—The slogan of all true Canadians is Canada and the Empire.

JAP WEDDING LAST EVENING

Pretty and Interesting Ceremony
Unites Miss Matsu Hara In
Marriage to Shigemichi
Tsui

Because the bride, though of Japanese parentage, is a native daughter of this district, having been born in Port Essington, and, through several years of residence in the city, has won popularity amid a wide circle of friends both white and Japanese, the wedding last night of Miss Matsu Hara, daughter of Mrs. Katsuyama of this city, and Shigemichi Tsui of Vancouver, son of Mr. and Mrs. Akimichi Tsui of Japan, was a largely attended and particularly interesting affair. The ceremony, which was a pretty one and for which elaborate preparations had been made, took place at 6:30 in the Methodist Church, Rev. G. G. Hacker officiating. Numbered among the 150 persons present were school teachers and girlhood chums of the bride who attended the public and High schools of the city.

The bride wore a lovely wedding gown of white brocade, satin trimmed with pearls and with a long train. Her veil, jewelled and embroidered, was held in place with a coronet of orange blossoms, and she carried a shower bouquet of Ophelia roses, baby roses and violets. Little Miss Tomi Katsuyama was train-bearer and Miss Kanako Yamana, flower girl. Both wore frocks of white organdie with touches of pink and blue and carried old fashioned bouquet holders containing innumerable baby roses and violets. The bridal couple were attended by heavy demand that is being made

Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony armchair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements--and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

Buying advertised products is a bond investment---not a stock speculation

Your Account Book and Your Bank Book

If your account book shows a profit, that profit should be recorded in your bank book as entries of deposits or else it is likely to dwindle away.

It is a good plan to use the two books together. Estimate your profits in one and then transfer them to the other where they will grow even greater by the systematic addition of interest. Open a Savings Account with us at our nearest branch.

CHARLTON CAFE IS
OPENED BY WALDORF

The Carlton Cafe, on Third Avenue between the old post office building and the G.W.N.A. hall has been re-opened by W.H. Waldorf. The interior has been completely refitted in a most comfortable manner while the kitchen has been entirely remodelled. It is Mr. Waldorf's intention to make a specialty of short orders and afternoon teas. The restaurant will be run entirely by white help and the object of the proprietor has been to create a homelike atmosphere. A rest room for the use of customers is a new innovation. Teddy Hutchings has been engaged as head waiter.

STEAMER VENTURE
IN ANYOX SERVICE

Will Arrive Here from the South on Thursday Evenings in Future Instead of Friday Mornings

The Union Steamship Co. is now giving Anyox a double weekly service with the steamers Gardena and Venture. To permit the Venture time to make the call at the smelter port, Surf Inlet has been taken off her schedule and will be served in future from Vancouver by the Bella Coola boat. Under the new time table, the Venture will arrive here in future from the south on Thursday evenings instead of Friday mornings. Inaugurating the new run, the vessel arrived from Vancouver and wayports at 7:30 last night. She will sail for Vancouver Saturday mornings as usual.
