STATEMENT BY DAWSON ON GRAIN TRAFFIC

POSSIBILITY OF SHIPPING WHEAT FROM RUPERT IS TO BE INVESTIGATED

Half of Prairie Grain Will Soon be Shipped by Pacific; Rupert Will Share Business

MONTREAL, Feb. 14.—"In five years fifty per cent of the grain grown on the prairie provinces will be shipped through the ports of Vancouver and Prince Rupert," stated F. G. Dawson, of Prince Rupert, B.C., who was a visitor in Montreal yesterday.

Mr. Dawson, who is one of the directors of the Canadian National Railways, is in Montreal on business. Qualifying his prediction, which is of considerable significance to eastern as well as to western Canada, Mr. Dawson pointed out that the present freight rates from certain portions of the prairie province to the Pacific coast are equal to the rates to the head of the Great Lakes.

RUSSIA CROWS OVER EUROPE

Minister of Foreign Affairs Jubilant at Position in Which Recognition Places Them

MOSCOW, Feb. 14.—The recent action of Great Britain and Italy in recognizing the Soviet government and the announcement that Norway has also accorded full recognition to the new public is causing jubilation in official circles here. According to the statement of Maxim Litvinoff, minister of foreign affairs, the Soviet feel it now holds the trump cards so far as Europe is concerned. "The countries must first recognize us de jure. Then we will discuss matters with them," he said. "We now have ample field for our economic activities."

No Failures in Rupert

MOUNDED POLICE ARE EXONERATED

Report of Royal Commissioner to Investigate Charges Published in Ottawa

OTTAWA, Feb. 14.—J. P. Smith, K.G., royal commissioner to investigate charges that Royal Canadian Mounted Police officers in British Columbia had trafficked in drugs, finds the evidence insufficient to support the charges. He finds that, in the case of alleged intimidation, there was abusive language but no actual intimidation. The report observes that a member of the force had admitted giving a dollar to an addict to buy drugs but he said that he did it as the only means of catching the man. Subject to the above, Commissioner Smith finds that the investigation completely exonerated the Mounted Police.

ELEVATORS FOR WESTMINSTER

President of Board of Trade Says Two Are to be Erected There Within Few Months

NEW WESTMINSTER, Feb. 14.—Two big terminal grain elevators are to be erected on the Fraser River here by private interests within a few months and all winter camps have been busy lumbering and the Board of Trade. The sawmills have been kept employed companies behind the projects are getting out ties for the railways not named but one, Mr. Riddell said, is backed by Old Country financiers.

Edmonton Interview

In a special despatch from Edmonton to the Vancouver Province Mr. Dawson is quoted as

saying he is going to Ottawa to try to get grain elevators for Prince Rupert. The despatch reads in part:

Mr. Dawson arrived on the Prince Rupert train in the afternoon and left again on Sunday morning to attend a meeting of the Board of Directors in Montreal. Prince Rupert, says Mr. Dawson, expects to share in the western coast grain business with the Great Lakes.

Navigation on the Great Lakes is closed from about December 1 to April 1 or four months, where the Pacific coast ports are open the year round. This closing week he will take up the matter of the Great Lakes ports, Mr. Dawson stated, causes a rush period in the movement of grain for Prince Rupert as a western and to meet this rush the railway companies have to maintain a large equipment which is more or less idle during the remainder of the year. At the same time congestion frequently results at the head of the lakes and, as has been the case this winter, the declaration of an embargo has been necessary. To meet the conditions which are bound to come, Mr. Dawson declares that the Pacific coast ports are making preparations to improve their harbor facilities, and to seek the erection of elevators and add to their equipment for the quick despatch of grain.

No Failures in Rupert

Touching upon present conditions on the Pacific coast, Mr. Dawson was genuinely optimistic. He pointed out that the best indication of the prosperity of the Pacific coast was to be found in the record of the business men of Prince Rupert among whom no failures had been recorded for more than two and one half years. This record, Mr. Dawson asserts, is one without equal by any city of the proportionate population of Prince Rupert.

The mining, the lumbering, and fishing industries in British Columbia are developing rapidly, stated Mr. Dawson. The fishing industry last year enjoyed the most successful season in its history, particularly in the vicinity of Prince Rupert where the catch of halibut and salmon was particularly large. The run of salmon on the Skeena River was very heavy and they packed more than all other canneries of British Columbia combined.

Through Central British Columbia much energy is being shown in mining development, considerable capital being interested in the development of silver, gold and lead mines in that section of the province. A few days ago a rich strike of tungsten was reported and, if the investigations substantiate the report, it will be of very great importance to British Columbia. The find of tungsten is reported from the district just east of Prince George on the main line of the Canadian National Railways.

The lumbering industry is making good progress. During the past year approximately two and a half million feet of timber were cut and all winter camps according to E. A. Riddell, president of the Board of Trade. The sawmills have been kept employed and on similar work.

WANTS RETURN OF WHEAT ADVANCES

Minister of Finance Refuses to Meet With Request of Grain Growing Organizations

OTTAWA, Feb. 14.—"However much I would like to help you, I am going to hold on to that \$500,000 until at least a considerable part of the amount owed to the Federal government for grain advances is received," was the reply of Hon. J. A. Robb, acting minister of finance, to representatives of three provincial wheat growing organizations which requested that a portion of the money be turned over to them.

All her passenger accommodation taken up and she holds loaded with freight, C.N.R. steamer Prince John, Capt. Neil McLean, cleared this morning at 1:45 for Vancouver via the Queen Charlotte Islands.

Mrs. Nina Wilcox Putnam, popular writer, and her business manager, Ellsworth Bassett, recently mentioned in the voiding of Mrs. Putnam's divorce at Providence, photographed on the sands at Miami before the storm broke.

Expert Is Being Sent Here to Report on Feasibility of Local Sites for an Elevator

G. D. Howe, an elevator expert, is to come here to report on the feasibility of erecting an elevator at this port on behalf of the Canadian National Railways. He is being sent here on the request of S. J. McLeod, president of the local board of trade who wired Sir Henry Thornton as follows:

"Increased western grain shipments have caused numerous inquiries regarding this port as an outlet. No expert report available. Could the Canadian National secure G. D. Howe, who made the report to you on the Fraser River sites, or other expert to render similar service this port. Understand Mr. Howe is now on Pacific Coast."

The following answer was received last night.

"Will be glad to comply with your request to have G. D. Howe make a report on the elevator position at Prince Rupert and am arranging accordingly."

COMMITTEE REFUSES TO PLACE JAPAN ON EQUAL WITH EUROPE

WASHINGTON, Feb. 14.—Members of the House Immigration Committee appeared disengaged today to comply with the suggestion made by Secretary of State Hughes that Japan be placed on the same quota basis as other nations in the new immigration bill. The bill as drafted provides for exclusion of Japanese.

LADIES' AUXILIARY TO REGIMENT FORMED

Mrs. J. W. Nicholls, President; Mrs. H. E. Tremayne, Vice-President; Mrs. W. Davies, Secretary

At a meeting of 19 or 20 ladies in the armory yesterday, a Ladies' Auxiliary to the First North B.C. Regiment was organized. Its immediate work will be to assist the officers and men of the regiment in their social activities. Officers as follows were elected:

President, Mrs. J. W. Nicholls; Vice-president, Mrs. H. E. Tremayne;

Secretary, Mrs. Wright Davies.

STEAMER AMUR ON ROCKS YET

Refuses to Move at High Tide This Morning Although Lightened

The first attempt to float the stranded steamer Amur off the rocks on White Cliff Island was made at the high tide at 8:45 this morning but the vessel failed to move and it will be necessary to further lighten her of cargo preparatory to making another try tomorrow morning.

Yesterday considerable of the Amur's cargo which consists of steel rails, machinery, coal and lumber for Anyox was removed to scows alongside the vessel while the steamers Tees and Marmion were standing by. This work will continue today.

If the Amur floats without leaking she will proceed to Anyox to discharge. If she does not she will probably be brought here for docking.

The salvage claim on the Amur's coal barge will be settled today, it is expected, and the Marmion will proceed to Anyox with the barge.

Yesterday, Capt. E. McGoskie, harbor master, Jarvis McLeod, collector of customs, P. Dorreen and Capt. Alfred Swanson made a trip to the scene of the stranding on the tug Marmion.

R. Blance, chief engineer for the Canadian Fish & Cold Storage Co., returned home yesterday afternoon by the Prince Rupert from a trip to Vancouver.

CANADIAN NATIONAL PREPARATIONS FOR RUSH OF BUSINESS

MONTREAL, Feb. 14.—Extensive preparations are being made by the Canadian National Railway to meet the heavy traffic which is expected in the spring, when immigrants begin to arrive in large numbers. All colonist car equipment that can be spared from the service is being brought into the shops and thoroughly overhauled and in some cases remodeled. At the Moncton shops four cars to which each government is willing to make concessions, in the tariff has been made clear to each delegation, which will submit the results of the conference to its respective government for approval.

Nothing will be made public until the nature of the proposals is published simultaneously in both countries.

The Australian delegates were Senator Wilson, minister of health in the Commonwealth government, and Major Oakley, controller of customs.

PARENT-TEACHERS ASSOCIATION FORMED

Mrs. Arnott Heads New Organization Which Will Consider Out of School Activities of Pupils

About one hundred people last night attended the organization meeting of parents and teachers for the purpose of forming a Prince Rupert Parent-Teachers' Association. J. G. Brady presided and outlined the purpose of the organization which was to bring about co-operation between parents and teachers, especially in regard to matters in which both were interested as being for the benefit of the children under their care. In this city one of the pressing needs was providing facilities for games and sports and other amusements. It was the most important question with which they would have to deal. It was then decided to organize and officers were elected as follows:

Hon. Presidents J. G. Brady and H. S. Hurn.

President, Mrs. Arnott.

First Vice-President, Mrs. Gandy.

2nd Vice-president, Mrs. M. M. Stephens.

Recording secretary, D. H. Hartness.

Corresponding secretary, Jas. Mitchell.

Treasurer, Mrs. T. M. Spender.

Press Correspondent, G. Woodworth.

Convenors of committees:

Membership, Mrs. E. W. Tucker;

social, Mrs. J. Bulger; program,

T. Ross McKay.

Delegates to schoolboard: J. G. Johnston and T. Ross MacKay.

Messrs. MacKay and Johnston both spoke of the need of some such body as that formed taking an interest in providing suitable amusements for the young people. Nearly half of the people present were men.

FISH ARRIVALS

Five American Boats Landed 66,500 Pounds of Halibut but Today

Five American fishing boats landed 66,500 pounds of halibut yesterday. Gladstone, 21,000 pounds, at 14c and 8c, to the Pacific Fisheries.

Antler, 15,500 pounds, at 14c and 8c, to the Booth Fisheries Canadian Co.

Woodrow, 5,000 pounds, at 15.9c and 8c, to the Booth Fisheries Canadian Co.

Katalla, 5,000 pounds, at 15.9c and 8c, and Seymour, 20,000 pounds, at 14.8c and 8c, to the Canadian Fish & Cold Storage Co.

R. Blance, chief engineer for the Canadian Fish & Cold Storage Co., returned home yesterday afternoon by the Prince Rupert from a trip to Vancouver.

A daughter was born at the Prince Rupert General Hospital on February 12, to Mr. and Mrs. G. A. Elkins.

TWO BOYS DIE ON MOUNTAIN

Body of Arthur Willis Found Near His Companion on Grouse Mountain

WAS BADLY INJURED

VANCOUVER, Feb. 14.—The lifeless body of Arthur Willis, 21

years of age, companion to David Spencer, whose dead body was found late Tuesday afternoon in a hole on the side of Grouse Mountain near here, was found

from where Spencer's body had

presumably by a fall of several hundred feet into the gully. He had evidently gone to the aid of his friend Spencer and had fallen 300

feet into the place where the body was found.

BIRTH

A daughter was born at the Prince Rupert General Hospital on February 12, to Mr. and Mrs. G. A. Elkins.

IMPERIAL OIL ASSESSMENTS

L. W. Patmore on Behalf of Company Claims Tanks Not Real Estate

SAYS ARE REMOVABLE

Decision is Deferred by Court of Revision After Hearing Evidence

That the seven oil tanks of the Imperial Oil Co. in Waterfront Block G, are not realty but removable chattels and therefore as personal property cannot be taken into the city assessment roll was the contention laid before the municipal court of revision by L. W. Patmore yesterday afternoon in the appeal of the Grand Trunk Pacific Railway and the Imperial Oil Co. against the assessment of the property. Evidence to establish this point was given by G. A. Woodland, local manager of the Imperial Oil Co. The court deferred its decision on the matter.

At the outset of the hearing, City Solicitor Jones demanded to know who Mr. Patmore was retained by—the Imperial Oil Co. or the Grand Trunk Pacific Railway. Mr. Patmore declined to answer the question though he said that he was the G.T.P. solicitor as everyone knew. Mr. Jones insisted that it was the right of the court to know and was told by Mr. Patmore that it was none of his business. After further bandying of words between the solicitors without any point being gained, Mr. Jones asked that his objection be recorded on the ground that Mr. Patmore was retained by the Imperial Oil Co. and not by the Grand Trunk Pacific Railway. The land on which the tanks are located is owned by the Grand Trunk Pacific Railway and is under lease to the Imperial Oil Co.

Real and Personal

Mr. Patmore informed the court that he was appealing on the value set on the improvements of \$70,000. They were mainly oil tanks and the question was whether they were real or personal property. If they were the latter they should not be on the assessment roll.

Mr. Woodland after being sworn gave some particulars of the construction of the seven

tanks. Contracts had been let for the blasting out of bases and levelling them with white sand. The tanks had then been riveted together plate by plate and put up. They were not attached to the soil in any way but merely rested on the ground like big tubs.

Were Moveable

In answer to Mr. Patmore's question as to whether or not the tanks could be moved, Mr. Woodland said he had seen such removed from one place to another. The ones he referred to had been taken apart and put up in their new location. He had heard of tanks being removed whole but had not actually seen the process. The tanks which had been removed whole, those now located at Powell River, were 50 feet in diameter. Larger tanks had been removed by taking them apart. The Prince Rupert tanks consisted of two 11 feet in diameter, two fifty feet, one seventy feet and two 115 feet. After further objection by City Solicitor Jones and Ald. Collart, Mayor Newton asked the court to allow Mr. Woodland to answer a question of Mr. Patmore's as to whether the question had ever arisen of moving any of the Prince Rupert tanks.

Witness said that in 1914 the general manager of the company had said the plant here was too large and that one of the big tanks should be removed. Mr. Patmore said that an appeal had also been entered on the valuation of \$83,425 on the 8.5 acres occupied by the tanks. The understanding of the company had been that it was higher than that of neighboring property but he had learned from the assessor the same value had been placed on it as on the dry dock property. Therefore the appeal still stood.

Cross Examined

Under cross examination by Mr. Jones, Mr. Woodland stated his supposition that if cement had been necessary to erect the tanks it would probably have been used. He could not answer if it had been the intention of the company to leave the tanks there all the time. They had been put there with a view to fuelling the Grand Trunk Pacific Railway. Mr. Woodland said that the tanks had cost probably about \$25,000. He did not think they had cost \$70,000. They could probably be put there—covering all expenses—for \$43,000.

Mr. Patmore submitted that the tanks were not real property

Sleeplessness

Sleeplessness, like insanity, is greatly on the increase. Modern life, with its hurry and worry and noise, brings an enormous strain on the brain and nerves.

The temptation to depend on sleeping powders or tablets must be fought off if you would avoid catastrophe. Means of reconstructing the starved nerve cells must be sought. Since the digestive system fails to supply nourishment to the blood and nerves it is necessary to employ such treatment as DR. CHASE'S NERVE FOOD to instil new strength and energy into the tired nerves. This is Nature's way of affording lasting relief.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60¢, the box now contains 60 pills instead of 50 as formerly.

Like-wise Dr. Chase's Kidney-Liver Pills are 35¢, a box of 35 pills, instead of 25¢ for 25 pills. Edmanson, Bates & Co., Ltd., Toronto.

New Box 60 Pills 60 cts.

as they were not affixed to the soil. They were just like big tubs placed on a flat piece of ground. As such they could not be classed as realty for they were really chattels. If they had been bolted down or fastened with concrete footings then they might be permanent fixtures. There was no evidence to contradict that they were not affixed to the soil. Similar tanks had been moved in other places and some day these might be also. The company probably had this in view in erecting them.

Compared with Houses

Ald. McMordie pointed to the case of houses on mudsills which were classed as realty. They were fastened to the ground no more than the oil tanks were.

Houses that were built so that they might be removed might be classed as chattels, Mr. Patmore replied. If it was not possible to move them, then they were really. Undoubtedly it had been the intention of the Imperial Oil Co. to remove these tanks when it was deemed advisable to do so.

Mayor Newton was of the opinion that it had been unnecessary to fasten the tanks down, anyway, on account of their weight, especially when filled.

The Man in the Moon**SAYS:-**

YES, I am yours
And you are mine
What need have we
Of a valentine?

EENY, meeny, miny mo
Typical Rupert, this you know!
When the sun is shining bright,
And the stars come out at night,
Shout it loudly, whisper it low,
Eeny, meeny, miny, mo.

ONE of the things that does not get you anywhere is speculating on what a fine place this would be if there was no rain and no muskeg, and a million people and fine streets and an elevator.

THERE are a lot of people who know everything but they succeed well in keeping the fact a secret.

IN spite of the long skirt fashions the highlanders when in uniform continue to wear the flag at half mast.

SHE threw a kiss,
I threw one back;
Now we run the same race
On the marital track.

THE worst prevaricator I ever knew was a man who said he liked paying taxes.

PEOPLE who sing about Sleep at night are the ones who worship him in the morning.

THE naked truth is what shocks people.

ODDFELLOWS OPEN FINE NEW HALL AT ANCHORAGE

ANCHORAGE, Feb. 14.—A double installation recently marked the formal opening of the new Oddfellows building in Anchorage, erected at a cost of \$40,000 and turned over to the Anchorage lodge of Oddfellows by the contracting firm of Lewis and Bliss. The building, a reinforced concrete structure, three stories high, is one of the largest in Anchorage and is said to be the finest Oddfellows building in the territory. The ceremonies on the opening night were those of the Oddfellows and the sister lodge, the Rebekahs, both meetings being well attended.

"Between fifty and sixty percent of all blind children owe their blindness to these diseases. The education of the blind child costs about seven times as much as that of the normal child. Similarly, with the very many deaf and imbecile children, their maintenance and care entail a heavy unremunerative expenditure of public and private money."

WINNING FIGHT SOCIAL DISEASE**Campaign Against Venereal Disease Inaugurated Three Years Ago Getting Results****LARGE MONEY SAVING**

British Columbia is winning its fight against social disease.

This was made clear in the report of the Provincial Board of Health to the Social Hygiene Council. The government's fight against venereal disease was inaugurated three years ago with the establishment of the free clinics at Victoria under Dr. Miller, and at Vancouver under Dr. Joseph Gibbs.

Houses that were built so that they might be removed might be classed as chattels, Mr. Patmore replied. If it was not possible to move them, then they were really. Undoubtedly it had been the intention of the Imperial Oil Co. to remove these tanks when it was deemed advisable to do so.

Mayor Newton was of the opinion that it had been unnecessary to fasten the tanks down, anyway, on account of their weight, especially when filled.

"Sixty per cent of the deaths in asylums are caused by syphilis. Each of those asylum cases cost the country \$500 a day to keep. If we keep on at the present rate of 1,500 a year, in five years we will be saving the province \$250,000,000 a year."

The report of the council says that the cases in asylums found to be caused by syphilis, are caused by its action on the brain and cerebral cords. It is pointed out that Osler places syphilis first in the list of diseases causing death.

Dealing with the benefits of the two clinics to the home life of the province and by way of giving the younger generation a fair chance, it is pointed out in the report of the council that thirty-six children, ranging from two to fifteen years of age, all of them innocent victims of syphilis, are being treated in Victoria.

It is explained that the government besides paying for the clinics is supplying salvarsan to any physician sending for it for his patients.

The summary of the work of the two clinics shows that the numbers of new patients registered each year has grown in this way: 1924, 1,194 new patients; 1922, 1,787; 1923, 1,898.

Number of syphilis treatments in Victoria last year was 1,689, in Vancouver 1,507; gonorrhoea treatments in Victoria last year, 6,345, in Vancouver 19,296.

Number of attendances for the two clinics during the last three years total 75,937.

Wastage Enormous

"Among the adult population the wastage caused by these diseases is enormous," the report of the council says.

"In the early stages, when the diseases are contracted, the loss of working power, though large in the aggregate, is relatively small compared with the amount of invalidism caused by the later manifestation, locomotor ataxia and general paralysis of the insane. It must be remembered that this incapacity appears during the prime of life, when the person's working powers should be of maximum value to the community, and also that the sufferer, who has become a dependent either on his friends or the state, may live on from ten to fifteen years."

"Between fifty and sixty percent of all blind children owe their blindness to these diseases. The education of the blind child costs about seven times as much as that of the normal child. Similarly, with the very many deaf and imbecile children, their maintenance and care entail a heavy unremunerative expenditure of public and private money."

Ten Years Ago in Prince Rupert

February 14, 1914.

William Manson, M.P.P. for Skeena, in debate in the legislature, opposes the policy of the provincial government guaranteeing municipal bonds.

An expert is being sent out by the federal government to test the reported oil fields on the Queen Charlotte Islands.

V. A. Cole, Dr. H. E. Tremayne, E. Emad, G. H. Handasyde, M. Loquifit, G. S. Fitzmaurice, K. L. Rauk, J. A. Smith, E. D. Harris, Mason Ramsay, T. J. Jamie-

**The cost of the bedtime romp**

SOMETIMES it means hard, back-breaking rubbing over a wash-tub, trying to keep the little night-clothes clean and fresh. For the children can make a thorough job of getting them black in a very short time.

But Mother can keep those active little bodies in sweet, clean clothes without the old hard grind at the wash-tub. She can keep their school clothes dainty and fresh with very little effort.

With Rinso—a new kind of soap—soaking takes the place of rubbing. Its soapy suds go through every fold and thread, gently loosening all the dirt. Only spots where dirt is actually ground in—knees, neck-bands, seats of rompers, and such places—will need any rubbing, and then only lightly, with dry Rinso.

Make your next wash easy with Rinso. It takes the place of bar soap at every step of the family wash, banishing the old hard work of wash day for good.

All grocers and department stores sell Rinso.

AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape.

While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectively banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelfield, Sask., writes:—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle he had to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know there is such a thing as pimples."

CATHOLIC LADIES' TEA AND SALE WAS SUCCESSFUL AFFAIR

The tea and sale of home cooking held yesterday afternoon at the home of Mrs. Harold McEwen, 232 Fourth Avenue West, by the ladies of the Catholic Church was a very successful affair and the satisfactory sum of \$51 was realized as a result.

Mrs. S. Batcher and Mrs. J. Lorrie MacLaren were the organizers. Mrs. J. H. Meagher and Mrs. James Campbell presided at the home cooking table. Mrs. Hubert Ward, Mrs. D. W. Morrissey, and Mrs. C. Balagno served. Mrs. Henning, Mrs. W. H. Kinkade and Mrs. Curtin poured and Mrs. D. E. Murphy had charge of the raffle of buffet set which was won by Mrs. McEwen.

G. E. Gulick sailed last night by the Prince Rupert for Anyox on a business trip.

The town seems deserted tonight! Yes. Everybody is at the Great War Veterans Ball at the Elks' Home.

The provincial police office at Swanson Bay being closed up, Constable J. Gillies arrived from there yesterday afternoon on his way to Alice Arm where he will take charge of the office that is being reopened. He will go north on the Cardena Sunday evening.

Inspector Walter Owen of the provincial police, formerly chief constable here, has been promoted to the position of assistant to Superintendent J. H. McMullin. Inspector Owen has been a member of the force 23 years, much of that time having been spent in the north.

Inspector T. W. S. Parsons and Provincial Constable Alex. Saint made another thorough search yesterday afternoon for Fred Blondel, who has been missing since Sunday when he set out from the Canadian Fish & Cold Storage plant to cross the bay. No trace of the man or the dog or of any wreckage was found.

Picked up in a raid made last evening on 817 Comox Avenue by Sergeant McGillicuddy and Constable Maedonald, Ernest Stacey, taxi driver, answered in the police court this morning before Magistrate McClymont to a charge of being an inmate of a common bawdy house and was fined \$50 with the option of 30 days in jail. He also listened to a lecture from the bench.

NEW LAMP BURNS 94% AIR

Boats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, G. A. Johnson, 595 McDermot Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Ratepayers Association meeting Friday at 8 p.m. City Hall. Address by T. Ross Mackay. All ratepayers welcome.

St. Andrew's Society adjourned monthly meeting will be held tomorrow night, February 15, at 8 o'clock. Business important.

Word has been received here that the weekly close season for herring, announcement of which was recently made, does not apply to this district.

There will be a meeting of the North B.C. Regimental Rifle Association on Friday, November 15 at 8 p.m. in the Armoury for the election of officers.

W. Spiller, chief of provincial police, returned to the city from Vancouver on the Prince Rupert yesterday afternoon. He has been away for a fortnight.

H. C. Fraser, inspector of schools, returned yesterday by the Prince Rupert from a trip to Ocean Falls and other points down the coast on departmental duties.

W. E. Baillie, chief engineer of the steamer Prince Rupert, is off in Vancouver on annual vacation and is being relieved by Alex. Munro, chief of the Prince George.

Miss Doreen Ryan, formerly commercial teacher in the High School, is still in San Francisco where she has a good position with a commercial firm. Some of her friends here have heard from her recently.

A. A. Easson of the Royal Bank of Canada and George R. Tite of the George D. Tite furniture house have been elected to membership in the Prince Rupert Gyro Club. W. Vaughan Davies has been made an honorary member.

Mr. and Mrs. W. B. George, who have been on an extended visit in the United States and Victoria, passed through the city on the Prince Rupert yesterday afternoon returning to their home in Stewart. They were accompanied by their niece, Miss Mildred Kirkwood, of Chicago, who will spend some time visiting them.

Harry G. Perry, M.L.A. for Prince George, reached the city on last night's train and this afternoon addressed the Prince Rupert Rotary Club on Pacific Great Eastern matters especially in relation to opening up the Peace River country by rail. Mr. Perry is here on his way south and will sail by the Prince Rupert tomorrow morning.

Mr. and Mrs. Rutherford McConkey of Stratford, Ontario, are the guests for a few days of Mr. and Mrs. J. C. McLennan at "The Knoll," 945 Borden Street. Mr. McConkey is a manufacturer in the Ontario city and Mrs. McConkey is Mr. McLennan's sister. They are returning East after having spent the past six weeks on a holiday trip to California and Vancouver.

Mr. and Mrs. J. A. Brown and Miss Mac Donaldson of Port Essington returned to the city yesterday afternoon from Victoria where they attended the wedding of Miss J. Loudon, formerly of the local school teaching staff, and S. R. Donaldson. Mrs. Brown's son, Mr. and Mrs. Donaldson will be returning north shortly to take up their residence at Port Essington.

Fred Goram, first assistant purser of the steamer Prince Rupert, is off the ship this trip giving evidence at Vancouver in the case of the Premier Gold Mining Co. vs. the Coastwise Steamship & Barge Co. involving claims following the wreck of the barge two years ago. T. G. Gilliland, who is back after making a voyage to Mexico on the Prince Albert is relieving him.

PLAYER'S NAVY CUT CIGARETTES

Boxing tournament Empress Theatre, Tuesday, February 19.

Great War Veterans St. Valentine's Ball, tonight in the Elks' Home at 8.30. Tickets \$1.00. Limited number only. Westholme Orchestra.

L. F. Mawhinney, assistant purser of the steamer Prince John, is on annual vacation in Victoria and Arnold Evans, first assistant on the Prince George is relieving him.

Adam Ramsay, chief steward of the steamer Prince George, returned yesterday afternoon from Vancouver to join his ship which is in dry dock here. He has been on holidays.

The Ladies' Musical Club at its meeting yesterday afternoon decided to subscribe for the musical magazine "Etude" and have it placed on the tables of the Municipal Free Library.

Capt. Neil McLean is still in command of the steamer Prince John. He was offered mastership of the Canadian Rover recently, but declined. Capt. Joe Flood, formerly chief officer on the Prince George, has taken over the Rover.

J. B. Lambert, assistant district engineer for the federal department of public works, expects to return tomorrow morning to his headquarters in Victoria after having spent several months here supervising work that is going on in the district or the department.

The recently elected officers of Prince Rupert Benevolent and Protective Order of Elks for the year 1924 were installed last night. H. F. Glassey, retiring exalted ruler, conducted the ceremonies assisted by Mr. Downie, esteemed loyal knight of Anyox Lodge. The list of officers was published a fortnight ago.

BRINGING UP FATHER

GULCH EXPLORED BY A STUDENT

Wins Prize for Swimming Through Underground Cavern and Exploring it

WONDERFUL GALLERY

Petrified Animals Seen in Grotto and Many Statues of Clay

PARIS, Feb. 14.—Some interesting and thrilling stories are told in connection with the feats of some of the unsuccessful candidates for the Grand Prix of the Academie des Sports, but they are overshadowed by the publicity given to the feat of the winner. The prize for 1923 recently awarded to Alain Gerbault, a noted tennis player, went to him only after a spirited debate of the jury, some of whose members favored Norbert Casteret, a student at the University of Toulouse.

In this grotto Casteret declared he discovered a wonderful prehistoric museum. Upon the walls of the cavern, engraved as if with sharp instruments or painted were mysterious characters, in a language which Casteret had never before seen or heard of. Statues of clay, some of them well preserved, depicted animals which have long since disappeared from the surface of Europe. Two of these, that of a bear and a tiger, which Casteret said must have dated at least as far back as 20,000 years, were so lifelike and well preserved, that he was of the opinion that the live animals had become petrified with the clay of the earth in the course of some cataclysm.

Some of the members of the jury argued that while the exploit of Casteret from a spectacular point of view did not compare with that of Gerbault, it had far more value from a scientific side. They were overruled.

GROTTO MADE CLEAN SWEEP OF BILLIARDS

Defeated Elks in Last Night's Tournament by Margin of 1,000 to 834

The Grotto billiard team made a clean sweep of 1,000 while the Elks made a total of 834 in yesterday's league tournament. The tobacconists thus crawled up materially in the standing towards the leading Great War Veterans who are now only 17 points ahead in the average.

The individual scores of the tournament follow:

C. Balagno (Elks), 197; G. Waugh (Grotto), 200.
A. A. Easson, 163; J. Judge, 200.
F. Stephens, 180; J. Suden, 200.
W. Mitchell, 181; B. Morgan, 200.
W. Balagno, 113; W. J. Nelson, 200.

League standing to date follows:

	Games	Total	Aver.
G.W.V.A.	4	3731	933
Grotto	5	4580	916
S. of E.	5	3128	886
Elks	5	4395	879
P.R.B.P.	4	3509	877
St. Andrew's	5	4210	842

Red Campbell has established

CHINESE GIRL NOT TO MARRY

Eighteen Year Old High School Girl Wins Out in Rebelion Against Custom

PEKING, Feb. 14.—Miss Chiang Chin-yin, an 18-year-old high school girl who recently disputed the right acknowledged through thousands of generations of a parent to give his daughter's hand in marriage without her consent, has scored a noteworthy triumph. Not only has she converted her father and mother to her modern viewpoint, but her elder brother as well has renounced his right to a voice in the selection of his sister's life partner.

Miss Chiang made known her determination to defy parental authority by inserting an advertisement in various Chinese newspapers notifying everybody interested that she refused to recognize a betrothal agreement made by her elders with the father of young Hsiung Pao-chi. The parents have now resorted to the same means of acknowledging their acquiescence in the girl's rebellion and agreeing to cancellation of the contract.

The incident has aroused great interest among young Chinese maidens who are becoming rapidly modernized. The conservative older generation, however, thoroughly condemns the innovation as incompatible with the teachings of Confucius, and a threat to the ages-old authority of parents which must not be countenanced.

HE STARTED LIFE IN
BRISTOL BEER OFFICE

Rev. Arthur Barner Delivers Interesting Address to Tuxis Boys of Methodist Church

The Tuxis Boys of the Methodist Church enjoyed a pancake supper last night in their new club rooms which were recently fitted up in the church.

After the supper, Rev. Arthur Barner, superintendent of Indian missions, addressed the boys taking as his subjects: "Keep off the rocks." Mr. Barner, outlining reminiscences of his own life, drove home to his youthful hearers many valuable hints in the proper manner of conducting their lives. He told how at the age of 13 he had been placed in a brewer's office in Bristol. Beer was as free as water and, at the age of 22, he found himself up against the necessity of breaking away or becoming a drunkard. He chose the former course and took up the ministry. Mr. Barner then went on to trace his career up to the time of his appointment as superintendent of missions.

Following the address, there

TIMBER SALE X 5767.

Tenders are invited for the annual overhaul of the U.S.A. "Malaspina" and "Givenchy." Copies of special tenders can be obtained by application to the undersigned or to the Fisheries Office at New Westminster or Prince Rupert.

Tenders are to be plainly marked on the outside of the envelope tender for the repairs to the U.S.A. "Malaspina" and "Givenchy," and must be received at the office of the undersigned not later than noon, March 10th, 1924.

Boat boats will be available for inspection at Vancouver on the 19th of February, 1924.

Period required for completion of work to be stated.

A certified cheque for 10% of the amount of the tender price and payable to the Minister of Marine and Fisheries must accompany the tender.

Lowest, or next best, not necessarily accepted.
