## PRINCE RUPERT'S FAIR OPENS TONIGHT

### FOREIGN TROOPS LANDED AT SHANGHAI TO DEFEND THEIR CONCESSIONS

#### Finest Fair Ever Seen in North Will Open at Acropolis Hill Tonight

Preparations for the opening of the largest and most representative exhibition ever held outside of Vancouver are practically finished and the 1924 Prince Rupert Fair has all the earmarks of eclipsing anything previously undertaken. The official opening ceremony will be performed at 7 o'clock tonight by Fred Stork M.P., supported by Mayor S. M. Newton, when everything will be in order. The applications for industrial space in the fair building this year have far exceeded the expectations of the directors of the exhibition and the great difficulty has been to find room for everybody. Several booths that were given room on the main floor last year have been removed to the balcony to make room for more ambitious technical displays.

#### PACK COHOES CANNERY HERE

**Excellent Support**  
The early work of the fair board executive has borne good fruit for the 1924 exhibition and excellent support from the city and surrounding districts has been forthcoming. There is not an inch of space in the whole building that does not house an exhibit of peculiar interest to the northern portion of the province. Lumber, dairy produce, groceries and a hundred and one things are represented this year, particular attention having been paid to the decoration of all booths.

**Festive Appearance**  
The newly painted exterior of the exhibition building gives it a real permanent appearance from the outside while the interior is a veritable fairland of flags, bunting and electric lights. The throne, which will be the great centre of interest during the week and the scene of the crowning of Queen Grace tomorrow morning, has been erected under the personal supervision of R. E. Benson, manager of the Carnival Queen contest, and will vie with a real throne.

**District Exhibits**  
The managers of the various district exhibits have got in early work this year and the displays of the wonderful produce raised in the outside districts present a pleasing sight. The district exhibits this year include Terrace, Kitsunkatum and Lakelse, Hazelton, Prince George, Francois Lake, and Bulkley Valley and Lakes district. The entire booths including the district exhibits will all be in order when the doors are thrown open at 6 o'clock tonight to the crowds who will witness the opening ceremony.

#### HALIBUT SALES LIGHT

Only two halibut boats arrived today, both Americans, and they got good prices for their catches. They were:  
Alaska, 55,000 lbs., to Cold Storage, at 17.60c and 8.50c.  
Rainier, 7,000 lbs., to Royal Fish Co., at 17.90c and 8.50c.

#### CITY OF PRINCE RUPERT

Thursday, the 11th inst. having been appointed "Rupert Day" by the Northern B.C. Agricultural and Industrial Association, I hereby declare the afternoon of Thursday the 11th inst. a civic half holiday, and would request that all citizens observe the same.  
S. M. NEWTON,  
Mayor.

#### BAYCHIMO IS STANDING BY

In Hope that Passage May Yet be Cleared Through Ice to Lady Kindersley

VANCOUVER, Sept. 9. — The Hudson Bay steamer Baychimo, with the crew of the Lady Kindersley aboard, is still on the outskirts of the ice which has the Kindersley in its clutches and is in constant touch by wireless with Vancouver. Company officials declare there is virtually no hope of saving the Kindersley or her cargo but the Baychimo is standing by just to make sure that a passage through the ice cannot be made for the Kindersley. The Baychimo is in no danger but will be recalled before the ice closes in.

Mrs. A. Strachan and family sailed for Vancouver on the Prince George last night.

#### THREE NEW TEACHERS

Board at Special Meeting Last Night Decided to Augment Staffs

So great has the increase in attendance been found at the local schools since the reopening of the fall term that it has become necessary to have three new teachers. The school board, at a meeting last night with Principals Brady, Hartness and Miss Mills, decided to engage extra teachers for Booth and Borden Street public schools and King Edward High School. Applications are now being called for.

#### MERCHANT MARINE BRINGING ANOTHER SHIP TO THIS COAST

Canadian Coaster Will Enter Frisco-Ocean Falls Service Canadian Spinner Coming for Trans-Pacific Run

C.G.M.M. freighter Canadian Coaster is due to arrive at Vancouver about September 16, to enter the San Francisco-Ocean Falls coastal service. She will be the sixth boat on this service. The Coaster is practically a replica of the Canadian Rover which is already in this run. She is a 3,000 ton ship and was built at Kingston, Ont., in 1921.

Another new C.G.M.M. boat is also coming to the Pacific Coast. This will be the Canadian Spinner, an 8,000 ton vessel, which is being transferred from the Montreal-United Kingdom service to the Vancouver-Orient-Australia run. She is simply changing places with the Canadian Traveler which will go from the Pacific to the Atlantic Ocean. Adaptability of the vessels for the respective runs is the reason for the change. The Spinner was built at Montreal in 1919.

#### WORLD FLYERS AT WASHINGTON

BALTIMORE, Maryland, Sept. 9. — The American round-the-world flyers, enroute from New York to Washington, stopped here today for lunch and refueling and will take off again for Washington this afternoon. Their machines are running beautifully.

#### WHEAT YIELD PROVES GOOD

Fully Up to Expectations in Prairie Provinces: Frost Danger Not Past

WINNIPEG, Sept. 9. — With favorable progress reported in cutting wheat the Prairie provinces yield is proving fully up to expectations and in many instances exceeding earlier estimates. There is still considerable late grain in the northern part of the provinces which will not be past frost danger for another week. Frost is reported from a number of districts but so far there is no damage of importance.

Mrs. L. C. Beaupre of Canada was vanquished by Miss Helen Wills, the youthful American girl who brought glory to her country in the Olympic games, in the recent women's championship at Forest Hills, Long Island.

#### Point Grey Police Careless in Janet Smith Case for not Inquiring Into it More Carefully

VANCOUVER, Sept. 9. — The fourth day of the second inquest into the death of Janet K. Smith, Scottish nursemaid in the household of F. L. Baker, Shaughnessy Heights, opened with little light thrown on the manner in which the girl was shot. Several hours cross-examination of Wong Fung, Chinese cook in the home where Janet met her death, did not materially shake his original story. Once and only once did he trip. He had testified on the morning of the tragedy that he had not seen Janet after breakfast until he found her dead in the laundry. Severely questioned he admitted he saw her go down to the laundry at eleven o'clock.

Once more the carelessness with which the Point Grey police handled the case at the outset was referred to. The fact that no inquiry was made at the time as to the ownership of the pistol with which the girl was shot evoked caustic comment from the jury foreman.

Extracts from Janet's diary read did not clarify the case, as it contained no testimony pointing to fear of the Chinese cook, which her friends asserted she entertained. On the contrary the entries told of his having bought gifts and doing work for her. One notation said she feared she was

a terrible flirt. Harmless little affairs with a number of young men attracted by her winsome personality were described.

#### European and Japanese Troops Landed at Shanghai to Protect Foreign Concessions that Place

SHANGHAI, Sept. 9. — Eleven hundred marines from the British, United States, Japanese and Italian warships were landed here yesterday and took up defensive positions on the boundaries of the International settlements. The United States landing order followed a new assault on the railway sector directly west of the city.

PEKIN, Sept. 9. — British, French, Italian, Japanese and United States ministers sent a further note to the Chinese foreign office respecting the necessity of re-establishing a neutral zone on the Hwangou River on which Shanghai is situated.

SHANGHAI, Sept. 9. — Chekaing forces defending Shanghai against Kiangsu troops have regained all the ground lost in the Liuhoo sector northwest of this city. A terrific rainstorm which continued for several hours, flooded Shanghai streets to the depth of two feet late this afternoon and halted the fighting.

#### HON. E. BARROW LIKELY RESIGN

Cabinet Position Probably Will Go to Vancouver Man, It is Stated

VICTORIA, Sept. 9. — Hon. E. D. Barrow, minister of agriculture, will likely relinquish his portfolio in the not far distant future according to persistent rumors at the Parliament Buildings and in political circles generally. Continued ill-health is given as the reason. For some time past his health has been anything but good.

It is believed that a Vancouver member will take the place in the cabinet should Mr. Barrow resign.

#### PRINCE JOHN STILL IN DOCK

Steamer Must be Repaired Before Service to Islands Can be Continued

The sailings of the Prince John for Queen Charlotte Islands this week have been cancelled and the likelihood is that there will be no sailings next week unless some relief steamer is speedily obtained.

This interruption to the Islands service follows the refusal of the steamboat inspector to let the Prince John out on the run again until permanent repairs have been effected following her striking a rock south of here on Saturday morning. It had been the intention of the C.G.M.M. to make temporary repairs here and have the boat running next week.

Work had already been started with this end in view but it was shut down last night and the John is still on the pontoons at the local dry dock awaiting the arrival of competitive bidders for the job on the steamer from the south tomorrow. The contract will probably be let on Thursday.

It is possible that the Gray may be brought from the Islands to give a freight service from this port pending the John being put in commission again. The local dock will, of course, bid on the job.

The damage to the John includes four badly dented plates and one or two frames will have to be faired.

#### PRINCE WELCOMES AMERICAN FLYERS

NEW YORK, Sept. 9. — The Prince of Wales was among the large crowd gathered yesterday afternoon at Mitchell Field to welcome the United States round the world flyers who arrived at 3.30.

#### LABOR WAGES INEQUITABLE

Complaint Made by Alderman Collart That There is Discrimination Between Departments

At the city council meeting last night Alderman Collart complained that while common labor was generally being paid at the rate of fifty cents an hour by the city in utilities department it was being paid 57 1/2 cents an hour. He moved that the utilities committee report on this.

Alderman Macdonald inquired if it was not true that married men and permanent residents were paid a higher rate.

Mayor Newton said he understood that payment depended upon the quality of the labor.

Alderman Macdonald said he seconded the motion to refer the matter to the committee for report on the understanding that they were discussing common labor as it applied to single men in the employ of the utilities committee. He had been told that a higher rate was paid there. He did not think a higher rate should be paid in one department than that in another.

#### OPPOSITION LIKELY TO DR. MACDONALD

VICTORIA, Sept. 9. — R. H. Pooley declares that opposition to Dr. K. C. Macdonald in next month's by-election at Vernon is practically certain. He says there will probably be a fight between the two major parties.

Eddie Bates and Jacob Astor, Indians, were each fined \$10 and costs in the city police court this morning for intoxication.

#### MINISTER WIRES REGARDING ELEVATOR PLANS FOR RUPERT

#### Canada Looms Large At Empire Exhibition.

Canada looms large at the British Empire Exhibition. This country is large, so large that it will take many years to fill it. It is also important and the more people we have the more important we shall become.

Every big exhibition of recent years has seen the Canadian pavilion one of the centres of attraction. There is always something novel in it and this year is no exception to the general rule.

#### Visit Canada Instead Of European Countries.

What is needed just now is to turn the eyes of the wealthy Britishers to Canada that they may be induced to come here for their holidays instead of going to Switzerland or Italy or France. It is a little farther away but not much and it has the added attraction of a sea voyage on palatial liners.

People visit the Swiss mountains but we have mountains that are finer than anything in Europe. People visit Norway to view fjords, yet right here in Northern B.C. the fjords are among the finest in the world. For diversity of scenery Canada excels and once the British people get the habit they will come here by the thousands. Many come now but not enough.

#### Immigration Is Crying Need.

There are a few people who, because they see unemployment in one or two cities, would stop everyone coming to Canada. That is foolish. The tendency of the day is for people to flock to the cities and then when they get there and find they cannot obtain work they howl about conditions. What is needed is more people in the country to make farms and to produce food. There is plenty of market for the output. In Canada there is room for five times the present population without feeling the least crowded. Why stop people coming, then? Most of the people who are asking that others be stopped are among those who came here themselves a few years ago in order to better their own condition.

#### Fair Promises To Be The Best Yet.

While at the time of writing it is difficult to say just how the fair this year will compare with previous years, it seems certain that it will be the best in the history of the city. The demand for space was greater than ever before and the building both inside and out is far better decorated than it has been in the past. There has been a renewal of interest in a good many departments and individual citizens have taken more interest in the event.

The Daily News commends the fair to the citizens of Prince Rupert as something not to be overlooked. It is well worthy of a visit and to see it best the afternoon is the time when fewer people are around than in the evening. It is suggested that the week be kept by citizens as Fair Week and that no other engagements be allowed to interfere with a daily visit to Acropolis Hill.

#### THREE FIRES DURING MONTH OF JULY IS REPORT OF FIRE CHIEF

Chief Macdonald's report of the fire department for the month of July submitted to the city council at its meeting last night showed that there had been only three calls during the month and that the total loss by fire had been \$2,435. This was ap-

tioned as follows: 815 Comox Avenue, \$2,340; 508 Fifth Ave. W., \$70; 60 Beach Place, \$25. Salaries paid for the month amounted to \$1,077 and the total expenditures on the department for August amounted to \$1,112.25.

John W. Allen, gas boat engineer for the department of marine and fisheries, arrived from Vancouver on the Prince George yesterday afternoon.

#### The Man in the Moon SAYS:-

ALL the fun of the fair. Let's go.

THOSE who scoff at the practice of faith should never touch hash at a boarding house or restaurant.

EVERY man would like to be rich and many expect to be rich but very few ever will be rich, judging by the way they live.

EXHIBITION week started with a souse. It is to be hoped it ends with a roast.

HER Majesty Queen Grace will make her debut tomorrow. Long live the Queen.

ANYONE singing "I ain't Gonna Rain No More" after this is going to be hanged, drawn and quartered and then made into mincemeat.

WHAT makes people fat in Prince Rupert is three square meals followed by late supper and perhaps a little afternoon tea now and then.

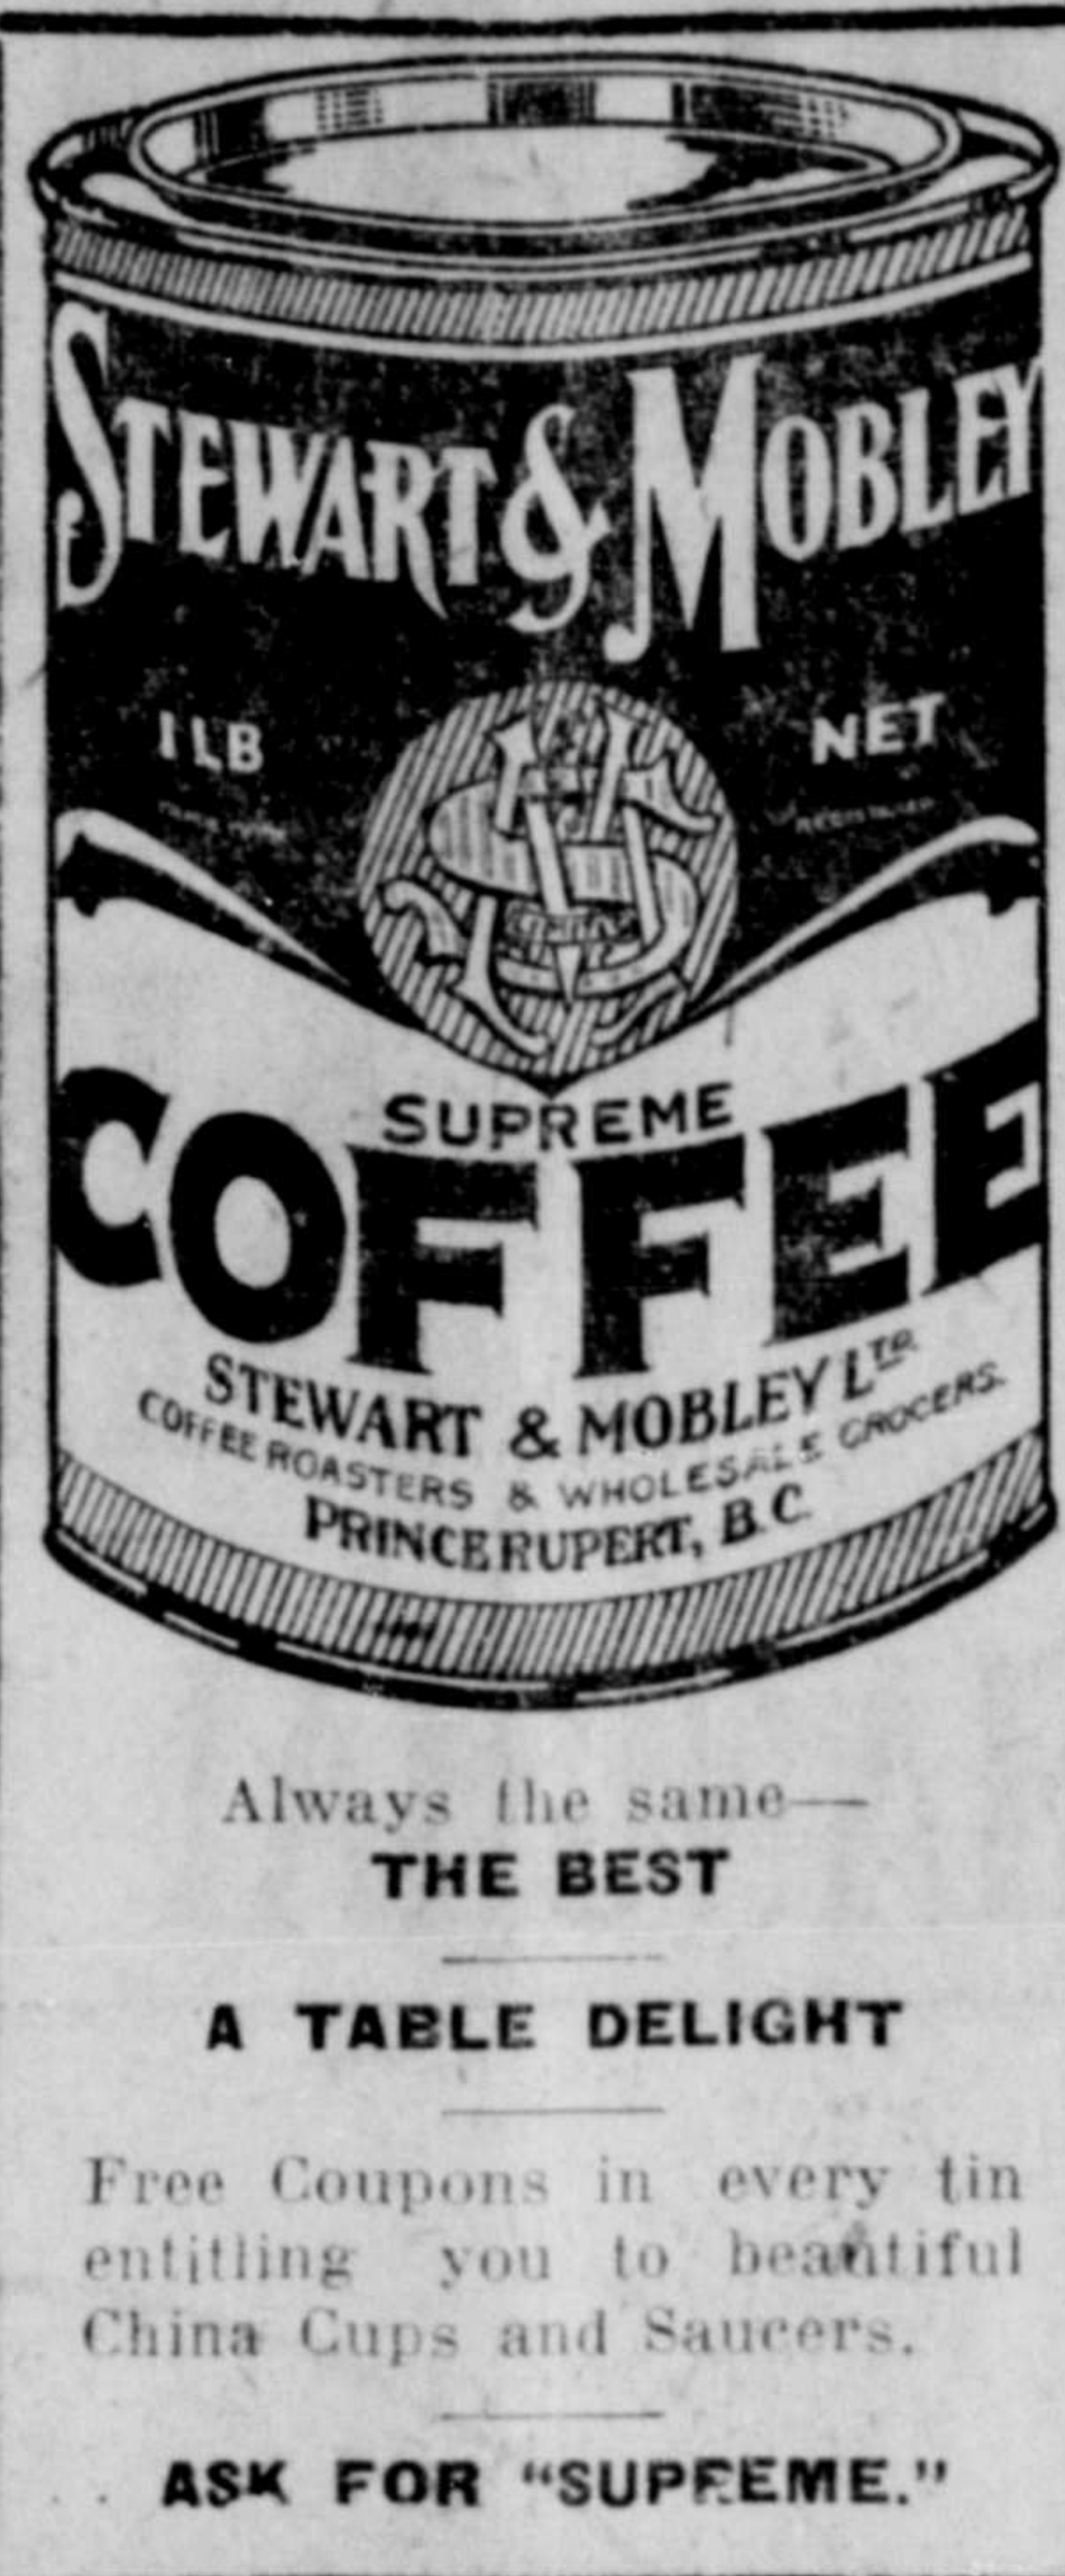

IT'S a hard world. Just as you get five dollars ahead of the game somebody dies or is married or a visitor comes and there you are.

THERE'S one thing about this fair, its the last we shall have until the year 1925. In the meantime there will be a close season for fairs and times will be dull.

ANYONE liking a swing should go to the prairies. The harvest is in full swing there.

#### CIGARETTES WIN GERMANS

BERLIN — The cigarette has become exceedingly popular throughout Germany, and more cigars and pipe tobacco are being consumed since the war than in any other period. Recent statistics show that the imports of raw tobacco have increased considerably as compared with those prior to the war, and this despite the decrease of the German population.

#### Ten Years Ago in Prince Rupert

September 9, 1914.

Lemberg has been captured and the Austrian army annihilated by the Russians in an engagement on the Eastern front.

Scotland won the International football game here yesterday from England by a score of 5 to 3. The teams were as follows: England — Bloomfield, Darton, Kelsey, Garnet, Eardley and Reddyhaugh. Hardy, Dodson Finker, Garnet and Fred Hardy, Scotland — Duff, Currie, Murray, Kelly, Murray, Abbott, Campbell, Kinghorn, Elliott and Brighton. G. S. Russell refereed and the timesmen were A. D. Golden and C. A. G. Armstrong.

#### NEW HAZELTON

Dr. H. C. Wrench, M.L.A., on his return from Victoria last week, announced that an appropriation of \$40,000 had been made for the Burns Lake-Endako road and that a large force of men would be put on the job as soon as possible to work as long as weather permits.

Elijah Dunlap is in the Hazelton Hospital suffering from the effects of a dynamite explosion in his cabin last week.

Father McGrath of Prince Rupert is spending a couple of weeks holidays here and is having good sport hunting grouse.

Little Howard Thornton is in the Hazelton Hospital suffering from a broken leg which he sustained when he was kicked by a horse last week.

Jack Barelay is leaving shortly for Telegraph Creek where he will be connected with the Hudson Bay Co.

Jack Sargent will enter High School at Edmonton, his father having accompanied him there last week.

Mrs. J. D. Galloway left last week for Regina where she will visit with her mother for the next few weeks. Mr. Galloway has left for a month's trip into

Donald Stevenson, chief of the local police force, is in hospital suffering from a fractured leg resulting from the turning over of his automobile last week.

There is an increase this year in attendance at both public and high schools. The enrolment of the former is 304 or 35 more than last year. The high school has 61 pupils, an increase of 23. It will be necessary to obtain another teacher.

Villes Billstra, a native of Holland, who has lived in Prince George for the past two months as a charge upon the provincial government, is being returned by the authorities to his native land. He came to work in a sawmill but became ill.

H. G. Perry, M.L.A., has returned from a four weeks' trip south. He was in Victoria at the time the proposal was made to have the C.N.R. take over the P.G.E. and is confident that such will be the outcome of present negotiations. He also thinks that the road will be completed to join with the Canadian National.

P. E. Wilson, city solicitor, has returned home after a three months' trip to Great Britain and the continent. Mrs. Wilson is remaining over in Hamilton, Ont., to visit her mother.

Rev. S. T. Galbraith, pastor of Knox Church, returned to the city last week with his bride, formerly Miss McIlraith. They were married on August 20 in Lanark, Ont.

#### TOOK LIZARD FROM STOMACH OF MAN

Unbelievable Story Comes From Winnipeg of Reptile Sapping Vitality

WINNIPEG, Sept. 9.—(Canadian Press)—Believe it or not, but surgeons in Winnipeg recently removed a lizard from the stomach of a man who until a year ago was manager of one of the local banks.

For more than twenty years, the parasite is said to have lived in the man's stomach, sapping his vitality and during the past year threatened his life.

The reptile which measured almost six inches in length was discovered only as the result of a fever attack and had been kill-

ed from the effects of turpentine injections during that illness.

Medical men familiar with the case claim the lizard developed from an egg which entered the stomach during the visit to the "old swimmin' ole" in boyhood days. It had kept him thin all his life.

Various examinations and operations had been performed but it was not until an illness this summer that the parasite was discovered. It was removed by an operation and since that time the patient has made remarkable physical recovery and has grown fat.

From boyhood, the patient is reported to have had a ravenous appetite and been afflicted also with terrific thirst. "He drank more water than anyone I ever knew," his father said in speaking of the unusual case.

#### ADDITION TO SPRUCE MILL AT KETCHIKAN

KETCHIKAN, Sept. 8.—To meet the increasing demands for its product the Ketchikan Spruce Mills will build a new plant which will have almost twice the capacity of the present operations, according to announcement made by Eldon J. Duly, manager of the company. The first units of the new plant will be built this winter, work to start in about two weeks, and on these will be expended approximately \$150,000.

A. B. Plea, who is conducting pole operations at Port Clements, returned on the Prince George yesterday afternoon from a business trip to Vancouver and will proceed to the Islands on the first boat.

Mr. and Mrs. R. C. Stanyer of Francois Lake arrived in the city on last night's train and are registered at the Central Hotel. Mr. Stanyer brought a district agricultural exhibit from the Lakes district for the Fair.

Mr. and Mrs. R. Atkins of Vancouver who, in the course of their honeymoon have been spending a few days in the city visiting Mr. and Mrs. H. Atkins, returned south on the Prince George last night. During their stay here, they were the recipient of many wedding presents from Mr. Atkins' former friends.

Provincial Constable Arthur Collins and Special Constable H. A. Ponder sailed for the south on the Prince George last night escorting Joe MacDonald, George Hall and Jack Bremer who are being taken to Okalla to await jury trial on charges of assault with intent, Cecil Rutherford who will do two years at New Westminster penitentiary for false pretences and a patient for the mental hospital from Terrace.

Mrs. Frank Rowell and daughter, Louise, arrived on the Prince George yesterday afternoon from Vancouver and are stopping off for a short time here before proceeding to their home in Edmonton. They formerly resided here, the late Mr. Rowell having been the first G.T.P. passenger train conductor out of here. They are registered at the Prince Rupert Hotel.

## BAN AIDS RECRUITING

TOKIO, Sept. 9. — Since the American Congress passed the Immigration Act including the Japanese exclusion clause, fewer young Japanese are dodging compulsory military service, according to the head of recruiting in Tokio. In former years scores of young men tried to dodge conscription, but this year there have been only half a dozen such cases in the capital.

## STEAMSHIP BURNED HOLLAND, MICHIGAN

HOLLAND, Mich., Sept. 9. — The steamship South American, one of the finest passenger boats on the Great Lakes was destroyed by fire at the dock. The warehouse and drydock was badly damaged, the loss being estimated at \$500,000.

At the request of Jos Greer, president of the Agricultural Association, the City Council last night decided to declare a civic half holiday on Thursday afternoon in order to allow everyone an opportunity to attend the Fair on Prince Rupert Day. On that day there is football, baseball and carnival attractions and a midnight frolic at the Westholme Theatre.

M. L. Aldous, the owner of property on Eleventh Street and Park Avenue writes the city council asking that grading work be done on the streets in which he is interested. The letter read at last night's meeting of the city council which was sent to the Finance committee for preliminary report before going to the Works committee suggests that a road there would help the sale of the property.

## CARD OF THANKS

Miss Nora Kenny, Elks' Candidate in the Carnival Queen contest and runner up, wishes to sincerely thank all her friends who so generously supported her in the recent campaign.

"Where are you men going?" the new boss demanded of two darkies who were shuffling along as if bent on nothing in particular.

"Boss," said one, "we is gwine up to de mill with this heah plank."

"Plank! I don't see any plank!" roared the supervisor.

Not at all disturbed by his tone, the speaker looked down at his hands, then over his shoulder. Finally, to his fellow-worker he calmly observed:

"Well, now, don't dat beat all! Ef we ain't gone an' clean forgot de plank!"—Everybody's Magazine.

**BOXING**, Empress Theatre, Thursday, Sept. 11, 9.15 p.m. Joe Manilla of Ketchikan vs. Brick Skinner of Prince Rupert. 214

It has been arranged to have the native baseball and football games in connection with the Fair take place in the afternoons instead of in the mornings as has been the custom in the past. There are a number of teams from various parts of the district entered in both lines and the games will prove of interest, at least, to the large number of natives who are in the city for the week.

The last minute announcement from Anyox that it would not be able to send a baseball team to the Fair made necessary some quick action on the part of Ben Self and his sports and attractions committee but it is expected that satisfactory arrangements will be made to fill up the program which, until this communication was received, was well in hand.

Although 27 nations have sought possession of the Davis Cup, emblem of team tennis supremacy, only three—United States, Australia and Great Britain—have ever held the coveted trophy. Of these three, United States has seven victories to her credit, Australia six and Britain, five. United States has held it for the past four years and will defend it at Philadelphia with the series starting on Thursday of this week.

The bout at Boyle's Thirty Acres between Harry Wills and Luis Firpo is attracting about as much attention as would a battle for the heavyweight crown and Tex Rickard, promoter, expects to make another financial clean-up as a result. By the time the fight is over, on Thursday of this week, Rickard will have overcome more difficulties, however, than have ever opposed the staging of a prize fight in the United States.

The scheduled Stuart Shield football game last night between the Sons of Canada and Great War Veterans had to be postponed on account of the rain. The Stuart Shield competition will be resumed after the Fair and it is likely there will be a revision of the schedule, four games of the second half yet remaining to be played.

**Football Team Due Tomorrow from Paper Town for Fair Competition**

A football team will arrive here from Ocean Falls by tomorrow's steamer to participate in the Fair Week sport program. It will permit of a triangle series for the championship of Northern B.C. between Ocean Falls, Anyox and Prince Rupert with total goals deciding.

The football schedule for the week will be as follows:  
Wednesday—Anyox vs. Prince Rupert.  
Thursday—Anyox vs. Ocean Falls.  
Friday—Ocean Falls vs. Prince Rupert.

**CASH PRIZES AT WHIST DRIVE BY ELKS LAST NIGHT**

The first prize of \$15 at the whist drive in the Elks' Home last night was won by Percy Cameron and the three other \$5 cash prizes went to Miss Willa Dyer, Andy Donald and Harold Larsen. There were twenty tables.

Refreshments were served under the provision of the Ladies of the Royal Purple and dancing followed, 70 couples taking the floor to the strains of music furnished by the Westholme Orchestra.

Charles Folsom master of ceremonies, L. M. Fuller presided at the door and the committee in charge consisted of Charles Folsom, L. M. Fuller, W. H. Derry and Ben Self.

M. P. McCaffery returned on the Prince George yesterday afternoon from Victoria where, as the representative of the Northern B.C. Timbermen's Association, he attended the recent royalty conference.

## INDIAN LEAGUE TO KEEP PEACE

Four Centuries Ago Similar Organization to League of Nations Was Effective

WASHINGTON, Sept. 9.—The Iroquois Indians beat the League of Nations to it by four centuries. That is what J. N. B. Hewitt of the Bureau of American Ethnology of the Smithsonian Institution has discovered through research of the "League of the Five Nations," which held sway in the New York country when America was young. He has just returned to Washington from further investigation of the organization, of which a remnant exists today in the province of Ontario and the state of New York.

As the Indians of old left no written records, Mr. Hewitt had to depend on tradition, as embodied in ritual, for his main source of information. So far as the present is concerned, 6,000 Indians at Brantford, in Ontario, keep alive the league, under arrangement with the Canadian government, and three small reservations in New York state more or less closely follow the old league regulations. These are the Onondaga reservation near Syracuse, with 565 Indians; the Tonawanda reservation, near Akron, with 539 Indians, and the Tuscarora reservation, near Lewiston, with 376 Indians.

### Its Objective

The preservation of peace was the objective of the League of the Five Nations. Women occupied a pre-eminent place in its structure, and naturalization, the referendum, initiative and recall had a place in its makeup.

The Mohawk, the Onondaga, the Oneida, Cayuga, and the Seneca, tribes of Iroquoian blood, established the league, with a mature constitution, and planned to bring into the federation, in time, all known tribes of men as allies.

Deganawida, the prophet statesman of the Iroquois, was its leading spirit. Hiawatha (not the personage of that name immortalized by the poet Longfellow); Atotopho, a wizard who at first bitterly opposed the plan, and Digoonsasen, a noted chieftainess, urged the peaceful revolution. This was the more remarkable, Mr. Hewitt points out, in an age when fighting was fashionable.

### Blood Feud

The League of the Five Nations came historically into being between 1550 and 1570. It aimed at stamping out the blood feud system, which was killing off the braves! Indians of the nations, and eradicating whatever cannibalism existed. So powerful had the League become by 1701, that it was able to turn over to the King of England in trust a territory 800 miles long and 400 miles wide. Before asking others to disarm, the League disarmed itself. It was badly jarred by the War of the Revolution. Mr. Hewitt finds, but it has survived in a measure until today.

The Indian league had its "World Court" idea, too, for Mr. Hewitt points out that "the federal council, sitting as a court without a jury, heard and determined cases in accordance with established rules and principles of procedure, and with precedent."

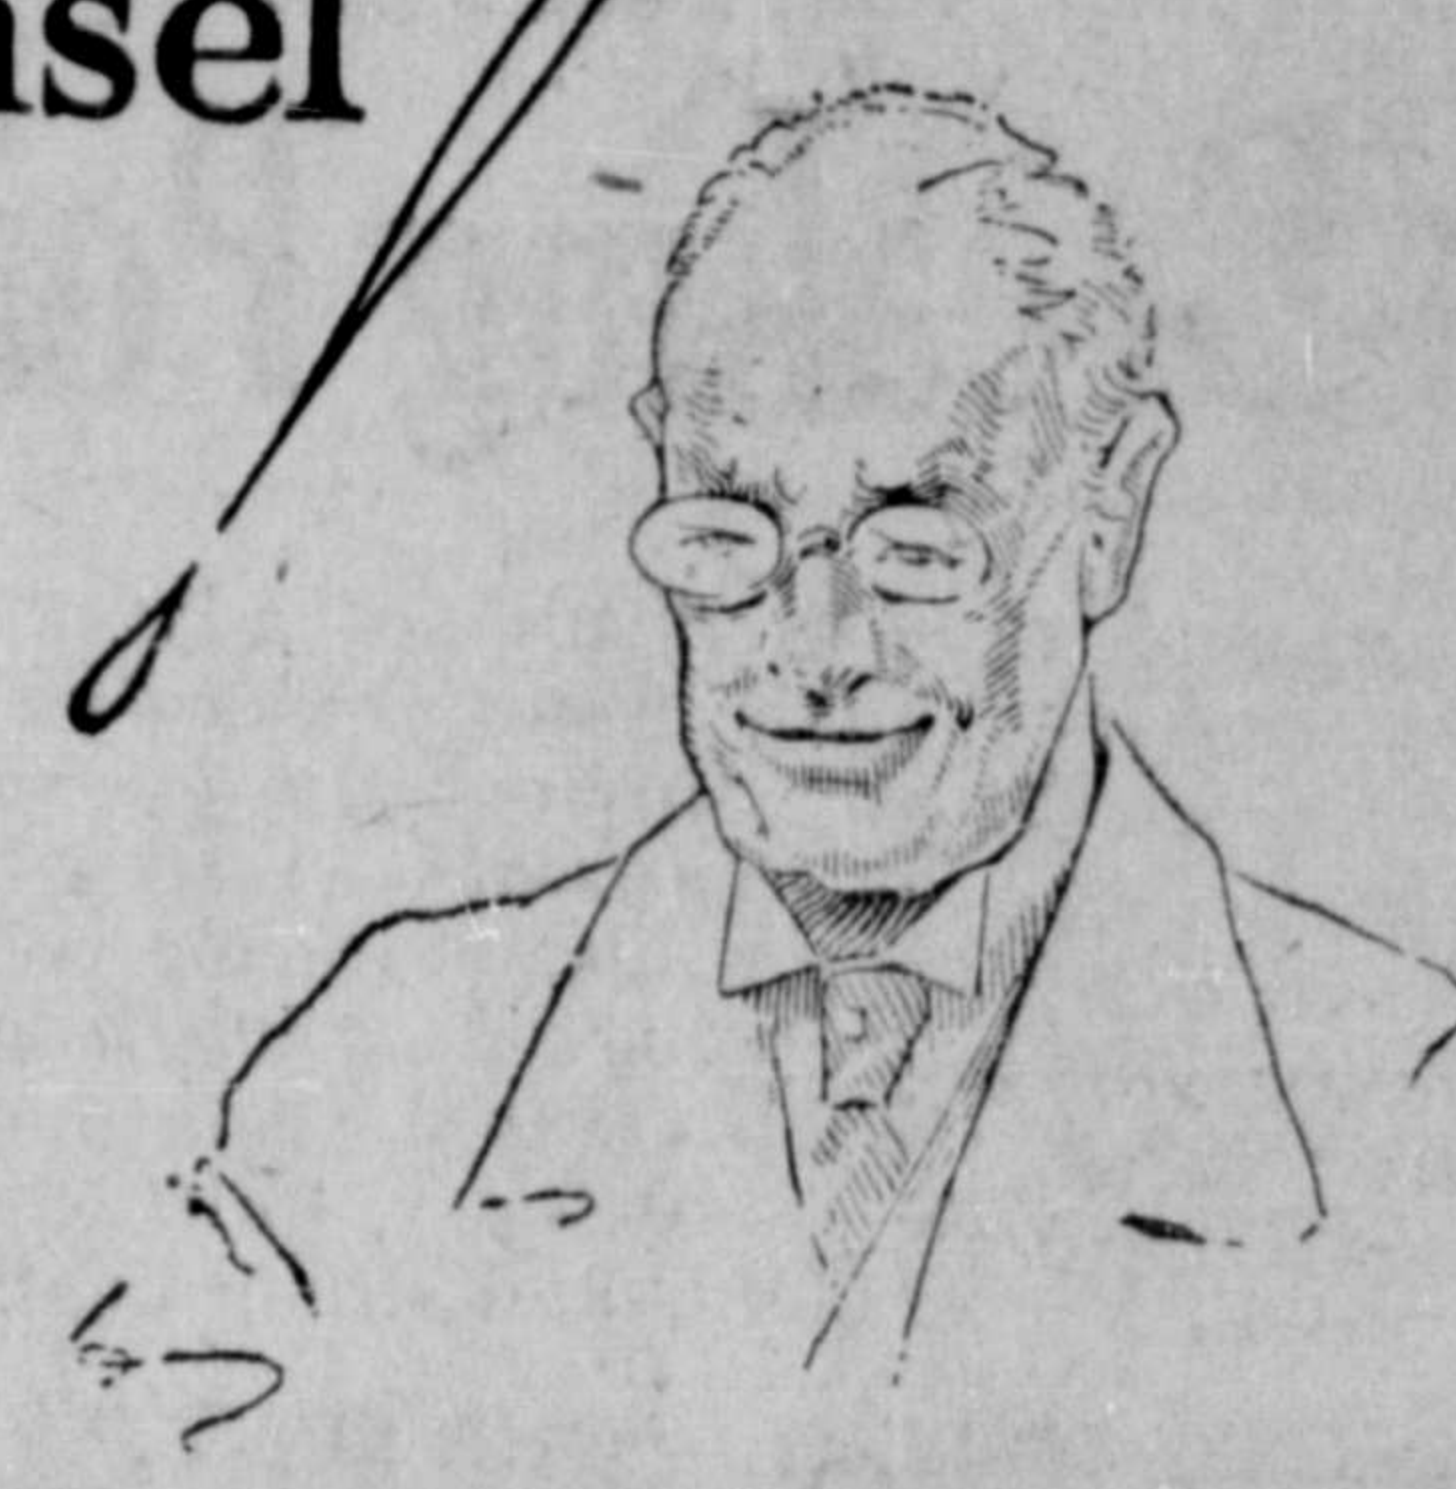

## CAME NEAR SMASHING DRUG STORE WINDOW

Little Weather Witch in Window Annoyed Passers by Who Hoped for Better Things

The window in Orme's drug store came near being smashed this morning. The hope was general that the weather was about to break and that from today on sunshine would prevail in place of the dull clouds of the past few days. The sky was clearing but the little witch in the pretty little houses refused to go in and give the children a chance. Those who looked in the window wanted to club the witch and make her go in but they feared that this would not affect the weather. Disgustedly they turned away and watched for the next number of the Daily News for a coupon for the little weather house so that they might better control the actions of the ugly little old woman.

**NEARLY EVERYBODY WANTS A BUFFALO**

WASHINGTON, Sept. 9.—Requests for buffaloes are pouring into the Interior department so fast that if all applications should be granted, there would be nothing left of the herd nearly 800 in Yellowstone National Park.

The applications follow announcement that some of the animals will be given away because the herd has outgrown its pasture. Some children asked for "little ones for pets." A Sterling, Colorado man ordered two carloads. Another applicant sought a couple "gentle enough to hitch to the front yard." A Georgian wanted one for a birthday present for his daughter.

R. Knox, C.G.M.M. superintendent, arrived from Vancouver on the Prince George yesterday afternoon. He is here in connection with the repairs being done on the Prince John following her recent stranding down the coast.

## CANADA SHOWN AT WEMBLEY

Fred Stork Tells of Features That Appealed to Him

"The taste and skill displayed in the assembling and arrangement of the exhibits in the Canadian section of the Empire Exhibition at Wembley is remarkable," states Fred Stork, M.P., who is just back from a trip to the Old Country in the course of which he spent four weeks at London attending the big Fair. "Indeed, the Canadian section is one of the outstanding features of the show. It is attracting world wide interest. The panoramic displays of scenic beauty, the demonstrations of Canada's industries and productions and the exposition of natural wealth have made an impression that will undoubtedly redound to the great benefit of Canada. Many people will want to come now to see for themselves what was portrayed to them at the Exhibition."

In one section of the Canadian building, a miniature landscape representing 150 miles of land in length is spread out to be viewed from the balconies. It is remarkable indeed in its comprehensiveness and not the slightest detail seems to have been forgotten.

gotten. One may see fields of golden grain, little towns and big cities, grain elevators, forests, rivers, sawmills, and all manner of Canadian industries and facilities. Running through this veritable fairyland are most perfect little trains operated by electricity. They stop at the towns and elevators and find their way to the seaports which are equipped with piers and terminal facilities with the ocean in the distance.

**Enormous Map**  
Another feature to be found in the Canadian building is an enormous map showing the Canadian National Railways as they serve the Dominion of Canada from ocean to ocean. The whole map is illuminated with miniature electric lights which show the movement of the trains. As towns are reached their names are projected in big letters. All important points are thus marked and Prince Rupert and Vancouver, as the Pacific Ocean termini, have prominent positions.

A novel display is a model of the Prince of Wales' ranch in Alberta sculptured in butter under refrigeration. Not the least detail is missed and even the figure of the Prince himself is shown standing beside his horse at the front of the Royal farm house.

"Take the Canadian exhibit out of the British Empire Exhibition and you could not make a bigger hole," said Mr. Stork who gave assurance, however, that the Canadian exhibit was not the only thing at Wembley.

## WET WINTER EXPECTED BIRDS FORECAST IT

VISALIA, Cal., Sept. 9.—A wet winter, greatly needed through California, is predicted by many of the weather wise in the San Joaquin valley, who base their belief on the fact that great flocks of pelicans have paid an unaccustomed visit inland, and that the quail have nested twice in one season.

This summer the quail mated early and again later, bringing forth two families. They will not do this the wise men assert, unless their instinct tells them there will be plenty of feed for the young next season.

## CITY EMPLOYEES NOT COMPELLED TO WORK ON HOLIDAY

The big blast which on Labor Day wrecked the back of one of the stores on Third Ave. is still worrying the city fathers. Last night the board of works brought in a report that the blast was excusable but that the foreman is instructed to take better care in future.

This did not satisfy Alderman Collart who said it had been claimed at a previous meeting that men had been compelled to work on the holiday. This he had found was not true. The foreman had worked and several men had come along and asked to be allowed to go to work. The report did not deal with this, the matter that they had been asked to investigate.

Alderman Macdonald said he was satisfied that what Alderman Collart stated was correct. He had been informed just before the last meeting that men had been compelled to work and had brought the matter to the attention of the council. Since that he had investigated and found that it was not the case.

Alderman Casey insisted that it go back for further report so it was decided accordingly.

### GIVES BOOKS TO JAPAN

LONDON.—By passing the diplomatic and consular vote the House of Commons sanctioned the gift by the British Government of \$125,000 for the purchase of books in Great Britain for the Tokio Imperial University.

The library of the university was destroyed in the earthquake of last year, and this gift is in restitution.

## CONNECTING FIFTH AVENUE WITH HAYS COVE DISCUSSED

### Proposal to go Through School Ground Causes Difference of Opinion

The question of how to connect Fifth Avenue with Hays Cove bridge was discussed at the meeting of the city council last night and will be further discussed by the board of works as soon as necessary surveys have been made by the engineer. The council objects to building a new trestle if it can be avoided.

A motion to ask permission of the school board to use part of their property for the road so as to avoid the deep gully gave rise to some debate. Alderman Collart and Alderman McMorde favored following the present route as closely as possible but the mayor wanted to build Sixth Avenue in a direct line through the school grounds to the bridge.

This it was pointed out would cut into the school grounds and probably would not meet with the approval of the trustee. The mayor complained that Alderman Collart was shifting his ground but the alderman claimed that he had not changed his views but that the mayor did not understand. The matter was left in abeyance until the report of the engineer with proper surveys had been received, when it will be taken up with the school board.

## WHALEN MILLS PAYING WAY

Receiver in Charge of Swanson Bay and Other Plants Making Good

The three mills of Whalen Pulp & Paper Co. are now being operated, says the Financial Post. The Swanson Bay mill is turning out lumber; the Port Alice has been going at capacity since July 1, while the third plant has been operating steadily. The product of all mills is sold up to the first of the year. Whalen is at present being operated by a receiver, while an attempt is being made to straighten out its finances. Operations have steadily improved, and though the markets are not the best, the receiver is able to pay his way.

Pres. Thos. McGarry is quite optimistic in regard to the future. The committee of bond and debenture holders will meet in the not distant future to deal with reorganization proposals. Mr. McGarry was not prepared to discuss any proposals as yet, but he was certain that things would work out all right for the bond and debenture holders. He expressed pleasure at the confidence shown by the debenture holders, 70 per cent of whom have already deposited their certificates with the committee. Notices going out were delayed, and more are to be expected.

### Sells to Japan

The Whalen Company has developed an excellent customer for its pulp and lumber in Japan. The earthquake proved quite a blow to the company. However, the Japanese market is recovering rapidly and is much better now, while the lumber situation at the coast is also improving.

Pres. McGarry would not reveal his organization's hopes and aims which included a paper mill, but there is every reason to
