LLOYD GEORGE ATTACKS LABOR PREMIER

HEAD OF BRITISH GOVERNMENT SENT MESSAGE TO NEWSPAPER MEN OF U.S.

Lloyd George Attacks Ramsay Macdonald and Policy of Labor Party

Declares Europe has Grown Tired of Idealism and is Falling Back Despairingly on Materialism.

LONDON, April 25.—Lloyd George, speaking at Llandudno last night, declared that with patience, work and indomitable courage the United Liberal party would win its way back to power. He said that Premier Macdonald's statement that he was going to remain in office three or four years in order to implement the Labor Party's idea was humbug. The Labor Party's ideas were to overthrow the existing system of private enterprise and property and to substitute for it national enterprise and property and to substitute for it national enterprise and communal property.

POINCARE ON HIS POSITION

Outlines Governmental Policy Toward Germany and Insists on Debt Payment

PARIS, April 25.—Premier Poincare in an election speech outlined the program of the new cabinet and said he would seek to accomplish a general settlement with Germany but he would not exchange solid guarantees for mere German promises, the insincerity of which, according to past experience, does not inspire confidence. France will not rely blindly on an advance on the debt by those who, up to the present, have done nothing to discharge their obligations. France proposed to make it to Germany's interest to pay her debt and would preserve a conciliatory spirit without sacrificing prudence. He said all this would be a thankless task for several years.

MAKE SURVEY ON EDUCATION

Government to go into Whole Question This Coming Summer Says Willis

VANCOUVER, B.C., April 25.—A survey of the British Columbia schools and the educational system is to be made this coming summer by a commission of experts, according to an announcement made at a banquet of school teachers here last night by S. J. Willis, superintendent of education. The minister of education will make an official announcement in regard to it in a few days.

SIX HUNDRED DIVORCE SUITS

New Law in England Brings Many Women Petitioners Into Court

LONDON, April 25.—A striking feature of the forthcoming court term here is the large number of divorce suits brought by wives under a new act which gives women equal rights with men in grounds of divorce — namely proof of misconduct. There are nearly six hundred undefended divorce suits entered on the court lists.

ARE RETURNING FROM MONTREAL

F. G. Dawson and J. H. Pillsbury Due to Arrive Here Tomorrow Afternoon

F. G. Dawson and J. H. Pillsbury are on the train which is due to arrive here tomorrow night. They are returning from Montreal where Mr. Dawson has been attending a meeting of the directors of the Canadian National Railways and Mr. Pillsbury has been in connection with the effort to secure the contract for the building of the Alaska steamship for which tenders had been called and on which the local shipyard was bidding.

FRENCH AIR MAN LEAVES FOR TOKIO

Eleven Hour Jump From Paris to Bucharest Made by Military Aviator

PARIS, April 25.—Lieut. Peletier Doisy, French military aviator, hopped off from here yesterday and in less than eleven hours landed at Bucharest, covering a distance of nearly 1,250 miles in a non-stop flight. Doisy is on his way to Tokio.

DOUBLE WEEKLY BOAT SERVICE IS STARTING

Prince Rupert Will do Mid-week Anoxo Run and Prince George Will do to Stewart at Week-ends

WINNIPEG, April 25.—Following the promise given to foresters in meeting in Montreal several weeks ago, the Canadian National Railways have placed at the disposition of the Forest associations all the radio broadcasting facilities during "Save the Forest Week"—April 27 to May 3rd. During this week, the radio broadcasting stations of the Canadian National Railways in Montreal, Ottawa, Winnipeg, Saskatoon and Calgary, Regina and Edmonton will be utilized to further the campaign for the preservation of the forest resources of the Dominion.

W. H. Kilby, chief of forest protection, Canadian National Railways, has co-operated closely with the government and other forestry departments and such prominent men as Sir Lomer Gouin, Hon. Charles Stewart, minister of the interior, J. W. Dafoe, editor Winnipeg Free Press, Hon. G. M. Hamilton of the Saskatchewan government, Hon. Geo. Hoadley of the Alberta government, Dr. Walter Murray of the Saskatchewan government and other men intimately concerned with the conservation of the forests, will speak from these stations.

This is the first time in the history of Canada that the radio has been used on such a widespread scale to support a campaign of national importance. The welfare of the Canadian National Railways is closely identified with the preservation and economical development of all Canada's natural resources and one of the objects in view, when the radio programs of the Canadian National system were decided upon, was the assisting in such campaigns as "Save the Forest Week."

Six Canadian halibut boats marketed catches totalling 23,700 pounds at the Fish Exchange this morning. There were no American arrivals.

The day's transactions were as follows:

Johanna, 12,000 lbs., at 10c and 6c, and Iris, 1,700 lbs., at 10c and 6c, to the Canadian Fish & Cold Storage Co.

W. & F., 2,500 lbs., at 10c and 6c, and D. S. T., 3,000 lbs., at 10c and 6c, to the Atlin Fisheries.

Viola, 3,000 lbs., at 10c and 6c, and Ethel June, 1,500 lbs., at 10c and 6c, to the Royal Fish Co., Graham Island.

Zuin Yamamoto, an ardent Buddhist, is shown at work on his masterpiece, a Japanese goddess of mercy, being made from the bones of earthquake victims. It will be placed in the Mantokuji Temple in Tokio.

Premier Ramsay Macdonald Sends Greetings to American Press at Dinner of Newspaper Publishers

NEW YORK, April 25.—Prime Minister J. Ramsay Macdonald of Great Britain sent a message through Sir Esme Howard, who delivered an address at the annual dinner of the American Newspaper Publishers' Association here. He said he liked the idea of saluting the American press for he felt he was saluting a powerful colleague in maintaining and strengthening the real understanding between two peoples.

"The more I study the present plight in Europe," said the message, "the more I feel in the long run that the moral and material future of humanity must depend to no small extent upon the cordial friendship and generosity of sentiment between our two nations."

Irish Boundary Crisis Between North and South Said to be Acute but Resort to Force Not Likely

LONDON, April 25.—The situation brought about by the collapse without result yesterday of the Irish boundary settlement conference at the Colonial Office was described generally last night as the gravest in the Irish crisis since the Anglo-Irish treaty, giving autonomous government to Ireland, was signed in 1921. Despite alarmist reports and rumors, however, government observers believe there is no likelihood of another war in Ireland in the near future.

The conference which broke down yesterday was endeavoring to adjust the boundary between Ulster and the Irish Free State. It was attended by delegates from both sides. Since the principle of Dominion rule was adopted in Ireland as well as the general idea of dividing the country into two self-governing states, this question of boundary settlement has presented a stumbling block which once again does not show any immediate signs of being removed.

VICTORIA, April 25.—Authorizations for work on roads, trails and bridges issued last week by Hon. Dr. W. H. Sutherland, minister of public works, include the following in Omineca and Prince Rupert districts:

Omineca

Bridge expenditures — Hynes Settlement, \$150; Burns Lake, \$500; Hazelton, \$500; Hagwilget suspension, \$650; Skeena, \$350; Smithers, \$400; Quick, \$500; Pleasant Valley, \$200; Houston, \$200; Doods Creek, \$350; Me-Exoy, \$100; Bulkley suspension, \$500; Savory, \$6,000; Endako River No. 1, \$3,000; Endako River No. 2, \$3,000; Johnson Creek, \$4,000; Grassy Creek, \$350.

Flyer Coming Monday to Explore Interior Route for Britisher

VANCOUVER, April 25.—Flight Lieutenant Earl McLeod will fly to Prince Rupert Monday. Squadron Leader A. Earl Godfrey has received orders from Ottawa to report on the alternative northern route for the British round the world flyers when they pass through British Columbia within a few weeks in their big three man Vickers Vulture amphibian.

Mr. McLeod will cover the proposed route by way of Hazelton, Fort Fraser and other northern points to a lake north of Edmonton.

It is pointed out that the northern route is 300 miles shorter than that by way of Vancouver. Also there are many lakes available along the northern route suitable for landings and the mountain passes are lower.

TAMMANY HEAD DIED NEW YORK

Charles E. Murphy was Native of New York and Succeeded Richard Crocker

NEW YORK, April 25.—Chas. E. Murphy, leader of Tammany Hall, died today. He was born here 66 years ago and succeeded Richard Crocker as chief of this country's most famous political organization. Death was due to acute indigestion.

Tammany Hall is the headquarters of New York's central democratic political organization. It was formerly a benevolent association and was named after an Indian Chief. For many years it has exerted a powerful influence over political movements in New York. The leaders of the organization have in many instances used their power in a manner which has brought discredit to the party with the result that the word "Tammany" is used throughout the English speaking world as a synonym for autocratic political control or for corruption. Unlike heads of Canadian political organizations, the head of Tammany has usually managed to accumulate wealth.

WOULD REDUCE FOOD TARIFF

Labor Members Suggest Going Further than Liberals in Reducing Customs Charges

OTTAWA, April 25.—An immediate and substantial reduction of the tariff on the necessities of life including foodstuffs, clothing and building materials is the substance of an amendment to the budget moved in the House of Commons by J. Woodsworth, labor member for Winniperg.

Mr. Woodsworth suggested that the loss of revenue, if any, consequent upon the reduction shall be made up by an extension of the income tax to make it bear more heavily on unearned income, a tax on unoccupied lands and an inheritance tax on large estates.

THIEPAL AT ATTU EARLY IN THE WEEK

VICTORIA, April 25.—Steamer Thiepal, with stores for the British round the world aviators, has arrived at the Island of Attu on the Aleutian group where fuel deposits will be made. The vessel reached Attu on Sunday, according to word received here.

TEN MILLION FOR VANCOUVER

That is Amount Expected to be Loaned by Order of Parliament to Harbor Board

INCREASED FACILITIES

Two Elevators Will Take Care of 125,000,000 Bushels of Grain a Year

OTTAWA, April 25.—Development of the western outlet for grain at Vancouver will be provided in a grant of ten millions by way of a loan to the harbor board of that city. Last year a bill was introduced in the house of commons by Hon. Ernest Lapointe, then minister of marine and fisheries, providing for the sum of \$5,000,000 to be advanced by the dominion government to the harbor commission. This year the amount to be provided in a similar manner will, it is understood, be doubled.

Confer with Minister

It was intimated some time ago that the Vancouver harbor board would ask for \$18,000,000, but it is understood the federal authorities are not prepared to make such a large outlay this year. While the sum of \$10,000,000 has not been officially decided upon, it is expected a bill providing for this amount will shortly be submitted to the house by Hon. P. J. A. Cardin, minister of marine and fisheries. Col. H. G. Fitzpatrick, chairman of the Vancouver harbor commission, has been in the city for some time conferring with the minister and deputy minister of marine and fisheries, and outlining the needs of his board this year. New jetties will have to be built to handle the increasing amount of grain and other freight passing through that port.

North Vancouver

Some development of North Vancouver is also planned and the commission is asking for cold storage facilities. Construction has already begun at that port of the elevator for the Terminal Grain Elevator company, back of which is Spillers, Limited, the largest British milling concern.

That elevator, when completed, together with the present government elevator will take care of 125,000,000 bushels of grain, mostly wheat, during a year, so that no more government elevator facilities will be required for some time.

RAILWAY RATES THOUGHT HIGH

Failure of U.S. Congress to Make Reductions Will Injure the Republicans

WASHINGTON, April 25.—(By Canadian Press).—Proposals for a comprehensive revision of railroad laws which were numerous when the present session of the United States congress opened will in all probability come to nothing.

The Senate Interstate Commerce Commission has decided to begin hearings on the different bills to change the rate-making provisions of the transportation Act, but as these hearings will not begin until more than four months of this session of congress has passed, it is not expected that they will result in any action being taken.

Advocates of the changes in the railroad laws say that the Republican organization in both the House and the Senate is controlled by members who want to see the present Transportation act continued and that this organization has blocked any action on the revision proposals.

Republicans, on the other hand, charge that Democratic advocates of railroad law revision are not sincere and that their advocacy is a political ruse.

It is apparent that there is not likely to be any comprehensive revision of railroad laws until the new congress is elected and that no downward revision of rail rates in the United States can be expected.

The political effect of the failure of Congress to deal with the railroad question and the question of freight rates, except in a mild and ineffective way may be far-reaching. It is almost sure to increase the troubles of the Republicans in the agricultural states. The Republicans, being the party in power, will be held responsible for failure to lower freight rates. Feeling in the agricultural states that the freights are excessive is extremely bitter.

Ten Years Ago in Prince Rupert

April 25, 1914.

A baseball club was organized last night with the following officers: Honorary President, William Manson, M.P.P.; President, V. A. Cole; vice-president, W. V. Vance; secretary-treasurer, J. A. Edwards; manager, Fred Henning. A challenge from New Hazelton for a game there on May 24 has been accepted.

A Ramblers' Club was organized last night with the following officers: Honorary President, Judge F. McB. Young; president, Mrs. H. L. Roberson; vice-president, H. M. Hemmell; secretary-treasurer, Mr. Howitt; committee, Miss Jenks, Miss Du Vernet and Miss Enoch.

Pete Sigurdson of Prince Rupert and Bert Caldwell of Rock Springs, Wyoming, will meet in a wrestling match at the McIntyre Hall tonight. There will be several boxing preliminaries.

JUDGE CRITICIZES FINDING OF JURY

Mr. Justice MacKenzie Declares Law Becoming Useless When Offenders Let Go

MOOSE JAW, April 25.—"While the three of you are evidently as guilty as you can be, only two of you have been proved guilty. The jury in the McElroy case returned a verdict quite against the evidence brought out and have struck a shocking blow at the administration of justice. The jury may have failed to discharge their duty but that is no reason why I should fail to discharge mine." This was the comment of Mr. Justice P. E. MacKenzie in the court of King's Bench here when passing sentence upon H. A. Macdonald, the railway mail clerk, found guilty of receiving a blouse and chemise, the property of the post-master-general.

His lordship had other remarks to make during the plea of counsel for the accused that leniency should be shown in view of the jury's verdict. His lordship interjected that he was beginning to wonder if there was any use in having courts of justice. The law was becoming useless. Parents do not assume responsibility for their children, and people were continually running to the legislature and then they failed to live up to the laws that they have passed.

Macdonald was sentenced to fifteen months in the Regina jail. G. D. Armour, the third railway mail clerk, pleaded guilty to receiving stolen goods. He was sentenced to twelve months.

WINNIPEG, April 25.—Winnipeg's proposed tax rate for 1924 fixed at 28.5 mills by the civic finance committee last night, was confirmed by the city council. As the result of persistent opposition and protest on the part of labor members of the council, restoration of certain departmental estimates were made.

The 1923 budget calls for an expenditure of \$8,511,446, while the tax rate represents a reduction of one mill over last year.

THE WHOLE FAMILY WAS LAID UP WITH SEVERE COLDS

On the first appearance of a cough or cold our advice to you is to get rid of it before it has a chance to grow worse; gets settled on the lungs, and causes bronchitis, pneumonia, or other serious lung troubles.

Dr. Wood's Norway Pine Syrup will immediately relieve the cold or cough on its inception.

Mrs. David Ayres, Kearney, Ont., writes:—"Our whole family was laid up with severe colds, and we didn't seem to be able to get any relief from anything we used until, one day a friend came in and told me we would be sure to get rid of our colds if we used Dr. Wood's Norway Pine Syrup. I decided to take her advice, and in no time our colds were all gone.

Now, knowing the value of your remedy, we will always keep it on hand so as to have it in case of emergency."

Dr. Wood's Norway Pine Syrup is 35¢ a bottle; large family size 60¢; put up only by The T. Milburn Co. Limited, Toronto, Ont.

WAS CONSTIPATED FOR SEVERAL YEARS

If you have suffered from constipation for years, tried all kinds of remedies without getting relief, if you have been subject to all the misery associated with constipation, wouldn't you consider it a blessing to be able to keep the bowels regular and in a good healthy condition and prevent disease getting a foothold on your system?

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation. Mr. M. Hedican, Sudbury, Ont., writes: "I have been troubled with constipation for several years. I began to use Milburn's Laxa-Liver Pills and find them to be the best remedy I have ever used for regulating the bowels and liver. I always keep them now and recommend them highly."

Milburn's Laxa-Liver Pills are 25¢ a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ESKIMOS MET DEATH WITHOUT ANY CONCERN

Other Natives Took no Notice of Execution of Their Country-men in North

EDMONTON, April 25.—The unconcern with which natives of the far north meet death, is emphasized in a letter received on Friday with the first batch of mail from the top of the map, by the Northern Trading Company here.

The manager of the N.T.G. at Aklavit writes regarding the execution of Alikoniak and Tatamagan at Herschel Island on February 9. The two men were held under close observation by the R.C.M.P. in the barracks of the Arctic Sea Island, awaiting execution, and everything proceeded according to the usages of the outside world.

On the day prior to that fixed for the execution the Eskimos were informed that their hour had arrived. They received the news with the utmost unconcern. They only evinced interest in the manner in which they were to die. When informed the execution was to take the form of hanging, they replied, "All right," and apparently gave the matter no further consideration.

The two natives were put to death in the old "bone house" of the American whalers, and everything went without hitch. The other natives in the vicinity went about their usual avocations of making garments and cooking without being in the least disturbed; there was no fuss of any kind, and a stranger on the island would not have been aware that the two men were paying the penalty of their crimes with their lives.

"The hanging was most successful—from the executioner's point of view, at least," said the Arctic letter writer.

GERMAN BIG GAME HUNTER OUTFITTED HERE ON THURSDAY

Hans Otto of Reichenbach One of First of Many Big Game Hunters Coming Here this Year

Hans Otto of Reichenbach, Germany, was in the city yesterday outfitting for a ten days' hunting trip after grizzlies in the Mount Robson region. He arrived from the south on Wednesday and left for the east on last night's train. A stop-off at Hazelton is on his itinerary.

Mr. Otto is one of the first of a large number of big game hunters from Europe and United States who are expected in the central B.C. district this year.

DUNWELL MINES TO SHIP IN AUTUMN

Announcement is made by R. M. Stewart, managing director of the Dunwell Mines, Ltd., which recently proved the extension of its high grade vein to a depth of 600 feet, that plans are being formulated to ship ore this fall on completion of the wagon road to the mine and to carry on continuously thereafter. In a bulletin to the shareholders, Mr. Stewart states:

"A fair average of this ore body with a little sorting would be from \$125 to \$150 per ton, but taking the lower figure we can safely say that we have ore that when shipped will give us \$100 to the ton after all charges are paid."

"As a basis for figuring and taking only ten tons per day, it will be at once seen that it can produce more than the entire capitalization of the company (\$350,000) each year and this tonnage can be increased to any extent found advisable."

"Keeping in mind that a mine should be put on a paying basis at the earliest possible moment, the management are giving their greatest attention to this phase of the mine operation and the shipment of the high-grade ore should be able to take care of all development work, equipment and extensions, and provide for the shareholders at the same time."

BRINGING UP FATHER

INCREASED OUTPUT OF CANADIAN FORDS

Forty-Three per cent Were Shipped to British Overseas Dominions

FORD, Ont., April 25.—An indication of the healthy growth of Canadian Industry during the first three months of 1924 is contained in the fact that 43 per cent of the entire production of the plant of the Ford Motor Co. has been shipped to British Overseas Dominions. When compared with figures concerning shipments of cars throughout the Dominion of Canada, this makes a truly remarkable showing.

Is Anything Wrong With Your Skin?

WHETHER it's a cut or scratch, an outbreak of pimples or rash, or a case of fiery disfiguring eczema, you need Zam-Buk.

You can always rely upon this grand herbal balm to soothe pain, draw out poisonous matter and inflammation, and quickly end the worst attack of skin disease.

A daily dressing of Zam-Buk keeps the skin healthy and free of a blemish. It is a real skin medicine and of a different nature entirely to ordinary ointments or salves.

ZAM-BUK is proved a marvellous success in the treatment of acne, rheumatic pains, warts, ulcers, piles, cuts, sore blisters, chilblains, burns, scalds, etc. 30c. box or \$1.25. of dealers everywhere.

In addition to the huge plant at Ford, and the three assembly plants located at Montreal, Toronto and Winnipeg, there has recently been opened an assembly branch at Port Elizabeth, South Africa, where about 300 cars per month will be turned out.

OPPOSED TO FLEXIBLE TARIFF PROVISIONS

Effort to Artificially Raise Cost of Agricultural Products Violative of Law of Economics

WASHINGTON, April 25.—(By Canadian Press)—Far-reaching possibilities with respect to the future tariff policy of the United States rest in the McNary-Haugen bill for a government commission to promote the exportation of surplus agricultural products.

A feature of the bill is a provision under which the president would be enabled to put tariff rates on wheat and other agricultural products practically at the prohibitive point.

This tariff provision in the bill is resounding in protest from eastern high tariff advocates.

Chairman Thomas O. Marvin of the tariff commission recently told the House Ways and Means Committee that he looked on the tariff feature of the bill as unconstitutional and that he regarded the scheme to raise agricultural prices as violative of the laws of economics.

Zam-Buk

SCOTHES, PURIFIES & HEALS.

and are following each other or sailing in fleets to the various ports where ocean vessels load. In one day this week 20 boats took away 3,396,000 bushels of wheat. While most of the boats go to Montreal a good many discharge their cargoes on the American side.

RUSHING GRAIN OUT FROM HEAD OF LAKES

There is a strong suspicion in connection with the dispute that somebody high in authority in the ministry of health plays golf.

Sport Chat

The various organizations which will field teams in the football, baseball and lacrosse leagues this year have got the task of assembling players pretty well lined up. Especially is this the case as far as the prospective soccer aggregations are concerned. The Sons of Canada, Callies and Sons of England have their ranks practically filled and the Great War Veterans, having organized Wednesday night, are now on the job. The Baseball Association plans a more even distribution of players this season and to that end a census of baseball talent is being taken. Next week the list so obtained will be checked over by the Association and a distribution of players will likely follow.

Georges Carpenter, the French boxer, must look pretty soft to the boys, otherwise there would not be such a scramble on the part of Tommy Gibbons and Gene Tunney to get first chance at him says an Eastern sports writer. Evidently they figure Carpenter won't be able to be around for the second trip. The fact is the handsome athlete, who less than three years ago, was up there battling Jack Dempsey, is now considered easy pickings and unlikely to prove a drawing card after one more appearance in New York. Eddie Kane, manager for Gibbons and Jack Curley, friend of Carpenter, outmaneuvered Billy Gibson, manager of Tunney, when they crossed the Atlantic and had Carpenter and his manager, Desamps, sign for a bout with Gibbons at Michigan City on May 31. According to Gibson, the Frenchman earlier agreed to bathe Gibbons on July 4 next. Gibson asserts he will not be bought off and says he will insist that Carpenter take on Tunney before meeting Tommy Gibbons.

REGIMENTAL SHOOT AT MINIATURE RANGE

Lamb and Brass Tie For Highest Scores, Making 23 Out of a Possible 30

At the miniature rifle range last night a shoot was conducted under the auspices of the North B.C. Battalion with Captain Cameron in charge. Lamb and Brass headed the scorers, tying with 23 out of a possible 30. Following is the complete list of scores:

Lamb 23
Brass 23
Floyd 21
Horrobin 21
Hunter 20
Smith 18
Beale 18
McEwen 17
Kelly 17
Bell 16
Walter 13
Eastman 12
Onum 12
Gawthorne 12
Squires 12

The students at Oxford are accustomed to playing golf at Cowley, but the Cowley parish council objects to the golf balls being driven across a public footpath which is unavoidable if the golfers are to reach a certain green. In connection with the matter the parish council has appealed to the ministry of health, that all-embracing department of the government which gives its benediction to or proclaims its veto upon the activities of the local governing body, and in consequence the department is up against a fine problem. The ministry has replied that no statutory provision can be found prohibiting the propulsion of golf balls across a public footpath.

The parish council, however, has dug a bit deeper into the law on the question of golf balls and footpaths than has the ministry of health and it has discovered that the Firearms act makes it illegal to drive or propel "any missile" across a highway. Consequently the legal definition of what constitutes a missile may have to be settled by the courts and may find its way to the law lords as intimated.

There is a strong suspicion in connection with the dispute that somebody high in authority in the ministry of health plays golf.

PARISH COUNCIL IS OPPOSED TO GOLF ON HIGHWAY AT OXFORD

LONDON, April 25.—Is a golf ball a missile? This is a question that may yet reach the dignity of an appeal to the law lords from a decision of the ministry of health in connection with the playing of golf by Oxford university students.

The students at Oxford are accustomed to playing golf at Cowley, but the Cowley parish council objects to the golf balls being driven across a public footpath which is unavoidable if the golfers are to reach a certain green. In connection with the matter the parish council has appealed to the ministry of health, that all-embracing department of the government which gives its benediction to or proclaims its veto upon the activities of the local governing body, and in consequence the department is up against a fine problem.

The ministry has replied that no statutory provision can be found prohibiting the propulsion of golf balls across a public footpath.

The parish council, however, has dug a bit deeper into the law on the question of golf balls and footpaths than has the ministry of health and it has discovered that the Firearms act makes it illegal to drive or propel "any missile" across a highway. Consequently the legal definition of what constitutes a missile may have to be settled by the courts and may find its way to the law lords as intimated.

There is a strong suspicion in connection with the dispute that somebody high in authority in the ministry of health plays golf.

LLBOARDS TO BE BANNED IN SOUTH

BAND GAVE CONCERT AT ANYOX AND MADE SPLENDID IMPRESSION

Standard Oil Co. Takes Lead in Movement For Beautification of Roads

SAN FRANCISCO, April 25.—Final steps by civic organizations to eliminate billboards on the highways of the Pacific coast, are expected to result in the impetus given the movement by the Standard Oil Company of California, which torn down 1,200 of its roadside signs in California, Oregon and Washington.

The company removed its highway advertisements on the ground that they detracted from the beauty of the roads, and ordered that hereafter such signs should be confined to commercial zones.

There was instant public response up and down the coast, J. Kenneth R. Kingsbury, president of the company. "We have editorials," letters and telegrams from the hundreds indicating a keen feeling exists concerning the marring of our great highways by signs."

The Syklone Boulevard, a great highway being completed from San Francisco southward along high ridge overlooking the Pacific ocean, is reported to be cleared against billboards.

Civic organizations all over the state have adopted resolutions amending the stand taken by Standard Oil Company, and urging on other organizations to ban highway signs.

ETHODIST CHURCH GIRLS ENTERTAINED

Mr. and Mrs. Boys Were Guests of Canadian Girls in Training Last Night

The Canadian Girls in Training of the Methodist Church entertained the church choir and the Boys at a social held last night in the social hall of the church. There were about 60 persons present and the evening pleasantly spent in playing cards. Refreshments were served.

The affair, which was in charge of the C.G.I.T. executive, was under the general supervision of Miss Haddock.

RIDLEY HOME SHOWER BY LADIES' AID OF BAPTIST CHURCH HELD

ANYOX, April 25.—On the occasion of its latest appearance, the Anyox band rendered a delightful concert to an appreciative audience, a splendid program being provided, the added numbers of which were song selections by Mrs. E. Morning and J. Hegarty. Both singers received well-merited encores, as did Bandsman Stevenard, who rendered a cornet solo in fine style. The rest of the program was in keeping with the usual high standard of the band's offerings, and the next appearance of this excellent musical organization will be looked forward to with considerable eagerness on the part of Anyox music lovers. The program was as follows:

March, Land of the Maple; Schottische, It Blew, Blew, Blew; Cornet solo, P. Stevenard; Overture, Le Diademe; song, F. Hegarty; March, Bonnie Brier Bush; gavotte, Echoes des Bastions; waltz, Daughters of Love; solo, Mrs. E. Morning; overture, Fair Maid of Perth; march, Old Comrades.

ROMANTIC BOTTLE FLOATED 42 YEARS

Rockaway Beach Resident Receives Message from an Irish Colleen

NEW YORK, April 24.—(By Canadian Press)—While walking along Rockaway Beach recently, Frank Pick, who lives at the resort, noticed a green bottle which had been washed in by the waves. The top of the bottle was sealed and inside was a piece of white paper. Pick broke the neck and read the following message on the paper:

"This bottle was cast into the sea at Kingstown in the County of Dublin, Ireland, on the 4th day of December, 1882, by Elizabeth Kinch, Pav Lane, Kingstown, age 18 years. Hope some nice boy finds and returns it to me."

Pick said he would inform the sixty-year-old woman that the bottle had ended its journey.

EASTER DANCE IN ELKS HALL, ANYOX, ON MONDAY

ANYOX, April 25.—The Easter dance in the Elks' Hall on the night of Easter Monday brought out a capacity crowd and an enjoyable evening was passed by all who attended. The hall was tastefully decorated in the colors of the order, and the newly renovated supper room was responsible for a lot of favorable comment. It is a great improvement, and the volunteers who did the work are to be congratulated on a job well done. For the occasion, a special supper was prepared and full justice was done to the delicacies with which the tables were well supplied.

SNOW ON PRAIRIES STOPPED FARM WORK

Yesterday it was reported that some of the farmers in the district had started their spring work, but another snow storm has caused a further hold-up. It has been one of the longest in-between seasons on record and these always try our patience. But there is no occasion for worrying yet because the actual spring has so long delayed. A year of this character has nearly always turned out well. According to the first fortnightly crop report of the provincial department of agriculture issued Monday, moisture conditions were very satisfactory and they are more so now. It is to these that heed should be paid rather than to the earliness or lateness of seeding.—Edmonton Journal.

ANCIENT CAR WAS CAUSE OF TROUBLE

Accident Result of Lack of Automatic Signal System and Poor Cars

NEW YORK, April 25.—(By Canadian Press)—Records of the New York Transit Commission revealed that one of the wooden cars in the recent fatal wreck on the Queen's elevated road, was thirty-nine years old. This was the fifth car on an elevated train that crashed into another train and caused the death of one person and injured thirteen.

Three of the other cars on the train were built in 1887, two in 1894 and one in 1885. The first car on the train which was almost demolished, was built in 1891. The cars on the four-car

PROCLAMATION

BYNG OF VIMY

[L.S.]

CANADA

GEORGE THE FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.

To all to whom these Presents shall come, or whom the same may in anywise concern.

GREETING:

A PROCLAMATION
E. L. NEWCOMBE, Deputy Minister of Justice, Canada

WHEREAS the protection and perpetuation of our forests are vital for the continued industrial welfare and national strength of Canada and to its individual health, comfort and prosperity;

And Whereas it is shown by the statistics of the several forest authorities of the Dominion that the forest resources have suffered enormous losses through the occurrence of forest fires and that the loss through such fires has far exceeded in amount the depletion in timber wealth through legitimate cutting operations;

And Whereas Our Dominion is recognized as the main source of supply of coniferous timber within Our Empire and it is essential that, if Canada is to retain and develop her position as an exporter of forest products, the unnecessary losses through forest fires must be curtailed;

And Whereas in many cases forest fires have resulted in disastrous loss of life, and of valuable property other than timber wealth;

And Whereas apart from direct loss through the agency of fire, the vitality of the forest is thereby seriously impaired, thus rendering it unduly susceptible to attack by insect and fungous pests;

And Whereas forest fires disturb the equilibrium of stream flow, lower the water table, and frequently give rise to serious erosive effects;

And Whereas the great majority of forest fires are entirely attributable to inexcusable neglect or ignorance, and are therefore preventable, and the exercise of reasonable Prudence and proper carefulness on the part of responsible individuals would reduce the timber losses by fire in Canada to small proportions;

And Whereas it is desirable that the attention of the public be directed to the extent and underlying causes of the preventable loss of life and property by fire and to the best and most practicable means for its control and that a specific period of the year be set apart and properly designated for the dissemination of such information;

Now Know Ye that We, by and with the advice of Our Privy Council for Canada, have thought fit to appoint and do appoint the week commencing Sunday, the twenty-seventh

day of April and ending on Saturday, the third day of May in this present year as "Save the Forest Week," during which period the citizens of Our Dominion shall be entreated earnestly to consider the facts hereinbefore set out, to give careful heed to information disseminated by the various forest protective agencies, and in particular to act upon the following suggestions:

1 That settlers and others engaged in the clearing of land should fully observe the fire laws of the Dominion and of the province, which laws have been enacted for their protection, as well as for the preservation of Our timber resources;

2 That at this time of the year, when thousands are looking forward to spending their summer vacations in the woods, all should take cognizance of the fact that the camp-fire, which is one of the most pleasant and valuable adjuncts to camp life, may, if neglected, easily result in disaster; and that to prevent repetition of such losses as have been annually sustained from this cause, all persons should familiarize themselves with the proper methods of building, using and extinguishing such fires;

3 That loggers, saw-mill operators and others interested in timber operations should see that all equipment and appliances designed to prevent the origin or spread of fires shall be overhauled and placed in a state of thorough repair; that such persons should review with care the fire protection requirements of the legislation under which they operate; and that they should see that all employees working under their direction are properly instructed as to the danger of fire.

Of all which Our Loving Subjects and all others whom these presents may concern are hereby required to take notice and to govern themselves accordingly.

In Testimony Whereof, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed.

Witness Our Right Trusty and Well-beloved Julian Hedworth George, Baron Byng of Vimy, General on the Retired List and in the Reserve of Officers of Our Army, Knight Grand Cross of Our Most Honourable Order of the Bath, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, Member of Our Royal Victorian Order, Governor General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of Ottawa, this twenty-eighth day of February, in the year of Our Lord one thousand nine hundred and twenty-four, and in the fourteenth year of Our Reign.

By Command,
THOMAS MULVEY,
Under-Secretary of State,

PRIZE ESSAY CONTEST PLAN

Radio Outfit and Other Valuable Prizes for Children Under Sixteen

FOLLOWING is the complete plan for the essay competition, announcement of which was made yesterday:

1—The subject of the essay is to be the proclamation designating the week April 27 to May 3 as "Save the Forest Week," or any point relating to forest fire prevention, dealt with in such proclamation.

2—The essay not to exceed five hundred words in length.

3—The essay may be written either in English or French.

4—The essay is to be in the contestant's own handwriting, and to be written on one side of the paper only.

5—The contest is restricted to children under sixteen years of age.

6—Each essay must be accompanied by a certificate of a

7—Neither the name nor any other mark of identification of the contestant shall appear on the essay, but each essay must be accompanied by a separate sheet on which is legibly written the contestant's name and address in full, and school, if any.

8—No person shall be eligible to receive more than one prize, nor to enter more than one newspaper competition.

9—The competition will close at twelve midnight on May 3, 1924.

THE PRIZES

10—The prizes for the competition are as follows:

(1) Radio Set—

A receiving outfit to consist of—

(1) Regenerative tuner with detector and two stage audio frequency amplifier.

(2) Complete set of tubes

to work off dry battery.

(3) One pair telephones and plug.

(4) A and B batteries.

(5) Complete antenna equipment.

(6) Necessary wire for connecting up set.

(2)—Twenty-five dollars in cash.

(3)—Ten dollars in cash.

Honorable mention—Five prizes of five dollars cash apiece.

11—The essay winning first prize shall be forwarded by the newspaper to the Acting Director of the Dominion Forest Service, Department of the Interior, Ottawa, who will judge it in competition with other first prize essays to be received by him from similar contests all over Canada.

Central Competition

12—The Acting Director of Forestry will award the grand prize for the best essay received from all Canada.

13—The grand prize will also be a radio set, as follows:

Receiving outfit to consist of—

(1) One tuner, detector and amplifier unit comprising not less than two stages radio frequency amplification, and two stages audio frequency amplification.

(2) One pair telephones and plug.

(3) One loud speaker.

(4) Necessary A and B batteries.

(5) Complete antenna equipment.

(6) Necessary wire for connecting up set.

14—The contestant winning the grand prize must return his local first prize in good condition to the newspaper which awarded it. The newspaper will thereupon deliver to him the grand prize.

15—The local first prize so returned will be delivered by the newspaper to the contestant winning the second prize in the local competition.

WOMAN RESCUED AT EDMONTON

Found in Precarious Position
After Being Missing Myster-
iously

EDMONTON, April 25.—The thrilling rescue of Mrs. P. F. Adamson by members of the fire and police department and several friends, from a precarious position on a concrete pier under the High Level bridge, 150 feet above the ice in the Saskatchewan river, came as a startling climax to a drama which has stirred the city of Edmonton since she disappeared mysteriously from in front of the Capitol Theatre.

The mystery which surrounded the woman's whereabouts was cleared, when Mrs. Adamson, feeling considerably better after her trying ordeal, told her story.

When she wandered away from in front of the Capitol theatre, where she and her husband had a moment before come from a show, Mrs. Adamson, according to her story as told at the hospital hurried down lanes and avenues to 105th street, down which she proceeded as far as Hardisty avenue. Crossing to 109th street, she reached the high level bridge, in some way climbed up on to the girders and walked along at a dizzy height above the river.

Cried for Help

Suicide, Mrs. Adamson admits, was in her mind, and for some time she contemplated this deed, always stopping, however, just short of actually making the attempt. Something, she couldn't explain what, held her from the deed. Finally all thoughts of suicide were banished from her mind, and Mrs. Adamson's one desire was to get back to safety. She found, however, she could not climb back to the top of the

TIMBER SALE X 5897.
