DAILY EDITION Wednesday, April 23, 1924

Way Of Transgressor Is Difficult.

The writer of old was just repeating a very ancient truth even at that time when he stated "The way of the transgressor is hard." A great many other writers have told the same truth in a different way, while almost every stage play or moving picture tells the same story. Our own consciousness tells us the same thing and experience bears it out. And yet,

There is enough of the devil in every person to make them want to leave the beaten path occasionally. British people have been brought up to dare things, even the devil. So it is that people do things which the law declares to be wrong and the sentiment of the people frowns upon. Then payment has to be made.

Just now it is the former premier of Newfoundland who is making payment for alleged dealings with the devil. It was shown before a Royal Commission that he took money to which he was not entitled. He already has lost his high position as premier of the colony and now is ranked with criminals, in that he has been arrested and is out on bail subject to the call of the court to be tried for his offense.

Seldom Get Away Without Discovery.

People who take things which are not their own seldom get away with the boddle. The person who is handling other people's money and who takes some of it always suffers from the fear of being caught and nearly always is caught. In any case the punishment is much greater than any benefit received. Squires probably did not benefit personally from the money he got from the public treasury but he has to pay the bill. It is never worth while to take chances of that kind. Retribution is as sure as death.

American Campaign Is In Full Swing.

The American political campaign for the presidency is now in full swing. President Coolidge will make a big bid for the Republican nomination and will probably get it. The oil scandals may injure the party which he represents but he has a pretty good chance of getting the nomination and being elected to the presidency again. The difficulty with the Democrats seems to be to secure an outstanding man to represent them who is not badly handicapped by sectional feeling of some kind. At any rate the fight will be an interesting one and the nominating conventions which are about due will be watched with much interest here.

Turning Tables On The Whites.

Once Alaska belonged to the Indians. They lived in it but they never thought of owning it because there was no one to dispute their ownership. Then came the white people. Russians came in the north and others in the south and gradually the Indians were dispossessed of their lands with the exception of reserves set apart for them.

In Alaska the Indians were allowed to vote and today they are using that vote most effectively. So much is this the case that the newspapers there are protesting against the dictation of the native tribes. At Sitka recently Indians dictated the election of municipal officers and chose full blood natives for members of the city council. It is planned to dominate the legislature, it is claimed, and against this there is strong protest.

The Man in the Moon SAYS:-

A DESPATCH states that pigs are on the increase in Ireland today. So they are in the United States but in the latter country the swine are of the blind variety.

CANADIANS are to be presented at court at Buckingham Palace. There will also be many more presented at His Majesty's other courts in this country.

WHAT will Greece do with its crown now that it has no king? It is suggested that it might do to spend in England if it were cut in two.

IF it were not for the Pacific Ocean it looks as if there might be war.

NEXT week we are all looking for the May flowers following these April showers.

SUMMER is about as elusive as a ship contract or an elevator.

IN various parts of the continent they have been complaining about the weather for the past several weeks. That is the great thing about living here. We get what we expect.

THE junk heap is at the fag end of a trail of broken promises.

THE person that yells into the telephone receiver and chokes you off before you have finished what you want to say, is not the boss. He speaks clearly and distinctly and politely and listens carefully. That is one reason why he is boss.

A HUNTER going through the woods left a trail so crooked that every time you crossed it you were on the other side.

A BIG town is one where the people believe all the million rumors a week that go around.

IF you are proud of your ailments and like to talk about them, ten to one you are bound for the boneyard.

CHEAP people easily attain expensive habits.

INDEPENDENCE is something that cannot be given. It has to be earned.

DOWN in New York State girls were able to insure their Easter hats against rain. Think what a haul they would have made here when the Easter parade was so badly spoiled.

CONDITION OF SECOND STREET IS PROTESTED

D. H. Hays & Co., on Behalf of Property Owners, Bring Matter to Attention of Council

D. H. Hays & Co., brokers, as agents for all the improved property fronting on Second Street between Second and Third Avenues, had a letter before the city council last night drawing attention to the deplorable condition of this section of the street. Stating that the work of resurfacing this street had commenced simultaneously with other work in Section One but had been in an uncompleted state for the past year or more and that, apart from the property owners' standpoint, it constituted an important thoroughfare leading to the railway and waterfront, the request was made that the matter be considered at once with a view to remedying it. The letter was referred to the Board of Works.

CHINESE NEW RELIGION IS PROMULGATED

Final Revelation Following all Former Isms is to be Universal

TORONTO, April 23.—A new Universal Religion, so-called, has originated in Western China, but the reproduction abroad of its literature has been checked by the Chinese government and first accounts of its bizarre conceptions are given in an article received here from Rev. Jas. L. Stewart, D.D., of the Canadian Methodist Mission, vice-president of West China Union University.

Fierce rebukes to kings, capitalists and Christians feature its propaganda. Its founder, a shallow faced, neurotic man, announced the end of the world and the falsification of his hopes for a gory epoch has to some extent checked his influence. The article follows:

Times of turmoil in ancient Israel called forth her prophets true and false. It would be passing strange if history did not repeat itself in modern China. In recent years few names have been widely known and the sayings of a few more widely discussed than those of Tang Hwang Chang of our own capital, Chengtu. News items in the daily press from all parts of China tell the same story of hi messengers, their message and the menace aroused thereby.

Surprised at the success of his propaganda, Tang or his followers had his statement translated into English and was sending it forth to various foreign lands, when suddenly he was stopped by the authorities.

Ejected From Church

Tang himself is of very shallow complexion, due possibly to opium smoking, has little regard for cleanliness, and rambles on and on in his talking, coming apparently to himself again with a sudden start and twitch. He once came in contact with Christian religious teaching in Tzechow and Chengtu, but was ejected for irregularities of belief and life. Finally, he received, as he says, a revelation from God, that he was selected as the one worthy to open the "seventh seal."

His was to be the final revelation for which Judaism, Taoism, Confucianism, Buddhism, Christianity and Mohammedanism had all been partial and preparatory. He calls his the Universal Religion, Li-mien Fuh-yin, or "Inner Gospel." His teaching is silly. He attempts to answer Malthus on overpopulation by simply demanding that all stop marrying, and Marx's appeals against poverty by naively suggesting that all observe forty days fasting. I will summarize his central announcement to the world and quote from it.

No More Electricity

On or about the fifteenth day of the fifth moon, September 25, 1923, the world was to experience an earthquake affecting all nations, an eclipse of the sun and moon which would also turn off all electric lights. Also a universal catastrophe "speciafly fixed for killing people, a thunderclap which would have hailstones like bowls, and a number of stars would bounce against the world.

Many angels and "heaven soldiers" ten thousand or one hundred thousand times as many as those in the recent European war will pile up the corpses mountains high." He goes on to say, "it is really very miserable and no ordinary calamity." But he finds that people go on playing dominoes or poker, heedless.

So he issues specific and special warnings to many classes, kings and presidents, soldiers, scientists, capitalists and laborers, and then to the religions, each fierce message starting with "You may awake from your dream now."

Kings and soldiers are rebuked for their killings, capitalists for making wars, workers for revolution.

Harken, Christians
Christians, you have instigated hostilities in the world and you have participated in the fighting," he says. "Is this the teaching of Christ? Is the 'sacrifice' taught by Christ for saving people or killing people?"

Mohammedans are rebuked for warlike ness and Jews are urged to accept him as their second

"Passing the Censor"

EVEN though Johnny's fingernails and suspiciously tanned neck should escape detection at home, his alert teacher ruthlessly applies that most effective discipline—public censure—and thereafter Johnny is more reconciled to cleanliness.

Teachers and mothers are allies in fighting dirt. They both know what dangers it may hold, what possibilities for infection lie in even the tiniest speck of dust.

Both Mother, and Deputy-Mother—teacher—teach the children habits of cleanliness which children learn at home and school are their surest protection against the danger of disease germs which lurk on everything touched by many hands.

How Lifebuoy protects

Lifebuoy is first of all a skin purifier. Its copious lather releases a wonderful non-irritating antiseptic, which is carried deep into every pore, removing all impurities, and leaving the skin safe, odourless and stimulated.

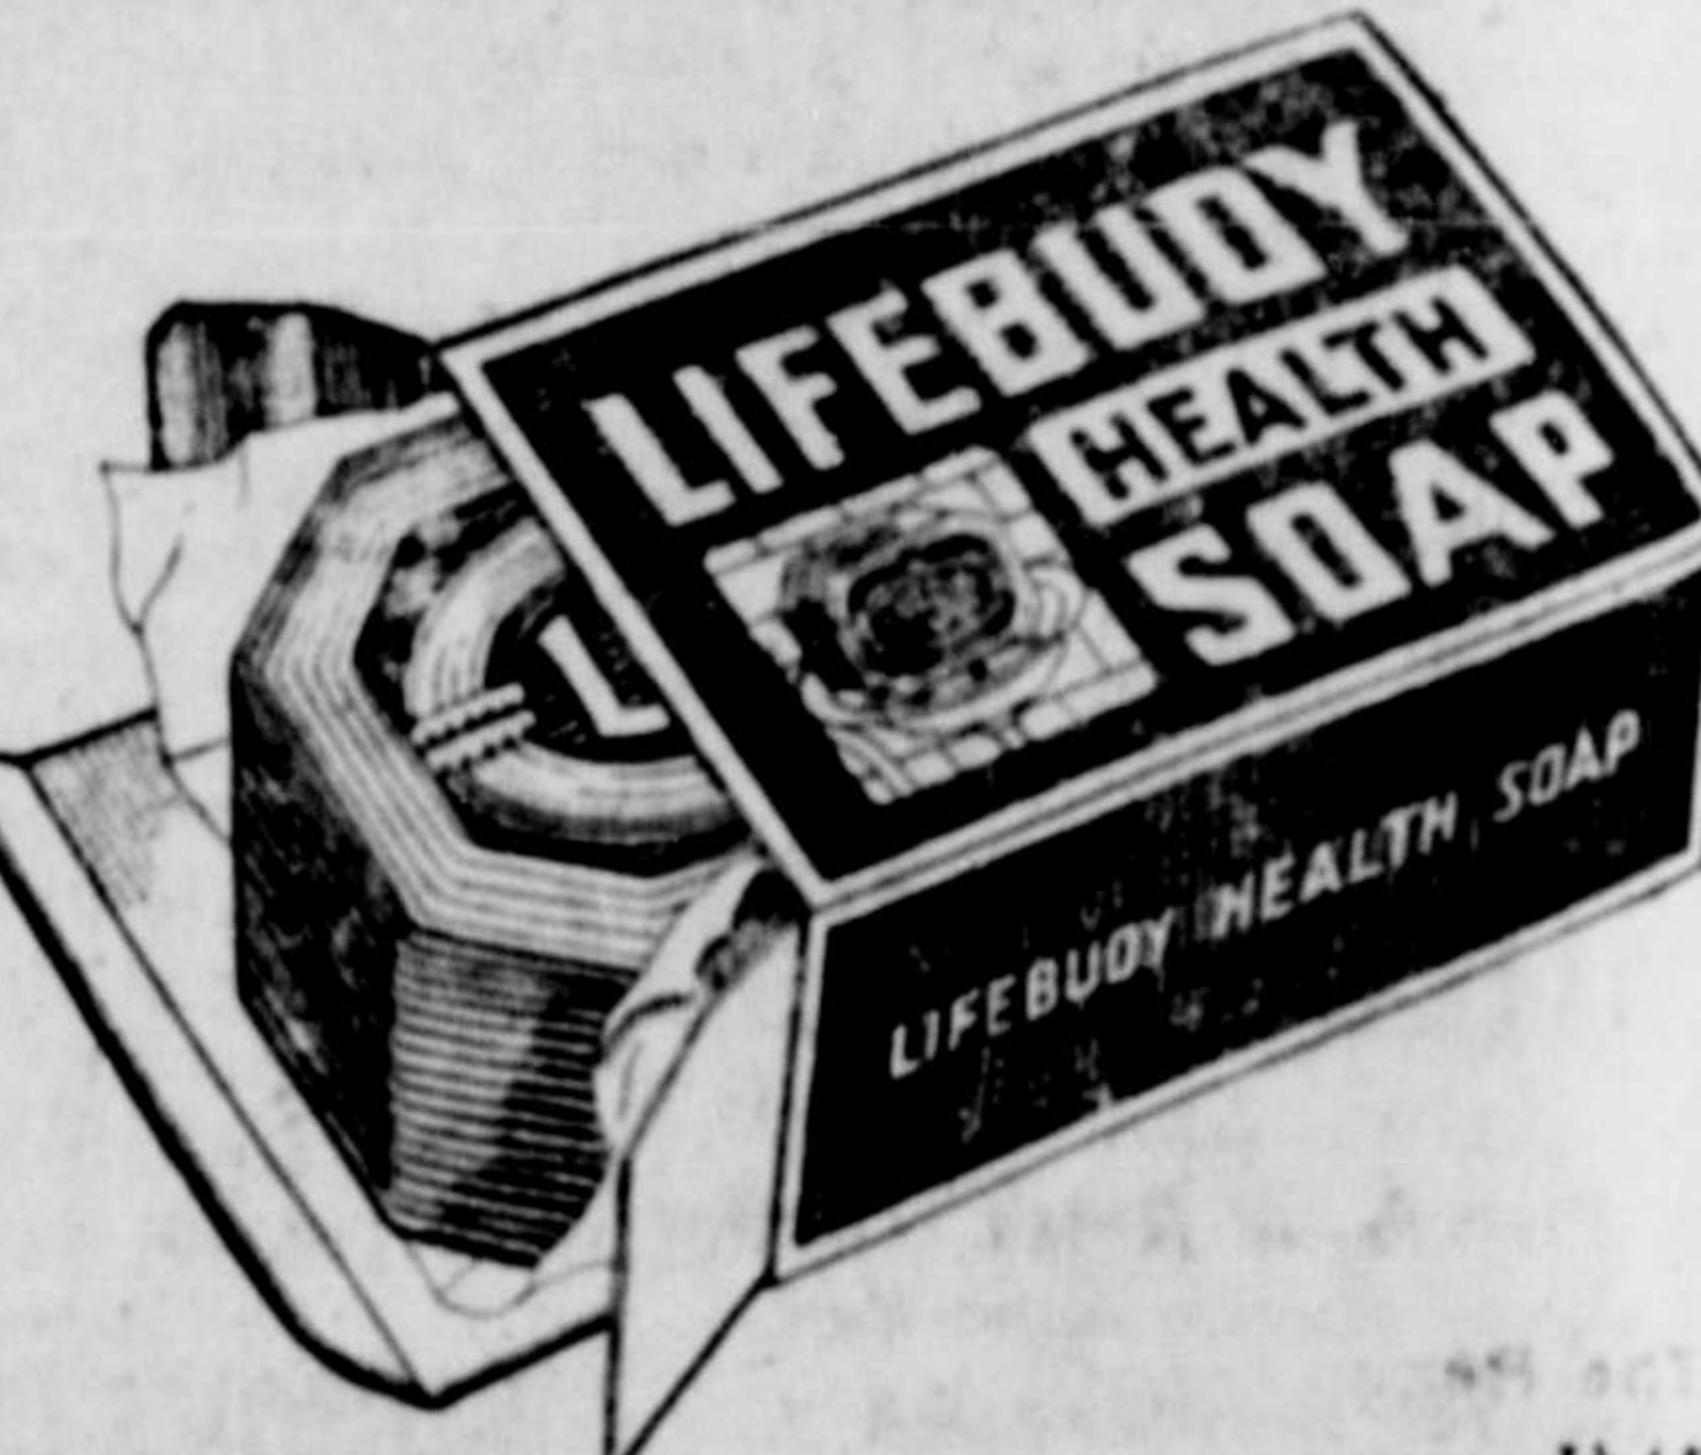

LIFEBUOY HEALTH SOAP

More than Soap—a Health Habit

The wholesome Lifebuoy odour tells you that it is a true health soap. The odour vanishes a few seconds after use, but the protection remains.

Mothers and teachers—let Lifebuoy guard the health of the children. Place a cake at every point where there is running water.

SAVE YOUR EYES! Mr. Morris,
professional optometrist, physical
eye specialist, of Vancouver, will be at McCutcheon's
Drug Store, Prince Rupert, Monday,
April 28, until Saturday, May 3. This is an opportunity to
consult one of the leading au-
thorities in Canada on the sub-
ject of defective vision, and to
procure properly fitted glasses
without the use of drugs. Over
40 years experience in sight testing.
Call early for appointment.

In a recent issue of the Ottawa Citizen under the heading
"Old Time Stuff" an account of the
1878 federal election in Carleton County is given. The
victor in the election was the
straight Conservative candidate,
John Rochester, father of H. B.
Rochester of this city, who polled
some 1300 votes to the 1200 of his
Independent Conservative op-
ponent, Rev. John May. The
Liberal candidate received 14
votes. Mr. Rochester later gave
up this seat, which he had held
for 16 years, in favor of Sir John
A. Macdonald who had been de-
feated in Kingston.

BRINGING UP FATHER

By George McManus

ANNUAL MEETING BASEBALL ASS'N.

W. D. Vance President for 1924
and **R. Garrett, Secretary-Treasurer**

The annual meeting of the Prince Rupert Baseball Association was held last night and officers were elected as follows:

Honorary President, G. W. Nickerson.

President, W. D. Vance.

Vice-President, Fred Gilhuly.

Secretary-Treasurer, R. Garrett.

There was some discussion as to the advisability of forming a city league to be controlled by the Association but plans along this line were not matured. There will be another meeting of the Association on April 29, and a list of all players in the city is being prepared by Howard Frizzell in the meantime.

It is hoped to get the league under way by May 15.

SITE SELECTED FOR PLAYSHED PROTESTED AGAINST BY OWNERS

Telegraphic Messages to be Dropped Attached to Red Streamers

A protest from Borden Street property owners representing 50 lots against the intended building by the school board of a playshed on a site west of Borden Street school was received by the city council last night. Stating that such a structure would shut off the harbor view of several houses and would be otherwise detrimental to the value of lots in that neighborhood, the request was made that another site for the playshed be selected.

Acting Mayor Collart sympathized with the protest and felt that there might be a legal case against the city if the erection of the playshed on the site proposed was permitted.

Ald. Macdonald sympathized with the property owners but felt that the provision of the playshed was a most important matter.

Ald. Perry did not see how the playshed could affect the view of fifty lots. He was in favor of the structure being built.

Ald. Evitt felt for the people of Borden Street. The value of the property would undoubtedly be lessened by the erection of an ugly shed obstructing the view.

Seek Another Site

Ald. McMordie suggested that a site below the Borden Street School might be used and moved that the matter be referred to the school board with a recommendation to that effect. This was seconded by Ald. Macdonald and carried.

Just as the discussion closed a delegation representing the property owners effected entered the chamber and left satisfied when it was explained what action had been taken. The delegation consisted of L. W. Patmore, Thomas Silversides, J. M. Campbell and J. Loraine Maclaren, all gas in definite proportions, America in the Olympic games.

The Drake Relay Carnival, established at Des Moines, Iowa, fifteen years ago with only a handful of athletes in competition, has had such growth that the event this year promises to attract a record breaking list of 1,500 track and field stars, representing more than 100 leading universities and colleges in the west and mid-west. The relays will be staged in the Drake Stadium April 25 and 26—the same time as the Penn relays are held in Philadelphia. Performances will be watched with interest because many of the entrants are out to represent

the tobacco with a heart.

Another feature of the race is that the gas with which the bags are to be inflated is to be a combination of hydrogen and natural

gas in definite proportions, America in the Olympic games.

WRIGLEY'S

Chew it after every meal

It stimulates appetite and aids digestion. It makes your food do you more good. Note how

It relieves that stuffy feeling after hearty eating.

MONTON MUST NOT CHARGE SCHOOL FEES

Provincial Government of Alberta
Refuses to Allow Fees for
High School

EDMONTON, April 23.—The fusal of the Hon. Perren Baker, minister of education, to introduce an amendment to the School Act, empowering city school board to charge fees for high school students, means that no fees will be charged by the Edmonton board for secondary education, at least for resident students.

The introduction of such a measure, states the Hon. Mr. Baker in a letter to the Edmonton board, would constitute a direct reversal of the government policy of free secondary education for all, and therefore it would be impossible for him to introduce the proposed amendment as a government measure, continuing the minister of education states:

Educate all Children

The Province of Alberta has adopted the principle of the tax-supported school, equally available to the children of all the people, irrespective of race, or sex or wealth. Under this system, education in this new land is made steady progress, and one of the most hopeful signs at present time is the increasing spread of secondary education. There can be no doubt at the enactment of the proposed legislation, with the consequent tendency toward the imposition of fees, would have the effect of depriving of a high school education many young people who otherwise would receive the great benefit of such training. Neither can it be denied that this must inevitably result in a definite impoverishment of the life of the whole community. Being firmly convinced of this, I cannot introduce proposed amendment."

In conclusion the letter says that its writer has sufficient faith in the future of the province to believe that the present financial difficulties will be surmounted before it becomes necessary to adopt such drastic methods.

Non-Residents to Pay

denied the right to charge promiscuously, the school board arrived at the decision that must take full advantage of the School act as it now stands and therefore passed a resolution during the collection of fees from non-resident students, which is at present allowed by law. The resolution imposes fee of four dollars a month on non-resident grade XII students and one of three dollars a month those of the three lower high school grades. The method of collection is simple. If the rent is to pay, the fee must be paid monthly in advance and if a school district from which a student is to come is to pay, written undertaking must be given by the chairman and the secretary of the district to the effect that the amount will be paid on due date.

Collect from 250

There are at present some 250 non-resident students in attendance in the Edmonton high schools and the revenue accruing to the board from the fees would amount to about \$60,000 annually.

QUOR A FACTOR IN THE U.S. NOMINATIONS

HARRISBURG, April 23.—Governor Pinchot yesterday issued a statement in which he declared that the liquor question was the issue which prompted the announcement on Saturday by Representative William Vare, the Philadelphia political leader, that he could not support the governor or delegate-at-large to the Republican national convention.

LOGGING ACCIDENTS AT ALICE ARM CAMPS

Three Men Injured, One It is
Feared Fatally, in Northern
Operations

A very unfortunate accident occurred on Wednesday at the Granby Company's logging camp, on the Kitsault flats when Steve Anderson was struck by a log and suffered a broken leg says the Alice Arm Herald.

Pilings were being hauled in for the railroad trestle and the front end of one log struck a stump swinging the other end around and striking Mr. Anderson, who arrived here on Monday and had started work Tuesday. He suffered a triple fracture of the large bone, and a smaller bone was broken in three places.

Sid Davis rendered first-aid and Mr. Anderson was taken to the Anyox hospital on the Awake.

A second accident occurred during the week in the logging camp of the Granby Co., when Mr. Holmes was struck by a falling limb, on the back of the neck and rendered unconscious. He was taken to the office of Sid Davis, who rendered first-aid, and upon examination found that he was paralyzed. He was conveyed to Anyox hospital with all possible speed, and an examination showed the spinal column to be smashed. Little hope is held for his recovery.

Mr. Holmes was employed as a second-faller and only recently left the hospital, where he had been treated for blood poisoning. He is a man of fine physique and well known around town.

Wm. McLean had the misfortune on Thursday to severely crush his right hand while engaged in logging operations for the Alice Arm freighting Co. The accident occurred when he was throwing the hook round a log. He was taken to Anyox Hospital where he is receiving treatment.

VANDERHOOF

A. E. Bennett, Fred C. Borhaven, George Cameron, O. W. Geernaert, John Goldie, M. J. Griffin, J. Irving, Alexander Nicholson, Fergus Park and George Snell have entered into a clover growing contest instituted by the Dominion Experimental Farms Branch for the purpose of encouraging the growth of clovers in the district.

E. A. Mitchell has been appointed manager for Sam Cocker, Conservative candidate for Omineca, in the forthcoming provincial election campaign.

Miss Frances Day is to be married on April 29 to George H. Outram. There was a shower in her honor at the home of Mrs. R. H. Moore last week.

Mrs. McGahey, sr., is leaving today for Victoria and the west coast states where she will spend six weeks prior to returning to her home in Ontario.

A son was born to Mr. and Mrs. Stephen Holmes on April 17.

William Frank Thayer died last week at his home in the Chileo district.

Mrs. R. M. Patterson and three children have left to spend a three months' holiday north of Edmonton.

STEWART

The Granby Co. have released their bond on the George copper property not because of dissatisfaction with it but on account of the very satisfactory manner in which the outsider is opening up.

Construction of the Service Club's cenotaph in memory of fallen soldiers from the district

CLEVELAND RISING SUM OF \$125,000 FOR REPUBLICAN MEETING

CLEVELAND, April 23.—The task of raising from Cleveland citizens \$125,000 for expenses of the Republican national convention, which Cleveland will entertain the week of June 10, has fallen in a large measure to the son of a local carpenter. He is Thomas E. Monks, a banker, who was chosen treasurer of the local committee on convention arrangements.

DRESSED AS BOYS AND WENT OFF TO ALASKA

SEATTLE, April 23.—Fears are held that Mabel McGregor, 14 years old, and Evelyn Plummer, 15 years old, who disappeared from Everett on March 27 met with foul play or are held captive in some Alaskan port. It is believed they disguised

FLOATING SPECKS BEFORE THE EYES MEANS LIVER TROUBLE

When specks start to float before the eyes, when everything seems to turn black for a few seconds and you feel as if you were going to faint, you can rest assured that your liver is not working properly. The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of Milburn's Lax-Liver Pills and clear away the accumulated mass of waste and poisonous matter from the system.

Mr. Chas. Ayland, Frankville, Ont., writes—"I used to be awfully bothered with floating specks before my eyes, headache and sickness to my stomach. I took just half a vial of your Milburn's Lax-Liver Pills and ever since I have felt as well as I ever did. Now I always keep them on hand."

Milburn's Lax-Liver Pills are 25¢ a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

in the Great War is about to commence. It will be erected on the Stewart-Hyde road just to the west end of town.

Supplies and equipment for the Glacier Creek mine have arrived and work of development will start immediately. John Haahiti is in charge.

Miss Virginia McConkey, Stewart school teacher, is spending the Easter vacation at Anyox.

H. G. Magee has returned from Vancouver where he spent the winter.

Miss Kate Ryan has returned from a trip to New Brunswick. Accompanying her were her two nephews, John and Charles Ryan.

ALICE ARM

Robert Henderson, an old resident of the camp, is here to do development work on his property at Nine Mile.

Mrs. J. Trinder has arrived from Prince Rupert to join Mr. Trinder. They will reside here.

Constable Dryden of Anyox was here at the week end.

Great preparations are being made by local Moose to entertain the members of the Anyox lodge on Sunday.

CLAIMS COOLIDGE WILL BE NOMINATED

**Mis Campaign Manager Declares
Enough Delegates Have
Either Been Instructed
or are Favorable**

WASHINGTON, D.C., April 23.—An accomplished victory for President Coolidge at the Cleveland convention is claimed by William Butler, his campaign manager. In a formal statement he said that 563 delegates have already been instructed or are favorable to the President which is eight more than is necessary to assure the nomination.

Butler says that with other delegates which will come from states in which the primaries or delegates have not yet been chosen, the President will have more than sufficient to give him the nomination on the first ballot of the convention. Reports from all parts of the country, he said, indicate that the President is more nearly the unanimous choice of the party than any candidate in the history of Republicanism.

Mrs. McGahey, sr., is leaving today for Victoria and the west coast states where she will spend six weeks prior to returning to her home in Ontario.

A son was born to Mr. and Mrs. Stephen Holmes on April 17.

William Frank Thayer died last week at his home in the Chileo district.

Mrs. R. M. Patterson and three children have left to spend a three months' holiday north of Edmonton.

PRIZE ESSAY CONTEST PLAN

**Radio Outfit and Other Valuable
Prizes for Children Under
Sixteen**

FULL PARTICULARS

Following is the complete plan for the essay competition, announcement of which was made yesterday:

1—The subject of the essay is to be the proclamation designation the week April 27 to May 3

PROCLAMATION

BYNG OF VIMY
[L.S.]

CANADA

GEORGE THE FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.

To all to whom these presents shall come, or whom the same may in anywise concern.

GREETING:

A PROCLAMATION
E. L. NEWCOMBE, Deputy Minister of Justice, Canada.

WHEREAS the protection and perpetuation of our forests are vital for the continued industrial welfare and national strength of Canada and to its individual health, comfort and prosperity;

And Whereas it is shown by the statistics of the several forest authorities of the Dominion that the forest resources have suffered enormous losses through the occurrence of forest fires and that the loss through such fires has far exceeded in amount the depletion in timber wealth through legitimate cutting operations;

And Whereas Our Dominion is recognized as the main source of supply of coniferous timber within Our Empire and it is essential that, if Canada is to retain and develop her position as an exporter of forest products, the unnecessary losses through forest fires must be curtailed;

And Whereas in many cases forest fires have resulted in disastrous loss of life, and of valuable property other than timber wealth;

And Whereas apart from direct loss through the agency of fire, the vitality of the forest is thereby seriously impaired, thus rendering it unduly susceptible to attack by insect and fungous pests;

And Whereas forest fires disturb the equilibrium of stream flow, lower the water table, and frequently give rise to serious erosive effects;

And Whereas the great majority of forest fires are entirely attributable to inexcusable neglect or ignorance, and are therefore preventable, and the exercise of reasonable Prudence and proper carefulness on the part of responsible individuals would reduce the timber losses by fire in Canada to small proportions;

And Whereas it is desirable that the attention of the public be directed to the extent and underlying causes of the preventable loss of life and property by fire and to the best and most practicable means for its control and that a specific period of the year be set apart and properly designated for the dissemination of such information:

Now Know Ye that We, by and with the advice of Our Privy Council for Canada, have thought fit to appoint and do appoint the week commencing Sunday, the twenty-seventh

day of April and ending on Saturday, the third day of May in this present year as "Save the Forest Week," during which period the citizens of Our Dominion shall be entreated earnestly to consider the facts hereinbefore set out, to give careful heed to information disseminated by the various forest protective agencies, and in particular to act upon the following suggestions:

1 That settlers and others engaged in the clearing of land should fully observe the fire laws of the Dominion and of the province, which laws have been enacted for their protection, as well as for the preservation of Our timber resources;

2 That at this time of the year, when thousands are looking forward to spending their summer vacations in the woods, all should take cognizance of the fact that the camp-fire, which is one of the most pleasant and valuable adjuncts to camp life, may, if neglected, easily result in disaster; and that to prevent repetition of such losses as have been annually sustained from this cause, all persons should familiarize themselves with the proper methods of building, using and extinguishing such fires;

3 That loggers, saw-mill operators and others interested in timber operations should see that all equipment and appliances designed to prevent the origin or spread of fires shall be overhauled and placed in a state of thorough repair; that such persons should review with care the fire protection requirements of the legislation under which they operate; and that they should see that all employees working under their direction are properly instructed as to the danger of fire.

Of all which Our Loving Subjects and all others whom these presents may concern are hereby required to take notice and to govern themselves accordingly.

In Testimony Whereof, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed.

Witness Our Right Trusty and Well-beloved Julian Hedworth George, Baron Byng of Vimy, General on the Retired List and in the Reserve of Officers of Our Army, Knight Grand Cross of Our Most Honourable Order of the Bath, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, Member of Our Royal Victorian Order, Governor General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of Ottawa, this twenty-eighth day of February, in the year of Our Lord one thousand nine hundred and twenty-four, and in the fourteenth year of Our Reign,

By Command,

THOMAS MULVEY,

Under-Secretary of State.
