# CHINESE ATTACK NEAR SHANGHAI TODAY

## IMMIGRATION IS NEED OF THE COUNTRY SAYS SIR HENRY THORNTON

### Chinese Use Ancient Methods of Warfare in Campaign now in Progress: Attacks Take Place

SHANGHAI, Sept. 5.—Kaingsu forces attacked in Lohuo sector and continued the assault until late this afternoon and appeared to be preparing for another night of continuous fighting, firing becoming more intense hourly and both sides using artillery.

Foreign observers from the battle fronts state that a most noticeable feature of the campaign is the primitive and utterly unsanitary arrangements provided to deal with the wounded and also the rapscallion type of Chinese soldier involved, the officers following the usual custom of putting the least trained soldiers into the front lines.

Groups of soldiers with ropes and handcuffs seize likely-looking Chinese for military duty, roping five or six together and handcuffing those resisting.

### TO ASK FOR POWER BOARD

Abolition of Police Commissioners in Small Municipalities Approved by Union of Municipalities

TWO YEAR TERMS

Reeve Lookley of Esquimalt is New President—Next Meeting Place Victoria

PENTICTON, Sept. 5.—The appointment of a hydro-electric power commission similar to that of Ontario will be urged by the Union of B.C. Municipalities upon the government according to a unanimous resolution passed at the concluding session of the annual convention here.

Financial relief for hospitals will be sought from the government by a joint committee representing the Union and the B.C. Hospitals Association.

A resolution approving the abolition of the Wednesday half holiday was approved but the forty-eight hour week was retained.

It was resolved to recommend abolition of police commissioners in municipalities of less than 15,000 inhabitants. Two year terms for mayor and aldermen were approved, half of the latter to retire each year.

Reeve Alex. Lockley of Esquimalt was elected president of the Union. The convention next year will be held in Victoria.

### MANY UNIVERSITIES

RIGA, Russia. — According to Russian educational authorities, there are 235 universities in Soviet Russia, besides 91 workmen's high schools, otherwise called "people's universities." Nearly 50 per cent of the 4,655 professors listed resided in Leningrad and Moscow.

Better Babies judging on Saturday and Monday.

### PUBLIC NOTICE

The Light and Power will be shut off on Sunday morning, September 7, from 4.30 to 8.30 in order to change the oil in the governor at Shawflans.

210 City Light Dept.

### JANET SMITH'S DEATH MYSTERY

Conflicting Evidence Given at Second Inquest Regarding Embalming Body

VANCOUVER, Sept. 5.—The mystery of the death of Janet Smith the nursemaid found shot through the head in the house of F. Baker, Shaughnessy Heights, with a revolver at her side, being probed by a second coroner's jury following the exhumation of the body, is still unsolved. So far little evidence has been adduced to show that the girl was murdered or to implicate any man or woman in the suggested crime. Neither the accident or suicide theory accounts for all the facts adduced.

Searching cross-examination of witnesses is being conducted. Contradiction by undertaker John Edwards of statements made by Constable James Green and F. Baker featured today's session. The constable had testified that he had not given instructions for embalming the body. The undertaker definitely declared the officer had so instructed him and that when he had doubted the wisdom of the course and telephoned the coroner, the instructions were confirmed. Mr. Baker stated he had not instructed respecting the funeral.

Edwards claimed Baker gave him an order on the day of the girl's death for the removal of the body from the morgue following the inquest and had later discussed details with him.

### PRINCE IS ENJOYING LIFE AT NEW YORK

Plays Polo and Golf and Goes off on Motor Boating Trip on Long Island Sound

SYOSSET, Sept. 5.—The Prince of Wales played polo yesterday morning, golf in the afternoon, and lunched with Rogers the comedian. In the evening he took a launch out on Long Island Sound without announcing his destination. In consequence of the threatening letter received by the acting British Consul at New York, all automobiles entering the Burden grounds are stopped and scrutinized.

### WORLD FLYERS MAKE BOSTON

EASTPORT, Me., Sept. 5.—The United States globe flyers hopped off from Pictou, Nova Scotia, this morning and are again on United States territory this afternoon. The three planes flying fast passed over here on their way to Boston. Lieut. Wade rejoined the flight at Pictou.

### Amalgamation of Three Mining Properties at Hazelton Will Make for Profitable Operation

An amalgamation of the operations of the New Hazelton Gold Cobalt Mines Ltd., the Roche Du Boule and Delta mines on Roche Du Boule Mountain near New Hazelton is being planned states Nichol Thompson of the first mentioned company who is in the city from Vancouver.

These three properties have rich ore, including gold, cobalt and arsenic, but it has now become apparent that their operation can be most profitably and practically carried out by an amalgamation. A great deal would be saved especially as regards transportation.

Mr. Thompson indicated that it is the intention of the company consisting of Vancouver businessmen who control the Gold Cobalt Mine to continue development work thereon.

Another Excursion

In the course of a conversation this morning, Mr. Thompson stated that the Vancouver Board of Trade was planning another excursion next year to the north taking in Prince Rupert, Smithers, Prince George and other important points. The route of the Canadian National Triangle Tour would probably be used.

Mr. Thompson arrived from Vancouver on Wednesday and returned to the city last night after visiting Anyox. He will go to Stewart tonight and will be back again Tuesday night going

### TRANT DIES AT VICTORIA

Famous Journalist Was Friend of Statesmen and Other Noted Men

VICTORIA, Sept. 5.—William Trant, a noted international journalist, an associate of princes, statesmen, writers, and scientists and a participant in most of the stirring events of Britain and Western Europe during the last third of the nineteenth century, died yesterday aged 80.

Mr. Trant was an intimate of George Bernard Shaw. He gained fame by going through the Paris Commune with George Odger and was sentenced to be shot as a spy. He met Disraeli on his return from the congress at Berlin and gave out the message of world peace with honor. His writings on several subjects have been regarded as authoritative text books.

### MONTREAL POST OFFICE EMPLOYEES GET NOTICE

MONTREAL, Sept. 5.—Over one hundred employees of the post office have been notified that their services will not be required after September 30. Postmaster Gaudet stated that the office had been largely over-staffed since the recent strike.

### Elevator Here Will Help the Farmers of the Interior in Marketing Their Wheat Crop

The possibilities for wheat growing in the Bulkley Valley will be tremendous as soon as the elevator is built here, according to Colonel McMorde who told the Rotary Club yesterday that he had talked to a lot of the farmers in the interior and that was their opinion. Charles Barrett of Houston said that while he grew only a small quantity now he would raise 20,000 bushels if the elevator were here so that he could market it easily. All the farmers were looking with great expectations to the time when the local elevator was operating.

Colonel McMorde was a member of the Board of Trade delegation to the interior. Other members of the club who were with the delegation and who spoke at the luncheon were Cyril Orme, Stuart McLeod, and D. G. Stuart. The colonel said that it was the first time he had been through the interior and he was pleased to go because the interests of the coast and the interior were bound up the one with the other, and it was good for them to work together. The prosperity of Prince Rupert depended on the prosperity of the interior. On the other hand the interior benefited from having a market here for its produce.

One Important Thing

The colonel said that he was born on a farm and he knew something about farming. He had driven a binder many a mile. The wheat he saw in the Bulkley Valley was good, the soil was remarkably rich and the stock was splendid. The one important thing for them was the elevator here. That would provide a market. He met a lot of fine people in the interior and those people were looking to Prince Rupert to help them. They were surprised and pleased at the interest taken by the Board of Trade and, if nothing else was done, the trip made for closer and more harmonious relations with that part of the country.

Cyril Orme outlined the trip much as it has already appeared in reports from the special re-

### PRINCE'S LIFE IS THREATENED

Partly Incoherent Letter Received by British Consul at New York

NEW YORK, Sept. 5.—A letter addressed to acting British Consul Bronet of New York, threatening the life of the Prince of Wales, a letter three pages long, most of which was incoherent, said: "If you don't get out of the United States you will meet a violent death."

The police regard the letter as the work of a harmless disordered brain.

### EXTEND POWERS LABOR COUNCIL

LONDON, Sept. 5.—The Trades Union Congress has decided to extend the power of the general council giving it greater control over unions in case of industrial disputes. The decision is regarded as investing the council with powers never enjoyed by a single body since the labor movement was launched. It now can go so far as calling a general strike without consulting the workers.

The Congress decided to reject the Communists' proposal to link itself with the Moscow Internationale.

### Sir Henry Thornton is Emphatic on Need of Canadian Immigration

Urges Pessimists in East to Come West; and Speaks of Future of Peace River Country: Graham Speaks.

TORONTO, Sept. 5.—Canada's urgent need for immigrants to develop the country and thereby increase the business of the transportation systems were impressed upon those attending the transportation day luncheon at the Canadian National exhibition by Sir Henry W. Thornton, K.B.E., chairman and president of the Canadian Railways. Sir Henry and Hon. George P. Graham, minister of railways and canals were the speakers and among the guests were many members of the British Association for the advancement of science who recently crossed from the Atlantic to the Pacific on the Canadian National lines.

Hon. Mr. Graham dealt with the transportation problems of the country both by rail and by water and impressed upon his listeners the necessity for increased traffic to offset high operating costs, the desirability of increased production of materials to be carried and of immigration to assist in the development of resources. He urged faith in Canada and her development and also faith in the fact that the Canadian government would not shirk any of the obligations it had assumed in connection with the taking over of railway lines. Reference was also made to the problems of the International waterways, which materially affect Ontario and the territory bordering on the St. Lawrence river.

In concluding his remarks, Mr. Graham paid tribute to Sir Henry Thornton and his management of the Canadian National stating that through his efforts the government was able last year to pay \$1,300,000, interest to Grand Trunk debenture holders.

Sir Henry Speaks

Sir Henry Thornton was emphatic in his statement that the people of Canada cannot have increased earnings on the National Railways and reduced freight rates at the same time.

"I am not a magician," he said, "I cannot make two and two equal six, it is not my province to interfere but my responsibility to tell you what will happen if certain things are done. The lowering of freight rates places farther away that day when we will be able to meet capital requirements. The Crows Nest Pass agreement has created serious problems, serious to both transportation systems. Discriminations are intolerable. The railway board will shortly hand down a decision and if it means a reduction the situation will become serious."

Sir Henry said he could visualize the day when in the harbor of Toronto the flags of all nations would fly at the mast-heads of the ships at anchor. "It is an economic impossibility, he said, to isolate a great inland sea like the Great Lakes in perpetuity. When that day comes I have no fear for the Canadian National Railways, I have no fear of any competition that helps bring about the development of Canada. Our motto is "Let them all come."

Ur, as Visit West

Sir Henry referred to his recent trip through the west and urged the pessimistic ones to visit that country. He esti-

### HORSE RACING IS CONDEMNED

Hon. H. H. Stevens Takes B.C. Situation up With Minister of Justice

VANCOUVER, Sept. 5.—Protesting against the horse racing situation in British Columbia, Hon. H. H. Stevens, M.P., has addressed a letter to Hon. Ernest Lapointe, minister of justice, urging the minister's intervention.

Mr. Stevens asserts that the law stipulating only two meets a year of seven days each at any course has been circumvented by resurrecting an obsolete racing charter and ten weeks continuous racing is being staged in the vicinity of Vancouver, admissions and pari-mutuels taking \$7,000,000. This, Mr. Stevens describes "a terrific drain upon the economic wealth of the country."

"The whole promotion," he declares "is based on the commercializing of the gambling instinct largely at the expense of legitimate business interests."

Better Babies judging on Saturday and Monday.

### CITY OF PRINCE RUPERT

All men requiring work on the City Streets are requested to make application to the office of the City engineer.

Preference will be given to married men, property holders and single men who have been resident in the city for a number of years.

TENTH of the series dealing with the establishment of the BANK OF MONTREAL at representative points in CANADA and elsewhere

## IN LONDON

ON Threadneedle Street, in the old City section of London, the financial heart of the British Empire, the Bank of Montreal has been representing the interests of Canada since 1870.

Its first London office was located at 27 Lombard Street. Later the Bank established an office at 47 Threadneedle Street E.C., afterwards extending its services to the Pall Mall section of London by creating an important branch at Waterloo Place in the heart of the theatre and shopping districts.

## BANK OF MONTREAL

Established over 100 years

Total Assets in excess of \$650,000,000

### Ten Years Ago in Prince Rupert

September 5, 1914.

The Board of Trade, at its regular monthly meeting last night discussed the failure of both provincial and federal departments of public works to go on with work planned here. It was decided to instruct the secretary to write to both departments in order to ascertain definitely what was to be done.

A number of ladies of the city met at the home of Mrs. R. L. McIntosh yesterday to make plans for Red Cross work here. Committees were formed and the first effort will take the form of a patriotic concert.

The first regular passenger train from Prince George arrived sharp on time at 6 o'clock last night. The passenger equipment consisted of a first class passenger coach and a sleeper.

### SMITHERS

Miss Muriel Stephens has gone to Prince Rupert to enter St. Joseph's Academy.

The schools have re-opened for the Fall term, and a large number of new pupils have made their appearance.

Two former teachers are back in the persons of Miss Felterby, principal, and Miss Hanna, who will again teach grades 5 and 6. Miss M. Fawcett of Vancouver, has charge of the primary grades while F. Rendle who formerly taught at South Bulkley will supervise the work of grades three and four.

The High School has a heavy enrollment, and the school board has been successful in securing the services as principal of V. Crockett who has had a wide teaching experience in eastern Canada, and abroad.

### TERRACE NOTES

Miss Dewar of Victoria is teaching at Copper River this year.

Ellwood Brooks spent the week end in Prince Rupert.

Mrs. A. Y. Wilson of Remo was the guest of Mrs. T. J. Marsh for a few days this week.

J. Clark of Pacific was in town on Sunday.

Billy Watt returned to Terrace on Monday after spending the summer on the prairie.

Geo. Anderson accompanied his father and mother to Rupert on Sunday, returning to Terrace Monday night.

Mrs. Harry King who has been visiting her sister in Telkwa returned home at the beginning of the week.

A. E. Olson of Remo had the misfortune to have his horse killed on the railroad last week.

Miss Mayne Dobb, who spent

her holidays in England, arrived in Terrace from the east on Monday.

T. Kramer has returned from Dakota where he spent the last few months.

A. L. Carruthers and Major Taylor made a visit of inspection to the bridge this week.

Poles are being shipped steadily from Terrace. Geo. Little is loading poles brought in by Van Meter this spring.

Miss Glover and Miss Andrews are the teachers appointed to fill the vacancies left by the resignations of Miss Waldron and Miss Fowler. School commenced Tuesday with a good attendance. Miss Andrews, who is in charge of the primary department had forty-five on the roll the first day. Miss Dobb is in charge of the same room as last year, while Miss Glover has the third room. This year she will have the Entrance class and Mr. Griffin will devote himself to the High School work, covering the curriculum of the first two years.

Mrs. Danhauer and Miss Dewar of Copper City were in town on Wednesday.

W. Vanderlip left this week for the prairies, where he expects to spend the winter.

DRINK "CASCADE"—THE BETTER BEER

## Why "Cascade"?

Because Cascade Beer has now reached the highest peak of perfection—nothing has been left undone that would add to its quality. The most elaborate machinery known to the science of brewing has been installed—every process in the brewing is supervised personally by a brewmaster of forty years' experience—every precaution is taken to keep our product absolutely pure. In fact, everything that human intelligence can contrive is done to place "Cascade Beer" on the pinnacle of excellence, and to keep it there! Therefore we say—

Insist on "Cascade"— the Better Beer

### TENNIS TOURNAMENT PLAYED AT STEWART

ANYOX, Sept. 5.—The Anyox and Alice Arm tennis players who journeyed to Stewart for the Labor Day tournament at that place returned home Tuesday evening, and all reported a fine time, being royally entertained in the Portland Canal town. The visiting players had good competition, and honors were pretty well divided, Anyox getting eight events, Alice Arm six and Stewart six.

### HAMMONDS WON CHAMPIONSHIP

Blanked Victoria by Score of 3 to Nil in Final Baseball Game Last Night

VANCOUVER, Sept. 5.—Hammond Cedars blanked Victoria in the third game of the B.C. amateur baseball championship series last evening, thus winning the title. The score was three to nil. The victory for Hammonds was largely due to the splendid pitching of Osler.

Hammond won the first game of the series at Victoria on Saturday by 5 to nil, but Victoria came back at Vancouver last Monday and turned the tables 2 to nothing. Last night's game was the deciding one.

Hammond will meet Calgary in the first game of the inter-provincial series on Saturday.

### Sport Chat

Football tonight. Acropolis Hill at 6.45. Sons of England vs. Callies.

BOXING, Empress Theatre, Thursday, Sept. 11, 9.15 p.m. Joe Manilla of Ketchikan vs. Brick Skinner of Prince Rupert. 214

Neither the Callies nor the Sons of England have any chance to win the Stuart Shield and the game between them tonight will have no effect on the competition for the trophy which now rests between the Sons of Canada and the Great War Veterans but, nevertheless, the match is expected to be an interesting one. The Sons have not won a game yet in the Stuart Shield series and no doubt they will make an attempt to raise themselves a little from the ignominious position they at present occupy on the standing sheet. Fans might be reminded of the fact that the proceeds of the Stuart Shield games are devoted to the covering of expenses arising from accidents to players during the season.

Arrangements to stage a boxing match here between Brick Skinner of the city and Harold Blanton of Hyder fell through but announcement is now made that Joe Manilla of Ketchikan will be here on September 11 for a meeting with the local man. It will be Manilla's first appearance here but he is pretty well known for he has been cutting quite a swathe in Alaska during the past year and has had many bouts, a large number of which he won. The contest should be another attractive feature for the Fair Week sport program. There will also be an interesting set of preliminaries.

### RENNELL IS TOTAL LOSS

Well Known Halibut Schooner Sank in Wright Sound—Crew Arrive Here Safely

The Canadian halibut schooner Rennell is a total loss having sunk last week in the deep waters of Wright Sound this side of Butedale. The crew have arrived safely in port.

Telling of the loss of the boat, Capt. Ed. Anderson, her master, said this morning that last Tuesday, while running in from a storm on Heate Straits where he and his men were fishing, the Rennell struck a rock on the south end of Esteyan Island which lies south of Banks Island. They immediately put in to scow Harbor, Aristazabe Island, where the boat was put on a grid and temporary repairs effected. They spent two days there and then proceeded with the boat to Butedale where the catch of 2,000 pounds was sold. Then Thursday night they set out for Prince Rupert, the boat still in a leaking condition but considered fit to make the trip. Early Friday morning, while travelling, the exhaust pipe gave way and the engine stopped. An attempt was made to make repairs but, before this could be done, the water got too much of a headway and the boat sank. Saving their effects, the crew took to a boat and made shore where they spent the night, being exhausted. The next morning they rowed 15 miles to Lowe Inlet where they boarded the steamer Chilkoot arriving here on Sunday.

The Rennell, which was a boat of 14 tons and about 50 feet long, was owned by Reginald Beaumont, Capt. C. H. Nicholson and others. She had been fishing out of here for some eight years. She had a 20 horse power Frisco Standard gas engine. Just before leaving on the last trip, the vessel had been in dry dock for repairs. The boat was insured.

Other members of the crew besides Capt. Anderson were Jack Fox, Hugh McGinnis and Ben Johnson.

### FINAL CAMPAIGN DANCE IS HELD

Brother Bills Staged Affair Last Night in Elks' Home in Support of Carnival Queen Candidate

A final campaign dance in support of Miss Nora Kenny, their candidate in the Fair Board's carnival queen contest, was staged last night in the Elks' Home by the Brother Bills. There were about 140 persons present, music was furnished by Eason's orchestra and refreshments were served.

C. Folsom was master of ceremonies, L. M. Fuller presided at the door and the committee consisted of C. Folsom, A. A. Eason, L. M. Fuller and J. Pinder-Moss.

### SMITHERS FAIR WAS FINANCIAL SUCCESS

Balance on Right Side Reported at Meeting of Directors Wednesday

SMITHERS, Sept. 5.—The board of directors of the Bulkley Valley Fall Fair held a meeting in the Municipal Office on Wednesday night. As this was the first meeting following the annual fair there was a full turnout to greet the president, J. C. K. Sealy, who presided.

The report of the secretary-treasurer, Rev. M. W. Lees, was the chief item of interest. The report indicated that Smithers held its most successful fair in 1924.

In spite of innumerable drawbacks such as the early date, a very poor growing season, and wet weather preceding and during the fair, entries were in excess of any previous year, and what is of most importance to the directorate a substantial balance shows on the right side of the ledger.

The annual meeting of the Fair Association is called for Wednesday, October 18 next.

### ROAD WILL COST OVER A MILLION

Legislation Will be Asked to Vote Money for Transprovincial Road

VICTORIA, Sept. 5.—One of the most important government projects ever undertaken by the Oliver administration is the completing of the Transprovincial Highway between Hope and the Interior. Hon. W. H. Sutherland, minister of public works, announces that tenders will be called for this work within four weeks, while the bidders will have October to look over plans and prepare their estimates. When the legislature meets late in October the tenders will have been decided upon and the House will be asked to vote the necessary money. The link will cost about \$1,000,000, with an additional \$250,000 required for the big steel bridge across the Fraser river at Spuzzum. The government plans to carry on some of the work this winter, if unemployment conditions can be relieved in this manner.

### TURKS BOB HAIR SAYS VISITOR FROM THERE

Mother of Famous Poet Astonishes Son with News of Developments in Ottoman Empire

NEW YORK, Sept. 5.—When Mrs. Fikret Bey, wife of Turkey's most famous modern poet, arrived here to visit her son, an assistant professor at the University of Cincinnati, she was greeted with the news that he had married an American girl—and a bobbed hair girl. "Oh, that is nothing. Your reverend aunt, forty years old, has bobbed hers too," responded the Turkish mother. Mrs. Fikret Bey then explained to the astonished young man that many things had happened since the Nationalist Government came into power in Turkey. "Turkey has become very European in recent years," she said. "The women wear no veils on the street and their costumes are just like those of Parisian women, save for the silk scarf which they wear tight about their heads. Young Turkish women wear décolleté gowns at the Red Crescent ball, given recently, and they danced all the modern steps."

## At every place a bowl piled high with healthful Kellogg's—and breakfast's on the dot!

- 1st No impatient waiting for breakfast when Kellogg's is handy. It's cooked and ready to serve.

## Kellogg's CORN FLAKES

Oven-fresh always

Mr. and Mrs. H. Halliwell of Athol Grange Terrace, wish to announce the engagement of their youngest daughter, Cecilia Roberts to Robert Marie, eldest son of Mr. and Mrs. Felix Chassin de Kedgommeaux, also of Terrace, B.C. The wedding will take place early in December.

### DUTCH SETTLERS TO COME TO CANADA IF EDITORS REPORT GOOD

Those Migrating Will be Men with Agricultural Experience

WINNIPEG, Sept. 5.—Many farmers' sons and farm laborers of Holland with thorough agricultural training will come to Canada as settlers, if the party of Dutch editors at present touring the Dominion give a favorable report to their government on conditions in Canada.

This was the opinion advanced by M. J. Brusse, one of the party during his stop in Winnipeg. Emigration from Holland, he said, was on the increase and would continue to grow. However, Canada could not expect to receive annually great numbers of immigrants from Holland because that country was not overpopulated with agriculturalists, although the industrial field was overcrowded. There was no intention of burdening Canada with artisans, Mr. Brusse declared.

Settlers sent over would be desirable farmers, who understood agriculture in all its phases. Many sons of farmers in Holland found it impossible to obtain land in their native country with the inevitable result that they sought other continents in which to settle. In the past a large number of these young men had migrated to the United States, but if Canadian conditions were favorable, they would not require much persuasion to try farming here.

GLORIOUS GLORIA SWANSON

### "A SOCIETY SCANDAL"

Adapted from Alfred Sutro's famous stage success, "The Laughing Lady." The picture that makes an open book of society's innermost secrets. Sh! Don't tell a soul what happened to Marjorie Colbert. It's a society scandal. Society isn't easily shocked, but the Colbert affair rocked it like an earthquake. Come and see why. See why they call her "glorious." If you miss this triumph of triumphs, it will be another scandal. Wonderful gasp-provoking gowns. Glassy settings. A superfine Swanson, a superlative story, a superb cast and superior direction. Rod La Roque, Allan Simpson, Yvonne Hughes and many distinguished others.

CHRISTIE COMEDY—"BACK TO THE WOODS."  
FOX NEWS-GAZETTE

Admission 50c. and 10c.

## For hard water washing—use Sunlight!

YOU will find that Sunlight quickly softens the water as no other product can do. The dirt in your clothes will be easily dissolved by the natural cleansing oils in Sunlight, and you will not be annoyed by the dirt floating on the surface and clinging to the clothes as you remove them from the wash. Sunlight Soap is equally successful in hard or soft water.

## FISH ARRIVALS

Four American Boats Sold 72,000 Pounds at Exchange this Morning—No Canadian Arrivals

Four American halibut schooners sold catches totalling 72,000 pounds at the Fish Exchange this morning. There were no Canadian arrivals.

Sales were as follows:  
Summer, 32,000 pounds, at 12.9c and 6c, to the Royal Fish Co.

Superior, 22,000 pounds, at 12.9c and 6c, and Washington 10,000 pounds at 14.1c and 8c, to the Canadian Fish & Cold Storage Co.

Goney, 8,000 at 14.1c and 8c, to the Booth Fisheries Canadian Co.

## LABORITE ON IMMIGRATION

Canadian Delegate to British Congress Says Dominion Cannot Handle Arrivals

LONDON, Sept. 5.—Addressing the Trades Union Congress at Hull, J. A. McLelland, Canadian delegate said that the immigration question was troubling the organized workers of Canada. The gates of Canada were wide open but there was no work for new arrivals. While 133,000 new immigrants had come to Canada within a year, 183,000 persons had left the Dominion for the United States to find work, he declared. Nevertheless, shipping and railway companies, manufacturers' associations and other interests were endeavoring to encourage British people to come to Canada.

## BIG MISSOURI BONDED AGAIN

New York Interests Represented by George H. Collins Have Taken Over Property

According to word reaching the city, the Big Missouri mine in the Salmon River Valley near Stewart has been bonded by New York interests represented by George H. Collins, formerly of Prince Rupert. An active development program is planned.

The Big Missouri for some time was held under bond by Trites & Wood of Fernie, the property only recently having been given up by them when a higher offer was made by the new concern at the time of bond expiry.

The Big Missouri is located up the Salmon River Valley beyond the Premier Mine. Rich showings have often been reported from it and it has been generally considered as one of the coming mines in the Portland Canal district. Transportation has been a difficulty which, however, could be readily overcome if the merit of property warranted it.

Mr. Collins was in the city some time ago while making a trip to Stewart. At that time he said there was an important deal on foot but declined to give particulars regarding it. He is expected back here before long. Mr. Collins established the Canadian Fish & Cold Storage Co. here and for the past several years has been located in New York.
