Ketchikan People Visiting Prince Rupert

Big Party Arrived Shortly Before Midnight and Will Take Part in Carnival and Sports

One hundred and sixty-five excursionists, full of pep and enthusiasm, arrived in the city on the Prince Rupert last night from Ketchikan to take part in the Fair Week festivities. The big party includes several prominent business men of the neighboring Alaskan metropolis, the baseball team, the Ketchikan City Band, Moose Saxophone Band, members of the Moose and Elks' Lodges and citizens generally as well as 25 natives.

The steamer arrived at 11.30 and the Kitimaat Band, members of the local Moose Lodge, Elks' Lodge and Fair Board were on hand to extend a hearty welcome. The visitors proceeded immediately to the Westholme Theatre for the midnight frolic. They will remain in the city until tomorrow evening when they will return home on the Prince George which is making a special trip. An active part in the Fair program for today and tomorrow has been planned for them.

Arrangements had been made by the local committee for the accommodation of the excursionists. Fifty-one are staying at the Central Hotel, 42 at the Knox and others at the Prince Rupert Hotel, St. Elmp, Salvor, Westholme Rooms and Palmer House.

Among the prominent members of the visiting party are:

L. H. Kubley, owner of the Dream Theatre and Kubley's Confectionery and manager of the baseball team.

V. G. Charles of Charles & Hardecaste, brokers, head of the Elks' party.

John Anderson, ex-councilman and leader of the Moose party.

Dr. B. V. Ellis, physician, leader of the City Band.

C. P. Jameson, manager of the Ketchikan Mercantile Co.

Charles J. Fisk, news editor of the Ketchikan Chronicle, and Roy A. Anderson, city editor.

There are also a number of ladies.

FROLIC PROVED GREAT SUCCESS

Varied Program Started About Midnight and Kept up to Late Hour

KETCHIKAN GETS KEY

Before a crowded house last night the Midnight Frolic, a decided novelty in Prince Rupert entertainments, proved to be an immensely popular event. At the opening Mayor Newton, on behalf of the city presented a golden key to Mr. Charles who accepted it as the representative for the occasion of the Ketchikan people. Queen Grace and her courtiers graced the occasion in one of the boxes and the greatest enthusiasm was shown.

The opening selection was by the Westholme Orchestra whose excellent music was appreciated by visitors and home folks. This was followed by selections by the Moose Saxophone Band.

Babe Fortin sang "The Mexican Rose" with dance accompaniment by Miss Louie Fisher. The Ketchikan City Band then played and following it was a comedy bull fight in which Joe Slaggard proved himself a skillful toreador.

Violin selections by Sandy McVale with step dance by a lady proved popular. E. Drake gave zymastic and contortionist stunts and a song by L. Sabarin and Harry Astoria followed. Harry Seton played a flute and banjo and J. Brennan the accordion. All performers did well, the concert ending at a rather late hour.

NEWS SERVICE IS HELD UP

Strike of Canadian Press Telegraphers Handicap to Local Papers

Owing to the strike of the telegraphers in the employ of the Canadian Press on their leased wire services, the news service from outside points is seriously handicapped. The commercial telegraphers are also refusing to handle Canadian Press despatches. Anything secured by the local newspapers, therefore has to be outside these services.

The strike commenced yesterday just after noon following long negotiations. The operators gave notice to the association of a raise in wages and the association gave notice of a reduction. The association then asked for arbitration but the telegraphers would arbitrate only the question of an advance and not that of a reduction. The strike is the result. Both Prince Rupert papers are members and shareholders of the Canadian Press.

FISH BOX MAKING CONTEST LAST NIGHT

Lance Potterton Winner at Exhibition Building; L. Campagnola Second

In the fish box making contest, staged at the exhibition last night, Lance Potterton of the Booth Fisheries was adjudged the winner in making four No. 4 boxes, to hold 200 pounds of fresh halibut, and two No. 2 boxes, to hold 400 pounds of halibut, in 19 minutes 36 seconds. L. Campagnola, of the Canadian Fish & Cold Storage Co. was winner of the second prize, his time being 21 minutes 21 1/2 seconds. The winner receives a prize of \$15 and the runner up \$10, the prizes being given by the directors of the Fair Board. J. Sanderson and J. Kilby, the other two entrants from the Cold Storage, did the work in 25 minutes 18 seconds and 20 minutes 47 seconds respectively. The quality of the workmanship was taken into account in addition to the time taken in its execution. Ben Delgarno and C. Taylor were judges of workmanship. John Currie and M. MacLeod were the time-keepers.

CONVICTION SUSTAINED

The conviction of B. Perotti, who was fined \$300 recently with the option of six months imprisonment by W. E. Collison, justice of the peace, was sustained by Judge Young in the County Court this morning. Accused had appealed the case.

The throne chair and furniture graced by the Queen of the Carnival and her retinue at the exhibition building was kindly loaned by Geo. D. Tite.

ATTENDANCE AT FAIR YESTERDAY LARGER THAN LAST YEAR AND THE TOTAL FOR THREE DAYS ALSO AHEAD

In spite of the very inclement weather, paid admissions to the Fair Building yesterday were ahead of those for the third day last year. The box office report that 805 adults and 100 children entered, these figures, of course, being exclusive of season tickets and passes. Last year on the third day 728 persons paid entries to the hall. The receipts at the building gate totalled \$296.

The sports ground suffered, however, but 78 paid their way to see the football game which was the only event of the day on the field. Last year, when weather was beautiful and both baseball and football games were staged, 329 entered the sports ground gate.

Despite the handicap of bad weather, the total gate receipts for the Fair Building this year exceed those of 1923. In the three days so far there have been 2415 (including children) entered as against 2349 in the first three days last year. So far, of course, the attendance for the grounds is away down.

It is expected the masquerade dance tonight and the ball games will be well patronized.

JUDGE PRAISES LOCAL POULTRY

Says Marked Improvement Since He Was Here Last

H. D. Reid, of Victoria, appointed by the Provincial government as judge of the poultry at the fair this year and who did the judging four years ago, stated to the Daily News that the quality of the stock on exhibition this year was a marked improvement over the last time he was judging here and compared very favorably with other exhibitions. This was particularly noticeable in Leghorns, Anconas, and in the fancy breeds such as Polish Houdans and Hamburgs. The black Hamburg cockbird, the best bird in the show, being the best that he had handled since he had been judging—fifteen years. Mr. Reid remarked very favorably upon the rabbits and ducks and considered that the cooping arrangements were adequate.

CHANGE BOUNDARY FOR GAME ENFORCEMENT IS ASKED BY SMITHERS

SMITHERS, Sept. 12. — The Game Conservation Law was up for discussion at the regular monthly meeting of the board of trade and a recommendation was made that the present boundary line between the northern and southern districts under the Game Act be changed. It was the opinion of the members that the railway line—the present boundary line—running through settlements tended to make the enforcement of the law a difficulty, and it was suggested that natural boundary lines be established such as are used under the Mineral Act.

A dinner was given yesterday afternoon in the Royal Cafe by 25 Taxi for the Kitimaat Band.

LOCAL YARD AWARDED JOB

Prince John Will be Repaired Here—Work, Starting This Morning, to be Done in Eight Days

The contract for repairs to C.N.R. steamer Prince John, following her recent stranding down the coast, has been let to the Prince Rupert Dry Dock and Shipyard. Work started this morning and is to be completed in eight days. Four plates are to be taken off and repaired and frames are to be straightened.

Tenders were opened here yesterday afternoon and, after communication with Vancouver, the contract was awarded to the local yard. Wallace's of North Vancouver, represented by R. Allan, also bid.

The carrying out of the repairs will be supervised by R. Knox, C.M.M.M. superintendent engineer, and E. Edwards, Lloyd's surveyor.

The John will resume service the week after next.

TEACHERS WILL BE NAMED BY BOARD IN ABOUT 10 DAYS TIME

Pursuant to the decision made early this week to add three new teachers to the school staffs, the school board decided last night to call for applications. There will be a special meeting in about ten days' time to make the appointments. Two public school elementary teachers and an all-round teacher for High School work are required.

There was a discussion with School Inspector Fraser on possible appointments. Mr. Fraser expressed the opinion that there should be no difficulty in obtaining suitable public school teachers for there were said to be 200 or 300 out of employment in the province this year. There might be difficulty, however, in obtaining a suitable teacher for the High School. Several names were mentioned but it was decided to take no action until more applications are in.

EDITORIAL

WELCOME TO VISITORS

The Daily News joins with the rest of the city in extending a hearty welcome to all visitors to the city and especially to those from the neighboring territory of Alaska. It is a great thing for the people of that splendid territory to unite with those of this coast in games and sports and also in business. There is no reason why communication between Ketchikan and Prince Rupert should not be improved and business relations be much closer than they are today. If Ketchikan is to become a great city she must have the very best transportation facilities and that she can get only from Prince Rupert. We believe Alaska's First City has a great future and that she will progress only as she opens wide her doors to the world and invites trade and close competition just as we do here.

Today we are entertaining our visitors in our own way and we hope they will return tomorrow impressed with the feeling that they have friends here and that they will wish to come again and come often.

PERMISSION TO CROSS GROUNDS

City Will be Allowed by School Board to Build Road Through Hays Cove Circle

The city was granted permission by the school board last night to build a road connecting the end of Fifth Avenue with the Hays Creek bridge across the Booth Memorial School grounds providing the permission is subject to termination at any time within the ten years of lease if the ground should be required in the meantime for school construction purposes.

There were letters on the subject from the city clerk and city engineer and also plans. These pointed out it was the intention if permission was given, to build the road along the edge of the draw thus eliminating the present trestle on the north side of Hays Cove Circle.

Pointing out that it might be necessary to erect another school before long, Trustee Williams was of the opinion that it might be well at this time to request the city council to take steps towards providing another site. Trustee Casey concurred with the suggestion. It was felt that it was inadvisable to build another school on Hays Cove Circle but this might be necessary if there was no other suitable site to be found. The city was already badly taken care of as far as school sites were concerned, Trustee Williams declared.

WILL RETURN PLANS TO ARCHITECT COX

Playsheds Designed Would Cost Over \$4,000 Each Whereas School Board Asked For \$2,000 Structures

Plans submitted by A. A. Cox, Vancouver architect, for the playsheds it is proposed to erect at Borden Street and King Edward Schools were rejected by the school board last night. Mr. Cox had a letter before the board asking for payment of \$150 pending the final acceptance of the plans. On motion of Trustee Orme it was decided to return the plans and communicate with Mr. Cox pointing out that, whereas the school board had set a figure of \$2,000 to cover the erection of each playshed, the plans submitted called for structures which cost over \$4,000 each. Disappointment was also expressed that it would now be impossible to erect the playsheds this year.

The school board last night decided to make a grant of \$50 to Donald Ross, manual training supervisor, in view of his having taken a special course at summer school this year. It is the custom of the board to make such grants to teachers. Mr. Ross has signified his willingness to institute a gas engine class.

Miss S. A. Mills and D. H. Hartness, principals, asked at last night's school board meeting for certain repairs and additional equipment at Borden Street and Booth schools respectively. The requests were referred to the committees in charge for action.

WILLS WINNER OF BIG FIGHT

Match Went Twelve Rounds Without Official Decision New York Yesterday

EVERY ROUND TO NEGRO

Body Blows Told on Argentine and in Second Round He Was Floored

NEW YORK, Sept. 12. — The newspapers gave the decision to Wills in the big fight last night at Boyle's Thirty Acres, Jersey City. They went the full twelve rounds in the no-decision match. According to the newspapermen present, Wills won practically every round and in the second round floored Firpo. Twice the colored man staggered the Argentine, who was weakening from kidney punches.

Firpo made great efforts to finish the game quickly with a knockout, but Wills, who seemed to be much the better boxer, ducked the swings and got in body blows that had their effect.

Record of Fighters

Only twice has Firpo felt the humiliating sting of a knockout since his meteoric career commenced. In 1917 he was laid low by an amateur, Angel Rodriguez, now retired from the ring. Then in 1923 the damaged right of Jack Dempsey was the propelling power that towered his centre of gravity.

Wills has been knocked out but once. That was at the hands of Sam Langford in 1916, when the two Negroes fought nineteen rounds.

SKINNER FAILED TO FINISH BOUT

Referee Declares Match with Joe Manilla a Draw—Knock out in One of Preliminaries

Brick Skinner seemed to have the best of things in the first round of the boxing bout with Joe Manilla of Ketchikan last night but he was not able to go through after receiving what he claimed was a foul and the scheduled 6-round battle ended one minute and forty seconds after the opening of the second round. It was a good battle while it lasted and a draw result was declared.

The two 3-round preliminaries—Benny Wendle vs. Ned Byrne and Dido Gurchik vs. Tommy Fraser—were draws but the third between Ernie Warren and Jim Flewin ended in thirty seconds.

when the latter was knocked out. Charlie Gleason refereed the main event, P. Laporte the preliminaries and Max Heilbroner was timekeeper. The attendance well filled the Empress Theatre.

Sport Chat

The weather for the Fair sports is not just as good as might be wished but the sports and attractions committee is staging the matches as best it can between the showers. The enthusiasm of the fans and the general desire that exists to see all the matches overcomes the dampness of the air and fair gates are being recorded much to the satisfaction of the Exhibition management.

Seven million dollars in betting on the race tracks cannot be squandered without seriously affecting the economic condition of the city to say nothing of its morals says an Edmonton paper in commenting on the racing situation in Vancouver. The paper offers the opinion that the Oriental population, described as undesirable, did not contribute much to the seven million and that the Chinese and Japanese were attending to business while the whites were squandering their money.

Second Half

In the second half Ocean Falls were unfortunately handicapped by the absence of their centre forward as a result of his injury. However, the paper makers put up a very stubborn resistance. A persistent bombardment of the Ocean Falls' stronghold eventually gave Scott, in the Anyox forward line, an opportunity and he kicked into Willier's hands. The latter apparently passed the ball over the goal line. There was some dispute about the validity of the goal and talk about protesting the game by the Ocean Falls team. The goal was allowed by the referee, however. After some hard work, which provided plenty of excitement in front of the Ocean Falls goal, Baker Robertson again scored for the smelter town. The final score was 3-2 in favor of Anyox.

ANYOX BEAT OCEAN FALLS

Football Game Played in Storm Closely Contested Yesterday Afternoon

The second game in the exhibition football series between Ocean Falls and Anyox for the soccer championship of northern B.C. was played yesterday afternoon under the worst possible weather conditions, on the Acropolis Hill grounds, and ended in a win for Anyox 3-2. A driving rain and a gale made playing conditions so miserable that only

the most ardent soccer enthusiasts were out to witness the struggle.

The following teams were fielded:

Ocean Falls — Willier, goal; Lord and Smith, full backs; Barnes, Best and Keith, half backs; Paul, Clarke, Defieux, W. Smith and Mitchell, forwards.

Anyox—Craggs, goal; Stewart and Stelie, full backs; Bunton, Scott and Campbell, half backs; Dearlove, Carter, Robertson, Ingram and Jack forwards.

S. Elder refereed and F. Hardy, Prince Rupert and W. Johnson, Ocean Falls, ran the lines.

The first tally was made a few minutes from the kick-off by O. Defieux, at centre forward for Ocean Falls. Shortly afterwards Baker Robertson, equalized for the gas-eaters. The play was fast and considering the wretched nature of the ground and ball some good football was displayed. Both teams were on their mettle and put forward their best efforts in spite of the adverse elements. Shortly before half time Clarke, in the forward line for the paper makers, beat Craggs for a second time with a difficult shot. Play was delayed for several minutes by an injury to Defieux, the Ocean Falls' centre forward, who accidentally collided with Craggs, when the latter ran out to clear a "skied" ball, and was forced to leave the field for medical attention. At half time the score stood 2-1 in favor of the southerners.

Many hunting expeditions for the week-end will mark the opening tomorrow (September 13) of the season for ducks, geese and deer. The deer are reported to be in great abundance on the nearby islands and hunters will be getting out at the earliest possible moment before too much shooting makes them more wary and scarce in accessible places. One person, who was out scouting recently, said he saw more deer than he had often run across rabbits when hunting for them. The indifference of the weather is not likely to dampen the enthusiasm of most of the nimrods.

The Port Simpson football team defeated the Kitkatla eleven by a score of 2-0 in the first game of the exhibition native football series played on the Acropolis Hill grounds yesterday afternoon. The weather conditions were most unfavorable, and few spectators witnessed the game.

Mr. and Mrs. Alex Finnie sailed on the Princess Alice today to make the round trip to Skagway.

"When a Man's a Man"

Adapted from Harold Bell Wright's powerful novel. Twenty millions have read, loved and thrilled in this mighty story of heroism, daring and romance. There is no greater drama than the drama of life—there is no life-drama that hits the heartstrings as hard as this one. Here amidst the scenic grandeur, the glory and marvels of the true West unfolds the tale of a man who proved himself a man clean through. A romance of Arizona. Superb cast. John Bowers, Marguerite de la Motte, Robert W. Frazer, George Hackathorne, Forrest Robinson, Edward Hearne, June Marlowe, and many distinguished others.

The dance in the Auditorium last night was enjoyed by a good assembly of dancers. The moonlight waltzes were again a feature of the evening. Miss St. Cyr's orchestra furnished delightful music. Refreshments were served during the evening and L. J. Marren acted as master of ceremonies. The Auditorium will be thrown open for roller skating on Tuesday evening next.

Presentation of prizes in connection with the Better Babies Contest featured the proceedings at the Exhibition Hall yesterday afternoon.
