## BRITISH ROUND WORLD FLIERS HAVE SECOND DELAY AT CORFU ISLAND

### Two Fires Took Place Ketchikan but Brigade got both under Control

Flames leaping for hundreds of feet in the air from the large frame buildings which were destroyed in the fire at Ketchikan Friday night made the conflagration visible for miles. So intense was the heat that it was uncomfortable for blocks around and almost impossible to approach nearby despite the fact that it was a very cold night with a bitter northwest wind blowing. Before fire fighting started the blaze had taken a good hold but, in spite of this and the other difficulties attending, the volunteer fire department of Ketchikan did yeoman service and it was only through their remarkable efforts that a greater part of the business section of the Alaska port was not destroyed.

### CITY COUNCIL CONFERS WITH SCHOOL BOARD

Decides to Make Small Change in Estimates but Played Change Proposal Not Accepted

There was a conference between the city council and the school board on Saturday with a view to adjusting the estimates. It was agreed to reduce them to allow for the using of last year's balance instead of carrying that amount over, as has been done in the past. Objection was taken by members of the council to the decision to build two play sheds this year, it being suggested that one should be built this year and one next. The chairman of the board refused to make this change without the full board being present and W. E. Williams is out of town at present so the amount will probably stand.

### BRIDGES BLOWN UP IN IRELAND

Highway Stopped with Fallen Trees: Republicans Not Responsible

BELFAST, March 31.—A number of bridges on the main road between Londonderry and Athlone in Central Ireland were blown up last night and the roads blocked with felled trees. Republicans disclaim responsibility for the destruction.

### OAK BAY REEVE AND COUNCILLORS RESIGN

Fail to Carry Out Policy of Exemption of Improvements From Taxation

OAK BAY, B.C., March 31.—Because they were elected on a policy of exemption of improvements from taxation and later the policy of taxing improvements 25 per cent was adopted by the council, Reeve Hewlett and two councillors, Harold D. Payne and Arthur E. Mallett have resigned.

Mr. Mallett is a brother of A. J. Mallett of Prince Rupert.

### GRAIN COMMISSION TO CONTINUE SITTING

WINNIPEG, March 31.—The royal grain inquiry commission is to sit here today and complete its inquiries on the prairies before going to Vancouver where it is expected to resume about April 20.

### HUSKY NEW FARMERS ON CANADIAN NATIONAL

SALVATION ARMY BOYS FOR WESTERN FARMS

TWENTY-EIGHT of Canada's new farmer citizens-in-the-making as they arrived in Winnipeg a few days ago in charge of the Salvation Army. This party originally consisted of 58 boys and 12 girls, but those shown in the picture are the only ones who came on to Western Canada to work on the land, the others remaining in Ontario. These boys are the advance

guard of a large group of 'teen age lads who are coming to Canada this spring under the auspices of the Salvation Army to work on farms in the west, and never has a more promising looking group of settlers passed through Winnipeg than the young men shown above. They travelled across Canada by Canadian National Railways' special train for immigrants and the picture shows them on their arrival at the Union Station, Winnipeg, and the long train filled with new settlers. Arrangements have been made by the Salvation Army authorities for special equipment to be provided by the Canadian National to bring west the next large party, which is scheduled to sail from the Old Country the end of March.

### PLANES TO LEAVE SEATTLE WEDNESDAY FOR PRINCE RUPERT

SEATTLE, March 31.—If the weather forecast is favorable the four American world flight aeroplanes leave here at 6:30 Wednesday morning for Prince Rupert, on the first leg of their long journey. If they get away on time they should reach Prince Rupert about one o'clock or soon after.

### POSTAL EMPLOYEES WILL STRIKE SOON UNLESS SATISFIED

Votes of Local Branches go 96 Per Cent Favor of Drastic Action

TORONTO, March 31.—A strike of postal employees in all branches of the service will begin on April 14 unless the government revises upward the salaries before that date. This action was decided on at a mass meeting of postal workers on Sunday. The strike will be national in scope.

### REDUCE TARIFF ON PRODUCTION ARTICLES

Machinery and Implements Used in Farming, Lumbering and Mining to be Reduced

OTTAWA, March 31.—About the middle of April will see the budget presented by the acting minister of finance, probably before the Easter recess. It is expected that an announcement will then be made of a reduction in duty on implements and machinery used in production such as those used in farm work, saw-mills and in mining operations. Beyond that it is not expected there will be much change in the tariff this year.

### Labor Discontent in Britain Causes much Comment in Press Two Million Making Demands

LONDON, March 31.—Existing and constantly growing discontent among workers is causing much comment in the London press today. In section after section of industry demands for higher wages have reached a point which amounts to a crisis and it is declared that including the London transport workers who are balloting today in settlement of terms arranged last week, fully two million workers are involved in the big movement for increased pay. These are in the mines, in the building and engineering, and in the woolen industries the unrest is bred of insufficient wages and either has crystallized or is crystallizing into official claims, says the Labor organ, the Daily Herald.

### ROUND WORLD PLANE FALLS

None of Three Occupants Injured and Flight Will be Resumed

ATHENS, Mar. 31.—Stuart MacLaren's around the world British airplane was compelled to descend on Lake St. Mathew, island of Corfu, according to messages received here. No one was injured, the damage to the plane is slight and after repairs the flight to Athens will be resumed.

### B.C. GETS ONE MORE MEMBER FOR OTTAWA

Under Redistribution Plan Membership of House of Commons Increased by Ten

OTTAWA, March 31.—The redistribution bill which is to be brought down gives western Canada 12 more members, British Columbia members are to be increased from 13 to 11. The total membership of the House of Commons is to be increased from 235 to 245.

### PRINCE OF WALES WAS OUT YESTERDAY

LONDON, March 31.—The Prince of Wales was out Sunday for the first time since his recent fall while racing. He looked fit and will probably fulfill some engagements this week.

### TWO MOVIE MEN ARRIVE IN CITY

F. G. Campbell of the Pathe News and J. Herron of the Universal Co. arrived in the city from Vancouver on the Camosun last night. They are here to take moving pictures of the American round-the-world fliers who are now due here this week from Seattle.

### TWO COMPANIES OF LOCAL INTEREST ARE INCORPORATED

The following companies have been incorporated at Victoria according to the B.C. Gazette: Massett Inlet Pole Co. Ltd., capitalization \$10,000, head office at Vancouver. Philpott, Exitt & Co. Ltd., capital \$10,000, head office Prince Rupert.

### FINE STEELHEADS CAUGHT AT CLOYAH

E. C. Gibbons and O. P. Smith made a trip at the week end to Cloyah River, where they succeeded in landing four very fine steelheads, running from eight to twelve pounds each. They made the trip in Mr. Smith's Billy Boy and they fished with a Tacoma spinner. The fish were caught about where the trail hits the river above the falls.

### Speech of King George at Opening of Exhibition will be Flashed Around the World

LONDON, March 31.—King George will deliver an address that it is expected will be heard around the world at 11 a.m. Greenwich time, April 23, when he formally opens the British Empire exhibition at Wembley. For the first time in history the actual voice will be broadcasted and heard simultaneously in the homes of thousands of his subjects. The speech will be carried by radio and by cable where air waves fail.

As soon as the words are spoken they will be flashed from a special station in the exposition grounds along the all-British cable route across Canada to New Zealand and Australia, then into India and Africa and back to Wembley, thus encircling the world, the Imperial cable stations completing the circuit within five minutes.

### NEARLY A QUARTER MILLIONS POUNDS OF HALIBUT WAS SOLD

Prices Still Remain Low at Exchange Here Especially for Canadian Fish

With nearly a quarter of a million pounds of halibut offering on exchange this morning the prices still remain low especially for Canadian fish. Following are the sales:

- American Boats**
- Anna J. 18,000, Gold Storage, 10.20c and 5c.
- Eastern Point, 5,000, Pacific Fisheries, 10.80c and 5c.
- Yellowstone 14,000 and Imperial 15,000, to Booth Fisheries at 10.50c and 5c.
- L. P. Todd II, 11,000 and Middleton 12,000 to Royal Fisheries at 10.60c and 5c.
- Sunset 38,000 to Pacific Fisheries 10.40c and 5c.
- Tordenskjold, 35,000 to Gold Storage at 10c. and 5c.
- Eagle, 60,000 to Gold Storage at 10.40c and 5c.
- Canadian Boats**
- Hippo, 7,000, Gold Storage, at 8.60c and 5c.
- Pair of Jacks, 6,000 to Royal at 8.70c and 5c.
- H. & R. 5,000 to Gold Storage at 8.60c and 5c.
- N. & S. 1,000; Oh Bill 500; Dolphin 8,000 to Gold Storage at 3.50c and 5c.
- Viola, 3,000, to Allin Fisheries at 8.70c and 5c.

### YOUNG IRISHMEN COMING TO CANADA

Impossible to Obtain Work in Old Country so are Migrating to Dominion

HALIFAX, March 31.—Passengers numbering 1394 disembarked here on Sunday from three liners. Among the 679 passengers landed by the Lancastria about 350 are young men from Ireland some of whom declared that a large number of their countrymen were about to come to Canada in search of work and homes stating that it is impossible almost to obtain work in Ireland.

### OREGON'S SCHOOL LAW ULTRA VIRES

Opinion Rendered in Federal Court Declares Compulsory Statute Unconstitutional

PORTLAND, March 31.—Oregon's compulsory public school law was declared unconstitutional in an opinion rendered in the federal court here.

### MUCH ACTIVITY CITY BUILDING

Ten Permits Issued During Month of March to Total Value of \$33,450

Increased activity in city building is reflected in the announcement made at the city engineer's office this morning that ten building permits had been issued total value of \$33,450. The total is largely made up of new building, and also includes provision for repairs and alterations to certain existing structures.

- A. Prince, for frame residence on Allin Avenue with concrete foundation, \$4,000.
- James Anderson, addition to dwelling on Seventh Avenue, Section 7, \$500.
- M. P. McGaffery, frame dwelling with brick veneer and stucco, Fourth Avenue West, \$11,000.
- M. Shimizu, rooming house back of Dominion Cafe on Third Avenue, \$11,500.
- E. Kinslor, addition to residence on Eighth Avenue East, \$100.
- John McRae, concrete foundation for residence on Fourth Avenue East, \$350.
- Rosina Zarelli, concrete piers and beams under Royal Hotel, \$3,000.
- R. Gordon, store building on Seventh Avenue East, \$2,000.
- Gust Selvin, addition to building on Seventh Avenue East, \$1,000.

### AIRMEN REFUSE TO FLY PLANES

Dispute Over Rates of Pay Ties Up Service With Europe from Croydon

CROYDON, March 31.—An unprecedented strike commenced here today when the airmen in the service of the concern which carries the British air mails ceased work. The pilots and mechanics connected with the long distance flights struck because of a dispute regarding rates of pay.

### MONTH'S HALIBUT. CATCH NOT HIGH

Amount for March is Two and a Half Million Pounds

The total halibut market at the local exchange for March amounted to 2,553,600 which is more than four hundred thousand pounds less than the same month last year when 2,975,200 was marketed. The smaller catch is largely due to weather conditions.

## ALPINE CLUB PLANS SCALE MOUNT ROBSON

Camp Will be Established There July 22 and British Association Invited

### MOUNT LOGAN NEXT

Many Canadian Peaks Yet to be Scaled and New Beauties to be Found

VANCOUVER, March 31.—Mount Robson the highest peak in the Canadian Rockies will be the scene of this year's camp of the Alpine Club of Canada, it was announced at the eighteenth anniversary of the Vancouver section of the club by A. O. Wheeler, director of the club, who was the chief speaker at a dinner held on Saturday evening in the hotel Vancouver.

The camp this year will be held from Tuesday, July 22 to Monday, August 4. The proposed site of the camp is 19 miles from Mount Robson station on the Canadian National Railways and indications at present are that the attendance this year will constitute a record. Inquiries are being received and membership are being renewed by Alpine climbers in all parts of Canada and the United States and climbers from all over the British Empire are expected to take part in the attempts to climb this, the highest and most difficult of the peaks of the Canadian Rockies.

In preparation for the opening of the camp, Mr. Wheeler, stated, the Canadian National Railways have arranged to give the fullest possible co-operation, and will have Swiss guides there for the use of the Alpinists.

### British Association

The British Association for the advancement of science is meeting this year at Toronto, Mr. Wheeler stated, and invitations

have been sent to members of this society to take part in the camp. Invitations have also been sent to the Alpine club of England to receive as guests of the Canadian club, a party number of ten, who may care to take part in the climb. In order to make the ascent more easily attainable, it is hoped to place a high shelter on the southwest side of Mount Robson and every opportunity consistent with protection of life, will be given for the ascent. One outlying camp will be established in Galumet Creek valley, near Mouse Pass, to give access to the fine area of peaks and Alplands at its head, Mr. Wheeler stated.

The camp this year is creating very widespread interest and serviceable arrangements are being made for the comfort of those who attend.

**Unveil Monument**

An interesting feature in connection with the holding of the camp this year will be the official unveiling of the final monument of survey of the boundary between the provinces of Alberta and British Columbia. The final monument will be built at the summit of Robson Pass and it is expected that representatives of the two provincial governments, the Boundary Commissioners and the Canadian National Railways will take part in the official ceremony.

Mr. Wheeler, who was founder of the Alpine Club of Canada in 1905, extended greetings to the members of the club in Vancouver and other parts of Canada and also in various parts of the United States and the British Empire throughout which they are widely distributed. The season of 1923, he said, had been one of activities and achievements; and the season of 1924 promised to eclipse previous years. Numerous expeditions were being planned to virgin territory, particularly along the lines of the Canadian National Railways in the northern sections where the possibilities had thus

(Continued on page six)

## Movies and Movie People

Devoted to the doings and sayings of those who entertain the public.

### WEEK AT THEATRE

- Monday and Tuesday, "Garrison's Finish," a racing story, featuring Jack Pickford, International News.
- Wednesday and Thursday, "Skid Proof," a racing romance, Comedy "The Guide," Fox News-Gazette.
- Friday and Saturday, Anna Q. Nilsson in "Ponjola," Sunshine Comedy "Roaring Lions on a Steamship," Fun from the Press.

attempts to finish the race in the Dorado. He falls as a result of the obstacles set in his path by Rufus Tyler, who bribed Zeeker. But he meets Nadine. His subsequent trials at the hands of Tyler form a continuous chain of rapid-fire events that boil from the screen with the force of a maddened bull. His great daring doesn't even shrink from crossing a burning trestle bridge.

### GIRL WHO MASQUERADES AS MAN FOR MONTHS

Lives Among Men But Finally Falls in Love and Offers to Sacrifice Self

Several motion picture producers discussing "Ponjola," Cynthia Stockley's famous story, after it had been announced that Sam E. Rokk had purchased the story for the films, declared that the picture could never be made because no actress in film could successfully make up as a man. But it turned out that they were all wrong. There was an actress that could make up as a man and pass as such. This was Anna Q. Nilsson, who plays the leading feminine role in "Ponjola," the picture which comes here at the week end.

In this First National picture Miss Nilsson enacts the part of a girl who masquerades as a man and lives for months among the "he-men" of the African veldt.

### Hair Cropped

In order to play the role Miss Nilsson had her hair closely cropped and underwent special treatment at the hands of an expert masseuse to obtain a form apparently masculine. In men's clothes the illusion is perfect and one watching that part of the picture in which she is "a man," will forget almost entirely that the character of "Desmond" is being portrayed by Miss Nilsson.

One of the producers who said "it can't be done," has been a friend of Miss Nilsson's for years. He changed his mind after production had begun on the picture when one day Anna, in man's clothes, walked into a Hollywood restaurant where he was eating. He failed to recognize the famous actress, asking a friend at his table who the new boy actor was.

### The Story

"Ponjola" is a vivid picturization of Cynthia Stockley's famous masterpiece of South African gold field life, which proved a sensation in book form and promises to be no less of a sensation as a screen drama.

It tells the story of an English noblewoman who is disguised as a man, fights the curse of "Ponjola," the soul destroying drink of the gold miners; fights for the man she loves and willingly offers to sacrifice herself for a murder which the man commits.

### WOMAN OF PARIS IS CHANGED BY CENSORS

Chaplin's Play is Cause of Considerable Controversy Wherever Shown

In Ohio the theme of Chaplin's picture "A Woman of Paris" was changed. In New York, the film was approved without a change or elimination. In Kansas, where cigarette smoking is at present the highest crime, all smoking scenes were eliminated, but nothing else. The Pennsylvania censors whose pet aversion is firearms, cut out the scene in which the young artist shoots himself. In Maryland the heroine was not required to win redemption through suffering, but was given immediate respectability through a sub-title, attributing her luxurious accessories to her earnings as a popular actress.

### Made it Respectable

And, from the Toronto World, Canada, "Our Own Special Fan," writes: "One of the silliest examples of the tampering of censors that I have seen occurred in this picture. The censors introduced a caption containing the information that Marie had been left a fortune by a wealthy aunt, and that, of course, accounted for her luxurious home. That Victorian idea of dragging in a

### SWIFT MOVING STORY WITH RACING THEME

Jack Pickford is Heroic Jockey in Picture to be Shown Here Tonight

Jack Pickford never made a better motion picture, and in fact, few photoplays have been so completely satisfying in so many respects as this star's picturization of "Garrison's Finish," which is coming tonight to the Westholme Theatre. It is so confidently predicted this latest cinema effort of the famous Mary Pickford's well-known brother will be regarded generally as a most advantageous beginning under a new banner and he seems assured of augmenting his popularity with the fans through it.

### Beautiful Romance

"Garrison's Finish" is one of those swift-moving racing stories such as are rarely written. It is replete with consuming excitement together with pleasing romance and compelling drama. It is one of those all-action pictures in which there is no let-up from the inception to the very finale. Jack portrays the character of a heroic jockey and he acts and looks every inch the part. Forsyth, he was never better cast and with the charming Madge Bellamy supporting him as a beautiful romantic foil he succeeds in doing some of the best histrionic work of his long, brilliant career.

Every feature of this film is par excellence. The photoplay is little short of marvellous, the scenes of the Kentucky Derby and the Metropolitan Handicap being particularly impressive. The direction of Arthur Rosson is above reproach and the masterly handiwork of Elmer Harris, who supervised the production, is plainly discernible throughout. Mary Pickford herself wrote the titles and edited the film and there is no question as to her superiority in this line of work. "Garrison's Finish" is one of the truly good and vital pictures of the year.

### SKID PROOF IS YARN DEALING WITH AUTOS

Racing and Love and Intrigue all Interwoven in Midweek Picture

"Skid Proof" is the mid-week local offering. The story involves a strong conflict of emotions, a headlong race of love at first sight, yet all is treated with that zippy, airy, delightful touch that characterizes all of Scott Dunlap's directorial efforts.

Charles Jones is concerned in the tale as Jack Darwin, the youth who wins cups for his ability in driving racing cars. The Transcontinental Auto Race has among its entrants, one Hardy Zeeker, driver of the Dorado. He is a mercenary fellow, taking no pride in his victories. Duffon Hardmere, owner of the Dorado, is observing the progress of the race from an airplane. He sees his driver, Zeeker, pull up his car and stop, just after he had gained a great lead and was certain of victory. Hardmere descends, furious with the driver, certain now that he had been bribed to give up the race.

Hardmere makes Zeeker drive to a garage, where he meets Jack Darwin, played by Jones. Darwin

Great for a Cocktail

The GIN you will ask for again

single caption to make Marie and the movie quite respectable is ridiculous. What a bunch of dim-wits the censors must think the fans. That caption would not fool anyone."

In criticizing the censors it is said that if Hawthorne's immortal story, "The Scarlet Letter," were put on the screen, an ingenious sub-title would account for "Hester Prynne's child as an unexpected inheritance.

### MACK SWAIN IS NOT STEWART TYPE STICKER

When a local mining man heard that Charlie Chaplin was to have a series of comedy stunts with Mack Swain, he immediately thought of McSwain, the pioneer of mining camps who lives at Stewart, the man who for several years stuck type for the Portland Canal News and the Hyder paper, setting up both each week. It happens that this is another man but either would have made good comedians.

### Ten Years Ago in Prince Rupert

March 31, 1914.

The Earl's Grey's Own Rifles, Prince Rupert's militia regiment, is disbanded. Capt. Fred Stork read the official notice at last night's parade which was attended by 50 men. The officers of the regiment are giving a dinner tonight.

Miss Elizabeth A. Reinhold has won \$28,626.30 with a winning ticket in the Grand National Steeplechase which was purchased for her in Vancouver by her brother. She is the leading candidate in the Daily News subscription contest.

The nearing of completion of the Grand Trunk Pacific Railway is marked by the scattering of the contractors who have played such an important part in the development of the district during the past five or six years. Few stations on the road remain to be finished.

### THE CROW OF CROUP A WARNING TO ALL MOTHERS

Croup starts with a dry cough and rattling in the throat; after which the croupy crow gives warning of the disease. The child, after tossing restlessly about, with start up with a flushed face, protruding eyeballs, and a distressing look of terror and anxiety. There is a struggle for breath, and the expectation of the mucous matter is so difficult to get rid of that the effort appears to threaten strangulation.

On the first sign of the "croupy crow" mothers should administer Dr. Wood's Norway Pine Syrup, and thus give the child prompt and permanent relief, and perhaps the life saved by taking this precaution.

Mrs. H. A. Lamborn, Hamilton, Ont., writes:—"My little boy was very bad with the croup and I could not get anything to relieve him until I tried Dr. Wood's Norway Pine Syrup. I cannot praise it too highly for the relief it gave him."

Price 25c a bottle; the large family size 60c; put up only by The T. Millar Co., Limited, Toronto, Ont.

### SETTLERS' EFFECTS STATES INCREASES

Figures Show Emigration Growing and Immigration Falling off

OTTAWA, March 31. — The value of settlers' effects exported from Canada to the United States in twelve months increased by fifty per cent while imports of the same commodity from the United States decreased in the same period.

Settlers' effect worth \$9,752,103 went to the United States in the year ending February 29, 1924, as against \$6,460,155 for the previous corresponding period.

Imported effects valued at \$4,626,270 as against \$5,110,777 for the previous year.

### BRULE LINE WILL NOT BE BUILT THIS YEAR

Minister of Railways Says all Available Routes Will be Examined Before Decision Made

OTTAWA, March 31. — There will be no construction this year of a railway into the Peace River country.

This was made perfectly clear by Hon. George Graham, minister of railways, when he was waited upon by a delegation urging that the C.N.R. be extended from Brule Lake north and westerly this year.

The northerners emphasized the need of railway communication to ensure the handling of grain by the most expeditious route and also to open up the coal areas.

The minister in his reply pointed out that surveys are in progress and will be continued this year. They will involve an investigation into the various lines projected.

Mr. Graham said that in the past there had been cases of railway lines being built on insufficient information. It was intended, he said, to avoid that in this case and to build the line only when the investigation is completed and the best location is thoroughly established.

James L. Lee, manager of the Alin Fisheries, returned on the Camosun last night from a ten day business trip to Vancouver.

BOOKKEEPING and SHORT-HAND class meets tonight, Tuesday and Wednesday at 8 p.m. in large room above Wallace's store.

A meeting of the Liberal-Conservative Association will be held in the Emad Hall, Tuesday evening, April 1. Important business. 78

Union steamer Camosun, Capt J. A. Findlay, was in port a midnight last night northbound from Vancouver to Stewart, Any ox and Alice Arm.

Joe Hatchford and George Sheulton have started a tinsmithing and sheet metal business in the store on Third Avenue formerly occupied by Arthur's Market.

Major R. M. Taylor, district engineer for the provincial public works department, returned on Saturday night from a trip to Smithers, Hazelton and Terrace on departmental business.

P. S. Bonney, district forester is on a trip of inspection to the southern portion of the district aboard the departmental launch Leila R. He is expected back towards the end of the week.

W. L. Scott, a Ketchikan fisherman, arrived in the city from the north by gasboat yesterday and is leaving by tonight's train bound for Tacoma where he has been called on account of his wife's death.

At a special meeting of the directors of the Empress Social Club, Mike Roche was elected manager for the coming year effective April 1. Mike will be glad to meet all his old friends there and make new ones. 77

Included in the passenger list of the Camosun last night for this port were several more stevedores for the dry dock in connection with the repairs to the Canadian Scottish. There were also some cannery crews aboard.

The date for the spring assizes here has not yet been set. There are two criminal cases coming up—that of C. B. Srigley, Buckley Bay, charged with theft from the Massett Timber Co, on two counts, and Gun-go-at, Smithers Indian, charged with rape.

Mrs. J. C. Anderson left by Saturday night's train for Hazelton from which place, after spending a few days visiting, she will leave for the East bound for her old home in England where she expects to spend several months. She is accompanied by her young son.

The late Mrs. Lofthus who died at the week end and whose funeral takes place on Wednesday leaves three daughters; Mrs. Langton of Hull, England who is visiting here; Mrs. Wilby of Edmonton and Mrs. R. T. Anderson. In addition there are three daughters and three brothers in England.

**ARE CHAMPIONS AT BADMINTON**

**Cups Presented at Tournament Yesterday to Bob Bartlett and Miss Stewart**

Bob Bartlett was winner of the men's singles at the Badminton Club hall yesterday afternoon and evening, thus winning the championship cup donated to the club for the purpose by Fred Gilluly; and Miss Irene Stewart was the winner of the ladies' singles and is the champion lady player, in recognition of which she was given a cup by the club. The ladies' games were completed in the afternoon but the men's final had to be played after church at nine o'clock last night and there was quite a large gathering of spectators out to see the final event.

The tournament was managed by a committee consisting of Bob Bartlett, convenor, W. Hamilton, Ed. Jenner, Miss Caroline Mitchell, Miss Stewart and Miss Scott and to the ladies was assigned the duty of providing tea which was served during the afternoon.

The tournament commenced sharp at two o'clock and a number of very close matches were played between that time and six o'clock when the semi-finals were concluded, both courts being kept busy all the time throughout the afternoon. The scores were as follows:

**YOU CAN EAT ANYTHING YOU LIKE AND NOT HAVE HEARTBURN**

In all cases of heartburn there is a gnawing and burning pain in the stomach attended by a disturbed appetite, as when too much food is taken into the stomach it is liable to ferment and become extremely sour, vomiting occurs, and what is thrown up is generally sour and bitter. When you are in this condition you will find that Milburn's Laxa-Liver Pills will give you relief right away.

Mr. Joseph B. Macdonald, Christmas Island, N.S., writes:—"Two years ago I suffered all the time from heartburn. I took one vial of Milburn's Laxa-Liver Pills and have never been troubled since. It is very nice to be able to eat anything you like and not have heartburn any more."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

during the winter and of the fact that they expected to start up again in the autumn if a suitable hall could be secured. Many of the players had never even seen the game until this winter and some of them had developed considerable skill. He hoped to see renewed interest next winter.

**GOOD SHOOTING IN KING GEORGE SHIELD ANNUAL COMPETITION**

**Local High School Make Good Scores at Miniature Range**

The High School Rifle team which had been entered to shoot for the King George challenge shield held its final shoot-off on Friday at the school's miniature range. The rules call for ten shots deliberate; and ten shots rapid, within a time limit of 90 seconds.

The team was in fine form and shot well, achieving the excellent average of 92.5 per cent. The average for the deliberate was 92.25 and 92.75 for rapid.

The individual scores were:

Barold Bell	91	98
Gordon Bulger	94	94
Norman Kinslor	91	89
Felix Bath	90	92
Teddy Tite	96	96
Peter Black	92	91
Gordon Kerr	97	89
Arthur Phillips	91	89

**Open to Empire**

This competition is open to all the British Empire, and the Prince Rupert team would have come within the first five of hundreds in last years report with their average of 92.5. They will probably win a bronze medal for each member of the team and a cash prize of either £2 or £3, judging from last year's report in which many teams whose averages ranged from 97 per cent down to 80 per cent all won medals.

Captain R. W. Cameron of the N.B.C. Regt. kindly donated his services as an official witness.

**Sport Chat**

Col. McMordie, one of the favorites to win the individual billiard championship of the city, will play the first round match tonight with F. A. Aldridge. While the game will doubtless be followed with interest by a crowd of fans, the speculation is not as to who will win but on what the margin of difference will be. The management of the competition points out that the games are open to all and there are no requirements to enter the Elks' Home to witness them other than the paying of the admission fee. Dick Howe is to be referee and Glen Gulick, marker.

With the big opening season contest to take place between them next Sunday afternoon at the Acropolis Hill grounds, the Inlanders and Gyros are now taking every opportunity that presents itself to practice up for the match which gives promise of being a real "battle-royal." The promoters of the game declare that the talent offering is to be little short of "big league" stuff and that the meeting will be epochal in the annals of Prince Rupert baseball history. Between skill and confidence, one or both of which qualities each selected player possesses, a contest worthy of the patronage of all fans should be staged. The definite selections of "Slim" Foster, Inlander pilot, and Ar Easson, the Gyro leader, will be announced early this week.

The Prince Rupert Gyro Club, in making plans for its playground to be established at the corner of McBride Street and Sixth Avenue, is following the scheme adopted by the Vancouver Gyro Club for its Pandora Street playground. Because the size of the area at the disposal of the local club will necessarily

THOMAS W. BUCKLER, Applicant.  
Dated February 14th, 1924.

# REPORT MADE INDIAN MINES

### Engineer Examined Property and Says Not Sufficient Ore to Warrant Mill

### MAKES EXHAUSTIVE STUDY

MONTREAL, March 31—Shareholders of Indian mines will shortly be in possession of a report upon their property which will throw considerable light upon the recent actions of their stock, and which will serve as an excellent object lesson for the public in dealings with mining stocks. The story revolving around this stock, points to the necessity of caution even with the most promising of mining projects, and Indian was unquestionably the most attractive prospect brought out in Montreal in a long time. The real trouble seems to have been that it was so promising as to give rise to over-enthusiasm and the property was presented to the public as an immediate milling proposition rather than the merely good prospect that it was. In this connection, it seems only fair to point out that the syndicate which put out the stock appears to have been as much deceived as the public, although their experience and their responsibility to the public should have made them check up more closely upon the reports of values and ore bodies coming from the property.

### Report by Expert

The report which will be sent to shareholders has been made by A. W. Davis, M.E., of the British Columbia department of mines. The circumstances which led up to the making of this report form a story which must be known to fully understand the stock market gyrations of Indian shares which made their appearance on the local unlisted market at 54 and underwent an almost uninterrupted rise to 81, after which there was a period of liquidation which carried the price down to the 60's from which there was a sharp break to the 40's on January 31. It is now quoted at 20 cents. These circumstances should have been made public from the outset by the syndicate which was made of Toronto and Montreal brokers and other financial men, if the results of the expenditure of further money on development should be proceeded with very cautiously. On the other hand, if considerable ore has been located, further work can be carried on vigorously with the idea of ultimately building a mill. He then makes suggestions as to the most likely property to make an adequate transportation problems.

### Recommend Development

Mr. Davis recommends a specific campaign of development and says: "On the completion of this project, a general up summing up of the situation will be required. If the results obtained have been disappointing, the expenditure of further money on development should be proceeded with very cautiously. On the other hand, if considerable ore has been located, further work can be carried on vigorously with the idea of ultimately building a mill." He then makes suggestions as to the most likely property to make an adequate transportation problems.

### Speaks Encouragingly

Perhaps it should have been said at the beginning that the report does not blast the hopes of shareholders, even those who bought their stock at or near the top of the market. In some respects in fact, Mr. Davis speaks very encouragingly of the property. In a nutshell, his finding is that even highest grade ore thus far discovered does not justify the erection of a mill until there is a large established tonnage in the mine and to this end he points out that further development work is needed.

### Assay Values

Mr. Davis' comment as to assay values is in part as follows: "On the mine map are given the average assays of the various deposits of ore encountered in driving No. 4 tunnel. An average of the level is approximately .12 oz. gold; 6.3 oz. silver; 7.3 per cent lead; 8.5 per cent zinc. The grade of the ore in No. 6 shoot where it is widest (in the neighborhood of 20 feet in width) is 0.17 oz. gold; 12.3 oz. silver; 8.2 per cent lead 9.2 per cent zinc. Even this slightly better grade of ore would necessitate large tonnage in the mine before the erection of a mill could be considered. Further development is needed. At the present moment practically all of the ore opened up has been found on the same horizon. The outer concurrences of ore have, moreover, been small and intermittent. An encouraging point is the greater size and better grade of No. 6 shoot last opened up and furthest underground.

### Report by Expert

The report which will be sent to shareholders has been made by A. W. Davis, M.E., of the British Columbia department of mines. The circumstances which led up to the making of this report form a story which must be known to fully understand the stock market gyrations of Indian shares which made their appearance on the local unlisted market at 54 and underwent an almost uninterrupted rise to 81, after which there was a period of liquidation which carried the price down to the 60's from which there was a sharp break to the 40's on January 31. It is now quoted at 20 cents. These circumstances should have been made public from the outset by the syndicate which was made of Toronto and Montreal brokers and other financial men, if the results of the expenditure of further money on development should be proceeded with very cautiously. On the other hand, if considerable ore has been located, further work can be carried on vigorously with the idea of ultimately building a mill. He then makes suggestions as to the most likely property to make an adequate transportation problems.

### Recommend Development

Mr. Davis recommends a specific campaign of development and says: "On the completion of this project, a general up summing up of the situation will be required. If the results obtained have been disappointing, the expenditure of further money on development should be proceeded with very cautiously. On the other hand, if considerable ore has been located, further work can be carried on vigorously with the idea of ultimately building a mill." He then makes suggestions as to the most likely property to make an adequate transportation problems.

made of the possibility of opening up a high grade zone in the Indian mine. This chance exists and should not be overlooked. The premier mine had considerable underground work expended on it before any of the high grade ore was found which has made it a heavy dividend payer. Geologically the two properties are identical, and somewhere in the Indian mine a mineralized zone may exist with a greater concentration of values than has so far been opened up.

## The Man in the Moon SAYS—

BORROWING money is difficult but to borrow trouble is easy.

CIVILIZATION was introduced into the world by the invention of the mirror.

SINCE the establishment of the Irish Free State, the wealth of Ireland is on the increase. Its capital is Dublin.

IT was very unnecessary in sending instructions to Prince Rupert on how to receive the fliers, that mention should be made of shipping keeping out of the way.

SINCE rumors are the order of the day, let me tell you one. It is rumored that the city council and school trustees will not quarrel over the estimates this year.

IT is rumored that somebody said that a man on the waterfront stated, and it is believed to be true, that Jake's black cat had kittens. Inquiry elicits the fact that there is nothing in the rumor. The cat will be interviewed later.

FLIERS are quite prevalent these days. Some of the local people are taking fliers in real estate and then there are the four American fliers that really fly.

THE world is full of fliers: The city is full of liars, The country's full of briars, And Hell is full of fires

So here's the place for me,

A MAN may ask who is boss in the family but he knows very well before he asks the question.

TAKING things easy is apt to bring hard times.

A BACHELOR and his buttons are soon parted.

BREAKING the ice means becoming less cool.

## NEW HAZELTON

Auto transportation will be resumed generally in the district this week.

Major R. M. Taylor, public works engineer from Prince Rupert, was a visitor here last week on departmental business.

L. Ingraham and daughter and John Ryholm arrived here last week from Vancouver and are looking for a site to establish a fox farm.

## UKRANIANS MAKE STRONG PROTEST

### Meeting Here Takes up Alleged Oppression in Their Own Country

### ISSUES STATEMENT

The Ukrainian people of this city held a meeting yesterday and this morning issued the following appeal:

To the Organized Working People of the World.

We, the Ukrainian workers of Prince Rupert, assembled in a mass meeting, March 30, 1924, decided to protest before the masses of organized working people the world over against the cruel oppression of the Ukrainian peasants and workers of western Ukrainian territories now under the Polish and Roumanian occupational rule.

Ten million of Ukrainian peasants and workers of these territories groan in economic, political and national bondage on their own land, forcibly occupied and annexed by Poland and Roumania. Peasants and workers are being terrorized; mass executions are common occurrences. In Eastern Galicia particularly, all prisons are filled with innocent Ukrainian peasants, workers and those of the educated class, and these political prisoners are being kept together with common criminals for months, and even years, without any court hearing. As a result of an unbearable prison regime, political prisoners very often commit suicide.

### Editors in Prison

Just recently the Polish authorities confiscated the Ukrainian newspapers. The editors and publishers of the papers were arrested and are kept in prison.

On February 9, 1924, Olga Besarabova, an intelligent Ukrainian woman, was arrested and jailed as a political prisoner. Three days later, i.e., on February 12, she was brutally murdered in prison and secretly buried by the Polish police authorities, her brother, a college teacher, and all her other relatives were not aware of her whereabouts and the police authorities refused to tell them of her death and disclose the place of her burial. However, this is only one of the tragic occurrences that are so common under the Polish rule.

Ukrainian schools, and even private educational institutions, are ruined. The Ukrainian University at Lemberg was proclaimed an illegal institution and was thereby driven underground and finally destroyed.

### Being Colonized

The Western Ukrainian territories now under Poland are being colonized with the Polish Legionnaires in spite of the fact that there is not sufficient land for Ukrainian peasants to live on.

In the Ukrainian province of Bucovina, being annexed by Roumania, all Ukrainian schools are Roumanized, and teaching of the Ukrainian language in any school is illegal.

All over Western Ukrainian territories, occupied by Poland and Roumania, reigns the un governable spirit of the Polish and Roumanian nobility and the

# Not Like a Clam

CLAMS live to themselves. You can't. You link lives with your neighbor across the street, across the province, across the continent. You are influenced by what he wants, buys, uses, enjoys.

When enough of your neighbors want, buy, use, enjoy the same thing, you begin to see advertisements about it-- advertisements to arouse you to similar use and enjoyment. They paint glowing, truthful pictures . . . try to get you interested in what will really interest YOU.

Convenient, courteous information is yours at a minute's glance. Style, variety, price, where obtained. That minute's glance may mean the difference between buying unworthy wares and the best.

You don't want to be like a clam--- even in your judgments. Read the advertisements to be guided by others' choice. When they choose something again and again, it must be good.

Each Advertisement is Written to You--- to Help You Choose--- to Save You Money.

## GUIDES' ASSOCIATION ELECTS OFFICERS FOR THE CURRENT YEAR

Mrs. H. E. Tremayne is President of Organization With Miss Du Vernet Secretary

The annual meeting of the Girl Guides' Association was held on Saturday afternoon at the home of Mrs. Du Vernet, Fourth Ave., and was well attended. Officers for the year were elected as follows:

President, Mrs. H. E. Tremayne; Secretary, Miss Alice Du Vernet; Treasurer, Mrs. L. W. Kergin; Supervisor, Miss Blanche Macdonald. Kindred Associations, Mrs. Charles E. Starr.

Membership, Mrs. J. C. McLennan. The association went on record as being anxious to help in every way possible the local company of girl guides and their captain, Mrs. Donald Ross.

## SURPRISE PARTY FOR MR. AND MRS. CLAPPERTON

Merry Party Invaded Their Home on Saturday Evening and Enjoyed Time

A surprise party took place on Saturday evening at the home of Mr. and Mrs. A. Clapperton, the occasion being the celebration of Mrs. Clapperton's birthday. The evening was spent in singing, dancing and games and between the events a presentation of a hadrag was made on behalf of those present to Mrs. Clapperton by Mr. Wilcox. Refreshments were served at midnight. Those present were Mr. and Mrs. H. Killin, Mr. and Mrs. A. Hunter, Mr. and Mrs. W. Murray, Mr. and Mrs. J. Murray, Mr. and Mrs. J. Watson, Mr. and Mrs. J. Arthur, Mr. and Mrs. R. Wiggins, Mr. and Mrs. W. Horrobin, Misses Arthur, Godwin and Watson, and Messrs. Walford, Wilcox, W. Clapperton, A. Murray and R. Murray. Mrs. Davis and Mrs. Bowen.

### CANCELLATION OF RESERVE.

Notice is hereby given that the reserves covering the lands formerly held under Timber License Nos. 32379 and 32380 are cancelled.

G. R. NADEN, Deputy Minister of Lands.

### NOTICE.

TAKE NOTICE that tenders will be accepted until noon on Monday, the 7th of April, 1924, for the purchase of the gas boat "Sarbethong" and row boat owned by the late Thomas K. Freeman, the highest or any tender not necessarily accepted. Please enclose tenders in sealed envelopes addressed "Official Administrator, Bruce Rupert, B.C." and marked "Sarbethong Tender."

## Women Sense Things Truly

It seems that literally thousands of women are individually active in an unorganized campaign to use Made-in-B.C. products. Their own sense of economy, which is more than practical, teaches them that where a pair of B.C. boots are bought, a can of jam, or a can of milk consumed, citizens here have work to do.

We learn this from personal calls—house to house—in different towns.

## Pacific Milk Co. Limited

328 DRAKE STREET, VANCOUVER. Factories at Ladner and Abbotsford, B.C.

## BURNS LAKE

Miss Ellen Noren and brother Walford have left Decker Lake for Swift Current, Saskatchewan, where they will spend the summer visiting.

Dave and William Anderson have taken over the management of the Lakeview Hotel and A. Karsten, the former proprietor has gone to Smithers.

Some thirty residents of Burns and Decker Lakes and Palling paid a surprise visit to Mr. and Mrs. Fred Saul at Decker Lake recently.

## TERRACE NOTES

A. Y. Wilson of Reimo was in town on Friday.

Mrs. H. A. Bleecker and Mrs. M. Grieg returned from Vancouver on Wednesday night.

The Woman's Auxiliary of the Anglican Church met this week at the home of Mrs. W. C. Sparks.

E. Le Page optometrist left for the south on Thursday after again spending a few days in Terrace on his return from visiting various eastern points.

The Ladies' Guild of the Presbyterian Church met at the home of Mrs. Ed. Kenney on Thursday.

O. T. Sundal was called home to Baltic, South Dakota, by the illness of his father. He was informed by night letter that though in a critical condition his mind was clear and he was expected to live at least a week.

## PARENTS AND TEACHERS TO BECOME ACQUAINTED

Something out of the ordinary in the form of entertainments will be held under the auspices of the Parent-Teachers' Association this week. As the organization is just in its infant stages it was decided that a novel way of raising cups and saucers which could be used on all occasions would be to hold a shower tea. A plain serviceable cup and saucer from everyone attending will be the aim of the executive.

Besides the tea the executive have arranged a good program of music as well as some valuable guessing contests. The aim of the whole meeting will be to give all the parents and teachers an opportunity of becoming better acquainted.

## REGIMENTAL ORDERS

1st. Bn. North B.C. Regiment — 102 Bn. C.E.F.

far been only outlined and where the explorers would find new and unexpected scenic joys awaiting them at every turn.

## Mount Logan Next Year

The director of the club referred to the attempts being made to climb Mount Everest and further to the plans under way for the Club's next camp which would include an expedition to Mount Logan, which is 19,850 feet above sea level and which is situated at the southwest corner of the Yukon Territory. A. H. McArthur of Wilmer, B.C. and Summit, New Jersey, will lead this expedition with H. F. Lambert of the Geodetic Survey of Canada. As assistant leader, Major E. C. Wheeler of the 1921 Mount Everest expedition and Mr. Belmore Browne of the Parker Browne Mount McKinley expedition will be the technical adviser. The American Alpine Club has also been invited to send a representative. This expedition will be made in the spring of 1925. The need of funds for this expedition was pointed out and it was stated that \$4,000 was in sight of the \$11,500 needed.

Prosperous advertising means regular continuous advertising.

## SYNOPSIS OF LAND ACT AMENDMENTS

### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series. "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e. carrying over 5,000 board feet per acre west of the Coast Range and 4,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, stumps and travellers, up to ten head.
