## PREPARING PLANS FOR HEBRIDEANS IN B.C.

### BRITISH PARLIAMENT PASSES BILL TO PROTECT TENANTS THAT COUNTRY

#### German Government to Dissolve Reichstag if Opposed by Members

BERLIN, Feb. 23.—The cabinet has decided to dissolve the Reichstag in the event of a conflict between that body and the government over continuance or discontinuance of the "state of emergency" which has prevailed throughout Germany since last November, when it proclaimed the emergency by presidential decree.

The country is still in a greatly disturbed condition owing to the difficulty in securing food and other necessities of life and the losses incident to the debasing of the currency.

#### BIG REWARD FOR BANDITS

Five Thousand Dollars Offered for Apprehension of Men Who Got Away Yesterday

VANCOUVER, Feb. 23.—While the clues that might lead to the apprehension of the bandits who yesterday shortly before noon held up and robbed the manager and messenger Bramwell of the Fairview branch of the Imperial Bank and escaped with \$32,000 have been followed, no trace of the robbers was found up to noon today.

The Bankers' Association have offered a reward of \$5,000 for the capture of the men.

Seattle police believe the bank bandits are the same as those who held up the messengers of the National Bank in that city the first of the week and secured \$12,000.

#### THIRD ROUND SCOTTISH CUP

Games Were Played Today in Scotland for Association Trophy

GLASGOW, Feb. 23.—The third round games of the Scottish Football Association Cup series played today resulted as follows:  
Aberdeen 2, East Stirling 0.  
Hearts 3, Clyde 1.  
Glydebank 2, Ayr 3.  
Partick 1, Hamilton 1.  
Rangers 1, Hibernians 2.  
Motherwell 0, Airdrieonians 5.  
Raith 0, St. Bernard 1.  
Falkirk 1, Queen's Park 0.

#### FRANCS ARE LEGAL TENDER IN FRANCE

PARIS, Feb. 23.—French paper francs, regardless of their depreciated value have been held by the court of appeals in this country to be legal payment for domestic contracts calling for gold.

#### FIUME BECOMES ITALIAN TERRITORY

ROME, Feb. 23.—Premier Mussolini of Italy and the Jugo Slav minister yesterday exchanged ratifications of the treaty signed at Rome on January 27. By this treaty Fiume becomes Italian territory.

#### HOCKEY SCORES

Seattle, 4; Vancouver, 2.  
Saskatoon, 4; Victoria, 3.

#### MILITARY BALL GREAT SUCCESS

Two Hundred Couples in Revel of Enjoyment at Auditorium Last Night

The beauty of the decorations, the excellent dance music of the augmented regimental band, the bountiful supper and the general splendid arrangements of the first annual ball given by the officers, non-commissioned officers and men of the 1st North British Columbia Regiment last night in the Auditorium marked this brilliant function as one of the most successful social achievements in the history of Prince Rupert. The ball was attended by some 200 couples who thoroughly enjoyed every minute from the grand march to the home waltz. The regiment established a record as hosts which it would seem very hard to surpass.

The decorative scheme of colored paper festoons, flags and balloons was the subject of much favorable comment while the innovation of the snug little dugouts dotted around the hall, reminiscent of Flanders fields, together with the military uniforms of the members of the regiment created a truly military and genial atmosphere. The augmented regimental band, under Bandmaster Beal, occupied a raised platform in the centre of the hall and provided irresistible dance music.

The dance opened with the grand march led by Piper James Sturgeon followed by Major J. W. Nicholls, officer commanding the regiment, and Mrs. Wright Davies. The program included fox trots, waltzes and one-steps with a moonlight waltz in each half. The moonlight waltzes were especially popular, the excellence of the subdued lighting effects being worthy of special note.

#### Refreshments Served

At midnight a bountiful supper was served in the balcony under the direction of the Ladies Auxiliary to the regiment assisted by members of the regiment. Mrs. Carrall had charge of the kitchen. In the second half of the program the balloon and snow dances caused merriment. Balloons were released from the balcony to the informal enjoyment of all. The snowball dance was a pure delight, many of the ladies present proving themselves expert marksmen. Sergeant Robinson acted as floor manager. The officers, non-commissioned officers and men, and the Ladies Auxiliary to the regiment, who were responsible for the ball are to be congratulated upon the signal success attained.

The County Court case of Dave McIntosh vs. W. A. Dunn has been postponed indefinitely.

#### PRESSING FOR TAX CHANGES

Minister of Finance Taking Up With Ottawa British Columbia's Plea

VICTORIA, Feb. 23.—Hon. John Hart, Minister of Finance, is pressing for the removal of the Dominion claim to priority of income tax arrears over mortgages as against real and personal property. He has written to Right Hon. W. S. Fielding, Federal Minister of Finance, pointing out the seriousness of the situation and the danger of a mortgagee's security being wiped out without his knowledge in the event of the mortgagee being delinquent with his federal income tax and his property being taken by the Dominion to satisfy its claim.

#### Provincial Action

Mr. Hart, who has been pressing the matter before the Federal Government for some time, has suggested to Mr. Fielding that the opportunity should be taken during the coming session at Ottawa to remedy the situation created by last year's amendment to the War Income Tax Act. In the provincial Taxation Act there was a clause which was never intended to have the effect of giving priority to income tax as a charge over a mortgage and the finance department did not so interpret it. It was thought by some interests however, that it could be taken that way, and in order to remove all doubt the section was re-drafted at the last session of the Legislature so as to state specifically that a claim for personal property or income taxes has priority over other claims except those secured by registered liens, charges or incumbrances.

#### Dominion Should Follow

"It has always been the desire of this government to give protection to investments of capital in the Province," said Mr. Hart. "It would be very unjust to mortgagees who have registered a charge against property to secure their claim for money advanced if the property were to be subjected to a prior lien for income tax. When it was pointed out that a provision in our own Act might be considered in that light we at once made the language clear, and I have no doubt that the amendment of last year to the Dominion law will be repealed at the coming session."

#### FRANCE WILL NOT INTERFERE

Affairs in the Palatinate are Domestic Concern of Germany, Says Note

BERLIN, Feb. 23.—Foreign minister Stresemann announced that France had returned Germany's note respecting the Palatinate, informing the German government that she did not intend to interfere with German disputes in which she was not interested.

Stresemann strongly criticized the French action regarding the note. He said it would only lead to increasing despair among the people instead of the desired agreement.

Union steamer Camosun, Capt. J. A. Findlay, returned from the Naas River this morning and sailed at 10 o'clock for Vancouver and way ports.

Here is the way the news of the illness and death of ex-President Wilson was transmitted to the world. A reporter is shown dictating bulletins to a special telegraph operator who had a direct wire in operation on the steeple of the Wilson Home.

#### Provincial Government Asked to Provide for Hebrideans on their Arrival in this Country

VICTORIA, Feb. 23.—Details of the plan under which hundreds of hardy Scotch fishermen from the Hebrides might come to British Columbia to engage in the fishing industry in place of Orientals was laid before the Provincial Government yesterday by Captain Ian McKenzie, M.L.A., of Vancouver. Under the scheme the British Government would pay the cost of bringing the Hebrideans here, Mr. McKenzie said, and he suggested the Provincial authorities make arrangements for aiding the settlers to establish themselves on their arrival here.

The government is giving the proposal consideration.

#### ANNUAL MEETING OF YACHT CLUB

Satisfactory Financial Condition Reported by Secretary—Directors for Year Elected

A balance of cash on hand of \$582.82 and a gain on the year's operations of \$539.75 after depreciation had been deducted were satisfactory features of a healthy financial report submitted at the annual meeting of the Prince Rupert Yacht Club by Alex. McRae, secretary-treasurer, last night.

The club now has 73 members enrolled. There were eighteen new members taken on during 1923 and a similar number resigned.

Improvements such as the obtaining of a new club house and better electric lighting were discussed but nothing definite was decided upon, these matters being left in the hands of the new executive.

Directors were elected as follows: Dr. J. P. Cade, M. M. Stephens, Alex. McRae, George Rorie, Dr. W. T. Kergin, Joe Greer and R. E. Benson. Mr. Rorie is the only new director. President, Vice-President and other officers will be chosen later by the executive.

In spite of the club's large membership, only eleven were present at the annual meeting. They were R. E. Benson, George Rorie, F. Dobb, Fred Scadden, A. E. Wright, Alex. McRae, M. M. Stephens, Jack Lindsay, Dr. J. P. Cade, C. G. Minns and Dr. L. W.

#### COMMISSION IS TOLD LOG EMBARGO WOULD CLOSE CAMPS MONTH

VICTORIA, Feb. 23.—Opposition to the embargo on British Columbia logs developed at the opening session of the commission here yesterday. It was stated that if export were prevented, it would force many camps in the province to close down a month longer than now. At present the camps were closed for about two months.

#### FISH ARRIVALS

Five Boats Marketed 52,500 Lbs. of Halibut at Exchange Today

Three American halibut schooners marketed 26,500 lbs. at the Fish Exchange this morning and two Canadians, 26,000 lbs.—a total for the day from five boats of 52,500 lbs.

Arrivals and sales:  
American  
Pelican, 13,000 lbs., at 16.2c and 8c, and Urania, 7,000 lbs., at 16.1c and 8c, to the Pacific Fisheries.

Fairway, 6,500 lbs., at 16c and 8c, to the Booth Fisheries Canadian Co.  
Canadian  
Kaia, 16,000 lbs., at 14.3c and 8c, to the Booth Fisheries Canadian Co.

Hippo, 10,000 lbs., at 13.9c and 8c, to the Canadian Fish & Gold Storage Co.  
Kergin. The meeting was held in the council chamber and was presided over by Dr. J. P. Cade, president.

#### British Parliament Deals with Housing by Protecting Tenants Against Exactions of Landlords

LONDON, Feb. 23.—The House of Commons yesterday gave its second reading to the Rents Restriction Bill, the object of which is to control rent until 1928 instead of 1925, the date originally set for decontrol. According to the new bill, the tenant cannot be dispossessed except the landlord wishes to live in the house himself, in which case he must first provide other accommodation for his tenant. The permissible increase in rents was reduced from 40 to 25 per cent.

A Labor member named Gardner declared that no government could catch up with the housing shortage by 1925. Ejections were proceeding all over the country and the condition of tenants was appalling.

Hon. John Wheatley, minister of health, announced that the government approved the proposals in the bill but did not accept responsibility for it.

#### COWICHAN LIKELY TO HAVE LARGE NUMBER ELECTION CANDIDATES

DUNCAN, Feb. 23.—Cowichan is very much to the fore in election matters. Already the Conservatives have nominated their man and Hugh Guthrie, the sitting member, will be in the field in the labor interests. The Liberals, it is announced intend to nominate a standard bearer, and the present independent member for the southern part of the constituency, Kenneth Duncan, is looking for nomination.

Mr. Duncan recently joined the Progressives but a lot of the members of that party do not want him as they say his record on finance is not clean. They wish to nominate a new man. There is also possibility of an independent being in the field. This will make either four or five candidates offering and no one can tell what the result will be.

#### OLD COUNTRY FOOTBALL

#### ENGLISH LEAGUE, Division I.

Chelsea 1, Everton 1.  
Middlesbrough 0, Birmingham 1.  
Notts Forest 1, Bolton 0.  
Sheffield United 4, Blackburn 0.

Wolverhampton W. vs. Rochdale not played.

#### ENGLISH CUP THIRD ROUND

Number of Games Played in Different Parts of England Today

LONDON, Feb. 23.—Returns are to hand of the results of the games in the third round English Association Cup series played in different parts of England this afternoon as follows:  
Cardiff 3, Bristol City 0.  
Crystal Palace 1, Swindon 2.  
Southampton 0, Liverpool 0.  
West Bromwich 4, Wolverhampton 1.  
Watford 0, Newcastle 0.  
Burnley 1, Huddersfield 0.  
Aston Villa 3, Leeds 0.  
Brighton and Hove 1, Manchester City 5.

#### ROSSLAND WINS CHAMPIONSHIP

Kootenay Amateur Hockey Team Beats Victoria in Fight For Trophy

VANCOUVER, Feb. 23.—Last night Rossland held Victoria down to a tie in an amateur hockey game for the championship of British Columbia and thus carries off the Savage Cup. The score at the close stood 4 to 4. This was the second game of the series, the first having been played on Wednesday of this week when Rossland carried off the honors 4 goals to 1.

Rossland will now be eligible to play the Prairie winners in the Allan Cup elimination series.

#### JACK JOHNSON WON AGAINST HOMER SMITH

MONTREAL, Feb. 23.—Jack Johnson was awarded the judge's decision over Homer Smith in a ten round bout. Smith, several times took the count of nine but was not badly damaged.

#### TWO RUGBY GAMES

England Beats France and Scotland Wins From Ireland in International Matches

LONDON, Feb. 23.—England defeated France 19 to 7 in international rugby here today. Scotland won from Ireland 12 to 8 in a rugby match.

#### FRENCH TAXATION PLAN IS APPROVED

PARIS, Feb. 23.—The Chamber of Deputies approved Premier Poincare's entire taxation and economy plan after an all night session on a vote of 354 to 218.

DAILY EDITION

Saturday, Feb. 23, 1924.

### B.C. Will Welcome Scottish Immigrants.

Immigrants from the Hebrides, if they decide to come here, will be made extremely welcome. They are a hardy people and would make good settlers anywhere on the seaboard where they might engage in fishing. A recent article telling about them and the famine conditions in their country says of them:

At the best these people barely make a livelihood. Their life is a continual struggle against a relentless soil. The last year has been more than usually hard, and misfortune has come so steadily that now, without food or fuel, the people face misery unless outsiders force them to accept charity or move to the mainland.

To help these people is a problem. They live in poor huts, talk only their own language, and have a hearty dislike for anything English or modern. But the real tragedy is that they resist any suggestion that they should migrate to more productive land. They have stubbornly refused to do this for the last hundred years, but continue to bear the hardships of the islands while they might become a happy, thriving folk in a different land.

The islanders regard with suspicion the efforts of any outsider to help them with money, food or clothing. They are content to sit in their cottages, awaiting aid from their own government that is not forthcoming because of the lack of funds.

### Permanent Shutdown Of Pulp Plant.

It seems a pity that the plant at Swanson Bay should be shut down and it might be well for the Provincial Government to consider if they cannot take steps to cancel the pulp leases under which this concern operates and turn them over to some company that will use them. At any rate the government might do well to see that no injustice is done the shareholders in the old company through the shutting down of the plant and the selling of the timber to a new concern. It is doubtful if manipulations of financiers should be allowed in connection with timber leases.

### Log Embargo Is Much Discussed.

There is a strong feeling among a large section of the community that the embargo on logs should be a fast and permanent one, and that anyone wishing to use the logs should do so on this side of the boundary line. There is even criticism heard from time to time of allowing big squares to be exported.

Those more intimately connected with the lumber industry are inclined to oppose that idea. They point to many cases where hardships to loggers in making their employment less permanent would also follow.

Because of the differences in opinion, the session of the commission here on Thursday of next week should prove an interesting event and it is to be hoped that everyone with an opinion will give it to the commissioners in order that it may help to influence legislation in the future.

### Log Cutting Of Little Benefit To Country.

It is doubtful if the mere cutting of logs and exporting to the state of Washington or to Japan for manufacture is of much benefit to this country. We have the timber and in a few years it will be gone, if steps are not taken to conserve it. In the meantime others are benefiting at our expense. It seems the reasonable thing to require that all persons wishing to use our raw material shall do so in this country, especially a raw material so easily manufactured as is lumber. There are mills in this country idle while the Washington state mills are busy on our material.

## ANYOX PARENT TEACHER EVENT

Dr. Harper Entertains and Reports Show Active Work Done by Association

ANYOX, Feb. 23.—At the recent regular monthly gathering of the Anyox Parent Teachers' Association, after the ordinary business was disposed of, a most interesting entertainment was provided by Dr. Harper, so much so, indeed, that it might appropriately be called a Dr. Harper night. The doctor read an article on "Ability" from a prominent American musical journal, written by himself, while Mrs. E. Morning and W. F. Eve sang original compositions prepared for the occasion, and Miss Swanson recited a poem by the same author, entitled "The Sun Dial." All these several numbers were splendidly received and Dr. Harper's evening voted a great success.

After the entertainment was concluded, refreshments were served.

The earlier part of the evening was devoted to the delivery of reports by the convenor of the valentine masquerade dance, Mrs. W. F. Eve. Everybody was pleased with the financial statement, the dance clearing \$110, which will add very materially to the funds of the association.

Since its inception, the Anyox Parent Teacher's Association has been a very live factor in matters pertaining to the local schools, and deserves well of everybody in the community. Among other things, recent activities include a donation to the pupil's lending library of \$100; \$30 for teachers' reference books; \$70 for framed pictures for class room walls; \$100 for school sports equipment; a set of weighing scales, and a stereopticon for illustrating school subjects. Lecturers are being brought to Anyox through the efforts of the association, Archbishop Du Vernet and J. C. Brady, of Prince Rupert, have already spoken here, while A. B. Charlesworth and others are expected in the future.

## DAUGHTERS ENTERTAIN THE SONS OF ENGLAND

Enjoyable Evening at Lodge Room Last Night When Whist Drive Followed by Musical Program

The Daughters of England last night entertained the Sons of England and their friends in the lodge room, Emad Hall, at a whist drive and musical evening. Mrs. David Wilton was the winner of the first ladies with 138 points and Mrs. Charles Watman second with 98. Gents first went to E. H. Taylor 131, who won in a cut of the cards with H. H. Hemmings. The second gents was taken by Percy Cameron, 102. David Wilton was master of ceremonies for the whist games.

After refreshments had been served there was a musical program those taking part being Mr. and Mrs. J. A. Teng, Mrs. H. H. Hemmings, Mr. George, Mrs. Swanson, and F. Grimbles. Mrs. David Wilton accompanied at the piano. There was a recitation by Mrs. McLean entitled "The Last Hymn" after which community singing followed.

## The Man in the Moon SAYS:-

IF you have a daughter who recites well, give her a course in electrocution in order to finish her off.

LET us discuss Prince Rupert's problems. Few people know what they are and only the very illiterate know how to deal with them properly. While I see them plainly from my eminence above the skies, I would not dare to mention them or suggest a solution because I value my reputation for wisdom too highly.

MANITOBA has been having a curling contest. If those curlers lived here the atmosphere would soon take the curls out after they had made them.

THE spring fashions for men call for baggy pants. It is one of the tendencies of the day toward equalizing of the sexes.

## MUSSOLINI DELIVERS ADDRESS ON FASCISM PRIOR TO ELECTIONS

Will Rule Italy Because He Has the Will to do so, He Says

A special correspondent of the Manchester Guardian at Rome says: Signor Mussolini opened his election campaign with a speech to the biggest Fascist assembly that has been seen since the march on Rome. The city was illuminated; the streets resembled London on Boat-race night. Nearly a thousand representatives of Fascist organizations throughout the country, trade unions, corporations, National Militia, politicians and representatives of co-operative societies crowded the great hall of the Palazzo Venezia and listened in breathless silence. Only those present can have a full idea of the significance of the speech and the temper in which it was delivered. It has not been reported verbatim.

### Disgust for Politics

Speaking in a tone of infinite boredom and disgust for politics and all such trash as elections, Mussolini said he regarded the next two months as likely to be the most mortifying in his life. The late Parliament loathed him, and he returned the loathing. The words that first brought the whole assembly to their feet was a reference to the National Militia, which the constitutional parties had at last realized was the real bull's eye to fire at. Mussolini maintained that the Constitution and the liberty of the subject had in no way been tampered with, and that the Militia was not a party organization, but national, with the function of keeping order all those whom Fascism had spared in its clemency.

Fascism had not created a reign of terror and wholesale executions, and the streets did not re-echo with the tramp of firing-parties. "Così si doveva fare" (Thus it ought to have done) to have freed the country once for all from hundreds of outlaws in hiding, who were always cropping up in newspaper communications, secret meetings and underground intrigues. "Woe to him who dares impugn the Constitution of the National Militia, for the only answer he will get will be a charge of lead."

### "The Will to Rule"

The audience was equally delighted with scornful references to other parties, especially to the Popular party, who alone have come out into the open. They and their clandestine leader were declared open enemies, and would be treated as such. Fascism held the banner of a civilization new in the world's history, and it would be a crime to speak of disarmament until all parties had surrendered to the inevitable. Their policy was to undermine all parties by drawing the best elements into theirs, leaving Fascism exultant and alone "amid the panorama of ruins."

Mussolini announced that he meant to stay at the head of the Government because he had the will to rule. An extension of plenary powers would have been so easy to obtain that it was not worth asking for. "Who opposes Fascism is the enemy of the Government and me."

### Ready to Kill

He ended the speech by turning to the father of the Florentine Fascist Berta, who was killed in hideous fashion on the bridge and thrown into the Arno by the Reds, and he swore a solemn oath to him and to the memory of all their martyred heroes that they were ready yesterday, to-day, and to-morrow, on questions of patriotism and Fascism, to kill or to die.

## DYSPEPSIA WAS SO BAD COULD HARDLY EAT ANYTHING

Mrs. C. Stone, Nanticoke, Ont., writes: "Some time ago I had a very serious attack of dyspepsia, and was also troubled with gas on my stomach. I could hardly eat anything, and very often had pains after meals. I had used different medicines, but they didn't seem to do me any good. At last I happened to run on the track of Burdock Blood Bitters, and after using it for a short time I felt a lot better. I continued its use until I was completely relieved and now I am ready to recommend it to anyone troubled as I was."

Burdock Blood Bitters is manufactured by The T. Milburn Co., Limited, Toronto, Ont.

## "Health Is After All Your Biggest Asset"

EXCESSIVE mental strain—worries and anxieties consequent on the ups and downs of business—

The difficulties in estimating what the future holds in store—

These are some of the causes which have hastened the end for many prominent men during recent years:

Employer and employee alike have been subjected to greater strain of brain and nerves than ever before.

Too often the value of guarding the health has been overlooked and the results are a warning to the survivors to remember that health after all is our biggest asset.

It is comparatively easy to restore the exhausted nerves by the use of Dr. Chase's Nerve Food provided treatment is begun in reasonable time.

When digestion breaks down—when you cannot rest or sleep—when you find yourself nervous and irritable you may be sure it is time to ease up and begin the use of this restorative treatment.

The brain and nerve cells are not getting proper nutrition. Nor will they so long as too much nervous energy is wasted in worry and anxiety and too little left to control the organs of digestion.

There is no magical way in which the depleted nerve cells can be restored.

They must be patiently nourished back to health and strength.

This restorative process is best brought about by the use of Dr. Chase's Nerve Food. This has been proven in so many thousands of cases that evidence is to be found in almost every community. Ask your friends and be master of your health by using Dr. Chase's Nerve Food.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c. the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 35c. for 35 pills, instead of 25c. for 25 pills.

Edmanson, Bates & Co., Ltd., Toronto.

## Ten Years Ago In Prince Rupert

Percy Godenrath, proprietor of the Portland Canal Miner, who is in the city, received a telegram today telling of the collapse of 50 feet of the public wharf at Stewart with a loss of \$1,000 in goods on the dock.

Fourteen halibut boats, marketed catches here yesterday selling for 3c a pound to the Atlin Fisheries.

A. V. Cocks, bookkeeper in the Grossman clothing store, is in the Prince Rupert General Hospital suffering from blood poisoning.

## TERRACE NOTES

Miss Mona Griegg entertained a number of her young friends at a valentine party last Thursday.

Mrs. Danhauser of Copper City spent Tuesday in town.

Mrs. Chas. Raven left on Monday's train for a week's visit to Prince Rupert.

Mrs. A. Y. Wilson of Remo spent Sunday at Hill Farm.

Arthur Alwood and Elwood Brooks left for Rupert last week.

Miss E. N. Waldron spent the week end in Prince Rupert.

## MANY NEW RADIO STATIONS OPENED

Department of Marine Issues Licenses Making 45 Broadcasting Stations in all Canada

OTTAWA, Feb. 22.—Revived interest in radio in Canada is revealed in figures issued here the other day by the Department of Marine. Since December last 11 licenses for broadcasting stations have been issued by the department, making a total of 15 broadcasting stations in Canada. The new stations are, by provinces, located as follows:

Ontario 5, Nova Scotia 1, Quebec 1, the number of those listening to 1, British Columbia 2, and Atlantic as the work of collecting the license fees is not nearly so

Montreal leads in the number of receiving licenses issued to amateurs with 6,600, while in amateurs in Canada up to Jan. 31, 1923, 3,400 have paid the \$1 fee for the government permit-cards of the Department of Marine. These figures do not represent Marine.

## If You Are BOAT-BUILDING

We have Hardwood, Fir and Cedar Boat Lumber. If you are tired of Kalsomine and Paper, try Fir Veneer Paneling. If you are thinking of building a house, we have any lumber you require, also Sash, Doors, Glass.

Makes the next cigar taste better.

## BIG BOWLING TOURNAMENT

Thirty-Six Day Event Immense Sporting Proposition—10,685 Contestants for \$105,000

CHICAGO, Feb. 23.—The greatest tournament in the history of the American Bowling Congress started here today and will continue for 36 days, with a record breaking list of 2,131 teams—10,685 individual pin smashers—entered in the competition for prize money running close to \$105,000.

Measured from the standpoint of number of contestants, the event is the largest sporting proposition ever held. It is probable that no other event in the world enlists as many contestants—not even the Olympic games in which teams from all over the world compete. The major pin event will be decided in the 132nd Regiment Armoury on Chicago's west side, and 28 especially constructed alleys have been installed to handle the army of pin splitters.

## COURTING CENTRE FOR CHURCH PEOPLE

Four Million Dollar Building to Include Place Where Young People May Meet

NEW YORK, Feb. 22.—In the proposed Broadway Temple—a \$4,000,000 church, dormitory and apartment building—to be built here, the Rev. Dr. Christian F. Reiser, pastor, proposes to create a courting center for the young people of upper New York.

Dr. Reiser explained his plans for stimulating matrimony at a recent luncheon of the Women's Auxiliary of the Temple committee. He said he hopes that the young women of his parish and the community in the Church's social rooms, that many of them may marry and move into the church's apartments and there bring up families of children to use the Temple's playgrounds and roof-garden day nursery.

## BODY OF MISSING SECTION MAN IS BELIEVED FOUND

A body, believed to be that of J. Slowick, section man of Kwinitsa, who has been missing for over two months, was found partly buried in the mud on the shore of Kwinitsa River, the provincial police have been advised. Constable Gibson of Port Essington was sent out last night to investigate.

## Church Notices

**English Lutheran Church**  
St. Paul's Church, Metropole Hall, Third Avenue. Rev. P. E. Baisler, B.D., pastor, 11 a.m. sermon topic: "Sowing the Word" 2:30 p.m. Sunday School, 7:30 p.m. A service by the congregation and Sunday School entitled "Worship in Truth." All are cordially invited.

**Presbyterian Church**  
Morning worship at 11 o'clock. Subject: "God, our neighbor and ourselves." Sunday School at 12:30. Evening service at 7:30. Subject: "Some observations on Courage." Preacher, Rev. H. R. Graul, D.D.

## WE'LL BACK VICKS AGAINST ANY COLD IN PRINCE RUPERT

We'll back a jar of Vicks Vapo-Rub against any cold in Prince Rupert and vicinity.

Here's our liberal offer. Get a 50c jar of Vicks at your druggist's. Use all or part of it. If you are not delighted with the results mail the top of the carton to Vicks Chemical Company, 344 St. Paul St., W., Montreal, and we will gladly refund the purchase price.

We make the above offer because Vicks certainly does give relief in the majority of cases.

Mr. Herbert C. Mason of 3118 Albert St., Regina, Sask., writes: "I have used Vicks Vapo-Rub and am greatly pleased with the result. By rubbing it on my chest at night when I felt a cold coming on, I have managed to evade colds this winter. I would certainly recommend Vicks to all."

Vicks is the external, direct treatment for all cold troubles—rubbed on—absorbed like a liniment—and, at the same time, inhaled as a vapor.

At all drug stores 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P.Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

## Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

The admiral's slogan flying from the masts of the flagship of the Mosquito Fleet this week reads: "All is well with the fleet." The halibut arrivals have taken a decided turn for the better and Monday saw no less than twenty one schooners put into port with a catch totaling 224,000 pounds, which is the largest single day landing for some considerable time. A number of Canadian schooners which have been tied up at various sheltered spots during the inclement weather have also put in an appearance. In view of the number of fares coming in, prices have generally taken somewhat of a slump but not sufficient to warrant any grouching. The morale of the skippers and crews remains of the usual high order. Incoming skippers report the fishing on the high spots to have materially improved over conditions existing the previous fortnight and as a consequence time on the fishing grounds has been spent remuneratively. Cow Bay is quite congested with small craft, mostly arms of the Mosquito fleet proper, which are being gone over by their respective skippers preparatory to engaging in the spring and summer business. The Boneyard creek ways are a veritable hive of industry and should prove a lucrative field for a hardware traveller peddling hammers, anvils, saws and nails—that is if he has the goods on him. The club premises of the Prince Rupert Rowing and Yacht Club are being put in readiness for the summer and the palatial residence of the assistant commodore of the fleet has been freshly painted.

### Nearly Tipped

The Canadian halibut schooner Rosepoint, Capt. H. Johnson, while on the Ward ways undergoing repairs took a considerable list early on Thursday morning as a result of the low tide and for a while it looked as though she might fill. However, with the rising of the tide at noon the skipper and crew were on the job. With a few deft touches here and there they soon had the craft righted without any damage being done.

Ted Shrubbsall is seriously thinking of taking unto himself a halibut fishing schooner and is now on the lookout for a likely boat at a likely price. Ted previously owned the Koyos, which he sold to Art Oswald who in turn sold her to Dave Ritchie recently. Ted was not aware that his first love in fishing boats was to change hands until Dave had got the bargain cinched otherwise he would have put in a bid.

### Fish Business

During the week 595,000 lbs.

of halibut has been marketed on the Fish Exchange. Americans were high at 16.6c and 9c and low at 13.6c and 8c. Canadians were high at 16.6c and 9c, and low at 13c, and 8c. Arrivals were: Helgeland, Orient, Preshe, Westford, Mariner, Pelican, Thelma No. 2, Malamute, Marguerite, Cape Spencer, Rosepoint, Johanna, Doreen, Ruth, W. and F., Eagle, Trio, Defence, Gony, Ringleader, Eldsvold, Fisher, Gibson, Koyos, Kodiak, Chancellor, Thelma, Alli, Alliance, Anna J., Agnes, Restitution, Pioneer, Annie Tuck, Cape Spear, M. M. Christopher, Ingrid H., Scrub, Livingstone.

### A Snappy Invention

Unless all signs fail this port is bound to develop very rapidly. Prominent citizens are devoting much time and energy in their endeavors to induce the government and groups of capitalists to add to the shipping facilities. Not to be outdone, local inventors are busy with schemes for the improvement and larger use of the present nautical equipment. The latest inventor to come forward and give his fellow citizens the benefit of a brain wave is commodore Bob Blance. Bob has been studying hard lately and things looked suspicious when he visited Seattle to look over the nautical gadgets. On Monday morning the high boat squad were electrified to hear that the popular commodore had commenced a series of experiments the ultimate object being to double the berthing capacity of present equipment. The gist of the brain wave is to double the berthing capacity of the entire waterfront without adding an additional pile or plank. The idea is simple in the extreme when it is whispered soft and low—have half the fleet equipped as summerers. When a boat of this type arrives it is berthed, the mooring lines are made fast and the boat is then allowed to sink to the length of the mooring lines. The upper berth—so to speak—is then available for a boat of the ordinary common or garden type. During this particular dark and stormy night Bob had tried out the submersible idea with the good old Florence B. However, owing to a slight miscalculation in the algebra reckoning the water ballast tanks were not completely filled, with the consequence that the boat did not totally submerge. The experimental craft has again been brought to the surface and it is understood that after the necessary alterations have been made the experiment will be continued. Good luck Bob.

### A Good One

Two darkies aboard a liner were boasting about the merits

and demerits of the ship's buglers. "G'long wit' you, boy," said one, "Sammy, ain't no boogler." Rastus is the best boogler, and when 'at boy wraps his lip around that horn and blows pay-call it sounds jes' like that um Boston sumfunny band playin' 'The Rosary.' "Yeh, I hearne you," replied the other, "Talk up, boy, talk up. Yo' is wadin' deep into trouble." "Well, if yo' likes musik he is all right, but if yo' is yearnin' fo' food, yo' wants a boogler with an hypnotic note like that Johnson boy. Boy when ah hears old eustard face Johnson discharge his blast, Ah looks at mah beans and Ah says, 'Strawberries, behave yoselves and keep still, yo' is crowdin' the whip cream out o' mah dish.'"

### Azores Refitting

Capt. Roy Brown, master of the good ship Azores, is busy refitting and overhauling in preparation for the coming season's business. Roy has completely recovered from his winter holiday and is anxious to get into the working game again. According to report this well known member of the high boat squad is a little undecided just what branch of the service he will join with the Azores. There seems to be a choice between logging, fish packing, halibut fishing, towing, etc. However, the good ship is being renovated under the convertible plan and it will thus be easy for Roy to jump into the most remunerative branch at a moment's notice.

### Bachelor Want Ads.

Several of the bachelor boys, who were aboard the flagship of the fleet on Thursday morning, from the surrounding ranches, were discussing the idea of advertising for wives and naturally the question of suitably worded want ads. came into the conversation. The Admiral called in Polly Puff, his secretary, and told the boys they could dictate their ideas of want ads. to her. Polly took a carbon copy of the various dictations and handed it over to the secret service branch of the fleet, hence the Whiff man is enabled to reproduce the efforts of the several budding ad. writers.

No. 1 reads: "Wanted. A female to keep order in the domestic circle of an unmarried bachelor. Queensberry rules, no rolling pins allowed. Pigs also kept and a tame coyote. If suitable sequel marriage."

No. 2 reads: "Wanted. A lady of refining appearance, weight not over three hundred pounds, must be quiet at all times as wild foxes in tame pens don't like noise. The man writing this ad. is a bachelor who shaves every Sunday and has a farm and a sack of onions. If all goes well until next Xmas, object to get married."

No. 3 reads: "Bachelor with a fine patch of potatoes desires to meet lady, young if possible, with similar means. He don't object to bobbed hair or them kill looking skirts. One cat no drawback. A lady with a wad doubly welcome."

Can you beat 'em.

The Canadian fishing schooner Eastern Point, Capt. Steve Sheehan, is being put through her paces from an overhaul standpoint in readiness for the spring rush. It is expected that the good ship will be leaving for the high spots early in the coming week.

### Engine Being Installed

The new 60 foot halibut schooner built by the Dorreen Brothers has been launched from the McLean ways and is now at the Canadian National Dry Dock where the engine installation is being completed. Skipper Henry Dorreen expects that the work will be completed before the end of the month when the new craft will be taken out on a trial trip and will leave for the deep sea fishing banks early in March.

### Halibut With Feathers on

Great excitement prevailed around the Booth Fisheries on Thursday morning. Men were dashing here and there, dogs were barking fiercely, telephones were ringing, manager Kirken-dall was wild eyed, and Pete Solem, the nickel juggler, was shaking at the knees while L. Potterton, who started all the rumpus, was skating around a lump of ice on his hands. The reason for all the fuss was the fact that Potterton had, or said he had, discovered a bunch of

chicken halibut with feathers on and the circumstantial evidence looked strongly in favor of the supposition. The whiff man chanced to pass that way and hearing all the noise sneaked in to see if there was a story in it and there was. A fish packing case stood in the centre of the warehouse and Potty held forth on the wonderful sight of halibut with feathers on. The crowd lined up, passing around the case and sure enough therein reclined some twenty fine chicken halibut with a coat of feathers plastered all over them. Potterton in lecturing on the unusual occurrence stated that in all probability the mother of the chickens had become tired of the sad sea waves and crawling up on the beach had mated with a rooster.

The Canadian fishing schooner Mayflower, the flagship of the Jud Thurber fleet, has recently completed a general overhaul on the McLean ways and will be leaving for the deep sea fishing grounds in a few days.

There was an old skipper named Lee, Who lived all alone on the sea. He was whiskered and staid. But a lovely mermaid Caught his eye—now his table seats three.

The new 200 horse power river boat, now being built by John Darby on the Shockey ways for use on the Naas river and about which particulars appeared in these columns a few weeks ago, is rapidly taking shape. The hull will be completed shortly and the arrival of the engine from the States is expected daily.

While out on the bay on Thursday afternoon in his newly acquired pleasure launch, Nellie Wiltshire, skipper George Hill

# Why?

WHY waste time in useless "shopping around" when the advertisements lay before you the choicest wares of every progressive merchant in town?

WHY use needless effort in an endless store-to-store quest when the advertisements enable you to make your choice of the finest merchandise without even leaving your home?

WHY pay more than you ought when you can stretch your dollar to the elastic limit by taking advantage of the bargains and good buys that are daily advertised in this paper?

WHY risk dissatisfaction by buying unknown, unbranded goods when you can assure yourself complete satisfaction by buying an advertised product, backed by the integrity of a man who spends real money to establish his name and to build up public good-will?

Read the Advertisements. Buy Advertised Wares. It is a safe and sound policy

## FORD'S POWER PLAN AT MUSCLE SHOALS LIKELY BE DEFEATED

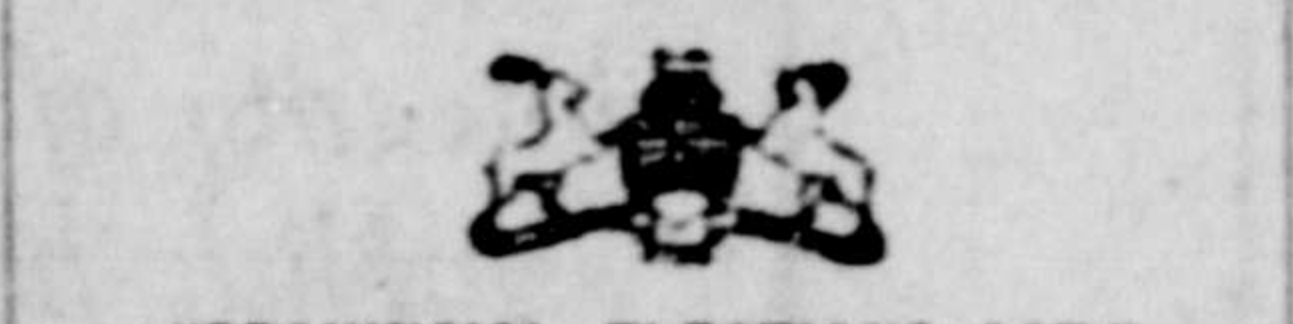

Suggestion Being Made that Auto King Supporting Coolidge to Get Concession

WASHINGTON, Feb. 22. — (By Canadian Press).—In spite of the Teapot Dome oil scandal, and the overshadowing importance of this matter, there is still much interest being displayed in both houses of Congress over Henry Ford's proposal to take over the great water project and property at Muscle Shoals.

Recent developments in the situation seems to make it improbable Ford's proposal will get the endorsement of Congress, at least at this session. One of the chief obstacles to its acceptance by Congress is that it has become greatly entangled with politics.

Ford's action in coming out for President Coolidge for President has tended to make the democrats and progressives in Congress turn away from him. Many of them are openly assailing Ford on the ground that he came out for Coolidge for President in the belief that this would make administration republicans endorse his Muscle Shoals offer.

Inasmuch as the Democrats and Progressive Republicans are now in control of the Senate and House it can be easily seen that the Ford plan is up against great obstacles. On political grounds alone, it would encounter bitter resistance but when there is added to that, opposition from those who want

### "PROVINCIAL ELECTIONS ACT."

Prince Rupert Electoral District.

NOTICE is hereby given that I shall, on Monday, the 7th day of April, 1924, at the hour of 10 o'clock in the forenoon, at the Court House, Prince Rupert, hold a special sitting of the Court of Revision for the purpose of revising the list of voters for the said electoral district, and of hearing and determining any and all objections to the retention of any name on the said list, or to the registration as a voter of any applicant for registration; and for the other purposes set forth in the "Provincial Elections Act."

Dated at Prince Rupert, B.C., this 12th day of February, 1924.

THOMAS W. HERNE,

Registrar of Voters, Prince Rupert Electoral District.

THOMAS W. HERNE,

Registrar of Voters, Mackenzie Electoral District.

government ownership of the project and those who think the offer of the southern power companies is the better, it is not easy to see that Mr. Ford stands much, if any, show of getting favorable action, at least in the present session of Congress.

## CIVILIANS BARRED FROM MEMORIAL HALL

EDMONTON, Feb. 23. — That the veterans of Edmonton have no wish to share the privileges of the Memorial Hall with civilians was brought out forcibly at the meeting of the Great War Veterans' Association, when a large gathering of returned men emphatically negated a proposal to allow citizens who had not served in the forces to become associate members.

The matter was broached by Edward Poole, who brought forward a motion which would grant the public generally the privilege to use the club rooms, this business having already been before the executive committee, where it was deliberated upon, but passed to the general meeting for discussion. The motion was opposed by D. Barcroft, who was of the opinion that the hall should be utilized solely by returned men, a number of other members also concurring in this view.

## Sport Chat

Stewart hockeyists and a large party of fans will journey next Thursday by the steamer Prince Rupert to Alice Arm where they will participate in a series of inter-town games as well as a big winter carnival. It is planned to have Anxoy represented at the same time and the affair will be the most ambitious ice festival ever staged in the north. Through the industry of the residents of Alice Arm, a skating rink has been established there which is indeed a credit to the town. There are also some talented hockey players at Alice Arm and, since Stewart also boasts of some skilled men at this port, a lively series of games is looked for. The Stewart people, according to present plans, will spend three days at Alice Arm returning home to Stewart on the Cardena a week from Monday.

Following their defeat by the Prince George hockey players in a series between the two towns, Smithers stick men again were vanquished in a game with Telkwa when the boys from the agricultural hub of the Bulkley Valley came to the railway town last Sunday and won by a score of 4 to 1. It was Telkwa's game all the way and the Smithers men showed up rather badly. This last victory for Telkwa ties up the standing of the two teams in the intertown series and the game scheduled for tomorrow, coming after a week of hard practice by both teams, promises to be of unprecedented interest.

A badminton team from Smithers is visiting Hazelton today to cross rackets with the team of that town. The Smithers team includes Miss Scott, Mrs. Chapman, H. Welch, C. C. Canning, S. Arnold and Darrell Wall. Badminton has been enjoying a large measure of popularity in the interior this winter and today's tournament marks the outcome of steady play that has been going on both in Smithers and Hazelton since last fall.

## TENDERS WANTED

Tenders will be received by the undersigned until March 1, 1924, for the purchase, with or without the lots, or the rent or removal of the buildings on Eleventh Avenue, formerly occupied by the Prince Rupert Dairy. The highest or any tender not necessarily accepted.

## ST. ANDREWS BADLY BEATEN BY VETERANS

Scottish Billiard Team Sustained Worst Defeat Yet Inflicted This Season

It fell to the lot of the St. Andrews Society billiard team last night to sustain the worst defeat yet recorded in the Bulger & Cameron trophy contest when the Great War Veterans were victorious over them by an aggregate score of 985 to 686. As a result of the game, the lead of the Veterans in the standing is increased materially while the St. Andrews team sinks further into its cellar position.

The individual scores were as follows:

Col. McMorris, Great War Veterans, 200; J. Brown (St. Andrews), 121.

F. Pyle, 200; S. D. Macdonald, 111.

Sgt. Jepson, 200; M. Andrews, 95.

J. May, 185; M. M. McLachlan, 200.

J. Walsh, 200; J. Andrews, 156.

League standing to date follows:

	Games.	Total.	Aver.
G.W.V.A.	6	5596	933
Grotto	6	5383	897
Elks	6	5325	888
P.R.B.P.	6	5315	886
S. of E.	6	5246	874
St. Andrews	6	4896	816

## BILLIARD AVERAGES
