## DE VALERA IS ONCE MORE ON RAMPAGE

## BIG POLITICAL FIGHT GOING ON AT NELSON; HARRY HOUSTON NOMINATED

### De Valera Declares Republic Alive and Strong in Ireland Message Will Go Out To World

INNIS, Ireland, Aug. 15.—Eamonn De Valera, Republican leader, declared in a speech in O'Connell Square today, resuming a discourse which was interrupted just a year ago, when he was taken into custody by Free State authorities, that tomorrow a message would go forth to the world that the republic they thought had been killed was alive and strong.

When De Valera reached here he found crowds assembled while lighted candles had been placed in the windows of the houses.

Acquaints Premier Macdonald With Reply Respecting Ruhr—Details Not Given Out

LONDON, Aug. 15.—Chancellor Marx went to Downing Street this evening to acquaint Premier Macdonald with the German reply to the problem of military evacuation of the Ruhr valley. The details have not been given out yet.

#### BIGGEST CATCH HALIBUT TODAY

In all 355,800 Pounds Arrived in Port and Sold at Fair Prices on Exchange

The high record for halibut arrivals in a single day this year was again broken this morning with the receipt of 355,800 lbs. Nine American schooners marketed 240,000 pounds at the Exchange and five Canadian, 42,800 pounds. In addition to this the trawler James Carruthers arrived with 75,000 pounds for the Canadian Fish & Cold Storage Co.

Prices paid at the Exchange were fair considering the amount of fish offering. Canadian boats averaging well over 13c and 8c, received better prices than Americans averaging over 12c and 7c.

Arrivals and sales at the Exchange were as follows:

**American**  
 Omaney, 67,000 pounds, at 11.6c and 5c, to the Royal Fish Co.

Rainier, 50,000 pounds, at 11.4c and 5c; Bonanza, 31,000, at 12c and 6c, and Forward, 16,000 pounds, at 12.4c and 7.8c, to the Canadian Fish & Cold Storage Co.

Vesta, 14,000 pounds, at 12.5c and 7.5c, to the Atlin Fisheries.  
 Yellowstone, 15,000 pounds, at 12.5c and 7c, and Pelican, 18,000 pounds, at 12.4c and 7.8c, to the Pacific Fisheries.

Eureka, 12,000 pounds at 12.8c and 7.5c, and Imperial, 20,000 pounds, at 12.5c and 6.5c, to the Booth Fisheries Canadian Co.

**Canadian**  
 Rose Spit, 17,000 pounds, at 13.5c and 8c, to the Royal Fish Co.

Johanna, 13,000 pounds, at 13.5c and 8c, and Kobe, 1,800 pounds, at 13c and 7c, to the Atlin Fisheries.

Volunteer, 5,000 pounds at 13.6c and 8c, and Caygeon, 6,000 pounds, at 13.5c and 8c, to the Canadian Fish & Cold Storage Co.

#### NEW BASE FOR FLYERS FOUND

United States Aviators Now Hope to Fly to Greenland on Saturday

REYKJAVIK, Iceland, Aug. 15.—The United States round the world flyers will not hop off for Greenland today. A new and better landing place for them has been discovered fifteen miles from Angmagsalik, Greenland. Marking out this new base and bringing supplies from the steamer Gertrude Rash, which is at Angmagsalik, will take twenty-four hours. It is planned to fly to the east coast of Greenland on August 16 and to Ivigtut, on the west coast, on August 17. With good fortune, the flyers should reach Indian Harbor, Labrador, their first stop on the east coast of North America, early next week.

#### MAURETANIA MAKES SPEED RECORD ON TRANSATLANTIC RUN

NEW YORK, Aug. 15.—The Cunard liner Mauretania passed Ambrose light vessel at five minutes past five yesterday afternoon completing the transatlantic voyage from Cherbourg to New York in five days, three hours and twenty minutes and setting up a new world's record for the run which eclipses by four hours the former record of the Leviathan. The average speed of the Mauretania on the voyage was 25.6 knots and the best day's run was 642 miles.

#### TIGER TWADDLE AND CAMEL CANTER TO BE NO LONGER ALLOWED

Wild Dances Will Give Way to "Whisper Waltz" and More Modern Forms of Terpsichorean Art

NEW YORK, Aug. 15.—The "wild cat whirl," the "tiger twaddle" and the "camel canter" must go and be replaced by the "whisper waltz" according to the dancing masters assembled here for their annual association meeting. The more moderate forms are coming into fashion again following a period when the college boy styles predominated.

#### VISCOUNT KNOLLYS DIES IN ENGLAND: SECRETARY TO KING

RICKAMSWORTH, Eng., Aug. 15.—Viscount Knollys, first baron of Gaverham, died here yesterday after several days' illness. For forty years he was secretary to the late King Edward and following that was secretary to King George for three years.

H. Grindell Mathews, British inventor of the "death ray," is shown on his arrival in New York. It is expected he will negotiate with the U.S. War Department authorities for the sale of his idea, says a report from across the border.

### Prince Rupert Compares With Other Municipalities Favorably In Tax Collections This Year

Taxation collections this year have been coming in quite satisfactorily. City Treasurer D. J. Matheson reported this morning. Up to August 1, the date for the application of the first penalty, 83.7 per cent of the levy for 1924 had been paid as compared with 83 per cent at a similar time last year.

The total general taxation levy this year is \$222,665.56, of which \$186,376.52 was paid up to August 1 making the percentage of 83.7. Last year the total levy was \$251,525.58 of which \$209,900.49 was paid up to the date of the first penalty for a percentage of 83.

The amount of arrears paid so far this year, \$12,145.71, does not, however, come up to the total for last year which was around \$20,000.

It is expected that at least 86 per cent of the levy will have been collected by the end of the year. This will be higher than the average for cities and municipalities of the province which is about 75 per cent. It will also compare very favorably with the percentage of 83 per cent of the municipality of Point Grey which has the reputation of being one of the best tax paying districts in the province.

The first penalty of ten per cent is applied on August 1 and the second of five per cent on November 1.

These figures, it should be remembered, apply only to general taxation and not to local improvement.

#### THEFT CASE STOOD OVER UNTIL FRIDAY

The preliminary trial of Walter Wilson, charged with the theft of \$120 from William Westwood aboard the steamer Prince Rupert on Sunday, was proceeded with before Stipendiary Magistrate Walter Gale in the provincial police court last night and this morning. All the evidence for the prosecution is in and remand has been made until Friday next. The witnesses for the crown were Norman McLean, purser of the steamer Prince Rupert; Provincial Constable Collins and W. Westwood. Provincial Police Chief Spiller is prosecuting and Milton Gonzales has the case for the defence.

### Hot Political Fight at Nelson: Premier Met By Liberals and Kilties

NELSON, Aug. 15.—What promises to be the hottest political fight in the history of Nelson has commenced here. Last night Harry Houston, a former alderman and a resident of the city for the past 27 years, was nominated to oppose Premier Oliver, on whose behalf the seat was opened by the retirement of Kenneth Campbell.

Premier Oliver, on his arrival from the coast, was met by a large delegation of Liberals headed by the Kilties band. There was to have been a parade but heavy rain prevented it taking place. Earlier in the evening the Liberals met and started an intensive organization.

Houston runs as an Independent, the nominee of what styles itself the Citizens' party on the executive of which are 25 names to start organization.

#### TWO CHILDREN BURNED DEATH

Lose Lives in Fire When Home of Charles Kolberg is Burned

VANCOUVER, Aug. 15.—David Kolberg, the three year old son of Charles Kolberg, a kosher butcher, and Tilly Chernoft, six years old, are dead as the result of a mysterious fire which destroyed the Kolberg home.

The twin brother of the dead boy and an older sister were saved by firemen and neighbors. The interior of the house was destroyed.

Kolberg said he was sitting on the veranda with friends when the fire was noticed. The whole interior was ablaze.

### UNEMPLOYED NUMEROUS IN LOS ANGELES

J. C. McRae Says Rents Dropping and Many Moving Away from California City

It is claimed that in Los Angeles alone there are ten thousand men unemployed and working men are leaving there every day for places where there is more to do. Canadians are returning and it is evident that the California boom is over for the present, according to J. C. McRae, who has just returned from an extended holiday spent chiefly with his sister at Santa Ana near Los Angeles.

Mr. McRae who is a great student of affairs, was much interested in the orange production of that part of the country. He says that the growers all say it does not pay to raise fruit. Some say that walnuts are the only profitable crop. The difficulty is that irrigation is expensive and without irrigation nothing can be grown.

At Santa Ana most of the residents are elderly people who have moved there from other parts of the United States or Canada. There are very few young people in the place. It has a population of 27,000 and only one daily newspaper.

Like all other visitors to that part of the country, Mr. McRae was much impressed with the automobile traffic. When out driving he counted the cars on an average drive and found that he passed about forty to the minute. This made driving not at all pleasant.

Most of the activity at present around that part of the country was at Wilmington and San Pedro. There the shipping keeps things moving. In Los Angeles, however, rents are dropping fast, in many cases they are not fifty per cent of what they were a short time ago. Building is almost stopped and there is a depression in all lines of business. It is almost impossible to get employment.

Hollywood is losing its glory. Mr. McRae says. It has developed into a large city and studio suites are too expensive so producers are moving farther out. Mr. McRae is glad to be home. He says he enjoyed his visit but there are many compensations in living in Prince Rupert.

#### UNIQUE GIFTS FOR STUART MACLARN TO BE PRESENTED

Morte Craig Preparing Membership Scrolls and Album for Local Organizations

Unique membership certificates are being prepared by Morte Craig for the G.W.V.A. which will be presented to the four flyers by the local organization while they are here. They are made of tanned caribou skin done in fire etching in the artistic manner known only to Mr. Craig. They are extremely handsome and typical of the country.

Mr. Craig is also making a photograph album to be presented by the St. Andrew's society. This will contain a photo of the arrival of the Thiepsval, provided the ship comes in during daylight. With it goes an address of presentation to Mr. MacLaren from his fellow countrymen here.

In response to the decision of the reception committee, all citizens are respectfully requested to decorate their premises as a mark of respect to Commander MacLaren. Let's make a good showing. S.M. NEWTON, Mayor.

#### 'QUAKES ROCKED CITIES JAPAN

One Lasted For Eighty Minutes: Telephone Services Disturbed

TOKIO, Aug. 15.—Fifteen heavy earthquakes rocked Tokio today. The shocks were heaviest in the districts north of here where there was general alarm but slight damage was reported. The heaviest shocks were felt at Fukushima, Chiba and Choshi. The telephone services were crippled and some destruction of property is reported.

The main shock which registered for eighty minutes on the seismograph, caused people to run into the streets. The disturbance came after several days of abnormally high tides near Chiba causing the seismologists to renew the belief that tide measurements will warn of approaching earthquakes.

Investigating Western Canada.

It is announced that the department of overseas settlement in Great Britain is to investigate conditions in Canada and will come as far west as Winnipeg. The Canadian Department of Immigration urges that they investigate Western Canada thoroughly and with that object in view go as far west as the Rocky Mountains.

It was not to be expected that the British people would know where the west began or ended. To them it might end at Winnipeg or at the Rockies. Such ignorance on their part is excusable. For the Canadian Department of Immigration to suggest exploring Western Canada and not going beyond the Rockies, is absolutely inexcusable.

Winnipeg Only Midway To West.

Winnipeg occupies the centre of the stage so far as Canada is concerned. She is half way between the Atlantic and Pacific, speaking broadly. Everything west of Winnipeg is said to be Western Canada and everything east of that is Eastern Canada.

To investigate conditions of settlement in Canada without including British Columbia would be a mistake and the Immigration Department should be led to understand that we cannot with impunity be left out.

Province Sued To Britishers.

British Columbia is better suited than any other province of Canada for the settlement of British people. Climate is a great thing in life. It is what we talk about more than anything else in the world and its effect on life is important.

There has been opposition in the past from the Overseas Settlement Board in Great Britain to sending people to this province. Possibly it would be the right thing to take up this matter direct with them with a view to removing any obstacles that are at present in their minds to British settlement here.

Habit Of Knocking Merchant Marine.

Some of the newspapers published at interior points are everlastingly knocking the Canadian Government Merchant Marine because it does not enter into competition more keenly with existing transportation companies and cut the rates.

It may be easy enough for interior people to criticize shipping, because they are hundreds of miles away from the sea and are not expected to know anything about shipping.

The Merchant Marine has already done good work in introducing Canadian goods to foreign markets and in providing bottoms for Canadian business when none could otherwise have been secured.

While we have no brief for the Government Merchant Marine, it must be admitted that in spite of the difficulties of having having in many cases unsuitable boats and in having to break into new trade routes under somewhat adverse circumstances, it has done good work already and there is an immense field open to it for future development of Canadian trade.

PREPARING TO OPEN SCHOOLS

and Fittings in Readiness and Fittings in Readiness For Return of Pupils

The business of the school board last evening had chiefly to do with preparations for the reception of the new classes after the holidays. The various committees reported on the work being done at the schools. C. H. Orme told of having accepted a tender from Steens Limited for work at Borden Street School, the price being \$225.

Trustee Rochester told of difficulties at the Booth Memorial School where a crack in the wall

had developed and where it was found that the wall was still wet after two weeks of fine weather.

The playgrounds had been improved by the spreading of cinders in front of Booth School. In that building the ventilation had been out of order and he had sent the eighteen thermostats to Vancouver to be adjusted and they should be back this week.

It was reported that work on the roof of King Edward School had been practically completed. Tenders for staining the roof are to be called and T. Ross Mackay was authorized to stain the tower while the scaffolding was up.

Tenders for kalsomining King Edward School was received and the contract let to the lowest. They were James Curtis \$139.44 and L. O. Larsen \$131.40.

Those present at the meeting were Trustees Parker, Orme, Casey, Rochester and Williams.

FORTY CASES IN POLICE COURT IN MONTH OF JULY

There were forty cases heard in the city police court during the month of July resulting in thirty-two convictions and fines totalling \$382. Chief of Police Vickers reported to the police commission yesterday afternoon. There were sixteen cases of drunkenness, five theft, four assault, two breaking and entering, one carrying concealed weapon, five vagrancy, two under the Motor Vehicle Act, one liquor in possession, two breaches of the Early Closing bylaw and one liquor for sale.

This report together with the payroll for the month totalling \$800 and accounts were approved.

A detachment of 200 Irish Fusiliers under command of Lieut. Col. McSpadden and Major M. J. Crehan left Vancouver aboard the steamer Prince Albert last night for Prince Rupert where they will act as a garrison.

Coal merchants of the city, at the request of the Daily News, have issued a statement showing the profits in their business. It shows that they are not making as much money as might have been expected.

Chet Neff and Rough House Charlie Burns will meet in a twenty-round bout at the National Sporting Club this evening.

SMITHERS

Hans Hallstein, son of Mr. and Mrs. Hallstein of Smithers, lost his life while bathing at Seymour Lake. His elder brother was nearly drowned in attempting to rescue him.

Mrs. H. Fotherby, S. A. Eby, James F. Adams and D. F. Hatt are in Vancouver on business.

Harold Matthews has returned from Maple Bay, Vancouver Island, and has resumed his position in the R. S. Sargent store.

Good headway is being made by J. P. Downey on the erection of the G.W.V.A. building which, when completed, will be a credit to the town.

There has been blistering hot weather during the past week and shady nooks of Lake Kathleen and Seymour Lake have been very popular with Smithers residents.

Mrs. William Harrison of Ottawa has arrived in Smithers to visit her brother, G. H. Wall.

Mr. and Mrs. Roy C. Elsey were visitors here last week. Mr. Elsey was formerly principal of the local school and has now secured a position with the new Lord Byng High School at Point Grey, Vancouver.

Mr. and Mrs. W. M. Leavitt of Spokane are visiting here with Mr. and Mrs. Olof Hanson. Mr. Leavitt is vice-president of the Naugle Pole & Tie Co.

Mrs. George Wright has returned from St. Paul, Minn., where she has been for the past several months.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 4,800 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre.

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 30 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to two head.

## BOARD WILL CONTINUE SENIOR MATRICULATION CLASS AT HIGH SCHOOL

Trustees Unanimous as to Desirability of Continuing University Class Here

At the school board meeting last night the trustees expressed themselves as unanimously of the opinion that the senior matriculation class at the High School should be continued. It was pointed out that while there may not be a large number of students this year, there may be a much larger class next year and it would be a pity to drop the work. The fact that the pass list had not been very high did not mean anything. Inquiry was made as to who had been authorized to say that the class would be closed. It was suggested that Peter Black Jr. had gone south because it was understood by him that there This was a misconception for the matriculation class at the High School would be continued if possible. There had been no question of closing it mentioned to the board and no authority had been given to even hint that it

Delayed loading cans from the steamer Canadian Trooper for Lockport and Lagoon Bay canneries, C.N.R. steamer Prince John, Capt. Neil McLean, did not get away for southern Queen Charlotte Islands points until 1:30 this morning.

A supper will be held in honor of Flight Commander Stuart MacLaren and his associates at the Elks Home on Saturday the 16th inst at 7 p.m. Tickets \$1.00 each may be obtained from Ormes' Drug Store, McCutcheon's Drug Store, D. C. Stuart, Third Avenue or the Civic Entertainment Committee.

Peter Osado failed to appear in the city police court this morning in answer to a charge of intoxication and his bail of \$25 was estreated.

C. H. Sawle, publisher of the Omineca Herald, New Hazelton, was a passenger for Vancouver arriving on the train and leaving on the Prince Rupert last night.

Miss D. Stewart, formerly on the stenographic staff of the Canadian Bank of Commerce, is sailing on the Princess Alice tomorrow afternoon for Vancouver en route to Winnipeg.

Vicomte de Rounsefort, Arthur Barry and M. Pasquin, attached to the French consular service at Montreal, were passengers arriving from the East and sailing for the south last night.

## POTTER CLAIM FORCIBLY URGED

School Board Receives Letter From Firm of Solicitors in Vancouver Asking Payment

At the school board meeting last night a communication from E. P. Davis & Co. asking for settlement for architect's fees for J. W. Potter, formerly of this city, and threatening action unless a settlement was arrived at, was referred to a committee consisting of W. E. Williams and Secretary Vance to answer. It will be pointed out to the lawyers that the present board is not fully informed of the situation but that as soon as the city solicitor returns from his holidays he will be asked to investigate the matter thoroughly and a reply will then be sent. The claim is for \$2,300 of which about half was the balance for work on the Booth Memorial School.

It was explained by Trustees Rochester and Casey that the former boards had taken the stand that Potter was already overpaid for the work he had done. The work had been faulty and supervision poor with the result that the people of Prince Rupert were saddled with a bill for fifty thousand dollars.

## NIGHT SCHOOL FOR FOREIGN POPULATION

School Board Grants Use of Rooms to Church for Classes in English

At the school board meeting last night an application for the use of two rooms in the Booth Memorial School two evenings a week was received from John Dybhavn on behalf of the St. Paul's Lutheran Church, the rooms to be used for purely educational purposes. It is proposed to conduct there two classes in English for those who are not well versed in the language. The school had been commenced in the spring and an average of 25 students had attended each evening. No fee was charged the students. In granting the request it was suggested that the King Edward school would be more suitable than the other for the purpose.

The Yacht Club picnic at Tugwell Island on Sunday next promises to be one of the big events of the season if the weather is favorable. The executive of the club has been working hard on its plans and expense is not being spared in the effort to make the affair one of great enjoyment to every one. It is the generous idea of the members of the club to make it possible for many people not owning boats to avail themselves of the opportunity of getting out on this occasion. The many boats of the club will be out in force so the event will also have something of the spectacular about it. A number of novelties are contained on the program of entertainment.

### CORINTHIANS BEAT EDMONTON FOOTBALL ELEVEN YESTERDAY

EDMONTON, Aug. 15.—The Corinthian football team visiting this country from England defeated a picked Edmonton team by a score of two goals to one here yesterday.

### With the second half of the Stuart Shield competition to be played as well as all the Gilhuly Cup ties between now and Fair time, there will be a full bill-of-fare for local soccer fans and the Association will have its work cut out in getting all the events in. The Gilhuly Cup semi-final replays will take place next week—the Sons of Canada and Callies meeting on Tuesday and the Great War Veterans and the Sons of England on Friday. The second half of the Stuart Shield schedule will follow as soon thereafter as possible and, with the lacrosse and baseball fixtures apparently over for the season, there may be more than two soccer games staged some of the weeks. Four charges of battery and one of disturbing the peace were filed this week in San Diego against Ed. ("Strangler") Lewis, champion heavyweight wrestler, as a result of a fistie-affray on the highway Sunday near Nestor. Lewis was released on \$500 bail, his hearing being set for today. The police declare that on the return of the Lewis party from Tia Juana, Lewis smashed the machine of Mrs. Daisy Haynes of San Diego, who asked him to view the damages. Lewis replied that he would not pay damages. His manner of speech was resented by a son of Mrs. Haynes, and a fight ensued. Lewis speeded away and was stopped by a deputy sheriff while traveling at fifty-five miles an hour. His arrest was accomplished only after two speed cops had been called on by the deputy for assistance.

**BRITISH TO INQUIRE INTO CONDITIONS OF LIFE IN THE DOMINION**

OTTAWA, Aug. 15.—The Canadian immigration department welcomes an investigation which the overseas settlement party, including Miss Margaret Bondfield, M.P., intends to make this fall in Canada. The department has offered to facilitate the inquiry into all phases of Canadian development or into conditions of labor.

The alleged ill-treatment of British boys on Canadian farms will probably be reviewed.

The cables announce that the party will not travel beyond Winnipeg but the department of immigration will urge that they go to the Rockies to insure a proper review of the conditions in western Canada and the possibilities of settlement therein.

**WINNIPEG HOTELS ARE BEING FORCED OUT OF BUSINESS**

WINNIPEG, Aug. 15.—The purchase of beer in the public bars of Winnipeg is now a risky and expensive experiment for many a thirsty soul since the authorities started a campaign against patrons of the bars who are taken into custody and fined from fifty to two hundred dollars. The police say this method is effective, recent raids disclosing that the bars are virtually deserted. Drunkenness has decreased and hotel proprietors complain against the drive, several declaring that they are being forced out of business.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for wharf repairs at Port Simpson, B.C., will be received at this office until 12 o'clock noon (daylight saving), Thursday, September 4, 1924, for the construction of repairs to wharf at Port Simpson, Skeena District, B.C.

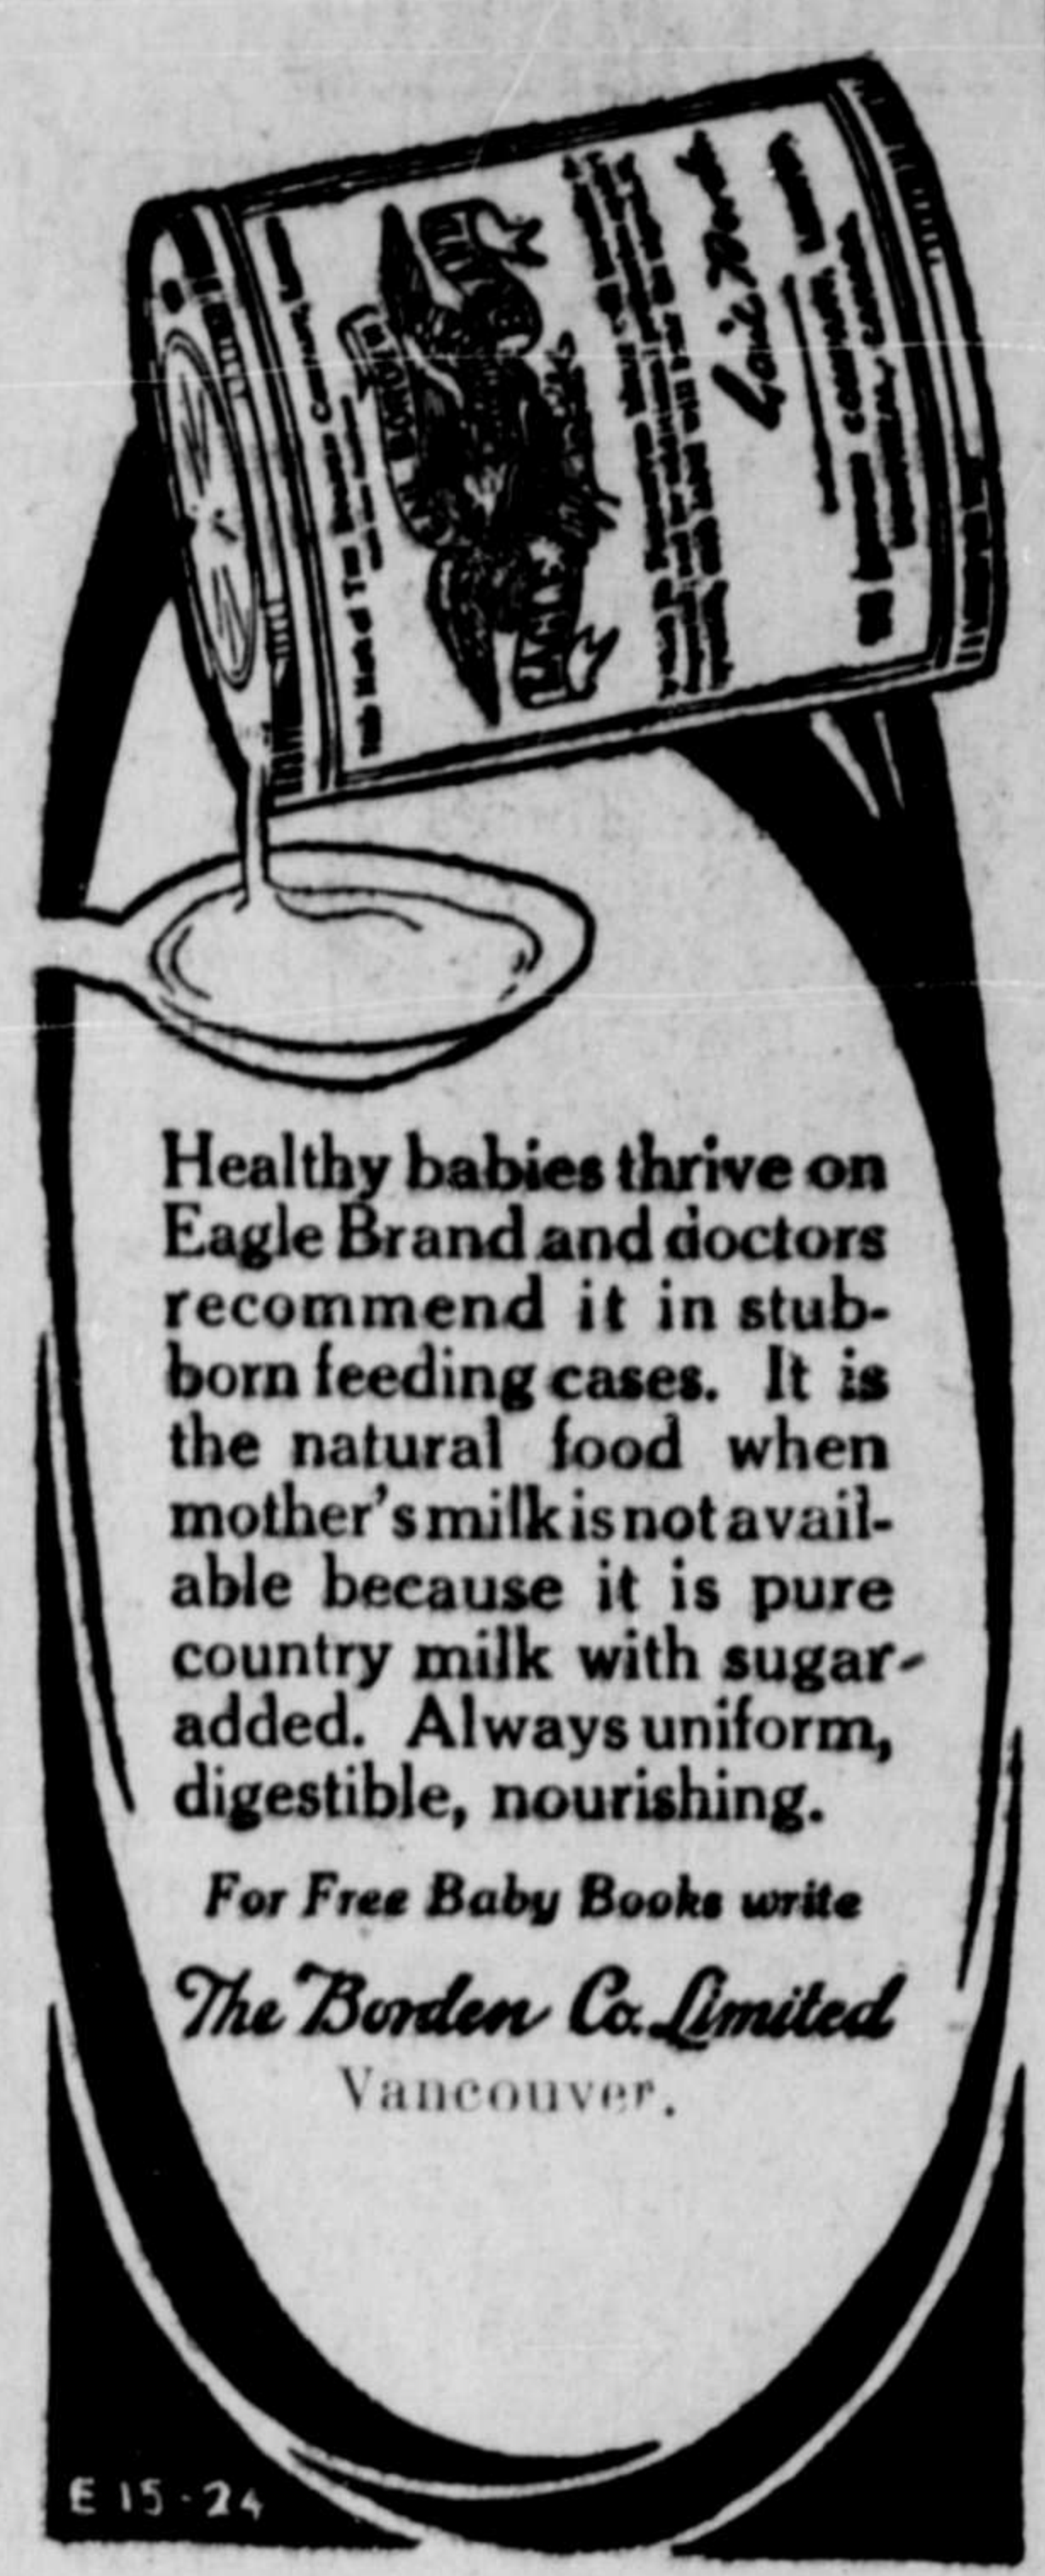

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineer, Old Post Office Building, Victoria, B.C., and at the Post Offices, Vancouver, B.C.; Prince Rupert, B.C.; Stewart, B.C., and Port Simpson, B.C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

NOTE.—Blue prints can be obtained at this Department by depositing an accepted cheque for the sum of \$10.00 payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

**ONLY TWO VOTED AGAINST BOLDUC DURING ELECTION**

Former Speaker of Senate Dies After Long Service to Country

SHERBROOKE, Aug. 15.—Senator Joseph Bolduc, speaker of the Senate during the Borden regime, died at his home at St. Victor, Beauce county, Quebec, Wednesday night, according to a message received here. He was 75 years of age and had been ill for the past six months.

Senator Bolduc was from an old French Canadian family, a descendent of Louis Bolduc who came to Canada in 1668. He was educated at Laval University and was a farmer, lumber merchant and notary. He was elected to the House of Commons in 1876, he had the unique experience of only two persons voting against him at that election. He retired from the speakership in 1922.

**BIOS HAS BEEN ISOLATED NOW**

Is of Great Importance in Vital Processes Says Columbia Professor

The isolation of a "bios" in a pure state was announced by Prof. W. B. Eddy of Columbia University at the joint discussion on Vitamins, held by the Chemistry and Physiology Sections of the British Association in Toronto this week.

"Bios" belongs functionally, to the group of substance known as vitamins. Hitherto, it has been recognized only by the property, possessed by certain extracts of plant and animal tissues to accelerate the growth of yeasts. The name "bios" which is the Greek word for life, was given to it because of its importance in vital processes, and because its chemical nature was unknown and its mode of action only guessed at. Now it can be identified as surely and as speedily as a crystal of salt or sugar.

**Chemical Process**

Prof. Eddy's discovery allows, for the first time, the possibility of studying the process of growth as if it were a chemical reaction in a test-tube. By working out the chemical structure of "bios," and identifying those of its parts which function in the growth process, and those which are merely accessory, it may be possible in the not too distant future, for chemists to

write the chemical equation for the growth reaction, as they now do for many other processes which occur in living cells, and which can be reproduced with chemicals in glass-ware.

The isolation of bios was a notable feat of analytical chemistry in itself. Some idea of its difficulty can be comprehended from the statement of the discoverer that from 400,000 parts of material only one part of "bios" is obtainable. In addition, it is extremely sensitive to exceedingly small variations in acidity. A slight understepping of the required acidity on one occasion, resulted in the loss of 70 per cent of the material.

**Makes for Growth**

When it is fed in amounts as small as one three millionth of the body weight, per day, young rats which had been declining, resumed their growth and showed a much improved condition in coat and general activity, beside weight increase.

One of the hopeful features of the work on the structure of bios are the indications that it is probably a fairly simple substance. Analytical results, so far, show that it is not more complex than the simplest sugar. In the pure state, it has the form of spherical plates. With this pure preparation as a standard of comparison, methods are now available for differentiating the various vitamins and for defining with some exactitude the role of each, in growth, maintenance, and the prevention of disease, in animal and plant cells.

**TAGGING SALMON ALASKAN WATERS**

Over 800 Already Released by United States Bureau of Fisheries This Year

KETCHIKAN, Aug. 15.—Capt. Iver N. Stensland has already released over 800 tagged salmon in these waters for the U. S. Bureau of Fisheries. This work of releasing tagged salmon is of general interest in that the speed and direction in which the fish travel to the spawning grounds can be determined. The work here is being done by the Petrol, with Arne O. Suamola, warden, and Capt. Stensland on board.

In time, after such tests have been conducted with definite and consistent results obtained the bureau will be able to tell a great deal about how fish runs are going to be, and why they will be that way.

A 50 cent reward is given for the return of every tag when accompanied by information concerning the type of fish, where found and under what conditions.

It is reported that Mr. Larsen of the Alaska Consolidated cannery at Quadra, has a tag which was taken from a salmon caught in their trap at Kirk Point. It is believed that this is one of the salmon tagged by Mr. Stensland this season.

## SHOOTING CASE IS COMPLICATED

LOS ANGELES, Aug. 15.—The gun that killed Mrs. Theresa Morse, for whose death Kid McCoy is being held, was fired from within two feet of her head. This fact might tend to support McCoy's story of the woman's suicide, the autopsy surgeon stated.

The discovery of a blood-stained axe handle in the automobile used by McCoy has further complicated the case.

The former famous pugilist and movie actor faces another charge of robbery and assault with the intent to murder as a result of the orgy of shooting in two shops where he sought to find and kill Albert Morse.

## DAVIS MAKES DECLARATION

**In Address Accepting Nomination For Presidency He Outlines His Policy**

CLARKSBURG, W. Va., Aug. 15.—The supreme need of the hour is to bring back to the people confidence in their government. John W. Davis declared in his address accepting the Democratic Presidential nomination.

"Formerly putting under way the national campaign of 1924, he indicted the Republican Party in its organized capacity for the intent to murder as a result of the orgy of shooting in two shops where he sought to find and kill Albert Morse."

"Having exhibited deeper and more widespread corruption than any that this generation of Americans has been called upon to witness.

"Complacency in the face of that corruption and with ill will towards the efforts of honest men to expose it.

"Gross favoritism to the privileged and utter disregard to the unprivileged.

"Indifference to world peace and timidity in the conduct of foreign affairs.

"Disorganization, division and incoherence."

**Not Tolerated**

Declaring that on the record he would ask the voters of the country to pass judgment of condemnation, "as a warning to all men who aspire to public office, that dishonesty, either in thought, word or deed, will not be tolerated in America," Mr. Davis said the Democratic party was prepared to offer in exchange a "program based on Democratic principles and guaranteed by a record of Democratic performance."

The chief things to which he pledged himself were:

An honest, impartial, and, so far as human wisdom will permit, a just government.

Opposition to any challenge—organized or unorganized, under whatever name or in whatever character it may appear—of the Constitutional guarantees of religious freedom.

Enforcement of all laws, including the Prohibition Amendment and statutes enacted under it.

Agricultural aid through revision of the tariff; governmental assistance in extending the co-operative marketing principle and by other means.

Reduction in taxation and revision of the tariff.

**Economy**

Economy in government, but not of the kind that deprives government employees of pay equal to that they would receive from private employers for similar work.

Approval of the World Court.

Co-operation officially with all legitimate endeavors, whether from the League of Nations or from any other source, to lessen the prospect of war; to aid in repairing the ravages of past wars; to promote disarmament and to advance the well being of mankind.

To maintain the means of adequate national defense "until reason is permitted to take the place of force."

In opposition to the impairment, "either by injunction or by any other device" of the rights of labor to organize and to bargain collectively for "an adequate wage earned under healthful conditions."

The protection of women and children from human greed and unequal laws.

Prevention of child labor and suppression of the illicit traffic in soul destroying drugs.

Conservation of all of the natural resources of the country.

"Grateful care" to the "veterans of our wars, especially to those who were stricken and wounded in the country's service and whose confidence has been so cruelly and corruptly abused."

**CHARGED WITH THEFT, MONEY AND JEWELRY**

H. Levin, charged with the theft of jewelry and money to the value of about \$600 from the person of Rose Hoffman, Comox Avenue, appeared in the city police court this morning before Justice of the Peace S. D. Macdonald and was remanded for eight days.

## DOWN-TOWN TO HAVE CLEAN-UP

**Number of Undesirable Women in Central Part of City, Police Board Learns**

Complaint being laid by John Currie, 840 Third Avenue West, as to conditions in the immediate vicinity of his residence, the police commission yesterday afternoon had a lengthy discussion on the moral situation in the down town sections of the city. It was stated that a movement had commenced from Comox Avenue to more central locations and conditions were getting from bad to worse. Methods of coping with the situation were fully and freely discussed and the matter was finally left in the hands of the chief of police with the authorization to take such steps as he deemed necessary in making a clean-up. The first plan will be to harass immoral business in the down town section as much as possible, and, if this fails, more effective measures will be taken.

In the course of the discussion, Mayor Newton stated that he had been making certain investigations. He had reason to believe that there were several women living down town who should not be there. The police had been instructed to visit certain premises but this was not bringing results. In the meantime there was a spread of undesirable. It was a very difficult matter to get convictions.

Commissioner Montgomery was of the opinion that frequent raids would interfere with such business as was complained of. If the police in this manner made it impossible to carry on, the people would move. He was loath to employ so-called "stool pigeons" but if that was the last resort it would have to be adopted.

A list of several undesirable women now resident in the down town section—particularly that block on Third Avenue between Seventh and Eighth Streets—was submitted to the meeting at the instigation of the Mayor.

## NO ACTION TAKEN ON RECOMMENDATION OF CORONER'S JURY

The recommendation made by the coroners' jury into the death of the late Henry Carnahan that an officer be kept on duty at all times at the city police station was discussed by the police commission yesterday afternoon but no action was taken on the matter, the general opinion being that the particular fatality in question could not have been avoided even if there had been an officer on duty in the station at the time.

The subject was brought up by Mayor Newton who stated that Carnahan had apparently pre-meditated the taking of his own life. The presence of an officer in the station at the time would not have prevented him doing so. In any case, an officer could not be expected to remain in the cells. If the public really desired more police protection, the commission would no doubt be willing to give it but he felt that the conditions of the case in question did not warrant it.

Commissioner Montgomery took a similar view and Commissioner Cameron remarked that it was an unfortunate case which could not have been avoided.

The discussion then dropped.

**NOTICE.**

WHEREAS under the provisions of the Royalty Act, Chapter of Statutes, 1914, the royalty on timber to be collected beginning January 1st, 1925, will, from information now available, be more than three times the royalty now being collected;

AND WHEREAS urgent representations have been made that this increase in royalty is much heavier than the industry can bear;

AND WHEREAS the representations made have gone so far as to say that any attempt to collect this royalty beginning January 1st next as upon the basis of the present Royalty Act would immediately result in a shutdown of the entire industry in the Province;

NOTICE is hereby given that a public hearing upon this question will be held in the Executive Chamber, Parliament Buildings, Victoria, before the Executive Council or such Members thereof as may be then present, beginning at 10 o'clock Wednesday, September 3rd next.

Anyone who has any evidence to submit or representations to make on the question of timber royalties will be given opportunity to be heard and the public is requested to take notice accordingly.
