REPARATIONS REPORT ACCEPTED AS BASIS STEAMER ADMIRAL RODMAN LIKELY BE FLOATED THIS WEEK SAYS WILKIE

AIRPLANES HAD HARD TIME AT SITKA, ALASKA

Difficult to Keep Two of Them Off Rocks Owing to Wind and Waves

SQUALLS DELAYED THEM

SEATTLE, April 15.—Snow squalls prevented the American flyers leaving Seward yesterday, according to a despatch to the Seattle Times. Departure for Chignick was contemplated for this morning.

Major Martin reported at Seward that two of the air cruisers, No. 2 and No. 4, were very nearly dashed to pieces in a storm before leaving Sitka. The aviators successfully waged an eight-hour battle against high winds and heavy seas which threatened to hurl the two machines against the rocky shore. There was .36 of an inch of rain one day while the machines were at Sitka.

PORT CLEMENTS BOOZE CASES STILL GOING ON

Trials of Oscar Dunlap and William Hastie Have Been Finished With Decisions Reserved

The case of William Hastie, Port Clements, charged with unlawfully selling liquor, was heard in the provincial court this morning by Magistrate Mallory and decision was reserved until this afternoon. Decision in the case of Oscar Dunlap, charged with a similar offence, is also reserved.

The case of E. Stewart, charged with unlawful possession of liquor, is now proceeding.

SCOTSMEN DRINKING METHYLATED SPIRITS

Government Has to Take Action to Prevent Injury to People Who do it

EDINBURGH, April 15.—The poorer class of people in Scotland are consuming methylated spirits in increasing quantities due to the low cost compared with alcoholic beverages. Aroused by the serious effects of the practice, the government is planning to treat all methylated spirits in such a fashion that it cannot be used as a drink.

WILL BE ADVANCES FOR POSTAL WORKERS

MONTREAL, April 15.—J. Lafrance, chairman of the local postal workers' association pointing out that the strike scheduled for yesterday was not taking place, said he had received word that there would be increases for all concerned and felt certain the increase would be sufficient to prevent a strike.

STOPPED FIGHT TO SAVE TEX MCEWAN

PHILADELPHIA, April 15.—Young Stirling scored a technical knockout against Tex McEwan of Ottawa in the seventh round of a ten round bout. The referee stopped the fight to save McEwan further punishment.

Miss Olga Reusch, of West Hoboken, the first girl student to enroll in the course of study of Mandarin Chinese at Columbia University, has recently married her Chinese instructor, Professor Franklin G. H. Lee.

Report is Accepted on Reparations as a Basis for Discussion

BERLIN, April 15.—The German cabinet today decided to accept the report of the experts as a basis for negotiations and to inform the reparations commission to this effect. This is in line with the attitude taken by the conference yesterday between the central government and the premiers of the federated German states.

LONDON, April 15.—The first official expression of opinion on the report of the reparations experts from Premier Ramsay Macdonald came in the House of Commons today when he announced that the government learned with greatest satisfaction of the unanimous signing of the experts' findings.

FAVOR WORLD FAIR IN 1927

Committee of Citizens Reports in Favor of Big Event For Vancouver

VANCOUVER, April 15.—The committee of citizens selected by Mayor Owen to investigate the feasibility of holding a world's fair in Vancouver in 1927, last night submitted a report unanimously recommending the holding of the exposition from May 15 to October 15 in that year.

The committee suggests the forming of a public company with a capital stock of \$750,000 to finance the proposal.

BASEBALL LEAGUES OPEN SEASON TODAY

NEW YORK, April 15.—Fair weather is predicted for the opening games today of both big leagues. Their chief fight in both leagues this year is a combined attack by seven clubs in each circuit to dislodge the mighty Giants and Yankees, the pennant winners in their respective organizations for the last three years.

Gun-Go-Al, the Hazelton Indian, who stands committed on a charge of committing a serious statutory offense, is being taken south by Constable Mancor on the Cardena today to Okalla where he will remain until his case is dealt with at the assizes.

WALTON APPOINTED GEN. SUPERINTENDENT MANITOBA DIVISION

VANCOUVER, April 15.—N. B. Walton, assistant general superintendent of the C.N.R. at Prince Rupert since September 1920, has been appointed general superintendent of the Manitoba division with headquarters at Winnipeg, according to an announcement made today by A. E. Warren, general manager at Winnipeg.

MC GEE HOPEFUL OF DECREASE IN RATES

WINNIPEG, April 15.—"I can see goods being shipped very cheaply from Vancouver to the prairie provinces before very long," declared G. G. McGeer, K.C., who represented British Columbia at the recent express rates inquiry at Ottawa, here.

Mr. McGeer, who is en route to Vancouver, predicted a considerable reduction on round shipments from Vancouver on fruit and fish, and also an all-round decrease on the western freight haul to Vancouver and vice-versa. He also thought there would be a further reduction in the grain rate to Vancouver.

Mr. McGeer has been summoned to Vancouver by the provincial government. It is believed he will present British Columbia at the Royal Grain Inquiry Commission sessions.

STEAM TRAWLER PURCHASED FOR LOCAL FISHING

Minard Crowell Is Bringing Vessel From Norway and is Due Here in June

Minard Crowell, formerly of F. E. Hunt Ltd., Cow Bay, has purchased a 100-ton steam trawler in Norway which he is bringing to Prince Rupert to enter the halibut fisheries. According to word received by M. F. Nickerson, the boat was due to leave Kristiansund, Norway, on April 5, with Mr. Crowell aboard, with the expectation of reaching Prince Rupert about June 15.

The vessel, which is somewhat smaller than the well known cold storage trawlers of the Foster type, has a capacity of 100,000 pounds of fish and has accommodation for a crew of 21 men.

TAX EXEMPTION FOR DEPENDENT CHILDREN IS TO BE INCREASED

OTTAWA, April 15.—It is now stated definitely that when the resolutions are considered in committee of ways and means, Hon. J. A. Robb, acting minister of finance, will move an amendment to the income war tax providing for a normal tax exemption for each dependent child to be increased from \$300 as at present to \$500. The increased exemption is to apply to the 1923 income and subsequent periods.

TUG NANOOS TO STEWART

Wrecking Outfit Goes North to Recover Ore from Portland Canal

C.P.R. tug Nanoose arrived yesterday afternoon from the wreck of the steamer Admiral Rodman and proceeded later with the local wrecking outfit Skookum and men and equipment to Stewart where a barge which recently overturned partly is to be recovered.

The Admiral Rodman is now ready to launch as soon as the tides are high enough.

This little building is a mission church on Teslin Lake, British Columbia, which is almost out of touch with civilization. It is reached after a week's travel up the Hootalinqua River, where a trading post is located.

All in Readiness for Floating Steamer Admiral Rodman from Rocks Just South Prince Rupert

Capt. T. M. Wilkie, representative of the underwriters who has been supervising salvage operations on the Admiral Rodman, stated today that, if nothing untoward intervened, the vessel would be pulled off the rocks in Grenville Channel this week—possibly within a day or so. All but the forward part of the ship is now afloat and, in order to free her a few days earlier, some of the rock has been blasted out. Greased plates, damaged ones which came out of the Canadian Scottish, have been placed under the hull to facilitate her sliding off. The tug Nanoose will be back at the scene from Stewart tomorrow morning to pull the vessel off.

Free of Water

After being freed from the rocks, it is the intention to take the Rodman to Stewart Anchorage where she will be beached and given a thorough examination and patching up completed. She will then be towed south. The vessel is now being kept free of water by using one large pump a few minutes every two hours.

The damage to the Rodman, which is extensive, includes a broken forecastle, keel, stem post and rudder. Because the stem post is broken it will be impossible to operate the propeller on the way south but the engines can still be used to furnish steam for the pumps. Two divers—one from Prince Rupert and another from Vancouver—have been working on the vessel and are still there.

MISS KATIE COLLISON MARRIED TO MR. CLARKE

Well Known Young People of This City Wed at Vancouver Yesterday

The marriage took place at Vancouver yesterday at Christ Church, Rev. W. Craig officiating, of Trevor Clarke of Toronto and latterly of Prince Rupert, to Catherine Collison, eldest daughter of Rev. and Mrs. W. E. Collison of this city.

Miss Collison left here about a week ago for the south and Mr. Clark left later in the week.

PETER SMITH BEFORE COURT

Former Provincial Treasurer of Ontario Remanded And Out on Heavy Bail

TORONTO, April 15.—Hon. Peter Smith, provincial treasurer, during the farmer labor administration from 1919 to 1923, appeared in the police court this morning and was remanded for eight days.

The former minister was arrested yesterday afternoon charged with conspiracy to defraud the government.

Mr. Smith put up bail to the amount of \$50,000 for himself and 13 bondsmen are bound in sums of \$1,000 each.

U.S. APPROVES NEW CRUISERS

Naval Committee Gives O.K. to Bill to Build Vessels For Navy

WASHINGTON, April 15.—A bill to authorize construction of eight 10,000 ton fast cruisers costing \$11,100,000 each and six gunboats costing \$700,000 each was approved by the house naval committee yesterday. The committee also approved a proposal to convert four battleships from coal to oil burners.

Ontario Third Party
Not Complete Success.

Not only did the third party in Ontario run the province deeply into debt but it is charged now that members of that party commenced to graft directly they got into power. Hardly a day elapsed, according to allegations made publicly in the east, before at least one member of the government began to draw down money from private interests. This was the much vaunted farmer government, which was to do such great things for the province but which has eventually brought disgrace upon its fair name.

Great Danger In Carrying Firearms.

Carrying firearms is a dangerous thing, both for the person carrying them and also for the people who associate with the gunman. If people never lost their tempers it would not be so bad, but unfortunately people do and say things on the spur of the moment without considering the consequences and without inquiring as to the justice of the case. It is so easy to shoot that people do it and then regret afterwards that they were so rash. The case of Courtney, as reported yesterday, emphasizes this. If a man has no gun he has to think over matters before taking action which is liable to lead him to the gallows.

Does Not Trust Soviet Delegates.

Apparently Premier Ramsay Macdonald does not trust the Russian Soviet emissaries. He fears that they have no code of honor which prevents them taking advantage of their position to try to undermine the government with which they are negotiating. At any rate Macdonald does not want red propaganda in Britain and is not going to have it from Russia if it can be prevented.

All Are Actors On Stage Of Life.

It is some time ago that William Shakespeare made one of his characters remark that we were all actors on the stage of life. Yet, much of Shakespeare's philosophy, is as true today as it was at the time when the words were spoken or written by him. We strut through the world, doing our little parts until swallowed up in oblivion and the world forgets in a very short time that most of us ever lived.

At the show last night a number of people acted parts to the great amusement of the audience. Any day by keeping the eyes open people may be seen acting parts in just as humorous a way. After all, the theatrical play or the motion picture is an attempt to depict some phases of life and if this is done faithfully and well we say the performers are good actors.

Labor Winning In Many Countries.

Labor is winning elections in many countries, the latest being two of the states of Australia. There seems like a change in political lineups, but in reality it is not. It is more a change of name than anything else. Time was when the Liberals were the leaders in advanced thought and in every country there was a radical section of Liberalism which moved ahead of the party and dragged it forward. Today that advance section is represented by what is now designated labor but which always was made up of those who had to struggle for a livelihood. True, labor is making gains, but so did Liberals always make gains toward a more complete democracy. Sometimes what seems like advances are really retrograde steps and it is only by experimenting that we can find out what policies are really workable.

"Exhausted Nerves and Palpitating Heart"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:

I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that

I sometimes thought I would never get better. I tried several doctors, but it seemed nothing they gave me helped. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I tried it, and can say it certainly has done wonders for me. I did not stop until I had taken twenty-five boxes."

MANY ATTENDED OPENING TRIAL

Port Clements Cases Attracted Good Deal of Interest Yesterday Afternoon

The Port Clements liquor cases are attracting a good deal of attention locally, this being witnessed in the fact that the spectators attending the opening trial yesterday afternoon well-nigh filled the provincial courtroom, remaining regular attendants there of assize court proceedings in this respect.

The first and only case heard yesterday was that of Oscar Dunlap charged with selling whiskey. Taking of evidence and argument of counsel was completed and Magistrate Mallory reserved his finding until this morning so that he might go over the notes.

The case for the crown was briefly that accused sold drinks of King George whiskey to Constables Ramsay and Seward, liquor board detectives. The exchange of money was testified to to establish the charge. The defendant did not deny the serving of drinks or the exchange of money but claimed that the latter was in payment for services rendered by accused to the informant in examining the boiler of a sawmill.

The dry squad men had apparently made their entry into Port Clements under the guise of possible shingle mill operators.

F. R. Anderson of Vancouver conducted the prosecution and Milton Gonzales appeared for Dunlap. It had been intended to proceed with the cases of William Hastie, also charged with selling, and J. Stewart, charged with unlawful possession. Mr. Gonzales, for the defence, however, asked for adjournment of the former case on the grounds that defence had not been apprised correctly of the time the sale was alleged to have taken place. This was granted. This adjournment not being expected, the other accused, Stewart, was nowhere to be found so adjournment was also made in his case.

Court closed for the afternoon at 4:30 and resumed this morning. Court closed for the afternoon at 4:30 and resumed this morning.

Ten Years Ago
in Prince Rupert

The assessment roll for the year 1914 was turned over to the city clerk yesterday afternoon. The grand total is \$25,505,310 and the taxable property amounts to \$17,495,195.

The recent veto of Mayor Newton of the \$10,000 publicity grant was endorsed by the city council last night with two members of the council—Ald. Dybahn and Ald. Kerr—absent. Those approving the veto were Mayor Newton, Ald. Montgomery, Ald. Morrissey and Ald. Maitland. Those against were Ald. Morrison, Ald. McClymont and Ald. Bassett-Bert.

Feeling runs high at Hazelton over the inefficiency of the provincial police as demonstrated during the recent bank robbery.

GEORGE SELLARS AND MISS LILY BROWN WED

Quiet Ceremony Took Place Last Night at Home of Mr. and Mrs. Abbott—Will Reside in Anyox

The wedding took place quietly at the home of Mr. and Mrs. George W. Abbott, 436 Fifth Ave. East, last evening at 7:30 o'clock of Miss Lily Brown, who arrived on Sunday evening from Cathcart, Glasgow, Scotland, to G. Sellars of Anyox. Rev. Dr. H. R. Grant officiated. The bride was attended by Miss Annie Kelly and George W. Abbott was groomsman. The bride wore a smart fawn costume with hat to match and corsage bouquet of white carnations. The bridesmaid was dressed in black velvet and carried a bouquet of white carnations. Besides the bridal party, the ceremony was witnessed by Mrs. George Abbott, Mr. and Mrs. R. Davie, Mrs. J. H. Kelly, William Brown and G. S. Russell.

Following the ceremony, a wedding supper was served and the evening was pleasantly passed away. Mr. and Mrs. Sellars will remain in the city until the end of the week before proceeding to Anyox where they will take up their residence.

The groom is well known and popular in Prince Rupert. For some time he was engaged on the staff of Kelly-Douglas and last year went to Anyox to join the Grandy store staff. He served overseas with the 48th Battalion and is a talented football player. He is a member of the local St. Andrew's Society and a native of Glasgow, Scotland. He and Mrs. Sellars are receiving the hearty congratulations and best wishes of many friends.

PRINCE GEORGE MAN WEDDED IN WINNIPEG

Miss Lillian Alice Cook of London, England Becomes Bride of G. Mealing

The wedding took place in All Saints' Church, Winnipeg, last Wednesday of Miss Lillian Alice Cook, who arrived from London, England, and G. Mealing of Prince George. Rev. Dr. Johnstone officiated. Mr. and Mrs. Mealing are spending a few days in Winnipeg before leaving for Prince George where they will reside.

EIGHTY CANADIANS RETURNING EACH DAY

That is Estimate of Robert Creelman Who With George Mc-Nicholl Visited Victoria

Eighty Canadian are returning each day from California to British Columbia, according to an estimate made by Robert Creelman, passenger traffic manager of the Canadian National Railways, after making inquiries amongst transportation companies according to an interview given in Victoria last week.

Mr. Creelman, accompanied by G. A. McNicholl, general passenger agent for the G.N.R. at Vancouver, arrived in the city yesterday on a business trip.

Mr. Creelman estimates that in addition to the returning Canadians, there is a daily ingress into the Province of 120 tourists from California.

He does not believe that the attraction of the Empire Exhibition at London this year will encroach on the tourist traffic to the Pacific Northwest and Victoria. He points out that accommodations on transatlantic liners are already booked up for some months to come and that it will be difficult to secure passage to Europe until the Fall.

ESKIMO MANAGER OFF TO LAND OF ESKIMOS IN NORTH

Hockey Mogul of Alberta Goes Off Quietly and Is Well on Way to Arctic

EDMONTON, April 15.—A little better than a month ago Kenny Mackenzie, manager of the Eskimo hockey team, emulated the Arabs and, folding his tent, flitted silently into the night. Mr. Mackenzie is not prone to discuss his plans with the wide world, and as far as was known the man who guided the destiny of the Edmonton team purposed taking a short trip into the Grande Prairie country.

Mr. Mackenzie has not returned from the near North, and he is not likely to do so now as he is well on his way to the Arctic, where the Edmonton Eskimo will meet his compatriots of Kitchener and Coronation Gulf, and where, for the white fox skins from the shores of the Frozen Sea he will trade the manufactures and foods of the white man.

First Trader Down

It is the intention of the hockey magnate to be the first trader down to the Arctic coast this season, he aims to reach the northern treasure house of furs prior to his competitors, who will freight their goods north from Edmonton by rail and then down the long reaches of the poleward flowing rivers, and for this reason Mr. Mackenzie has headed out over the new winter trail from Fort St. John, on the upper waters of the Peace River, to the Fort Nelson River.

By utilizing this route he will get to the Arctic at least six weeks ahead of the other traders—if the fates are kind and his seows are not wrecked in the rapid waters of the Nelson and the Liard. The latter stream empties into the Mackenzie at Fort Simpson, and by travelling down this river the northern voyager reaches open water in the lower stretches of the big stream a considerable time before the ice in the Great Slave Lake has melted, thus allowing the river craft to proceed to their destination at the top of the map.

EDMONTON WISHES TO HAVE ESTHONIANS

Would Have Them Settle in Alberta Instead of Near Vancouver

EDMONTON, April 15.—Attraction of settlers to this part of the west is a matter which the Edmonton Board of Trade proposed during the next few months to give particular attention. The question was discussed at Wednesday's regular meeting of council of the board, and the immigration committee was asked to take such steps as it saw fit to accomplish this end.

Among the suggestions offered was that the committee confer with Sir John Pitka, who recently

BAD BLOOD PIMPLES AND BOILS Banished By BURDOCK BLOOD BITTERS.

Miss Irene A. Matthews, Spayne, ont., writes:—"I thought I would write and tell you of the experience and benefit have derived from Burdock Blood Bitters."

Some few months ago I was troubled with bad blood which broke out on my face in the nature of pimples, boils and ring-worms, and I got so bad I really did not know what to do.

I was ashamed to go anywhere, and the itching and burning caused such a terrible sensation I could get no relief day or night.

One day a friend advised me to use Burdock Blood Bitters. I used one bottle and felt quite a relief, and by the time I had taken 3 bottles I was completely relieved.

I cannot praise B.B.B. enough and I hope anyone afflicted like I was will get the same benefit I received."

brought a party of Estonian immigrants from the old land to Vanderhoof, B.C., and who plans during the summer months to bring out other parties with a view to securing some of these settlers for the country northeast of Edmonton.

Waskatenau and the St. Paul des Metis district should be particularly suitable for the purposes of these Estonian immigrants, it was pointed out, since mixed farming is the line to which they are accustomed.

IMMIGRANTS INQUIRE FROM NEW ZEALAND

**Want to go to Alberta to Live:
Ask For Maps of Country**

EDMONTON, April 15.—New Zealand is, from all reports, an excellent country in which to be domiciled, but the fact remains that quite a number of citizens from the southern portion of the Antipodes have ideas relative to coming to Canada to settle, and this winter possibly half a dozen inquiries regarding Alberta have been received at the local Dominion land office.

Yesterday another letter of this description reached here from Auckland, N.Z., the writer in this instance being interested in the Peace River district, of which he says he has heard a great deal. He asks for maps of this area and all particulars as to soil, climate and so on.

Inquiries still continue to come from the United States. Tuesday's mail bag bringing queries from New Jersey and Montana.

VARIOUS TENDERS FOR EDMONTON ELEVATOR

OTTAWA, April 15.—Tenders for the Edmonton elevator were brought down in the house in answer to a query by Hon. Dr. Manion. They are as follows: Carter, Halls Aldinger Company, Ltd., Winnipeg, \$1,297,729. Northern Construction Company, Montreal, \$1,349,000.

Barnett McQueen Company, Ltd., Fort William, \$1,398,000. MacDonald Engineering Com-

pany, Toronto, \$1,411,000. E. G. M. Cape Company, Ltd., Montreal, \$1,419,000. Poole Construction Company, Ltd., Regina, \$1,443,000.

Ferges Construction Company, Fort William, \$1,456,000.

The Carter-Halls Aldinger Company, Limited, is the successful bidder.

INTERESTING FINISH TO BILLIARD MATCH

Jebson Won Though Hutchinson Came up from Behind and Was Nearly Victorious — Score 500 to 495.

The closest game of the individual championship series was staked last night when Sgt. Jebson defeated W. E. Hutchinson by a score of 500 to 495. Jebson had a healthy lead up to the last stages of the match and at the fourth hundred was 70 ahead. From this on Hutchinson picked up rapidly, however, and the game had an interesting finish. At the very end, after Jebson had failed to score four times when he needed to go out was one. Hutchinson made 26 of the 31 he required and then fell down on an easy shot. Jebson then made the necessary point and came out five points on top.

The time of the game was two minutes under three hours and the players both averaged 3.4. Hutchinson's high break was 43 which ties the high break of the series made by Col. McDermie. Jebson's high break was 24.

Sport Chat

Formal ceremonies in connection with the closing of the winter's basketball season will be observed at a banquet to be held in the St. Regis Cafe. The most important feature of the evening will, of course, be the presentation of trophies which have been won for the year as follows:

McDermie Cup, Junior League championship—Junior Colts.

Grotto Cup, Intermediate League championship—Intermediate Colts.

Benson Cup, Ladies' League championship—Maple Leafs.

Gillhuly Cup, Senior League championship—Sons of Canada.

Fred Gillhuly, president of the Basketball Association, will preside.

Tommy Fraser, promising boxer of this city, is leaving on tomorrow night's train for Smithers where he will figure as a headliner in a boxing tournament that is to be staged by the Smithers Athletic Club on Thursday night. At the end of the week it had not been definitely decided who would take the ring against Fraser. This is to be the third annual event of its kind held by the interior organization and great interest is being displayed in it over the Bulkley Valley. Besides an ambitious musical program, there will be a card of six four-round bouts, ranging from fast and tricky dustweights to the pile driving heavyweights. The Smithers boxers have been training for the past three weeks under the direction of Frank Foster.

President, C. G. Dittmer.

Secretary-Treasurer, W. M. Tuffs.

Gounds committee—W. W. G.

O'Neill, J. Yool and Percy Carr.

FREED OF RHEUMATISM
BY FRUIT TREATMENT.GEISHA GIRLS
AT WESTHOLMEFine Entertainment In Which
Young Men Take Part of
Ladies

Seldom has there been a more enjoyable entertainment than that given last night at the Westholme Theatre under the auspices of Hill 60 Chapter of the I.O.D.E. There were two distinct parts, the first of which consisted of a Geisha scene in which the singing of choruses and songs from the Geisha Girl was featured. The second part was a screaming farce entitled "The Neighbors" in which a number of young men around town took the parts of ladies and, with the exception of the indistinguishable voices, did their parts well and provided an immense lot of amusement for the large audience. The first part was under the capable management of Mrs. Darton who also conducted the singing and to her and all those responsible the greatest of credit is due. J. Pinder-Moss directed the play with excellent results.

In the first half the girls did their Japanese parts well, the disguise being so complete in many cases that it was almost impossible to tell who they were. The program follows:

Chorus—"Before our Eyes,"
Song and chorus—"Chon Kina," Miss Dalby.

Song—"Star of my Soul," F. Dibb.

Song—"The Amorous Goldfish," Mrs. Bonney.

Chorus—"Japanese March."

Song—"The Jewel of Asia," Miss E. Davies.

Trio—"Jolly Young Jacks," Messrs. Warlock, Nicholls and A. R. Lane.

Song—"A Geisha's Life," Mrs. L. O. Larsen.

Song and chorus—"The Interfering Parrot," Mrs. C. Cullin.

Chorus—"Before our eyes,"

Members of the Geisha chorus were: Sopranos: Mrs. Ackroyd, Mrs. A. Bailey, Mrs. Blance, Mrs. Bonney, Miss Davies, Miss Donaldson, Miss Harding, Mrs. Larsen, Mrs. Manson, Miss Marsh.

Contraltos: Mrs. Bodie, Mrs. Cullin, Miss Dalby, Miss Shockley, Mrs. Squires.

Tenors: Messrs. Dibb, Lane, Nichols, Warlock.

Bass:A. Clapperton.

Second Part

The play consisted largely of a conversation among a group of neighbors who were preparing to welcome a little boy who did not come. The leading part was well sustained by Bob Jarrett who with his ironing board had an immense lot to remember. All the others sustained their respective characters to perfection. George Mitchell made a wonderful bashful boy while Art Easson as the grandmother could hardly have been improved upon. One laugh followed another and the whole proved most enjoyable. The characters were:

Grandma—Mrs. Christobel Spankhurst—Art Easson.

Mrs. Diantha Able—Miss Cannette Kellerman—Bob Garrett.

Miss Inez Able—Miss May Murray—Len Bate.

Mrs. Elmira Moran—Miss Norma Talmadge—W. Hamilton.

Mrs. Trot—Mrs. Constant Meaton—W. Mitchell.

Mrs. Carry Ellsworth—Miss Polli Negra—H. Astor.

Ezra Williams—Silent Bill Heart—Harry Welford.

Peter—Mr. Harold Loyde —

WHY DOES YOUR DOCTOR ADVISE A
SPRING TONIC THIS TIME OF YEAR?

This is the season when your system is trying to adjust itself to warmer weather. Your liver becomes sluggish and your bowels clogged up with poisonous, sickening wastes. As a result, many suffer from such symptoms as sour stomach, coated tongue, bad taste, biliousness, irregular movements of the bowels, sick-headaches, pains in the back and sides.

Make this test! Cleanse and tone your liver and bowels with Dr. Thacher's Liver and Blood

Syrup. Put your stomach in condition—soothé your tired and over-taxed nerves, brace up your system and send purer and healthier blood coursing through your veins.

Notice quick difference in way you look, eat, sleep and feel—improvement in less than 14 hours. You, too, will be satisfied, as others have, or no cost.

Dr. Thacher's is sold and recommended by Ormes Ltd. in Prince Rupert, and by leading druggists in every city and town.

George Mitchell.

Need of Recreation
Ground

Written for the Daily News by
Alice Nelson
in Pattullo Competition

The importance of a central recreation ground for the youth of our city has, of late, been persistently instilling itself into the minds of our most thoughtful citizens. With the long summer evenings before us, thoughts of baseball and other outdoor sports become uppermost in the minds of all, and it is imperative that as part of our duties as

citizens, we focus our attention upon obtaining for them that most desirable of wishes—a suitable playground, without which they are severely handicapped. The Gyro Club has in the past

done much to assist the boys, and may be depended upon to give their whole-hearted support to this larger movement. A

desirable site at the corner of McBride and Sixth has already been semi-prepared and may, with the proposed addition, be utilized as an ideal recreation ground at a minimum expense.

The school board has brought this plan before the public and it remains now for the city council to give their deciding vote.

The large majority of the people view the proposal in a very sympathetic manner and may be depended upon to co-operate and give it their substantial support. It is to be hoped that the council will see fit to forward this project and fulfil the aspirations of all those who are keenly interested in the well-being of our younger generation.

There is little to criticize in this article except that it is commonplace and shows neither brilliancy or depth of thought.

The construction is fairly good. Some of the articles have not been anything like as well written yet have been much more valuable contribution to the subjects with which they have dealt. Something more than faultless construction is needed in editorial writing.—Editor,

PORTLAND CANAL
RAILWAY AGAIN

Victoria Despatch Says It Will
Again be Operated Soon.

VICTORIA.—April 15.—Operation of a railway long in disuse is expected to result during 1924 through mining activity in the Portland Canal district. In 1919, Sir Donald Mann, with others who examined that part of British Columbia, had a vision of a railway traversing the rich mineral area at the head of Portland Canal, on toward the northeast and finally tapping the rich grain fields of the Prairies, and having its terminus at Stewart, at the head of Portland Canal.

Sir Donald built some fifteen miles of this line, making it a standard-gauge heavy steel railway, and equipped it with locomotives and combination passenger and freight cars. The line functioned at a great loss for a short time, and then was practically abandoned.

Refused to Sell Steel

During the war years, when the price of steel, especially steel rails of heavy kind, was so high, the Canadian railway king of the time could have sold the rails of his line, which was known as the

Portland Canal & Northeastern, for almost as much as the enterprise had cost him. On his return to the camp in 1918, he referred to this, and predicted that the day was not far distant when

"Mann's railroad," as some of the associates used to refer to the enterprise, would be needed. In a modest way the line has always served a certain transportation need of the district. During the years when there were practically no mining or other development going on, there were still many optimistic prospectors living there who annually went into the hills to do their assessment work. The line during those years was in charge of a sort of watchman, Charley Baker, an Englishman, who, for a time operated probably the most unique railway system in the world.

Haul by Dog Team

Baker was the owner of a team of stout dogs. The railway is almost perfectly level and with few curves. Baker maintained a fairly regular service up and down the valley with a shore worker pulled by his dog team.

Again in 1918 when the Algonquin syndicate, backed by Belgian capital, was doing some exploration work on the Fitzgerald property on Goose Creek, the line was put into operation. W. A. Meloche, a mining engineer, making a deal with Sir Donald Mann for a short lease of the line, which he equipped with a gasoline engine and used to transport supplies up the valley and carry passengers.

During 1923, mining activity

up Bear River Valley, traversed by the railway, experienced a

considerable revival and this promises to be so extensive during 1924 that it is expected the railway will be operated again in some way or other.

FLOATING HOTELS ARE PROPOSED FOR CLEVELAND

Two Steamboats May be Utilized During the Republican Convention

CLEVELAND, April 14.—Floating hotels on the cool waters of Lake Erie are a possibility contemplated in case the throngs attending the Republican national convention here in June should exceed present calculations. Alva Bradley, chairman of the convention entertainment committee, has notified committee officials in charge of housing that two steamboats can be made available to house several hundred people in case of need.

The housing bureau reports that there are probably 8,000 rooms in hotels available and 2,745 rooms in residential apartment hotels which will be available when their regular occupants are away for the summer. In addition, several new apartment houses, the largest to have 500 to 600 rooms, are under construction and expected to be completed in time for the convention. The housing bureau will endeavor also to arrange for rooms in private dwellings to serve last-minute arrivals.

"This is the first convention for which a housing bureau has been organized," said George B. Harris, chairman of the hotel committee. "Cleveland means to treat every person here for the convention as a guest, and to provide for their reception in a thorough-going, systematic way never before attempted."
