LONDON, June 3.—Something of sensation in racing circles and of disappointment to the public generally was caused by the decision today not to run King George's horse, Knight of the Garter, in the Derby tomorrow owing to slight lameness.

NO LOVE FEAST WAS CONSERVATIVE PARTY VICTORIA CONVENTION

Victoria Times Tells of Some of the Troubles of the Opposition in Capital

In an editorial article entitled "No Love Feast," the Victoria Times of recent date says: From the avalanche of charges of plugging and counter-plugging, manipulation of ballots between factions, accusations and denials and the seething of delegates in back rooms, Tuesday night's Conservative nominating convention seems to have been anything but a love feast.

Dr. J. D. Hunter, one of the candidates for nomination, was so much disgusted with the way he alleges things had been worked, that he wrote and signed the following significant statement for the Times:

Since the closing of the nominating convention of the Liberal-Conservative party, I have been approached by a great number of my friends as to my willingness to stand as an independent Conservative in the coming election. I have the matter under advisement, but have hitherto resisted the great pressure brought to bear upon me.

J. D. HUNTER. That is a diplomatic way of saying that the doctor was somewhat displeased with what had been put over and that he was so disgusted that he wanted to break away from the whole organization.

Takes It Back

Last night, however, after what had been said on the streets during the day and the publication of his statement to The Times, the wrath of the doctor was appeased and he was lined up to sign his name to a statement in which he declares that: "I am, as always, a Conservative and intend to give the Conservative Party my hearty support in the present campaign." He does not attempt to deny the statement which he issued earlier in the day. He had merely thought it over and promised to be good.

Dr. Hunter, personally, has been dealt with, but there stand the charges of plugging and counter-plugging and the mystery of delegates in back rooms and strange passings in and out. No wonder Mr. Barry Price rises in his indignant righteousness to deny that he was official doorkeeper at such an interesting gathering!

No Peerages Created by Labor Government on King's Birthday Thirteen Knighthoods Included

LONDON, June 3.—No new peerages were created on the occasion of the King's birthday, as has been the custom in the past and the Labor government's first honors list, issued today, follows general expectations in this regard. Other honors were largely in the way of rewards for service to the state or in the semi-diplomatic department.

The only privy councillor appointed was T. P. O'Connor, the father of the House of Commons, whose work both inside the House and out entitles him to the best the nation has to give.

The new honors list carries thirteen knighthoods and a large number of appointments to and promotions in the order of the British Empire are included.

Pattullo and Kergin got a Great Reception at Stewart and Addressed 300 People

Fully three hundred people turned out to a meeting at Stewart to hear the issues of the day discussed by Hon. T. D. Pattullo and H. F. Kergin and they were given a splendid reception, according to word received here today. Mr. Pattullo and Mr. Kergin both arrived in the city on the Gardena about noon and expressed themselves as more than pleased at the reception they got at Stewart and at the prospects in that constituency for Mr. Kergin's re-election.

At the meeting in Stewart Dr. Williams presided and there was a good turnout of miners and workmen, a large number of whom are supporting Kergin.

Another meeting was held at the Dunwell Mine, at which the workmen at the mine took part.

Owing to the condition of the roads it was impossible to get to Premier and another visit will have to be made when it becomes passable.

Speaking of Stewart, Mr. Pattullo said it was evident that the camp was going to have a good year. Much interest was taken everywhere on the outside in the Portland Canal district and capital was beginning to recognize it as a legitimate field for investment. He was particularly glad to see this development as it meant much to have the mines working.

Mr. Pattullo will speak briefly at the meeting tonight, Hon. A. M. Manson being the principal speaker of the evening. H. F. Kergin will also be given a few minutes and opposition candidates are invited.

TWO MINISTERS SPEAK TONIGHT

All the candidates are invited to address the public meeting held under the auspices of the local Liberals in Empress Theatre tonight. Hon. T. D. Pattullo will outline his policy and defend his past record. Hon. A. M. Manson will give a speech on the general situation. Other candidates will have an opportunity to express their views and the meeting seems likely to prove an interesting one. Those wishing to get a seat are advised to be on hand early.

DERBY DAY AT EPSOM IS ALWAYS INTERESTING

Everyone Who Can Get Away is Going to the Big Race

LONDON, June 3.—The birthday of the King is not half as interesting to the people of Great Britain as the sport of kings, and especially the big Derby Day of the world that takes place at Epsom tomorrow. Everybody who can get away is preparing to go down to Epsom to take in the races. The road leading from London to Epsom is policed all the way and will have a continuous procession of motor cars carrying to and from those who are lucky enough to be able to have the day off.

Judging by the interest taken this year in the big event there is no lack of money in England. Those who have not the cash on hand borrow enough to take them to the races.

**Celebrating King's Birthday.**

Today we celebrate the 59th birthday of King George. It is not a general holiday in the sense that Victoria Day or Christmas Day are holidays but it is kept by the banks and government offices and we are reminded once more that we are citizens of a great empire and that in addition to our duties as Canadians we have the larger duties as Britishers.

**Everyone Wanted To See Prince Rupert.**

"Of course everyone is interested in the terminus of a great railway system," declared one of the newspaper editors here early Monday morning when they passed through on the belated trip southbound to the big convention in Vancouver. "We all looked forward to seeing your city and we are very much disappointed that we are not able to do so."

"Can't we see the harbor as we pass out?" asked another of the newspapermen. Unfortunately the night was black as Hades and even that was not possible. The point is that all these big men in the newspaper world look on Prince Rupert as a city in the making and they want to see it so that they may be in touch with the trend of events.

**Need Right Man To Handle Question.**

There is just one man who thoroughly understands the freight rates question and who is able to carry the war into the enemy's lines and make his influence felt in the East. That man is John Oliver, present premier of British Columbia. He has put up a good fight already and would have done better had it not been necessary for him to waste his time defending himself against P.G.E. charges brought against him by General McRae and his associates. The way to have the good work continue is to vote the Oliver candidates back into power. No other man ever had the prestige in the East and on the prairies that Farmer John Oliver today has. It would be a suicidal policy to stop his work just as he is meeting with success.

**Pattullo And Immigration.**

Hon. T. D. Pattullo says he believes in immigration and he has already busied himself in getting the tide of immigration into this country started. Frank Dockrill is reported to have stated at Terrace that he was opposed to immigration until such time as the farmers now on the land were able to get a better living and until better marketing conditions were arranged.

It is scarcely necessary to argue between the two. Everyone knows that if we have population we shall have better railway service, better marketing conditions, better social conditions on the farms, better schools, better everything. More people to co-operate with the people now here means more prestige, more political power, more development and growth for the west.

When the early settlers came to this country they found it very difficult to live. They had very few of the what we call necessities of life and no luxuries. That was because there were so few of them. As the country filled up it developed, and living conditions improved. With the advent of another million people we shall begin to get in a position where we can command better living conditions. The policy of isolation is one to be avoided.

**"Liver Trouble so Severe I Had to Quit Work"**

Mr. Thomas Honey, Brantford, Ont., writes:

"I was a great sufferer from enlargement of the liver for ten months, and finally I had to quit work. I would wake up in the mornings with a bitter taste in my mouth, had frequent headaches, yellow complexion, and pain in my right side, and between the shoulder blades. It was almost unbearable, and terribly weakening. I could not sleep at night and my heart also bothered me. But the whole trouble has now left me, thanks to that wonderful medicine, Dr. Chase's Kidney-Liver Pills."

**CITY TO HELP THE HOSPITAL**

Acting Mayor Collart suggested that the hospital board retain the present fire escapes as well as installing the new ones. Ald. Macdonald said he would bring the suggestion to the attention of the hospital board.

## BRINGING UP FATHER.

By George McManus

## BEARED AND BRONZED PRIEST ARRIVES FROM NORTH TO EDMONTON

Is Dazed by Rush of Big City After Long Sojourn Among Natives in Wilds

EDMONTON, June 3.—When the Alegha and Great Waterways train pulled into the north yards depot there stepped from it a gray bearded, bronzed priest, clad in his black cassock, with his well-thumbed beads dangling from his neck.

He looked around, in apparent bewilderment. Taxi drivers standing invitingly by the open doors of their vehicles, shouldered unheeded into his ears. In his hands he held a very new suitcase. Over his shoulder hung an ancient hand-bag of faded and worn leather.

"Father Vacher?" greeted the Journal man.

The priest gazed with startled eyes at his questioner.

"Oui, monsieur; mais—" then, realizing that his interlocutor was English, added, in broken English, "but how did you know my name?"

"The telegraph from McMur-ray brought it, father."

After Thirty eYars

Thus, Father Vacher, after nearly thirty years among the Catholic missions of the north-land returned to the city from which he had departed so many years ago.

Gladly the father availed himself of the invitation—to ride down to the rectory of St. Joachim on 110 th street, where he will stay for the day or two he is to be in the city.

"I have ridden but little in these machines," was his comment as he stepped into the auto. "On the portage I have seen them and once or twice I have ridden; that is all."

He was greatly interested in the Catholic college on the St. Albert trail, and the priest who walked in the school grounds among the pupils, failed to observe the deep salutation with which the father greeted him as the auto swept along the smooth road.

Mud in Old Days

"Roads—indeed these are wonderful roads," said Father Vacher. Not as I know them when I last saw Edmonton. Then was mud, lots of mud. And houses, and such big schools—and all these children! It is a big city—yes—a big city."

A big taxi whizzed past. Father Vacher turned calm eyes on it. "He go fast—very fast," was his comment.

Came from Brittany

From old Brittany came Father Vacher, thirty years ago, an eager young priest in whose soul burned the desire to be of service to the ignorant and primitive peoples of the northland.

It was a long, slow road his wagon wheels travelled, from Edmonton to Athabasca Landing, after the jolting train journey north from Calgary to Strathcona station on the south side of the

## AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape. While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectually banishes pimples and all other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelfield, Sask., writes:—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know there is such a thing as pimples."

river, but at last the father came in sight of the mighty waters of the Peace, and looked upon the land which for a generation was his home.

So the years crept on, with the father spending a few years at this mission and at that. Of late years, Resolution and Smith have been his posts, and here he has ministered to the Slavey and Chipewyan Indians under his charge, teaching them the simple truths of life, and inspiring them by his own example of piety and faith, to touch a higher plane than their untutored aboriginal instincts offered to them.

## ALBERTA TELEPHONES BETTER THAN STATES

EDMONTON, June 3.—"Alberta has a considerably better system of telephones than has Spokane, but we might take a lesson from that city in regard to charges," said the Hon. Vernon W. Smith, minister of railways and telephones upon his return from a week's trip to the Washington city, where he inspected the telephone system and water power developments there.

The rates on business phones in Spokane are said to be \$7.50 per month as compared with \$5.00 here.

## DECIDES WAGES TO BE PAID IN EDMONTON

EDMONTON, June 3.—Following upon his conference with representatives of Carter-Halls, Aldinger Company Ltd., contractors for the new government elevator, and officials of the trades and labor council fair wage officer F. E. Harrison has given a decision respecting rates of pay for labor to be paid at the elevator. "Common" labor is to receive 40 cents per hour, the same as at present paid, and "building" labor 45 cents per hour. The decision will mean an increase of five cents an hour for considerable portion of the 300 men to be affected when the classification of the two grades is definitely agreed upon.

## CALLIES BEAT WAR VETERANS

Listless Soccer Exhibition Last Night Resulted in Score of 3 to 1.

In a listless football game which was devoid of anything spectacular, the Callies defeated the Great War Veterans by 3 to 1 last night. The contestants lacked spirit and as far as play was concerned it was about even, the Callies taking better advantage of their scoring chances. The Scots played downhill in the first half and did the pressing, scoring two goals to the Vets' one. In the second half the Veterans kept the ball well in their end but, through ineffective shooting, they were unable to score while the Callies picked up their third.

The first score for the Callies was made by Elder and the second by W. Hamilton, both being close in shots which gave the goalkeeper no chance to save. Just before the half time whistle Sims handled the ball and W. Murray scored in the penalty shot which ensued. Elder scored the third for the Callies shortly after the starting of the second half.

In the first half Lord was injured and had to leave the field but returned shortly.

There was a fair crowd of fans. Tom Jones refereed. A Clapper-ton and Fred Roberts officiated on the side lines, and the teams took the field as follows:

Callies—W. Murray; H. Hamilton and W. E. Willis; J. Sims, J. Harris and J. Cochrane; R. Murray, W. Hamilton, S. Elder, J. Campbell and J. Andrews.

Great War Veterans—W. Knox; C. Whalman and F. Hunter; G. Findlay, W. Murray and W. Mitchell; D. Gurvich, W. Barton, O. K. Lord, J. Johnson and N. Carney.

## Sport Chat

The Sons of Canada and Knights of Columbus, who opened the City League baseball season on Victoria Day, are scheduled to meet again tonight in the second game of the season. The two games which were to have intervened had to be postponed on account of rain and that is why the same two teams are again coming together. Though defeated in the first game of the year, the Catholic boys have hopes of showing up to better account on this occasion. There is reason to believe that they may do so, at that, for the teams showed in the opener that they were pretty well matched. If the weather men deigns to treat the baseballers a little better tonight then he has been doing so far.

Carpentier's defeat at the hands of Tommy Gibbons on points last Saturday will undoubtedly mark the setting of the Frenchman's pugilistic career. He has had his day and may now be expected to sink into oblivion as far as the fighting game is concerned. It is safe to say that he has fought his last great fight. Acquiring fame before the war, Carpentier had his heyday after serving his country at arms—his fame coming to a head in the battle for the world's heavyweight championship with Jack Dempsey on July 2, 1921. Outclassed then, his decline since then has been gradual and there were not many who anticipated he had much chance against Gibbons in a finish fight. The outcome of the battle last week but fulfilled general opinion that Carpentier is through. As far as Gibbons is concerned, many are of the opinion that he has fully earned the right to meet Dempsey again for the world's title.

H. F. Kergin, member for Atlin in the last Legislature and candidate for that constituency in the Liberal cause, arrived in the city at noon today and will give a brief address at the campaign meeting in the Empress Theatre tonight.

There were celebrations and athletic programs at Anyox, Alice Arm, Stewart, Terrace, Telkwa and Prince George. HEART WAS SO BAD HAD TO SIT UP IN BED

Mrs. O. E. Fitzgerald, 406 Ross St., St. Thomas, Ont., writes:—"In the Fall of 1921, I was taken ill with my heart, but did not pay much attention to it. I kept on with my household duties, but seemed to become worse and worse, and finally had to call in a doctor. He said I was all run down and was a nervous wreck. I had a severe pain in my chest which would move over to my heart and it became so bad I could not get lie down, as when I did I had such a smothering feeling I would have to sit up in bed till it passed away. I tried several remedies, but with no good results. Finally, I was induced to try Milburn's Heart and Nerve Pills. I took 7 boxes, and I am now as well as I was 36 years ago, and I am now 65 years old. ROAD WORK TO OPEN THURSDAY

John Murray Engaged as Foreman—Right-of-way Will be Cleared to Start With

Work on the provincial government road leading from the city limits at the Prince Rupert Boulevard near the pipe-line will start on Thursday morning of this week, according to plans now being made by the public works department here. John Murray will be foreman and 10 or 12 men will constitute the crew in the meantime.

To start with, a mile or so of right-of-way will be cleared, equipment not being here yet for the grading. For ten days or a fortnight, while work is being carried out near the city, the men will be taken out on trucks. Later a camp will be established.

## MOISTURE IS AMPLE ON THE PRAIRIES

The Bank of Montreal crop report says: While the season is backward in Ontario and eastern provinces, rather more favorable conditions obtain in most parts of the west. Wheat seeding throughout the prairie provinces has been completed and the wheat is well above the ground in many districts; cold weather has somewhat retarded growth, but moisture is ample and the seed bed generally is in good condition. In Alberta, the acreage seeded to wheat is about the same as last year. There is a slight decrease in Saskatchewan and 25% decrease in Manitoba. In the latter provinces, however, there is an increase in the acreage for coarse grains. In British Columbia crops are looking well but are much in need of rain.

## PROBABLY MODERATOR OF GENERAL ASSEMBLY

Dr. Clarence MacKinnon Likely to be Chosen by Presbyterians This Week

OWEN SOUND, June 3.—(By Canadian Press)—Rev. Dr. Clarence MacKinnon, principal of the Presbyterian college, Halifax, will most likely be elected moderator of the Presbyterian General Assembly when it convenes here on Wednesday night of next week. The choice of the presiding officer is made by open vote and any commissioner is free to place in nomination any other member, but it is widely agreed in the church that Dr. MacKinnon is to be honored this year, and he will not only guide the deliberations of the body through what may prove to be in some respects a stormy assembly, but he will spend the ensuing twelve months in a tour of visitations of synods, presbyteries and churches.

The coming moderator was born in Canada, a son of the manse. He was educated partly in Scotland and has spent his ministerial life in two provinces, Nova Scotia and Manitoba. He began in Nova Scotia and was called to Westminster church, Winnipeg to succeed the veteran Rev. Dr. Pittblado. In Winnipeg there was built during his pastorate one of the finest ecclesiastical edifices in the communion, and he is still a frequent and welcome visitor to that church. From Winnipeg, he was called to his present post as head of the theological college of the denomination in the maritime provinces. He has canvassed the east thoroughly for candidates for the ministry and there were 115 Presbyterian students in the college residence in the past year with thirty-five in the theological class. Dr. MacKinnon is one of the most trusted ministers of the church, and will render in the opinion of his friends most excellent services in the moderator's office.

## ENTHUSIASM!

Enthusiasm is the greatest business asset in the world. It beats money, power and influence. Enthusiasm tramples over prejudices and like an avalanche overwhelms all obstacles. Set the germ of enthusiasm afloat in Prince Rupert and watch this city go ahead. It would spread like a contagion, and would have a tremendous effect upon her every industry. It would inspire the citizens to goals never before dreamed of. It would leave a deep impression on every visitor. Briefly, enthusiasm would get results without which no city or business could pay dividends.
