DEFENSE POLICY OF LABOR GOVERNMENT

DEPOSITION OF CALIPH AT CONSTANTINOPLE STIRS INDIAN MOHAMMEDANS

Labor Government in Britain Will Keep up Defense Force and is Sustained by Commons

LONDON, March 12.—International disarmament but not the cutting down of services so as to render the country defenseless is the policy of the Labor government as set forth yesterday in the House of Commons by a member of the government.

William Leach, under secretary for air, in introducing the air estimates into the House of Commons said the demand for increased appropriation meant not an increase in armaments but a decrease in the aggregate of the three services — army, navy and air. He declared that the Labor party never urged disarmament for Great Britain irrespective of what other countries might do, because that was not a practical proposition.

RUSSICK WON THE PAS RACE

Team of Six Huskies Made 200 Miles in 23 Hours, Finishing Today

GRAYSON CAME SECOND

THE PAS, March 12.—Shortly Russick piloted his team of six huskies to victory in the annual two hundred mile dog derby that finished here this morning at 10.55. At the close Russick was leading the field of ten teams that started from The Pas at 11.06 yesterday morning. The official time was 23 hours 41 minutes, 49 seconds, a new record for these races.

Stepping close on Russick's heels was Tom Creighton's team driven by Bill Grayson. Allan McDonald was in third place and the other drivers were strung out. The three leading drivers are local men.

A crowd of 1,500 persons gathered to witness the finish and Russick got a great reception. He had set the pace from the start.

GRANBY MILL SOON TO OPEN

Logging Camps at Alice Arm Being Prepared—Engines Coming from Queen Charlottes

On his way to the Queen Charlotte Islands to supervise the moving of yarder engines to Alice Arm, Dan Clanagan, logging superintendent for the Granby Co., arrived in the city yesterday. The Coastwise Steamship & Barge Co.'s steamer Marmion, Capt. Hunter, will bring the engines across the straits and up to Alice Arm.

Preparations for the resumption of production at the Granby Co.'s mill at Lareom Island are now well under way and the mill is already cutting lumber for the camps. There are to be two camps at Alice Arm—one on the Dolly Varden track about three miles up from the arm and the other on the Kitsault River flats back from Abbotsford Co.'s camp.

Six engines will be operated in the two camps and each camp will be equipped with a Washington yarder two speed engine, a loader and a high rigging engine. It is for the yarder engines that the Marmion is going to the Islands.

Booming grounds are already being prepared. It is estimated that between 100 and 125 men will be employed in the Granby Co.'s logging operations at Alice Arm.

Legislative Library, Parliament Buildings, Mar. 31 '24

MONTREAL CONFIRMS SCOTTISH CONTRACT

The letting of the contract to the local dry dock for repairs to C.G.M.M. steamer Canadian Scottish has been confirmed by headquarters at Montreal. A wire to this effect was received at the dock this morning from J. H. Pillsbury, manager, who is in Vancouver.

BOMB EXPLODED AT CONSULATE

Greek Premier Expressed Regret of Government for Outrage in Athens

ATHENS, March 12.—A bomb exploded early today at the entrance to the British legation, causing material damage but injuring no one. Greek officials believe it was staged in an effort to discredit the government.

The premier expressed the regret of the Greek government to the British minister for the outrage.

SPARRING OVER INVESTIGATION

Former Accountant Charges Looseness but Admits he Reduced Hold Back to Company

MATTER OF BOOKKEEPING

VICTORIA, March 12.—The examination of E. J. Rossiter, formerly railway construction accountant for the Government and the principal witness for the Provincial Party, featured the proceedings before Mr. Justice Gallihier yesterday. Rossiter reiterated the allegations in regard to the looseness of keeping accounts between the Government and the Northern Construction Company in connection with the P.G.E. A letter was exhibited, written in December, 1918, by Rossiter to Premier Oliver, reciting the conditions objected to and asking for an auditor. The Premier promised an inquiry into the system of accounting but Rossiter claimed no improvement had developed.

Counsel for the construction company put in a letter showing that the chief engineer in 1918 held back \$75,000 from current account charges against the Government until the items to which Rossiter objected had been adjusted.

Government counsel adduced the fact that Rossiter had been responsible for reducing this drawback to \$25,000.

Rossiter explained that he thought Proctor, the chief engineer of the railway, had no intention of putting this into effect and wanted to bind the chief engineer to the lesser amount.

Hudson Maxim, noted inventor of the famous Maxim machine gun and high explosives, is still very active at the age of 71. It is said that he is working on a number of new inventions that will revolutionize warfare.

Indian Moslems Condemn the Action of the Turks in Regard to Caliphate: Hussein no Chance

DELHI, March 12.—Muslim opinion here sweepingly condemns the action of Mustapha Kemal in abolishing the Caliphate and dispossessing the Imperial family at Constantinople. It is felt that the Turks have not only dealt a severe blow at Islam but belittled the Indian Moslems. The action is denounced as a grave insult.

King Hussein's accession to the Caliphate is thought not likely to be accepted in India. The Egyptian plan of holding a conference of leading Moslems all over the world to elect a Caliph is generally favored here.

OBJECTION TO EXPRESS RATE

McGeer Says Low Rate in East Has to be Made up in This Province

OTTAWA, March 12.—Low express rates in Eastern Canada make it necessary for the operating companies to apply high rates in British Columbia, is the contention of G. G. McGeer, representing British Columbia shippers in the hearing of an application for increased rates before the Board of Railway Commissioners today.

DR. BROWN IS SEATTLE MAYOR

Gets Good Majority in Election Which Took Place Yesterday

SEATTLE, March 12.—Dr. Edwin Brown was re-elected mayor at the municipal election here yesterday over Alfred H. Lundling, former prosecuting attorney, by a majority of 4,842. The vote for Brown was 49,759 and for Lundling 35,917.

Mayor Brown is the third man in the history of Seattle to be elected for a second term.

GEORGE GIBB PASSED AWAY

Scottish Watchmaker Had Business Here at One Time—Widow and Son Survive

The death occurred in Anyox Monday of George Gibb, formerly engaged in the watchmaking business in Prince Rupert. Deceased passed away after an illness of five weeks in the Anyox Hospital. The funeral, it is understood, will take place at that place under Masonic auspices.

The late Mr. Gibb was about 60 years of age and was a native of Scotland. For many years he followed his trade in Edinburgh, coming to Prince Rupert about two years ago. He had a stand here for a short time but left a year ago last fall, for Anyox where he has since been established.

ELEVATOR DESTROYED AT PHILADELPHIA

PHILADELPHIA, March 12.—Fire destroyed the Philadelphia and Reading railway elevator and damaged the buildings and stores. The loss will amount to over a million dollars.

Sir Henry Thornton Urges Immigration: Says will Ask \$20,000,000 Less in Budget

MONTREAL, March 12.—Immigration as the solution of a great many of Canada's problems and the key to future prosperity of this Dominion was stressed by Sir Henry W. Thornton, president and chairman of the Canadian National Railways, in addressing more than a thousand members of the Montreal Canadian Club here Monday. Sir Henry did not consider that this problem was so difficult as it appeared on the surface.

"Immigration," he said, "can be divided broadly into two classes. The first are those who have sufficient capital to bring themselves to Canada and establish themselves here, and the second those who would willingly come if they had the capital. We will never bring out immigration to full tide until that point of view is understood and arrangements are made to finance those who are adaptable to conditions here and who would come if they could afford to."

Bring 300,000

"As soon as we are able to bring three hundred thousand settlers to Canada the rest will take care of themselves. Immigration will feed upon itself. But let me impress the importance of regarding immigration from a financial point of view. It can be made a success in other ways, and the number we can bring in depends upon how many we can afford to finance."

Sir Henry believes that while Canada has many problems there are none incapable of solution if approached in the right manner and with proper thought. A broad understanding and the subjection of all sectional pride and difficulties to the broader principles of national life was necessary.

Sir Henry informed his audience that the budget of the Canadian National Railways, to be presented to parliament this year, would ask for twenty million dollars less than that of last year.

Success of System

Speaking of the success of the National system during the past year, the president paid tribute to the fidelity, efficiency, and courtesy of all employees. The good will of the travelling and shipping public had to be secured by service and by courtesy. "We do not ask your patronage," he said, "we do not ask your support, except that which the service justifies. We do not ask your transportation or your freight because it is the people's railway and because by supporting it you may reduce your taxes. If our service merits, give us your support, but not otherwise. I ask you to help make the Canadian National Railways legitimately and in fairness a success. If it is a strong pull, a long pull, and a pull altogether I have no doubt of the future."

NO LIQUOR FOR PICNIC OR HUNTING PARTIES

EDMONTON, March 12.—Picnic and hunting parties will be absolutely "dry" under the provisions of the revised liquor control bill which was discussed by the committee of the whole in the Legislature.

W. G. Johnston of Medicine Hat moved an amendment suggesting that special beer licenses be granted for picnic and hunting parties, but the proposed measure was defeated by an overwhelming majority.

J. A. Belanger, one of Prince Rupert's old timers who has been employed at Anyox for some time past, returned to the city by the Cardena yesterday.

BRULE RAILWAY SURVEY MADE

Reconnaissance Would Make Route Longer Than Was at First Intended

OTTAWA, March 12.—The report of Murray Hill, Canadian National Engineer, indicates that the route to Peace River by Brule will be somewhat circuitous and longer than was at first proposed. While the line is quite feasible it will not go within 40 miles of the Hoppe coal fields. It will go straight north from Brule Lake to a junction with the Edmonton-Grande prairie line old location, then turning due west for about one hundred miles. While this is a better grade than the route at first proposed it is longer and gives a decided preference to the British Columbia routes as proposed by the Prince George Board of Trade.

There is at present a Peace River delegation in Ottawa urging the construction of the road this year. Protests against it have been received from British Columbia points.

SETTLEMENT WITH CANADA

This Country to Get Between Eight and Ten Million Dollars War Liabilities

LONDON, March 12.—The Canadian Press learns that an adjustment of account between Canada and Great Britain has been made in regard to war liabilities. The Dominion will receive Canadian bonds and cash totalling between eight and ten million dollars, the payments to be effective on April 1.

MINE TIE-UP IS DISSOLVED

Ottawa Judge Breaks Injunction Against Premier Extension Gold Mining Co.

OTTAWA, March 12.—Justice Kelly has dissolved the injunction tying up 375,000 shares of stock valued at \$1,876,000 of the Premier Extension Gold Mining Co. of British Columbia. The injunction had been granted on the allegation of John A. Macdonald of Los Angeles that American interests were attempting to control the mine.

DAILY EDITION

Wednesday, March 12, 1924.

Consider Utilities As A Whole.

It is encouraging to hear from the civic authorities that now, for the first time in the history of the city, the civic utilities are paying their way and even providing a little profit. Hitherto the water department has been robbed to make a surplus for the power and light and, while much has been made of the department that paid its way, little has been said of the losses. The only way to treat them fairly is to consider them as a whole. If there is a loss on one it should be made up by the other before considering its relation to taxation.

Must Look Forward To The Future.

If a private concern were handling these utilities they would look forward to the enlargement of the plant and would set aside a reserve fund with which to begin the purchase of new equipment when it was found necessary to enlarge the plants. That is distinct from the sinking fund for paying off the original investment. The time will come before very long when new equipment must be purchased and then it should be done without placing any burden on the city. It will probably be found, however, that this cannot be done because when new plant is put in it is usually operated at a loss. Just now the plants, telephone, light and power, are being operated pretty much at their peak load. That means that just now they should be paying substantial profits. Directly the plants are enlarged there will be an unused surplus on which there will be a loss. Nearly all plants lose money for a few years after being installed. Usually they are large enough to allow for expansion and the overhead on this unused portion is a drain on the finances.

Telephone Should Be Paying Well.

The telephone should be paying well just now. We have been told on various occasions that we must have a new plant and have it immediately. However, we have been able to do without making a change but, if what we were told was true, we must be near the limit of expansion. In that case we should be setting aside good profits to help pay for the installation of the new plant and to cover the possible losses during the first year or two of operation after the new plant is installed. A business concern would do that.

As a telephone system increases in size it becomes unwieldy and more difficult to handle to advantage. Subscribers get more for their money because, instead of being connected with hundreds of subscribers they then have thousands with whom they may communicate. Then the service deteriorates. Just now the service here is as good if not better than any in the country. The girls are prompt and fairly accurate. They seem to attend to business and they are always ready to give information as long as it does not interfere with the rest of the service. This should be appreciated by subscribers.

Little Different From Corporation.

There is little advantage to be gained from owning our own utilities, so far as we have been able to see. We are, however, willing to be shown. We pay for the services about as much as they do in other places. Some are higher and some lower. We get a somewhat similar service to other places, speaking generally of the power, light, telephone and water. Over a period of years it is doubtful if the system will show a profit, and it may show a loss. There is also the danger of having a large number of civic employees taking part in civic politics.

Set against this is the fact that the people can have any kind of service they wish by paying for it, which might not be possible if the services were in private hands. There is also the danger of a powerful corporation wielding too great an influence in political life, although it is doubtful if that influence is as great as the influence of the civic owned plant. So far as the citizens are concerned the privately owned plant would probably have given as good service and with less risk to the city. However, we have the plants and we shall have to make the best of them and see that the citizens get the best possible service at the minimum cost. Just now they seem to be doing well but there is no telling how soon they may again be made a burden on the city should the management become careless.

PROGRESS MADE IN FAIR WORK

Early Start to be Made on Publicity—Revision of Prize Lists Well Advanced

REPAIRS TO BUILDING TO START VERY SOON

The regular monthly meeting of the Fair Board was held last evening. President Joe Greer was in the chair and the following directors were present: Ald. R. F. Perry, John Bulger, Frank Dibb, Fred Seadden, George W. Kerr, D. Jabour and D. McD. Hunter.

The question of publicity for 1924 was discussed. On account of the change of policy with reference to earlier publication of the prize list and the revision of rules governing exhibits and exhibitors, it was deemed advisable to arrange for greater advertising at an early date. The matter was left in the hands of the publicity committee, consisting of Joe Greer, Ald. G. V. Eviil and Ben Self, with power to act.

Outside Prizes

A strenuous effort is being made this year to induce outside people to advertise in the prize book or otherwise, show their interest by offering special prizes. Generous response has been met in connection with the latter and it is expected that outside business houses will respond in the way of advertising. D. McD. Hunter, managing director, reported to the meeting.

Various committee reports were received. On recommendation of the building committee, it was decided to "make" some minor repairs to the hall as soon as possible. It was left with the finance committee to arrange for the raising of money to attend to more important work that will have to be done.

The prize list committee reported that the revision of eight different classes of exhibits had been completed. The revision of the school list will soon be finished it is expected.

More Exhibits

Reports of sub-committees indicated that exhibits would be more numerous and of more outstanding character than ever before at the forthcoming fair. Preparatory work is to be continued energetically.

The sports and attractions committee is about to outline its policy for the year.

FICTION NOT ONLY DEMAND

Librarian says Philosophy and Religion Interest Many People Today

DICKENS IS POPULAR

Miss Grant Urges More Attention be Given Travel and Biography

While the demand for fiction in any library is always greater than for any other class of book, it would surprise many people to know how great is the demand for books on philosophy and religion, science and the mechanic trades, travel and biography, according to Miss Muriel Grant, librarian. Miss Grant says that the war fostered an interest in spiritualism and religion and there is still an active demand for books along those lines. Many readers are also asking for books on psychology and philosophy quite apart from the mushroom-like interest in Gou and Freud.

In order to meet this demand a number of books have been added to the collection along that

line, among them being: History of Philosophy by Windelband.

Lectures on Modern Idealism, by Royce.

Christianity and Progress, by Fösdick.

Can I be a Christian? by Hannay.

The Story of the Bible, by Van Loon.

A Good Book

What is a good book? That is one of the problems that is puzzling the local librarian. Miss Grant says that many of the patrons of the library come in and ask for "a good book." They may mean the latest Zane Grey story or a novel by Marie Corelli or perhaps a book by John Buchan, Hugh Walpole or Joseph Conrad. The idea of what constitutes a good book differs in almost every individual and the librarian needs to be a mind reader as well as a reader of books in order to fit the book to the person asking for it.

Miss Grant suggests that truth is often stranger than fiction and much more interesting. She says if some of the jaded novel readers would turn sometimes to the shelves of travel or biography they would find the books fascinating and instructive. She ascribes the light reading of the present to the fact that this is an age of moving pictures, which have made people restless and unable to concentrate on anything that cannot be read at one sitting. Among interesting recent books on travel and biography the librarian suggests:

Pierre Curie, by his wife.

Cesare Borgia, by Sabatini.

Roosevelt, by Lord Charnwood.

My Garden of Memory, by K. D. Wiggin.

The Bleeking of Zeebrugge, by Carpenter.

The Worst Journey in the World, by Cherry-Garrard.

Down the Mackenzie, by Waldo.

In spite of demands for new books hot from the press, there is a steady demand for the old standard classics—Charlotte Bronte and Sir Walter Scott, Charles Dickens and Thackeray; but of all of them one finds that Dickens is read more than any, says the librarian. His pervading humor, and broad humanity seems to be standing the test of time better than the other notable 19th century novelists. There are fewer names in fiction better known than Pickwick, Oliver Twist, David Copperfield—not only known but loved. Even the children ask for Dickens' and read him too, and enjoy him.

MANY HERE POISON THEMSELVES DAILY

Carelessness Results in Liver Poisoning, Indicated by Headache, Gas, Biliousness, Sour Stomach — Dr. H. S. Thacher Aids Many.

Eating too much and too rapidly clogs the liver and weakens it. When in this condition, the liver fails to supply the juices so vital to proper digestion and elimination—and it fails to filter and purify your blood.

The result is self-poisoning which makes you feel dull, tired and run-down.

This explains why a sluggish liver is attended by such symptoms as constipation, biliousness, sick-headaches, sourness and gas on a weak stomach, loss of appetite, pains in the back and sides, and a nervous, run-down condition—symptoms that lead to the dangerous and expensive sick-bed unless corrected in time.

Dr. H. S. Thacher, noted medical practitioner, perfected a wholesome vegetable prescription to keep the liver healthy. It is giving quick relief and renewed strength, energy and vigor to numbers here. This prescription, known pharmaceutically as Dr. Thacher's Liver & Blood Syrup, doesn't cost much, pleasant to take and contains only ingredients that are known to physicians for their corrective and health-building properties.

Try this great prescription, yourself. Notice the quick difference in the way you look, eat, sleep and feel. You will be completely satisfied; otherwise, there will be no cost.

Dr. Thacher's Liver and Blood Syrup is sold and recommended by Ormes Ltd., Cor. 3rd Ave. and 6th St., Prince Rupert, B.C., and by leading druggists in each city and town.

TRADES AND LABOR OFFICERS FOR YEAR

Ald. S. D. Macdonald Again Heads Organization With William Brown Vice-president

At their regular half yearly meeting held in the Labor Hall last night, officers were elected by the Trades and Labor Council as follows:

President, Ald. S. D. Macdonald. Vice-president, William M. Brown.

Secretary-Treas., F. Derry. Sergeant at arms, Alex. Huden.

Statistician, E. W. Tucker. Executive committee, Messrs. Mackay, Gillis and Penny.

Legislative committee, Messrs. Mackay, Taylor, Wiggins, Black and Gillis.

Finance committee, Messrs. Tucker, Black and Scott.

THE WHOLE FAMILY WAS LAID UP WITH SEVERE COLDS

On the first appearance of a cough or cold our advice to you is to get rid of it before it has a chance to grow worse; gets settled on the lungs, and causes bronchitis, pneumonia, or other serious lung troubles.

Dr. Wood's Norway-Pine Syrup will immediately relieve the cold or cough on its inception. Mrs. David Ayres, Kearney, Ont., writes:—"Our whole family was laid up with severe colds, and we didn't seem to be able to get any relief from anything we used until, one day a friend came in and told me we would be sure to get rid of our colds if we used Dr. Wood's Norway Pine Syrup. I decided to take her advice, and in no time our colds were all gone."

Now, knowing the value of your remedy, we will always keep it on hand so as to have it in case of emergency. Dr. Wood's Norway Pine Syrup is 35c a bottle; large family size 60c; put up only by The T. Millburn Co., Limited, Toronto, Ont.

In Any Recipe Calling for Milk

In any recipe calling for milk use Carnation but, because it is twice as rich as ordinary milk, be sure to use ½ cup Carnation to ½ cup of water.

Use Carnation for every milk need of your family. It is always rich, safe and pure. Its convenience and economy make it the most desirable milk for every purpose.

Ask your grocer to deliver Carnation with your other pure foods. He knows its goodness and is glad to sell it.

Produced in Canada
CARNATION MILK
PRODUCTS CO. LTD.
134 Abbott St., Vancouver, B.C.

What Children Like

Most children are fond of tender, juicy, fresh vegetables, creamed. Use Carnation for richness. Add the fat value of this pure cream milk to the vegetables. Remember, it is twice as rich as ordinary milk.

MARY BLAKE, Domestic Science Department.

You can dilute the double-rich contents of this tin until the quart bottle overflows with pure milk.

BRINGING UP FATHER

DUG SHAFT TO CATCH COYOTE

Vanderhoof Man Took Novel Means to Exterminate Pest of Long Standing

M. J. Griffin recently had an exciting experience catching a coyote, says the Nechako Chronicle of Vanderhoof. For many months the animal had been stealing chickens and Griffin was determined to get him. Traps were laid, but without result until last week, when the thief was at last caught by the leg. He carried the trap with him into the bush, and for several hours Mr. Griffin followed the coyote through the forest. The animal eventually found an old den in a knoll, the entrance being at the foot.

As it would have been dangerous procedure to attempt to go after him at the mouth of the den Mr. Griffin drove a shaft down the centre from the top, some ten feet, partly by digging and part by means of powder. The last charge reached the den and was sufficient to stun the captive. Mr. Griffin then went down the shaft after his prize, with a shovel as his only weapon but, by the time he reached the bottom, the animal was getting over his dazed spell. Mr. Griffin was in a tight corner, having no space to be able to strike the beast, and was only able to use chopping tactics. For a minute or two the fight was desperate and exciting.

Finally Griffin got the coyote by the tail, and scrambled up the shaft with him. After reaching the top and being in a position to meet his opponent on more advantageous terms, the brute was easily despatched.

WAS CONSTIPATED FOR SEVERAL YEARS

If you have suffered from constipation for years, tried all kinds of remedies without getting relief, if you have been subject to all the miseries associated with constipation, wouldn't you consider it a blessing to be able to keep the bowels regular and in a good healthy condition and prevent disease getting a foothold on your system?

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mr. M. Hedican, Sudbury, Ont., writes: "I have been troubled with constipation for several years. I began to use Milburn's Laxa-Liver Pills and find them to be the best remedy I have ever used for regulating the bowels and liver. I always keep them now and recommend them highly."

Milburn's Laxa-Liver Pills are 25c a vital at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CARVER OF TOTEMS GIVES UP HIS WORK

George L. Young of Skidegate Dies and is Buried by Rev. William Allen

SKIDEGATE, March 12.—Geo. L. Young, one of the oldest of the Indians in this village and considered the cleverest carver of jadeite totems on the island, died last week and his funeral took place here, Rev. William Allen officiating.

A number of years ago Mr. Young was interested in mining both on Moresby and Graham Islands. In Prince Rupert he met with an accident by falling into an open chute on the corner of Third Ave. and Fifth Street from which he suffered for a number of years up to the time of his death. He was well known and at one time was a chief. He was highly respected by both Indians and white people on the islands.

PIONEER PROSPECTOR OF OMINECA DISTRICT PASSED AWAY SUNDAY

Joe Fisher, well known pioneer prospector of the central interior district, died at Smithers last Sunday. After years spent in the Omineca mountains, deceased was just about to realize on a property which is under development by A. C. Garde, M.E., of Prince Rupert when his death occurred. He is survived by a sister in Ketchikan. The funeral took place at Smithers.

QUEEN CHARLOTES

Two mining parties are engaged in seeking gold and aluminum on the shores of Graham Island. The "Blue Jacket Mine" has been re-opened, while machinery and men are working on the "black sand" deposits of the East coast.

R. Wilks aged 73 years died on Sunday last, at Massett Town. The deceased suffered for many years from cancer. He leaves a number of relatives on

Graham Island, including a son and daughter, with a number of grand children. The many friends throughout the islands extend their sympathy to Mrs. Wilks, who has been an invalid for some time. The funeral took place at Massett Cemetery, on Friday, Rev. J. Gillett officiating.

Messrs. Emmons and McPhail, who have been examining the shale and oil deposits on Yakoun river, left on the steamer for Vancouver and Portland. They intend commencing development work in the near future on the oil and tarvia deposits.

The two clam canneries of the Langara Fishing and Packing Company are in active operation, at Naden Harbor and Hileken river. The construction of residences and the erection of a large canning plant is now in progress.

During the visit of Rev. Mr. Barner, inspector of Methodist Mission work, to Massett and Skidegate, he addressed the Indians at several meetings. He left on the steamer Prince John for his home in Calgary after spending ten days on the islands.

BUCKLEY BAY

A basketball league has been formed consisting of teams known as the Teredos, Night Owls and Spruce Knobs. Two games have been played, the Teredos winning one against the Owls and one against the Knobs.

Rev. Gillette was in town Saturday evening and gave his usual picture show which was appreciated by a large audience, as well as the evening church services on Sunday.

ALICE ARM

Mrs. Morris Condon is here from Prince Rupert.

All signs point to an early spring. Prospectors are already preparing to leave for the hills.

J. O. Frothway, head of the Abbotsford Logging Co., arrived from the south last week. He was accompanied by H. Pace, auditor of the company.

B. W. Barrett has returned from an extended trip south.

VANDERHOOF

Miss Madge Blackman, who has been teaching school at Ellisby, left last week for her home in Victoria.

T. Richardson has been transferred from New Westminster to the local branch of the Canadian

LOCAL LADIES BEAT VISITORS

First Game for Northern B.C. Girls' Basketball Championship Won by Prince Rupert

Probably because they were strange to the local floor, the visiting ladies' basketball team from Anyox was defeated by the Prince Rupert Maple Leafs aggregation last night by a score of 17 to 4, in the first game of the Northern B.C. championship. The Anyox girls started out well and, at the end of the first quarter, the score was 3 all. The local ladies started from then on, however, and scored fourteen during the remaining periods while the visitors obtained only one more point. The Anyox team will play with the Maple Leafs again this evening and they are confident they will make a better showing.

R. B. Skinner refereed last night's match and the teams lined up as follows:

Prince Rupert—Miss A. Stephens (4); Miss Louis Fisher (1); Miss Myra Harvey, 7; Miss E. Lowe, 6; Miss Margaret Graham (2); Miss Laura Frizzell.—Total 17.

Anyox—Miss R. Champion; Miss R. Moffatt; Miss S. Calderone (2); Miss S. Dean (4); Miss H. Calderone (2); Mrs. Windstrum.—Total, 4.

Intermediate Exhibition

The second game of the evening's program was an exhibition match between the Intermediate Golts and High School. This was a well contested affair and the High School maintained the lead till very near the close when the Golts staged a rally and wound up victors by 38 to 32.

W. Mitchell refereed and the line-ups were:

High School—Don Matheson, Alex. Mitchell, Dido Gurvich, Gordon Bulzer and Arthur Phillips.

Golts—M. Rudenich, Douglas Frizzell, George Rhyth, Ralph Smith, J. Kelly and J. Sims.

Following the games there was a dance which lasted until 1.30. The Westholme furnished the music and there was a good attendance.

The Anyox visitors, all of whom took part in the game last night, are chaperoned on their trip by Mrs. Chapman.

LUNCH COUNTER CARS ON NATIONAL

The lunch counter has been fitted up at one end of a steel colonist car, where the best grade of tea and coffee freshly made will be served. Light meals comprising cereals, sandwiches, pies, preserved fruits and other canned goods will be available at Canadian National standard lunch counter prices. A competent and courteous attendant will be in charge of each lunch counter and service may be secured at any time during the day.

The suggestion of the lunch counter cars was made by Mr. Walter Pratt, General Manager of Dining, Sleeping and Parlor Cars and of Hotels, who has been anxious to provide this facility to further improve travelling conditions and add to the comforts of passengers on the Canadian National Railways.

LUNCH counter cars which will care for the needs of passengers in the colonist, first class and tourist cars of the main line trains, if they desire to patronize them, are to be operated by the Canadian National Railways for the convenience of the travelling public, and particularly of immigrants arriving in Canada. As an experiment, lunch counter cars have been placed in service between Winnipeg and Toronto. While these trains carry dining cars and while the Canadian National Railways also have lunch counters and restaurants at all divisional points, it is considered that the lunch counter car will be a great benefit to women travelling with children and to others who may be physically unfit or unable to leave the train at stations because of severe weather, or for other reasons.

for and against though some players and fans are quite enthusiastic in their support of such a move. Perhaps the principal factor in favor of it would be that Prince Rupert talent so recognized could compete with other cities of the province for recognized championship honors. Registered players would enjoy certain advantages such as the possibility of being selected—if their quality warranted—for provincial or Dominion all star organizations such as the Canadian football team that is going to Australia this year. On the other hand, talent is often rather scarce here and, for the benefit of the public at large as well as for the good of the sport, it is sometimes convenient to line up players that at one time or other might have been professional and thus would be debared from strictly amateur company. There might also be difficulty if it were desired to stage inter-town games with other points in the district not so affiliated. If amateur affiliation is to be inaugurated here it would seem that it should be a district move and other points such as Prince George, Anyox, etc., should be simultaneously lined up in a like manner.

managing committee consisting of Mrs. Ewart, Miss McIlraith, Messrs. Coates, Harper, Foot, Smith and Sgt. Taylor has been appointed.

The Ketchikan Chronicle of Monday says: According to word received here from Prince Rupert fans last week, they will be unable to arrange a basketball game with the local players at Prince Rupert because they do not feel they could live up to the guarantee asked and offered by the local association for a return game here. According to the Rupert papers they have been more or less actively interested in the game down there all season, and the only reason local fans account for their refusal is a possible inability to get many people to attend a game. It has been the desire for some years to match with the B.C. players, and this year it is entirely possible for Ketchikan to guarantee a sufficient amount, the same which they asked of Rupert. With no chance for a Rupert game it is not definitely known when Ketchikan will play another out-of-town quintet.

Sterling Furnace COAL

Delivered in Bulk. At \$10.00 per ton.

This is a very superior furnace coal. It gives a clean hot fire and is entirely free from soot, clinkers, slack and dirt. Some of the largest heating plants in the city are now using it with entirely satisfactory results.

STERLING STOVE COAL, bituminous Sacks. At \$12.50 per ton.

Sport Chat

With the reorganization of city baseball, football and lacrosse associations for the coming season, the question of Prince Rupert's affiliation with recognized amateur bodies of British Columbia will no doubt again be broached. There are arguments

With the Great War Veterans still maintaining a long lead in the City Billiard League competition for the Bulger & Cameron cup, interest in the series has been flagging somewhat of late. It should be revived this week again, however, for the Grotto and Great War Veterans are due to meet on Friday night. If the Grotto are not successful in overcoming a great deal of the lead against them as runners-up, the Veterans will have a pretty sure pinch on the silverware for this season. Should the tobaccoists, however, succeed in pulling the soldiers down to any great extent the race would again assume a more interesting aspect and the Billiard Hall, third place team, might also have a chance at the season's honors. The St. Andrew's and Elks' teams are scheduled to meet tonight. The tournament is not expected to make much difference to the complexion of the league standing.

The Prince George Parent-Teachers' Association has established a gymnasium in that town and classes are being started this week in the different lines of gymnastics. A store has been loaned for the purpose and available apparatus has been installed. The Boy Scouts have loaned their equipment and will make use of the gymnasium for their meetings. A girls' physical culture class is also to meet there and an effort is being made to form afternoon classes for younger children who cannot attend in the evening. Several capable instructors have offered their services and no fee is charged for the gymnasium. A

Prince Rupert, B.C.

IN THE LETTER BOX

INCOME TAX CHANGE

Editor Daily News:

As mentioned to you a few days ago, a ruling comes into effect with the filing of returns for 1923 this April which is of particular interest to the merchant. Heretofore all Provincial taxes have been disallowed as deductions in arriving at income for taxation under the Dominion Act.

Beginning, however, with the returns due to be filed by April 30, 1924, a merchant may now claim as an expense the part of

Why?

WHY waste time in useless "shopping around" when the advertisements lay before you the choicest wares of every progressive merchant in town?

WHY use needless effort in an endless store-to-store quest when the advertisements enable you to make your choice of the finest merchandise?

WHY pay more than you ought when you can stretch your dollar to the elastic limit by taking advantage of the bargains and good buys that are daily advertised in this paper?

WHY risk dissatisfaction by buying unknown, unbranded goods when you can assure yourself complete satisfaction by buying an advertised product, backed by the integrity of a man who spends real money to establish his name and to build up public good-will?

Read the Advertisements. Buy Advertised Wares. It is a safe and sound policy

Waste Time Shopping Around

SEALED TENDERS addressed to the undersigned and endorsed "Tender for public building, Kamloops, B.C., will be received until 12 o'clock noon, Thursday, March 13, 1924, for the construction of a public building at Kamloops, B.C. Plans and specifications can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Victoria, B.C., the Clerk of Works, Department of Public Works, Vancouver, B.C., and the caretaker, Post Office Building, Kamloops, B.C. Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques, if required to make up an odd amount. By order, L. H. COLMAN, Secretary, Department of Public Works, Ottawa, February 9, 1924.

NOTICE
Notice is hereby given that tenders will be received at the office of the undersigned up to noon on the twenty second day of March, 1924, for the rental of the building situated on Lot 10, Block 23, section 1, and now known as the Rex Cafe. The rental is to be on a monthly basis and payable in advance. A lease for one year could be given if required. All tenders must state rental to be paid, nature of business it is proposed to carry on, or use to which premises are to be put. The highest or any tender will not necessarily be accepted. THOS. W. HEINE, Government Agent, Prince Rupert, B.C.

LABOR FAVORS IMMIGRATION

Local Trades Council Would Support Sane Community Policy it Decides

The Prince Rupert Trades and Labor Council is in favor of a sane immigration policy, it decided at the semi-annual meeting of that organization held in Labor Hall last night. The secretary was instructed to write Senator Turritt calling his attention to the fact that while the local organization was opposed to indiscriminate immigration that made no provision for the permanent care of new arrivals, it would support a sane colonization plan for placing settlers on the land in communities with reasonable social and transportation facilities and general conditions that would give a reasonable hope of a successful community and permanent settlement.

The Trades and Labor Council will endeavor to have the application of a local man for compensation reconsidered by the board. Although this man has been able to work only two weeks since November his case has not yet received favorable consideration.

A request was made to the Labor Council to consider the problem of employing married women in stores and offices in preference to single. Rather severe criticism was made of firms who did this and an effort will be made to remedy this.

FISH ARRIVALS ARE MORE HEAVY TODAY

Two Large American Schooners Swell Aggregate Fares Offered to 171,000 Pounds

The arrival of two large American schooners with big catches swelled the total of halibut marketed at the local Fish Exchange today. Five American boats had 144,500 pounds and five Canadians, 26,500 pounds—a total of 171,000 pounds of halibut. Prices, on account of the improved supply, showed a downward tendency.

- American Arrivals and Sales:**
- Eagle, 80,000 lbs., at 15.3c and 8c, to the Canadian Fish & Gold Storage Co.
 - Radio, 48,000 lbs., at 15.2 and 8c, and Anna J., 4,500 lbs., at 16.5c and 8c, to the Atlin Fisheries.
 - Gonog, 6,000 lbs., and Reliance, 6,000 lbs., at 16.5c and 8c, to the

CANCELLATION OF RESERVE

NOTICE IS HEREBY GIVEN that the reserve existing over Lot 444, Queen Charlotte Islands District, is cancelled. J. R. NADEN, Deputy Minister of Lands, Victoria, B.C., 28th January, 1924.

Kaien, 7,000 lbs., at 14.7c and 8c, to the Atlin Fisheries.

TAX AMERICAN SHIPS IN NORTH

Foreign Vessels Will Have to Pay for Privilege of Trading in Canadian Territory

OTTAWA, March 12.—This season the American vessels which traffic in the Canadian Arctic will find an artificial barrier erected, at Herschel Island the shape of an eighteen-year-old Canadian coastwise shipping law, which up to the present time has never been enforced in the far north.

Each year the ships from Unalakleet's terrain travel to the Arctic and return laden with a wealth of Canadian furs. Up to the present time they have been subject only to the usual 33 1-3 per cent customs duty; it has been decided at Ottawa to impose a tax of \$1,500 on all foreign ships, but this has been put on one side and the shipping laws will be put into being instead.

According to these regulations only a British ship can carry passengers or cargo from point to point in British waters—the same regulation holds good on the American side of the line—but the foreign vessel can land her passengers and unload her cargo at a British port provided that afterwards the shipping is undertaken by British vessels. Briefly it is proposed to make the coastwise shipping laws apply to the Arctic.

Unload at Herschel
Next season the various American ships must unload their cargoes at the Mounted Police post at Herschel Island, where the customs duty will be assessed, following which the goods will be transhipped to Coronation Gulf, Victoria Land, and other places in the Arctic where there are settlements.

The only alternative is that the American vessels change to British registry and fly the British flag. So far the only British vessel reaching the western Arctic from the "outside" via the Behring straits has been the yearly Hudson's Bay company supply ship, this organization—with posts situated all throughout the Arctic—being the greatest sufferer in the competition with the American traders.

Eskimo Immigration

People interested in the far north are advised that the immigration regulations in the Arctic are also to be strictly enforced. It has been the habit of American vessels to pick up Eskimos in Alaska, carry them eastward into Canadian waters and utilize their service for fishing, hunting and trading with the Canadian natives.

This is contrary to the immigration laws and in future the same regulations will be enforced in the Arctic as in ports and territories closer to the centres of civilization.

BROKE JAIL WINDOW AND LAUGHS IN COURT

Port Simpson Indian Girl Proves Obstreperous Character—Charged With Drunkenness

Mamie Lawson, Indian girl of Port Simpson, proved a rather obstreperous character in the city police court this morning when she was called upon to answer to a charge of drunk and disorderly conduct. Last night she ran amok in the jail and broke two windows in the chief's private office which adjoins the women's quarters. When being sworn this morning, she started to laugh in a hilarious manner. Magistrate McLymont ordered adjournment until tomorrow to allow accused to assume a more serious attitude.

J. M. O'Neill, charged with supplying liquor to the girl, was also remanded until tomorrow.

Shacks Burned
Overturning of a kerosene lamp caused the gutting of two shacks on Fraser Street owned by V. Basso-Bert at 815 last night. The shacks in question had been occupied by certain alleged disorderly persons and it is believed that a good deal of drinking had been going on. When the fire department arrived at the scene, the walls were blazing and the fire had obtained a good hold, the flames drawing quite a crowd. The conflagration was soon in check after two lines of hose started to play on it. The damage was not very costly as the buildings were not worth much.

Occupants of both shacks landed in jail before and after the blaze. J. M. O'Neill, in whose place the blaze started, was in jail at the time, having been arrested for supplying liquor to Indians. His partner was in the shack at the time the lamp turned over, however. Peter Campbell, occupant of the other place, was arrested while the fire was in progress. He was swearing and apparently was drunk. Vagrancy was the charge laid against him. He was let-out for one week on suspended sentence to allow him the opportunity of leaving town.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes. Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e. carrying over 6,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, excites are available for settlers, campers and travellers, up to ten head.
