## STEAMSHIP LINE EXPECTED HERE IN FALL

### BOARD OF TRADE IS AGAINST CLOSING OF PORT TO AMERICAN FISHERMEN

#### Japanese Liner Coming to Prince Rupert Next Autumn as Experiment

**Nippon Yusen Kaisha said to Have Decided to Initiate a Service to This Port from the Orient**

E. Kishimoto of Port Essington, who arrived home at the week end from Japan via the Empress of Asia and who brought a large consignment of Oriental goods, is authority for the statement that a Japanese liner, possibly the Yokohama Maru or a ship of a similar type, will make her first trip here in the autumn probably in October and will carry both passengers and freight. This boat belongs to the Nippon Yusen Kaisha, a company that has been investigating the possibilities of this port on several occasions and which it is understood has considered it favorably.

#### FLOODS SEEM BE IMMINENT AT MONTREAL

Water Rising and Already Driving Few People From Homes on South Shore

#### SEEPING INTO ELEVATORS

MONTREAL, April 1.—Following a night of snow and rain the Lawrence River is again rising and the resultant flood conditions in the city are causing alarm. Several residents of St. Lambert on the south shore have been forced to leave their homes, driven out by the rising waters. The situation along the waterfront is serious as water is beginning to seep into the grain elevators.

#### S KIDNAPPED SAY CHINESE

Wong Sing May be Held by Persons Who Think he Has Not Told all

SAN FRANCISCO, April 1.—It is believed that Wong Sing the Chinese houseboy who disappeared from the residence of R. Baker on the evening of March 10 has been kidnapped. The Chinese Benevolent Society requested the department of justice at Ottawa and the attorney general's department at Victoria to inquire into the case. The opinion is expressed that Wong, the chief witness in the Janet Smith inquiry, is being held by persons who think he has not revealed all he knows of the affair.

#### WERE EXECUTED DURING WAR

Twenty-five Canadian Lives Taken For Military Offenses and Five New Zealanders

LONDON, April 1.—Twenty-five members of the Canadian expeditionary forces were executed during the war for military offenses, the secretary for war stated in the House of Commons in reply to a question. Five New Zealanders were executed but no Australians.

Despite the heavy snow in Montreal, citizens in the Quebec city have no shovelling worries. They simply let it pile up and become packed down on the sidewalks until spring; then they break the ice into huge cakes, as shown, and the city carts it away.

\*\*\*\*\*  
**PRICE OF HALIBUT AT BOSTON MARKET**  
\*\*\*\*\*  
At the Board of Trade meeting last night a telegram to Ben Sell from Boston was read stating that on February 28 when halibut sold here at 7.40c and 3c and 6.60c and 3c, the price for fresh halibut at Boston was 16c, 18c, and 25c a pound.  
\*\*\*\*\*

#### STUDENTS AT PARIS STRIKE

Will Probably Go Out Tomorrow Morning as Protest Against Government

#### LAW SCHOOL CLOSED

Appointment of Professor Does Not Meet Favor of Students at University

PARIS, April 1.—The general association of students at the University of Paris have decided to call a strike, which will probably begin at nine tomorrow. It is a protest against the action of the government in closing Sorbonne law school and insisting on the maintenance of the appointment of Dr. George Scelle to the chair of international law. Manifestations among the students against Scelle's appointment led to the closing of the school and the suspension of Dean Berthoiny who supported the students to a certain extent.

#### DEATHS IN GERMANY OF SOLDIERS IS 84

DETMOLD, Germany, April 1.—It is now believed that 84 soldiers, the most of them youthful and inexperienced, were drowned in the catastrophe yesterday when a temporary bridge collapsed and precipitated one hundred soldiers into the icy waters of the river Weser. The men became panicky and did not heed the officers' orders to rid themselves of their kits and guns when the bridge, of pontoon construction, commenced to sink.

Radio program tomorrow night at Calgary is being given by Will Fraser, banjo soloist, and Geo. Boothman, vocal soloist.

#### Another Usk Mining Property Sold for Good Sum This Week and Development to Proceed

(Special to Daily News)  
SMITHERS, April 1.—A mining deal of much importance was closed here yesterday afternoon when John Willman of Usk, representing United States capital, took an option on the Silver Basin and Silver Crown groups of mineral claims at the head of Ghimdemash Creek, about twelve miles east of Usk. The vendor is J. D. Wells, the well known mining man, and the purchase price is \$40,000 of which part has already been paid. The balance of the payments extend over 3 1/2 years.

#### MAKE SURVEY FOR RAILWAY

Thirteen Miles up Salmon River Proposed to be Built

A passenger going north to Stewart on the steamer Prince George which arrived here this afternoon is Col. William T. Perkins of Seattle who will make a preliminary survey of a proposed 13-mile mining railway on the United States side of Salmon River. This line, the construction of which it is understood would be backed by New York capital, would serve to open up to transportation many valuable mining properties in the Portland Canal district. Its terminus would be at Hyder.

#### ONE OF RICHEST WOMEN IN UNITED STATES DIES

Mrs. Henrietta King Dies at Her Estate on Gulf of Mexico

KINGSVILLE, April 1.—Mrs. Henrietta King, one of the richest women in America, owner of the world's largest ranch, died here last night aged 93. She lived almost her entire life upon her estate, which has several hundred miles of frontage on the Gulf of Mexico.

#### Floods Threaten Manitoba and Saskatchewan Result of Thaw Wascana Creek; Regina Affected

WINNIPEG, April 1.—Rising waters in the streamlets and creeks throughout Manitoba and Saskatchewan have greatly increased the seriousness of the flood situation. Two miles of railway track have been washed out on the Canadian National near Lumsden. Traffic in other parts of Saskatchewan is reported to be badly tied up on both C.N.R. and G.P.R. systems. Wascana Creek is inundated and Regina rescuers are busy removing families from the marooned domiciles.

#### Well Attended Meeting Board of Trade Votes in Favor of Open Port

One of the best attended meetings of the Board of Trade on record last night decided not to recommend the closing of the port to American fishermen. The vote stood 53 to 14. It was taken after a rather lengthy discussion in which most of the talking was done by those opposed to closing. President George Nickerson was in the chair.

Immediately the minutes of the executive had been read showing the passing of a resolution contrary to that of the Retail Merchants Association, D. W. Thomson rose and said: "I move that the resolution contained in the minutes of the Council meeting of the 28th be expunged, and that the following resolution be substituted: Whereas Canadian fishing vessels entering Ketchikan are subjected to a heavy fee and the crews are not allowed to land until passed by the U.S. Immigration officials and can only clear within certain hours; And Whereas American fishing vessels landing fish in Alaskan points are subjected to the duty of two cents per pound, including weight of heads imposed by the United States, plus other charges; And Whereas American fishing vessels are allowed to enter this port for a fee of One Dollar, may land their crews without examination by an Immigration officer and may clear at any hour of the day or night; And Whereas this being the terminus of a transcontinental railway makes this the natural and best market on the Pacific Coast for American halibut fishermen;

#### OPERATION ON MOUNTAIN TOP

North Vancouver Doctor Scales Grouse Mountain to Remove Clot from Boy's Brain

NORTH VANCOUVER, April 1.—Dr. Harold Dyer left here before daylight this morning to ascend Grouse Mountain where, by the light of oil lamps in a little cabin amid the clouds, he will perform an operation for the removal of a blood clot from the brain of Sidney Harling, 14 year old school boy, who suffered terrible injuries when he fell 800 feet down a precipitous icy mountainside on Saturday.

A heroic rescue was effected by Mr. and Mrs. Don Munday who took Harling to the cabin on the top of the mountain where they reside the year around. Mrs. Munday, formerly a nurse, will act as the doctor's assistant during the delicate operation.

#### LONG CREDITS FOR FARMERS

That is Proposal of Dr. Torry to Aid Agriculture on Prairies

OTTAWA, April 1.—Long term credits should be provided at moderate rates of interest for development of agriculture in Canada and the best system would be one based on co-operation between Federal and Provincial governments. This is the chief finding of Dr. H. M. Torry, president of the university of Alberta, whose report was tabled in the House of Commons yesterday.

Torry has been studying the subject on behalf of the Federal Government for the past two years. He finds that "an immediate improvement in the methods of agriculture and financing is needed if Canada is to maintain her place in the world of agriculture."

#### JAZZ GIRL IS BEFORE COURT

Dorothy Ellingson Trial Adjourned in Order to Test Sanity of Culpit

SAN FRANCISCO, April 1.—The murder trial of Dorothy Ellingson the sixteen year old girl who confessed to the killing of her mother because the latter tried to restrain her in the pursuit of the "jazz life," has been adjourned for a week. In the meantime the girl is to be tried by a jury to determine her sanity.

FACTS ABOUT TEA SERIES—No. 1

# Tea as a Beverage

Tea first became known in China nearly 3000 years before Christ. In that country tea was greatly prized, both for its remarkable qualities as a beverage and for the almost religious ceremony attached to the drinking of it. Up to the sixth century, tea was used only for medicinal purposes. Even in the seventeenth century it cost \$25.00 to \$50.00 per pound. All tea caddies were constantly kept under lock and key. Today when even fine quality like "SALADA" costs less than one-third of a cent per cup, it is not surprising that the consumption of tea is increasing tremendously.

# "SALADA"

## THE DAILY NEWS

DAILY EDITION

Wednesday, April 1, 1925.

### Charm of Manner Valuable To Anyone.

Charm of manner and physical attraction are not by any means to be despised. In business they may mean everything, especially in the retail business. Manners often influence employers, when the person is seeking employment. In every walk of life charm is an asset.

What is true of the business world is true in social life. The charming person is not necessarily the handsome man or the beautiful woman. It has nothing to do with features. It must not be forced or artificial, although to a large extent it may be acquired. The charming person is the attractive person, the one that is popular. To forget oneself is perhaps the most important factor in acquiring charm.

### Digestion As Factor In Popularity.

Some people are unpopular because they have indigestion and are grumpy. Possibly they eat too much and that injures their health. It is difficult to have real charm and at the same time be ill, physically. The mental and physical are very closely allied and personal magnetism is dependent largely on physical perfection.

You meet some people who repel and others who attract. And the person who attracts one will repel the other. Yet the person with real charm will overcome the repulsion and will at any rate be tolerated if not welcomed by those against whom there seems to be a natural antipathy.

### Natural Antipathy Phase Of Nature.

There are attractions and antipathies in life against which we seem to be powerless. We cannot help ourselves. Two people meet and at once they dislike each other. Two others meet and at once they like each other. This is apart altogether from sex attraction which is something altogether different. Some people have strong likes and dislikes, and others while tolerating everyone and possibly being generally popular will have no close friends. The average person has only one or two friends at the most, and many people go through life without ever finding anyone in whom they care to confide.

### Mutual Confidence Always Helpful.

Mutual confidences are always helpful if they are well placed. The difficulty is that sometimes confidences are broken and this means that friendships also are blasted. To tell a trouble to a friend is a great relief and the telling establishes a bond of sympathy between the two. It helps to cement friendships and draw together those who otherwise would perhaps remain apart.

To break a confidence by telling to a third party that which should have remained hidden is the surest way of losing a friend.

## TORONTO AND PEACE RIVER

Globe Urges Close Working Agreement Between C.P.R. and National

### PACIFIC AS OUTLET

The Peace River region undoubtedly offers the greatest field in Canada for colonization on a scale approaching that which twenty-five years ago filled up most of the homestead lands of the West within economical distances of the railways, says the Toronto Globe. The area, the soil and the climate are favorable to a vast scheme of settlement. The one drawback is the lack of adequate transportation. The only inlet or outlet is the Edmonton, Dunvegan & British Columbia Railway, in which the Province of Alberta has an equity of \$18,000,000, though it is operated under lease by the C.P.R. It runs from Edmonton northwesterly to McLennan, where it divides. The northern branch, known as the Central Canada line, crosses the Peace River at the town of that name, and ends at Whitlaw. The other branch has its terminus at Wembley, about 15 miles due west of the town of Grande Prairie, in the southern fringe of the good arable area. The natural outlet of the region is the Pacific Coast, but to reach it all traffic must go to Edmonton, in the opposite direction.

### Settlers Divided

The situation poses a difficult problem for the Federal Government, even apart from the question of whether it can afford a considerable outlay to enable the National Railways to serve the district. The settlers are unanimous in desiring more direct access to the Pacific Coast, but divided as to the route. Being on the ground already, the C. P. R. may believe it has a prior claim to any charter for further railway construction, which would necessarily be a prolongation of the line if now operates in the territory. The main line of the Canadian National, on the other hand, skirts the Peace River country, and near its southwestern corner crosses the Rockies — at the Yellowhead Pass. Any Peace River traffic it now gets must be handed over to it at Edmonton by the C.P.R. The government will probably be governed by the advice of the heads of the National system, who recently visited the Peace River and have had extensive surveys made. It seems clearly a case for the co-operation of the C.P.R. and C.N.R. if Sir Henry Thornton and his staff think the publicly owned line should be the western outlet. With the C.P.R. as the Eastern gateway and the C.N.R. as the route to the Pacific, there would have to be exchange of traffic and a close working agreement.

### Much Propaganda

A good deal of propaganda, public and private, interested and disinterested, is being directed at the government over the choice of Western routes. One of the earliest proposals was the construction of a line running from Grande Prairie town or from McLennan to a point on the C.N.R.—either Brule or Obed—east of the Yellowhead Pass. Its advocates say it would be the shortest route to the C.N.R. main line and would open up valuable coal fields. Its opponents allege that most of the country which either line or cut-off would traverse in non-arable and full of ridges and muskegs, presenting stubborn engineering difficulties. Many of them favor a line through the Monkman or Pine Pass, north of the Yellowhead, traversing a great agricultural tract south of the Peace River and east of the Rockies. It would connect with the C.N.R. west of the Rockies, and would have both Prince Rupert and Vancouver as ports. There would still be a vast arable area north of the Peace River to be cared for by later railway construction. These are matters for engineers, and the government is no doubt getting impartial reports from the management and technical staff of the C.N.R.

### National Viewpoint

Residents of the Peace River country should drop local or sectional disputes over the question of the route, which may have the effect of embarrassing the government and the railways and of delaying the enterprise. They should work together for

railway extension, leaving the details to be settled by those who will be disposed to view the situation from a national point of view. The Peace River region is a magnificent heritage, with a future bounded only by the extent to which the country and the railways can afford to spend money on the initial development required to open up the area to large-scale settlement. It is a problem that should be solved on broad Dominion lines.

## PRINCE RUPERT

(By Louis Forkrud)

Passing through forests stirring their legions,  
Caressing gently her perspiring brow,  
The wind on its journey from northerly regions  
Where it was born among eternal snow,  
Fanned by a breeze off a vast dimpling ocean,  
Fresh from the southland in sweet summer time;  
Soft and elusive whenever in motion  
Winding its way from a tropical clime,  
Dreaming of future glory and greatness,  
Nebulous notions pregnant with pride;  
Rollicking multitudes cover her vastness,  
Harboring liners swing to the tide,  
Planting her feet in Pacific waters,  
Bearing her head twixt mountain and sea;  
Sheltering gamblers aye and others,  
Swelling her chest for the whole world to see,  
Enfolding areas of pretentious dimensions,  
Ample spaciousness for highway and lane;  
Calling her neighbors to rigid attention,  
When they belittle her vigor and fame.

## The Man in the Moon

SAYS—

YOU judge a man by the magazines he reads. A girl does not read that kind, perhaps.  
SOME boys step out others step on the gas. Both are in grave danger, which means danger of the grave.  
BLESSED are the cheerful tax payers. They fill out their forms promptly.  
A LOCAL wit suggests that there are several buildings around town that might be donated free to the museum.  
THIS is a good country for the writing of bootleggers.  
TO keep chaps off the lips in this cold weather, eat garlic.

### Flapper's Spring Song

Hurrah, for spring is here  
Or will be very soon,  
I got a beau  
Who loves me so  
I'll marry him in June!

A PRINCE Rupert person, male or female not specified, travelled East recently on the Canadian National and after he had left the dining car that evening the staff held a consultation as to whether they should wire the Daily News an account of the

Scottish dance under the auspices of St. Andrew's Society will be held in the Auditorium, Friday, April 3, at 9 p.m. Tickets \$1.00.

Angus McLeod, well known Alice Arm prospector, after spending the winter in Vancouver, has returned to the city. He will proceed to Alice Arm on Sunday night.

Metropole Hall, Thursday, April 2, L.O.B.A. Sewing, Home Cooking, Candy and Afternoon Tea at 2:30. Whist Drive and Dance at night, 8:30. Refreshments, 75 cents.

Charles Adams, formerly of this city and Massell, came in on the Gardena yesterday from Stewart where he is now located. He expects to spend several days in town before returning north.

J. L. Blain, contractor, has taken over E. H. Shockley's stock of double dressed lumber, sash and doors. Also the agency for J. Fyfe, Smith, Ltd.'s hardwoods. For bandsawing and planing, jobbing and repairing, phone Blue 268. 11

Madame Fahy, the famous soprano singer, formerly of Victoria but now of Toronto, sang Elgar's "Land of Hope and Glory" at the celebration of the silver jubilee of the I.O.D.E. in Convocation hall, Toronto, when Baron Byng of Vinny was the speaker.

Good progress is being made by the contractors, Mitchell & Currie, on the construction of the assembly hall for Municipal Chapter, Imperial Order Daughters of the Empire, on Fifth Ave. East and the structure should be ready for occupancy this month. The exterior work is practically completed. It is a neat little building, which it is hoped will meet the needs of the I.O.D.E. for some time to come.

Lieut. Col. B. W. Browne and Mrs. Browne will arrive this month at Victoria from Kingston, Ontario. They intend to take up their residence in the capitol. Col. Browne resided in Prince Rupert in the early days having been in partnership in the furniture business with E. Flexman. Mrs. Browne, formerly Miss Maizel Rochester, daughter of Mr. and Mrs. J. Y. Rochester, is also well known here.

Received our new stock of Pratt's Baby Chick Food and poultry supplies; Fleischman's Dry Yeast; garden and field seeds; Spratt's bird and dog supplies, and our famous Rupert Coal. Phone 58. Prince Rupert Feed Co.

After spending the past week in the city on business in connection with the supplying of logs to the local sawmill, T. A. Kelley, well known Queen Charlotte Island logging operator, sailed last evening on the Gardena for Vancouver.

During the month of March the fire department responded to four calls. In only one case was damage done. That was to a shack at the rear of the Pioneer Laundry which was partially destroyed through an explosion of gasoline which resulted in the death of a man.

Two half-drunk men had a fight in the storehouse of the King George cafe yesterday afternoon about 4 o'clock. There was a crash of glass and both plunged through a window into Second Avenue near the corner of Eighth Street. They received slight cuts and the damage to the window was later settled to the satisfaction of the Chinese owner of the restaurant.

Engagement Announced  
Mr. and Mrs. R. J. Smythe of New Westminster, announce the engagement of their eldest daughter, Miss Frances Smythe, to W. H. Gray, B.A.Sc. of Ocean Falls. The wedding will take place on April 13.

### REMAINS OF LATE MRS. FLEWIN ARE BURIED AT SIMPSON

PORT SIMPSON, April 1.—The funeral of the late Mrs. John Flewin took place this afternoon at 2 o'clock from St. Catherine's Church, Rev. Canon W. F. Rushbrook officiating. There was a large concourse of mourning relatives and friends to pay their last respects.

Among those who sent flowers were Dr. and Mrs. William Sagar, Mr. and Mrs. M. M. Stephens, Mr. and Mrs. Bert Flewin, John Flewin and family, Port Simpson band, Mr. and Mrs. W. E. Willisroff, Mr. and Mrs. Christiansen, Mr. and Mrs. Geo. Frizzell, Mr. and Mrs. Glen Gulick, Mr. and Mrs. Olier Bessner and Mr. and Mrs. A. Glennie.

Gus Lindberg, charged with intoxication, pleaded guilty in the city police court this morning and was assessed \$25 with the option of thirty days in the lock-up.

Mrs. C. Delcourt, sister-in-law of F. V. Delcourt of this city, died in Vancouver on March 21. She is survived by a widower, daughter and son.

### Whale Bone Brushes

A Whale Bone Brush used in brushing the hair will impart tone and vigor and stimulate the growth of new hair. A splendid head of strong vigorous hair will follow its consistent use.

We have a shipment of Whale Bone Brushes imported direct from the manufacturers in England, which are of particularly good quality and low in price ranging

## From \$1.25 Up.

They have nice backs and the Whale Bone will stand up well under use. Come in and make your choice today.

# BEER GARDENS OPEN SOON

Licenses For Six Local Hotels Have Been Received From Victoria

Prince Rupert's beer gardens will start business next week and local people may once again sip from the frothing glass although the conditions under which they may do so will be a great deal different from what they were in the olden brass rail days or even in the more recent days of the so-called near beer. Licenses have been received this week making it legal for the Prince Rupert, Old Empress, New Empress, Knox, Savoy and Central Hotels to dispense beer under the stipulations set out in its wisdom by the provincial government and its officials.

Beer and beer only may be sold. That popular beverage of stout may not be served and the time-honored cracker and cheese is also taboo. The drinkers must sit at tables in full public view and be there waited upon from the tray. There is to be no standing at the bar. The hours of sale will be from 10 a.m. to 11 p.m. exclusive of Sundays, holidays and election days.

Purveyors of beer must obtain their stocks from the government vendor. Either draft or bottled beer may be sold. Reports coming from the south, where the gardens have been open for the past week, are to the effect that the draft beer is the best.

# BIG SEASON AT STEWART SURE

Charles Adams is Enthusiastic Over Mining Camp Which is Developing Rapidly

That there is a big season of mining development ahead of Stewart this summer is the opinion of Charles Adams of Stewart and formerly of this city. No less than 25 properties will be working and a number will be shipping ore.

Mr. Adams says that while the snow is deep at Stewart there is a hard crust and there is no difficulty getting in supplies for the summer work.

Up the Bear River there is a good deal of activity and at the Marmot at least three mines will be shipping ore during the summer. These are the Porter-Idaho, the Crawford and Fraser property now controlled by Campbell and Horner and the Montana group. The first of these has been selling stock to continue the work of development and nearly enough money has been secured to enable work to go ahead. A tramway will be installed and ore will be shipped.

There is activity also on the Salmon River. It is probable the proposed power plant will go in and several of the mines have been developing well. Premier continues active and other mines are shipping.

# SCHOONER ALASKA LOST HER RUDDER SEYMOUR NARROWS

The American halibut schooner Alaska, Capt. Angell, which was here last week then went south to market her catch of 55,000 pounds, had an exciting time going through Seymour Narrows. Desirous of losing as little time as possible, the skipper dared the tide rip in the narrows 'tween tides with the result that the Alaska's rudder was torn away and the vessel went through out of control. A jury rudder was rigged up and the Alaska proceeded to Vancouver where she sold her catch to the Canadian Fishing Co. Then she left for Seattle where repairs are being made.

# ALICE ARM

Dr. P. Whelan was here from Anyox last week making a medical examination of the local school children.

Jack Hauber has returned to town from the upper Kitsuau country where he has been doing development work on the Black Diamond group.

# BRINGING UP FATHER

# HAZELTON INDIAN IS COMMITTED FOR STEALING FROM TRAPS

Will be Tried Tomorrow Before Judge Young at Smithers

SMITHERS, April 1.—Wm. Green, an Indian of Hazelton was committed for trial by Magistrate Hoskins, Monday, on a charge of stealing fur from the trap line of Henry B. Thoen, a trapper in that district.

Green had formerly been up before Wm. Grant, J.P., at Hazelton, who dismissed the case, but it was again taken up by the police with the result that it will now come before Judge Young of the County Court.

# STEWART

Dr. H. A. Whillans has left for Victoria on a month's vacation.

Charlie Miller has returned to Stewart after spending the winter in Salt Lake City and Ogden.

Local citizens at a meeting last week decided to purchase \$500 worth of fire fighting equipment for the town. The money will be raised by popular subscription.

The Sterling Silver Lead Mining Co., Ltd. has been incorporated by Campbell & Harner with a capitalization of \$2,500,000. The concern will undertake development work on several properties in the Marmot River district which are to be consolidated.

# SMITHERS

Randolph Haigh has started on the erection of a three room cottage on First Avenue West.

Sister Veronica and Sister Maerine from Prince George were in town Monday and Tuesday, soliciting funds for the aid of an Orphanage at that point.

A shipment of fifteen Mongolian pheasants has been received by S. H. Hoskins from the Game Board's farm at Victoria, and were taken out to J. C. K. Sealey's farm where as soon as weather conditions are suitable they will be turned loose in an endeavor to introduce the bird in this section of the province. Mr. Hoskins has gone to considerable trouble in obtaining the birds and it is hoped that the residents of the district will give

their assistance in protecting the flock in order that the experiment may have a reasonable chance of success.

Among Hazelton people that came down to attend court on Monday, were Provincial Constable Cline, Indian Agent Ed. Hyde and Mrs. C. Cox interpreter.

# WERE MARRIED HERE

ANYOX, April 1.—Mr. and Mrs. Stanley Pamplin, who were married last week in Prince Rupert, have returned here to reside. Mrs. Pamplin was formerly Miss Lucy Teabo.

Second Horseman.—It doesn't matter; as long as I get one side going the other is sure to come.

# NEW SETTLERS AT WINNIPEG

About Five Hundred Including Many British Families

WINNIPEG, Apl. 1.—The real opening of the immigration influx into Western Canada will come tomorrow with the arrival over Canadian National Railways of a special train carrying approximately five hundred immigrants who landed at Halifax from the S.S. Canopic, Baltic Bergensford and Aurania.

Approximately 100 are remaining in Winnipeg, 22 are going to Vancouver and the balance will be distributed throughout the Prairie provinces. The party includes the first batch of British families coming to Canada under the co-operative settlement scheme arranged by the Imperial and Canadian governments. Practically all of the immigrants arriving tomorrow have previous farming experience and the British families are coming to farms which have been selected for them. They are being conducted westward by representatives of the colonization and development department of the Canadian National system.

# ONE FOR HIM.

The young man was bragging in the boarding house. "Now, then," said a listener impatiently, "we've heard enough about what you can do. Tell us if there is anything you can't do, and I'll undertake to do it myself."

"Well," came the prompt reply, "I can't pay my bill."

# Sport Chat

It seems difficult at times to discuss professional sport with any degree of certainty as to what one is talking about. With participants and promoters making their money in proportion to the number of people that watch contests and with gate receipts usually a most important consideration, professional sport may be said to live on propaganda. The difficult thing is to judge how much of this propaganda is bona fide and not merely just so much vaporing in order to attract attention with the idea of louching the public pocket book. Many people are very skeptical about the honesty of professional sport as a whole. Perhaps it is magnified too much.

In North America, particularly in the United States, legislation has been enacted to protect the public against the unscrupulous professional athlete or promoter. A United States judge devotes his entire time and energy to the supervision of professional baseball. There are state boxing commissions to take care of boxing. If the laws are strictly enforced, there would seem little chance for fake business to go very far. The fact that every financial scandal in the sport world is usually followed by prosecution and often punishment of the principals would indicate that the attempt is being honestly made to enforce these laws intended to protect the public.

The recent Stanley Cup hockey series has, as usual, provoked a certain amount of comment along these lines. Some people make very radical accusations. It has even been suggested that the Victoria Cougars were allowed to win the world's championship this year in order to create a more general interest in pro-

Professional hockey that might not have been maintained if the Stanley Cup remained East too long. On the face of things as they are presented at this distance, it would seem that the battle for the Stanley Cup this year was along pretty open lines and that the Cougars and Canadians were both out to win. If the Canadians were a better team than the Cougars the scores of the games they lost would hardly have been so decisive. If the series had been "fixed" the series would probably have gone the limit in order to get the gate. There is nothing whatever to indicate that there was anything crooked in the series. Players on both sides seem to have given the best that was in them.

Prince Rupert, B.C.  
Dated January 12th, 1925.

MONTH OF MARCH WAS BLUSTERY ONE

Wind Reached Velocity of 66 Miles; Rainfall, 11.12 Inches and Sunshine, 72.7 Hours

Both in velocity and total mileage, March 23, a week ago Monday, was the windiest day experienced in Prince Rupert for some time according to the weather report for March issued this morning by S. C. Jackson of Digby Island, Dominion meteorologist. The maximum velocity on that day was 66 miles per hour and the total wind mileage for the 24 hours was 920 miles. During the month there was a total wind mileage of 7,119 miles which shows that the lion predominated over the lamb in the blustery month.

Other weather records for March were as follows: Mean temperature, 39. Maximum temperature, 52 on March 10. Minimum temperature, 24 on March 28, 30 and 31. Rainfall, 11.12 inches. Snowfall, 7 inches. Total precipitation, 14.19 inches. Sunshine, 72.7 hours.

ROYAL PURPLE TEA AND NOVELTY SALE

Affair in Elks Home Yesterday Was Very Successful, \$150 Being Realized

The sum of \$150 was realized at a successful tea and novelty sale held by the Ladies of the Royal Purple in the Elks' Home yesterday afternoon.

Two (2) years will be allowed for removal of timber. Further particulars of the Chief Forester, Victoria, or the District Forester, Prince Rupert, B.C.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the Matter of the "Companies" Act, 1921, and

In the Matter of an Application by the Rocher de Bode Copper Company to be restored to the Register under Section 168 of the said Act.

TAKE NOTICE that an application will be made to the Hon. the Chief Justice of British Columbia, at the Court House, Prince Rupert, B.C., on Tuesday the 28th day of April, A.D. 1925, at the hour of ten o'clock in the forenoon or so soon thereafter as the motion may be heard on behalf of the above mentioned Company for an order that the Company be restored to the Register of Joint Stock Companies.

AND TAKE NOTICE that in support of said application will be read the Petition of the Company issued herein and the affidavit of Lewis W. Patmore sworn to on the 30th day of March, A.D. 1925, and filed herein.

DATED at Prince Rupert, B.C., this 30th day of March, A.D. 1925. W. O. FULTON, Solicitor for the Petitioner.

WATER NOTICE.

USE AND STORAGE TAKE NOTICE that the Canadian Lumber Yards, Limited, whose address is 412 Standard Bank Building, Vancouver, B.C., will apply for a licence to take and use 250 cubic feet per second and to store 50,000 acre feet of water out of the Skunkumukon and Am Rivers, which flows southerly and drains into Massett Inlet, through Indian Reserve No. 6, the outlet of Am Lake. The capacity of the reservoir to be created is about 50,000 acre feet, and it will flood about 1000 determined acres of land. The water will be diverted from the stream at a point at or near the storage-dam, and will be used for industrial power purpose upon the land described as Part of Indian Reserve No. 6. This notice was posted on the ground on the 4th day of March, 1925. A copy of the 4th day of March, 1925. A copy of this notice and an application pursuant thereto will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of publication of this notice is March 13, 1925.

Commencing at a post planted at south end of Island situated near mouth of Skeena River and lying near west bank of said river; thence following shore line around Island to point of commencement, containing 25 acres, more or less.

GEORGE LITTLE and CLAUDE E. M. GIGGLEY, Applicants. Dated this 3th day of January, 1925.

WELL ATTENDED MEETING BOARD OF TRADE VOTES IN FAVOR OF OPEN PORT.

(continued from page one)

tion was passed by the retail merchants without proper thought. It was very far reaching. Frankly he did not favor restricting the privileges of the port and was opposed to the resolution passed by the retail merchants.

Mr. Dawson explained that a commission had been appointed by the United States government to inquire into this very thing and they expected to report during the month of April. But that report was out he thought they should allow no such resolution as proposed to pass. The closing of the port meant the transfer of the business to other ports. Seventy-five per cent of the fish coming here were American. If it were not for the volume of fish coming here and the consequent competition the prices would be lower than they are. It was impossible to determine what the effect of such a move would have on the town. There were many ramifications. It would affect the box and ice industry. It mattered not whether the figures quoted in the press were correct or not, the principle was the same. Seventy-five per cent of the men employed in the fishing and allied industries would have to close and Prince Rupert would stand to lose more than she would gain. The United States did not have to buy her fish from Canada, but they would continue to do so unless drastic measures were taken to prevent her. She was in a position to retaliate.

Some years ago the people here conceived the idea of allowing fishing boats to come in here free but unfortunately the U.S. had placed a two cent duty on halibut. According to the U.S. law the president could raise it to 3c, and by legislation this could be increased. He did not think that country could be compelled to withdraw that duty.

The people on the Atlantic asked to have the ports closed but now they wanted them open. He was in Ottawa when a delegation from the Maritime provinces came to ask for it. He thought it would be a mistake to pass such a resolution as that proposed. They might as well pass a resolution to eliminate capital coming to develop our industries. He did business with the retailers, he pointed out, but if this passed he did not think there would be any retailers here with whom to do business.

General Discussion

John Dybhavn told of specific instances of American boats doing business here.

Mr. Thomson: "Most of the checks go to Ketchikan."

A. Silversides said something was radically wrong. Perhaps those who were opposing this move would suggest some other way of dealing with the problem.

If the resolution was too drastic they might have some other idea.

Ben Self thought no resolution should be passed without getting the opinion of those interested in boats. He thought they should have been asked to come. No one wanted to close the port but commissions were a long time giving decisions and in the meantime the fishermen were going broke. They were not able to pay for anything. While the fish packers were opposed to action, there were 268 men on the Canadian fleet to be considered.

Fred Dawson explained that he was an owner in a small way and had been for a long time. He was satisfied, however, that

DON'T LET YOUR BOWELS GET CONSTIPATED

A free motion of the bowels every day should be the rule of every one who aspires to perfect health, for once the bowels become constipated and clogged up, all the other organs of the body become deranged.

Keep Your Bowels Regular by Using MILBURN'S LAXA-LIVER PILLS

They will clear away all the effete and poisonous matter which has collected in the system, give you a free, easy and natural motion of the bowels every day, start the sluggish liver working, and give tone and vitality to the whole intestinal tract.

Milburn's Laxa-Liver Pills are for sale at all druggists and dealers; put up only by The T. Milburn Co. Limited, Toronto, Ont.

Shop-windows on parade. IN THE quiet and comfort of your home, newspaper in hand, the shop-windows of the town's best stores pass in review. Look at that charming little hat—just the style you have been looking for, and so reasonable! And say, isn't that coat a darling? . . . Not only do you see illustrations of the merchandise, but you are told in detail of its merits and prices. A passing panorama that may be halted and started and halted at will. A shopping trip at home! How long do you suppose it would take you to reverse the process—to go up one street and down another, until you had visited personally every worth-while store in town? And how exhausted you would be, physically and nervously. There's no doubt about it. The modern way to shop is to read the advertisements, then make notes of the stores and the particular offerings that appeal to you. What a lot of time and bother such a method saves. You know beforehand what you want to look at, who has it, and what you will have to pay. Read the advertisements. Make it a daily habit. The regular reader of advertisements is better informed, makes the family budget stretch further, has more time for recreation, gets more value for her money, and profits in many other ways. Advertisements are frequently the most interesting news in the paper. Every day these shop-windows are lined up for your inspection in this newspaper

### ALBERTA LOSES ON CATTLE SHIPMENT TO JAPAN FROM PRAIRIE

Dropped Four Thousand Dollars: Burns Following it up

EDMONTON, April 1. — The trial shipments of cattle to Japan resulting in a net loss of some \$4,000, was criticised by T. G. Milnes, independent member for Claresholm in the Legislature. It was the contention that the government had been put to a considerable expense.

Figures quoted by Mr. Milnes showed that the first shipment of twenty-eight head of cattle had cost the government \$1,984 and that the cost of shipment had been \$3,807, and expenses of the Deputy Minister of \$858 with other items bringing the total up to about \$7,000. The cattle and horses were sold in Japan for \$3,000.

The Hon. George Hoadley, minister of agriculture, strongly defended the action of the government in making the shipment, maintaining that while some money had been lost in the shipment a new market had been opened, and efforts of the government had also resulted in reduced steamship rates, and cutting down the period of quarantine from 10 to 5 days. An application had also been made to remove the lighterage charge in Japan for unloading.

The original shipment had cost \$100 per head for freight, but in a second shipment this

### FOR SALE

### VEGETABLES ARE HIGHER

Potatoes, However, Due For Drop — Outdoor Rhubarb Here — Flour is Dropping

Root vegetables are higher on the local retail market, carrots retailing now at 4 pounds for 25c, beets three pounds for 25c and parsnips at four pounds for 25c. Turnips are plentiful with no advance in sight. Local turnip offerings are nearly always in excess of demand.

The recent cold snap has held back many shipments of potatoes from the interior and, while they are not very plentiful right now, a drop is due as soon as the weather becomes milder.

Outdoor grown rhubarb, harbinger of spring, is here at last. The quality is fine and the color perfect. Sales are much better.

The flour market is down again, the latest drop being 80c per barrel of 200 pounds.

There have been steady advances in the pork and mutton market lately.

Retail prices prevailing here today are as follows:

### THE COUGH OR COLD THAT SETTLES ON THE LUNGS IS HARD TO GET RID OF

These are the kind that are dangerous; the kind that weaken the lungs, the kind that allow the germs of consumption to get a foothold in the system.

Mr. John E. Luff, Golden Lake, Ont., writes: "Last year I had a cold, and a cough which seemed to stick on my chest. I tried different preparations, but they did not seem to help me any. I was advised, by a friend, to try

**DR. WOOD'S NORWAY PINE SYRUP**

and when I had taken a few doses I began to feel that it was doing me good, so I kept at it and inside of a week I was relieved of my trouble."

"Dr. Wood's" has been on the market for the past 35 years; you don't experiment when you buy it; put up only by The T. Millburn Co., Limited, Toronto, Ont.

### Advertisement in the Daily News

**NOTICE**

An examination for Forest Rangers will be held at Burns Lake on March 31st, 1925. Applications will be received up to noon of March 24th by the District Forester, Court House, Prince Rupert, from whom application forms and full particulars may be obtained. Fee, \$1.00. Candidates must be British subjects, not more than forty years of age, resident in British Columbia for at least one year, of good character and physical condition, with woods experience and familiar with the practical side of logging, timber cruising, surveying and forest protection, with knowledge of the Forest Act and able to organize work and handle men.

This examination is to establish an eligible list for the next year from which appointments will be made as vacancies are required. One ranger is required immediately.

W. H. MacInnes,  
 Civil Service Commissioner,  
 Victoria, B.C.

### GOVERNMENT LIQUOR ACT.

**NOTICE OF APPLICATION FOR BEER LICENSE.**

NOTICE is hereby given that on or after the 19th day of March next, the undersigned intends to apply to the Liquor Control Board for a license in respect of premises being part of the building known as Queen's Hotel, situated on Lot 5, Main Street, Massett, Queen Charlotte Islands, in the province of British Columbia, for the sale of beer by the glass or by the open bottle for consumption on the premises.

Dated this 19th day of February, 1925

MRS. M. L. DUNN,  
 Owner Applicant

### WATER NOTICE.

**USE AND STORAGE**

TAKE NOTICE that Massett Timber Co., Limited, whose address is 708 Pacific Building, Vancouver, B.C., will apply for a license to take and use 500 cubic feet per second, and to store 75 M. acre-feet of water out of stream known as An River, which flows southerly and drains into Massett Inlet, about one and one half miles easterly from Buckley Bay, B.C. The storage dam will be located at the outlet of An Lake or at a point below the said outlet, to be determined after surveys have been made. The capacity of the reservoir to be created is about 75 M. acre-feet, and it will flood about 3,800 acres of land. The water will be diverted from the stream at a point about the location of the storage dam, namely the outlet of An Lake, and will be used for power and industrial purposes upon the land described as Lot 1437 or on Lot 444. This notice was posted on the ground on the 27th day of February, 1925. A copy of this notice and an application pursuant thereto and to the "Water Act, 1924," will be filed in the office of the Water Recorder at Prince Rupert, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is Monday, March 2, 1925.

## WESTHOLME THEATRE

Tonight and Tomorrow Night, 7 and 9 p.m.

### "Tess of the D'urbervilles"

A Marshall Neilan production. An adaptation of Thomas Hardy's famous novel. A story of the double-edged sword of morals—of a child of nature and the social law. An outstanding photoplay—real without being sordid—true without being morbid. From the moment when, in youthful innocence, Tess is betrayed to the terrific climax when she wrecks vengeance, she will hold you absorbed with the intensity of truly great drama. A masterpiece of literature that has become a masterpiece of both stage and screen.

Blanche Sweet, Conrad Nagel, Stuart Holmes, George Fawcett, Courtenay Foote, Joseph J. Dowling, Victory Bateman and others.

**COMEDY—"FAST BLACK."** TOPICS OF THE DAY.  
 Admission 35c and 10c
