BUILDING FELL CRUSHING MANY DANCERS

PROPOSAL TO FORM LOCAL COMPANY TO HANDLE GRAIN THROUGH THIS PORT

Upper Storeys of Building Fell and Crushed One Hundred Dancers Celebrating Opening of Holiday

Wall collapsed and brought whole structure down on men and girls of Pickwick Club, Boston

BOSTON, July 4.—At least eight persons lost their lives and between fifty and seventy-five are believed to have been buried in the ruins of the Pickwick Club, a Beach Street night club and dancing place, which collapsed at an early hour this morning without warning in the midst of a Fourth of July celebration.

One wall of the structure collapsed after being weakened by an excavation. Following this the roof and upper three storeys crashed down on the second storey where more than 100 men and girls were dancing and carried that floor and the ground floor into the basement.

SEVEN BURNED NEW YORK FIRE

Apartment House Caught Fire
and Some Died in Their Sleep

SARANAC LAKE, July 4.—Seven persons are dead and another is believed to be fatally burned as the result of a fire in a three storey apartment house this morning. All the victims were on the third floor when the fire started and had no chance to escape. Some of them evidently died in their sleep, judging from the position of the bodies.

Hon. T. D. Pattullo, minister of lands, is expected to visit Prince Rupert about the middle of the month. He will very likely be here when the Vancouver Board of Trade party arrives.

BEEES ATTACKED AND ARE DYING BY THOUSANDS

G. V. Wilkinson, the pioneer bee man of this city, has been losing a lot of his stock within the past week. He has been building up his two colonies and getting them ready for what he hoped would be a big season, when suddenly they began to die by the thousands and the result is disastrous to his prospects for a big honey crop.

Mr. Wilkinson has sent some of the bees to the Government station at Ottawa, and until the report arrives he will not know what has happened to them. His surmise is that someone has been using a poisonous spray which the bees have taken in gathering honey or pollen.

The crash came suddenly as the orchestra commenced playing and it sounded like the rumble of an earthquake. Most of the dancers thought it was merely an explosion of a giant fire-cracker and continued dancing but in an instant the wall and three floors came crashing down, crushing the dance floor to the street and basement top.

CARPENTERS' UNION IS ADDRESSED BY VISITOR

Delegates to Trades and Labor Council Chosen Last Night

The Carpenters' Union held a deferred meeting in their hall last evening, when W. Wilkinson of Vancouver, who is general organizer of the union between the coast and Winnipeg was present. In giving an address covering matters connected with the union, it was pointed out that at the present time there were only 8,000 affiliated members in the union whereas in 1923 there was a membership of over 17,000. Several other topics directly affecting the order were touched upon by Mr. Wilkinson, who will spend until Tuesday in the city doing organization work in connection with the union.

Delegates to the local Trades and Labor Council were elected by the union as follows: J. J. Gillis, D. McLeod, P. Hughes and Dave Scott.

PRETTY WEDDING SOLEMNIZED TODAY

Miss Christie MacKay Becomes
Bride of John Currie of This City

A very pretty wedding was solemnized today at three o'clock in the Presbyterian Church by Rev. E. W. Mackay, when Miss Christie MacKay, sister of J. B. Mackay of this city, became the bride of John Currie, member of the contracting firm of Mitchell & Currie.

The church had been tastefully and beautifully decorated for the occasion and there was a very large number of friends of the contracting parties present. The bride, very becomingly gowned in white crepe de chine, wearing the conventional bridal veil with orange blossoms, and carrying a bouquet of sweet peas and roses, entered the church on the arm of her brother, Miss Adene Advant, the bridesmaid, was attractively gowned and carried a bouquet of carnations and sweet peas. James R. Mitchell was best man.

During the signing of the register Miss Adene Advant sang "I Know That My Redeemer Liveth," from "The Messiah." Miss Advant, who is a sister of Mrs. Stephen King of this city, travelled with the bride on their recent trip from the Old Country.

John E. Davey presided at the organ and played the Wedding March.

A beautiful arch had been erected in the church, decked with flowers and evergreens, and in the centre a bell suspended.

After the ceremony a reception was held at the home of J. B. Mackay, brother of the bride, on Sixth Ave. E., where a delightful wedding luncheon was served. Mrs. John Mitchell and Mrs. John Walker poured, while Mrs. Jas. Watt served the ices. Those assisting with the serving were Miss Willa Dyer, Miss Caroline Mitchell, Miss Gladys Kemp, and Miss Annie Walker.

There was a very large number of beautiful gifts received from local friends as well as from distant fields and included a very fine present from the board of managers of the Presbyterian Church.

The happy couple will sail on the Prince Rupert for a honeymoon trip to Vancouver, Victoria and Seattle, and will return in about two weeks time to take up residence in a very fine new dwelling, which the groom has constructed on McBride street.

W. C. Orchard, city passenger agent for the C.P.R., accompanied the excursion party to Ketchikan on the Princess Royal last evening.

FAILURE OF BIG BROKERAGE FIRM NEW YORK EXCHANGE

Isles Today

CROYDON, England, July 4.—Captain F. K. Barnard, piloting Sir Eric Geddes' airplane "Siskin," won the two day aerial derby for the King's Cup. The course covered 1,600 miles and the plane made an average speed of 151 miles an hour. The route was around Great Britain.

RHODERICK POLLARD DROWNED IN SKEENA

Met Death Near DeHorsey Island;
Was Employed at Claxton

A native by the name of Rhoderick Pollard, aged 21, was drowned on July 1 near DeHorsey Island. The deceased was engaged in fishing for Claxton Cannery, and it was while he was thus employed that the accident occurred, the details of which have not been received in the city. The Indians immediately organized a search party to endeavor to locate the body, which was found yesterday.

Plan to Form Company Handle Grain Through Port of Prince Rupert

Committee of Board of Trade to make definite recommendation regarding matter within few days

At the regular meeting of the Board of Trade last night, J. H. Pillsbury, vice-president, was authorized to appoint a committee to investigate and make definite recommendations how best to arrange for the booking of grain through this port as soon as the elevator is completed.

The tentative proposal is made that a local brokerage company should be formed which will engage a good man to at once commence the work of booking grain this way.

Mr. Pillsbury in introducing the subject, said the elevator would be completed in good time to take care of the present crop. Already wheat was being booked through Vancouver. The difficulty was that no one here was conversant with the business of handling grain. Neither the Government nor the railway could be expected to solicit business. It was up to the citizens of Prince Rupert to get busy on it. This was the most important matter that had been before them for a long time.

NORTON MUST STAND TRIAL

Goes to Higher Court on Kidnaping Charge Connection With Wong

VANCOUVER, July 4.—V. W. Norton of the Robinson Detective Agency was committed for trial in the Point Grey Police Court by Magistrate McQueen on a charge of kidnaping in connection with the abduction of Wong Foon Sing, Chinese houseboy.

The charge of abduction against A. S. Mathew was withdrawn. Eight other defendants were remanded until July 9, when the magistrate will give a decision whether he will commit them or not.

FLOUR MILL IS SUGGESTED

Firm Quotes Prices On Unit To Board of Trade Here.

The Board of Trade last night received a letter from a firm of flour mill manufacturers quoting prices on flour mills. The price of a fifty barrel mill is \$5,000 f.o.b. Niagara Falls. Accessories would cost about \$1500, so that the whole mill complete outside of power, freight and installation would cost only about \$6,500.

Vancouver Touchy Over Her Morals.

Vancouver is rather touchy over her morals. Her newspaper editors seem to think she is not such a very bad city after all, the only objection being that possibly newspaper editors are not exactly a correct standard of opinion on matters of morals.

At any rate the people of Vancouver seem to be all puffed up because the Ladies' Home Journal writer had to pay a few thousand dollars for saying unpleasant things about British Columbia's biggest city and one of her citizens.

Certainly Prince Rupert is throwing no moral rocks at Vancouver. She has enough work keeping them out of her own back yard. Yet even Prince Rupert does not seem to be a wicked place to some of the people who come from the south. Some even intimate that the town is slow.

Four Vessels To Ply From Here.

Fred Dawson says the C.G.M.M. has promised that four vessels will ply from this port to the Orient when the elevator is in operation and will make this their home port. That is very good news. If they carry out that promise, we may look for better times here. If they give us those vessels, we shall feel that they are really trying to do something for us and shall be willing to back them to the best of our ability. All Prince Rupert asks is reasonable support.

Soon Got His From Playing Fast And Loose.

The wires brought word of a man who played fast and loose with his strength and he soon got his. He tried to use his strength to rob a safe and he was taken to a hospital. Now and then a person gets away after misbehaving, but the average man gets caught up when he plays fast and loose, and the aid of the hospital is solicited.

Flying Becoming Very Commonplace.

A few years ago we got all excited over a bit of an aeroplane flight. Today we take these things as a matter of course. There is nothing novel about them and they drop off the front page and languish as fillers between newspaper articles. It may be years before we all have our flying boats but when that time comes we shall certainly live fast.

Flour Mill Here Should Be Possible.

One of the first effects of the building of the elevator here is to arouse an interest in the milling business. A flour mill is one of the industries that should be established here and the Board of Trade has already had suggestions from manufacturers with a view to supplying small mills.

The business that succeeds is usually the one that begins in a small way. A small mill might well be established in Prince Rupert and units could be added as the business grows.

Prince Rupert people should investigate the possibilities of such an undertaking. What is needed here is a number of small industries that will develop into large ones. This is the time to become established. Citizens should be ready at all times to encourage home industries for in doing so we help build up the city.

SECURE LANDS IN SUBURBS

Committee of Board of Trade To Take Matter Up With Those in Control.

At the regular monthly meeting of the Board of Trade held in the council chamber last night, vice-president J. H. Pillsbury in the chair, a resolution was moved by H. F. Pullen and seconded by S. E. Parker that a committee of the Board be appointed to urge upon the Canadian National Railways land department and with the Provincial Government the desirability of putting on the market, in suitable small parcels, some

of the land held by them.

In urging the passing of his resolution Mr. Pullen explained that it was almost impossible to get land in this district nearer than Porcher or Smith Island. What was wanted was to have some of the land which was at present tied up, placed on the market so that it would be available at any time to prospective purchasers. Many people would like a little place outside which they could gradually improve and eventually use for either a suburban residence or for gardening purposes.

Thos. McClymont thought there would be no demand for such land but other members of the board thought otherwise and the resolution was passed without opposition. The chairman allotted the duty to the publicity committee of the board.

PRINCE RUPERT AND RAILWAYS

General Passenger Traffic Manager Explains Why Discrimination Against City

PRESSURE FROM STATES

The Board of Trade at its meeting last night decided to take up further with the Railway Company the question of excursion fares to Prince Rupert from eastern points and a committee still has the matter in hand and will urge upon the railway authorities the desirability of a change.

The matter was discussed at some length last night at the regular meeting of the board following the reading of a letter from H. H. Melanson, general passenger traffic manager in regard to it. The letter follows:

Referring to recent telegraphic interchange. The points at issue we understand are, summer excursion fares from eastern points to Prince Rupert, and passenger fares to Alaska.

In order to make the situation clear I feel that the following explanatory notes may be considered in order, especially as your telegram indicates that there is a serious discrimination against Prince Rupert.

First it may be mentioned that insofar as one-way fares are considered Prince Rupert is placed on exactly the same basis as Vancouver, notwithstanding that the distance to Prince Rupert is 186 miles further than to Vancouver, and this applies from common points in Eastern Canada as well as Eastern United States.

The situation as regards round trip fares is:

Prince Rupert has adequate round trip representation from Canadian National territory Port Arthur and West.

United States Pressure

With regard to the situation east of Port Arthur: Prior to 1918 the Grand Trunk Pacific tendered a basis of summer tourist fares to Prince Rupert to its eastern connections, and which was accepted by such eastern connections in Canada as well as the United States.

Effective with the summer tourist traffic of 1918 the United States lines served notice on the Grand Trunk Pacific to the effect that unless summer tourist fares to Prince Rupert were discontinued, representation in their tariffs (then under United States Railroad administration) would be discontinued; not only to Prince Rupert but to all points served through Prince Rupert, i.e., Vancouver, Victoria, Seattle and all points south.

In order to protect the interests of Prince Rupert, and after exhaustive negotiations, we were finally able to secure for Prince Rupert the representation it enjoys today.

As intimated in Mr. Dalrymple's telegram to you, the question will be re-opened with the United States lines.

Name Any Fares

There is no denying the fact that the Canadian National Railway can arbitrarily, from its own territory, name whatever fares it may wish to Prince Rupert or any other point on its lines; but the effect of such a position, whether it be for Prince Rupert or any other point, could be most detrimental both to the interests of the railway and the points it aims to serve.

Under present tariff conditions Prince Rupert has, within the last few years, enjoyed a large volume of tourist traffic from the United States as a result of the representation now existing in United States Lines' tariffs, which, in our opinion, far exceeds in value, to Prince Rupert, the round trip business (going and returning same route), which we might hope to secure from Eastern Canadian points served by the Canadian National Railways.

Further, there is no denying the fact that the Canadian National Railways does not control the rate situation in United States territory, from which it now draws valuable traffic, and any antagonistic move we might make could have a most depressing effect on our transcontinental traffic to North Pacific coast points including Prince Rupert, for which we are waging an active campaign as against United States Pacific coast destinations.

Thousands of Tourists

In past years we were able to

secure thousands of tourists from the United States to take our triangle tour in which Prince Rupert played a prominent part, and again this year we have a large number booked for similar tour, which would not be possible were we denied representation in United States Lines' tariffs.

In case it is not thoroughly understood what is meant by representation in United States Lines' tariffs, I might explain that each railway publishes tariffs showing through routes and destinations via which its agents are authorized to sell tickets, and if representation is omitted to a point, or via a certain route, agents are not authorized to sell tickets to such point or via such route.

Circuit Tours

Might I also mention that our experience is that practically all passengers from eastern territory, both Canada and United States, visiting the coast on round trip tickets desire to make a circuit tour, in which Prince Rupert, at the present time has complete representation, and perhaps a good illustration of this is in the fact that, although we quote all-year round trip tourist fares from our Duluth territory to Prince Rupert, going and returning the same way, we cannot find there was one ticket issued during the entire year of 1924.

Insofar as Alaska is concerned, a passenger may go to Skagway and return via Prince Rupert on the same terms as via Vancouver or Seattle. I note you mention in your telegram to Mr. Dalrymple that we do not give a passenger the benefit of what you claim it costs us to take care of him from Prince Rupert to Vancouver. This is not correct.

Advertising City

Reference has been made to the question of advertising in which you refer to our ad. appearing in the "National Geographic." In this particular "ad." we are advertising our \$90.00 rate from Vancouver in

competition with parallel or competitive services drawing from the south. If you have had an opportunity of looking over our publication including our general advertising activities you will find that Prince Rupert has been given special prominence. In addition to this I think we have already intimated to you that we will be delighted to distribute any advertising matter prepared by the City of Prince Rupert, outlining its attractions to the tourist.

In closing, may I be permitted to add that any thought to effect that Prince Rupert is being discriminated against, either in tariff representation, advertising or solicitation, is entirely erroneous, and the fact that we were able to send through Prince Rupert last season, over one thousand tourists from California alone, is in our opinion at least, a fair demonstration of our efforts to popularize Prince Rupert and our Skeena River scenery.

Personal Interview

As the situation may not be entirely clear to you, I have requested Passenger Traffic Manager B. Creelman, of Winnipeg, on his next trip to the coast, to make it a point of seeing the members of your board and possibly explaining the situation more fully.

The finals of the Prince Rupert Tennis club will take place on Monday evening, when the following will play: McMaster and Hastie will meet Balfour and Lambie in the men's doubles. Miss Caroline Mitchell will meet Mrs. F. Henning in the ladies singles, and Miss Curtain and E. W. Marentelle will play Miss Mitchell and McMaster in the mixed doubles.

Capt. McCroskie, who suffered from being run into by an auto a few days ago, is still in bed, and from the nature of his injuries, it seems probable that he will not be able to be around for two or three weeks. At first it was feared that the Captain had some ribs broken, but later examination has shown that this is not the case. He is, however, sore and is scarcely able as yet to move in bed.

The fourth annual personally conducted tour of the C. N. R. from the prairies will reach the city by special train on July 11. The party, which will number well over two hundred, will be in charge of S. M. Green, who is special passenger representative of the C.N.R. from Regina. Several stops will be made by the party en route, including Mt. Robson, Buckley Gate, Kitwanga and Sunnyside cannery. At the latter place opportunity will be given to observe the cannery in full operation, and Field Strang, who has been host to these parties for the last three years has again offered to assist in every way possible with their entertainment. From here the party will proceed for the south on the Prince George.

H. B. Rochester, who has been spending a few days at Terrace is expected back in the city by the afternoon train.

Miss Dorothy Bills left on yesterday's train for her home in Alberta, accompanied by her nephew, Donald Norton.

Miss Nora Rivet, of the staff of the Borden Street school, is leaving for Vancouver today. She will spend the holidays with relatives there.

D. Lidstone received the sad news yesterday that his brother in Victoria had passed away. While he has not been enjoying the best of health recently, the last advices received a few days ago were to the effect that his condition was not critical, and consequently the news comes with a distinct shock. Mr. Lidstone had made preparations to go to Kelichikan for the baseball series when the wire was received. He and his brother, T. Lidstone, are leaving for the south tonight on the Prince Rupert.

Leishman Clothes

Are You Well Dressed
—Or Just Clothed

There's more in good clothes than just good materials. There's style, becomingness, comfort, good form, appropriateness to purpose and occupation.

We look upon each customer as having a distinct individuality, not as a type of standardized proportions. That's why men who go out of our store are men who always look well-dressed. We handle the clothes of the leading clothing manufacturer in Canada — LEISHMAN CLOTHES. They are clothes that turn out a well-dressed man—not merely a man with a suit of clothes covering his back. "QUALITY" is to be seen in every line of them—in their style, fabrics, appropriateness and unusually long wear.

SMITHERS HAS CELEBRATION

Sports and Games During Afternoon Followed by Dance in Evening.

WINNERS OF RACES

SMITHERS, July 4. — The Smithers Athletic Club held their annual sports day on July 1, and the event proved as successful as those held in former years, the weather being exceptionally fine for the day and the large crowd in attendance from all parts of the district thoroughly enjoyed the program that had been arranged for their entertainment.

Both the baseball and football teams were over from Telkwa to play matches with the local boys during the afternoon, the two games were won by the Smithers teams, the baseball score being 10 to 9 and football 2 to 1. The play throughout was of a high class and the games keenly contested.

While the games were on, and between times, A. G. Windt, with his pockets full of money for the prizes, and a crew of assistants, ran off a program of athletic events of over forty numbers, every one of which brought out a big list of entrants who made the competition interesting in every event.

The winners of the races were as follows:—

- Toddlers race, 4 years and under—Henry Anderson, 1; six tied for second.
- Boys race, ages 4 and 5.—Hemen Groat, 1; Harold Windt, 2; Raymond Solombier, 3.

BIG PARTY IS AT KETCHIKAN

Local Enthusiasts To Number of 180 Left Last Night on Princess Royal.

A very good crowd of local sport enthusiasts and members of the local Elks paraded behind the pipe band last night to the Government dock, and there embarked on the Princess Royal for Ketchikan to take part in the celebration of the American National day. In all 180 persons left on the vessel.

The program as outlined consists of two baseball games at Ketchikan and two at New Metlakatla, and in addition the local Elks are putting on a midnight frolic tonight before the boat leaves for the return trip.

The program, which will be put on by the local organization is a very diversified one and includes dancing, singing, minstrel show and a number of skits, for which they have been practising for sometime. The pipe band which led a procession through the streets of Ketchikan this morning, also will play for the Bailey sisters as they dance the Highland Fling and render several other numbers. The members of the band, five pipers and four drummers, who were able to make the trip were—Jas. Sturgeon, Alex. McDonald, S. Leslie, Alex. Bruce, Alex. Alvis, S. Currie, W. Hamilton, A. Mitchell and J. Kelly. The Minstrel troupe will consist of J. Cobb, G. Waddell, A. Mack and Alex. Mitchell, and these will be assisted by Misses Laura Frizell, L. Fisher, Bailey, Jones, Johnston and Mrs. Larsen. Harry Astoria and E. Sabourin will sing and also dance, and Howard Frizzell and W. Mitchell will contribute with dances, assisted by several members of the company.

The program is a very good one and will doubtless prove a good drawing to the people of Ketchikan. The party expect to sail on the return trip about midnight tonight.

Sport Chat

The New Madison Square Garden, now under construction in New York City, will have a seating capacity during boxing bouts of 19,500, during ice hockey 15,000, and during six day bicycle races, 14,500.

No one seems to have been successful as yet in introducing a game in which nearly everyone can take part. The tendency in sport is to let the other fellow do our playing for us. The growth of the professional has not always been a good thing for sport in that it has tended to eliminate many from the games, who, while not expert in their line, enjoy sport for the sake of sport and the general good it does for one's physique. It is a good thing for everyone to be able to play, even though not professionally, in some of the games which are popular today.

After the return of the baseball excursion from Ketchikan the various city sport attractions will be resumed. There are several items which will be of particular interest both in baseball and football. The playoff for the Dominion Day cup undoubtedly will attract a very good crowd. The regular schedule in the league fixtures will be resumed both in baseball and football and it is to be hoped that it will be possible for the schedule to be

- Girls bun eating contest.—20 entries, four tied for first place.
- Vice President N. H. Kilpatrick and the officers of the club were kept on the jump all afternoon giving their attention to the demands of the crowds at the various booths, the country store being the main attraction for the children who continued to buy until its entire stock of several hundred articles was sold out. The hot dog stand, coin table, refreshment booth and the roulette wheel booth, with its big display of choice presents, were also well patronized.

Dance in Evening.

The celebration closed with a dance held in the Town Hall, that made a fitting ending to a most happy day. The refreshments were choice and plentiful, the floor excellent and the music, supplied by the Crescent Orchestra, of the best, making a combination that kept the merry makers dancing until a quarter after four in the morning.

ROTARY MAKES PLANS FOR ITS HOLIDAY

Boys' Games and Sports to be Feature of Event With Ball Game Between Rotary and Gyro

There was a meeting of the committee of the Rotary Club having in hand the Boys' Field Day on Thursday next. Further arrangements were made for the baseball game between the Rotary and Gyro clubs. As some of the players have not been using the bat and mitt for some years it is expected that there will be interesting developments.

A football match has been arranged between the Booth School and Borden Street and a good list of prizes will be offered for boys' races.

There will be no races for girls although the girls will be admitted to the grounds free the same as the boys. Ice cream and other refreshments will be sold on the grounds.

The Holiday

The nauticals, to a man, took due advantage of the wonderful summer weather on Wednesday, Dominion Day, and the waterfront took on a forlorn appearance with the absence of the busy bees. Practically every available fishing boat in port was rushed into commission, and those who did not stay in town for the Sons of Canada celebrations were chugging forth early in the day on picnics to Digby Island, Metlakatla, Tuzwell, Tremayne bay and other local beauty spots.

Halibut Business

The volume of halibut landed this week has been well up to the average although the holiday on Wednesday interfered with the marketing of fares somewhat, due to the fact that the Fish Exchange did not function on that day and caused considerable "bunching" up of landings and a consequent drop in price for both American and Canadian fish. On Thursday 346,300 pounds of halibut was put up for sale when the price dropped from 15 cents and 16 cents to 8 and 9 cents for American and from 14 cents to 9 cents for Canadian first class fish.

A variable brand of weather has been experienced on the high

spots, ranging from calm and mild to blustery and cold, although it has not in any great measure interfered with actual fishing.

General business on the waterfront keeps up well although collections are reported to be hard. The local shipyards and machine shops continue busy.

Arrivals

The arrivals this week include: American—Akutan, Artic, Reliance, Mars, Majestic, Middleton, J. P. Todd, Castor, Kennebec, Emblem, Silka, Vansee, Resolute, Arrow, Annie J., Alki, Tatoosh, Wabash, Chum, Hazel H., Rambler, Grayling, Republic, Baltic Lansing and Yokon.

Canadian—Cape Spear, Point May, Marguerite, Ternon, Brant, Cape Beale, Tillie S., Alken, Margalice, Toodie, M. & L., Dolphin II and Ringleader.

Pete Bruno, the Cow Bay tenor-sorial artist, is building another seven roomed house on Fifth Avenue East, on the latest up-to-date plan. This makes the second house to go up on Pete's account recently and speaks for itself as to his business acumen.

The Tillie L., a new seine boat, has recently been completed at the Suga yards for the Claxton cannery and will be put into active commission early next week.

A Good Sport

A little while ago Alex. Lamb, who presides over the weights and measures at the Gold Storage plant, went and won a well made dollar in a bet with the result that he felt so flush he invited Jack May, officer commanding time clocks at the big plant, to go up town with him, and assist in spending the total sum. After due deliberation, Jack decided to accept the invitation and on a warm Prince Rupert evening the two monied men proceeded town wards, Jack intimated that his thirst needed a little attention so Alex. agreed to do the necessary. It did not take long for the dollar to vanish in froth and Jack had serious thoughts of the money squandering era coming to an untimely end. To guard against this he commenced to take a few handfuls of salt and so resurrect a convenient thirst, which idea worked perfectly from a thirst gaining standpoint. However, after several pleadings to Alex. that the thirst was still a burning question, and promptly being told that the thirst quenching appropriation was entirely exhausted, Jack unwrapped a piece of ice from his pocket and laying it on his tongue proceeded to Seal Cove in a sorrowing condition.

The tug R. F. M. leaves today for Hastings Arm, with a scow of fuel oil in tow for the Vancouver Salvaging Co.'s dredge, which is engaged in digging up gravel for the elevator superstructure.

The fishing schooner Onah, Capt. Harry Selig, is just off the Ward ways after undergoing a general spring cleaning and looks fine in a new coat of white paint.

Miss Rupert II.

The 14-foot Frizzell speed boat Miss Rupert II, is pretty well in shape and will soon be taken out on her first trial runs preparatory to engaging in speed boat races during fair week. The engine is finally installed, a 90 h.p. Emmerson, and the whole boat has been covered from bow to stern with canvass. Bob Frizzell has done most of the work on her during the winter. It is expected the boat will attain a speed of around 25 knots and

may be more. It is expected that Ketchikan will send a speed boat down here in September to compete with the local dust raiser.

N. M. McLean, the boat builder, left for the south last Saturday on a business trip to Vancouver and Victoria. He will be returning in about a week's time.

Another Dreadnaught

It is not generally known that a formidable looking dreadnaught is being overhauled right in the centre of the city but such is the case. While the boat will not be armed at present, gun emplacements have been prepared in case of attack by the Irish or Swiss navies. The boat, when completed, will be put on the Salt Lakes run to connect with the palatial summer camp owned by Fire Chief McDonald, and will be powered with a double ended contrivance driven by oars.

The Canadian schooner Scrub, Capt. Prince, is up on the Ward ways for painting and overhauling.

B.V.D.'s Saved The Day

All was not joy and happiness at the picnic staged last Sunday at Digby Island by Capt. Axel Olson with the good ship Rose Spit, and but for the fact a member of the party was a good swimmer and sported a pair of Sunday B. D. V.'s the party would have been picnicking yet. The day was doing fine and everybody was hot-up over the manner in which the arrangements were being carried out, when Conrad got sleepy, and this is where the dirty work started. Conrad took the rowboat and pulled out to the schooner, which was anchored some 300 yards from shore.

Gaining the boat he soon sought the comfort of a downy bunk and like a good sailor fell asleep with the rowboat securely tied. It was when the party wanted to return to the schooner that the catastrophe struck them with a direct hit and they discovered the rowboat was gone. After shouting loud and long, in an effort to awaken the sleeper, without effect, it soon became apparent that something drastic had to be done. Then Arthur's swimming prowess came to the fore, and like a worthy son of Neptune, he vowed he would swim out and either get the rowboat or continue on to the city and bring another one back with him. Quickly stripping down to his nifty B.V.D.'s Arthur took the plunge while the remainder of the party held their breath or cheered. It was a wet cold man who landed with the rowboat, but it was a happy and comfortable crowd that in turn took a seat and so away to the Rose Spit and home. The motto is "When stripping to the balmy breeze, be sure you're wearing B.V.D.'s."

The power boat Edenshaw, Capt. Edenshaw, which has been in port for several days on business, returned to Massett, Q.C.L. on Thursday morning.

Weldon McAfee of the Georgetown mills arrived in port on Monday aboard the tugboat M.T. 3, and was admitted to General Hospital for medical treatment.

Gordon Kerr has completed building a 22-foot speed boat, which will be powered with a Ford marine engine. The boat was built on Gordon's ways near the Imperial oil dock.

Laurie Lambly, owner and skipper of the launch Oh Baby, is packing for the Millerd cannery, having taken over command of the power boat Fujihamo for the summer.

Power boat M. T. 3, Capt. R. Green, flagship of the Bushby towing fleet, brought in several scowloads of fish boxes for the local fish houses and dimension lumber for the Big Bay Lumber Co.'s yards this week.

The tugboat Tide Rip, Capt. Jim Morrison, of the Bushby towing fleet, is on the McLean ways for hull caulking.

The schooner W. & F., Capt. Pierce, which sank on a reef in Porpoise Harbor on Monday last, was towed in on Wednesday evening by Capt. Ketchum's Wiggam, and was taken up on the dry dock for inspection on Thursday morning.

A Sad Bust Up

We are indebted to John Bostrom, farmer, and incidentally mayor of Grassy Plains, near Francois Lake, for one of the finest specimens of a badly busted up McLaughlin engine to reach the city for years past. The engine is on exhibit at the Akerberg-Thomson shops and shows in detail what a splendid job can be made of running a perfectly good engine. All farmer John did was to leave the water in the engine during the winter and the warm weather did the rest automatically with the result that a piece of metal, forming the wall of the cooling chamber was broken out, leaving an aperture as large as the early doors to a vaudeville show. All speed is being made by the blacksmith to mend the break as John says the absence of the car running around the farm has so upset the cows and chickens that the revenue of the place is being seriously interfered with.

The power boat B. C. Kid is going seining for the Somerville cannery at Bunsdale.

Someone asks who the waterfront celebrity was who got his hand trodden upon when taking a cigar?

The power boat Eiteen, Capt. Walter Shaw, is to be taken up on the McLean ways for recaulking.

It was a mean trick of Capt. Harry Ormiston to cut off all the buttons of the pair of pants he sold to a member of the crew of the tender Birnie. If Harry only realized the loriare of wearing pants without buttons he would never do it again. Even by leaving just one lone button the situation is sometimes saved as a good strong button will often carry a lot of responsibility, if properly wired on.

SECONDS MOTION OF CANADA'S NOMINATION

Ownership of Vast Northland Not Objected to by Juncau Newspaper But Subject of Squib

(Juneau Empire)

Perhaps it is the hot weather that causes people to discuss seriously Canada's claim to all the land between the Canadian mainland and the North Pole no matter who might discover it. In the first place the precedents have established the rule that lands belong to the discovering country. In the next place, and more important, the ownership of land within a dozen or so degrees of the North Pole would be a liability rather than an asset. The only possible use such lands could be put to would be as landing fields for airplanes, and ownership of such would only entail the assumption of the cost of their maintenance.

Under the circumstances one would think that Canada would feel lucky if some other country could be induced to undertake the ownership of North Pole Basin lands, if there are any such lands. However, inasmuch as Canada has nominated herself for the ownership we can see no good reason why we should not second the motion.

FIVE CENTS A POUND HIGH TEN YEARS AGO FOR FRESH HALIBUT

CALATHUMPIAN PADADE FEATURE AT TERRACE DOMINION DAY EVENTS

TERRACE, July 4.—The Sons of Canada staged a most successful Dominion Day celebration here. The proceedings opened with a calathumpian parade. There were a number of floats, including the Native Sons, the Rebekahs, the Oddfellows, and the B.D. Bridge Club.

In the foot parade which was headed by the Native Sons' band was a clown who afforded most of the fun, an old fashioned couple from the country, a negro, and a toy automobile decorated with maple leaves. The prizes went to the clown, Mr. Murin, and to the negro, Miss May Smith.

The afternoon was celebrated by a baseball match which was much enjoyed in spite of the local team being badly defeated. It was followed by races of all kinds. In the evening there was a boxing match followed by a tug of war.

The dance in the evening proved one of the most popular of the season.

PRINCESS ROYAL DELAYED ON TRIP

The C.P.R. ss. Princess Royal, Capt. Cliff, arrived in port last evening about midnight. She was under charter to the local Elks to carry a party to Ketchikan and consequently had to postpone several calls on the northbound trip to be taken care of on the southbound journey.

During the call at Ocean Falls the boat went aground on the sill which has accumulated at the dock there, and she was further delayed at Butedale when it was ascertained that one of the chains of the steering gear had been broken. Notwithstanding these delays she was able to proceed from here with very little delay on the excursion trip.

TERRACE NOTES

Miss Etanda Marsh left on Wednesday for the east where she will visit Toronto, Montreal and Lindsay, Ont.

Mrs. Halt entertained at bridge on Wednesday, the party going to the dance later.

Tom Marsl, who has been attending school at Prince Albert for the past two years, returned home Monday.

A. Gooderough was a business visitor to town this week.

Mr. and Mrs. Geo. Clotier are visiting Terrace this week.

Miss Grogan and Miss Grant are business visitors to town in connection with the new Dictionary of Facts.

Mr. and Mrs. Geo. Keith arrived home after two year's absence.

NEW FUR COMPANY OPENS ON THIRD AVE.

Furs Will be Made Up or Remodelled on Premises by New Concern

With the establishment of the B.C. Fur Company in the city, under the management of A. Richmond, a furrier of many years experience, the citizens of Prince Rupert will be assured of expert workmanship in the remodelling and making-up of furs on the premises thus saving time, express and insurance.

The B.C. Fur Co. has taken over the premises on Third Ave. recently vacated by Commonwealth Trading Co., next to G.W.V.A., and the services of an expert furrier from the south have been secured. The very latest machinery has been installed and it will be the object of the company to give their customers a fur service second to none in the province. A feature of the fur service will be that a customer can select furs and have them made up in any style while they wait.

In addition a special offer is made for one month only to cape and clean fur coats and capes for \$9.50, a service which usually costs around \$30.

Harold Lloyd
— in —
"Hot Water"

A cyclonic comedy of newlyweds and meddling relatives. The uproariously funny story of a granite-hearted bachelor getting his when he double-crosses the brotherhood of fancy-frees and falls for a pair of soft-boiled eyes. Her mother—with the disposition of a disappointed wildcat—her brother—who got up at 4 a.m. so that he would have a longer day to loaf—her little brother—a sweet child you'd love to take on your knee—face downwards. It's great stuff.

They chided him, ridiculed him, laughed at him, offered condolences and he replied, without a blush, "Oh, well, but she's different." Then their turn came. It came upon his return from the honeymoon. Laugh? They held their sides and shrieked. They howled until they choked.

Was he getting his? Was he? Oh, sweet, singing elephants! Oh, dancing, prancing nightingales! Was he? For the love of pink-toed sea-serpents don't miss seeing what happened to this hardened of the hardened. You'll yell with joy when her family come on a visit.

You know the little ditty care-free bachelors sing when one of their number slips and turkey trots down a church aisle. They warbled that to this steel-willed man, who said no woman would ever get him, when he surrendered his freedom.

Strong cast, including Harold Lloyd, Jobyna Ralston, Josephine Crowell, Chas. Stevenson, Mickey McBan.
