VOYAGE—Two pretty Netherland girls wave a welcome to the Holland-America liner as she steams under Montreal's Jacques Cartier bridge on her maiden voyage from the first foreign passenger ship to make a maiden voyage to Canada, the Maasdam, which was in tribute to Canada's part in the liberation of Holland during the Second World War. (CP PHOTO)

Small Plane Missing On Coast; Seiner Sinks Near Charlottes

Crew Safe, But Dollina Reported Total Loss

The 45-foot seining boat Dollina ran aground off Rose Spit in Dixon Entrance some time during the night but all crew members are reported safe.

While details of the mishap were unavailable at press time, the Dominion Fisheries Department patrol boat Laurier, which was nearby at the time, said it appeared as if the seiner will be a total loss.

Huge waves in the area are reported pounding the craft which was enroute from Masset to Prince Rupert.

Owner of the vessel is listed as Dollina Fisheries, Vancouver.

Reports received here said the crew were picked up by other seiners in the vicinity. The Laurier did not know how many were aboard.

Salmon Closure Imposed For Conservation

G. S. Reade, supervisor of fisheries here for the Federal department of fisheries, said today the closing of fishing areas for conservation purposes has no relation to the cessation of canning operations by private companies.

"Each year, during the time the salmon schools are migrating toward and up the rivers in which they spawn, the Federal department of fisheries directs that the salmon nets be lifted for certain periods to assure that sufficient breeding stock escape to provide for the future.

"Since there are six different varieties of salmon, and since with some overlapping, they come to spawn at different times of the year, and since even the same kind of salmon do not run to the 11 different fishing areas of the north B.C. coast at the same time, to provide this necessary escapement, directives are issued to fishermen concerning the lifting of nets.

"Generally speaking, as soon as a sufficient supply of one variety has escaped by reason of a closure, the area is opened again to fishing for the succeeding run."

Mr. Reade said the pattern of opening and closing areas "is being worked this year in the same manner as other years, and since salmon can be sold fresh, frozen, smoked and salted, as well as canned, it is not changed by the fact that the salmon canneries may cease to operate.

"Some fishing areas are open and others will be opening shortly so that a portion of the autumn varieties of salmon, chums and coho can be caught."

STUDIES AIR STRENGTH—

Air Marshal W. A. Curtis, 59, chief of Canada's air staff, is in Europe inspecting air fields allocated to the RCAF on the continent and studying others suggested for Canadian use.

Three squadrons of jet fighters are scheduled to leave in October for Europe. It is the second of four wings Canada has promised to have in Europe by 1954. Air Marshal Curtis was born in Havelock, Ont., and as a fighter pilot in the First World War was credited with 13 German planes. Between wars he was in the reserve of the Canadian Air Force. His rise was paid in the Second World War and in 1941 he went overseas.

Searchers Held Aground By Fog; CPA Keeps Alert

A piper cub plane en route from the United States to Alaska is reported missing between here and Port Hardy.

RCMP here were advised that the plane, piloted by a man named "Gaepano," left Port Hardy at 10:30 a.m. yesterday. His destination was Annette Island, off the southern tip of the Alaska Panhandle.

The little plane is reported found 40 miles north of Port Hardy. Press time reports said G. C. Upson, department of transport inspector here has been called to the scene. He will fly to Port Hardy and there join RCAF air-sea rescue unit. No further details were available.

The two-seater plane is silver color and has red trim. All marine craft have been alerted to watch for the tiny craft. Registration number on the plane is 1441A.

FOG HINDERS SEARCH

Search planes were scheduled to take off from Port Hardy and Sandspit this morning to search for the missing machine but were thwarted by foggy weather.

Canadian Pacific and Queen Charlotte Airlines here were also advised and asked to be on the lookout. CPA were unable to leave the base at Seal Cove this morning because of low-hanging clouds, but CPA officials said their direct-flight plane would leave on time at 3:10 p.m.

Crew aboard the plane would be on the lookout and report any signs of the plane.

No Warnings, But Tickets For J-Walking

Any ideas that the city detachment RCMP would just warn citizens today against jaywalking on Third Avenue were dispelled this morning as officers handed out tickets to offenders.

Corporal Ed Anderson and two constables began patrolling the main street at 8 a.m. and before noon had issued "an unknown number of tickets."

One man caught walking from the south to the north side of Third Avenue opposite the post office was beckoned by a police officer, who originally intended to warn him, but the offender made the mistake of walking back across the street to talk to the officer.

"City council passed this new traffic by-law for a reason," said police, "and we intend to enforce the regulations."

While none of the offenders wished to disclose their names for print, most agreed that the ban on jaywalking "is a good idea, for most people."

One woman, who spends time downtown every day shopping and meeting friends, said:

"I don't like this new law. I waste too much time going down to the corner every time I want to cross Third Avenue."

However, in order to save the \$1 fine for a first offence, she was seen crossing the street at Third and Fulton between the crosswalk twice before 10 a.m.

Friends said she and her girl friends are "really mad" because they have to walk to the corner to cross the street to a coffee shop.

As another prominent said:

"It isn't only the peasants who are going to be clipped for jay-walking. Everyone's going to pay if they try to beat the law. I think it's a good idea."

Motorists were driving cautiously through the downtown area and many were noticed stopping at crosswalks to give pedestrians the right-of-way.

Big-4 Veto Austrian Anti-Jew Law

VIENNA, Austria (CP)—Big-Four powers have vetoed an Austrian law which would have permitted pre-war "Aryanizers" to play their hands for the second time on Jewish property they gained under Hitler.

The rare agreement among Russian and western powers was reached by the executive committee of the four-power Allied Control Council for Austria, it was announced today.

Prince Rupert Salmon Derby Opens Sept. 6; Prizes For Coho, Springs in 5-Week Event

Prizes will range according to number of tickets sold in the derby, but estimates of the derby committee, headed by Mr. Bacon, are a minimum of \$1,200 for prizes.

City merchants also will be approached to donate prizes in the form of merchandise.

The derby is planned as an annual event. Rules and regulations will be published in this newspaper as well as on pamphlets to be distributed.

Tickets for the derby will be available next week, date to be announced.

For more information on Prince Rupert's first salmon derby, see each edition of the Daily News from now until derby opening.

Big 3 Tell Russ Germans Must Vote

LONDON (CP)—Britain, United States and France have agreed informally to tell Russia that free Germany-wide elections must be held before the writing of a peace treaty for all Germany, informed sources said today.

A Foreign Office spokesman announced at a press conference that the three-power committee will meet in London next week to draft a formal reply to the Moscow note which proposed a four-power conference on German reunification not later than October. It suggested the following agenda:

The German peace treaty; formation of an all-German government, then investigation of election conditions throughout Germany.

New Admiral For Navy

OTTAWA (CP)—The navy added a new rear admiral to its list today with the announcement of promotion of Commodore James C. Hibbard, 44, D.S.C. and Bar, of Victoria and Ottawa, to be acting in that rank.

Defence Minister Claxton announced that elevation of Commodore Hibbard, who is Chief of Naval Personnel, will be effective Sept. 1 along with promotion of three other senior naval officers to rank of Acting Commodore.

Salmon Run Fails in Alaska

JUNEAU—Rains finally came to southeastern Alaska, but the salmon didn't.

Earlier, fish experts thought the drought-like weather, with consistent lowering of small streams, was responsible for the scanty run of pink salmon. But when August rains raised the stream levels without doing much for salmon runs, evidence seemed to be pretty clear that it was just another light year for pinks.

Even-numbered years have been poor cycle years for pinks in recent years. The 1952 drop-off is repetition of 1950.

Some optimistic fisheries men still are hoping for an 11th hour run, and a possible season extension, but C. H. Baltzo, acting regional director of Fish and Wildlife Service, said the outlook is not good. Season closes at the end of this week.

UNDERGROUND SYSTEM
At last count Canada has 9390 miles of underground telephone conduits.

Pinchi Native Committed on Murder Count

PRINCE GEORGE (CP)—Francis Peter Dennis of remote Pinchi Creek Indian reservation was committed for trial Thursday on a charge of murdering a man in a fight to death on Wilderness Lake.

Stipendiary Magistrate George H. Hallett committed Dennis after a preliminary hearing which was adjourned while a new interpreter was brought, 75 miles from Fort St. James.

Change in interpreters was ordered after defence counsel Robert King objected that the interpreter being used at start of the hearing was a brother-in-law of the man Dennis is accused of killing.

Dennis, arrested as he prayed in church at Fort St. James, is charged in the death on August 2 at Stuart Lake of William Austin, 54, of Grand Rapids Indian reserve. Fort St. James is a settlement on the shores of Stuart Lake.

The 38-year-old accused is expected to stand trial at the fall assizes in Prince George.

Convent Doesn't Mean Nunnery For 18-Year-Old Quintuplets

NORTH BAY, Ont. (CP)—The Dionne quintuplets, now 18, will enroll at the Nicolet Convent in Nicolet, Que., during the next few weeks.

The convent, operated by the Sisters of Assumption, is on the outskirts of Nicolet, a town of 4,000 on the south shore of the St. Lawrence River, opposite Three Rivers.

In an exclusive interview with the Daily Nugget, Oliva Dionne, the girls' father, disclosed for the first time Thursday the identity of the school where his daughters will continue their education. He said he hoped the girls will have the opportunity for a "normal" life.

"Just because they are going into a convent doesn't mean they intend to become nuns, either," he said. "They haven't made up their minds what to do. Mrs. Dionne and I will leave the choice entirely up to them."

Railway Men See Big Future For Rupert

The Canadian National Railways is "tremendously interested in the development of Canada, in particular B.C.'s present industrial boom and will keep pace with expansion."

This is the view of A. Percy Laite, passenger traffic manager for the railway at Montreal, who spent a few hours here Thursday before heading for Alaska aboard the Prince George.

Mr. Laite followed by only a day his assistant, Joseph N. Vincent, who went to Ketchikan aboard the Prince Rupert and returned last night. Mr. Vincent leaves tonight for the east by train after discussions with CN officials here.

Both men followed by only a few hours the inspection trip here of John Pudlen, vice-president of the company, and his assistant, H. N. Craig, who are en route to Vancouver.

All three expressed great interest in the development of Prince Rupert and said they believed this city faces one of the best futures of any city in Canada.

Mr. Laite said he is checking not only the CN service but agents across the land. A veteran Canadian National employee, he was in the New York office for 20 years and served six years in Washington, D.C., handling CN matters, before receiving his appointment at Montreal.

Chilliwack Flying Ace Wins Award

WINNIPEG (CP)—Happy Wells of Chilliwack last night was awarded the Webster Memorial Trophy, emblem of supremacy among amateur fliers.

The Pacific zone representative from Chilliwack Flying Club, was adjudged the best of six regional representatives competing in tests at Stevenson Field here.

Steel Shipped From Iron

OTTAWA (CP)—For the history, a British Columbia plan to ship from B.C. iron ore to a managing director of Steel Ltd., an industry company, and a \$4,000,000 electrical site of iron ore in Vancouver Island.

The output of steel shipped to the rolling mill in subsidiary to be converted into rods, shapes and plates.

The furnace would be constructed near the American-owned ore deposit. Own-plant Company, a Utah Corporation, have been ore to Japan and the States.

Box Racers Ready For Derby

Touches are being made for the annual race to be held on Monday night.

Racers have been in a representative of the Walmouth, chairman of the Labor Council committee in charge of the event.

Magistrate Walter Vance will be official starter and Corporal Ed Anderson, assistant fire chief W. H. Hill and Doug Frizzell, president of Frizzell Motors, will be judges.

The derby is sponsored by the TLC, Frizzell Motors, representatives of General Motors here, and The Daily News.

Winner of the race—which gets away at 7 p.m. Monday, rain or shine—will receive a handsome trophy donated by Mr. Frizzell and \$50.

Second prize winner will receive \$25 and third will get \$15.

Three consolation prizes have been donated by women unionists.

The girls at Pioneer Laundry, sponsors of David Scabar, have donated a trophy for the car with the "best appearance."

Girls at Atlin Fisheries have given a trophy for the car judged "safest," and the girls at Canadian Fish & Cold Storage Company, Limited, at Seal Cove have given a trophy for the car judged the "strongest."

Mitchell & Currie construction company are building a ramp to be set in position at Second Avenue and Second Street and cars and trucks will be on hand to help the boys.

Contestants must be at the starting point by 5:30 p.m. Monday to get their cars checked and weighed. Total weight of the car and driver must not exceed 250 pounds.

Trucks will transport the cars back to the starting point after each heat.

U.N. Planes Launch Biggest War Attack

SEOUL, Korea.—Planes from four allied countries today hit Pyongyang, the capital and largest city of Communist North Korea, in the mightiest blow of the war.

Three waves of land and carrier-based fighter bombers bombed and strafed the big Red nerve centre in a record of 1403 sorties or individual flights, the United States Fifth Air Force and Navy said.

Black smoke poured from factories, supply dumps and troop billets at the outskirts of Pyongyang, forewarned of the raids by radio and leaflets.

A returning United Nations pilot said the city was "blowing up all over."

420 PLANES

Some 420 planes poured 4000 gallons of flaming gasoline and 597 tons of high explosives on more than 40 Communist targets during the dawn-to-dusk raids. They sprayed 52,000 rounds of machine-gun bullets on the area, the Air Force said.

Until today, the biggest single air blow of the war has been July 11, when more than 500 fighter bombers and Superfortresses poured 1400 tons of bombs on Pyongyang during 1063 sorties.

Weather

A ridge of high pressure has built up over most of northern B.C. and by evening will cover all regions. It is bringing southward a supply of cool dry air which will give clear skies and cooler nighttime temperatures to most sections.

Another weak Pacific storm will give some increase in cloud Saturday to the northern sections but all other regions should remain sunny.

Lowest overnight temperatures were 34 degrees at Prince George and 31 degrees at Fort Nelson in far northern B.C. However with the cool air and clear skies tonight, ground frost is likely to occur in several interior valleys. The sunny skies should then bring daytime temperatures back to near normal.

Forecast

A few patches of fog dissipating by noon this morning and Saturday. Sunny otherwise, with increasing cloud spreading over the region Saturday afternoon. Not much change in temperature. Light winds. Low tonight and high tomorrow at Port Hardy, 45 and 65; Sandspit and Prince Rupert, 48 and 64.

Winnipeg

WINNIPEG (CP)—Happy Wells of Chilliwack last night was awarded the Webster Memorial Trophy, emblem of supremacy among amateur fliers.

The Pacific zone representative from Chilliwack Flying Club, was adjudged the best of six regional representatives competing in tests at Stevenson Field here.

Billing System of BCHIS Returns to Half-Year Basis

OTTAWA (CP)—The cyclical billing system used by the B.C. Insurance Service, which has been blamed for a great deal of confusion among the public, will be abandoned by September, Health Minister Eric Martin said on Thursday.

Mr. Martin said it is felt the majority of people prefer hospital insurance premiums on a regular half-yearly basis.

Original intention of the cyclical billing was to be achieved by avoiding peak billing periods.

Boys Here Again: Ideas For Little Johnnie's Lunch

By KAY REX

Canadian Press Staff Writer

As that's the school bell ringing, it's time to think about what goes into little Johnnie's lunch.

Only profitable commercially but nutritionally as well... compared with many cuts of meat, fish is a relatively cheap source of protein-giving food."

Fried Smelts:
Heads and tails should be left on the cleaned smelts, which are then rolled in flour and fried in fat. They also may be dipped in egg and crumbs and deep fat fried. Serve with mashed potatoes and tartar sauce.

Fried roe and bacon:
One and a half pounds roe; 12 slices fried bacon; cooking fat; one egg; cold water; crumbs; seasoning.

Wipe roe dry and dip in crumbs. Dip again in slightly beaten egg to which two tablespoons of cold water have been added. Roll again in crumbs. Fry in deep fat. Serve with strips of bacon.

For a new kind of omelet: One cup cooked fish (flaked); one-half tablespoon flour; two tablespoons butter; one cup milk; five eggs; salt and pepper. Beat eggs slightly. Add all ingredients except butter. Place butter in pan. When hot turn in mixture. As it cooks prick with fork until it is of crumb consistency. Cook as quickly as possible. Serve on hot plates.

Moose Women Membership Group Meets

The regular monthly meeting of the membership committee of the Women of the Moose was held at the home of Mrs. Hope Beaton with eight members and two visitors present.

Cards were enjoyed, the winners being Mrs. A. Hamilton and Mrs. Maude Viereck. Delicious refreshments were served by the hostess.

Those present were Mrs. H. Tweed, Mrs. C. Wilkinson, Mrs. A. Hamilton, Mrs. H. S. Harrison, Mrs. M. Viereck, Mrs. H. Beaton, Mrs. L. Fedoruk, Mrs. P. Hubblie, Mrs. K. Faught and Miss Sylvia Johnson.

Yukon Student Wins Award For Painting

TORONTO (CP)—A tall blonde schoolgirl has flown from the Yukon to the Canadian National Exhibition here to receive on behalf of her school the \$100 prize for the best Canadian mural painted in a high school.

On her way down, six-foot Margaret Hewitt of Whitehorse had her first glass of milk from a bottle in two years, and her first pineapple sundae in that time. Another near-novelty was the sight of green grass again in British Columbia.

Up in the Yukon, she explained, they have no pasture and use powdered milk.

Before going to the Yukon, Margaret attended schools in Ontario, Quebec and Nova Scotia, moving around because her father's job as a flight-sergeant in the Royal Canadian Air Force keeps the whole family on the hop. She says she enjoys seeing new places, and doesn't want to stay in the Yukon forever.

Her prize-winning mural depicts Eskimo fishermen against distant mountains.

Paper Invites Contributions Of Social News

The Daily News endeavors to give all possible coverage of social and personal news of town and district and will appreciate contributions of such items. Reports of club activities, weddings, teas and personal notes are invited. To contact a reporter, phone 749.

UNHEALTHY JOB

Town and District Notes

Tom Sherry Elected Treasurer Of Celco Credit Union Group

Tom Sherry, machinist at Columbia Cellulose Watson Island plant, was elected treasurer of Celco Credit Union at a meeting at his home, 1431 Piggott Avenue, last night.

He succeeds Martin Nuyton who resigned.

Mrs. Eleanor Botsford succeeds Mr. Sherry as vice-president.

President of the group is Bob McBride and F. Vanier is secretary.

Mr. and Mrs. C. Stordale have left for a two-week vacation in southern British Columbia. Mr. Stordale is first aid attendant at Atlin Fisheries Limited. They left here by boat for Vancouver.

J. G. Bridle, Vancouver district supervisor for Woolworth stores, left here by air Thursday for his home.

The president of Timberland Lumber Company at New West-

Engineer Transferred To Kamloops

L. E. (Al) Smith, resident engineer and head of the Provincial Public Works Department here, has been transferred to Kamloops as divisional engineer. He succeeds S. D. H. Pope, who is retiring.

He will be succeeded by W. R. (Bill) Meighen, district engineer from New Westminster, who arrived by plane Tuesday to acquaint himself with the territory.

Mr. Smith expects to leave next week for his new post. His wife and three children, Sandra, six, Bruce, four, and two-year-old Joan, will remain in the city until Mr. Smith locates a home at Kamloops.

Mr. Smith, divisional engineer for the past two years, came here from Courtenay. Prior to joining the B.C. Government he spent four years with the Alberta highway department and worked at every airport along the Northwest Staging route for the Department of Transport.

Mr. Meighen has been in charge of Delta and Chilliwack district. He joined the Public Works department at New Westminster in 1946.

His wife and two children, Bobby, 10, and Dorothy, seven, will join him here shortly.

ROLE IN MOVIE—Carmen Gingras, 12-year-old daughter of a Montreal taxi-driver, has a role in the Alfred Hitchcock movie "I Confess," being made in Quebec city. She will play with such Hollywood stars as Montgomery Clift, Anne Baxter and John Hodiak. She plays the piano and says she has been interested in drama for "some time." (CP Photo)

Rum stories...

"By the great Horn Spoon, those were gales," said the bosun.

"Not only could we not round the Horn, but the fury of the elements was driving us backwards up the coast of America. Only by the unusual feat of using the bowsprit as a rudder could I keep us from perishing on those inhospitable shores. At this point, a flock of gigantic albatrosses sank exhausted on the deck. Hastily reviving them with tots of our cargo, Lamb's Navy Rum, I harnessed them to the vessel and encouraged them to fly in the desired direction. The upshot was that our time for the Boston-Sacramento run stood as a record for thirty years."

"That's a Rum Story," said the unsuspecting guest.

"Thank you, sir. I should enjoy nothing better than a Lamb's Navy Rum."

Rubber Armed Black Saves Dodger Game

NEW YORK (CP)—Rubber-armed Joe Black came to the rescue again Thursday as the Brooklyn Dodgers defeated Chicago Cubs 9-6 to protect their 9½ game National League lead over New York Giants. Black, making his 44th appearance of the season, took over from Clem Labine in the fifth and restricted the Cubs to one run the rest of the way to bag his 11th victory compared to two setbacks. Giants, meanwhile, coasted to a 14-7 triumph over Pittsburgh Pirates while Cincinnati Reds edged Boston Braves 5-4 in 11 innings in the Nation's remaining day game. In the lone American League day game, Philadelphia Athletics defeated Boston Red Sox 4-2 in the first game of a doubleheader. Second game was postponed because of rain.

SPORTS ROUND-UP

By GAYLE TALBOT

NEW YORK—A close friend of Eddie Arcaro of the country's best—and richest—jockey intends to quit the saddle after this year and his talents to training. Eddie, now riding at Longmeadow, issued a terrific blast at New York state racing for failure to match the rich stakes being provided by other sections.

A swarm of boxing writers cover the east for next week's heavyweight title bout between Rocky Marciano and Jersey Joe Walcott. Training camp in the Catskills in a pair of pontoon boats chartered by the International Boxing Club. Joe Walcott, down on the Jersey coast, continues to insist "this is my easiest fight yet."

Indian Indians have four remaining with the Deers, who killed them last season by winning four of five games right at the end. Ned Garver, who now for the Tigers, should be ready to resume his 20-year career of last year, and if he fires against the Indians the yelps of anguish you will come from Hank Greenberg, the Tribe's general manager.

Writers have opened a campaign to elect hammerin' owner of the Cubs at the National League's most valuable player despite the fact he is on the disabled list. From the looks like a fine opportunity for the selectors to prove they can't pick a winner to receive the

against "Little League" in York, Pa., writes to rap the League, claiming that on a miniature diamond stadium equipment through the year seriously handicapped kiddies later on when they counter the real article. They have to learn the game as he contends.

Imagination, or has someone out of the national championship which used to be one of the real high points of the sports year? And if you can remember the names of the year's four semi-finalists, they ever pick a team for the British in next year's Cup matches?

Try as the most quotable of the summer was credit manager Paul Richards of the Chicago White Sox when he said: "I don't know if it's the most fortunate thing that happened to the American League this season was the untimely injury of Eddie Lohmeyer. If it wasn't for that, they would be so far in front now nobody could catch them."

Kramer will be at Forest Hills next week and next, still to convince Frank Sedgwick and Ken McGregor that

Rolling Course Proves Test for Golfers

VANCOUVER (CP)—You may catch mountain trout in the stream that winds across the Capilano golf course, but throughout this week everybody was too busy for that.

They're playing the Canadian amateur championship and the 195 golfers were a little frustrated by Capilano's rolling fairways and tricky greens. But if they didn't have time to go fishing they could always toss their clubs into one of three natural lakes.

Capilano is tough. Only three fairways are straight, except for the par 3 holes where you can see the greens. The greens are large but never level.

Capilano was designed in 1938 by Stanley Thompson of Toronto, designer of the courses at Banff and Jasper Park in Alberta. The course is 6,772 yards in length, with par 37-35-72. The course record of 62 was set by Al Mengert of Spokane, Wash., in 1950. The first tee is at the 700-foot level overlooking the Gulf of Georgia.

RUGGED ROUTE
These are the details:
1st Hole—Par five, 496 yards, downhill and devoid of traps.
2nd Hole—Par four, 430 yards, with top of flag visible to left. Fairway wide and level with traps to right at 200 yards and to left near green.
3rd Hole—Par five, 430 yards. Shot from tee goes over hill and probably in trap is down centre or off to right.
4th Hole—Par three, 182 yards, where lake presents no problem.
5th Hole—Par five, 497 yards, dog's leg with lake. Good drive 200 yards in air would clear lake and make hole much shorter.
6th Hole—Par four, 413 yards, straightaway but traps on fairway.
7th Hole—Par four, 469 yards, has narrow curving fairway with traps on both sides of green.
8th Hole—Par four, 385 yards, dog's leg but fairly easy par. Traps near green are flat.
9th Hole—Par three, 190 yards, with fairway running uphill between deep traps.

4 Americans In Amateur Golf Semis
VANCOUVER (CP)—Four American contenders today trekked over 36 holes of the cliff-hanging Capilano course in West Vancouver in the semi-final round of the Canadian amateur golf championship. Outing of the last Canadian yesterday from the week-long marathon assured the first all-American final since New Yorkers Eddie Held and Gardner White met in 1929. Last American champion was Dick Chapman of Oosterville, Mass., who won over Joe Stoddard of Hamilton in 1949.

Silent Sam Urzetta of Rochester, N.Y., 1950 U.S. champion, took on tall Billy Campbell of Hunting, W. Va., U.S. Walker Cup player, in one semi-final. The other semi-windup pitted advertising man Ed Maister of Cleveland against car salesman Larry Bouchee of Inglewood, Mass.

Big, Red-Headed Ball Player Still Same Guy

"A big redheaded guy who had a lot to say when he played baseball and still doesn't take a back seat to anyone" spent a few hours in Prince Rupert Thursday.

Larry McPhail, former president of the famous New York Yankees and one-time player, is vacationing aboard the Prince George on her eighth and last summer cruise of the 1952 season to Alaska.

Baseball fans aboard the vessel had hoped to get the former Yankee great to tell some of his experiences, but McPhail is more interested in how he can do some fishing.

When the ship docked here Thursday morning he was among the first up and with Mrs. McPhail made a tour of Prince Rupert.

He didn't have much to say, but when he met Bill Scuby, owner of a furrier store here and former star lacrosse player for New Westminster Salmonbellies, his conversation concerned fishing and race horses.

McPhail devotes his interests now to raising horses and cattle at his farm in Bel Air, Maryland.

He asked Scuby about the fishing and then with the same kind of confidence he always expressed as a ballplayer gave the noted furrier "some sure-fire tips on a race to be run September 16 in New York."

Scuby, never too shy on the lacrosse floor, was second best in the conversation, although he did convince the visitor to "drop in again" on his way south.

McPhail is making his first trip to this part of the country and, according to other passengers on the Prince George, he is still the "same guy, just getting a little grey now."

When the Prince George completes this trip, she will enter the

ATTENTION Lady Bowlers

A meeting of the Ladies' Bowling League will be held at the howling alley on Tuesday, Sept. 2nd at 8 p.m.

All teams must be entered that night.

SEPTEMBER CLEARANCE SALE OF BETTER WATCHES
