DUTHIE MINES AT SMITHERS TO REOPEN

RIOTING IN NOVA SCOTIA STRIKE AREA CONTINUES AND STORES BURNED

Duthie Mines to Open Again; Engineer is on way to Smithers Today

After Shutdown of nearly a year J. R. Turner is Arranging for work to Recomence on Hudson Bay Mountain

The famous Duthie Mines on Hudson Bay Mountain near Smithers are to be reopened at once by J. F. Duthie of Seattle, J. R. Turner, engineer for Mr. Duthie, arrived in the city from Seattle on the Prince George yesterday morning and proceeded by this morning's train to Smithers. He would make no statement as to the future plans for the Duthie mines outside of the general one that Mr. Duthie was reopening them and that he was on his way to make arrangements with that end in view. Mr. Duthie, himself, is expected to visit the property within the next few weeks.

FIVE DROWNED YACHT THELMA

Boat Capsized at Breakwater at Newport Beach, California

TWELVE ARE SAVED

NEWPORT BEACH, Cal., June 15.—Five men out of a fishing party of seventeen were drowned when the yacht Thelma capsized in a heavy sea at the end of the breakwater here Sunday. The dead are W. W. Squires, L. A. Farnsworth, Jack Morris, Edgar Morris and E. E. McClain, all of Riverside.

The survivors were brought ashore by a rescue party on surf boards, the party being headed by Duke Kahanamoku, the well known Hawaiian swimmer. All the bodies were recovered.

CHINESE GET BEATEN BADLY

Two in Hospital and Third Before Magistrate This Morning

VANCOUVER, June 15.—Miss Guen Suey and Ng Wong, Chinese, are in the hospital here suffering from fractured skulls. Jung Bing was before the Magistrate's court and remanded until June 23 charged with inflicting injuries. The woman may die.

According to the police, Bing attacked the couple at five o'clock this morning with a hammer. The motive is not definitely known but it is believed to have been caused by rivalry for the woman.

GEORGE MERRILL DIES SUDDENLY

Restaurant Man, who Passed Away Recently at Stewart, Was Known in Prince Rupert and Alice Arm

George Merrill, well known all over the north as a cook and restaurant man, was found dead in his bed at Stewart a few days ago. Heart failure was given as the cause of death. He had just left the hospital a week previous. Deceased, who was born in India of English parents and who early in life resided in the United States before going to Stewart, was located in Prince Rupert and also at Alice Arm.

CHARLES BLACK DIES SUDDENLY

Dawson Lawyer, Who was Taken off Steamer Here Friday, Was Brother of Capt. George Black, M.P.

Charles B. Black, aged 41, and native of Fredericton, New Brunswick, youngest son of W. A. Black, now living in Vancouver, and brother of Capt. George Black, M.P. for Yukon Territory died in the Prince Rupert General Hospital at 2 o'clock this morning. The late Mr. Black was taken off the steamer Princess Louise here on Saturday while he was on his way to Vancouver from Dawson for medical treatment. His condition, while making the trip south, became worse and this made it necessary to remove him from the vessel here. A blood transfusion was given yesterday but all efforts proved fruitless in saving his life. He was accompanied here by Miss Patterson, nurse of the Good Samaritan Hospital, Dawson, who proceeded through to Vancouver.

Mrs. Black arrived in the city on the Venture on Friday to meet her husband. It will be her sad duty to proceed with the remains this afternoon on the Prince Rupert to Vancouver where interment will take place. Besides the widow, there are three daughters left in Vancouver to mourn the loss of their father. A brother, William Black, also resides in Vancouver.

The late Mr. Black practised law for ten years in Dawson, with his brother, Capt. George Black, and uncle, John Black. He was well known to many people in Prince Rupert.

EX-MAYOR GALE TO PAY \$40,000

VANCOUVER, June 15.—Dai Thomas was given judgment against Ex-mayor Harry Gale today in his suit for a commission of the sale of the elevator here to Spillers of London. The amount may reach \$40,000.

NEW SUPERINTENDENT C.P.R. STEAMERS MAKES TRIP NORTH

Capt. R. M. McMurray, recently of the C.P.R. Atlantic coast steamship service whose appointment to the position of marine superintendent of the B.C. Coast Steamship Service succeeding Capt. C. D. Neroutsof who became assistant manager is just announced, was a passenger making the round trip to Alaska on the Princess Alice this morning. Capt. McMurray brought out from the Old Country the two new coast steamers, Princess Kathleen and Princess Margaret.

Cowper Will Offer No Defence in Libel Case connected with Janet Smith Murder, Vancouver

VANCOUVER, June 15.—The Cowper libel suit has been postponed until Friday. G. L. Fraser, counsel for A. L. Baker, asked Magistrate Findlay for an adjournment and also to warn Cowper against further commenting on the case in his weekly paper.

The magistrate refused to warn Cowper, stating that if he wished to further aggravate the offense he could go ahead. Gorgon Wismer, counsel for Cowper, stated that his client did not intend to offer any defence at the preliminary hearing.

The Worg Foon Sing writ of habeas corpus proceedings comes up tomorrow.

The Saturday Tribune, Mr. Cowper's weekly paper, backs up the story told which led to the libel suit and declares Miss Orford, the lady who claims to have been present in the house at the time of the murder of the Scottish maid, will be a witness at the Assizes when Cowper's case is called. The paper comments at some length on the case and attitude of people toward it.

OUTBREAKS IN CHINA TODAY

Attack Made on British and Japanese Consulates in British Concession

SHANGHAI, June 15.—Outbreaks occurred at Kuekiang, where the British concession was invaded, the British and Japanese consulates were attacked and other buildings, including the bank, looted and burned by striking mobs.

A message received here today says 600 persons, mostly women and children, residing in the famous missionary compound at Mount Kuliang, overlooking Kuekiang, are menaced. The British gunboat Gnat is at Kuekiang. The situation at Shanghai is unchanged.

Los Angeles Dentist Confesses to Killing His Wife and Sealing Body in Cistern Under House

LOS ANGELES, June 15.—Dr. Thomas Young, dentist, confessed to killing his wife, Mrs. Grace Young, a wealthy society matron and administratrix of the million dollar estate of the late Patrick Grogan at one time known as the "Olive King." Mrs. Young was Grogan's widow.

Young said he killed his wife with liquid gas at Beverly Glen cabin in February and threw the body in a cistern beneath the cabin, which he sealed with concrete a few hours later with the assistance of Patrick Grogan Jr., the eighteen year old heir to the Grogan fortune, who not knowing the reason for its use, mixed the concrete.

More Rioting in Nova Scotia Mine Area and Stores Are Destroyed

SYDNEY, N.S., June 15.—Rioting broke out Sunday night soon after dark on both sides of Sydney Harbor, the British Empire Steel Company's warehouse at Glace Bay town being looted shortly after midnight and the private citizen's store raided and cleaned out at Sydney Mines earlier in the evening.

It is stated that mobs of nearly a thousand miners were present at each. The police and military were not involved in last night's rioting.

OTTAWA, June 15.—Minister of Labor Murdock left for the strike area Sunday where he will endeavor to mediate in the dispute.

SYDNEY, N.S., June 15.—Three stores operated by the Steel Corporation at Glace Bay and Sydney Mines were looted by striking miners Saturday night and two of the stores at Glace Bay destroyed by fire.

AUTO JUMPED WALL DRIVER IS KILLED

SAN JOSE, Cal., June 15.—Henry Beal of Pasadena, an automobile racing driver, was killed Sunday in a qualifying trial when his car jumped the retaining wall on the Speedway.

MORE LOGS ARRIVE

The Hecla Straits Towing Co.'s tug Cape Scott, Capt. Brown, arrived in port today from Alice Arm with a flat raft containing 47 sections of logs. Part of these logs will be delivered at the Prince Rupert Spruce Mill and the balance will go to Ocean Falls.

INVESTIGATION BEING STARTED

Prof. Will F. Thompson and His Assistant Left Saturday Night For Halibut Banks

Aboard the schooner Sea Maid, which has been chartered for the purpose, Prof. Will F. Thompson, who is in charge of investigations of the halibut fisheries under the international treaty, sailed Saturday night for the Hecla Straits banks to start his work. He was accompanied by Roger Chute, a student at the University of Washington, who will act as his assistant. The Sea Maid was in command of Capt. Dave Candow.

The party expects to be back here about June 24 to pick up J. P. Babcock, assistant commissioner of fisheries for B.C., also a member of the investigation board. Mr. Babcock is to leave Victoria today for Alaska, after which he will return to Prince Rupert.

TWO BIG FIRES SAN FRANCISCO

SAN FRANCISCO, June 15.—One fireman was killed and three injured and property loss estimated at three million dollars resulted from two fires here late Sunday. The dead fireman was Lieut. James Hier, who was overcome by smoke and drowned in five feet of water in the basement.

The first fire destroyed two buildings in Clay Street downtown section. The second and largest destroyed three of the principal packing plants on the Islands Creek sections and thousands of cattle ready for the slaughter were sent roaming through the streets when freed from the pens.

Numerous trucks owned by the Mohawk Oil Co. were also destroyed but the firemen prevented the spread of the flames to gasoline tanks.

FORMER RECTOR HERE DIED IN OTTAWA LAST WEEK; LONG ILLNESS

Word has been received in the city of the death at Ottawa of Rev. Ernest C. Burch who was rector of St. Andrew's Anglican Church here some thirteen years ago before the arrival of Archdeacon Rig. Mr. Burch, who was 44 years of age, was compelled to resign his charge here in 1912 on account of ill-health and he never recovered. He is survived by his widow and one son.

Duthie Mines To Be Reopened.

The best news arriving here since the announcement of the elevator contract is that telling of the reopening at once of the Duthie Mines on Hudson Bay Mountain near Smithers. The engineer in charge has gone to Smithers to make arrangements for the work.

The mine has been tied up for some time owing to a disagreement between the owners in regard to operation.

At the same time that the Federal Mining and Smelting Company closed down the Duthie mines they also stopped work at Dome Mountain and removed their machinery. Yet they completed title to the claims so that they apparently did not propose to relinquish the field.

Violence In Strike Area Is Misfortune.

The violence used in connection with the coal strike in Nova Scotia is a severe blow to democratic institutions. As long as people cannot keep the peace at home it is not to be expected that peace between nations can be a permanency.

It is not presumed here to give any opinion as to the rightness of the cause of the miners or of the operators. Both undoubtedly consider they are right. The cause of any side is considerably weakened, however, when it is considered that violence is necessary in order to enforce it.

There is always a lot of suffering, ill will, hate, and irreparable loss as the result of any strike. When extreme measures are taken by either side this is accentuated and the scars remain for many years.

Government Vessels And The Drydock

Almost every week the newspapers in the south tell of some government vessel being overhauled or docked in the south. There are the fisheries vessels, the naval boats and others in addition to the vessels of the Merchant Marine but seldom do any but the C.G.M.M. vessels come to the government dock here for overhaul or have their work done at the shipyard at this port. The naval vessels go cruising and it would seem that they might just as well cruise to this port and have their overhaul done here at the government institution, but no. They are docked in the south and repaired at private yards.

The dock at Esquimalt is a government dock, but there is no government shipyard in that port. Work done there is let out to a private yard.

Use Of Airplanes On The Increase.

The use of airplanes is steadily increasing and it is impossible just yet to prophesy as to the limitations of air transportation. So far few planes seem to be kept for private use. The days when every person will own an air flivver seem to be a long way off, and yet when we look back only a few years and see how the automobile has swept over the world, it may be expected that a somewhat similar movement will take place in connection with the more facile air machine. Young people today may yawn their air limousines and call on a neighbor five hundred miles away for dinner and return in the evening.

Preparing To Visit Alaskan City.

Preparations are being made for an excursion to Ketchikan for the annual holiday. The Elks are arranging it but everyone will be invited to make the trip. Now that efforts are being made to form closer association with the Alaskan cities, it is in order for everyone that can possibly get away to cross to the other side to shake hands with the American people across the straits and to get better acquainted with them. The time of year is a good one for such a trip and the arrangements are likely to be of the best.

Mining Engineer Optimistic Over Future Development of Industry in this District

In summarizing the mining industry for the year in this district, George Clothier, district engineer, in his annual report to the minister of mines, says:

The prospecting branch of the industry is showing increasing activity from year to year in this district for two reasons: First the betterment of transportation by the building of government trails and roads and the assistance to prospectors by grants from the Mines Department have greatly lessened the hardship of prospecting; and, second, the fact that a prospector is now assured that capital is forthcoming for a meritorious showing.

From the review of development the only conclusion that may be drawn is that it has been very satisfactory this year and gives every indication that next year will see even greater advancement towards greater production.

The standing of the district as the leading producer of gold and copper in the province is very gratifying, in that it demonstrates that given capital well spent, the district will give a good account of itself.

The above facts prove the stability of the mining industry for this portion of the province and that a very optimistic view of the future is warranted.

Tonnage and Values

Tonnage—The total of 1,297,268 tons is the greatest ever mined in this district in one year, showing an increase of 20.8 per cent over that of last year. It is accounted for in the increased tonnage of the Granby, Belmont-Surf Inlet and Premier Companies. A greater number of tons have also been shipped by the small producers, but this does not materially affect the total. Granby has mined over 200,000 tons more than last year, due to the shipments from its Outsider property at Maple Bay and the tonnage from the Hidden Creek mines to the new concentrator. Premier also shows an increase of nearly 15,000 tons over last year.

Values—The total values in gold (exclusive of placer), silver, and copper of \$10,718,887 is an increase of \$718,734 over 1923 and 1924 is the third year that the district's output has been in excess of \$10,000,000.

The gold output shows a net gain of about 25,500 oz. as shown by the table; the Premier and Belmont-Surf Inlet mines are mainly responsible for this increase. The increase over last year is therefore 16.4 per cent, or 37.1 per cent of the total increase for the province.

The placer gold output for the year is \$147,000 from Atlin Division and \$3,325 from the Stikine and Liard Divisions, making a total of \$150,325 for this district, which is about normal production.

Silver and Copper

Silver exceeds last year's output by 291,055 oz., a gain of 9.6 per cent, or 12.6 per cent of the total increase of the province; Granby dropped off 18,806 oz. and Belmont-Surf Inlet 1,734 oz.; Premier, however, shows a gain of 668,831 oz.; the Esperanza at Alice Arm increased by 6,394 oz.; and Porter-Idaho at Stewart helps out with a production of 33,182 oz. B.C. Silver with 3,526 oz., and Allin Silver-Lead with 2,250 oz.

Copper, depending altogether on Granby and Belmont-Surf Inlet, shows an increase of 3,210,152 lb., about 9.6 per cent over last year, and 45 per cent of the total increase for the province. Belmont-Surf Inlet contributed a gain of 167,716 lb. and Granby about 3,042,434 lb. Granby's output of 35,992,726 lb. is the greatest in its history.

The district therefore produced this year 36 per cent of the total placer gold of the province, 73 per cent of the total lode gold, 42 per cent of the total silver, and 56 per cent of the total copper; practically the same percentages as last year, notwithstanding the substantial increase of each of the metals for the whole province.

Again forecasting future production, it would seem reasonable to expect an even greater output. The Granby Consolidated Mining, Smelting, and Power Company has only had results from the new concentrator for a portion of the year, and under normal conditions, with maintenance of its present smelter output, will very probably show a gain next year.

Premier Is Stable

The Premier Gold Mining Company under present operat-

ing conditions is probably up to capacity production. The ore reserves are, I judge, greater than proven a year ago and the outlook for some time to come is excellent.

The Belmont-Surf Inlet has not been able to develop any new ore-bodies of consequence and the depletion of its present reserves is a matter of a comparatively short time.

The development of the Engineer at Atlin and its equipment for a producing stage gives every reason to expect production in 1925.

The Dunwell Mines, Limited, had announced that shipments would be made during the winter, but lack of power due to the severity of the weather necessitated closing down completely. Whether the property will make immediate shipments depends on the future policy decided upon by the owners. Either shipments of sorted ore may be made or the property may be equipped with a concentrator.

The Porter-Idaho will in all probability be developed during 1925. The Esperanza at Alice Arm will no doubt continue to make small shipments of sorted high grade ore. Continuous shipments to the Granby smelter are expected from the Golskeish, near Anyox.

From the B.C. Silver Mines, Limited, adjoining the Premier, a few tons was shipped, more as a trial shipment than as an indication of a steady output for the present.

Another small shipment was made during the summer from the Atlin Silver-Lead Mines, Limited, but steady production is not expected until sufficient development work can be done to properly open up the showings.

At Alice Arm

Recent developments on the Toric at Alice Arm give this property a very promising chance. The Indian, which looked so promising in the upper tunnel, is undergoing some very interesting development at depth. Several other properties in different parts of the district have been giving very encouraging results in development.

Placer mining has been about normal, but is gradually declining in this district. Upper Spruce Creek at Atlin will doubtless keep up the present production for some years. The Peace Lake country has good possibilities and considerable development is being done each year. Experiments toward the recovery of gold from the beach black sands on Graham Island are being watched with interest, as its success would mean a big industry.

Ten Years Ago in Prince Rupert

June 15, 1915.

Mr. Justice Gregory arrived yesterday from Vancouver to preside at the Supreme Court Assizes, which will open tomorrow. There are five criminal cases coming up including the appeal trial of Jonnie May, Hazelton Indian, who was convicted of murder at the last Assizes.

At the suggestion of Mayor Newton at last night's council meeting it was decided to have a committee of citizens make an investigation of the City Hall staff and municipal financial questions.

Major McMullin has received instruction to raise another contingent of men here for active service overseas.

Jack Dowling, writing from the front to his father, F. W. Dowling, tells of the gallantry in action of Col. Peek and Captain Don Moore when wounded.

Dr. James T. Wall, resident physician at the Prince Rupert General Hospital submitted his resignation to the hospital board last week. Dr. Wall is leaving to join the Army Medical Corps for service at the front.

Mr. Alsgard—the Fuller man—is in town for a few days. For appointments, please phone 510.
Mr. and Mrs. Sidney Summerfield and daughter, of Chicago, arrived yesterday on a visit to Mr. and Mrs. A. S. Lewis, Second Avenue.
Miss Hazel Cunningham and Miss Dorothy Thompson of the hospital nursing staff are sailing tonight on the Prince George for Vancouver on a holiday trip.
E. Wick was fined \$25 in the city police court this morning for intoxication. N. Magetto pleaded not guilty on a similar charge and was remanded until tomorrow.
L. Jessen, manager for Boyle Bros., the well known diamond drilling concern, was a passenger going through on the Cardena last night bound north from Vancouver to Stewart.
Charles Bocking, general manager of the Granby Consolidated Mining, Smelting & Power Co., was a passenger going through on the Cardena last evening bound from Vancouver to Anyox.
R. J. Suratt, moving picture man, who has been taking films of the stampede to the Dease Lake country, reached the city from Wrangell on the Princess Louise yesterday afternoon and is registered at the Prince Rupert Hotel.
Miss Helen Young, daughter of R. Boyd Young of Port Simpson, arrived in the city last night on the Cardena from Vancouver where she has been attending school and is registered at the Prince Rupert Hotel. She will proceed to Port Simpson at the first opportunity.

Prosecution having been instituted by the Retail Merchants Association, six women are appearing in the city police court this afternoon on charges under the License Bylaw. It is alleged that they took orders for books for firms outside the municipality without first having paid their licenses. They each paid their \$50 license under protest and are now appealing to the magistrate.
Union steamer Cardena, Capt. C. B. Smith, arrived at 7.30 last evening from the south and proceeded at 9 o'clock to Anyox, Alice Arm and Stewart. The vessel was delayed a few hours coming north through having heavy cargoes for cannery points. She will return from the north tomorrow morning and sail for the south at 5 in the afternoon.
C.N.R. steamer Prince George, Capt. Harry Nedden, which arrived from the south at 6 o'clock yesterday morning and sailed at 1 noon for Stewart, returned here this morning at 7.30 and shortly after 8 moved up to the dry dock where she is now out for cleaning and painting. The vessel is scheduled to resume her voyage south at 4 o'clock this afternoon.
A party of some twenty people went over to the Lambly ranch, Lewis Island, yesterday in the launch Oh Baby. The water was wonderfully calm and a delightful passage was made both going and returning. The sun shone prettily well all the afternoon and the beauties of the island were explored after a delectable luncheon had been served. The party returned about 9 o'clock last night.

PRINCE GEORGE

The Cariboo Automobile Association, at its annual meeting here last week, decided to shift its headquarters from Quesnel to Prince George. Officers were elected as follows: Honorary President, J. L. Hill, Quesnel; president, Charles A. Pyne, Prince George; vice-president, C. H. Allison, Quesnel; secretary, A. M. Patterson, Prince George; treasurer, I. B. Baird.

The tablet erected in this city to commemorate the arrival here of Sir Alexander Mackenzie on the way to the Pacific coast over one hundred years ago was unveiled on Saturday by Judge Howay of New Westminster. The tablet is erected at the head of George Street.

The automobile road between here and Giscome, though not gravelled, will be ready for traffic within three months. The highway between Prince George and Vanderhoop is also receiving attention at this time by the provincial department of public works.

William Breeze, a pioneer of the central interior, dropped dead here last week.

The local school board cut salaries last week. The principal of the Public School will get \$250 less per year, and the assistant principal \$300 less. No cut was made in the salaries of the High School teachers.

The provincial police today took over the administration of police affairs in this city. Three men are assigned to the work to give civic administration their first consideration. Corporal W. A. Walker is in charge.

Frank Bork, who conducted a restaurant here in railway construction days, has returned to the city to open up again.

Mrs. R. J. Hawkey of Burlington, Ontario, has arrived here to visit with her daughter, Mrs. P. E. Wilson.

Provincial Constable Cecil Muirhead left last week for his post at Finlay Forks where he will spend the summer.

BOOTH TARKINGTON TURMOIL IS SHOWING

Famous Novel Pictured is to be Shown tonight at Westholme

"The Turmoil," a study in human life itself, and a spectacular expose of the working of the souls of American men and women, comes tonight to the Westholme theatre. Hobart Henley's new Universal-Jewel production, adapted from the celebrated novel of Booth Tarkington, and is literally the author's story transcribed page by page to the screen. Henley made a great success a year or more ago with another Tarkington story, "The Flirt," but his second Tarkington transcription is hailed by pre-release critics as a veritable masterpiece.

The story deals with the turmoil in the home of a self-made millionaire, arrogant, powerful and stubborn, who with iron hand, heads a rebellious family to his will. An artistic son is forced to the unhappiness of a money-mad struggle in business; a daughter-in-law, waspish and fortune hunting, pits her wits against his, drives one man to drink, another to the grave, his daughter into the arms of a scoundrel, and nearly wrecks the entire family on the altar of Mammon.

The sets are said to be lavish, especially the settings showing the gaudy magnificence of the new-made millionaire's week-old palace. This is contrasted in a striking way with the home of a cultured family which is skillfully used as a foil in the dramatic plot. Several striking climaxes mark the swift movement of the story; the battle of daughter and daughter-in-law over the love of a fortune hunter who invades the home, and the renunciation scene between Hackathorne and Miss Boardman.

BARBARA FRIETCHIE AND THE CIVIL WAR

Dramatic Story of Famous Girl Well Known to American People

Picturing a story that never grows old—one that is immeasurably richer in romance, dramatic values and other desirable qualifications than the great majority of modern stories written directly for the movies—"Barbara Frietchie" is entertainment not to be overlooked by the jaded picture-goer. It strikes a different note in photoplay "styles" so courageously that it undoubtedly is destined to be one of the most talked of productions of the season.

One might expect to see in "Barbara Frietchie" a great deal of the Civil War fought all over again, with the spectacle of marching men and flashing muskets leaving but slight footage for anything else. But such is

not the case. Of necessity, there are war shots. The real emphasis, however, is placed on the story of Barbara Frietchie herself, and her remarkable love for Captain Will Trumbull of the enemy forces, that meant more to her than North, South, family or even life itself. And this inspiring romance, in its transference to the screen, has lost not one little bit of its tremendous appeal.

CLOG DANCING AT THE AUDITORIUM SATURDAY

The feature of Saturday evening's dance in the Auditorium was the maple clog dance executed by E. Sabourin who gave a splendid exhibition on the new maple dance floor before an appreciative audience of some 250 people. So successful was the dance that another exhibition will be arranged in the near future. The dance on Saturday night went over in fine style and the Auditorium is becoming increasingly popular as an entertainment centre.

ROAD IS LOCATED LEADING TO BABINE FROM BULKLEY VALLEY

Scheme Adopted to Construct Road Giving Indians and Others Access to Settlements

SMITHERS, June 15. — Returning from his inspection trip of the proposed road asked for by the Babine Indians, that will give Smithers direct connection with the upper part of Babine Lake, Angus McLean placed a most favorable report before the Board of Trade at their meeting this week.

After leaving the Cronin road, Mr. McLean reported the first mile or two would be heavy work but after passing Chapman Lake the work would be very light, in one place there was a stretch of eight miles through a jack-pine flat where an excellent road could be made at very small cost. He judged the amount of new road would be about sixteen miles. Finding conditions so favorable for a road, he gave his approval on arrival at Babine Lake and as the Indians had been waiting for this word, they started the work immediately.

Mr. McLean considers that by making some changes in the present route of the Cronin mine road the distance can be cut to under forty miles, and a most delightful country for tourist travel thus be put within easy reach of Smithers. To make a success of the white man's share of the work, the Board of Trade are calling a public meeting of

BANQUET GIVEN BOOTH SCHOOL

Big Event in Domestic Science Department to Mark Closing of Classes

A sumptuous banquet was served in the domestic science department of the Booth School Friday evening to mark the closing of the work of the term at which the second year High School domestic science and manual training classes were guests of the first year class. Other guests present were J. C. Brady, principal of the High School, who presided, and Mrs. Brady, Miss Macdonald, Miss Mills, Mr. and Mrs. W. O. Fulton, Major and Mrs. S. Johnstone, D. Ross and Miss Harding.

The tables were decorated in pink and green and with nicely prepared menu cards and favors.

The prizes were presented to the winners, the first prizes for cooking luncheons going to Misses Alice Spencer and Evelyn Dalby and the second to Misses Mary Walters and Olice Gordon, all second year high school students.

There were a number of toasts including one to the King. The toast to the graduating class was proposed by Miss Rosemary Winslow and replied to by Miss Jean Grieve. Songs were given by Misses Evelyn Dalby and Bessie Derry, a sketch by Misses Elita Kinley and Bessie Derry; recitation by Clarence Thompson; a toast to the graduating class of the Manual Training School was proposed by Miss May Clark and replied to by Henry Heilbronner; another to the school board was proposed by Miss Phyllis Harvey and replied to by W. O. Fulton. Major Johnstone presented the prizes.

MANY TOURISTS IN CITY AT WEEK END

Temporary Change in C.N.R. Schedule is Beneficial to Local Hotel Men

The past week-end has seen the largest crowd of tourists stopping over in the city so far this season. Arriving by boats and trains, they have been coming from all parts even as far afield as Australia and New Zealand. The temporary change in the C.N.R. schedule caused many of them to spend over night here with the result that hotels have been very busy. The Prince Rupert Hotel was full up Saturday and Sunday nights.

MILLENNIUM IS DRAWING NEAR

Perfect Government of Perfect Man Without Sickness or Death Pictured by Speaker

The millennium is drawing near. We are in sight of a perfect government. Man's eldorado is about to appear and the old world is about to be transformed to a paradise of righteousness and beauty. There will be no armies for there will be no wars; there will be no doctors nor hospitals for there will be no sickness; there will be no undertakers for there will be no death; there will be no lawyers for there will be no disputes. And there will be no police nor any prisons because the object of everyone will be to do good. Satan will be bound and have no further say with the people.

That was the message given the people of Prince Rupert by C. Roberts, lecturing to a full house at the Westholme Theatre last night.

The speaker inveighed against the evolutionist but declared that the old order was doomed and a new heaven and a new earth would take the place of the old.

Mr. Roberts went on to speak of the evils of the world. He spoke against profiteering, corruption in politics, and the debasing of religion and of the attempts to improve the world. He declared, however, that the people had lost faith in everything but they looked for a time when there would be no sickness, aches or pain, no doctors, lawyers or police, a time when everyone would be prosperous, the dead ones would return and the earth be a haven of rest and peace and endless happiness and joy.

KERGIN'S BOAT AS HOSPITAL

Emergency Centre Located Near Sunnyside Cannery During Fishing Season

MISSIONARY ACTIVITY Extensive Program Laid Down by Methodist Church Carried Out by United Church

Dr. Kergin's houseboat "The Talfan" was recently purchased by the Methodist Church and will be operated by the United Church of Canada on the Skeena River as a combined dispensary and emergency hospital. She will be in charge of Dr. Edwin Brown of Toronto. The boat will be moored near Sunnyside Cannery on the Big Slough and will be operated in conjunction with the general mission work of the church as a branch of the summer hospital at Port Essington.

The medical work of the church on the Skeena River will be in charge of the energetic Dr. Sugar of Port Simpson while the hospital at Port Simpson will be in charge of Miss Dorothy Newsome, R.N. A summer hospital is opened at Port Essington which will be headquarters for the Skeena River fishing district.

Mission of District

The mission work at Essington and Balmoral Cannery will be in charge of Rev. W. H. Pierce. The mission boat Thomas Crosby will cruise among the canneries in charge of Capt. William Oliver assisted by Rev. Robert Scott, B.A., who for six years has done excellent mission work at Cape Mudge. When the cannery season is over Mr. Scott will continue with the boat cruising among the canneries and camps on Queen Charlotte Islands.

Rev. V. Sansum of Kispiox, J. H. Young of Terrace and William All of Port Simpson will each spend a fortnight of the cannery season among the native people of their various charges, while Rev. George G. Hacker of Prince Rupert, chairman of the district, will also visit all Skeena cannery points.

The program of mission work was mapped out by the General Conference of the Methodist Church before amalgamation with the United Church and this program will be carried out.

EXCITING JUNIOR FOOTBALL MATCH

The Junior League football game on Saturday afternoon between the Booth and High School resulted in a two all draw. It was an exciting contest with a climactic finish.

Booth School, playing downhill, scored two goals in the first half and this was the way things stood until fifteen minutes of time when the High School put through their first. A penalty shot five minutes before time gave the High School its equalizer. The size of the High School boys, toward the end of the game

FOOTBALL GAME WITH CLAXTON ENDS IN ROW

With the local team leading 2 to 1, the soccer game on Saturday evening between Claxton Cannery and Prince Rupert ended up in a row. The teams played good football in the first half, the locals scoring one goal. In the second they got another and Claxton scored from a penalty. Twenty minutes before time, Johnson, the local goal keeper, cleared a long shot and, in doing so, hit one of the visitors with the ball. The latter then charged the goal and knocked Johnson down. The referee disallowed the goal and called it a foul. An argument followed around the goal and the spectators crowded the field. The referee, George Cochrane, then called the game off.

John Flewin of Port Essington arrived in town on the Venture Saturday afternoon. He is here on business and is registered at the Central Hotel.

Sport Chat

Outdoor sport fans are beginning to wonder if the sun will ever shine again. They are hoping that weather conditions will be more auspicious this week than they were last when it was not possible to play either of the baseball games on their scheduled dates. The program of outdoor sport this week, an interesting one, is as follows:

Monday (tonight) — Dominion Day Cup football — Great War Veterans vs. Cold Storage.
Tuesday — Senior baseball: Gyro vs. Sawmill.
Thursday — Callies vs. Sons of England, Dominion Day Cup football.
Friday — Gyro Club vs. Sons of Canada.
Trapshooting.
Saturday — Junior Football.

The opening game of the Dominion Day soccer cup ties will take place this evening between the Great War Veterans and the Canadian Fish & Cold Storage Co. The second of the preliminaries will take place on Thursday evening with the meeting of the Callies and Sons of England. The winners of the two games this week will meet in the big final on Dominion Day. Should one or both of the games this week result in a draw, they will be replayed next week. In case there are no draws, the city league soccer will proceed next week as per schedule. The Dominion Day Cup ties always prove popular and there is good reason to believe they will be as much so this year as ever.

Teams chosen for the football game tonight are: War Veterans — Gawthorn, Erskine, Menzies, Findlay, Murray, Roy, Gurvich, Long, Norwood, Russell and Middleton. Cold Storage: Murray, Whatman, Darton, Carlson, Simms, Mathieson, M. M. Lamb, Corbett, Bye, H. M. D. Lamb, and Hardy with Hills, Long and Turney spares.

CITY AUDITOR OF 'FRISCO VISITOR IN CITY TODAY

Among the passengers going through on the Princess Alice this morning were Thomas F. Boyle, auditor for the city and county of San Francisco, and his daughter who are going to Atlin Lake on a holiday trip. Mr. Boyle called on City Treasurer D. J. Matheson while here and took an interest in how local municipal financial affairs are conducted here. He has been city auditor in 'Frisco for eighteen years and at the last election was returned to office with 97,000 votes to his opponent's 15,000. Before entering the municipal service, he was 27 years in the newspaper business and was manager of the Call and Bulletin papers. The responsibility of his present office is indicated by the fact that last year he signed his name to checks totalling \$57,000,000.
