BOX FACTORY MACHINERY ON WAY HERE

POLITICAL UNREST AMONG BLACKS OF SOUTH AFRICA ENDS IN A RIOT

Order of Two Million Feet Airplane Spruce for Vickers of London

Local Mill Commences Making Deliveries to Ocean Dock for Re-shipment by Water Route

BOX FACTORY RUNNING SOON

Shipping of lumber from the recently opened Prince Rupert Spruce Mill at Seal Cove has commenced, announced J. A. Smith of Vancouver, president of the concern, this morning. Up to two million feet of airplane spruce is to be delivered immediately to Vickers in London, England, and the first two carloads has just been sent from the mill to the lumber dock. It will be held there until the full two million feet is on hand and a freighter will be brought here to load it or it may be shipped in parcels to Vancouver on coasting boats.

The rest of the high grade lumber is to be shipped by rail to the United States and other markets and the low grade will be manufactured into boxes. Mr. Smith stated that machinery for the box factory is already on its way here and it is expected to have this part of the plant in operation within three or four weeks.

The mill is cutting about 75,000 feet per day at this time and is gradually working up by steps to its full capacity of 125,000 feet. About ninety men are now employed. Further deliveries are being arranged for. The tug Cape Scott is now on her way from Alice Arm with a boom. Some logs will be obtained from the Pacific Mills at Ocean Falls and the Massett Timber Co. at Buckley Bay. There will be further deliveries from the Kelly camps on Moresby Island in June.

B.C. MAN WILL GO TO WEMBLEY

One of Canadian Representatives Last Year Had Never Heard of Portland Canal

VANCOUVER, April 21.—A. G. Langley, provincial government engineer, now in London, will be instructed to represent British Columbia mines at Wembley exhibition, it is understood. Interest in the question of placing accurate information before the public at Wembley was aroused by a letter from G. Smith of Stewart to the chamber of mines in which he stated that one representative of the Canadian mining division last year had never heard of the Portland Canal mining area.

GRAND FORKS DOUKHOBORS

Manifesto to Two Premiers Asks for an Investigations of Troubles

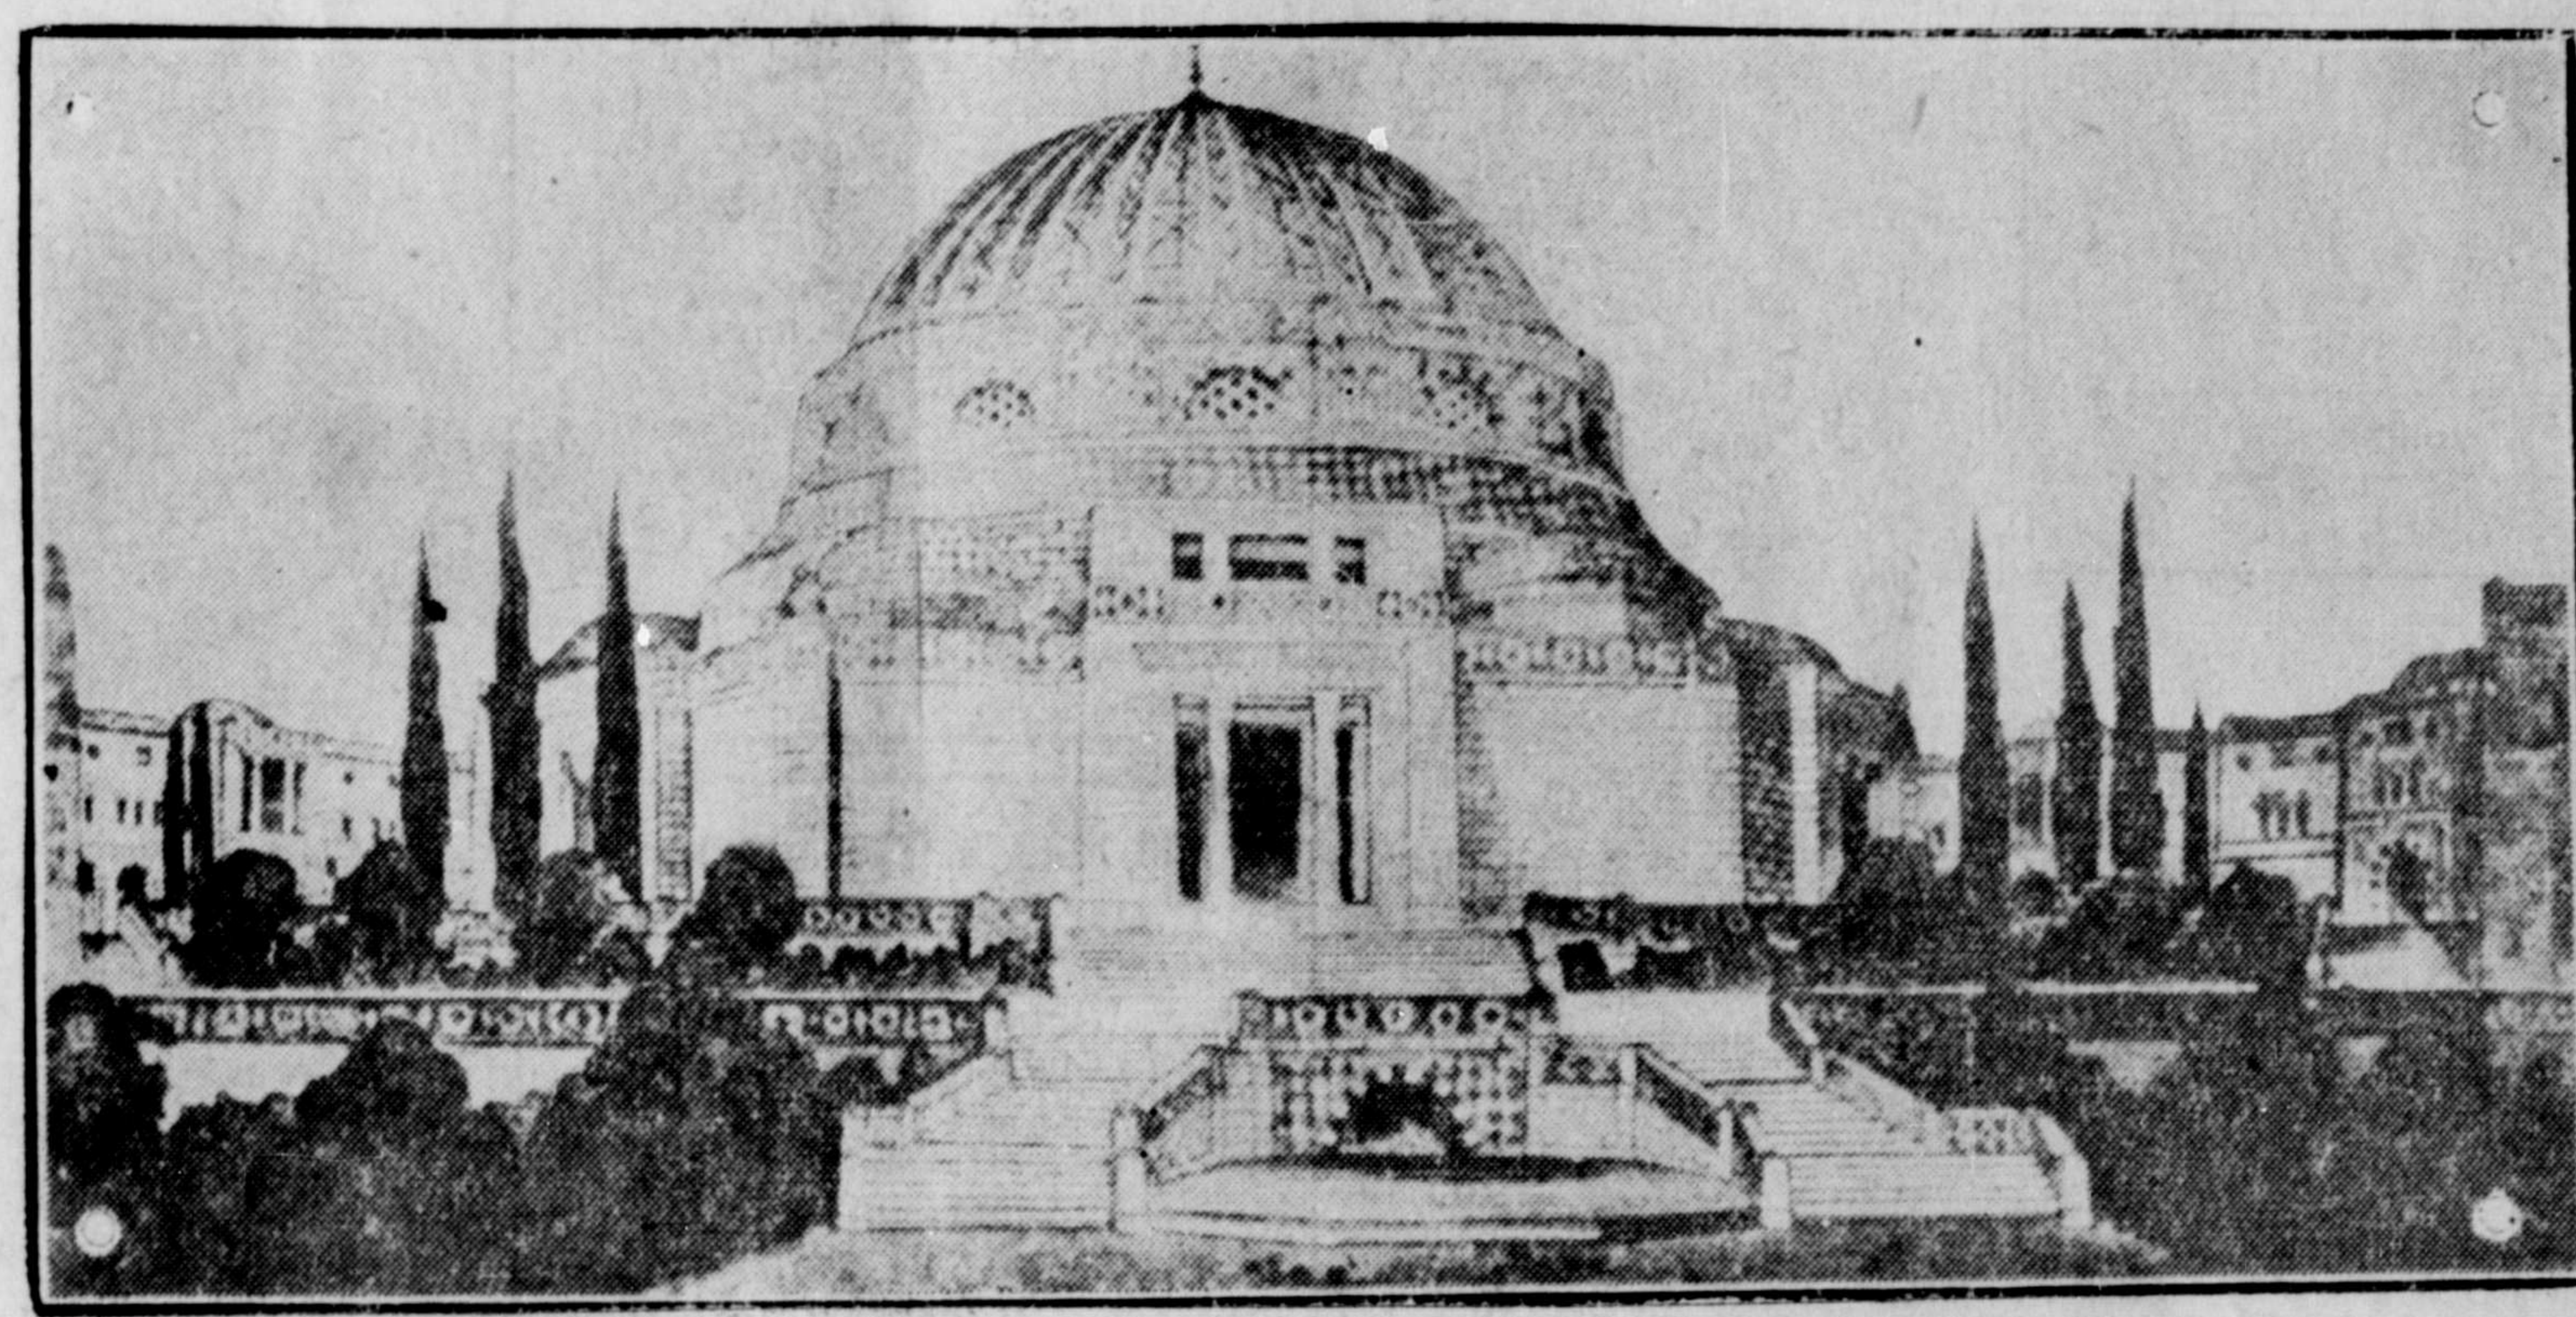

VICTORIA, April 21.—Douk-hobors have issued a statement addressed to Premier Oliver and Premier Mackenzie King asking that the appointment of a commission to investigate the Douk-hobor trouble at Grand Forks. They claim the provincial police headed a "mob" of 150 men who raided the warehouses, alleging that \$20,000 worth of goods were seized to satisfy the claim for \$1,000 imposed on them in fines.

FORMER CROWN PRINCE GERMANY EXONERATED

Absolved of Responsibility for Burning and Plundering Towns and for Executions

LEIPZIG, April 21.—Former Crown Prince Wilhelm has been exonerated for crimes alleged to have been committed by him during the war. Proceedings had been taken against him following charges that he was responsible for the burning and plundering of towns.

The former Prince was also absolved of responsibility for the executions ordered by his staff.

A design of the library of the new Hebrew University in Palestine, is shown, which was opened recently by Earl Balfour. It is situated on Mount Scopus, overlooking Jerusalem. From the site can be seen the spot where the Children of Israel first entered the Promised Land.

PROVINCIAL POLICE WILL HAVE CHARGE OF CITY OF DUNCAN

VICTORIA, April 20.—Duncan city is doing away with its police force and after the end of June will be noticed by the provincial force. This was decided upon at a meeting of the Duncan city council at which Colonel McMillin and Inspector Parsons were present.

EIGHT MILLION DOLLARS GONE

Pupils of Schools Told of Loss to Community from Forest Fires

In connection with the "Save the Forest" campaign which is in progress this week, lectures are being given in the public schools by officials of the Forest Branch. This morning P. S. Bonney, district forester, addressed the pupils of King Edward High School on the protection of the forests from fire and yesterday he addressed the pupils of Seal Cove school.

This afternoon and Thursday morning T. A. Clarke, assistant district forester, will address the pupils of Borden Street school and, during the latter part of the week, Mr. Bonney will speak at Booth Memorial and Annunciation schools.

It is the intention of the department to personally address all the 70 schools in this district which are attended by some 2500 pupils.

One of the interesting statements made in the course of the addresses is to the effect that during the past ten years there have been 13,800 forest fires in the province which have burned over 1,000,000 acres of land and destroyed \$8,000,000 worth of forests. The land involved, it is pointed out, would equal a tract in length from here to Vancouver and from 12 to 14 miles wide.

Passengers booked to sail on the Cardena this afternoon for Vancouver include James Spiers, H. Champetoria, J. L. McIntosh and Bishop De Pencier.

Riots Among Natives of South Africa Result of Activities of Bolshevik Communist Agitators

BLOEMFONTEIN, South Africa, April 21.—Four natives were killed and a number wounded when the police fired into 4,000 rioters here. The trouble originated in an attempt of a European constable and a native policeman to seize a quantity of Kaffir beer. Quiet was restored after 50 of the ringleaders had been arrested.

LONDON, April 21.—A special Capetown despatch reports the Bloemfontein despatch as symptomatic of "alarming and increasing restlessness among the South African natives inflamed by Kaffir agitators and bolshevik and communist influences."

One feature of the present unrest is said to be a movement to boycott the Prince of Wales on his arrival, thousands of handbills having been distributed among the natives urging them to boycott the Prince "as the natives of India did."

BOAT SINKS CREW DROWN

Atlantic Disaster in Sinking of Jap Steamer Raifuku Maru

NEW YORK, April 21.—The White Star Line reported at noon today that the steamship Homeric had wirelessed that the Japanese steamer Raifuku Maru had gone down 110 miles southwest of Sable Island and that the Homeric was standing by taking members of the crew off life boats. The wireless stated that 48 of the crew of sixty had lost their lives. The Raifuku Maru loaded wheat at Philadelphia.

ELEVATOR WORK TO BE RUSHED

According to word received here a determined effort is to be made by the Department of Trade and Commerce to have the terminal grain elevator here completed in time to handle this fall's movement of grain. There will be a clause in the superstructure contract, which is to be let next month, providing for a daily penalty of \$300 if the job is not completed by a certain date in the fall. The date is said to be November 1.

JASPER PARK COSTS MORE THAN MILLION

Canada's National Parks Were Subject of Questions in House of Commons

OTTAWA, April 21.—Canada's national parks in the west were the subject of some questions in the House last week. It was stated that the Jasper Park cost to construct \$1,237,058 and administration to December 31, 1924, cost \$356,983. A revenue of \$80,497 had been derived from the park in the same period.

WAR CHEAPENS VALUE OF LIFE

Ottawa Judge Expresses Novel Theory in Sentencing Youths to Jail

OTTAWA, April 21.—"The war cheapened human life. If there was any way of establishing a comparison, I would say that human life today is not regarded as being 25 per cent as valuable as it was before. Consequently when the value of human life decreases, property cheapens. People are bound to get pleasure and, if they cannot get it by lawful means, they will get it unlawfully."

Thus declared Judge Constantineau in the County Court yesterday afternoon in sentencing two youths to imprisonment of a year on charges of assault and robbery.

OLD IDEAS IN THIS PROVINCE

Dr. Putman of the Education Commission Tells About Visit to B.C.

OTTAWA, April 21.—After travelling 9,500 miles in British Columbia, visiting 250 schools and spending ten days with the normal school and holding 215 conferences with various organizations, Dr. J. H. Putman, senior inspector of schools at Ottawa, has returned. He has been conducting surveys in British Columbia with Dr. Weir of the faculty of the University of British Columbia. The report is to be presented to the Government of British Columbia.

In discussing the investigations he has been making, Dr. Putman said there are still a number of people in British Columbia who retain the old idea that individual parents should pay for the teaching of their own children. He said the whole system of education in B.C. was complicated by the varying methods of taxation in municipalities.

THE DAILY NEWS

PRINCE RUPERT - BRITISH COLUMBIA

DAILY EDITION Tuesday, April 21, 1925.

Save The Forest Week Is Here.
 This is "Save the Forest Week." Prince Rupert is the centre of a big district, parts of which that seldom if ever is worried over fire hazards. The climate here is not conducive to forest fires, usually, but in the interior much destruction is caused by big conflagrations. Mostly fires are the result of carelessness but sometimes they have been deliberately started by firebugs.
 The wealth of this district comes very largely from timber and timber products so the people all have an interest in seeing that there is as little loss as possible from his source.

Weird Tale Of Kidnapping.
 The story told yesterday of the kidnapping of the Chinese boy from the Baker home at Shaughnessy Heights and of his being kept in captivity in order to force him to confess who killed Janet Smith, the Scottish girl, in the Baker employ, is a weird one. Whether it is true or not is another matter. We know nothing of that. All we know is that the editor of the Saturday Tribune at Vancouver says he believes it.
 It is a dangerous precedent to have people entering houses at night and carrying off the inhabitants and taking them to a foreign country without their will or consent and without being stopped by the police. It shows what may be done in other cases. When young girls disappear, as has often been the case in all the big cities of the world, who is to know if some such method is not employed. It might even be better for the murderer of Janet Smith to remain unknown than for such a custom to become common.

Keep Friendly With Japan.
 It was suggested in the House of Commons last week that there was no reason why Canada should be anything than friendly with Japan but at the same time she should insist on restricting Japanese immigration into this province. The discussion followed information recently given out that the gentleman's agreement with Japan had not been carried out strictly by that country.
 In the discussion it was mentioned that the United States had put up the barriers hard and fast with the result that considerable ill-feeling was generated. Canada would not need to do that but should keep the matter well in hand all the time and insist on inspection of passports by the Canadian as well as the Japanese consul and that the Canadian consul should see that the understanding with that country was not broken.
 In Prince Rupert we have every reason to look for commercial relief from Japan. If the Japanese run one or more of their big liners to this port it will be worth a great deal to us. Having that in view we are bound to be interested in any steps taken in connection with the Japanese situation. Business and sentiment are very closely allied.

The Man Who Plays A Lone Hand.
 "Solo" is the name of a book by Pierre Gaultier in which the hero plays a lone hand. As a boy he was different from others and as he grew up he still maintained an aloofness from the common ruck which set him apart. He was different.
 It's an interesting volume, not along the usual line of modern novels. It does not teach anything except perhaps the desirability of conforming to some extent with the common usages of men. Paul Minas refused to conform. There was much that was noble about him and his opinions. Here is one of his sayings:
 "Life is so boundlessly potential. We could be gods and goddesses if we knew what to do with our energies. Instead of which we snarl and haggle and lie and cheat and show off. We go round in circles instead of going straight forward, and then have the ignorance and cheek to claim intelligence. As an old carpenter on my first ship used to say, 'Men are more stupid as animals.'"

Speaking of women he says: "At her best a woman is a vacuum tube reflecting in rays of dazzling violet the spiritual current passed through her; at her worst she's a chameleon." And again "good women there are—the world abounds in them—but they smother you."
 Talking of the soul, Paul said: "Any sort of religion, even that of the maniacal evangelists, was an essential part of life, necessary as a sort of tuning fork that gave human beings the right 'pitch' according to which they might live without flinching."
 Solo will not be a popular book, but anyone who can borrow it will find it somewhat refreshing after the ordinary modern novels. It is published in Great Britain.

MONEY APPEAL IN SING CASE

In Effort to Secure Conviction of Janet Smith Slayer Cash is Necessary

Part of the story published in the Saturday Tribune, as told in this paper yesterday, had to do with an appeal for money. This is what The Tribune has to say in regard to it:
 "To make gifts of money to the kidnappers of Wong Sing is doubtless against the Criminal Code, so in donating our own money we made it clear that we wished it to go to the maintenance of Wong Sing.

"No doubt there are thousands of Tribune readers who under these circumstances would like to send some money to help maintain Wong Sing.
 "Under the circumstances which he has to be kept, quite a little money is needed. Any persons who prefer not to have their names mentioned as supporters of Wong Sing may rest assured that their wishes will be respected by The Tribune.

Required Proofs
 "How do we know that any monies so donated will reach the proper quarter, and that we are not being made the victims of a pair of enterprising gentry such as visited the Chinese Consul the other day to claim the reward offered for the tracing of Wong Sing? Before we would take these parties seriously enough to hand over our own good money or to open the pages of The Tribune to a fund for the support of Wong Sing we required proofs that these parties really are in possession of the Chinaman. Proof came in the production of a photograph of the Chinaman showing him in his present condition of detention. Other steps to ensure that any fund donated by Tribune readers will reach the proper parties have been taken. Tribune readers are assured that they will be given full information of the progress made. Admissions already secured indicate that the cause of justice is being helped under extraordinary conditions where the everyday machinery of justice seems to have broken down.

Money Only God
 It may be that nobody outside ourselves cares a dollar whether justice obtains in British Columbia or not. It may be that nobody cares whether the murderer of Janet Smith is unmasked or not. It maybe that money is the only real god whom people worship in sincerity and truth. It maybe that so long as it is not our own child who is foully struck down in a rich man's home, and interred as a suicide with all the mockery of officialdom attached to that last slur upon an innocent life, that none of us cares a cent what happens. If so, it is time that flamboyant coat of arms of British Columbia with its legend "Splendor Sine Occasu" is wiped out and in its place is substituted a dagger rampant upon a bag of gold, quartered with the picture of a murdered housemaid's grave.

"We hope and believe that there are sufficient people among the 15,000 subscribers to The Tribune who treasure Justice and Truth and Honor to a degree where they will see that the Wong Sing Sustenance Fund does not fail for lack of their support."

ART AND CRAFT WORK TO BE SOLD VICTORIA

Society Formed to Handle Products on a Twenty Per Cent Basis For Contributors

VICTORIA, April 21.—Arts and crafts workers of the city and Island decided at a public meeting at the City Hall to open a store here for the co-operative merchandising of home-made articles.
 The store will be stocked with such things as paintings, pottery, wood carvings, needlework, woollen cloth and painted china-ware. Every article must be fashioned in the home of the contributor. From the selling price of each article sold will be deducted twenty per cent to defray operating costs of the store.
 The meeting, held under the chairmanship of Reginald Hayward, M.P.P., was attended by delegates from the Local Council of Women, the Arts and

Crafts Society, the tourist group of the Chamber of Commerce, and the local Women's Institutes. In addition there were about thirty delegates from up-Island arts and crafts societies. Dr. Irene Bastow-Hudson was convener of the committee.
Choose Name
 It was decided to organize under the name of the Craft Workers of Vancouver Island. Each contributor to the stock of the store will be assessed an entrance fee of \$2. Associate members will be assessed an annual membership fee of \$1.
 Final details, in connection with the scheme were left in the hands of a committee to work out. It is expected that the store will be opened for business in the course of the next few weeks.

Objects of Enterprise
 The objects of the enterprise, Dr. Hudson named as follows:
 1. To encourage local home industries.
 2. To give employment to many partly employed people and to those who cannot compete on the normal labor market because of their crippled condition.
 3. To advertise Victoria and the Island by means of souvenirs carried to different parts of the world.
 4. To get money from tourists and travellers which would not otherwise be spent in Victoria.

Here and There

"Canada has a fine record of musical and artistic students who work under the auspices of the Royal College of Music," says Sir Hugh Allen, director of the London institution, who is making a tour of Canada in the interests of the College.

Canada exported 143,592,500 pounds of woodpulp during February, of which 133,891,000 went to the United States and to Great Britain, none. Our newsprint exports had a monetary value, in the same month of about seven and a half million dollars.

Two hundred and sixty thousand acres of land in central and northern Alberta will be settled by the British Land Settlement Corporation, it is announced. They are located north of Edmonton and from north of Vermilion to Wabunan, west of Edmonton.

Approximately 750,000 tourists, apart from delegates to conventions, visited Montreal last year by railway, steamer and automobile, according to an estimate compiled by the Montreal Tourist and Convention Bureau. It is anticipated that the influx for the current year will be even greater.

Geraldine Farrar, famous prima donna, who gave a recital of Carmen in Ottawa and Montreal recently, had a run in with the U.S. Customs at the border on her return to the United States. It was claimed that champagne and fine wines were found stored in the piano of her sumptuous private car, but the great singer says it was only near-beer.

England's great military spectacle, the Aldershot Military, Searchlight and Torchlight Tattoo, which is held annually in aid of the Aldershot Command Charities, is being presented this year from the 16th to the 20th of June and will, as usual, be contemporaneous with Ascot Week. The special feature is to be a Pageant of Battle which will recall some of the famous engagements of the British Army. Nearly 100,000 patrons attended last year.

To enable French-Canadian students to become acquainted with Western Canada, the Universite de Montreal has organized a 23-day trip to the coast from Montreal next July. They will pass through Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, Banff, Vancouver and Victoria, with stop-overs at Lake Louise, Field, Glacier, the Fraser Canyon and other beauty spots of the Canadian Rockies.

Student tours, operated by the Canadian Pacific in conjunction with McGill University, are to be extended this summer to include students from the British Isles. Heretofore, these tours have been restricted to scholars in other parts of Canada and in the United States. As Montreal is regarded as an ideal centre for the study of the French language, it is anticipated that the new project will attract many visitors to the Canadian metropolis.

The body of Dr. Sun Yat Sen, President of Southern China lay in state in a wonderful blue-tiled old Temple near the "Altar of Heaven," during the long drawn out ceremonies at Peking attendant upon his interment. Through the courtesy of the government the bier was viewed by a large party of Canadians and Americans touring the world on the Canadian Pacific S.S. "Empress of France." They were also invited to attend the final burial rites which, with a wealth of colorful Chinese ceremony took place later in the Western hills.

The city council last night gave Adair Carss Chapter I.O. O.E. permission to hold a tag day on April 25, the proceeds to go towards the chapter's work of beautifying soldiers' plots in Fairview Cemetery. Application for permission was made in a letter from the secretary of the chapter, Mrs. Doris E. Teng.

There has been a movement lately through the city of Scandinavians coming direct from the Old Country bound for Alaska. There was a party last week which went to Ketchikan and yesterday there arrived three more persons from Norway who will go to Juneau on the next boat. They are staying at the Central Hotel. The most of the immigrants will enter the halibut fisheries.

ANOTHER GYRO HOEDOWN DANCE

Great Preparations are Being Made for Affair Which Will Take Place on May Day

The Gyro Club's hoedown dance last fall proved such a success and was such a popular affair that the club has decided to stage another similar function on May 1 for the playground fund. Great preparations are being made for the event and there will be many novel stunts to entertain the large crowd that it is expected will attend. The regular dance program will be interspersed with country dances, exhibition dances, songs, surprises and apple cider. There will be booths at which hot dogs, milk, doughnuts, cider, apples, ice cream, etc. will be sold.

The committee in charge consists of Norris Pringle (chairman), George R. Tite, Sidney Bazett-Jones, Roy Nichols, Doug. Stork, Stan Taylor and Roland Harlow. The following sub-committees have been appointed. Orchestra arrangements—Doug. Stork. Cashier—S. K. Campbell. Doorkeeper—Leo Waugh. Hot Dogs—George Tite, Frank Pearson, Fred Henning. Ice Cream—F. E. Robertson, Dr. Tait. Raffles—E. A. Mann, Joe Greer. Cider—Charlie Mills, W. J. Nelson. Fresh Milk and Doughnuts—H. McEwen, Bill Cruickshank. Apples—M. M. McLachlan, Alex. Hunter. Advertising manager—Sid Bazett-Jones.

MARKETING OF DAIRY PRODUCTS

Dr. Wrinch and Department of Agriculture at Victoria Wrestling with Problem

While the Provincial Government would like to see a milk supply depot in Prince Rupert that would handle all the dairy products of the interior, Hon. E. D. Barrow, minister of agriculture, points out that there are already three milk businesses catering to the needs of Prince Rupert and it is not the policy of the Provincial Government to enter into competition with existing concerns. If the Government undertook any project for handling the products of the interior at Prince Rupert it would be necessary first to arrange with the men already in the business here.

Dr. Wrinch, member for Skeena, met the minister of agriculture and the Attorney General, who is also the member for Omineca, and together they discussed the whole question and the minister of agriculture will visit the interior in the early summer and talk it over with the farmers on the ground with the object of providing relief. In the meantime the Government will arrange for the creamery at Vanderhoof to be continued under Government supervision so as to take care of the dairy produce of the farmers along the railway.

CATHOLIC SALE SUCCESSFUL

Sum of \$400 Raised as Result of Event Last Night

The spring sale held yesterday afternoon in the Metropole Hall by the ladies of the Catholic Church was a most successful affair. Something in the neighborhood of \$400 was realized.

In charge of the fancy work and plain sewing tables were Mrs. Harold McEwen and Mrs. James McNulty assisted by Mrs. Charles Balagno and Mrs. D. W. Morrissey. The raffles were conducted by Mrs. A. D. Gillies, Mrs. J. C. Gavigan and Mrs. Henning. Sr. had charge of the home cooking tables and presiding at the tea room were Mrs. J. H. Meagher and Mrs. Wilfrid Gratton, assisted by young ladies of the parish. Mrs. H. F. Glassey was cashier.

The proceedings came to a close with a social evening. Prize winners at cards were: whist—ladies' first, Mrs. Fred Riffou; ladies' consolation, Mrs. O. Johnson; men's first, Hugh McGlinchey; men's consolation, L. Long. Bridge—Ladies' first, Mrs. Geo. Frizzell; consolation, Mrs. Fritz; men's first, Fred Gilhuly. Raffles were as follows:

SAVE THE FORESTS
Victoria, April 7, 1925.
Dear Sir—
The week of April 19 to 25 has

"Don't worry about the mud, John—it can't hurt this Congoleum Rug!"

A cheerful, spotless kitchen—the pride of every woman's heart! And a Gold-Seal Congoleum Rug makes it such a pleasant, "homey" place. Then, too, Congoleum is so easy to clean. Mud and dirt tracked in from outdoors can be wiped off the smooth, waterproof surface in a moment.

Patterns for Every Room

These easy-to-clean rugs come in a variety of attractive designs that offer appropriate rugs for any room in the house—living-room, dining-room, bedroom and kitchen.

Congoleum Art-Rugs are easy to lay too, for they never require fastening of any kind. Unroll them and in a very short time they lie flat, without a wrinkle—never turn up at the edges.

And with all their beauty, durability and labor-saving features, have the famous Gold Seal Guarantee of "Satisfaction Guaranteed or Your Money Back." Congoleum Art-Rugs are very inexpensive. Be sure to see them at your dealer's. They are the biggest value in floor-covering in all the Dominion.

WATER CONNECTION FOR COW BAY PLANTS

Ald. Perry recommended to the city council last night that a temporary three inch main be laid from Fourth Avenue East to the C.N.R. property line in order to give water connection for P. Burns Co., Ltd. and other concerns that are planning to establish plants at Cow Bay. This was recommended in view of the fact that it would be impossible to give the permanent six inch main from Fourth Avenue and Green Street until grading on Fourth Avenue was completed. There was some discussion as to whether the connection would be satisfactory to the applicants. The matter was sent on to the utilities committee for further investigation.

CROSS-WORD PUZZLES ARE IN EVERY JOURNAL

Every journal is running cross-word puzzles these days. They are to be noticed in Journals as far apart as the C.N.R. Magazine and the War Cry! They have not yet appeared in the Board of Trade booklet, but doubtless in the next edition there will be some there. Some of the question you see are difficult and then some of them are very easy, such as a five-letter word denoting "The staff of life." You guess immediately it is bread! But remember at your grocers to say "Electric Bread" and then you get the best. 95

HEART WAS WEAK NERVES ALL GONE

Mrs. J. H. Hallenbeck, 117 1/2 Welland Avenue, St. Catharines, Ont., writes: "I was in a gas explosion; it left me with a weak heart, and my nerves were all gone. I suffered everything; couldn't sleep, or endure any excitement, and when left alone I felt as if I could scream. I took dizzy spells, often falling and bruising myself. My mother read about your Milburn's Heart and Nerve Pills, and bought me a box, but having taken so many different kinds of medicine it just seemed that I did not have any confidence in any of them. I took one box of H. & N. Pills, and felt so much better I continued with them until I had used five boxes, and after I had taken them I did not need any more. I cannot praise, or recommend, Milburn's Heart and Nerve Pills too highly after all they have done for me." Put up only by The T. Milburn Co., Limited, Toronto, Ont.

been proclaimed "Save the Forest Week." During this period the people of the Dominion of Canada are requested to give the utmost thought to the forest fire problem.

The forest fire menace with its deleterious influence on the forest industries of the Dominion, threatens the very foundations of one of the main pillars of our economic existence. It is one of the gravest of our national problems.

In the memory of many now living the forest wealth of this Dominion was considered so vast as to place any suggestion of its exhaustion outside the realm of practical possibility. Today in many localities these forests have disappeared and fire set by careless and vandal hands has been the principal factor in their removal.

During the past ten years, 13,808 forest fires have occurred in British Columbia—an area of nearly four million acres has been fire swept, property destruction has exceeded seven and one quarter millions of dollars, and the toll continues.

Nearly 90 per cent of these fires have been caused by human agencies and were therefore entirely preventable. The only enemy to forest conservation and renewal is the hand of the man who starts a forest fire, and it is truly ironical that the act is dictated only in rare cases by an anti-conservation mind—more often, in fact almost invariably by a careless or an apathetic mentality.

Public education is the only dependable curative agency. The problem suggests a patriotic obligation which should present an irresistible appeal to all public service organizations. May we depend on your co-operation? Faithfully yours, T. D. PATTULLO.

CLAIM MADE SUNDAY IS COMMERCIALIZED

Delegation in Victoria Tries to Stop Sales of Candy and Cigarettes

VICTORIA, April 21.—Victoria is having her annual attempt to stop the sale on Sundays of candies, cigarettes and other small luxuries. No objection is taken to ice-cream and fruit as foods but the vendor of those articles should stop at that, the Lord's Day Alliance thinks. They have laid their views before the police commission, claiming that such sales tended to commercialize Sunday.
