## DAWSON PARTLY SUBMERGED BY FLOODS

### PREPARATIONS MADE FOR COMMENCING WORK OF GRADING ISLAND ROAD

#### Dawson Suffers from Serious Floods which Result from Ice Jam

Homes and business premises inundated and some buildings carried away; radio out of business

DAWSON, May 11 (delayed in transmission).—The worst flood even known here was caused when the Yukon River overflowed its banks. The administration building were surrounded by water and the fire hall and Bank of Commerce buildings as well as the White Pass Company dock and offices were seriously damaged by water.

Many homes in South Dawson are under water and some of them have been carried bodily away by the rushing flood. The radio station was put out of commission and both the north and south approaches to the Klondyke River bridge are impassable.

The Yukon River is full of ice from bank to bank and the water is rising fast.

#### DISCUSS LABOR C.G.M.M. SHIPS

Food Better on Pacific Coast Than on Atlantic Says General Manager

OTTAWA, May 15. — Labor conditions on the Canadian Government Merchant Marine vessels were discussed by the House Committee on railways and shipping yesterday. R. B. Peake, general manager of the government steamships replying to a question regarding a reported reduction in the pay of seamen and the quality of the food served on the vessels. He stated that neither the wages or the quality of the food on the Pacific Coast where the complaint was made was better if anything than on the Atlantic.

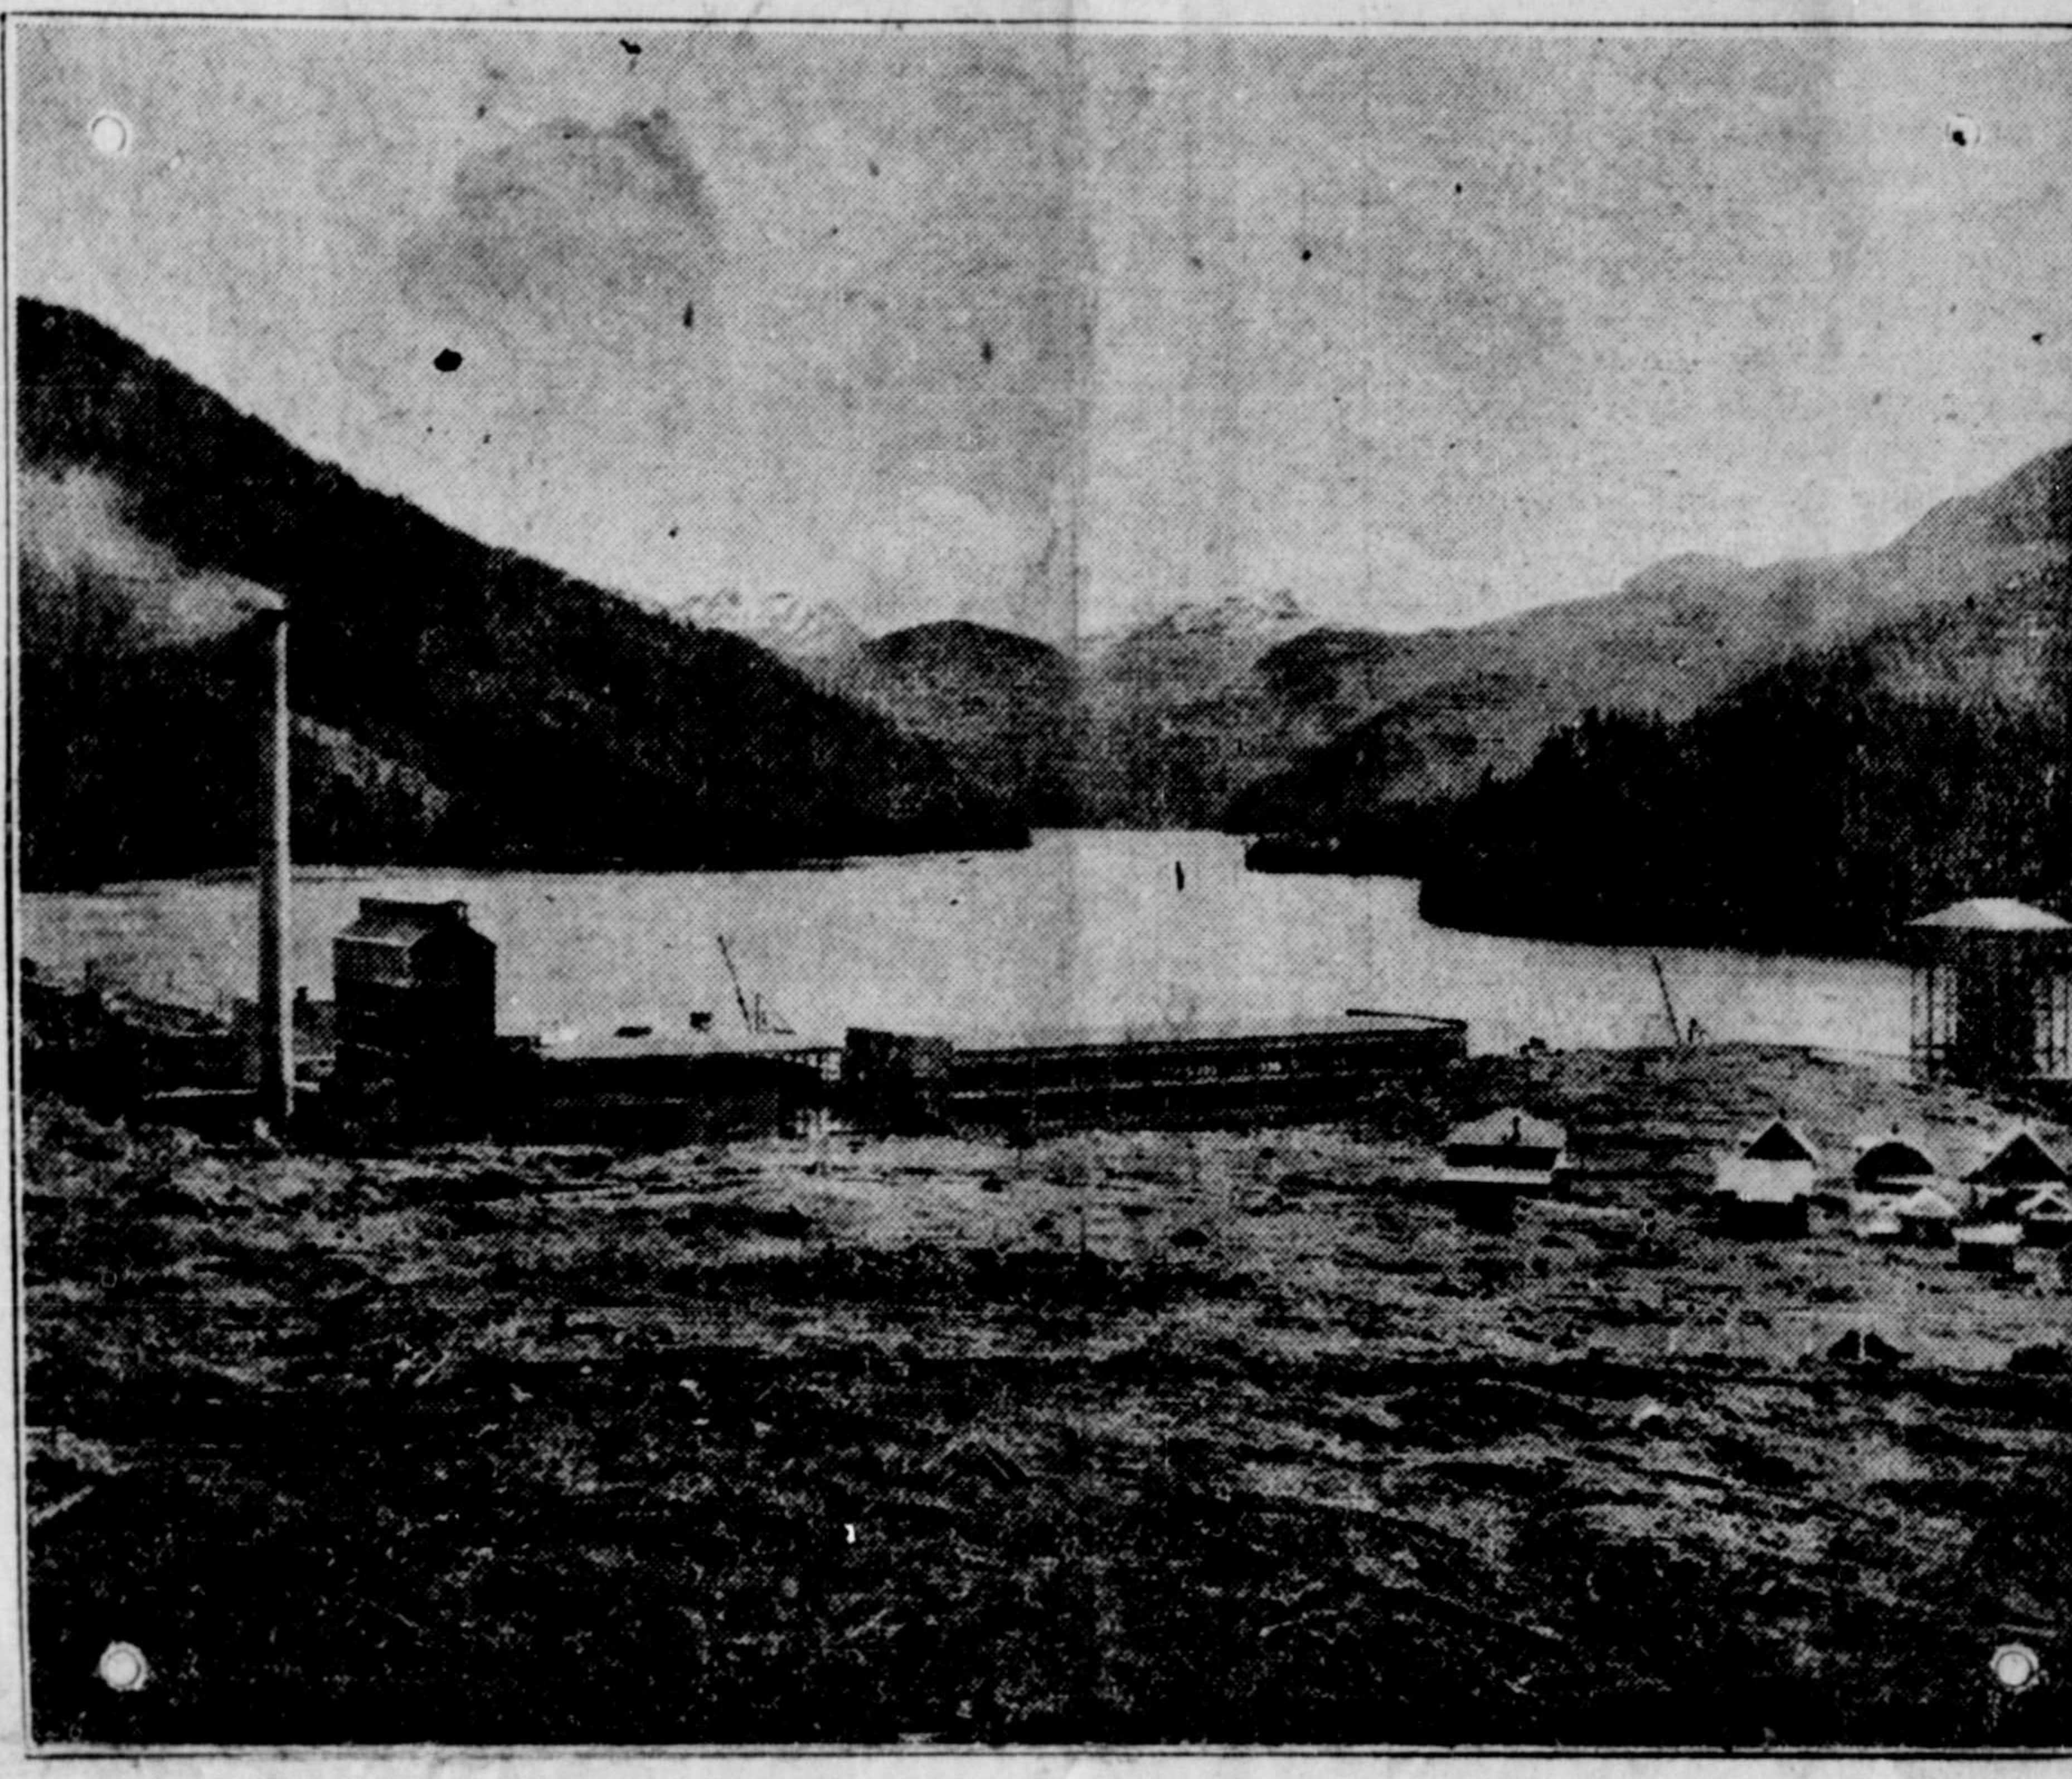

#### ASSEMBLING OF PLANE FINISHED

Vickers Viking Flying Boat Will be Taken on Test Flight Today or Tomorrow

Assembling of the Vickers Viking flying boat, which will be taken from here to the Cassiar district on a prospecting trip by Archibald Little, Detroit mining engineer and his associates, is being completed at the dry dock today and there will probably be a test flight this afternoon or tomorrow. Departure of the machine for the north will depend on weather and ice conditions on the Stikine River.

#### VENTURE BRINGS MEN NORTH TO WORK AT DRUM LUMMON MINE

Union steamer Venture, Capt. A. Johnstone, arrived in port from the south at 4 o'clock this afternoon sailing shortly thereafter for the Naas River. The Venture spent the morning in the Skeena River but has her calls in the slough yet to do tomorrow morning. She reported a lot of fog coming up the coast. The vessel left Vancouver with a big passenger list for cannery points along the coast and also a party of men who will take a survey of the Drum Lummon mine near Hartley Bay, which is to be put in operation this year again by the Paisley Mines Ltd., the new owners of the property.

#### CONSERVATIVES' ANNUAL MEETING

D. C. Stuart is Elected President — Preparations Being Made For Nominating Convention

The annual meeting of the Prince Rupert Conservative Association was held last night in the Emad Hall. Officers were elected as follows:

- Honorary President—Rt. Hon. Arthur Meighen.
- Honorary Vice-President—R. H. Pooley, M.P.P.
- President—D. C. Stuart.
- First Vice-President—G. H. Munro.
- Second Vice-President—W. E. Fisher.
- Secretary-Treasurer—W. W. Wright.

Executive Committee—The officers and W. Gilchrist, W. R. Love, E. A. Mann, George Hill, A. W. Edge, J. C. McLennan, J. Laurensen, S. M. Newton and Fred Seaden.

Annual reports were received and 22 delegates, to which Prince Rupert is entitled, were appointed to attend the federal nominating convention which will be held on May 20 in Prince Rupert. These delegates will meet next Wednesday to decide who they will support.

There seems to be nothing definite so far as to who will be the Conservative candidate for Skeena riding in the next federal election. Names that have been mentioned are George G. Bushby and Mayor Newton of Prince Rupert, and Dr. Leary of Anox. There may still be others desirous of hearing the Conservative standard to the fray.

#### Work to Proceed Soon on Island Road when Tram and Rails Here

Road Superintendent says two or three gangs of men will be employed on work of grading

As soon as the cars and rails for the tramway arrive grading will commence on the new road from the city limits to Gradoway Rapids and two or three gangs of men will be employed throughout the summer, according to P. W. Anderson, road superintendent. The difficulty is in getting material in from the water. Everything has to be carried half a mile. At present the powder which is being used in blowing the stumps has to be carried and it makes the work more expensive than would be the case if the city end of the road were completed or even light graded. About a thousand feet of light rails are expected and these will be heavy packing. An effort is to be made to get the city to at least partially complete the road so that this material can be taken in.

The plan of the government engineer is to have two or three camps established on the road. One will be composed of bridge builders, which will go ahead of the graders and will prepare the culverts and bridges. The biggest gang will be on the grading.

While it is not promised that the work will be finished this year, it is the plan to do as much of it as possible while the good weather lasts. The road has been thoroughly surveyed and cross-sectioned and staked and everything is now in readiness for the work to proceed once the trams and rails are on the ground. Probably a steam donkey engine will also be employed in pulling the stumps but that engine will have to be taken in from the water as it will be too heavy for the other route. The cars and rails have been on order some time and a hurry-up call has been sent for them.

After the schoolboard meeting last night the trustees held a conference with Principal Brady in connection with the continuation of the matriculation class which has been conducted here for the past four years. The information was elicited that during the time the class was conducted here only 13 pupils in all had taken advantage of it and not more than four would be available next year and probably not that number. Accordingly the board decided to eliminate that class next year. Had the class been continued it would have been necessary to engage another teacher for the High School but with it eliminated the present staff are able to carry on without additional help and caring for the new pupils which are coming up from the lower school.

#### PRINCE CHARLES JOB IS NOT COMING HERE

J. H. Pillsbury, Manager of Dry Dock, Will be Back from Vancouver Tomorrow

It is understood that the alterations to the new C.N.R. coastal steamer Prince Charles are to be made in the C.G.M.M. shops in Vancouver and not in Prince Rupert dry dock. J. H. Pillsbury, manager of the local dry dock, who went south in connection with the matter, is expected back from Vancouver on the Prince Rupert tomorrow morning.

Other Two Which Left Wrangell Sunday Expected Today — Much Ice in Stikine

(Special to Daily News) TELEGRAPH CREEK, May 15.—The first of the three Barrington boats, which left Wrangell last Sunday, laden with prospectors and freight for the Dease Lake mining fields, made Telegraph Creek safely last night. The other two are expected here today. Floating ice, in many places jammed, made it necessary to exercise the greatest of caution in navigating the swift running waters of the Stikine River.

#### Indians as well as Whites are Staking Claims in Dease Lake District; Working on Gold Pan

VICTORIA, May 15.—Indians as well as whites are staking claims in the Dease Lake district, according to a letter from W. S. Simpson, Indian agent at Telegraph Creek, received by Indian Commissioner Ditchburn. Navigation to the new goldfields may be slower than was expected, Mr. Simpson says, as the Stikine River is lower than it has been for the past ten years and steamers have exceptional difficulty in moving from Wrangell to Telegraph Creek. Miners are reported to be working at the new diggings on Gold Pan Creek but under great disadvantage owing to the spool and the difficulty of holding back the surface water.

#### Janet Smith Case Closes but Magistrate's Decision Delayed Until 2.30 Monday Afternoon

VANCOUVER, May 15. — Whether Wong Foon Sing, the Chinese houseboy in the employ of R. L. Baker at the time Janet Smith met her death will be tried for murder in the high courts will not be known until Monday afternoon at 2.30 when Magistrate McQueen of Point Grey gives his decision. All the witnesses called by the Crown in the hearing had given evidence by one o'clock yesterday and later in the afternoon the arguments of the Crown and the defence counsel were heard. Wong, when asked if he had anything to say, answered that he had not.

### Right Spirit For All To Cultivate.

Possibly it is about time we stopped talking about Ketchikan, but there was a statement made yesterday by C. H. Orme at the Rotary luncheon which was striking. He said that during the several days of his visit in that city he had never heard a Ketchikan man make an unkind or disparaging remark about any of his neighbors. It is hardly believable. We are so used to giving vent to our opinions of the man across the street or in the flat above that the habit has grown on us and we cannot live without disparaging someone. For a visitor to listen to us we might seem to be a race of heathens who had never heard of the golden rule.

### Music Students In This City.

For several years past there have been developed in this city a number of music students, mostly young girls, who have shown much talent and who promise to make a mark in the musical world. Under the tutelage of several local instructors they have made great progress. Recitals indicate that in the world of music, at any rate, Prince Rupert is well to the fore, thanks to those who have done the work and whose remuneration has not been large. They have given good service to the city and their efforts should be appreciated.

### Doukhobors Not Yet At School.

The Doukhobor children must not be kept from school. No parents who live in this country are allowed to keep their children from getting all the benefits of education and the Douks must be no exception to the general rule. We cannot afford to have a lot of illiterate young people in the country, especially if they are given a vote.

The government must continue the firm hand policy and proceed at once to enforce the law. Anything else will be interpreted as weakness by the people who are defying them.

### Over-Booming Mining District.

It is all very well to give publicity to a district and to tell all there is to be told about it, but at present there seems to be an attempt to over boost the Portland Canal country and to flood mining companies on properties that are nothing more than prospects. Possibly there is ore under every part of some of the mountains of the Salmon or Bear River but the way money is being raised on them seems to indicate that there are wildcats as well as ore in those districts.

It seems a pity that there is no way of checking this business of selling stock to innocent but gullible persons. There are so many good properties up the Salmon and Bear that every effort should be made to discourage those who are going beyond the bounds of honesty in capitalizing prospects that are wholly undeveloped. There is always a rebound from false inflation.

### Work On Road To Proceed Very Soon.

While work on the road to Galloway Rapids has been proceeding slowly, the actual grading operations have not yet commenced but the necessary equipment for the work is expected soon and then gangs of men will be employed there. This is very good news and was to be expected, in spite of the stories promulgated by the pessimists who tried to make it appear that the work would not be done this year. The road is needed here and the member for the district is seeing that it is built.

## INVESTIGATION INTO CHARGES OF KIDNAPPING

H. B. Rochester Writes Letter to Police Commission; Hearing on Tuesday

There will be a special meeting of the police commission next Tuesday night to conduct an investigation into allegations made by Ex-Mayor H. B. Rochester that Sergeant Bailey on or about the morning of March 20 participated in a kidnapping affair at the Prince Rupert Hotel when the little daughter of Mrs. Anna Johnson was removed from her custody by her divorced husband, Carl Johnson, with the assistance of the officer in question. Mr. Rochester's charges were laid in the following letter which was read yesterday afternoon at the regular monthly meeting of the commission:

"On or about March 20, 1925 at 7 o'clock in the morning a kidnapping affair was pulled off in the Prince Rupert Hotel in which one of your policemen—to wit, Sergeant Bailey—took part, a very prominent part, by being present in uniform, thus indicating that the action was done under jurisdiction of the law and also barring the passage, thus preventing the mother from reaching her baby and covering the retreat of Johnson down the stairs with the screaming child in his arms.

"As you know this officer had no authority to enter the hotel as he did and assist in such blackguardly work, for it was through him that Johnson was able to reach Mrs. Johnson's room.

"As a citizen and ratepayer of this city, I demand a thorough investigation into this case and, if found guilty, his removal from the force. I also request the privilege of being present when this investigation is conducted.

H. B. ROCHESTER,  
"Manager, Prince Rupert Hotel."

When consideration of the letter came up, Mayor Newlon said he had talked the matter over with Mr. Rochester and they had failed to see eye to eye. The mayor then went to see Sergeant Bailey and get his side of the case. Sergeant Bailey, who denied the charge of kidnapping had felt that he should not be judged so partially as Mr. Rochester had suggested. The result was that the mayor had asked Sergeant Bailey to see Mr. Rochester and make his explanation to him.

"Did Sergeant Bailey see you?" asked the mayor.  
"No, he did not," replied Mr. Rochester who was present at the meeting.

In view of the fact that Sergeant Bailey had not seen Mr. Rochester, His Worship felt that it would be better to have Sergeant Bailey's story at the same time as Mr. Rochester's case was presented. He was not in favor of any action being taken until Sergeant Bailey was present. This view was concurred in by Commissioner Coombs who moved that the matter be laid over until Sergeant Bailey could be in attendance. This suggestion was adopted and Tuesday evening was set as the time for the enquiry.

### The Man in the Moon

SAYS—

I HAVE just heard that some of our esteemed citizens recently made a trip to Ketchikan and that one of the chief attractions in the city was a little girl with tassels on her garters. It seems that one or two of the single men of the party were almost carried away by the sight.

BOYS MUST BUY OWN FOOTBALLS

Schoolboard Refuses to Provide Paraphernalia for Use of Booth School

The school board last night took the attitude that it would not supply footballs to the boys at school. Four members of the board were present C. H. Orme, chairman, and trustees Johnston, Rochester and Fulton. The two latter were opposed to it and were able to carry a motion that an application for a ball from the principal of Booth Memorial School be refused.

An alternative proposal from Trustee Orme and Johnston that the members of the board should provide a ball as a donation was also not accepted, the suggestion meeting with no response.

The suggestion arose out of a report of Principal Hartness who said that the boys of his school were now playing football. W. E. Williscroft was coaching them two evenings a week on the court house grounds and on Saturday afternoons and for this they had a ball. What they wanted was a ball to kick about at the school.

Should Collect

Trustee Fulton said he thought they should collect the money from the boys who played.

Mr. Hartness explained that they were already buying boots and shirts and the Parent Teachers' Association was providing sweaters.

Trustee Rochester thought the board could do too much for the children. They should be taught to do things for themselves.

Trustee Johnston said they had already provided for one school and he thought they should do the same for Booth School. This did not meet with favor Trustee Fulton remarking that the tendency was to spend the people's money freely. On motion of Trustee Fulton seconded by Trustee Rochester, the request was refused.

Later in the evening when Principal Hartness reported having two dollars of the Board's money collected from boys who had broken windows, it was decided to allow this to be applied to the football fund.

Sport Chat

The Sons of England and Great War Veterans in their first Stuart Shield football game played to a one all draw. Tonight the two teams met again and both sides are pretty confident about the result. The teams will be on their toes for loss or victory will probably have a good deal to do with the final disposition for this year of the first trophy of the season.

The Vets' team will be selected from the following: Gawthorne, Vic Menzies, Cochrane, Barton, George Mitchell, Main, Balfour, Russell, Brophy, Erskine, Norwood, Campbell, Skinner, Kinch and Mack.

The Sons of England announce the following line-up—D. Frizzell; S. E. Alexander and R. Howe; G. P. Tinker, A. Bales and Lindsay; J. Farquhar, A. Dickens, Johnson, Hanson and Hodgkinson.

Tom Jones will referee. Women in England have taken greater interest in horse racing this spring than ever before. There are nearly 300 women owners of flat or straight running horses, while a great many others are extensively interested in steeplechasing, or other forms

of the sport coming under national hunt rules. A hundred years ago there were but very few women race horse owners in this country, but the fad within the last 25 years has spread throughout the British Isles, and every racing center now has its quota of fair owners who take an active part in the sport. Women for years have been interested in the raising of blooded horses, and in this regard it is recorded that Lady Sykes headed the list of winning breeders, just beating Lord Derby, with 27 races of a total of \$180,000. There is no record of a woman ever having been licensed as a public trainer, but during the war women frequently carried on for the absent trainer men folks who were at the front. No woman either has ever been licensed to ride under Jockey Club rules, but there is talk that they may, sooner or later, and ride in such events as the Newmarket Town Plate and point-to-point races generally.

Teams in the opening game of the Junior Football League tomorrow afternoon at Aeropolis Hill grounds between Borden and Booth schools will line up as follows:

Borden Street—goal, McLean; backs, Stiles and Veirick; half backs, Gurvich, Parkin and Rogers; forwards, Irvine, Smith, Hunt, Morrison and Millard; spares, Macdonald, Minns and Bryant.

Booth School—goal, Harvey Crate; full backs, Kami Miwa and Joe Scott; halves, Willie Collison, Tom Kelsey and Dan Mackenzie; forwards, Eddie Smith, Willie Donald, Fred Dingwall, Jack Nelson and Willie Murray.

The game will start at 2.30 and George Cochrane will be referee.

LACROSSE IS TO BE PLAYED

Fred Gilhuly Chosen President of Association at Meeting Last Night

There was a good turnout of prospective players and fans at the annual meeting of the Prince Rupert Lacrosse Association which was held last night in the city police court.

Officers for the year were elected as follows:

- Honorary President — Fred Stork, M.P.
- Honorary Vice — President — George D. Tite.
- Vice-President — M. M. MacLachlan.
- Secretary - Treasurer — W. Mack.
- Trainer — W. McGee.

It is hoped that, after further practice, a league of at least two teams may be developed to compete for the Stork Cup. There are understood to be a number of new players in the city and the league is anxious that all should turn out for practices which will be held on Wednesday

evening and Sunday mornings, the Aeropolis Hill grounds being reserved at those times for lacrosse.

1,000 PUPILS CITY SCHOOLS

Borden Street Will be Overcrowded Next Term Unless Steps Taken to Provide

The reports of the principals of the local schools to the school board at the regular monthly meeting last night showed that there were at present 876 pupils enrolled, that number including the High School. This is in addition to those attending the Catholic School, where approximately 120 are enrolled and the commercial and other classes at the convent, the whole going slightly over the thousand mark. The reports from the various schools showed the following results:

Seal Cove, 50—Boys 27, girls 23.

Borden Street, 297—Boys 150, girls 147.

Booth Memorial, 407—Boys 208, girls 199.

High School, 122—Boys 43, girls 79.

On behalf of the Borden Street school Miss Mills reported that they would find difficulty in accommodating all the pupils next term when the new pupils came in. She outlined the situation as she found it and left it for the consideration of the board. Even if Westview School were opened it would not fully meet the requirements.

FIFTY PRESENT MOTHERS' NIGHT

Girls in Training Hostesses at Methodist Church; Miss Haddock Remembered

The Canadian Girls in Training of the Methodist Church held their annual Mother and Daughter Evening, last night, at which there were about fifty present. Miss Jean Mackay made the address of welcome to the mothers, after which a delightful program was enjoyed. Cathie Irvine and Evelyn Dobby sang a duet, and there was a solo by Miss Catherine Harvey. Piano-forte solos were given by Miss Victoria Krikevsky and Miss Laura Tamboline.

An excellent program of games and contests had been arranged the winners of which were as follows:

Tray of articles, 1. Mrs. Krikevsky; 2. Mrs. Arney. Peanut race, 1. Mrs. H. Steen. Booby orize, Mrs. Minzgohr.

Towards the close of the evening delightful refreshments were served when Miss Florence Annesly gave the toast to the mothers. A reading "My Radio Girl" was given by Miss Nellie Gurvich.

*"For all washing and cleaning you can't beat this soap —"*

says Mrs. Experience, who chooses soap for its economy and labour-saving value.

"Sunlight puts the sunshine of cleanliness into the home! For washing clothes, dishes, wood-work, linoleums, in fact, for anything that can be cleaned with soap and water—I call on Sunlight. And Sunlight does its work so well and leaves everything sweet and clean.

"Sunlight really is economical, too! You see, every bit of it is pure, cleansing soap, containing no filling or hardening materials, which are only waste as far as we women are concerned.

"You get greater cleaning value out of a pure laundry soap—and so I say, 'Always keep a good supply of Sunlight on hand'. It really improves with age. And because of its purity, Sunlight is kind to your hands and keeps them smooth and comfortable." Sunlight is made by Lever Brothers Limited, Toronto.

### PARKING BYLAW IS DEALT WITH

Measure Now Under Consideration Will Prevent Cars Standing on Sixth St. and Third Avenue

#### OTHER RESTRICTIONS

Places of Public Assembly, Fire Hydrants, etc. Are to be Kept Clear

The police commission yesterday afternoon gave preliminary consideration to a new city parking bylaw. After being read over, the bylaw was tabled until the next meeting of the commission when it will probably be adopted and sent on to the city council for final passage.

The clauses in the bylaw providing for traffic rules are as follows:

"It shall be unlawful for any person in charge or control or in possession of any vehicle to allow or permit such vehicle to remain stationary for any period of time for any purpose other than that of taking on or letting off passengers (or freight) on that portion of Sixth Street between Second Avenue and Third Avenue in the city and on that part of Third Avenue between Fulton and Seventh Street.

"It shall be unlawful for any person in charge or control or in possession of any vehicle to allow or permit any such vehicle to stand or remain stationary in front of any theatre, building used for the purpose of public entertainment, fire hall or hotel entrance so as to obstruct the free and uninterrupted access, ingress or egress to and from such theatre, building, fire hall or in front of any such other places as may be designated by proper signs erected by the chief constable.

"It shall be unlawful for any person in charge or control or in possession of any vehicle to allow or permit such vehicle to remain stationary except while being loaded or unloaded or while taking on or letting off passengers upon any street in the city within twenty-five feet of any fire hydrant."

Provision is also made that any persons violating the bylaw may be brought before the mayor, police magistrate or any two justices of the peace and, upon being found guilty, be assessed a fine not exceeding \$100 or committed to the common jail in lieu of fine. In connection with this clause it was explained by the city solicitor to Mayor

### DELEGATES REPORT ON KETCHIKAN VISIT

Rotary Club Hears Short Addresses From Those Just Returned

At the Rotary Club luncheon yesterday several of the delegates to the Rotary Club at Ketchikan reported on their trip, the speakers being F. G. Dawson, Cyril Orme, George Bryant and H. F. Pullen.

Mr. Dawson told of the fine reception that had been given them by the Ketchikan people who had left nothing undone in the manner in which they had been entertained. He also mentioned the good stores there, the roads which were leading out of town and the Rotary dinner at which the charter had been presented along with a Union Jack from Prince Rupert and a standard from the club here.

Cyril Orme mentioned the difficulties which the Ketchikan people had overcome in making a town compared with those which occurred here. Wonderful progress had been made there. During the course of his visit he had never heard a man speak an ill word of his neighbor. While the people were working for Ketchikan they also expressed themselves as perfectly willing to co-operate with Prince Rupert in every way possible.

Another feature Mr. Orme found was that while there were in the city a great many well to do people they made their homes there and intended to stay even though they had retired from active business.

George Bryant and H. F. Pullen spoke but briefly. The latter mentioned the manager plan of city government which obtained in the Alaska city and which had proved a success there.

### GOOD RESULTS OF TEST EXAMINATIONS AT THE HIGH SCHOOL REPORTED

Trustee Brady Tells of Plans in Connection With Final Exams.

At the school board meeting last night Principal Brady of the High School reported that examinations had been held during the last week in April for the Senior and Junior Matriculation and Normal Entrance pupils.

These examinations decided what pupils were entitled to sit for the finals in June. The four students in the matriculation class satisfied the requirements and of the 25 candidates in the third

# NO MORE FOOLING

NOWHERE did Abraham Lincoln show his shrewdness of judgment to better effect than in that famous utterance which ended, "You can't fool all the people all the time."

In the past, there were a few misguided advertisers who thought they could sell their wares better by misrepresentation. But those advertisers have long since gone out of business or mended their ways. Hard experience taught that Lincoln was right. Untruthful advertising doesn't pay.

Other advertisers proved that the only way to advertise successfully, make regular customers and build up public good-will was to tell the absolute truth about their goods.

So, you can be sure that every consistently advertised product is good. The advertising test has proved it. The very fact that it is advertised is your best warranty of satisfaction and true quality.

The concern that tells you frankly what it is doing is a good concern with which to do business. That is why it pays to read the advertisements, to patronize advertisers, and to buy advertised merchandise.

It's mighty good business

## "PETER PAN"

Sir J. M. Barrie's popular play as a beautiful, amazing motion-picture. The Boy Who Wouldn't Grow Up in the Story That Never Grows Old. A gorgeous spectacle in which Peter Pan, Wendy, Captain Hook and all the other famous folk live to the life. The story of every child's dreams and every mother's love. Come for a trip to the Never, Never Land. See the battle between the pirates and the Indians, the fight between the pirates and Peter's young army and all the other famous scenes beautifully filmed. A photo-play that will stir golden memories and bring back your youth. You'll thrill to its pictorial beauty and laugh to its sweet, wholesome humor. Superb cast:

Ernest Torrence, Cyril Chadwick, George Ali, Jack Murphy, Virginia Brown Faire, Esther Ralston, Mary Brian, Anna May Wong and Betty Bronson as "Peter Pan."

## POLICE CHANGE MOVE DROPPED

Commission Decides to Discontinue Further Negotiations With Attorney General's Department

The police commission yesterday afternoon decided to discontinue negotiations with the attorney general's department with a view to having the policing of the municipality turned over to the provincial police. A draft agreement between the attorney general's department and the city providing for the making of such change being read over, Commissioner Coombs moved that the matter be laid over indefinitely. Commissioner Montgomery not being present, Mayor Newton declared the motion carried.

Commissioner Coombs, in stating that he was not in favor of the move, said he had discussed the matter with a person in authority and had been informed that, if the provincial police took over the policing of the city, ten men would be employed not including clerks. The cost to the city would thus be much greater than it was under the present system.

Mayor Newton was also opposed to the change in view of the failure of the provincial authorities to co-operate with the city with regard to police work. He felt that if the city continued its own policing it would be just as satisfactory and economical as it would if the change were made.

## BRITISH TRADE IN PARLOUS CONDITION

Gloomy View Taken by Sir Robert Horne at Recent Dinner in London

LONDON, May 15.—A gloomy view of Britain's trade outlook was expressed by Sir Robert Horne at a recent dinner of the British Overseas Banks Association. He said he had just come back from a journey abroad, which had taken some months, and he was of the opinion "that we are in a worse position today than we were six months ago, and that was bad enough. If we look at the staple trades of the country we cannot help having a feeling of anxiety and apprehension as to the future."

Sir Robert referred to the state of the shipbuilding, coal, heavy steel, woollen and cotton trades, and said it was his deliberate belief that every section of society had to combine to find some solution of the problem, otherwise there was no hope for the country.

## BERLIN WORKERS ARE WARNED AGAINST USE OF ALCOHOLIC DRINKS

Prohibition Movement Said to be Gaining Ground in That Country

BERLIN, May 15.—That the movement for prohibition in Germany is rapidly gaining ground among the working classes is indicated by an appeal issued by a number of Socialist party leaders, most of whom are members of the Reichstag.

The document declares that "the working class is the worst sufferer from the effects of alcoholism." It admonishes the workers to "keep alcohol away from all your meetings, sessions, and demonstrations, and establish people's houses and hotels that sell no liquor. Reduce the possibility of obtaining liquor wherever you can do so, and conduct intensive educational work concerning the harm done by alcohol."
