## TOLMIE URGES NEED OF COAST DEFENCES

### ROBBER WHO GOT AWAY WITH SWAG IN 1922 CONVICTED IN VANCOUVER

#### EDITORIAL CHILDREN'S WARD

A children's ward is needed at the general hospital and the directors believe that Prince Rupert people would like to have it. The Hill 60 Chapter I.O.D.E., have raised money sufficient to equip the ward but some important alterations have to be made inside the building before this can be done. It is necessary to provide \$1,500 for the purpose and there is no way of getting this sum except from the pockets of the people who are interested. To give the people an opportunity to subscribe, lists are being opened at each of the banks and also at the Daily News Office and all donations for the ward will be acknowledged through these columns each day.

There is nothing that so appeals to the ordinary person as a sick child. Usually Prince Rupert children are healthy but a few are not and these must be cared for. At present there is nowhere to put them so that they may have the best opportunity to recover.

Fifty hundred dollars is a large sum to spread over the city and it is hoped a few days will see the amount raised.

#### REMEDY FOR HARD TIMES

Bishop Richardson of New Brunswick suggests reduction in standard of living.

ST. JOHN, N.B., April 29.—A venture to suggest that if the general standard of living, not the cost of living, remember, but the standard, was reduced to what it was before the war there would be comparatively little heard about hard times," declared Bishop J. A. Richardson in his annual charge to the Church of England Synod of New Brunswick yesterday.

#### GRADS WINNERS OVER TORONTO

Crack Edmonton Basketball Team Had no Difficulty With Hebrew Girls

EDMONTON, April 29.—The Young Women's Hebrew Association basketball team of Toronto was no match for the Edmonton Commercial Grads in the first game of the Dominion championship series last night. The locals won 48 to one. The final game will take place on Thursday.

#### CITY OF PRINCE RUPERT.

**PUBLIC MEETING**  
 A public meeting will be held at the City Hall on Thursday, the 30th day of April, at 8 p.m. to discuss questions regarding the fishing industry in this port, and also matters relating to the dry dock. A large attendance is requested.

### Urges That Canada be Prepared to Maintain Neutrality in Wartime

Conservative Member for Victoria, B.C. Draws Attention to Naval Preparations on Pacific

OTTAWA, April 29.—That Canada should prepare for possible hostilities on the Pacific Coast was urged by Hon. Simon Fraser Tolmie, Conservative organizer and former minister of agriculture in the Meighen government, who represents Victoria, B.C., in the House of Commons.

Dr. Tolmie stressed the importance of the American and Japanese naval preparations on the Pacific and the relation of these preparations to Canada. He argued that Canada should be in a position to maintain neutrality and she could only do that if she were prepared. At present she was helpless, and in event of war between the other nations she would be at the mercy of either side.

#### FIVE VICTIMS PORTLAND FIRE

Four Dead and One Not Expected to Recover as Result of Injuries

PORTLAND, April 29.—Four persons are dead and one is injured probably fatally, as a result of a fire which swept the frame apartment building here early today. The dead are Clara Short, 29 years of age, a waitress; Bernice Frasier, 29; E. Sullivan, 53, laborer; Mr. Law, 70, who was blind.

Mrs. Law was injured and is not expected to recover.

The flames raged more than an hour before firemen were able to enter and search for the bodies. Most of the victims were apparently trapped in their rooms in the Hendrick apartments.

#### WASHING MACHINE EXPLODED CAUSING SEVERE INJURIES

Victoria Lady Lost Her Life from Burns Resulting from Fire

VICTORIA, April 29.—Following the explosion of a washing machine in a bathroom yesterday, Mrs. Norman Martin was surrounded by flames which resulted in burns that later proved fatal.

The explosion was heard for blocks and destroyed the walls of the room.

#### MENTAL PATIENT ENDS HIS LIFE

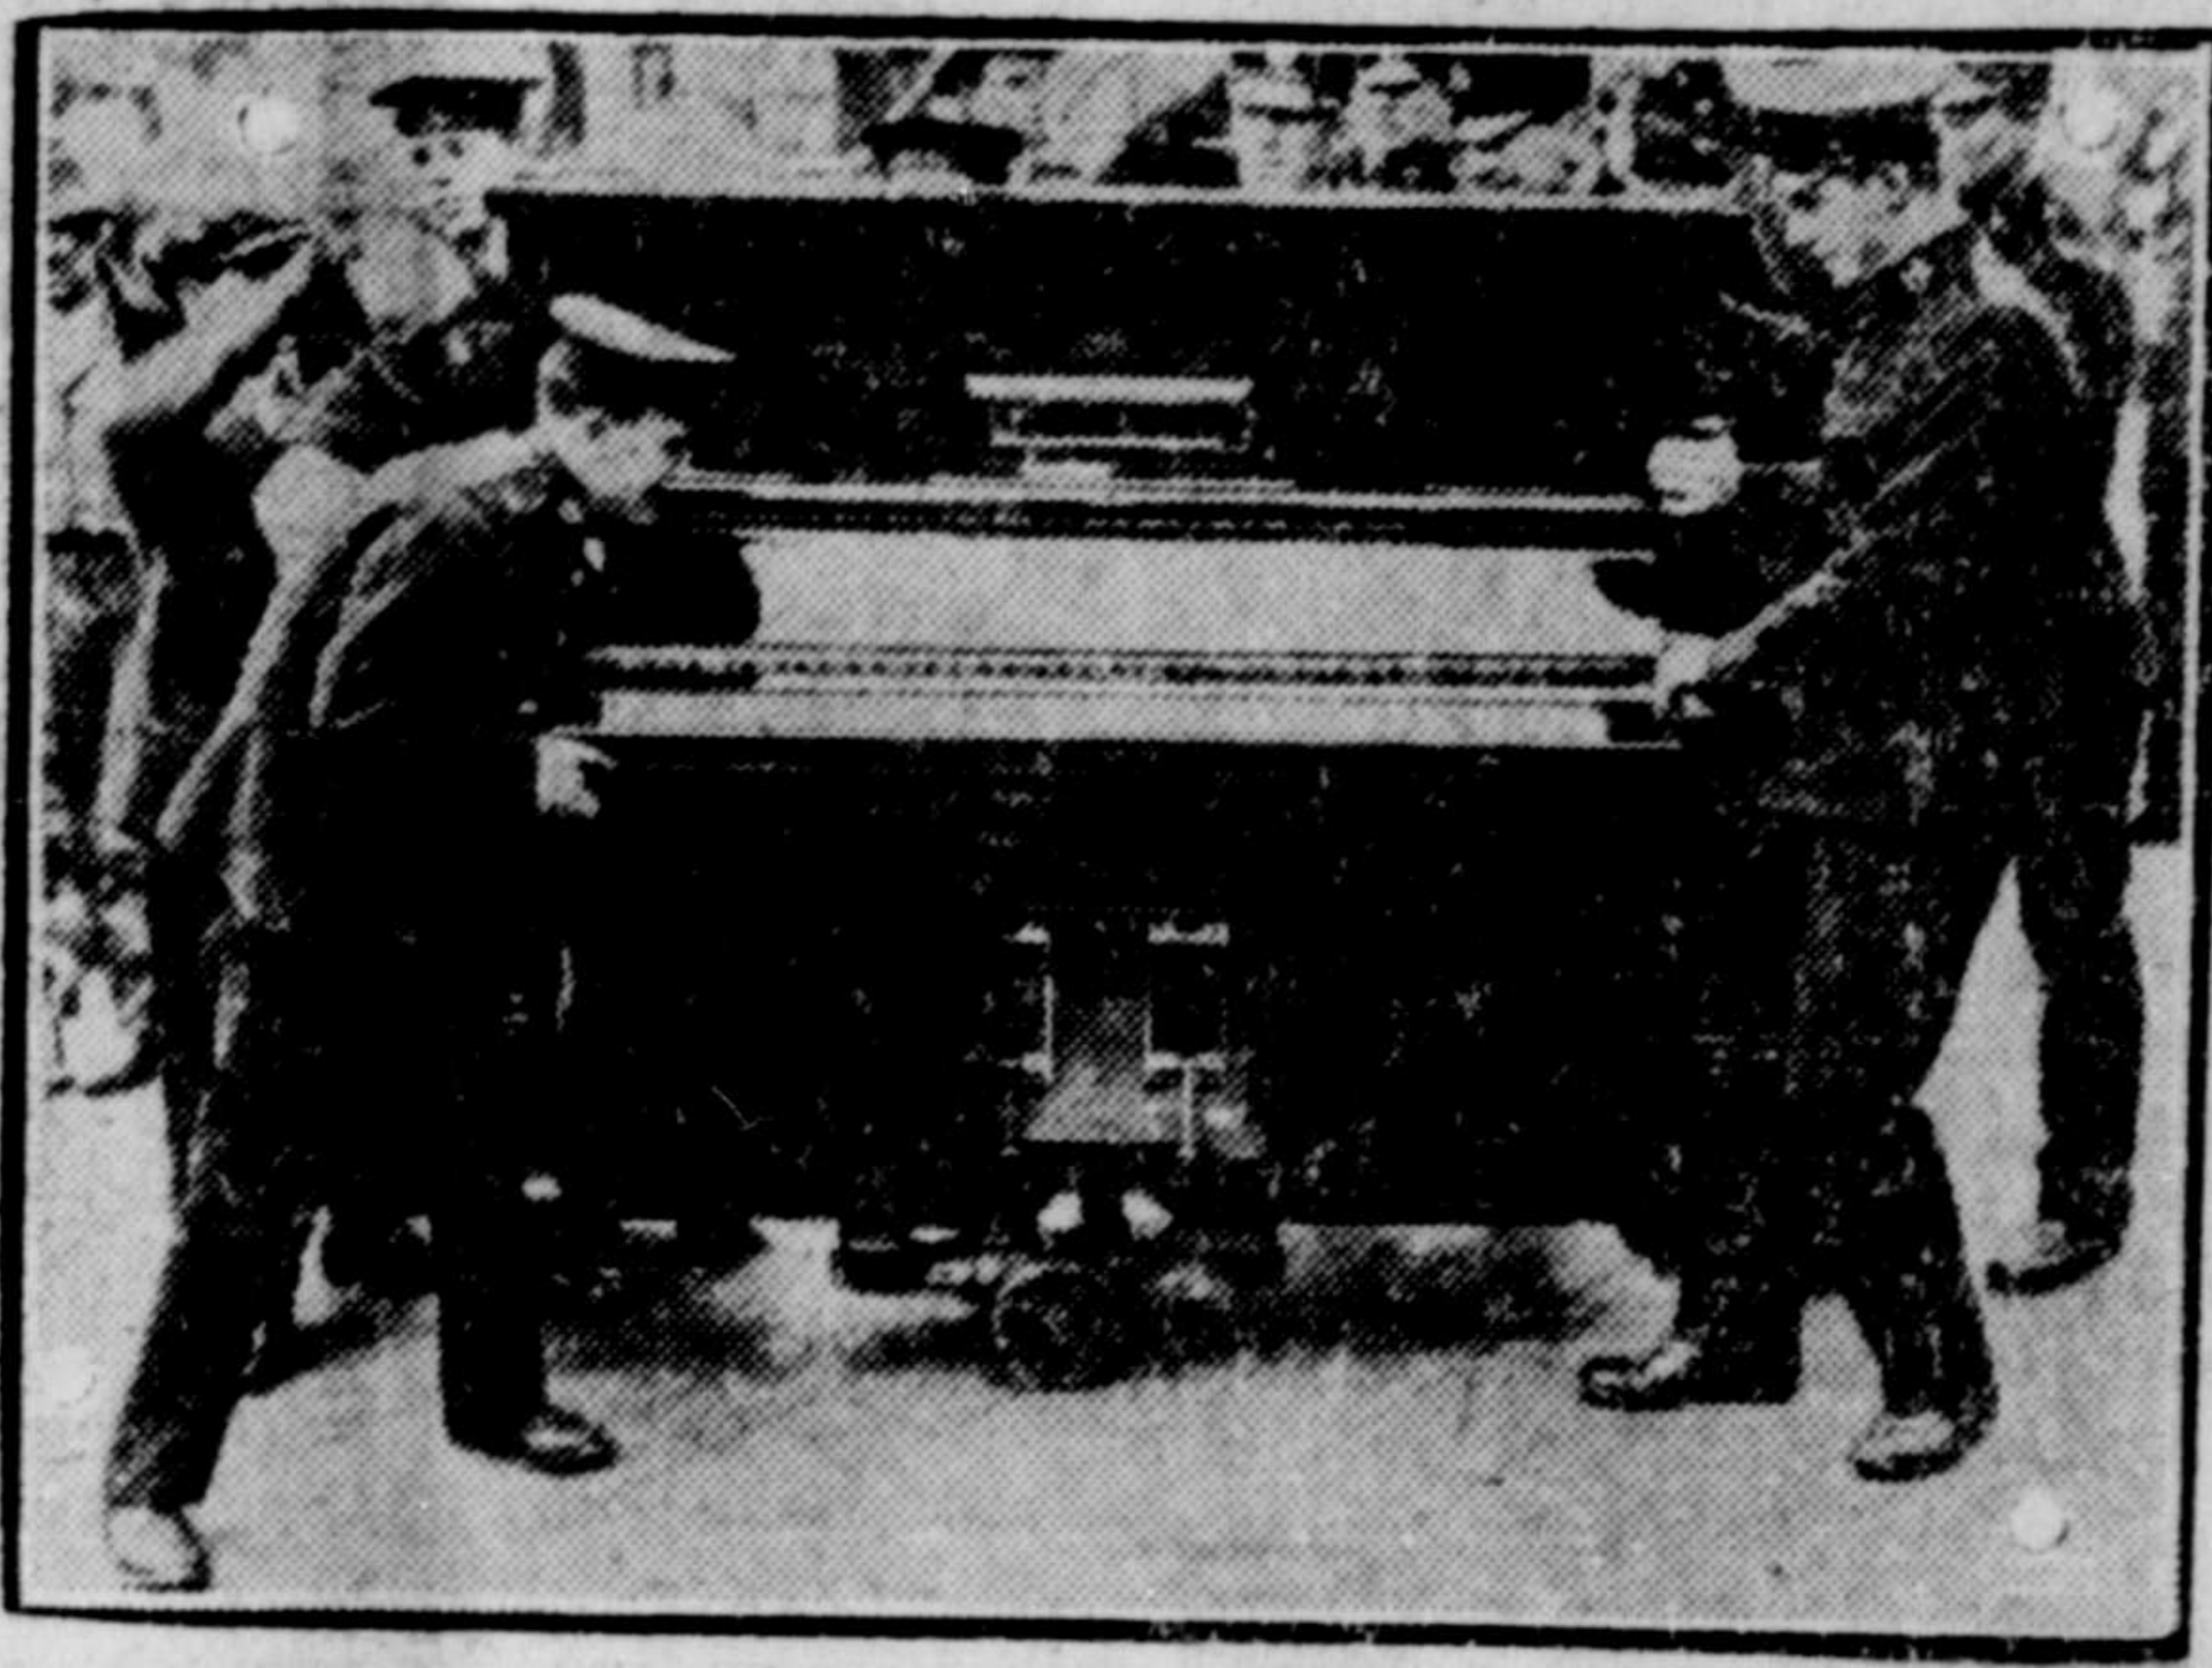

NEW WESTMINSTER, April 29.—G. Hardy, a patient in the Essondale mental hospital, eluded the guards yesterday and threw himself in front of a railway train. He was instantly killed.

### Progressive Member Urges Tax on Bachelors of Country: Would Also Raise Money from Luxuries

OTTAWA, April 29.—Rev. A. J. Lewis, Presbyterian minister and Progressive member for Swift Current rather startled the House of Commons yesterday by advocating a tax on bachelors as one means of adding to the revenue of the country and at the same time inducing the population of the country without recourse to immigration. He took a gentle slap at Right Hon. W. L. Mackenzie King, premier, who he thought was setting a bad example to the nation by remaining single.

But bachelordom was not the only thing Mr. Lewis wanted to tax. Hockey tickets he singled out as being suitable for an impost. Also cigars came under his hand as did luxuries generally, including radio equipment.

The Saskatchewan member also took a shot at what he thought was one of the extravagances of the present government. He suggested that there were too many Government motor cars in use for which the people had to pay.

Besides being a minister of the gospel and a legislator, Mr. Lewis is secretary and manager of a mutual hail insurance company in Saskatchewan, trustee of the school board, and a man of affairs at home. He made quite an impression here and it is possible that there will be a race to cover throughout the country on the part of the single men.

### Something Will Break Very Soon in Janet Smith Case Victoria Official Declares

(Special to Daily News)  
 VICTORIA, April 29.—"Something is coming in the Janet Smith case." This was the significant statement made by a well informed official at the Parliament Buildings today.

It is stated that the provincial police or Attorney General Manson will shortly break silence in connection with the investigations into the case which have been going on for some time. The latest startling development has been the disappearance and rumored abduction of Wong Foon Sing, the Chinese houseboy and chief witness in the case.

### Police Convinced by Photograph; Searching for Chinese Houseboy held by Captors to make him talk

VANCOUVER, April 29.—The provincial police are thoroughly convinced since the publication of the picture of Wong Foon Sing that the Chinese houseboy is alive and is held prisoner in the hope of making him confess. Conferences are being held with the Attorney General following his arrival home from the scene of the Grand Forks-Greenwood election.

In the meantime the police are trying to locate the missing Chinaman.

The police believe that the abductors of Wong are not meeting with success in their efforts to make him tell what he knows of the slaying of Janet Smith in the Baker home at Shaughnessy Heights. It is nearly a month since the boy disappeared and he has apparently supplied his captors, with little information of value so far. One Vancouver officer says he thinks if Wong was going to talk he would have done so ere this.

In the meantime interest in the case is kept alive by the weekly bulletins and appeals for money to continue to maintain the Chinaman in captivity.

### Thompson Found Guilty of Payroll Robbery in Vancouver end of 1922

Now being Tried with Frank DePaulo on Charge of Robbing Capitol Theatre in 1923

VANCOUVER, April 29.—G. C. Thompson, alias "Ted" Hollywood was found guilty by a jury at the assizes here yesterday on a charge of being implicated in the City Hall payroll robbery on September 29, 1922, when approximately \$75,000 was stolen in one of the most sensational holdups in the history of Vancouver. Sentence will be pronounced later.

At the time he heard the verdict, Thompson was again in the prisoner's box in connection with a charge of robbing the Capitol Theatre here February 19, 1923, when \$2,700 was stolen.

John Howell, who with Thompson and Frank DePaulo were being tried on the theatre charge, was granted a stay of proceedings and liberated, the case against the other two proceeding.

### FISHERMAN WAS DROWNED WHEN BOAT CAPSIZED

Went to Tend Net When Accident Happened and he Disappeared

John Larsen, a Norwegian fisherman, was drowned yesterday near Point Lambert on the Skeena River, according to word received here this morning by the Provincial Police. He was working with John Nordford, a countryman, and went out in a skiff to tend the net. The skiff was overturned and he was thrown into the river and sank before his companion could reach him.

Larsen was 32 years of age and came here from Norway only a year ago.

### EXPLOSION IN BOSTON RUBBER PLANT: THREE ARE BELIEVED KILLED

MALDEN, Mass., April 29.—The death list resulting from an explosion in the plant of the Boston Rubber Co. today may reach three. Two employees are missing and a third is dying in the hospital.

### SUPERINTENDENT LEAVES MONDAY

Mr. and Mrs. Macpherson Will be Missed in the City: Go to Saskatoon

On Monday next Mr. and Mrs. I. A. Macpherson of this city leave for Saskatoon where Mr. Macpherson will be stationed in his similar position to that which he holds here, that of railway superintendent. The call to move came rather suddenly although it was not wholly unexpected. The final wire was received late yesterday afternoon.

Mr. and Mrs. Macpherson dropped in late at the Badminton Club dance last night where regrets were everywhere expressed at the fact that they were leaving the city and especially was it regretted that Mrs. Macpherson would not be with the club any more, an organization that she had done so much to popularize.

The superintendent has been a man of action rather than of words here and both he and Mrs. Macpherson will be missed in the community.

### Great Britain Is Paying Her Bills.

Great Britain although much more heavily taxed than ourselves is paying her bills and gradually extricating herself from the condition in which she found herself following the war. Now her money has come back practically to par in United States as well as Canada and she has adopted the gold standard of currency.

The action of Britain is an example to the world. While calamity howlers were saying that no nation could regain financial stability after the shock of the great struggle, the people of the little island were working hard and not only paying their way but also paying up their old debts. They still have a great burden of debt but their position is financially sound.

### No Proposal Yet Regarding Railways.

While there is some talk of an amalgamation of the National and Canadian Pacific Railways, no concrete proposal has yet been put forward for union. When it is made will be time enough for expressions of opinion as to its feasibility. If there is to be union it must be real and not temporary. No working agreement under which business on the C.P.R. could be built up by robbing the other line would satisfy the C.N.R. territory. If the two lines come under one management, it must be as one company without any option to again separate.

### Three Possible Plans Today.

There are three possible methods of procedure in regard to the railway. One is to sell out to the C.P.R., another to sell out to some competing line such as the New York Central and a third is to continue as we are. A good many people would like to see the Canadian National amalgamate with one of the big American systems as a competing line. Others fear the influence of such an amalgamation from a British point of view. There are also objections to state ownership as at present carried out. It is a big problem and one for the best minds of the country to solve.

### Look At The Map Of Peace River.

Readers of this paper are asked to study the map of the Peace River country and the railway routes leading from it with a view to familiarizing themselves with the situation, so that they may intelligently discuss it at any time. John Dybbin's article appended thereto covers the ground fairly well. Before long the railway will have to be built, even if it is not commenced this year.

### Presbyterians Pray For Toronto Globe.

Everyone remembers the Toronto Globe as it used to be. At one time it was known as the Scotch Canadian's Bible and it dealt with news and affairs in a serious and becoming manner suited to its peculiar clientele. Today it has changed. It is a modern newspaper filled with matters of real human interest and with a modicum of humor. The other day a two column news story appeared on its front page in black face type dated from Keene, Ontario, which readers are discussing and wondering if it was not held over from April 1. It was dated April 30 although the day it was printed was April 21. It follows:

"All good Canadians know that Keene is the metropolis of Rice Lake, and famous for its muskrat fur. Dave Wallace last fall sowed a field in fall wheat. The ground being rich and the weather favorable, it put on a heavy top. The winter winds piled the snow twelve feet high about the fences. An inquisitive muskrat found this lovely green winter fodder, and made it known to all the colonies about. They moved in a body and burrowed under the snowbanks. The shelter was good, the food choice and abundant. Toward spring a faithful collie on his rounds discovered the invaders, and resented the invasion. He began depositing a dead muskrat at the back door of the farmhouse every fifteen minutes. The task seemed hopeless, so he called in two neighbor dogs, and the three deposited on an average a rat every five minutes. Dave was hopelessly swamped, so he sent out a hurried call to Mike O'Keefe, Fred Ensson and Gus Bolin, all expert skimmers, and the four finished the job in three days and two nights. The number of muskrats captured is not mentioned, but it is significant that when the catch was sold the price of rat skins dropped thirty cents, and also that the four farmers contemplate a trip to Europe this summer."

## AUTOMOBILE ASSOCIATION OF SMITHERS

Meeting Discusses Roads and Other Matters at Meeting Monday Night

SMITHERS, April 29.—A regular monthly meeting of the Automobile Association was held in the Municipal Office on Monday night with a good turnout of members.

It was decided to have a number of emblems made, the design to be in the form of a wheel with the figure of a grouse shown in the centre. The emblems are to be placed on the front of the members' cars.

An important matter placed before the meeting by the farmer members dealt with the railway gates placed where the highways cross the railway tracks. This system of gates is most unsatisfactory and instead of being a protection for the farmers' stock very often proves a menace and a nuisance. It was pointed out that the gates are frequently left open or unlocked by persons travelling through the district and the cattle then have free access to the right of way and often come to grief. To alleviate this danger and make travelling more convenient, a resolution was adopted requesting that the provincial public works department endeavor to have the gates removed and proper cattle guards placed at all crossings.

The public works department is also being asked to improve certain portions of roads in the district where motor travel is heavy.

Refreshments and a stop was made at midnight while these were enjoyed.

## WOMEN TO AID HOSPITAL WARD

Will Hold Tag Day Soon for Children's Department if Was Decided at Meeting.

At the regular meeting of the Women's Auxiliary of the General Hospital, Mrs. Parsons, representative of the organization on the hospital board, reported that in order to make it possible to install the children's ward, the expenditure of \$1,500 was necessary on alterations. This was a slightly larger sum than had been previously reported but it was necessary. She asked what part the auxiliary would take in the raising of this sum.

After some discussion it was decided to hold a tag day on May 9, and donate the proceeds to that object.

## INFORMAL DANCE BY BADMINTON CLUB TO CLOSE THE SEASON

Members and a Few of Their Friends Had Pleasant Party Last Night

A rather interesting party was staged last evening when members of the Badminton Club entertained a few of their friends at a little informal dance in the Badminton Club Hall on Third Ave. Kenny Rood's orchestra providing the music.

Each member was entitled to bring one friend and most of them took advantage of the opportunity. Dancing was from nine to one and the ladies served refreshments.

The hall was prettily decorated with daffodils and other flowers and the walls with the emblems of the sport.

This dance was the closing event of the club for the season which has been a most successful one.

## SURPRISE PARTY

Smithers Home Raided by Friends Who Took Friendly Possession

SMITHERS, April 29.—A most enjoyable evening was spent at the home of Mr. and Mrs. J. B. McIntyre on Monday night when about thirty of their friends invaded their home. Willing hands soon had all the furniture out of the large room and dancing was enjoyed until two o'clock. The visitors had come laden with re-

"I always had trouble with my clothes—they used to come out so yellow. Then a friend told me about Rinso. I found it makes a wonderful soap solution. This removed every bit of dirt and then it all rinsed out completely. There was nothing left to yellow the clothes—as there was no soap to stick—it was all dissolved.

"I am now delighted with my wash—my clothes are always snowy white."

—A letter received by the makers of Rinso.

Just shake some Rinso into a saucepan, add hot water, and you'll get the wonderful soapy solution that is the only soap you need for your set tubs, your boiler, your washing machine. Rinso soaks dirt out.

# Prince Rupert, the Logical Outlet for Peace River District

THE policy of publicity in connection with the Peace River outlet undertaken by the Board of Trade and City Council has commenced. Not only have booklets been published dealing with the question but articles on the subject are appearing in influential publications. One of these, written by John Dybhavn accompanied by a map showing the advantageous position of Prince Rupert was recently published on the front page of the commercial section of the Toronto Saturday Night. The article, entitled "Prince Rupert—The Logical Outlet For Peace River," follows:

In your valuable paper for February 7 there was an article on the Peace River Railway problem, from which the casual reader would invariably come to the conclusion that there is only one Pacific Coast outlet available, namely that of Vancouver.

It may be permissible in this connection to state that the Canadian National Railways have a terminal port at Prince Rupert, and it may not be out of the way at this time to point out at least some of the advantages of this port as an outlet for the vast Peace River country.

The Prince Rupert Board of Trade has had the above map prepared to illustrate this situation, and showing the proposed routes.

### Different Routes

The Grande Prairie—Hansard route offers the shortest mileage of new construction. But in our opinion it does not solve the transportation problems from the Peace River country as a whole, and if constructed will not open up the great undeveloped and fertile Peace River lands of British Columbia. And it runs through a country whose chief resources is that of timber. The distance from Grande Prairie to Prince Rupert via Hansard is 705 miles, of which about 180 miles is new construction.

The Pouce Coupe route to Vanderhoof or Fort Fraser via

the Pine Pass requires only about 85 miles of new construction more than the Hansard route. But this route traverses immense areas of agricultural lands, easily brought under cultivation if served by transportation. The distance from Pouce Coupe to tide water at Prince Rupert via this route is 635 miles, of which 265 miles is new construction. In 1920 a reconnaissance survey was made by V. H. Williams, C.E., for the Department of Railways across this portion of British Columbia. He reported as follows:

### No Serious Difficulty

"The result of my reconnaissance is that it is quite practical to build a standard gauge railway through this section of British Columbia, and in no case will any serious difficulties be encountered. Construction for the most part will be extremely light; a gradient not exceeding one per cent can be obtained; very little solid rock exists; good crossings of all rivers and streams were found; and an abundance of gravel for both ballast and concrete work is to be had practically throughout the entire line." In his report Mr. Williams also refers to the various areas of agricultural lands that this railway would open up, to wit: At Osoek and Tsileoh River about 50,000 acres have been surveyed; the Nation Lake Plateau, where surveyors consider at least 250,000 acres are eminently suited for agricultural settlement; the Parsnip and Finlay Valley, with upwards of 600,000 acres suitable for agriculture. In Omineca Valley some 80,000 acres are suitable for agriculture, in Osilinka Valley 20,000 acres, in Mesilinka Valley about 40,000 acres, in addition to the very considerable acreage of the Peace River District.

The shortest and most direct route from the Peace River country to Prince Rupert is the one via Peace Pass, Finlay Fork and Hazelton. Via this route Pouce Coupe is brought within a distance of 605 miles from Prince Rupert. This route, accord-

ing to reports of persons who have been over the ground, traverses a rich and fertile area, and passes within a distance of 20 miles of the well known Ground Hog anthracite coal fields.

### Open up This Province

The Prince Rupert Board of Trade is strongly of the opinion that the proposed railway to tap the Peace River should at the same time open up as much as possible of the natural resources of British Columbia. The geographical centre of British Columbia is situated about 30 miles north of the C.N.R. at Burns Lake. The country to the north of the Canadian National Railway in this province is so vast, that without proper transportation it cannot be developed. Prince Rupert is at present using great quantities of Alberta coal, the cost of which must necessarily be high, due to the long transportation, while the immense Ground Hog coal fields are less than 300 miles away.

To the Peace River people this question is also a very important one. The cost of transportation of their products to the seaboard is generally based on the distance of haul, and thus the shortest route is the most economical. The people of that district are entitled to a fair consideration in these matters, so as to enable them to bring their products to the markets at the best possible rates.

### Spend Money Right

This project involves a good deal of money. But we suggest that when the money has to be spent it should be of service to the most people possible and serve the greatest possible area. This can only be accomplished by adopting a route through Central British Columbia.

JOHN DYBHAVN,

Chairman Joint Publicity Committee  
Prince Rupert Board of Trade and City Council.

town looking over the plans for the new government buildings, compiling data for a tender.

W. J. Larkworthy of New Hazelton, was a business visitor in town on Tuesday.

Six local contractors have amalgamated and will put in a joint tender for the building of the Government offices. They have formed a company to be known as the Bulkley Valley Construction Co., with Fred Cook as their president.

The tennis season was opened this week with the courts in excellent condition, this is earlier than former years, thanks to the dry weather of the last few weeks and plenty of pleasant breezes.

The Provincial police of the

district intend to strictly enforce the regulations of the "Motor Vehicle Act" this year, and to show that they are in earnest, issued a number of summonses for infraction of the regulations, such as driving without plates or with only one plate, and driving at night without proper lights.

Seven of the offenders appeared before Magistrate Hoskins on Monday and Tuesday mornings and each contributed a small amount to the Provincial funds.

## PRINCE GEORGE

For the month of March the total log scale in Prince George district was 9,397,551 board feet bringing the scale for the first quarter of the year up to 17,194,959 feet. This is compared with a scale of 12,282,206 feet

for the month of March 1924 and a total scale for the first quarter of that year of 31,267,551 feet. Forestry officials predict that the total scale for 1925 will exceed that of 1924.

The provincial public works department has closed the Prince George-Queens highway. The road is still very soft and considerable damage has already resulted from two or three trips made over it. The highway remains open for light teams and will be reopened for automobiles as soon as it is deemed advisable.

Mrs. H. G. Perry, who has been seriously ill in the Prince George Hospital, is making a satisfactory recovery.

S. W. George, city clerk, assessor and collector, has tender-

ed his resignation to the city council, the same to take effect on June 30. Mr. George is to enter the insurance business.

## BURNS LAKE

The Burns Lake and District Farmers' Institute has elected officers as follows: President, Neil Van de Veen; secretary, H. D. MacNeil; directors, Gordon B. Robb, James Clark and P. Brunel; auditors, V. Schelderup and S. Godwin.

Frank Carroll has been appointed assistant forest ranger with headquarters at Topley. Pete Hull has been given a similar position with headquarters in Burns Lake.

A report is current that the Lake View Hotel at Francois

Lake has been sold through Barney Mulvaney to a party in Prince Rupert.

## VANDERHOOF

A. E. Richards of the experimental station at Summerland paid his first visit of the year to the local illustration station last week. He expects to be here monthly during the summer and fall.

F. L. Murphy who has been residing in the district for the past year left on Sunday for Vancouver.

Jack Hoskins is spending a vacation in Prince Rupert.

At an executive meeting of the Vanderhoof Conservative Association last week delegates were

appointed to attend the federal nomination convention to be held on May 11 in Kamloops.

R. D. Lovesey has returned to his farm in the Ellishby district after spending the winter months in England.

Ralph Telford has rented his farm in the Prairiedale district to William Smith of Milestone, Saskatchewan, for one year.

News is received from Snoqualmie Falls, Wash., of the death there recently of Henry B. Taylor, a former resident of the Chilco district.

Ferries along the Nechako River, which have been laid up during the winter, are being put back in the water this week.

## SEVERE LAWS AGAINST REDS JAPAN TODAY

Anti-Bolshevik Act Provides Severe Punishments For Joining Radical Society

TOKIO, April 28. — The new law for the "maintenance of public order and peace," popularly known as the anti-Bolshevik Act, probably is the most drastic legislation of the kind in existence in times of peace. It was fought by the radical elements from the time of its inception. Tremendous mass meetings were held by the Laborites under heavy police guard and clashes between them were frequent, while the debate in the diet was turbulent to the point of disorderliness.

The law is admittedly a direct result of the recent Russo-Japanese agreement, and the government openly has declared it necessary to combat Red propaganda. It is felt that existing economic conditions in Japan make the country a ripe field for Communist efforts at this time.

## DISCUSSION ON THE DOUKHOBORS

One of Editorial Writers of Victoria Paper Mentions Their Peculiarities

The Doukhobors are indeed a very peculiar people, and yet they are very interesting as well as a very difficult people says R.B.D., one of the editorial writers of the Victoria Colonist. They think they are God's own chosen people, but they are not altogether peculiar in that respect. A very ancient people thought they were God's own chosen people, and perhaps they still think that and believe they have reason to think it. There are some very sensible and reasonable people "in our midst" who believe the British are God's own chosen people, and they say they can prove it by chapter and verse from sacred records.

Consequently we should not think too hardly upon our friends and neighbors the Doukhobors. This peculiar people have peculiar views on many matters of a social and political nature. They entertain extreme views on the question of education; but they believe our views on the question of education are also extreme. We have met many people who deny that they are peculiar who maintain that modern systems of education run to extremes. Doukhobors' views on education run to one extreme. Perhaps our views on education run to another extreme. The Doukhobors would abolish all systems of education save the system of experience, but that would never do for a country endowed with a modern democratic system of government in which the intelligence of the voter must be developed in order to insure the election of honest, progressive and intelligent governments. We have heard scoffers aver that for such a purpose our educational system has proved a dismal failure.

**Want Own Language**

Another very extraordinary peculiarity of the Doukhobors is their ambition to perpetuate the Russian language on this continent — to perpetuate the Russian language on this continent of all places in the world, the continent which is "the melting pot of the nations." If the Doukhobors were an educated people they would not need to be told that such an ambition is impossible of realization. If that sort of ambition were tolerable and possible in the course of time we would have a perfect babel of tongues clattering throughout Canada, and surely that is not a consummation most devoutly to be wished.

As a matter of fact, the experience of the Doukhobors should have taught them that no people, peculiar or ordinary, has any chance of surviving as a separate unit in this country. The Doukhobors themselves confess that many members of their organization have been absorbed in the communities which surround them. They deplore that disposition, so manifest in their younger people, and desire to stop it. That is why they object to our system of education and to acknowledging submission to our laws. That is why they burn down the school houses provided for them and are aggrieved when they find out that they are not immune from the processes of the law.

**Nude Demonstrations**

The Government has taken the Doukhobors in hand and purposes dealing summarily and effectively with them. Hitherto the final recourse of the sect when its will was frustrated was a demonstration in the nude. A procession of that kind left governments and authorities helpless. The representatives of our Government have thought of an effective way of dealing with it — by application of the whip. Therefore the Doukhobors of British Columbia are likely to find out that the ordinary canons of decency as well as the ordinary processes of the law must be respected in this Province.

We wonder what the Doukhobors will be up to next. They are Russians, and all Russians are difficult to deal with, as the nations of the earth have found out. Our particular Russians and their very peculiar notions will not be tolerated on any part of this continent. They would not be tolerated anywhere — prob-

## WHITES OF EYES TINGED WITH YELLOW? MUDDY COMPLEXION? YOUR LIVER IS OUT OF ORDER!

Mrs. Wm. Bourque, Fox Creek, N.B., writes:—I have been troubled with my liver for a long time, and was so bad I could not do any work. I had severe pains in my stomach that were so bad, at times, I could hardly stand them. My tongue became coated; I had a bad taste in my mouth, especially in the morning; the whites of my eyes were tinged with yellow, and I had a muddy or yellow complexion.
