BURSTING OF FORD DAM FLOODS VALLEY

M. BRIAND THROWS UP JOB OF FORMING A NEW CABINET FOR FRANCE

Ford Dam Burst and Flooded Whole Valley Inundating Many Dwellings on the Huron River

Animals, carried along by current, floating on various objects; 5,000 acres under water

DETROIT, April 14.—Scores of families in the Huron River valley were driven from their homes early today when the Ford Motor Company's dam at Flat Rock burst, releasing millions of gallons of water, which spread practically over the whole valley in some places a mile wide. More than five thousand acres of land is reported to be under water, in some places twelve feet deep and the flood is rising steadily. Inhabitants of the valley were warned of the flood by the Michigan state police and as far as is known no lives were lost although many dwellings were inundated.

IRISHMAN IS REMEMBERED

Thomas D'Arcy McGee Centenary Celebrated Yesterday at Banquet in Ottawa

OTTAWA, April 14.—From every part of North America people of Irish blood came here yesterday to celebrate the hundredth anniversary of the birth of Thomas D'Arcy McGee, who began his career as a revolutionist and ended it as the champion of the Empire and one of the fathers of confederation. A distinguished gathering of persons assembled at a banquet to mark the McGee centenary. The speakers included the Premier General, Baron Byng; the Right Hon. William Lyon Mackenzie King, Premier of Canada; Hon. Arthur Meighen, former premier and now leader of the Conservative opposition in the House of Commons; Chief Justice Latchford of the Ontario bench, and others.

TWO STEAMERS WEEKLY NOW

Next Week Will See Arrival of Both Prince George and Prince Rupert

The double weekly service of Canadian National coast steamers will start next week with the Prince Rupert and Prince George both on the run between here and Vancouver. The Prince Rupert will arrive from the west at 10:30 Wednesday morning and the other at the same time Saturday morning. The Prince George will go to the west on the Saturday and the Prince Rupert on the Sunday.

It is understood that the new steamer Prince Charles will receive the Prince John in the Queen Charlotte Island service next week. She will make one or two voyages before being given an extensive overhaul preparatory to being put in service between Vancouver and Prince Rupert direct.

All sorts of objects are seen floating down, carried along the valley with a ten mile current. Different varieties of domestic animals are riding along on the debris.

Canadian money is at a premium. Today a dollar is worth right here a dollar and one-sixteenth in American money. For some time it has been hovering around par, sometimes up a little and sometimes down a little. Following are some of today's quotations:

Sterling	4.76.
United States	1-16 premium.
Hong Kong	55.
German Reichmark	23.85.
French Franc	5.14.

FISH LANDINGS WERE SMALL TODAY AND THE PRICES REMAINED LOW

Fish landings this morning were not very large but prices still remained low. One American boat sold at 9.30c and 3c and Canadians fetched about seven and a half cents. Details were as follows:

American	Fairway, 16,000, to Allin Fisheries, at 9.30c and 3c.
Canadian	Margaret L., 30,000, to Gold Storage at 7.50c and 3c.
	Rippo, 4,000, to Gold Storage at 7.50c and 3c.
	P. Dorben, 6,500, to Allin Fisheries at 7.70c and 3c.
	Lysekil, 23,000, to Royal Fish Co. at 7.50c and 3c.

Word has been received here that Miss Florence Byatt, a graduate of the Prince Rupert General Hospital and a resident of this city for a number of years, has just severed her connection with the El Doble Hospital at Monterey, California, and has gone on a holiday jaunt in her car to Los Angeles.

INVENTOR FIRST HORSELESS CAR DIED LAST NIGHT

KOKOMO, Indiana, April 14.—Elwood Haynes, 68 years of age, inventor of the horseless carriage in 1894, died last night. Practically all the developments in automobiles have taken place since the date of the invention.

Mount Elua is shown as viewed from the air by Italian Army fliers on a recent trip over the volcano on an observation expedition.

BANQUET FOR VISITING LADY

Mrs. De Pencier to be Guest of Honor at I.O.D.E. Affair This Week

The visit of Bishop and Mrs. De Pencier here this week for the opening of the new Anglican Church is to be made the occasion of a number of social and other events. One of the most important of these will be the informal banquet to be given Mrs. De Pencier by the Daughters of the Empire to which they have invited members of the Women's Canadian Club. It is to take place in Boston Hall Thursday evening.

THIRTY DAY LIMIT TO BE EXTENDED ON CANADIAN TOURISTS

SEATTLE, April 14.—The thirty day limit on Canadian tourists visiting the United States will probably be extended this year, the chamber of commerce has been advised by its Washington bureau. It is probable Canadians will be allowed to remain in the U.S. with their cars for ninety days.

IS OPPOSED TO SUBSIDY PLAN

Edmonton Board Sends Wire to Ottawa in Regard to Peace River Opening

EDMONTON, April 14.—A telegram has been sent by the Edmonton Board of Trade to Premier Mackenzie King opposing the granting of a subsidy to the railways in place of building a railway into the Peace River country. The Board is also drawing up a memorandum on the subject and may possibly send a delegation to Ottawa in connection with the matter. The Board also held a conference with Premier Greenfield and others on the Peace River situation.

AMUNDSEN OFF TO NORTH POLE

Arrives at Spitzbergen on Transport Fram: Will Fly Later

OSLO, Norway, April 14.—The transport Fram with the Norwegian explorer Amundsen aboard arrived in King's Bay, Spitzbergen, on Monday, en route to the North Pole. Amundsen on this expedition will endeavor to reach the pole and make records of the Arctic regions by airplane.

JAPANESE DIES

TOKYO, April 14.—Tosuke Hirata, 76 years of age, formerly Lord Keeper of the Privy Seal, is dead.

M. Briand Abandons Attempt to Form a Cabinet for France Because of Socialist Demands

PARIS, April 14.—Stating that he considered conditions demanded by the Socialists in return for their support incompatible with his duties as Premier, M. Briand last evening informed the Socialist Republican group to which he belongs that he had decided to abandon the attempt to form a cabinet to succeed the Herriot ministry.

SEATTLE MAN WON GOLF CHAMPIONSHIP

VICTORIA, April 14.—Bon Stein of Seattle won the B.C. amateur golf championship defeating Cecil Colville of the Vancouver Burnaby club by two up and one to go.

DIVORCED HUSBAND SHOT AND KILLED HUSBAND OF FORMER WIFE ON FIRST ANNIVERSARY

TACOMA, April 14.—Two men are dead and two children fatherless following a shooting affray last night when the divorced husband stormed the home of his former wife on the first anniversary of her second marriage, and shot himself after killing her husband. The dead are Fred Arnold of Tacoma and H. A. Winston of Aberdeen. Winston did the shooting.

Liquor Enforcement to Come Before Congress

Present U. S. Legislative Bodies more fully under dry control than the ones that just passed out

WASHINGTON, April 14.—(By Canadian Press).—The liquor question will be up again in the new Congress, just as it has been in every Congress in the past for years. Indeed, it is quite clear that new legislation regarding enforcement of one sort and another will be demanded of Congress as long as the eighteenth amendment and the Volstead Act are in existence. Nor is there any sign that the amendment will be repealed or the Volstead Act and other dry laws will be done away with. What may happen in years to come is conjectural but it is an interesting fact that the Congress which has just come into power is more fully under control of the dry forces than the Congress which expired March 4.

PROGRESS ON SETTLEMENT COAL STRIKE

Conference Going on Today Between Representatives of Both Sides

HALIFAX, April 14.—Progress toward the settlement of the Cape Breton wage dispute through which 12,000 coal miners have been thrown out of work for six weeks is believed to have been made this morning at a conference called by Premier Armstrong. It was attended by Mr. McLurga, vice-president of the British Empire Steel Corporation and representatives of the mine workers, headed by the international president, John Lewis.

HIGH FREIGHTS DEBAR EXPORT

Pacific Ports Suffer, According to Statistician of Grain Commission

FORT WILLIAM, April 14.—The statistician to the Board of grain commissioners blames high freight rates by the Pacific route for the small deliveries of grain at Vancouver. This, combined with high prices for wheat, has had the effect of limiting the amount of grain shipped through Vancouver during the present season.

ANOTHER STRIKE AT TALTAPIN MINE

Property North of Burns Lake is Showing Great Promise According to Reports Received. Word is received from Burns Lake that another three foot ledge of ore has been struck on the 100 foot level of the Taltapin Mining Co. Ltd's silver lead property north of Burns Lake. This is the third strike made at the Taltapin mine, the first having been a five foot ledge from which samples assayed \$60.55 and the second a four foot ledge assaying between \$55 and \$61.

Small Payments Made To Canada.

Readers of this paper will note what small payments are being made to Canada under the Sealing Treaty, which it is proposed to discontinue at the end of the term. Last year Canada received only twenty-eight thousand dollars as her share in the pelts secured at Pribyloff Islands. That surely is not enough to compensate for the loss to Pacific ports through the suppression of their business.

Salt Lakes Wharf Needs Renewing.

For the past two or three years Captain Swanson has maintained a wharf at the entrance to the Salt Lakes, which he allowed everyone to use. Every winter the wharf is washed away and today there is no means of landing at the popular resort. It is unfair to expect a private person to maintain a dock of that sort and it is understood Captain Swanson is not going to do it. The department of marine of the Dominion Government should undertake it because that is their special work under the constitution. Failing them we shall have to look either to the provincial government or do the work ourselves. It seems a pity that the dock cannot be built strong enough to withstand the wintry weather or else be removed each autumn to a safer place. It is a constant worry to those who try to provide a place for the Prince Rupert people to enjoy their evenings and holidays. Quick action should be taken if the float is to be in readiness for this season.

What Is Idea Of Communist Group?

We wonder what is the idea of the Communist group of the Labor party of Ontario in desiring that the British colonies shall all be separated. No such suggestion was made in regard to the countries coming under the Soviet government and they are almost as diversified as are the British countries. Whenever there has been any attempt to break away, as in the more recent case of the Republic of Georgia, the Soviet sends its Red Army and shoots down the rebels and shuts up other rebels in prisons. There is no half way measure with them. They do not allow people to give voice to opposition sentiments as is done here. If the Communists of Ontario had happened to be a bourgeois group in Russia and had held a meeting and passed resolutions opposed to the present system, there would have been a job for the police.

Happily in this country we have a greater measure of freedom. Surely it is not the wish of the Communists of this country to overturn our present free government and revert to a condition such as exists in Russia where no man can call his soul his own.

Never Safe To Brag Of Weather.

It is never quite safe to brag about the weather. Just now Nova Scotia is doing it but she is due for a fall. Sometimes we do it here and then comes a snow-storm or a sou'easter or a misty rain or something just to dull our ardor. So it is everywhere. People sometimes tell of the wonderful weather they are getting in Manitoba or Alberta and then comes a wind and a dust storm sends the pure earth heavenward so that it obscures the sun, and the wheat is left clinging to the ground by tiny rootlets, probably to be scorched by the sun. Every place has its drawbacks and Prince Rupert makes no claim to being free from them. At the same time we are glad to enjoy a fair share of the good things of life, even including good weather conditions.

"Tired and Worried Nervous and Despondent"

Mrs. M. Chevalier Belle River, Ont., writes:
"For eight years I suffered from despondency and nervousness. Sometimes I could not sleep at night for worrying and the next day I would be so tired that my work was a burden to me. I began using Dr. Chase's Nerve Food and can say I am now entirely relieved of the nervousness from which I used to suffer, and things do not worry me as they used to."
"Dr. Chase's Ointment also relieved me of eczema on my arms, which had bothered me for three years. My house is never without Dr. Chase's Medicines."

DAFFODIL BALL USUAL SUCCESS

Enjoyable Time Spent by Members and Friends of Queen Mary Chapter I.O.D.E.

The Ladies of Queen Mary Chapter, Imperial Order of the Daughters of the Empire, are to be congratulated on the success of the annual daffodil ball given as usual on Easter Monday, but this year in the Boston Hall. Those present seemed to enjoy themselves to the limit and many remained right to the end when the home waltz was played at half past two. The Hall was well filled. Supper was served early in three relays and during the interval Miss Blanch Curfin and Howard White constituted an impromptu orchestra which kept dancing continuous.

Mrs. J. G. Steen, regent of the chapter, had general charge. W. S. Fisher made an efficient master of ceremonies and D. McDev Hunter took tickets at the door. Music was provided by the Soranaders orchestra consisting of George Rorie, Jr., Kenny Rood, W. Cooper and Miss Morrison. The program committee consisted of Mrs. Andrews and Mrs. Pringle. Refreshments: Mrs. Blance, Mrs. Andrews, Mrs. Rorie, Mrs. Darton and Mrs. Pringle.

REGULAR COUNCIL MEETING TONIGHT

Wage Increase of Electrical Workers to be Asked—Hydro Electric Engineer's Report

The regular weekly meeting of the city council will take place this evening. Yesterday being a holiday, it was not held last night.

The electrical workers of the city will have an application before the council for an increase in the scale of wages from \$7.15 to \$7.65 per day. In Vancouver \$7.50 is paid, they state.

The council will also receive the report of A. C. R. Yuill, Vancouver hydro-electric engineer, on the possibilities of extending the Woodworth Lake water power system.

WOULD TEACH TRADE PLACE OF LITERATURE

Hilaire Belloc, Author, Believes in Following Natural Bent of Pupil

LONDON, April 14.—"There is too much literature and not enough mechanical arts being taught in the schools today." This opinion is from Hilaire Belloc, the author of a goodly number of essays and other literary works, in a lecture on "Education" at Manchester recently.

The pupil should determine what is natural bent is, Mr. Belloc argued, and if it is not in the line of literature he should not be forced to study it or allied subjects. The pupil, he said, should spend his time learning the profession or trade he is most interested in and be capable of entering it when he leaves school, instead of having to serve an apprenticeship because he spent his time on useless subjects, as is the case under the present system.

CHINA HAS FIVE THOUSAND SETS OF RADIO EQUIPMENT

HARTFORD, Conn., April 14.—Despite existing doubt as to the legality of importing radio receiving sets into China, that country has twenty privately owned broadcast stations and 5,000 listeners says a correspondent of the American Radio Relay League. "The Chinese Press" after making a thorough investigation on behalf of its readers admits frankly that it does not know whether the importation of completely assembled receivers is legal or not.

Mr. L. A. Deibert, Allan, Sask., writes: "For several years I was troubled with boils and pimples. I tried many treatments but could get no results. I then took Burdock Blood Bitters and became free of my trouble. It is the only medicine I ever took that did me any good."

The Man in the Moon SAYS:

FOLLOWING the idea of having a "save the forest week," a "clean-up week" and a "use home products" week, it has been suggested that there be a "paint up week" for girls.

IN these days of motor cars many a man is given an opportunity to tool his own horn, who formerly had to keep silent.

IT seems that the ladies of Manitoba took it to themselves when Mr. Forke, leader of the progressives, sent the message "stand to your arms and keep your powder dry."

AGAIN we have to enter a protest at spring poets trying to invade the editor's sanctum. Here is a little gem he hands over to me which he is alleged to have picked out of the mail bag under the heading of "Spring Days."

Just give me a game at tennis. And my wife a new spring hat. There you have joy supernal. There's nothing can quite equal that.

ALAUANIA

These palatial liners, another Cunard achievement, have been added to the famous Cunard Canadian fleet which brings the pleasures of "travel de luxe" within the reach of all.

Like the Ausonia and Antonia, they are "Cabin Ships," carrying only Cabin and Third Class passengers.

Among the advanced conveniences offered are delightful private suites, beautiful bedrooms, and an unusually large number of two-berth staterooms.

Their public rooms embrace a Venetian Palace Smoking room, one of the most unique and charming of the kind afloat, a Long Gallery in fascinating design of oak panelling, a delightful Winter Garden, beautifully paneled in figured fiddle-back sycamore, a Peter Pan Nursery for the children, Gymnasium located on the boat deck, Lounges, Writing rooms, Library, magnificent Drawing room, perfected systems of heating and ventilation under the control of passengers, and every other modern equipment conducive to comfortable and pleasant ocean travel.

Add to the above features, the enjoyment and educational interest of the St. Lawrence River trip and it is easy to appreciate that a voyage via the Cunard Canadian Route is a perfect pleasure cruise.

Dr. D. Harper, who has been conducting music classes in Anyox, is a passenger on the Cardena today going through to Vancouver.

The G.W.V.A. is celebrating its 9th anniversary by holding a smoking concert on Wednesday, at 8.30 p.m. for members and other returned men.

S. G. Gordon, Naas River rancher, arrived in the city on the Cardena this morning from Alice Arm where he has been spending the winter.

The Silver Circle group of the C.G.I.T. is holding a sale of fancy work and candy on Thursday at 3.30 p.m. in the basement of the Presbyterian Church. Tea will be served.

The fishing boat Scandia was towed back to port this morning with the bearings of her engine burned out. She is making necessary repairs before proceeding to sea.

Miss E. MacKay, Miss A. MacKay and Miss E. Nightingale of Port Simpson returned to the city this morning after making the round trip to Stewart and Anyox on the steamer Cardena.

J. L. Blain, contractor, has taken over E. H. Sheedley's stock of double dressed lumber, sash and doors. Also the agency for J. Fyfe Smith Ltd, hardwoods. For handsawing and planing, jobbing and repairing, phone Blue 268.

Henry Dumas of Grande Prairie, Alberta, arrived in the city yesterday called here on account of the serious illness of his cousin, Jack Gallagher, in the local hospital. Mr. Dumas, accompanied by his brother, Steve Dumas of Alice Arm, who is also in the city, will proceed to Alice Arm tomorrow night and will be back here next week.

Union steamer Cardena, Capt. A. E. Dickson, returned at 11.15 this morning from Stewart, Anyox and Alice Arm and will sail at 5 o'clock this evening for Vancouver and waypoints. Passengers sailing from here on the vessel for Vancouver will include Charles Solberg, Theo. Bowen, Colhurst, H. Weismiller, T. E. Jefferson, Mrs. M. Gordon and Rev. and Mrs. R. E. W. Biddell.

REPUTATION LOST: SUES FOR \$50,000

NEWARK, N.J., April 14. — Suit for \$50,000 has been filed in court here by Morris Heyman against a local ice cream company which, he declares, forced him, his wife, and his silver anniversary wedding guests to sin inadvertently.

Heyman's suit complains that he ordered twelve bricks of ice cream from the company to serve his guests and that instead ice cream was sent, a mistake not discovered until all had eaten the dessert. Because they had already eaten meat this constituted a violation of a canon of Hebrew law which rules that both meat and milk shall not be eaten at the same table.

Heyman alleges his guests became angered and left in haste; that his reputation has been damaged; that he has lost large sums of money in his business as a result, and is an object of suspicion as to his orthodoxy.

ARCTIC MAY PROVIDE MEAT FOR THE WORLD

Reindeer Already Eaten in New York to Extent of 150,000 Pounds a Year

NEW YORK, April 14.—Alaska has its eye on the gradual falling off in American beef production, and aspires to develop an equivalent of the once famous Texas steer in its own Arctic reindeer. Charles DeWitt Brower, a New Yorker who has lived 44 years in Alaska, told a gathering at the City Club recently that New York City was already taking 150,000 pounds of reindeer beef a year, and predicted by the end of 1925 it would consume 375,000 pounds.

What Mr. Brower called a definitely established beef industry in the north rested, he said, upon herds of 300,000 beef-bred reindeer which fatten in a great grass triangle as large as Texas whose apex is Point Barrow, 200 miles north of the Arctic Circle. By 1940 he expected 4,000,000 head.

The funeral will take place Thursday from the B.C. Undertakers, Rev. G. G. Hacker officiating.

DANCE AT RINK

Enjoyable Evening Last Night for Many Dancers—Rink to Reopen for Skating

The last of the series of Spring dances which have been so much enjoyed at the Rink, took place last night at the Auditorium. There was a goodly number on the floor who enjoyed themselves to the utmost to the music of the Westholme Orchestra. L. J. Marren was master of ceremonies.

On Saturday, the Rink will be open for skating again. There will be an afternoon session from 2 to 4 and one in the evening from 8 to 10. There will be good music at both sessions and competent instructors to teach beginners.

NOVA SCOTIA LOSES MANY

Citizens Leaving for States on Account of Strike Conditions

GLACE BAY, N.S., April 14.—“As a result of the industrial tie-up Glace Bay has lost and is losing many of its best citizens to the United States,” says the Glace Bay Gazette, which continues:

“In four weeks after the strike began upwards of sixty residents of the town left for the States, the majority of them having secured employment in Boston and New York. A number secured employment in Detroit, Pittsburgh and Chicago.

“Many other local young men are only waiting until the opening of the shipping season and if they find that the period of idleness at the mines is to be prolonged beyond this point they contemplate seeking other fields. Not only are the younger men leaving the community but entire families propose leaving Glace Bay and the mining areas for good and settling down in the country to the south.”

CRASHED INTO DRUM AT A JAZZ DANCE

Pete Matson of Port Arthur Sued For Damage to Instrument at Ukrainian Wedding

PORT ARTHUR, April 14.—Walter Simon, one of the Lakehead colony of orchestra artists that furnish blatant jazz for peppy fox trots and one steps in local halls, is now in a position to say whether or not the life of a music merchant is one long lingering waltz or whether it's troubles and drawbacks.

He was engaged recently to manufacture music at an Ukrainian wedding here. Guests continued to pour into the hall, among them Pete Matson. The latter called for snappier, faster music. He got it. But as he whirled past the orchestra with his vivacious partner, the pair crashed through the drum. Their nosedive disrupted the party and the following day Simon instituted proceedings against Matson for the recovery of \$880 damages.

The court has not ruled on the case yet.

GREAT WHITE WOLF WAS BORZOI HOUND

Fought With Wolf and Was Injured in Leg; Served Term at Prison Farm

PORT ARTHUR, April 14.—The mystery of the great white wolf, which has been reported stalking in the neighborhood of the industrial farm near her, has been explained.

The “maurander” has turned out to be a magnificent Russian wolf-hound, the property of Capt. McElroy, superintendent of the institution. The dog recently fought with a prowling wolf, following which he disappeared. He was found in a bush close to the industrial farm, unable to move, evidently having suffered a broken leg in the scrap.

“Borzois” as the wolf-hound is commonly known, was sent to the farm as a genuine prisoner. One day he bit a small girl and for this offence he was sentenced to serve an indefinite term at the prison farm.

BUILDING BARGES TO CARRY BUFFALO NORTH

Wainwright Bison to Number of Two Thousand Will be Moved

EDMONTON, April 14.—With the building of two barges at Waterways, first steps in the shipment of approximately 2,000 Wainwright buffalo to northern reserves will be underway.

The men who are to build the buffalo carriers left for the north yesterday and expect to complete their job by May, 10, when it is expected navigation will be open.

Each barge will have a capacity for four cars, built to hold about 200 animals. Under the plans already made, the buffalo are to be taken to between 30 and 40 miles south of Fort Fitzgerald, where they will be turned

SAFE DOOR FELL AS OPENED BY GROCER FELL AT HIS FEET

Burglars Had Sawed Away Hinges but Left Without Touching the Cash

WINDSOR, N.S., April 14.—Entering his grocery store on O'Brien street Sunday morning, Walter Card went to his safe to see if the receipts of the previous day's trade were intact. When he started to open the safe door he was surprised to have it crash to the floor at his feet. Considerably alarmed for the safety of his cash he examined the contents of the safe and found every thing as he had left it.

The hinges had been cut through until they were barely strong enough to support the door which needed only his touch to dislodge it. Evidently the would-be burglars had been alarmed just as they were about to reap the reward for their ill-advised labor which must have kept them busy throughout the dark hours of the morning.

BILL THE BARBER AGAIN IN CUSTODY

Most of His Time in Saskatchewan Has Been Spent as a Fugitive from Justice

REGINA, April 14.—Bill Mackenzuk, commonly known as “Bill the Barber,” is once again in custody, after a brief spell of freedom. He was captured without physical resistance, five miles north of Weyburn, Sask., just three days after his successful break from the Weyburn mental hospital. It was his third bolt from that institution and marked at least the sixth time that he has escaped from police and hospital authorities.

Mackenzuk's middle name might well be “Fugitive” for the greater part of his time in Saskatchewan has been spent as a fugitive from justice.

OPPOSITION TO WORLD COURT

United States Will Not Guarantee Security of Any Power or Cancel Debts

WASHINGTON, April 14.—(By Canadian Press).—The proposed international conference for the reduction of armament is discussed with much frankness in Senate circles and there is much outspoken comment to the effect the conference will either not be held or will fail. Among some of the members of the Foreign Relations Committee, there is pronounced scepticism over the proposed conference.

This view is held partly because of the feeling that unless land armament is included in the conference, it will not succeed—and there is no present sign that it will be included. And there is also another reason. It is felt in many quarters here that if there is a conference France will endeavor to promote the idea of guarantees of her security and also cancellation of her debt to the United States. The United States will not go into any agreement to guarantee the security of any European power and as for the cancellation of the debt, whatever this government

may do eventually, it will not consent to cancellation or partial cancellation. Nor is there any sign that sentiment is growing in this country for cancellation. On the other hand, some authorities hold the trend is in the opposite direction.

Another element in the situation is the feeling of antagonism to the conference among a number of the leading advocates of a big navy in Congress. They do not view with complacency the further reduction of the U.S. navy. They charge the United States got the worst end of the transaction in the Harding administration conference. They will look askance on any further reductions and it is not inconceivable that even if the executive gets an agreement for naval reductions, the Senate will balk and refuse to confirm it.

WHOLE WHEAT BREAD VERSUS WHITE BREAD

The controversy between the relative food values of whole wheat bread and white bread has existed now for about fifty years. Scientists and doctors cannot come to any definite decision on the question. Also the average man or woman is prepared at all times to put forward the claims of their own favorite type of bread.

The truth admitted by all, however, is that all bread is a healthful food, provided it is properly made and baked. “Electric-bake” bread comes up to this standard—those who use it boost for its quality. Made by the Electric Window Bakeries.

GOVERNMENT LIQUOR ACT

NOTICE OF APPLICATION FOR LICENSE

NOTICE is hereby given that the day of April next will be the day to apply in respect of a license to sell or supply liquor for consumption on the premises of the building known as the Queen Charlotte Hotel, situated in the City of Prince Rupert, B.C., as shown on the plan deposited in the office of the District Registrar, Prince Rupert, B.C., numbered 1079, for the year ending on the 31st day of March, 1925.

EDUCATION IN RURAL ALBERTA

New School Act Introduced for Prairie Province But Will Not be Pressed

An additional grant of \$500 yearly to each teacher in a rural school; special assistance to schools in pioneer districts, and the possibility of paying rural pupils' fees to high schools were among the benefits to be derived from a change in the system of levying the Educational Tax act, as given in a bill for which Hon. Perren Baker, minister of education, moved for second reading, in the Alberta legislature, according to the report published in the Edmonton Journal.

Mr. Baker outlined his scheme fully to the recent teachers' convention at Calgary and informed the house that he did not intend to press the bill at this sitting of the house, but would prefer to leave it in second reading until the adjourned session this year.

Three Mills Levy

Briefly, the bill proposes to levy a flat rate of three mills on some \$600,000,000 of assessable lands in all rural school districts in the province. From the \$1,800,000 thus received, it was proposed to pay a special grant of \$500 to each rural district for each teacher employed, in addition to the regular grant.

There would be enough left to provide special assistance to pioneer districts having difficulty in financing, and in addition, the minister hoped to be able to pay high school fees of rural pupils to city high schools.

Proposal Well Received

The proposal was received with considerable enthusiasm by the house, the minister urging that the time had come when every taxpayer must recognize his liability to see that education up to grade eight was provided for every child in the province.

L. A. Giroux, Liberal, Grouard, warmly congratulated Mr. Baker on his scheme, declaring that the plan would mean great things for pioneer districts where the people, and in many cases the teachers, had gone to great sacrifice to give the children as much of a school term as possible.

Several members intimated their desire to discuss the bill, but the minister closed the debate without realizing this fact. Mr. Speaker suggested that no harm was being done by leaving the bill just as it was until the resumption of the session later in the year.

WATER NOTICE.

USE AND STORAGE
TAKE NOTICE that the Canadian Lumber Yard, Limited, whose address is 912 Standard Bank Bldg., Vancouver, B.C., will apply for a licence to take and use 250 cubic feet per second and to store 50,000 acre feet of water out of the Skunkomogon river of water out of the Skunkomogon river and into the river, which flows southerly and drains into Massett Inlet, through Indian Reserve No. 6. How to Play Football

Hints for Captains--How to Coach Teams-- Team Spirit is Necessity

(By "Andy" Ducat, Manager of Fulham Club.)
(Reprinted from "Greenock Herald")

Somebody has said that the first duty of a captain is to win the toss. My own belief is that the duties of a captain, and his most important duties, begins long before he spins the coin.

First he must rouse team spirit in his men. One winger loses confidence in his inside man and refuses to pass to him. He shoots at goal himself, centres direct, swings the ball out when it ought to be kept close—in fact, does everything except pass to his inside man.

Here is work for the captain. The time to check this is before the match begins, or at half time. It is no use nagging the man in front of the other players after the forward line has failed in front of goal. This only makes him obstinate. The thing to say is, "Mind you, old man, I don't blame you because we didn't score those three goals we looked like getting, but I do think you might have kept the ball closer between yourself and your inside man."

Dealing With Delinquents
To which the reply will no doubt be: "But he's such a fool." Here the retort is: "If I thought that I shouldn't play him." And if the culprit has been spoken to before, you might add, "And if I thought you were trying to make a fool of him I shouldn't play you."

Usually the first caution alone will be enough—provided it is given quietly where no other players can hear it. With an amateur team the captain usually gets the work of seeing to the practice of his men. What is needed with amateur teams is plenty of ball practice. When they play only once a week they need all the exercise they can get at becoming used to the feel of the ball.

The captain whose team plays on Saturday afternoon should pick out just two men who have failed to distinguish themselves. After the match they can have a short rest followed by a spell of ball practice when the others have gone. If shooting in front of the goal is at fault, they will need to be shown the correct style of kicking toes down, knee forward, body well over the top of the ball, causing the shot to fly low and straight.

Where backs have failed at tackling, the captain will dribble the ball between them, training them to get close and time their efforts at robbing him accurately.

Heading can be practised by heading the ball gently backwards and forwards between two or three players—using the forehead, never the crown of the head. Face up when heading is the rule.

But won't players resent being singled out for "fatigue duty?" My experience is they jump at the chance of being coached, provided they know their captain is capable of coaching them, and that they are the sort of men who are likely to become a credit to the team.

No school-masterish "Come to me afterwards!" talk must enter into this. The captain should say, "I'll show you how to do that pass if you've got a minute to spare when we're finished."

Coaching a team of footballers is work that any man can be proud of—but here the choice of a captain is very important.

Amateur teams are held together by only one thing—the desire of the players to get a good game and to enjoy it. A tactless captain may snap this thread and send good players hunting for teams where they won't get nagged. It is a fact that a man who really knows rarely nags, and it is also a fact that if the team is aware that he knows, they won't mind his nagging.

What Captains Need
That is why the soundest player should be chosen captain of an amateur team. Not a brilliant player who depends for his skill on special physical gifts, but a fellow who has worked up a sound game. He should be a little older than the others, and not a person of sharp wit—witty remarks will tear your team to pieces in a month. The man who has a technique of the game, who has learned the correct way to kick, pass and head, can teach the others better than a brilliant sprinter or a gifted shooter—and he will probably have the patience to do it.

Next the duty of the captain is to work out the plan of campaign for the coming match, and explain it to his team on the way to the ground, or on the night before. Then, and only then, comes the matter of tossing. The winner will usually take the end that gives him the benefit of the wind in the first half. The other side are fatigued by playing against the wind, and if the winners take advantage of the wind to pile on a couple of goals, the opponents will come up for the second half with that "under dog" feeling.

WINDUP OF SEASON MINIATURE RANGES

Shoot for Heilbronner Cup Monday and Last Round of Rifle Association Friday

Next Monday sees the windup of the season's shooting at the miniature range and after that the marksmen will turn their attention to the ranges at McNicholl Creek. On the final day there will be the shoot for the Heilbronner Challenge Cup when a team of five from the Royal Canadian Naval Volunteer Reserve will shoot a team of similar numbers from the First B.C. Regiment.

Friday night the fifth and last round of the Dominion of Canada Rifle Association shoot will take place. This will determine the standing of the local regiment in the Dominion in regard to marksmanship. Fairly good results have been secured and the local team should make a good showing.

BASKETBALL TEAMS LOST BOTH GAMES

Colts and All Stars Defeated at Anyox and Coming Home Today

The two basketball teams, the Colts and All-Stars were both beaten at Anyox last night and are returning home today. A telegram received from them by George Frizzell says: "Lost games 25 to 23 and 34 to 22. Leaving at 12:30 today."

Sport Chat

The Football Association should have no difficulty in finding some means to raise the wherewithal to purchase uniforms and other equipment for the Junior Football League which it is endeavoring to reorganize this year. The school board was approached on the matter by a delegation at its last meeting but the board took the view that it should not be a party to purchasing uniforms for any individual pupils or teams. To do this, it is plain, might lead to other requests being made of a similar nature all of which the

BETTER THAN RICHES

Under the dome of the Board of Trade in Manchester, England, is this inscription: "A good name is rather to be chosen than riches." The thought is considerably more than mere sentiment. It is good business.

A good name is recognized as the biggest individual asset a business can have. It is the very keystone of modern industry. Business today is done on such a broad scale—every merchant and every manufacturer has such a long list of customers—that it would not do to have a reputation for "slipping something over"

Advertising has standardized almost every article you can buy. You don't have to bargain and dicker and haggle to know that you are getting as good as you give.

That's why it pays to read the advertisements and to buy advertised goods. A product's advertising is the best guarantee of its faithful performance and lasting usefulness or of definite value. The advertiser would not dare risk his good name by advertising an unworthy product.

If you value satisfaction—if you want to get your full money's worth every time—READ THE ADVERTISEMENTS and buy advertised merchandise.

PRINCESS MARY TO ENTERTAIN

Chat About London and London People in Weekly Letter from World Metropolis
MACDONALD'S NEW HOME

LONDON, Eng., April 13.—(By Canadian Press).—Princess Mary is going to be the leading British hostess in town this season. Chesterfield House, her town mansion, which up to now has never been completely furnished, is being redecorated and prepared for a busy season. Her husband's vast wealth coupled with her position of such social eminence should make her entertainments, the most remarkable that London has seen for a long time.

Both King George and Queen Mary feel that as time goes on they will not be able to entertain so extensively themselves, and with every prospect of Wales remaining a bachelor some member of the Royal Family is needed to lead the social round. The first big function that Princess Mary is planning is a great banquet at Chesterfield House in honor of the King and Queen when they return from their cruise in the Mediterranean, somewhere about Easter.

Viscountess Lascelles, by the way, is taking a keen interest in the exclusive club for young overseas debutantes that is to be

MOST OLD FOLKS REQUIRE A HEART AND NERVE TONIC

After middle age little sicknesses and ailments seem harder to shake off than formerly as the heart action becomes weak and uncertain and the nerves are not as steady as they were in the younger days. Now is the time when all aged people who wish to maintain their health and vigor and retain their energy unimpaired should use

MILBURN'S HEART AND NERVE PILLS

Mrs. M. O'Connor, Whitestone, Ont., writes:—"I have been troubled, most of my life, with shortness of breath, palpitation of the heart, and fainting spells. I was advised, by a friend, to try Milburn's H. & N. Pills, which I did, and at once found relief, and I have never had a really bad spell since. I am 80 years of age and I always keep them in the house, and feel that with their help I will see many years yet. I always recommend them to anyone who is suffering from heart trouble."

housed in the new palatial building that is rising on the site of old Devonshire House, opposite the Berkeley Hotel. The signs are indeed, that Chesterfield House is going to be a kind of court for younger visitors of social standing, with the same prestige as the Courts of Buckingham Palace but a good deal more informal.

Ramsay MacDonald, the Labor ex-Premier, has moved to a bigger house, Upper Frogmal Lodge it is called, which looks like an Italian Villa, with spacious grounds. Ramsay had to pay about \$10,000 for the lease and it is being most handsomely decorated. His Labor friends are smiling.

His excuse is that at present he has nowhere to keep his books and as he has a bigger library than most other politicians this seems a good excuse. Anyhow he has turned the new drawing room into a library. Isabel, his eldest daughter, who was "Mrs. Premier" at Downing Street during the Labor Government regime, is devoting herself to Socialistic movements, though very occasionally she is to be seen in the smart restaurants and ballrooms.

Flowers and bouquets made of ostrich feathers, roses, lilies of the valley, orchids, wisteria nearly every flower now can be made of these feathers and the deception is just enough to be attractive. Feather flowers are going to be worn tremendously this summer,—the florists are in despair. Fans made of lace. Some of the lace is very old and valuable.
