RUM RUNNER SPEEDWAY IS TOTAL LOSS

KU KLUX KLAN SHOOTING AFFRAY AT HERRIN RESULTS IN FOUR DEATHS

Liquor Runner was Burned Just off Cape Flattery but All Her Crew off in Boats and Saved

VICTORIA, Jan. 26.—The auxiliary schooner Speedway, 900 tons, bound for Buenaventura caught fire and blew up and sank 15 miles off Taloosh at 3.39 p.m. yesterday. Captain Sinclair, the second mate, and five men were picked up by the freighter Mamiani bound from Seattle to Honolulu early Sunday afternoon. They were later transferred to the lightship Swiftsure.

Another boat which left the burning vessel containing seven more members of the crew were missing all day Sunday but in the evening were reported to have landed with their boat at Pachena Bay and were being taken care of at Bantfield. They will be taken off today by the Canadian patrol boat Armenieres, which also took aboard the men on the Swiftsure and will bring them to Esquimalt.

MUCH DAMAGE PORT NELSON

Dredges, Scows and Smaller Craft Scattered by Storm Recently at Hudson Bay

OTTAWA, Jan. 26.—Former fragmentary reports received of damage inflicted at Port Nelson by a terrific storm on November 1 are more than verified by an official report just received here, which places the loss at over half a million dollars. There was a 52 mile wind accompanied by snow and fog. It scattered the dredges, scows and smaller craft over the Nelson River estuary and along the coast. The tide rose four feet above the highest recorded level and several buildings were washed away.

USK MILL IS IN OPERATION

USK, Jan. 26.—The Skeena Lumber Company's mill blew its whistle this morning for the first time since February, 1923. It is expected that the mill will continue to operate permanently. At present the mill is cutting up the old logs in the yard and space is being made for a pond which points to a program of steady production by the owners. Logging operations will continue during the winter on a large scale.

ELKS LISTENED TO BEAUTY SHOP ON SATURDAY NIGHT

A party of Elks were the guests of Mr. and Mrs. Jack Barnsley, Fourth Avenue West, on Saturday evening, to listen-in on the radio to the Calgary broadcast of the musical comedy "The Beauty Shop," staged by G. H. Lewis, who put the show on here for the Elks recently. The listeners-in report the reception to have been very clear although occasionally it was somewhat faint. Refreshments were served during the evening.

CHARLEY CALDWELL COLONIZING AGENT

Charles F. Caldwell, well known mining man of British Columbia with interests at Stewart, who is now known as "Elijah H." in connection with the Zion Church, is at present in British Columbia working on a proposal to bring colonists from Zion City to the Kootenays.

SMITHERS BOARD OF TRADE COMMITTEES

Indians of Babine Ask Help in Constructing New Road There

SMITHERS, Jan. 26.—A council meeting of the Board of Trade was held in the Municipal Office on Friday night at which members of bureaus were appointed. Those selected as chairmen and vice-chairmen respectively were:

- Agriculture—D. D. Munro and L. L. Veboin.
- Mines—A. C. Garde and P. Schuler.
- Lumbering—W. S. Henry and Olof Hanson.
- Fur and Game—Chas. Reid and Jas. A. Macdonald.
- Tourists—H. L. Robinson and J. G. Stephens.
- Retail Trades—S. A. Eby and D. F. Hall.
- Publicity—L. L. Veboin and L. B. Warner.
- Entertainment—L. B. Warner and D. D. Munro.
- Public Works—W. S. Henry and S. Mayer.
- Finance—Chas. Reid and N. P. Moran.

The publicity pamphlet is nearing completion and the committee in charge reported that it would be ready for distribution towards the end of next month. A vote of \$350 to cover the cost of this work was passed by the meeting.

A request from the Indians of the Babine Lake country for co-operation in building a road from a point on the Cronin Mine road to a point on the shore of Babine Lake about half way between the old and new Hudson's Bay forts was brought up. The Indians propose to use this new route in bringing out their catch of furs and taking in supplies during the winter months.

The new road required will be about 15 miles and the Indians are prepared to do the work themselves if help is given to purchase tools and supplies. They have already taken the matter up with the Indian Agent and Father Aylard, and this meeting recommended that their request be placed before the next general meeting of the Board of Trade.

HAYSPORT II IS ON WAY TO ATLIN

Chartered by M. P. Olsen to Carry Powder to North

M. P. Olsen, who formerly operated a mine at Alice Arm, is now on his way from James Island and Nanoose Bay to Skagway with a cargo of powder which is to be used in development work on mines in the north. Mr. Olsen has chartered for this purpose a former local vessel, Haysport II. The powder is for the Engineer Mine in the Atlin district and the Treadwell-Yukon Co. which is operating at Keno Hill near Mayo. The cargo will be taken from Skagway to Yukon on the White Pass railway where tractors will receive it for transport into the Mayo district.

1925

CHURCH HOLDS ITS ANNUAL

Congregation of St. Paul's Hears Reports on Work of Year

The annual congregation meeting of St. Paul's Lutheran Church was held in Saturday evening in the Metropole Hall. There was a large attendance. All reports were encouraging, the membership of the church having grown to 54. The Sunday school membership is 101, reported highest attendance 81, the average attendance for the year being 49.

The Women's Aid Society of the Lutheran church reported a membership of 27, and the Lutheran League 20.

Financial reports showed a balance on hand and officers for the ensuing year were elected as follows:

Deacons: C. G. R. Anderson (re-elected), F. W. Hart and John Iverson.

Delegate to the Synodical convention, John Dybbavn; alternate, Thor Johnson.

A good start was reported to have been made on the raising of a building fund for the erection of the new Lutheran Church.

FINAL SERVICE IN PRESBYTERIAN CHURCH

The service held in the Presbyterian Church last night marked the last gathering for worship in the old building. The new and prominent edifice of the local Presbyterian Church, situated on Fourth Avenue East, will be finished by the contractors this week and next Sunday will mark its opening. In his address last night Dr. Grant fittingly referred to the fact and mentioned the good service rendered by the old building during the past sixteen years. The old building stood on Centre Street in the early days and was moved intact to the present site.

SAILESS VESSEL ARRIVES AT DANZIG LOAD LUMBER CARGO

DANZIG, Jan. 26.—Rotorship Backau arrived here from Kiel having averaged eight knots in a light wind. The first thorough try-out of the sailless vessel on the high sea will be made when she leaves here shortly with a lumber cargo for Scotland.

RUPERT AND DISTRICT SUPPLYING MANY OF PRODUCTS FOR BANQUET

Products supplied by the Canadian National Railway system from territory adjoining the railway in northern B.C. will be the feature of a banquet to be held in the Macdonald Hotel, Edmonton, by Western Canada Fair Boards, on January 29. The fair boards represented will be those from Regina, Edmonton, Calgary, Saskatoon, and Brandon, which comprise the Class A boards.

Fish Shipped

On Saturday the Royal Fish Company shipped a quantity of halibut, crabs and clams for the banquet and turnips and several other varieties of vegetables will be secured from Terrace and other interior points. Railway officials, who have taken advantage of this opportunity to advertise the products of the Pacific coast and northern interior, anticipate that some 200 guests will sit down to the banquet.

The motor boat Prosperity, Capt. Brindle, after discharging 31 tons of palladium concentrate or valued at \$11,000 from the Salt Chuck mine near Ketchikan for transshipment over the Canadian National Railways to Irvington smelter, New Jersey, returned north at noon yesterday. The vessel arrived the night previous.

Herrin, Illinois, Scene of a Shooting Affray Between Members of Ku Klux Klan and the Sheriff

HERRIN, Ills., Jan. 26.—The bodies of Glenn Young, Ed. Forbes and Homer Warder, all Ku Klux Klan liquor raiders, and deputy sheriff Ora Thomas await burial here today as a result of a hotel lobby shooting melee on Saturday night.

The affair was so fast and furious that no definite explanation is known. Thomas was the avowed enemy of Young and was widely known as the "man killer" as the result of sensational activities in law enforcement, which several times ended in charges against him, ranging from assault to homicide.

The town has been the scene of many a clan and anti-clan battle, union and anti-union struggle and dry and anti-dry disturbance. The place is quiet today with the militia in control.

METHODIST GIRLS CHARGE OF SERVICE

Number Take Part in Pageant Before Crowded Congregation

The Methodist church was crowded to the doors last night, the occasion being a special service in charge of the Canadian Girls in Training. The church was prettily decorated in suitable floral effects. Miss Catherine Harvey, president of the C.G.I.T., occupied the chair and Miss Haddock, deaconess, led in the prayers and scriptural readings. Miss Nellie Gurvich gave a reading on "The Mission of Jesus," and Miss Winnifred Dobb rendered a vocal solo. Piano-forte solos were played by Miss Victoria Krikevsky and Miss Ella Steen.

C.G.I.T. Pageant

The closing part of the service took the form of a pageant depicting the work of the C.G.I.T. and its usefulness in the community. The girls were dressed to represent the different phases of life, both past and present, showing how the fourfold program fitted into the physical, mental, religious and social needs of the girl growing into womanhood. The whole thing was splendidly carried and much credit is due to Miss Haddock, who trained the girls for their respective parts. The pageant was brought to a close by the C.G.I.T. chorus singing their special song.

The individual parts of the pageant were taken as follows:

A girl of to-day, Miss Evelyn Dalby.

Spirit of womanhood, Miss Jean Mackay.

Girl of yesterday, Miss Winnie Hill.

Girl of tomorrow, Miss Mary Allistone.

The virtues Truth, Beauty, Love, Purity, Sympathy and Canadian Girl in Training, were represented by the Misses Ada Menzighor, Florence Annesley, Vera Smith, Wade Mussallen, Dorothy Edgar, and Catherine Irvine respectively.

The four standards of the C.G.I.T., Health, Ambition, Worship and Service were represented respectively by the Misses Helen Sim, Hazel Richardson, Nellie Wilson and Dorothy Dean.

PREMIER KING IS AWAY ON HOLIDAY

OTTAWA, Jan. 26.—Premier Mackenzie King has gone south for a brief rest prior to the opening of Parliament. He is expected to return at the end of next week. Hon. George P. Graham is acting premier.

WOULD WELCOME LIBERALS BACK

Newspapers Comment on Elevation of Asquith and Fortune of Party

LONDON, Jan. 26.—Interspersed with wholehearted expressions of esteem for H. H. Asquith, the newspapers, commenting on his elevation to the peerage as Earl of Oxford, speculate on the fortunes of the Liberal party and the general political movement.

The Times believes much is to be said for those who would welcome a Liberal resurrection, following the disappearance from active control of the party of Asquith and Lloyd George and some of their more obvious personal lieutenants.

LUXOR TOMB IS REOPENED

Everything Handed Over to Howard Carter but Pall of Sarcophagus Injured

LONDON, Jan. 26.—A Luxor despatch states that the tomb of Tutankhamen was reopened in the presence of Government officials. The contents taken out last year were handed over to Howard Carter. Everything that was sealed when the tomb was closed remained intact but the priceless pall of the sarcophagus which was left outside in a thin wooden shed, deteriorated.

VALERA AGAINST VISIT OF PRINCE

Would Not Object to Belgian or U.S. Rulers Coming to Ireland

BELFAST, Jan. 26.—Eamonn de Valera protested against the proposed visit to Ireland of the Prince of Wales. "If the Belgian King or the President of the United States should come," he asserted, "you can respect them as much as you please because they are rulers of foreign states, but we don't want any foreign king coming to our country to claim rulership."

WENT INTO DRYDOCK

C.G.M.M. steamer Canadian Rover, Capt. Joe Flood, arrived at 10 o'clock yesterday morning from Ocean Falls and was today taken on the pontoons at the dry dock for examination following her recent accident when she went ashore out of Ocean Falls. The vessel has a broken stem and will require some plate replacement.

**Eclipse Once Caused
Fear Among People.**

In the old days when it was not known that the world was a ball travelling through space and that it was possible for the moon to come between the sun and the earth or for the earth to come between the sun and moon, an eclipse was looked upon as an awesome thing. Now it is known years ahead when an eclipse is to take place and, when it comes, it is simply a matter of scientific interest. On this occasion the scientists were out a few seconds in their calculations. As they become more expert and profit by experience, it is probable that there will not be even that much variation.

**Canadian To Lecture
In United States.**

Canadians often excel and are in much demand in the United States. The latest example of this is the engaging of Rev. G. O. Fallis of Vancouver by the Ellison White Chautauqua and Lyceum Association to lecture during the summer months. The subject, "The Problems of World Peace," will be one of great interest on either side of the line.

Mr. Fallis is a splendid speaker. In fact he is an orator. He not only has something to say every time he gets up to speak, but he says it with eloquence. He has the power to enthuse his audience and carry them away on his flights of oratory.

It is a great thing for both countries to have men visit across the line carrying a message, especially a peace message. Mr. Fallis is eminently fitted for doing that. He served at the front during the war as a chaplain and he has consequently seen much of life. He will do Canada credit.

**Choose Archbishop
For North Country.**

It is hardly likely that Prince Rupert will again be the home of an archbishop for some time to come. It does not follow that because a bishop is appointed for this diocese that he will be an archbishop. It is quite possible that one of the bishops in the south will be made archbishop and that this diocese will have to content itself with a bishop.

If a bishop is to be appointed here to have charge of this diocese, a great many people will hope that the position may go to Archbishop Rix who is at present acting as temporary administrator of the diocese. The Archbishop understands the people of the north and would carry on the policy laid down by the late Archbishop DuVernet. He knows the diocese better than any other man, probably, and would uphold all its traditions. Not knowing anything about Church polity we do not know if his choice would be in order, but if it is, we know of no appointment that would be more popular in the north.

**Linking Peace River
With Pacific Coast.**

Premier Oliver favors extension of the Edmonton and Dunvegan Railway to connect up with existing routes to the Pacific Coast and is opposed to spending money in opening up new sources of coal supply while the present coal mines are not working to capacity. That means he is opposed to the Brule railroad and favors a line coming out at Prince George to connect up with the P.G.E. By doing that both Prince Rupert and Vancouver would be served, and the Peace River would be really opened up. Prince Rupert will agree with the Premier in his stand.

What they would like would be to have the outlet on this side of the mountains so that the British Columbia part of the Peace River country should be opened up. The other line would be absolutely no benefit to this province from an agricultural point of view. Vancouver is with the Premier in this matter and Prince Rupert, we think, will also be ready to back him in it.

**Offered Tory Nomination
to Provincial House but
Refused to be Candidate**

(By C. Harrison.)
Prior to the war there were over six hundred settlers and miners on the Queen Charlotte Islands whose names were on the voters' list and therefore entitled to vote. Several of the prominent men came to see me and wished me to stand as a candidate for the legislative assembly in Victoria. One of the leading papers had my photograph enlarged and printed on the first page of the paper with the headlines in large letters—"Want Pioneer in Race for Legislature." The following article was also printed.

"According to the best information obtainable, the Conservative organization is going to advance the name of Stipendiary Magistrate Charles Harrison as a candidate of the Conservative party. It is more than probable Mr. Harrison would accept, though, in so doing, he would be forced to give up several lucrative government appointments which he is averse to do for the honor of the position which at best is an empty honor, judged by the success of the present incumbent.

"However, consensus of opinion is that Mr. Harrison would be the logical candidate. There is not the slightest doubt that, backed by the Conservative organization, he would win. It is more than probable also, that, were he to run as an Independent, he would win; for no man is better known in the north and none is more respected. He has a very wide grasp of affairs, political and business, intelligent to a higher degree than the average man attains, and in ad-

dition, is a forceful and witty speaker.

Refused Nomination
"The fact that he has lived for more than thirty years on the Queen Charlotte Islands in itself would commend him as a candidate to voters of this district who have received so little attention from their present representative, William Manson."

"I refused to stand as Mr. Manson was a personal friend of mine and quite capable of attending to the requirements of his constituents.

"I have done my best in these articles to give a correct description of the "Charlottes," and I hope they will be accepted accordingly and that better pens than mine will continue to give the history and describe the natural resources of these islands until they come into the prominence they are justly entitled to.

(Editor's Note—This is the last of Mr. Harrison's series of articles on the Queen Charlotte Islands.)

**SOCIETY GIRLS IN
ACROBATIC STUNTS**

"Born Rich" is a story told in Picture of Life Among New York's rich

The pleasures of the rich are revealed in "Born Rich," a First National picture, directed by Will Nigh, which is here tonight. It is based on Hughes Cornell's novel of New York society, and it is a colorful drama of high life.

One of its unusual episodes depicts a "party" in progress. The host, a millionaire New Yorker, had seen to it that nothing was lacking in the way of entertainment, and part of the program consisted of a performance by a group of acrobats.

After the act had been completed there was a lull in the proceedings.

"I'll bet you can't turn a hand-spring the way those acrobats did, Ethel," challenged an entrancing young girl.

Whereupon Ethel made a valorous attempt to imitate the acrobat and ended by falling awkwardly to the floor. There was a chorus of shouts, and within a few minutes the entire assemblage of members of the younger set was engaged in amateur acrobatics—with ludicrous results. It was a novelty in pleasure seeking for the participant, who wearied by their failure to find something new under the sun in the way of diversion found it in the athletic imitations.

**APPEALING STORY
OF LOVE LAUGHS
AND REAL THRILLS**

Betty Compton Stars in "The Female" Here at the Mid-Week

"The Female" is a gripping story of a primitive South African girl and two men over whom she exercises a strange love power. It shows a native farmer

and his wife in search for a lost child. Rushing through the thickest of the underbrush, they hear a low purring and are attracted to a spot wherein they find their two-year-old baby contentedly playing in a nest of lion cubs. Because of this experience, the girl is nicknamed "Dalla, the Lion Cub," and as she grows up, a great beauty, she lives that old saying that "the female of the species is more deadly than the male."

From a cub she grows to a lioness, and throughout her life this girl is a snappy, snarling, back-fire young miss. She leaves the trademark of her ferocity on many a man. The greatest lovers of this African district, one by one, try to conquer her, and each in turn meets the same fate.

There finally comes a big, strapping fellow, who is more persistent, more masculine, more determined than the rest. He keeps on the trail of this beautiful girl, backed by a really mad and genuine infatuation. He conquers her in the end, but the love fear is brought to a climax in a very thrilling scene in which Dalla drives off a lion that is about to attack the man she finds she really loves.

**FEET OF CLAY HERE
FOR THE WEEK END**

De Mille's Feature Film Shows Beach Scenes and Life Aboard Yacht

"Feet of Clay," Ceil B. De Mille's latest production here at the week end is an adaptation of the immensely popular magazine serial by that name by Margaretta Tuttle.

Travelling in its locale between a brilliant winter resort, a Harlem flat and a gorgeous eye-filling home of wealth, "Feet of Clay" is one of the most entertaining productions

**ONLY THE MOTHER KNOWS
ABOUT THE
COUGHS AND COLDS
OF THE CHILDREN**

It is hard to keep them from taking cold; they will run out of doors not properly clad, or have on too much clothing; play too hard and get over-heated, and cool off too suddenly; get their feet wet; kick off the bed cloths at night, and do a dozen things the mother can't prevent. The prompt use of

**DR. WOOD'S
NORWAY PINE SYRUP**

will check the cough or cold before any serious lung trouble can possibly develop. Mrs. Everett E. Koetch, R.R. No. 2, Fredericton, N.B., writes:—"My little boy, age nine years, had a dreadful cold which left him with a bad cough. I tried Dr. Wood's Norway Pine Syrup, and after using three bottles he was completely relieved. I would advise all mothers to use this remedy for their children as it is an excellent medicine."

For sale at all druggists and dealers.

**A good start
for the day**

Fortify yourself against Winter germs by eating Shredded Wheat Biscuit with hot milk. Nothing so nourishing and satisfying, and nothing so easy to prepare. Supplies warmth and strength for work or play. Better than mushy porridges for children because it makes them chew. Two Biscuits with hot milk make a good, satisfying meal.

The Canadian Shredded Wheat Company, Ltd.
Niagara Falls, Ontario

**Shredded
Wheat** "It's All in the Shreds"

DeMille has ever offered the picture public.

The story starts with a yachting party at Catalina Island. All sorts of beach novelties are worked into a series of colorful scenes which in costume combine bathing suits on lovely girls with the latest summer creations of the modiste and the tailor. The eye-filling piece de resistance is a race between twenty girls in jockey bathing suits on surf-boards behind fast speedboats.

Capping the beach scenes is a luxurious sequence aboard the world's largest yacht. It is amidst the spacious comfort of this three-hundred-foot pleasure craft that dramatic scenes occur, following a water series where La Roque's foot is mangled in a fight with a shark.

In the story Julia Faye, wealthy half-sister of the penniless Vera Reynolds, has a "society cat" part of the sort which gained her such a reputation in "Saturday Night," "Triumph," and other pictures. She, her husband, Robert Edson, and Ricardo Cortez, wealthy and in love with Vera Reynolds, form interlocking cogs in a plot which leads to dramatic consequences when La Roque's foot makes it necessary for his now wife to support her husband. Misunderstanding is bred by the situation, which De Mille solves in a unique manner.

**A GOOD WAY TO
INCREASE BUSINESS**

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo - Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo-Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rock or clinkers.

You should try Nanaimo-Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo - Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 416 and 564. If

**STARTING
WASHDAY
with the hardest
part done...**

That's just what our "Thrif-T-service" offers. This low priced service does all the washing—the hardest part of your work, and irons the flat work besides. You can pack your boiler and washboard away in the attic—and when it comes to ironing you'll have only the wearing apparel to do. And the cost is hardly more than for Wet Wash service—it's only a few cents a pound.

L.O.D.E. Children's annual Fancy Dress Ball in the Elks Home on Friday, February 6, from 7.30 to 12. Children 50c. Spectators 50c. Fancy dress optional. All children welcome.

Brigadier General J. M. Ross, C.M.G., D.S.O., is expected to visit Prince Rupert this week and will inspect the First B.C. Regiment in a parade at the Armoury on Thursday evening. General Ross is the general officer commanding the district and this is the annual inspection.

H. S. Munroe, general manager of the Granby Consolidated Mining, Smelting & Power Co., was a passenger on the Gardena yesterday afternoon bound from Vancouver to Anyox. Mr. Munroe announces the appointment of H. R. Plommer to be treasurer of the Granby Co. succeeding Valentine Quinn.

The steamer Amur, which was wrecked off the mouth of the Skeena River last February and which was subsequently purchased by Capt. A. Berquist, is having repairs made and new engines installed at Victoria and it is expected that she will be in the water again ready for coast service early in February.

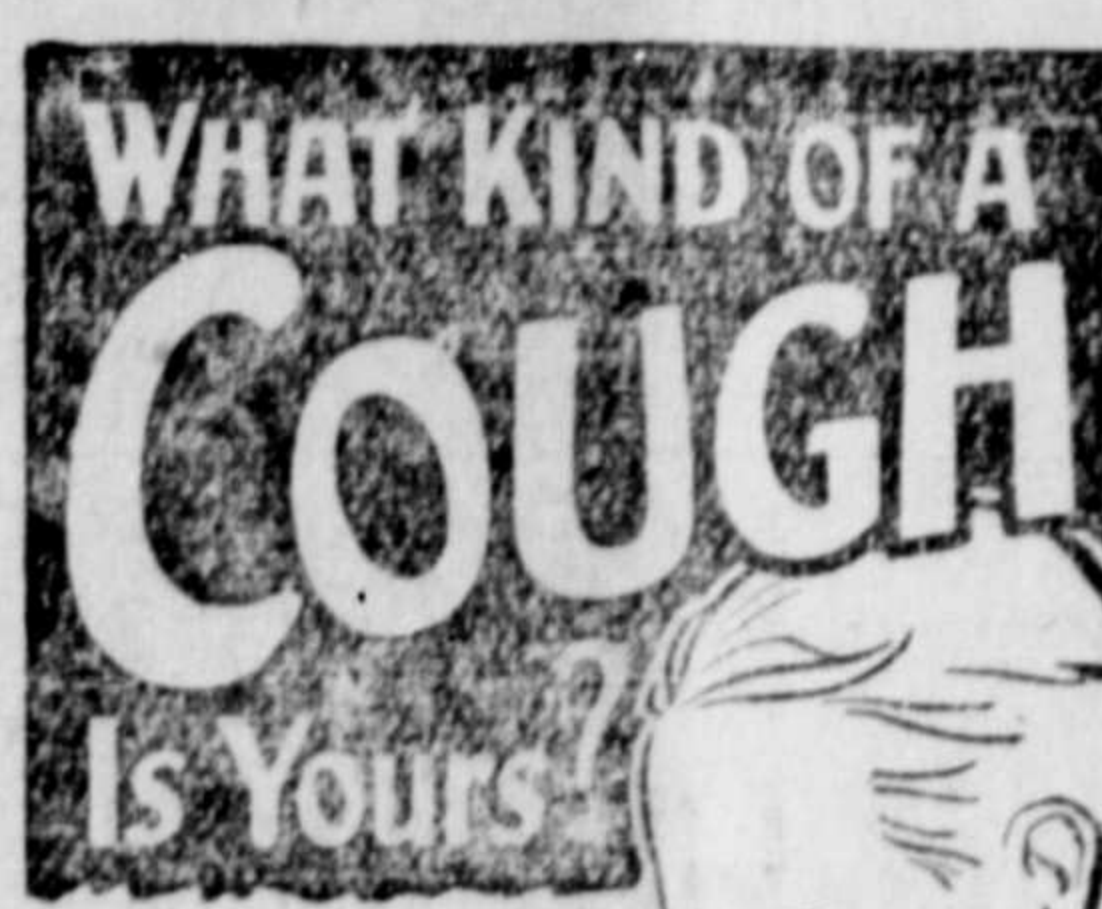

The B.C. Gazette this week contains notice of the incorporation of the Porter-Idaho Mining Co., Ltd., with capitalization of \$2,000,000 and head office in Stewart. The company has been formed to continue development work on the Maroon River property after which it has been named. Considerable work has already been done under the direction of Clay Porter on the mill basis.

And Ours Are Better

Government figures show heavy imports of canned fruits and vegetables, which are eaten here of course. As a matter of fact, B.C. grown fruits are of much finer texture and taste. They are superior to imported canned goods as Pacific Milk is to outside products.

Factories at Ladner and Abbotsford

WHAT KIND OF A COUGH IS YOURS?
WHETHER it is a simple cough that you have been inclined to ignore, or whether it is a cough that almost seems to burst you by the racking exertion, with aching head and aching body—

Get a box of Peps at once, take a tablet from its silver wrapper; and as it dissolves on the tongue, breathe in the

HEALING, BALSAMIC FUMES that are then given off. Notice how the balsamic odours find their way by inhalation along all the breathing passages and there allay the inflammation causing you trouble.

You cannot possibly get at these delicate membranes by any other way. Liquid medicines are merely swallowed into the stomach. Peps act direct on the affected tissues and remove the cause of the irritating cough in a way no other devised remedy can.

Due to greatly increased sales and lowered cost of production Peps can now be obtained in hand boxes of all druggists and medicine dealers at the

NEW REDUCED PRICE 25c

Mr. and Mrs. Kenneth Scherk of Burns Lake arrived in the city on this morning's train.

Dr. J. H. LePage, optometrist of Victoria, who has been in the city on professional business for the past week, leaves on tonight's train for the interior.

Colonel G. L. Phillips, of the Salvation Army, arrived on this morning's train from Winnipeg, and proceeded to Wrangell on the steamer Princess Mary this afternoon, where he will hold a series of meetings with native envoys of the Army.

Fred Henning and his bride, formerly Miss Alice Riley of Vancouver, arrived in the city on the Gardena yesterday afternoon. They were married in Vancouver three weeks ago and have been honeymooning in California. They will reside on Fifth Avenue West.

Extra-provincial incorporation of the Eber & McDougall Lumber Co. is announced in the B.C. Gazette this week. The capital is \$20,000 with offices at Edmonton and Shere, B.C. At the latter point, which is on the C.N.R. east of Prince George, the company operates a sawmill.

Coastwise Steamship & Barge Co.'s steamer Griffon arrived in port from the south at 4:30 Saturday afternoon and sailed at noon yesterday for Anyox. The Griffon, which discharged coal here from her holds for the Prince Rupert Coal Co., had the coal laden large Griffon in tow.

W. A. Wallace, surveyor for the British Registry of Shipping with headquarters in Vancouver arrived in the city on the C.G. M.M. freighter Canadian Rover yesterday morning from Ocean Falls. Mr. Wallace is here on business in connection with the repair work to be carried out on the freighter.

Union steamer Gardena, Capt. A. E. Dickson, arrived from the south at 2 o'clock yesterday afternoon and sailed for Anyox, Stewart and Alice Arm at 8 last evening. Included in the vessel's local cargo was paint to be used on the steamer Canadian Rover at the dry dock and lumber which was unloaded at the Albert & McCaffery wharf. Passengers were: for Prince Rupert—Mr. and Mrs. Fred Henning, P. J. Solem, J. McAuley and A. Abbott; for Stewart—R. D. Jones, George Haddon and Mr. Paton; for Anyox—Mr. Harvey, H. S. Munroe, Mr. Deeming, W. H. Welsh, G. W. Rogers, Mrs. Smith and Mrs. Woolworth.

JUVENILES IN TROUBLE

Two Small Boys in Magistrates Court this Morning on Burglary Charges

Two juveniles, aged 8 and 11 years respectively, appeared in the city police court this morning before magistrate McClymont, charged with breaking and entering the residence of Pete Jensen, 236 Sixth Avenue West on January 11 and stealing a money savings bank, containing \$5.40 in cash and a flashlight. The boys were arrested on Saturday by police constable McGlinchy. There were severely admonished by the magistrate, instructed to report every Saturday morning to Chief Vickers, and told to keep out of the picture shows for the next three months.

Another juvenile, aged 12 years will appear in the city police court tomorrow morning for having participated in the theft by taking a share of the stolen money.

How OXO reduces the high cost of Living

Tasty Dishes

OXO Cubes are great! They provide appetizing soups, stews, gravies, and enrich all meat-dishes with little trouble and great economy. They promote better health for the family, too.

The Children's Meals

Let the children start and end the day with OXO and milk. Add an OXO Cube to a bowl of hot milk (diluted, if desired), and serve with bread or toast.

Strength for the Invalid

OXO Cubes are dietetically superior to beef-tea and more economical. Hospitals, infirmaries and public institutions use OXO in preference to beef-tea. A daily cup of OXO is splendid protection against Influenza.

Don't Get Run Down—Take

OXO CUBES

In tins of 4 - 15c.—tins of 10 - 30c.

The Great Beef Economy

OXO and Eggs on Toast
1 OXO Cube
2 Eggs
Toast
Dissolve the OXO Cube in a little hot water, mix with the yolks of the eggs hard boiled, spread them on hot buttered toast and decorate the eggs with strips of the white of the eggs

former won last week and are out to repeat. They still have a chance to capture the Benson Cup although they will have to go some to do so.

Tiger Flowers, hailed as the coming middleweight champion, lost a good deal of his prestige and possibly his chance to get a bout with Haggy Greb when Jack Delaney, Fresh-Canadian and old-timer, gave him the knock-out drop in the second round of a bout at Madison Square Garden, New York City, last week.

The Tiger is the slugging heavy type against whom Delaney seems to make a showing when he would fail against a man of less repute. Flowers was working his way towards a meeting with Greb and among those who had fallen to him prior to the Delaney bout was Johnny Wilson, former champion. Now that he has conquered Flowers, Delaney is talked of as the logical man to meet Greb for the title. In any case, another "black hope" seems to have gone glimmering in the defeat of Flowers.

BRITISH BOARD PLANS DUPLICATE OF PACIFIC CABLE

LONDON, Jan. 26.—Because of the heavy press of business on the Pacific cable, occupying it to the limit of its capacity, the Pacific Cable Board has decided to call for tenders in the near future for duplicate cables which will be in use inside the next 18 months. This statement was made by the chairman of the board to a delegation from the Empire Press Union, which asked for a reduction in rates for press messages to Australia and New Zealand, and that facilities for this traffic should be substantially improved.

The chairman said that while appreciating the importance of wide facilities for the dissemination of empire news, the capacity of the cable was occupied to the limit and it would be impracticable to handle any additional traffic. No further reduction of rates could be made until the cable had been duplicated.

H. J. Cunningham, storekeeper at Port Essington, arrived on this morning's train on business and is registered at the Prince Rupert Hotel.

ENGLAND HELPING AUSTRALIA WITH ITS IMMIGRANTS

MELBOURNE, Jan. 26.—The British Government will advance Australia approximately \$5,000,000 for every 14,000 immigrants sent to Australia from England, according to an agreement recently concluded between the British treasury officials and Australia. The money will be used for public improvements such as waterworks, roads, railways, land clearing and housing in sections where immigrants settle, and in otherwise providing opportunities equal to those of native Australians.

Great Britain has agreed also to contribute to the cost of receiving depots to be established in various states. Australia expects to borrow a total of \$170,000,000 for migration purposes. The imperial government's agreement provides for the payment of \$35,000,000 for interest charges, the money to be used for public improvements. The flotation of the loan itself will be undertaken by Australia, and the borrowings will probably extend over a long period.

The New South Wales government has recently accepted the commonwealth government's offer of \$2,500,000 for fostering immigration. This money will

HUMOROUS HOCKEY GAME AT SMITHERS

New Brand of Sport at Bulkley Valley Centre is Shown

SMITHERS, Jan. 26.—Smithers hockey fans were treated to a new brand of hockey Sunday afternoon when teams representing the C.N.R. Roundhouse and Car Shops clashed in a game in the local rink. Some of the talent uncovered will bear watching, especially the speed demons on the forward line who could shoot from any position, it being all the same to them whether they were on their skates or in a sitting posture. One time the puck was pounced on by all the players except one goal-tender but was finally rescued by the referee. The game ended with each team having scored five goals. Fans are eagerly looking forward to the next stanza which it is expected will be played next Sunday.

The players representing the Roundhouse were—Ed. Hardy, Ted Jenkins, John Clavering, Jas. Silver, Wm. Duff and Chas. Higginbotham.

The Car Shops team was—Geo. Smith, Elmer Gunderson, Pete Berg, Wm. Fidler, C. Wilkinson and W. Smith.

SMITHERS HOCKEY TEAM CLEANS UP EVERYTHING

Plays Games at Burns Lake and Prince George and Wins Two Against Former

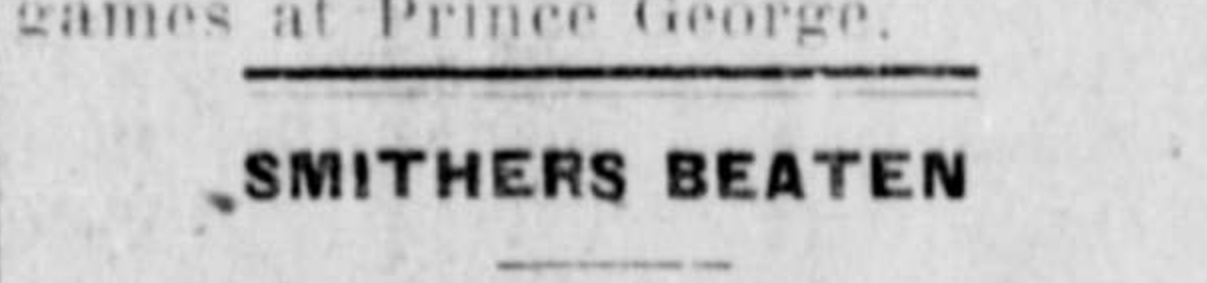

SMITHERS, Jan. 26.—The Smithers hockey team left on Thursday morning for Burns Lake and Prince George to play a series of games with the teams of those towns. The games in Burns Lake on Thursday and Friday were both won by the Smithers boys, the first by a score of 13 to 2 and the second game by 7 to 5. At Fimmerty is manager of the local team and has along with him the following players: Phil Hoskins, goal; Cliff Warner, 1st defense; Norman Kilpatrick, 2nd defense; Ken McKay, centre; Ben Baabe, right, and Al. Mutch, left; Jiggs Graham and Geo. Reuter, spares. Ernie Dawson who plays left forward was not with the team at Burns Lake but left on Sunday morning to take part in the games at Prince George.

SMITHERS BEATEN
 SMITHERS, Jan. 25.—The Smithers Boy Scouts journeyed to Telkwa on Saturday afternoon and played another game of hockey with the Telkwa Scouts. They lost this time however, the Telkwa team beating them by a score of 4 to 3.

Mothers Treat Colds The New "Direct" Way

No Longer Necessary to "Dose" Children With Internal Medicines to Break Colds.

Children's digestions are easily upset by too much "dosing." Vicks Vaporub being externally applied, does not upset little stomachs.

At the first sign of croup, sore throat, or any other cold trouble, apply Vicks freely. There is nothing to swallow—just "rub it on."

VICKS VAPORUB

Over 17 Million Jars Used Yearly

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivation at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travelers, up to ten head.

SERVICE NOT SERVITUDE

Has it ever occurred to you that the multitude of "Household Helps" offered for sale are of themselves lifeless and incapable of service unless controlled and directed by the already overburdened housewife.

Laundry service alone is alive, vital, imposing no new obligations, and asking nothing but your friendly disposition, to change servitude into service.

MANY AT LECTURE IN THE WESTHOLME

"Life on Earth in the New World" Proves Interesting to Large Number

A crowd of some 550 people attended at the Westholme Theatre last night to listen to the address of C. W. Cufforth, of the lecture staff of the International Bible Student's Association, on "Life on Earth in the New World." Fred Cameron occupied the chair and Mrs. A. O. Franks accompanied the hymn singing on the piano.

In his address Mr. Cufforth said that many of us were very contented with the earth as an abiding place and did not desire to leave it. We did everything in our power to stay here and resisted every attempt to take us from it except those members of society who were diseased of mind or completely discouraged in the battle of life. There was much in our present mode of living, however, which was distasteful. Some of us worked too hard for too little remuneration, others were spoiled by wealth and idleness.

The lecturer said that the Bible held out every hope that man's environment here would be changed and that he would attain to a condition of joy, liberty and prosperity undreamed of, even by most imaginative optimists.

HARRY REYNOLDS BURIED SUNDAY

Knights of Columbus and Others Attended Funeral Which Took Place Yesterday

Many persons attended the funeral of the late Henry R. Reynolds which took place at 3 o'clock yesterday afternoon. The service was held at Annunciation Church, with Rev. Father P. J. McGrath officiating and the full choir in attendance. Members of the Knights of Columbus accompanied the remains when they were taken from the B.C. Undertakers to the church. The pallbearers were L. Lawler, W. Hears, W. Fortune, J. Heesley, Jack Gillis and J. J. Gillis.

Floral tributes were sent by Knights of Columbus, Mr. and Mrs. Angelus Astoria, Mr. and Mrs. Chas. Balagno, Mr. and Mrs. D.H. McDonald, Angus Macdonald, Mr. and Mrs. F. W. Moersch.

PUBLICATION FOR B.C. LUMBERMEN

The first attempt to localize by means of maps, plants and operations of any major industrial group in any Province or State on this continent has been made by a Vancouver trade journal. The "Lumbermen's Atlas of British Columbia," which is just being issued by the British Columbia Lumberman of Vancouver, contains fourteen maps showing the principal sawmills, shingle mills, logging operations and box factories in the Province. Over 600 firms engaged in the lumbering industry are represented in this Atlas, the precise location of each being shown on one of the maps referred to. A plan is also given showing the principal steamship points of call on the B.C. coast with fares and sailing days and the main inland logging centres with rail locations, distances and fares.

GONE TO ENGLAND FOR NEW STEAMER

Capt. C. B. Smith of the Union Steamship Co. has left Vancouver for England to bring out the first of the new steamers that the company is having built there. It will be named the Lady Cecilia and the second will be called the Lady Cynthia. The vessels are to be operated from Vancouver to Powell River. A third new vessel, which as yet is unnamed, will be operated to Prince Rupert.

SMITHERS

The local group of Canadian Girls in Training held a social evening in their club rooms on Friday night to which the public were invited, a most enjoyable evening being spent.

A number of Smithers folk patronized the dance held in

AN INACTIVE LIVER IS THE CAUSE OF CONSTIPATION

When your liver gets sluggish and inactive your whole health suffers. Your bowels become constipated; you have sick and bilious headaches; your tongue coated and furry; your breath bad; specks float before your eyes, and often you feel as if you were going to faint, especially if in a crowded place where there is little or no ventilation. When in this condition there is only one thing to do, and that is to take

MILBURN'S LAXA-LIVER PILLS

They will stimulate the sluggish liver so that it will regulate the flow of bile to act properly on the bowels, and thus clear away all the poisonous matter that is responsible for all your liver troubles. For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Telkwa on Friday night in aid of the Telkwa Nursing Home. A good time was spent at the dance but the ten mile journey home in the early hours of the morning was not very pleasant as the drivers had a hard task keeping their ears on the road, owing to the recent fall of snow.

Mr. and Mrs. H. G. Windt entertained some 24 guests at a jolly dance given in their new home on Fifth Ave. last Friday evening. A dainty repast was served at midnight after which dancing was resumed for a couple of hours.

BATTALION ORDERS

By Lieut.-Col. J. W. Nicholls, Officer Commanding 1st Battalion North B.C. Regiment (402nd Bn. C.E.F.)

Parades.—Battalion Muster Parade, Monday, January 26, 8 p.m. for instruction under Sergt. Major Instructor Youngman.

Battalion parade Wednesday, January 28, at 8 p.m. Regimental Sergt. Major Brown will be in charge of this parade.

Stores.—Quartermaster's Store will be open for issue of uniforms and equipment, Tuesday evening at 8 p.m.

Musketry.—Miniature Range, Friday evening at 8 p.m. Dominion Rifle Association Competition.

Inspection.—The battalion will parade in the Armory, Thursday evening, January 22, at 8 p.m. for annual inspection by the G.O.C. District No. 11, Brig.-General J. M. Ross, C.M.G., D.S.O. Service dress to be worn with puttees, belt and rifles. Payrolls will be signed at this parade. As the amount of drill pay to be paid the Regiment depends on the numerical strength of this parade, the Commanding Officer urges all ranks to be present at this inspection.

S. D. JOHNSTON, Major and Adjutant, Atd. 1st. Bn. North B.C. Regt.

Yesterday the congregation of St. Andrew's were given a statement of the finances of the Church showing a more healthy condition than ever before. This was commented on by Archdeacon Rix at both services.

Light, wholesome bread, with the tasty, golden-brown crust, baked in your own home — can you think of anything nicer?

In the Letter Box

BOB HANNA AGAIN

Editor Daily News: Seeing that our port of Prince Rupert is going ahead by leaps and bounds, as the largest fishing port on the Pacific coast, we as citizens must look to the protection of our fishing fleet in this harbor. People coming from the U.S. bring their families and boats and reside here. There must be something done along the waterfront for the fishing fleet, either by the Dominion government or the Provincial government. Seeing that they are to have Cow Bay we must get something in return.

In regard to the waterfront some people have called me a crank. What is a crank? Every man is entitled to his opinion and nobody can deny that most men model their opinions on accepted values by reference to the modern press. The crank believes that his opinion is the truth, the whole truth and nothing but the truth. The press is useful to keep fools in order and is no hangman's whip. Knowledge comes by experience. It is the duty of every man to earn his own living and what he earns to keep. To earn a living a man needs health. To hold health you must possess food, a house and clothing.

There are other cranks besides me. There are vegetarian cranks and the teetotal all wool cranks. You all know who reads the press ads, buys pills by the pile, then calls in the doctor. He then experiments with him until he finds the right thing. Then the crank goes into a coffin. ROBERT HANNA, Fisherman.

The Man in the Moon SAYS:

ONE man who often turns over an new leaf is the cigar maker.

THE mistletoe gets hung for kissing. The man often gets married for the same crime.

THERE'S nothing like leather unless it is some of the tough

Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony arm-chair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements--and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

Buying advertised products is a bond investment---not a stock speculation

beefsteak we sometimes encounter in Prince Rupert.

PERHAPS it is because of the beefsteak some people are always heeving.

THE time to stand up for the women is when a lady is looking for a seat.

IF, as the politicians say, every man has his price, it must also be remembered that every woman has her figure.

TWO heads are better than one, so the barber says.

THE person who shines best in society is the bald headed man.

Ten Years Ago in Prince Rupert

January 26, 1915.

At a mass meeting held last night in the Empress Theatre, G. L. Clayton presiding, the petition urging upon H. S. Clements, M.P. the necessity of giving privileges to American halibut fishing vessels at this port, was unanimously endorsed on motion of Fred Stork, seconded by M. J. Hobin.

The finance committee submitted a report at last night's meeting of the city council that the assessment of 1914 be allowed to stand this year. A minority report opposing this was submitted by Ald. McClymont. Final decision on the question was laid over for a week.

The most important naval engagement so far in the Great War was fought in the North Sea on Sunday. The German battle cruiser Blucher was sunk.

UNIQUE LAW PASSED BY AUSTRIA REGARD TO EIGHT HOUR DAY

VIENNA, Jan. 26.—As a penalty for not ratifying the Washington agreement on the eight-hour day, Austria will inflict an extra duty on imports in the case of countries which have either failed to ratify the Washington labor agreement, or which maintain labor conditions falling considerably below those prescribed by the Washington pact.

Under this unique act, the government may, with the approval of the finance committee of the National Council, raise the customs rates by not more than one-third in the case of the countries above mentioned. The act was proposed by Dr. Otto Bauer, former foreign minister and leader of the socialist delegation in the Austrian parliament.

Chief Officer W. W. Mounce is back aboard the steamer Gardena this trip after having spent a month's holidays in Vancouver and Victoria.

GOLD NEEDED BUT IS COSTLY

Buy Only About Sixty Per Cent as Much as Before the War

USED FOR FINE ARTS

Kaffirs of South Africa Among Those Who Covet Valuable Tokens

NEW YORK, Jan. 26.—What becomes of all the gold produced by the mines of the world, is a frequent inquiry, particularly with the growing importance of gold shipments, and the question may be answered as follows:

Coinage among civilized nations, which accounts for about one-fourth of the production; use in industrial arts; waste, a five-dollar goldpiece, for example, losing 1 1/2 per cent in weight after one year's use; hoarding, by which millions of dollars are mysteriously swallowed up annually among primitive peoples; and loss, as through fire, shipwreck and similar causes.

Mining Falls Off

Gold mining in this country has fallen off because the industry has found it hard to turn a profit at postwar prices. The price of gold has long been fixed by the government at \$20.67 an ounce. Year in, year out, regardless of supply and demand, it remains "pegged" at this figure.

The purchasing value of gold, meanwhile, varies, fluctuating with price levels. An ounce of gold, economists compute, purchases perhaps only 60 percent as much now as before the war. Mine costs, in consequence, could not be realized on many lower-grade workings and many have shut down.

Yet gold the world over continues to come from the earth at a rate estimated in 1923 at about \$20,000,000,000 worth a year. Gold bullion priced at \$2,501,400,000 was on deposit last year in the vaults of the U. S. Assay Office in Wall Street, which is regarded as the most important clearing station in this country for monetary gold and gold used in fine arts.

Melted in Refining

At this closely-guarded crossroads from the goldfields to the bank vault, the incoming alloyed gold is melted as much as five times in refining; five to seven assays are made from samples; he whole weighed and re-weighed, checked and re-checked.

Platinum is a most valuable by-product of the refining at the Assay Office. As much as 1,500 ounces of it have been recovered in 12 months, all velvet for the government, and, quoted from \$250 to \$300 an ounce, worth from \$375,000 to \$450,000.

Gold in bars was bought last year from the Assay Office by American makers of fine art objects at a monthly average of \$5,000,000, according to one outside estimate. The Director of the Mint, from such data as he had available, calculated the gold used in industry in the calendar year 1923 was \$69,292,215, of which \$40,013,175 was new material.

India Use It

The Far East and Africa are held responsible for the disappearance of much of the world's gold. India is called "a great sink for the precious metal," and in the last half century it is estimated to have made away with at least one and one-half billion dollars in gold. Gold is used there in decoration, ornaments and textiles are hoarded and buried by owners who die, in many cases, without revealing the location of their caches. This drain is put at several million dollars annually.

China is said to be even more of a sponge for gold, while in Africa the gold paid in wages to Kaffir laborers at the mines goes with them to their kraals and somehow never returns, it is said. Trading posts well in the heart of the Dark Continent also report a lively demand for gold coins of whatever currency. Native chiefs, headmen and even braves covet the shining tokens to lavish upon their women for coin necklaces and bangles.

In Shipwrecks

Shipwrecks withdraw an amount of gold that can only be guessed. Divers a year ago recovered \$30,000,000 in gold bars from the White Star liner Laurentic which was torpedoed off the coast of Ireland during the war. Wall Street itself has out-

TURBULENT PORTUGAL

LISBON, Jan. 26.—The uncertainties of politics in Portugal, and turbulence in the life of the state, are pointed out by a local newspaper which recounts 20 armed uprisings in the country since 1911. Also seven attempted up risings were successfully resisted.

In the nine years since 1911 Portugal has had seven presidents, and 10 different cabinets.

A WOMAN'S "IN A MINUTE"

Tom—Why does a woman always keep a man waiting so long after she says she'll be ready in a minute?

Tim—Because she picks out a minute which is about half an hour away.
