Vickers Viking Machine Arrived Last Night from Three Rivers for Flight North

Within a week the big Vickers-Viking amphibian airplane, which he has secured to traverse the Cassiar gold fields in the course of his prospecting activities, will take off from Prince Rupert for Telegraph Creek expects Archibald Little, Detroit mining engineer and representative of eastern capital, who arrived in the city on the Princess Mary yesterday afternoon. A few hours after Mr. Little's arrival the big air machine, in knock-down shape securely packed with its engine in a box car, came by Canadian National freight train from Three Rivers, Quebec.

MISSIONARIES FOR ESKIMOS

Dr. Rasmussen Says Government Should Employ Them Rather Than Hang Natives

MONTREAL, May 9.—A cost of \$50,000 and \$75,000 to outfit two Eskimos at Herschel Island a year ago said Dr. Knud Rasmussen, Danish explorer, in an interview yesterday. Dr. Rasmussen expressed the belief that the employment of medical missionaries at around \$1,000 a year would do much better work among these primitive people than would be obtained by hanging them for an infraction of laws of whose moral import they are totally ignorant.

Twenty-One Persons Lost Their Lives When Mississippi River Boat Suddenly Turned Turtle

MEMPHIS, Tennessee, May 9.—Twenty-one persons are known to have lost their lives as a result of the sinking of the steamer Norman last night in the Mississippi River. The vessel, which had sixty passengers aboard, was returning from a trip down the river carrying delegates to the Mid-South Association of Engineers. The boat was proceeding smoothly when suddenly she began to sway and turned completely over, sinking in a few minutes before life boats could be launched. According to stories told by the rescued, there was no panic. Some women did not await assistance from the men but struck out for the shore themselves.

England is Improving Air Force; Contracts for 10 New Airdromes

LONDON, May 9.—Contracts have been placed by the air ministry for ten new airdromes in various parts of the country. These are part of the amplified scheme of air defense and will be equipped for the use of squadrons of day and night fighters and long-range bombers.

The plans now being developed provide for a series of zones of defense. Immediately around London is to be a ring of airdromes provided with every new device to facilitate night-flying. From these dromes squadrons of steel-built fighters or the defense of the capital will be sent up.

Further out will be another chain of air defenders with special coastal stations from which machines will ascend to attack raiders before they reach the coast. From another series of airdromes situated at strategic points will operate big weight-carrying bombers to raid air bases of the enemy.

TOMORROW IS MOTHER'S DAY

Special Arrangements for Occasion Made by C.N.R. Telegraphs

WINNIPEG, May 9.—Mother's Day, which falls on Sunday, will receive special observance by the Canadian National Telegraphs in connection with the custom which has grown up in recent years of forwarding messages of greetings to mothers on this day, in honor of the event, the Canadian National has prepared especially decorated telegraph blanks on which Mothers' Day messages will be delivered, and also has drawn up a set of messages for the guidance of those wishing to forward greetings at this time. The message forms and blanks have been placed in the hands of all C.N.R. Telegraphs agents for this service.

LITTLE GRAIN IS REMAINING

Canadian National Railways Report Light Storage of Wheat

WINNIPEG, May 9.—A striking comparison of the amount of grain in storage and in the farmers' hands in Western Canada at the present time as compared with the same period of last year is shown by the current weekly grain report issued today by the Canadian National Railways. With 85,087 cars moved out of the prairie provinces since the inception of the present grain movement, only 3,110,000 bushels remain in storage at country points along Canadian National lines, as compared with 27,786,000 bushels on the same date of last year. During the week, which closed at midnight on May 7, a total of 544 cars containing 745,000 bushels were loaded making a total movement since August of 115,054,000 bushels. To date a total of 3,974 cars have been delivered to Vancouver by the Canadian National.

Many Remembering Kiddies Today.

Many are remembering the sick children and the need of a ward for them in the hospital and are giving what they can today when the taggers come around. Others drop in a quarter or half a dollar and think they have done their bit, when it is only half a bit. Those who have given but a small amount may yet continue their regular donations, leaving it at one of the banks or at the Daily News Office and it will be acknowledged in this paper.

Dig down as deep as possible because the children need a place where they can be properly cared for.

Frank Parrish And His Home Town.

At the Rotary banquet the other night Frank Parrish, speaking for his home town said the Seattle Rotary Club was the best in the world. If all the members speak of it that way and act accordingly it certainly is. Any town where all the citizens speak highly of it is bound to become important. It may not be the best in the world but it will be important enough to be proud of.

The Seattle spirit is what built up that wonderful port. It still keeps them going. There is also a Vancouver spirit and a Ketchikan spirit. What we need here is a Prince Rupert spirit. We have it to some extent. Most of us when we go away from home speak highly of the home town, but a few do not. We hear of them and know some of them personally. They mean all right but they hurt us all. They are good enough fellows but not the very best citizens. They cannot be the best citizens and at the same time fail to stick up for their home town.

Mothers' Day Is Tomorrow.

Tomorrow is "Mothers' Day." It is a day set apart to the claims of motherhood in the community and on which those who are out of touch with their mothers are asked to communicate with them.

Motherhood is the most holy thing in the world. It is the basis of all love and affection and is to be revered. Let us remember our mothers and try to make life easier for them.

Which System Will Swallow The Other.

It seems as if the people in the East are bound to have one of the railway systems swallow the other but which it is to be is not yet decided. Perhaps there may be no swallowing but a healthy competition instead.

It looks as if the owners of the C.P.R. could see the time coming when their stocks would not be worth 144, paying ten per cent interest regularly with an occasional bonus. If they can get the interest guaranteed by the government it will make their investment secure and permanent.

No one wishes the C.P.R. stockholders anything but the best. It is to be hoped the big corporation will continue to pay ten per cent to its shareholders but whether the country should tax itself to keep that up is another question.

Dease Lake Gold Rush.

The stampede, which it was predicted last fall would take place into the Dease Lake gold diggings this spring following the discoveries last year of Grady and Ford, is materializing. Every boat now going north carries its quota of gold seekers bound for the new field. Yesterday the Princess Mary had forty such people on board. Some of them had means and some of them had the physical hardihood both of which are necessary for the venture. A few of them had both.

Gold stampedes are usually unwarranted and there is no reason to believe that this one is any different than the most of them. Even in the famous Klondike rush which was productive of such wealth, there were only a very few lucky people who shared in that wealth. Many men were disappointed and many were broken.

The person who goes into a gold rush seeking adventure more than wealth in a day is the person who is assured of satisfaction. There will be adventure for everybody but, if history repeats itself, there will be wealth for but a very few.

His Mirror Told Him of Exhausted Condition

Mr. R. Paulin, Toutes Aides, Man., writes:

"I became so run down and weak that my heart became affected, and I would sometimes have to remain in bed for several days.

Some one advised me to use Dr. Chase's Nerve Food, so I did, and soon began to gain in weight and feel better. I have taken a great many boxes of these wonderful pills, and am feeling ten years younger. Dr. Chase's Medicines, as well as his Receipt Book, are a great help to us, for we live 40 miles from doctors and railroads."

Mrs. Frizzell's, Jabour's and Dry Dock—Mrs. Dibb.

Seal Cove—Mrs. A. J. Galland and Mrs. R. C. Parsons, assisted by Miss Alice Nelson and Miss Osborne.

Among the little girls who assisted in the tagging this morning were Miss Connie Morgan, Miss May Thompson, Miss Tomio Katsuyama, Miss Norika Yamanaoka, Miss Frances Tremayne, Miss Audrey Tremayne, Miss Bernice Ross, Miss Victoria Krievsky, Miss Nellie Gurvich, Miss Eleanor Moxley, Miss Catherine Irvine, Miss Ella Steen, Miss Geridwen Morgan, Miss Dorothy Styles, Miss Doris Candow and Miss Mary Evans.

NOVEL PARTY AT HOME OF MR. AND MRS. BAILEY

Capt. N. P. Hocking Showed Interesting Magic Lantern Views Including Local Ones

Mr. and Mrs. A. H. Bailey, 929 Sixth Avenue East, delightfully entertained a number of friends last night when, by the courtesy of Capt. Hocking, master of the C.G.M.M. freighter Canadian Winner now undergoing repairs here, a most interesting magic lantern display, depicting in black and white and beautiful colored photography various parts of the world visited by him, was given.

The scenes thrown on the screen had been reproduced from actual photographs taken by Capt. Hocking in his world wide travels and included close-ups of the Panama Canal, the Japanese rice growing industry, Japanese chrysanthemum growing, harbor views of Kobe and other Oriental ports, launching of the Canadian Scottish, scenes of the Japanese earthquake, and many interesting local views.

At the conclusion of the lantern lecture refreshments were served under the supervision of Miss Moya Bailey.

OCEAN FALLS COUPLE RECENTLY MARRIED

Mr. and Mrs. Wright are honeymooning in Vancouver, Washington, Oregon and Nelson and will later return to Ocean Falls to make their home.

OCEAN FALLS MAN WEDDED IN SOUTH

Miss Adeline Dorothy Pugh Becomes Bride of B. Nock at Langley Prairie

The wedding took place last week at Langley Prairie, Rev. H. Hoodspeth officiating, of Miss Adeline Dorothy Pugh and B. Nock. After a brief honeymoon in Victoria, Mr. and Mrs. Nock will take up their residence at Ocean Falls where the groom is employed in the Pacific Mills.

The Man in the Moon SAYS:

The times are out of joint, Not following nature's plan; For the editor has left his chair And gone to Ketchikan.

Since Delilah has been letting Samson cut her hair, she also may lose her power over the strong man.

I'll out and run my little boat Across the harbor free, And stop upon the other side And see what I can see.

Oh to an island I will go And roll upon the shore And hear a mermaid softly call And I'll go back home no more.

It's wonderful what a lot of amusement some people can get out of a pack of cards. That is, they would be amused if they did not lose.

All I need in life is a stack of chips, And a dollar or two to buy. Then I sit and wait Till it grows quite late, Yes, I sit and lose and sigh.

Ten Years Ago in Prince Rupert

May 15, 1915.

There is a very noticeable increase in tourist business on the railway into Prince Rupert and south by boat. Most of the tourists are impressed with the manifold agricultural possibilities of the interior district tributary to Prince Rupert.

Word has been received that W. J. Wolsley, who left Smithers early in the war for the front, has been killed in action. He was a nephew of the late Field Marshal Lord Wolsley and before he left Smithers he was in partnership with C. L. Wilcocks in a general merchandise business.

The Dominion government hydrographic steamer Lillooet reached port yesterday. Capt. Musgrave will spend the remainder of the month in Hecate Straits completing work started there. Following that, he will be engaged in Dixon Entrance making surveys of the water. Capt. Musgrave has as his assistants this year Mr. Davies and Mr. Parker.

WIDE EXPERIENCE NEW BANK MANAGER

D. C. Paterson Expected Shortly from Calgary to Succeed H. St. G. Lee Here

D. C. Paterson, who has been appointed manager of the Prince Rupert branch of the Bank of Montreal in succession to H. St. G. Lee, has had wide experience in banking. Prior to attaining managerial position he served in various offices of the Bank in Ontario, Quebec, British Columbia, Alberta and Manitoba. In 1919 he was appointed manager of the branch at Cardston and later manager of the Yorkton Branch. From early in 1924 until his present appointment he held the position of Assistant manager at Calgary. He has been in the West since 1915.

Mr. Paterson is expected here within a few days and, on his arrival, Mr. and Mrs. Lee and family will leave for Calgary, Mr. Lee having been appointed assistant manager there.

SUCCESSFUL CARD PARTY AND DANCE BY ROYAL PURPLE

A very successful bridge and whist drive and dance was held last night in the Elks' Home by the Ladies of the Royal Purple. There were 23 tables of cards and the winners were:

Bridge—Ladies' first, Miss Wilita Dyer; ladies' second, Mrs. William Balagno; men's first, L. O. Larsen; men's second, C. E. Gullen.

Whist—Ladies' first, Mrs. J. Rateford; ladies' second, Mrs. H. D. Johnson; men's first, Mrs. Tulloch; men's second, Mrs. W. F. Browne.

Refreshments were served and some 200 persons fully enjoyed the dance that followed. The Westholme Orchestra furnished the music, H. F. Glassey was master of ceremonies and L. Murray Fuller presided at the door.

The committee in charge of the affair included Mrs. H. D. Johnson, Mrs. Robert Dowther, Mrs. Harry Atkins, Miss Mary Astori, Miss Pulmina Astori, Miss May Reid and Mrs. William Balagno.

CAPT. HOCKING SHOWS PICTURES AT SCHOOL

Some 400 Kiddies Assembled for Event in Booth Memorial Auditorium

The Auditorium of Booth School was well filled yesterday afternoon with about 400 children from the local schools, who were delighted with lantern slides and colored photography shown by Captain Hocking of the Canadian Winner.

The scenes were of wide variety, from the launching of the Canadian Scottish in Prince Rupert to many interesting and educational scenes in the Orient. Views were shown of the Panama Canal, Japanese earthquake, scenes from the life and customs of the Chinese in their native land including the rice growing industry, and many beautiful and instructive colored photos of distant fields.

The exhibition lasted for the best part of two hours during which there was the closest attention by all the little folk assembled.

Captain Hocking has exhibited these pictures in different parts and the views of Prince Rupert have undoubtedly served to advertise this city in a very unique and impressive manner.

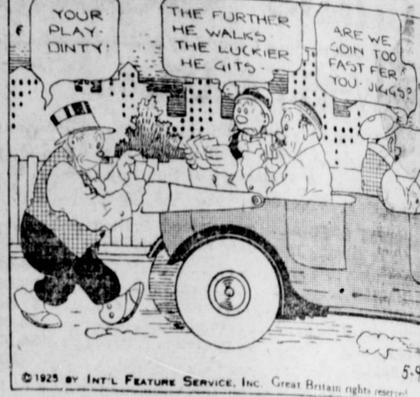

SPRINGTIME BRINGS ITS SPRING CLEANING

Undoubtedly spring cleaning is the most popular indoor sport at this season of the year. The lady of the house is always captain of the team—the rest of us make up the crew. Routine work is given the go-by. All must take a share in scrubbing the paint, beating the carpets and bathing the cat.

To make it easy for the one who does the most of the work, see that she buys bakers' bread instead of baking her own. Electric Bread is best. From your grocer or from us, the Electric Windows Bakeries.

Sport Chat

If there is any enthusiasm at all in town for lacrosse those interested in the game should give their support by at least attending the annual meeting of the association. It does not look very promising for lacrosse that the meeting called for Thursday night should have been postponed because there was a football game on which attracted the crowd. There may be another meeting called shortly. If nobody is interested enough to attend there will, of course, be no lacrosse this year.

The next Senior League football game will take place on Tuesday evening next between the Sons of England and Callies. The Scots have picked the following team to face the Englishmen: Goal, W. Hamilton; backs, H. Hamilton and J. Harris; halves, J. Sims, S. Currie and R. Woods; forwards, Alex. Mitchell, R. McDougall, Dave Scott, W. Mitchell and J. Andrews; reserves, J. Hamilton and A. R. Sinclair.

BASEBALL MEETING HELD LAST NIGHT

Sons of Canada and Sawmill Entered—Dick Howe Elected Secretary

Thirty-four baseball enthusiasts attended the meeting of the association held last evening which was presided over by Ben Self, the president. Dick Howe was elected secretary-treasurer of the association for the coming season.

The matter of games for the 24th of May was discussed and will be finally decided upon at a meeting on Friday night of next week. It was decided to get in touch with the Sons of Canada in respect to the first of July celebration and the possibility of having Ketchikan visit here.

The Sons of Canada and the Sawmill are the only two teams yet entered, but it was suggested that possibly another team would be added sponsored perhaps by either the Knights of Columbus or Gyro Club. Forty-two baseball players are at present located in the city and it is thought there will be no difficulty in forming another team.

Better Prices Prevail are in place and it is hoped to launch the boat early in June.

The gratifying thing about the waterfront business this week has been the better prices offered on the Fish Exchange for salmon. The rise in prices has meant that the home fishermen have been given more for the arduous game of boat hunting and the benefit business generally has been noted in the gradual easing of collections. While it is thought the light landings have something to do with the price, it is the general opinion that from now on, the prices for both first and second quality fish will be of such proportions as will enable boat owners and fishermen to ply their calling remuneratively.

Off Fish Packing

The power boats Towena and Harla F., of the John Field fleet, have been up on the Field ways this week for copper painting and general overhaul prior to being commissioned in the fish packing for the Sunnyside cannery. Capt. Cy Swanson has been putting the "fluency" on the mechanical gadgets.

The Canadian schooner Tillie S., Capt. Tibbets, has been up on the McLean ways for hull re-modelling and re-caulking while the power plant has also been given the once over.

Alken Nearly Ready

The new schooner Alken, owned by Messrs. Kergin & Hanson, is having the final touches put upon her from a mechanical standpoint. Jack Swanson, consulting engineer, turned the box of tricks over during the week and things were going fine for a few minutes. However, the intentions of the cleverest of men sometimes work contrary to expectations and Jack's good intentions were no exception to the rule. After a few revolutions of the colossal fly wheel some peculiar sound seemed to disturb Jack's wonderfully trained ear and upon investigation it was discovered that the oil service tank was refusing to function; an old sock, so someone said, having become wedged in the feed pipe. After dislodging the obstruction another effort was made to get things going but the shingle covered exhaust once again upset mechanical calculations and brought her to a sudden stop. Of course these were only little preliminary troubles and Jack has now got everything in fine fettle and further trials will doubtless prove that Jack can consult successfully with the best of gas engine engineers.

A Brainy Idea

It's as simple as ABC to transform a gas engine into a crude oil burner according to skipper Haley of the good ship Top. No can openers or tooth brushes are required in the process, and only a piece of good strong cast iron pipe and a hole in the roof are necessary to complete the transfer. Cap just wedged a piece of pipe over the exhaust and strung it inside the boat with the top protruding a few feet above the deck. Now the little old boat puffs her exhaust toward the sky just the same as a million dollar deisel engine—and there you are, as the monkey said when he sat on the flypaper.

The power launch Starlight, owned and skippered by Jack Hinton, looks resplendent in a coat of battleship grey paint with white trimmings.

The Caprice, a wonder of the deep owned by C. O. Rowe, is undergoing quite a transformation in build at the hands of a competent staff of C. O.'s skilled engineers. The cabin is being raised to give head room when dancing is in progress on the lower deck and new planks are being fitted in the hull. Watch Caprice's smoke this summer!

Remember the Kiddies

Now, boys, don't forget to dig up a dollar or two in aid of the children's ward fund of the General Hospital, which is being raised for the purpose of giving the kiddie's all that's coming to them when they are sick. You can slip it into the Daily News office when passing or leave it at any one of the local banks when you are cashing the cheque. Every little bit helps the good cause. The public ward which is the only accommodation available at present for the sick youngsters, is no place either for them or the grown-ups. When a kiddie is in pain it is only natural for it to cry and that disturbs a pretty sight person. On the other hand the sympathetic atmosphere created by the presence of other children helps the unfortunate little one a great deal. Give the children an even break!

No Wonder

No wonder the slick little maiden known as Gwen did not function properly when the engine room telegraph signalled full speed ahead and the timer was smartly twisted to the fullest notch. It took quite a while to find out what the trouble was as the mechanical pieces seemed to be doing their utmost to make things go. Eventually it was discovered that the propeller was wrong way round, hence the reason for delay in doing the measured mile. However, her skipper has rectified the trouble and Gwen is once again a happy

girl. To make up for this bit of wretched treatment the little lady is being treated to a new clutch guard and flywheel guard which will prevent clothes from catching in the high speed machinery when visitors are in the engine room.

Capt. L. W. Patmore has recently purchased the power cruiser Mary from A. Macdonald, of Canadian Steam Laundry fame. Mr. Macdonald has purchased the coastal cruiser Vaquero from Colonel P. M. Stuart and is having considerable alteration work done upon her in readiness for the summer season's water frolics. The Vaquero was used considerably by Colonel and Mrs. Stuart two summer's ago when they made many extended trips up and down the coast in her.

Nels Nelson recently installed new gasoline tanks in his power boat Wanderer and left early in the week for the Queen Charlotte Islands.

Customs Officer Overand arrived recently from Ocean Falls and has taken over the customs duties on the provincial dock recently performed by Algy Hunter who has gone to relieve at Anyox.

Doe Clapperton was admitted to the General Hospital today for molar troubles. The latest bulletin states that he is progressing satisfactorily. The boys hope to again see his cheery countenance on the waterfront in the near future.

Ernie Doing Well

According to a recent issue of the Journal of Commerce published in Vancouver, E. H. Shockley, who left here recently with his family to permanently reside in that city, has been awarded a contract amounting to \$11,639 for the construction of a footbridge at the foot of Carrall Street to the wharf of the Union Steamship Co. The contract was awarded on the recommendation of engineer Brakenridge. Ernie just missed getting a \$31,853 contract from the fact that when the tenders were opened he could not be located. Although he was on the telephone his number was not shown in the Vancouver telephone directory. The contract was for the erection of a new wing to the Norquay school. Ernie's tender was the lowest for the job by over \$40.

towing fleet, left port on Thursday morning for Georgetown to bring down a scow load of lumber for the Big Bay Lumber Co.'s yard.

Harry Ward is putting in some overtime on the engine of the coastal cabin cruiser Eva.

Mitchell & Currie are doing some long needed repairing of the Yacht Club floats. New piles are being placed in position at the boat berths and the flooring is being replaced. Temporary work has been done from time to time by assistant commodore Chiff Thompson which enabled the boats to get somewhat of a permanent toe hold, but with the completion of the present job the local club will boast of premises second to none on the Pacific coast.

Alex. McRae put his power boat Lois M. on the local dry dock yesterday to have repair work done on the keel.

Wilson McKinnon, the Oswego and Alex. Wylie, the new troller Unome, left this week for the Hippo Island trolling grounds.

Louis Locker arrived in port early in the week from his logging camp, aboard the power boat Lewis Island, to get mechanical supplies from Akerberg & Thomson for a donkey engine.

The power yacht Sunbeam II, skippered and owned by Douglas Stork, is on the McLean ways for cabin re-modelling. The observation saloon will also come in for its share of fixing. Judging from the manner in which

HER HEADACHES WERE SO BAD SHE COULDN'T DO ANYTHING

Once the head starts to ache and pain you may rest assured that the cause comes from the stomach, liver or bowels, and the cause must be removed before permanent relief may be had.

There is no better remedy for headaches of every description than

BURDOCK BLOOD BITTERS

as it removes the cause of the headaches in a way that no other remedy will do.

Mrs. Wm. Helgard, Lower Stewiacke, N.S., writes:—"I suffered for a long time with my head. It would ache and ache until it made me so sick I could not do anything, but after taking four bottles of B.B.B. I feel that I cannot recommend it too highly to all those suffering from headaches of any kind."

B.B.B. has been on the market for the past 46 years and is recognized by all who have used it to be without an equal as a remedy for headaches; put up only by The T. Milburn Co., Limited, Toronto.

Miss Sunbeam was lazily reclining on the ways it is thought that Doug is not having the fixing up done a moment too soon.

Capt. Bob Davie is putting his power cruiser Mush through a thorough spring overhaul and all will be in readiness for an initial dash to the amateur fishing grounds today.

Fred Scadden has been spending the evenings lately in a remunerative manner in putting his summer camp at McNichel Creek into shape, and his pleasure launch Dawn is all fixed up in readiness for the big opening day.

Capt. Khorl is installing one of Sorensen's patent salmon trolling lines on his new troller Just H. and Capt. Johanson is doing the same thing on his troller Fox, prior to leaving for the Hippo Island trolling grounds. Both boats will get away over the week end.

I still need them. Furs of every description. Bring them in, Mr. Trapper, you'll be surprised at the high prices I am offering. W. Goldbloom, Second Avenue.

Pete Leighton was in port this week from Metlakatla to have a new brass intermediate shaft fitted at the Akerberg-Thomson shops. Pete left yesterday for the Hippo Islands on his annual salmon hunt.

Skipper Hugo Sandstrom fitted a new 6 h.p. cylinder on his 5 h.p. Palmer engine this week which now gives him a little more than an additional horsepower.

Arrivals

Arrivals this week included:—American: Kodiak, Eagle, Kanatak, Resolute, Atlas, Yellowstone, Sumner, Chelsea, Majestic, Oona and Swan.

Canadian—W. F., Nuba, N. & S., Point May, Verna L. (salmon), Dolphin, Dorreen, Mab, Fernan, Mayflower, Yule, White Lilly, Plop and Narbethong (salmon), Gibson, Pair of Jacks, Margalico Minnie V., Marguerite and Brant.

The launch Oh Baby, skippered by Laurie Lambly, made a return trip to Lewis Island on Monday and on Tuesday made a good run to Oona river and back. On Thursday the launch was husey on pile towing from Grassy Bay to Cow Bay.

BEAUTY PARLOR OPENS MONDAY

La Parisienne One of the Most Modern Establishments in Province

Prince Rupert can now boast of one of the most modernly equipped ladies' beauty parlors in the province with the opening on Monday morning of the La Parisienne Beauty Shop at 210 Fourth Street by Mrs. Skinner and Mrs. Harlan. Efficiency in operation is assured by the fact that Mrs. Skinner is a graduate of the Maxine Beauty College, Vancouver, while Mrs. Harlan graduated from the Carson Hairdressing Parlors, Seattle.

The beauty parlor which is very artistically laid out, contains four booths for shampooing, hair cutting and Marcel waving. The equipment for facials and scalp treatment is of the very latest pattern and all electrically operated. The beauty culture will include shampooing, manicuring for both ladies and gentlemen, electrical facial and scalp treatments, hair bobbing, bob curling, singeing, cutting, Marcel waving, Henna packs and hair dressing. Appointments can be made by phoning 301.

Albert Wessel was dismissed in the city police court here this week on a charge of having narcotic drugs illegally in his possession. The result of what is believed to have been a frame-up, Wessel was arrested last week when a package believed to have contained cocaine was found in his possession. When the alleged drug was analyzed it was found to be sodium silicate which is not a narcotic. Wessel claimed that the package had been "planted" on him.

The northern half of the Prince George-Quessnel highway was reopened to automobile traffic this week. Gangs of men are at work on the southern portion and it is expected that the road will be completed early in the summer.

The by-law providing for extraordinary expenditures by the school board totalling \$1180 was approved by a fraction of one vote by the electors on Monday. The bylaw had 58 votes in its favor and 38 against. The estimates had been rejected by the city council.

Twenty-five women have been selected for jury duty at the forthcoming assizes by Sheriff Peters. The list is published in this week's paper.

Preparations are being made by the city council for the reception of Governor General Baron Byng who will visit here on June 25.

A large number of applications are being made for the position of Indian Agent at Fort Fraser succeeding W. J. McAllan who is being superannuated.

"STOMACH PAINS WERE DREADFUL"

Operation Prevented by Fruit Treatment "Fruit-a-lives"

"For years I was a sufferer from Chronic Dyspepsia, Indigestion and Constipation; the stomach pains were dreadful. I was advised that my condition strongly resembled cancer of the stomach. Dreading an operation, I consulted my physician, but grew steadily worse. Then I decided to try "Fruit-a-lives". Immediately my condition began to improve and soon Dyspepsia and Constipation were things of the past"—Mrs. Annie Glover, 16 Henry Street, Ottawa.

Lilian Gish The White Sister
— in —
The Duse of the screen in a powerful love story with the beauty and grandeur of Rome, Naples and Algiers as a background. The tale of two lovers who had pledged their truth, as lovers always do, without regard for what life might have in store. He, a soldier, is reported dead; she devotes her life to the service of others by joining the White Sisterhood—then he returns to demand the fulfillment of her vow. By trickery she is brought to his lodgings at night and then—Lilian Gish in her greatest role as Angela, a girl, tricked and cheated at every turn, her whole life one heroic sacrifice. Many spectacular scenes, taken at great personal risk to the producers and artists, include Vesuvius in eruption, the gates of a reservoir burst open by the onrushing volume of burning lava, and the inhabitants of valley towns fleeing from the twin horrors of fire and water. Distinguished cast.
