## FREIGHT RATES ARE TO BE EQUALIZED

### FLOODS IN SOUTH AND AT PRINCE GEORGE ARE DOING MUCH DAMAGE

#### Freight Rate Equalization to be Subject of Legislation this Session; Peace River Dropped

VANCOUVER, May 20.—"I am not optimistic regarding the probability of anything being done this year to relieve transportation difficulties for the Peace River," Premier Oliver stated on his return this morning from Ottawa.

Regarding the question of freight rate equalization, the Premier expressed confidence that the proposals to be brought before Parliament shortly by Hon. George P. Graham, minister of railways, will solve the problem. The Premier admitted that he did not know definitely what the proposals were but added: "All I can say in this particular is that I have confidence the situation will be relieved."

#### FOUR CHINESE WERE POISONED BY TOADSTOOLS

Lived Together in Camp at Kingcombe Inlet Cannery Near Alert Bay

VANCOUVER, May 20.—The deaths of four Chinamen on Saturday at Kingcombe Inlet cannery a few miles north of Alert Bay were caused by their eating poisonous toadstools, according to information reaching the Chinese consul here. All four victims, it is stated, had gone from Vancouver to work at the cannery, which is now being prepared to resume operations.

The Chinese were living in a camp by themselves.

#### BLOCKADE OF RUM RUNNERS

New York Officials Say Only One Boat is Now Left of Big Atlantic Fleet

NEW YORK, May 20.—Halifax reports state that thirteen liquor laden vessels have docked here. Some are discharging cargoes preparatory to re-entering more peaceful freighting business and others are taking on provisions before again putting out to sea.

By officials here interpret these reports as confirmation of their assertions that the "Rum Row" blockade is proving effective. It is stated that only one vessel is left of the eighty odd that were off the coast of United States before the campaign commenced on May 5.

#### EIGHT KILLED BY LIGHTNING

Damage Estimated at Million Francs Caused by Storm in Belgium

BRUSSELS, May 20.—Eight persons were killed by lightning and damage estimated at a million francs was caused by storms in this section. The principal damage was to farm crops although the houses in towns and cities were battered by heavy hail that broke thousands of windows. All traffic and communication was impeded and in some places stopped.

Frank Phiscator of Terrace was an arrival from Seattle on the Prince George this morning.

#### TRAIN DELAYED BY MCBRIDE WASHOUT

Will Not Arrive Here Until Six Tomorrow Morning; No Floods Yet

Delayed by a washout just east of McBride, the train due from the East at 3.30 this afternoon will not arrive until about 6 o'clock tomorrow morning. Though the water has been high on the Bulkley and Skeena Rivers, it was reported at the superintendent's office this morning that the situation was being watched carefully and no trouble on this end is anticipated. Reports received from the interior today were to the effect that cooler weather had arrived and the waters were subsiding.

#### HEAD OF MOUNTIES IS VISITING CITY

Col. R. S. Knight, B.C. Officer Commanding, Arrived From Vancouver This Morning

Col. R. S. Knight, commanding officer in British Columbia of the Royal Canadian Mounted Police, is visiting the city in the course of a general inspection trip. He arrived on the Prince George this morning from Vancouver and is stopping at the Prince Rupert Hotel.

#### Two Chinese Killed and Two Wounded in Bunkhouse Fight at Shingle Mill Yesterday

VANCOUVER, May 20.—Yam Lambert and Nak Dip, both Chinese, are dead and two others are seriously wounded as a result of a gun fight staged in the bunkhouse late yesterday at the Macnair Shingle Company's mill at Port Moody.

Nak Dip, the cook at the mill, shot Yam through the heart and head and then wounded two others before turning the gun on himself.

Two other Chinamen, who escaped from the fusillade of bullets, attempted to get away in an auto, but the car upset and both were taken into custody by the Port Moody police.

The direct cause of the shooting is thought to have been the outcome of criminal law cases, street fights, small riots and sluggings in Vancouver's Chinatown some time ago.

The freighter *Salvor* arrived in port this morning and is discharging a cargo of coal at G. T. P. wharf No. 1.

#### LAST DAY FOR HOSPITAL WARD

Subscriptions Will be Received Any Time Today or May be Mailed Tonight

This is the last day for receiving donations toward the children's ward at the General Hospital. Subscriptions may be sent in any time today or may be mailed tonight, as long as they arrive in time for the final acknowledgment in these columns tomorrow.

Amounts received today include:

Previously acknowledged	\$1177.36

A new type of ultra-violet ray by means of which "sun-light" can be administered internally is being demonstrated in England. Used in the mouth and throat it has proved beneficial in cases of several diseases.

#### Fraser Valley Floods Cover Thousand Acres

Low dykes protecting Dewdney district failed to hold and ranches are covered with water

VANCOUVER, May 20.—A thousand acres of land in crop has been flooded out in the undyked areas of Glen Valley, Fort Langley and the lowlands of Nicomen Island and South Westminister as a result of flood conditions in the Fraser Valley under pressure of the rising waters of the Fraser River.

The low dykes protecting the Dewdney district east of Mission failed to hold and last night great quantities of water poured through the breaks, flooding the fertile ranches.

Efforts to stop the progress of the waters were confined to protecting the main Dewdney dykes which are holding.

The river last night at Mission was 19 feet 8 inches and steadily rising at the rate of half an inch an hour. Miles of roads in the Glen Valley and Fort Langley districts are inundated to a depth of three feet at some places and road communication is suspended.

#### ENGINE WAS TURNED OVER

Everything Now in Readiness for Hop-off of Airplane to Telegraph Creek

The engine of the Vickers Viking flying boat, which will be flown from here to Telegraph Creek by Archibald Little, Detroit mining engineer, and his associates within the next few days was turned over for the first time yesterday afternoon and worked very satisfactorily. Col. Williams, pilot of the machine, stated last night that everything was now in readiness for the hop-off which will take place just as soon as favorable reports from the north are received.

In the fall the plane will be flown back to Prince Rupert and probably on to Vancouver. It may even be flown from Vancouver to its headquarters at Three Rivers, Quebec, although this has not yet been definitely decided upon.

#### COLONEL RYERSON DIED AT TORONTO

TORONTO, May 20.—Major General George Ryerson, 71 years of age, a colonel-in-chief of the Canadian army medical corps died here this morning at the hospital.

#### Prince George Partly Flooded as Result of Rise in Fraser River

Railway Grade Partly Washed Away and the Passengers had to be Transferred; Water Still Rising

PRINCE GEORGE, May 20.—Prince George is threatened with considerable inconvenience and danger as the result of the stage of water. This year the Nechako and Fraser Rivers have reached the flood stage about the same time, the Nechako being two or three weeks earlier than usual. The water is within a foot of its high mark of 1919. It is still rising and made five inches last night. Unless there is a change in weather conditions the water will continue rising for another four or five days, and two or three feet may be added to the present high mark.

The west bound train was not able to reach Prince George last night. The railway grade acts as a dyke against the waters of the Nechako. Yesterday the water had risen on the river side until it was standing six feet above the level on the south side. There was a gate in the grade a short distance from the western end of the big bridge which spans the confluence of the Nechako and Fraser and the pressure of the water became so strong that it tore through the gate and carried away a section of the grade necessitating a transfer of passengers on the incoming train. The effect of the breach in the railway grade was to raise the level of the water several feet over that portion of the townsite east of George Street. It is within two feet of some of the warehouses and preparations are under way to remove merchandise stored in them.

The water today is within two feet of the crown of the road which connects Prince George with the highway to Quesnel. The prospect is that the road will be put out of business within the next two days.

For weeks past the railway company has kept a gang of men working on a jam which has been forming against the piers of the big bridge but the drift is coming down the Fraser in such quantities that the debris is piling up faster than it can be broken away. All authorities agree that the water will continue to rise for another four or five days. It will mean inconvenience at this end and probably serious danger and damage along the lower reaches of the river.

L. W. Patmore was a passenger last night on the Cardena for Vancouver on business.

#### COOLER WEATHER CAUSES WATER IN SKEENA TO DROP

HAZELTON, May 20.—The cool weather which has just set in following the extreme heat of the week end when the thermometer was up to 90 degrees in the shade is causing the river to drop a little. It was very high and much earlier than usual.

#### Airplane Here is Only One of its Kind on Continent Guarded with Jealous Care

The Vickers-Viking amphibious flying boat, which is now all assembled at the dry dock here awaiting receipt of favorable weather reports from the north before taking off with Archibald Little, Detroit mining engineer, for Telegraph Creek on a prospecting expedition into the Gassiar gold fields, is the only machine of its kind on the continent.

The machine was built by Vickers in England and imported to Canada by its owners, the Laurentide Air Service Co. Ltd. of Three Rivers, Quebec. It is powered with a 450 horse power Napier Lyon engine and is equipped with the latest of everything in safety and efficiency devices. It has a wing spread of 50 feet.

The fuselage and wing floats are of mahogany bronzed where they touch the water and the wings are of bronzed fabric, the struts, of course, being of the conventional airplane spruce.

The landing wheels are lowered or raised by means of a quadrant. They are controlled (continued on page six)

#### STERLING IS HIGHEST TODAY SINCE THE WAR

Quoted Very Close to Par on Both London and New York Markets

LONDON, May 20.—Sterling today reached 4.86 1-8, the rise in rate being assisted by the Bank of England's purchase of nearly a million pounds of gold bars.

Sterling has been making a gradual and apparently sure progress toward return to parity which is 4.86 2-3 under the steady support of American and local interests. Today's point is the highest reached since the re-umption of the gold standard.

NEW YORK, May 20.—Sterling exchange today was quoted at the New York market at 4.85 7-8, the highest price since November 1914.

#### CHINAMAN MAY GET LIBERTY

Effort to be Made by Counsel for Wong Sing to Get Him Released

VANCOUVER, May 20.—In order that Wong Sing, committed for trial on a charge of murdering Janet Smith, may not remain in prison for from five to six months until the next assize court convenes, J. H. Senkler, counsel for the accused, yesterday took steps to lay the foundation for an application aimed at the release from custody of the prisoner. What form the application will take has not yet been decided, said Mr. Senkler.

#### GERMANY AT WORLD COURT

Has Entered Appeal Against Action of Poland in Upper Silesia

GENEVA, May 20.—It is officially announced today that Germany has appealed to the world court of justice to settle her dispute with Poland concerning the expropriation by Poland in Upper Silesia of German owned industrial rural property.

DAILY EDITION

Wednesday, May 20, 1925.

### Good Position Of This City.

In spite of the large sums of money being borrowed for local improvement work in this city, mostly expended on the building of roads, the financial condition is excellent, the money just borrowed being secured at very little over six per cent. The fact that big financial concerns bid for the bonds and that there was close competition among them speaks well for what others think of the prospects here.

The good price is due of course to the general rise in price of bonds and good stocks. Money is cheaper than it was a few years ago. Those who bought securities then have all made money on paper although the income from it has not changed. That Prince Rupert was able to partake in the general trend of financial conditions speaks well for her stability and management.

### Is Similar To Provincial Condition.

The position of the city is something like that of the province. Both owe a good deal but both can borrow at low rates of interest. The province can of course borrow much cheaper than the city. The idea to be gained from both is that where the affairs are carefully managed and the money spent is used in productive work, the credit remains good. No province in Canada can borrow to better advantage than British Columbia; and few cities of the size of Prince Rupert can borrow to better advantage than she. Both are on the frontier and both have expensive public works to carry out, yet the credit of each is good.

### Parking Automobiles On The City Streets.

A bylaw has been prepared dealing with the parking of cars on the city streets. It is being considered by the police commission prior to being submitted to the city council.

In dealing with such matters as this, it must be remembered that we are not yet a big city and that we have plenty of space on our streets which is at present unused. As long as the cars on the streets do not annoy the people who live opposite them and as long as they do not interfere with the business of any of the stores or other concerns adjacent there does not seem to be any good reason why the owners of cars should not use streets. The thing to do just now in every city restriction is to make it as little onerous as possible. We cannot base our restrictions on those existing elsewhere.

Cars certainly should not be allowed to park right in front of the entrance to a theatre or public hall because that is hogging the right of way. We have all seen cars do that, right at the beginning of the evening when dozens of other cars had to discharge there. It is only common decency to keep such entrances clear. To put all cars off the streets, however, would be a needless restriction. The streets have a much better appearance with some cars parked along it and they should be allowed to remain if only for decoration purposes.

### Tendency Should Be For Fish Prices To Stabilize.

It would seem as if the tendency would be for fish prices to stabilize from now on. The cold storage plants will be buying for winter freezing soon and, while prices may not go anything like as high as last year, they should not again go very low unless there is a tremendous glut of fish here at one time, something that the fishermen themselves should try to regulate. Recent prices have been decidedly an improvement on those obtained early in the season.

# NINETY GIRLS ARE COMING

Bachelors Urged to be Ready to Help Entertain "Caseys" of California

Claiming that ninety of California's prettiest girls will be members of the Alaska outing party of California council, No. 880, Knights of Columbus, touring the far north next month, the Golden Gate "Caseys" have sent word ahead to the north-western and Alaskan towns to be visited by the party to have all the available young bachelors ready for dancing partners at the social affairs, parties and dances planned in many of the cities to be called at by the "Caseys" special trains and steamer.

Leaving San Francisco, June 14, by special train of Pullmans, dancing, dining and observation cars, the party will connect with the Canadian Pacific steamer "Princess Louise," sailing on the night of June 16. The following "Inside Passage" and Alaska ports will be visited: Vancouver, June 17; Alert Bay, June 18; Prince Rupert, June 19; Ketchikan, June 19; Wrangell, June 20; Juneau, June 20; Skagway, June 21, also June 22; Juneau, June 23; Wrangell, June 23; Ketchikan, June 24; Prince Rupert, June 24; Alert Bay, June 25; Vancouver, June 26; Victoria, June 26; Seattle, June 26; Portland, June 27; and arrive back in San Francisco June 29.

The party will carry with it radio receiving equipment, a jazz orchestra and corps of entertainers, a baseball team and athletic groups, a team of girl basketball players and a capable degree team to exemplify the major rank of Columbianism at Juneau on the occasion of the party's visit to that city. It is believed that Supreme Warden David F. Supple of San Francisco, who is to be a member of the outing party, will preside at the exemplification of the third degree in Juneau, Alaska; marking the first time in the history of the Knights of Columbus that a supreme officer of the "Caseys" order will have conferred the major degree in the "farthest north" council.

Young lady members of the party will represent the Native Daughters of the Golden West, Catholic Daughters of America, Young Ladies' Institute and other societies. One hundred and fifty people will comprise the party, which will have for its chaplain, Rev. Father Nicholas Flatley, chaplain of the California council, Knights of Columbus, of San Francisco.

# HUNDRED MEN WORK AT DOCK

Large Amount of General Work and Boat Building Being Carried on There

Fully one hundred men are today employed at the local dry dock where a great deal more work is going on than most people seem to realize. With an occasional more notable job such as the overhaul of C.G.M.M. steamer Canadian Prospector now in progress, there is a lot of smaller work going on both in the woodworking department and the machine shop.

Lately the wood working department has been turning out a number of splendid rowboats for private order. These little boats, nine, twelve and fourteen feet long, are built by two men in two and half days. Within the past two weeks eight have been built and the ninth is now being turned out.

The Canadian halibut schooner Livingstone, Capt. A. Martinsen, was taken up yesterday and will have a new keel, shaft log and stern post put in.

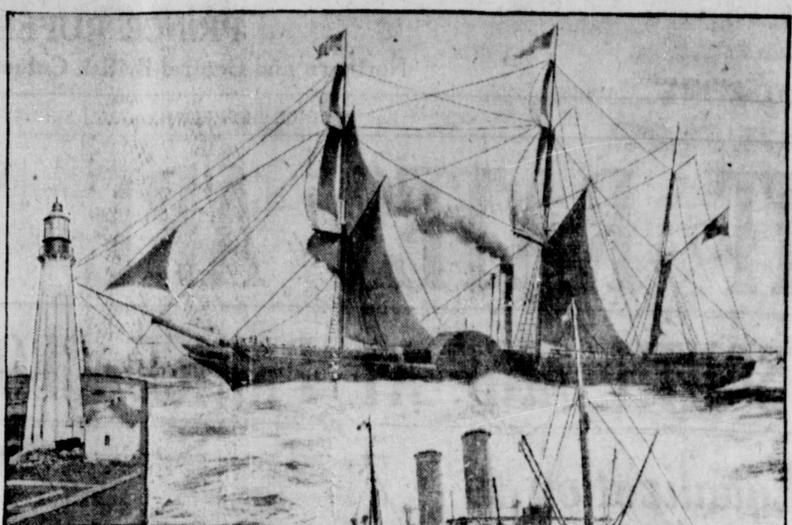

The Inverness cannery tender Florence is coming in for general overhaul as is also the Canadian halibut schooner Prosperity A.

The Digby Island derrick scow and the fisheries patrol steamer Marfish, are also in the dry dock having annual overhaul.

The fishing boat Miavin went off yesterday after having a general overhaul.

The staff of the yard also gave some assistance in the assembling of the airplane which will be flown to the Dease Lake min-

# St. Lawrence Route Claims Pilotage Record

That not a single serious accident had occurred on the St. Lawrence River between Quebec and Father Point during the 1924 season of navigation, though the passing up and down of over 3,000 ships, representing a tonnage of fifty millions, had been recorded, was an interesting statement made at the annual meeting of the Quebec Licensed Pilots Association held in Quebec City recently.

A review of the activities of the last season brought out the fact that there had been 3,012 sailings between Quebec and Father Point, each of these ships carrying a licensed pilot. The number of pilotages recorded was the highest in the history of the St. Lawrence River. The fact that the size of the vessels entering and leaving the St. Lawrence has been increasing continually in recent years makes the foregoing achievement all the more remarkable, as this has naturally increased the draught of the liners, some of which, as in the case of the Canadian Pacific steamships, reached thirty and at times thirty-three feet.

Advance bookings to date, indicate that the St. Lawrence route during 1925 will prove even more popular than heretofore. A large number of Holy Year pilgrims to Rome will enjoy a trip down the River on the

Above, "The British Queen," one of the first steam vessels to ply the St. Lawrence. Below, a huge Canadian Pacific steamship, with pilot aboard is towed into the stream at Montreal. Inset, the lighthouse at Father Point, where the pilot will leave her.

Canadian Pacific S.S. Melita early in May, and when the more general movement of tourists to Europe begins later in the year, large numbers of them, whether from the United States or Canada, will leave from Quebec or Montreal. With but four

### The Map in the Moon

MANY a man with a fair supply of brains cannot read his own writing.

IT is to be hoped that the newly discovered anaesthetic does not come to Prince Rupert. Any more sleep inducer here would prove fatal.

THE office seeks the man, except on pay day. Then the man seeks the office and is on the job persistently.

SOMEONE objects to my mentioning garters in this column. She says that garters are not modest, and I am inclined to the same opinion.

THE garter below the knee should not be exposed to the eye.

Twould be better by far All short dresses to bar Or keep them from lifting so high.

A MAN of my acquaintance says he has no objection to garters for use but not for display.

SULPHUR they say is a thing That stores are expected to sell. But why should you go there to buy it. Better wait, you'll have plenty in hell.

THE sporting editor says there's a ball team in this town that is ready to challenge the world. I bet that's all they'll do.

IF children are ashamed of their parents it is usually the parents' fault.

A HAIR raising story may be about ghosts or it may be about the change of fashion in which bobs are to disappear.

ALL the arguments and pessimists in the world cannot keep Prince Rupert back, once she gets into her stride.

A PERSON who is wedded to his business will have to get a divorce one of these days.

THE greatest enemy Prince Rupert has is the man who comes to work late in the morning.

The Canadian National Railways have now on sale Summer Excursion tickets to Jasper National Park, Edmonton and Calgary. Tickets good going and returning direct or one way via Vancouver. Excursion tickets to Winnipeg and points in Eastern Canada and United States go on sale May 22nd; choice of routes, stop-overs, very low fares. Full information at City Ticket Office, 528 Third Avenue, Prince Rupert. Phone 260.

### "PROVINCIAL ELECTIONS ACT."

Prince Rupert Electoral District, Mackenzie Electoral District.

NOTICE is hereby given that I shall, on Monday, the 18th day of May, 1925, at the hour of 10 o'clock in the forenoon, at the Court House, Prince Rupert, hold a sitting of the Court of Revision for the purpose of revising the lists of voters for the said Electoral Districts, and of hearing and determining any and all objections to the retention of any name on the said lists, or to the registration as a voter of any applicant for registration; and for the other purposes set forth in the "Provincial Elections Act."

Dated at Prince Rupert, B.C., this 6th day of April, 1925.

NORMAN A. WATT, Registrar of Voters for the Prince Rupert and Mackenzie Electoral Districts.

### LAND ACT.

Notice of Intention to Apply to Lease Lands.

In the Land Recording District of Prince Rupert, and situate on the north-west coast of Pease Island, B.C., approximately five miles north from the mouth of Winter Harbor, Pease Island, there are described lands of the following dimensions: Commencing at a post planted approximately five miles north from the mouth of Winter Harbor, Pease Island, thence north-west (2) chains, more or less, to low water mark; thence north-east along low water mark one hundred and sixty (160) chains; thence south-east two (2) chains; thence southwest one hundred and sixty (160) chains, more or less, to point of commencement and containing thirty-two (32) acres, more or less.

GOSSE-MILLER LIMITED, Name of Applicant. Dated May 12th, 1925.

### NAVIGABLE WATERS PROTECTION ACT, R.S.B.C. 1906, CHAPTER 115.

THOMAS TROTTER, of the City of Prince Rupert, in the Province of British Columbia, HEREBY GIVES NOTICE that he has under Section 7 of the said Act deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Prince Rupert, at Prince Rupert, B.C., a description of the site and plans of a wharf and pier proposed to be built in the Prince Rupert Harbor, Prince Rupert, B.C., on all those portions of waterfront block G, plan 925, section 1, Prince Rupert, Province of British Columbia, of the apartment foreshore and the water lot in front thereof, containing in all an area of 1.80-100th acres, more or less.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this Notice Thomas Trotter will under section 7 of the said Act apply to the Minister of Public Works at his office in the city of Ottawa, for approval of the said site and plans and for leave to construct the said wharf and pier.

Dated at Prince Rupert, B.C., this 6th day of April, 1925.

By Williams, THOMAS TROTTER, Manson & Gonzales, his Solicitors.

### Ten Years Ago in Prince Rupert

May 20, 1915.

The Daughters of the Empire will hold an open air concert on Saturday, the proceeds to go to the Red Cross Society. The program will include a male singing party of twenty voices, music by the band and short talks by Rev. H. R. Grant, William Manson, M.P.P., T. D. Pattullo and G. W. Morrow.

The Westholme theatre was reopened last night under the management of Mitchell Albert, the feature film being "David Harum." Tomorrow night, ten per cent of the proceeds at the theatre will be turned over to the Red Cross by Mr. Albert.

J. P. Shaw, M.P.P. and Mr. Carmichael, members of a commission who will investigate the claims of the Indians to land, arrived in the city on the Prince Rupert yesterday. They were accompanied by Charles H. Gibbons, secretary of the commission and an old newspaper man of this coast.

M. N. McKay and M. Stewart of Port Essington arrived in town yesterday morning and are returning today.

In the last Sunday Province appears a picture of the Terrace bridge and a descriptive article which tells of the great benefit the new bridge is to that district.

Coal \$14.50. Double-screened Nanaimo-Wellington — positively the best domestic coal in British Columbia. Albert & McCaffery, Ltd. Phone 564 and 116.

H. A. Dixon, chief engineer for the Canadian National Railways, accompanied by Mrs. Dixon and child, arrived from Vancouver on the Prince George this morning and proceeded by train to Winnipeg, where Mr. Dixon makes his headquarters.

W. C. Stearman, Vancouver hardware dealer, was an arrival from the south on the Prince George this morning. He is on his way to Burns Lake on a visit to the Taltapin mine of which he is president. Mr. Stearman expects to spend two or three weeks in the interior.

Passengers sailing last night on the Cardena for the south included Miss K. Knoelle, Mrs. J. Marshall, Mrs. M. Smith, W. J. Marshall, M. Silverfield, J. H. Meagher, J. J. Muldoon, L. O. Lyeett and L. W. Patmore for Vancouver; J. Larson for Butedale, and Mr. and Mrs. M. Robertson for Nanaimo.

H. D. Jackson, comptroller for the Premier Mine and W. H. Rae, assistant manager of the B.C. Silver, arrived here yesterday. Mr. Jackson is going to New York on tomorrow's train and Mr. Rae will visit Prince George and spend a few days more here on his return before going back to the mine.

The police commission last night accepted the tender of A. Carlson of \$65 per suit for four policemen's uniforms. The suits ordered this year are similar in quality and price to those used last year which gave good satisfaction. George Leek submitted tenders ranging from \$12 to \$55; the Universal Trading Co. \$55 to \$60, and Steve King, \$55.

### FINAL MESSAGE BEFORE LEAVING

Rev. Dr. Grant Urges More Optimism in City Prior to Taking Long Holiday

Rev. H. R. Grant, D.D., pastor of the Presbyterian Church here, leaves tomorrow for an extended holiday, but before going he took occasion to leave a message with his people at their morning service Sunday morning, that will not be forgotten for a long time by those who were present on that occasion.

Dr. Grant said he found a great deal of pessimism in the city. There was no need for it for everything was going well, everybody was working and the prospects were brighter than ever.

Strangers had noticed the pessimistic spirit. One man connected with the elevator had said: "What's wrong with this town. Three fairly prominent citizens asked me only recently if it was likely a pound of grain would ever go through the elevator after it was built."

"Why man," he said, "I know six grain exporting companies operating in a large way who are all going to try shipments through this port when the elevator is ready."

An agent for a big concern who was recently in Prince Rupert had remarked that everybody was in the blues. "In all my district," he said, "there is not a town with the prospects Prince Rupert has. Yet the people here are pessimistic."

The Doctor said he found a lot of people who had faith in God but in nothing else.

Dr. Grant goes direct from here to Jacksonville, Florida, where he expects to remain for a month. He will then return by way of Eastern Canada, will visit his son Archie at Fort William and then take a run into the Kootenay country to see members of his former congregations at Fernie and Pincher Creek.

Rev. E. W. McKay of Cranbrook is coming this week to take charge of the church during Dr. Grant's absence on the first trip he has made in eleven years other than attending conventions and synod meetings.

**COMMITTED FOR TRIAL**

Arthur Stewart of Port Essington was committed for trial yesterday afternoon by Stipendiary Magistrate H. F. McLeod on a charge of wounding David Douglas. The latter has been in the hospital for several weeks following an alleged attack by accused with an axe. Milton Gonzales defended.

## What Holiday so enjoyable?

Nowhere is so much enjoyment packed into each twenty-four hours as aboard ship on an ocean voyage.

Games and exercise on spacious decks, or cosy relaxation in deck chairs with the clean sea breeze on your cheeks; meals fit for an epicure, served in a luxurious brilliant saloon; dancing to the strains of a wonderful orchestra, with a stroll between numbers to watch the moonbeams dance on the waters; cards and conversation with congenial companions; and each night, restful re-creating slumber in a comfortable berth in a spacious airy stateroom.

Why not make a trip to Europe your holiday this year? You can cross the Atlantic, visit in the Old Land for a few days, and return, all in three or four weeks. And, if you go via Anchor-Donaldson or Cunard Canadian Four you will see, as well, the beauties of the historic St. Lawrence River.

Ask your local steamship agent for information, or apply to—

## PLAY CLAXTON CANNERY HERE

### Cold Storage Team is to Meet Visiting Cannery Boys at Football

#### PLAYERS FOR MAY 25

Schedules of Games Arranged for Senior and Juvenile Leagues

At a meeting of the executive of the Prince Rupert Football Association last night, the Cold Storage team was selected to play Claxton Cannery at the Acropolis Hill grounds on Saturday night. J. May will referee.

The following two eleven were selected to play on May 25 in connection with the Empire Day celebration:

W. Hamilton (Callies); G. Mitchell (Vets) and W. Barton (Vets); J. Harris (Callies), S. Currie, captain (Callies) and R. Woods (Callies); A. Mitchell (Callies), R. McDougall (Callies), S. Erskine (Vets), W. Mitchell (Callies) and J. Andrews (Callies). This team will play in Callies' colors.

S. Gawthorn (Vets); G. Kelsey (Sons of England) and G. Goehrane (Vets); F. Hodgkinson (Sons of England), A. Bales captain, (Sons of England), and P. Cameron (Sons of England); F. Russell (Vets); H. Norwood (Vets); J. Johnston (Sons of England), A. Dickens (Sons of England) and J. Farquhar (Sons of England). This team will play in Sons of England colors. Reserves will be D. Frizzell (Sons of England), R. Howe (Sons of England), H. Hanson (Sons of England), J. Sims (Callies) and J. Hamilton (Callies). Tom Jones will referee.

#### Junior Schedule

The following schedule for the Juvenile League was drawn up:

May 16.—Booth School vs. Borden Street.  
May 23.—Borden Street vs. High School.  
May 30.—High School vs. Booth School.  
June 6.—Borden Street vs. Booth School.  
June 13.—High School vs. Borden Street.  
June 20.—Booth School vs. High School.

#### Senior Schedule

Games for the first half of the Senior League in the Mobley Cup (city championship) series were set as follows:

June 1.—Sons of England vs. Cold Storage.  
June 4.—Vets vs. Callies.  
June 9.—Cold Storage vs. Vets  
June 12.—Callies vs. Sons of England.  
June 23.—Sons of England vs. Vets.  
June 26.—Callies vs. Cold Storage.

The last two games are provisional on there being no draws in the Dominion Day cup ties which were set as follows:

June 15.—Vets vs. Cold Storage.  
June 18.—Callies vs. Sons of England.  
July 1.—Final.

Those attending last night's meeting were: President George Hill, Delegates H. Killin, J. Watson, F. J. Fuller and D. Kennedy; Vice-president James Black and Secretary G. S. Russell.

## TENNIS COURTS MATERIAL HERE

### Five Car Loads of Gravel Comes all Way from Prince George for Them

Five car loads of gravel arrived here a couple of days ago all the way from Prince George to be used in the construction of the two concrete tennis courts being built here by the railway employees for their own use near the station. The cement for the work is not yet here but is expected within a few days. The work will be rushed ahead just as soon as the material is on the ground and it is very likely the courts will be ready for use by June 4.

It seems that the reason for bringing the gravel from Prince George is that the quality of the material there is better than any other along the line.

## SWIMMING CLUB HOLDS MEETING

### Chris Elkins is New President and Douglas Frizzell, Secretary Treasurer

#### DONATIONS MADE

Committees Instructed to Make Arrangements For Use of Salt Lakes This Year

There was a large turnout at the annual meeting of the Prince Rupert Swimming Club which was held last night in the city police court.

Officers for the year were elected as follows:

Honorary president, Hon. T. D. Pattullo.  
President, Chris Elkins.  
Secretary treasurer, Douglas Frizzell.

Executive, E. C. Gibbons, Sid Thomson, J. A. Hinton, Capt. Alfred Swanson, R. Blance and J. Boddie.

During the meeting the announcement was made that the Rotary Club had made a grant of \$100 to be used in connection with the improvement of the Salt Lake and the Retail Merchants' Association, 825.

The executive committee was instructed to visit the Salt Lake today and ascertain what was needed in connection with the float and landing and the facilities generally.

Another committee was appointed to interview provincial government officials with a view to obtaining permission to make a charge for the use of the dressing rooms to persons other than members of the club. The general feeling of the meeting was that, if all who used the lake became members of the club, there would be ample funds to keep the place in order. The secretary was instructed to secure badges and proceed with the sale of same.

## CHALLENGE TO BALL PLAYERS

### Inlander Comes Out With Defy to all and Sundry and Mentions Opponents

The baseball season is ready to open if someone would only open it.

There is a little baseball aggregation that has an opinion of itself and needs to be taken down a peg. It is located at the Inlander on Second Avenue. The members of that team, headed by the redoubtable Jimmie Farquhar, say they are ready to field a team against the Gyro Club, the Mackenzie Mess, Joe Brown's Boosters or any other pickup lot around town, always excepting a team entered in the Senior League. They would even challenge the Rotary Club if it were not for the fact that the members are too old and they think it would be a shame to throw the gauntlet in their direction.

Jimmie says he has a team that would do credit to any baseball ground in the world, so far as appearance is concerned. He thinks they would look wonderful in navy blue suits. Some of them are good at hurling cement at the drydock and he does not see why they should not hurl a baseball. At any rate the challenge is sent out, the foetus is sounded and if it is not answered appropriately, the Inlanders will go around holding their heads up scornfully and feeling that they are the cocks of the north or the kings of the sporting world.

## Wrigley's

"after every meal"  
Parents—encourage the children to care for their teeth!  
Give them Wrigley's. It removes food particles from the teeth. Strengthens the gums. Combats acid mouth.  
Refreshing and beneficial!

# PROTECTION

EVERY time you are in a crowd—a street-car, a train, a theatre—you are in constant danger of absorbing some kind of infection. Everything you touch, that is handled by others, is a germ carrier.

Germs allowed to remain on your hands will in time almost surely pass to your nose or mouth or be deposited on food.

But the ever-imminent danger of contagion is almost completely removed if you purify your hands and face frequently with Lifebuoy Health Soap.

### A wonderful health element in Lifebuoy

The creamy Lifebuoy lather carries a wonderful health element deep into every pore. It counteracts any infection which may have been partially absorbed by the skin. Lifebuoy cleanses antiseptically.

### Lifebuoy is pure and gentle

Because of the absolute purity of its ingredients, Lifebuoy is mild and pleasing, yet delightfully stimulating to the skin. The daily use of Lifebuoy keeps your complexion fresh, clear, glowing with health.

The pure, clean health odour of Lifebuoy Soap vanishes almost instantly after using—but the protection remains.

## LIFEBUOY HEALTH SOAP

### More than Soap - a Health Habit

Lever Brothers Limited, Toronto. LB-594

## Sport Chat

The trouble with league baseball in Prince Rupert during the past year or so has been that one or two teams have had too much of an edge over the remaining teams. The consequence has been that possible spectators, feeling that one side would have a cinch, have not been interested and have not bothered to attend games. If sport is to draw a crowd there must always be a degree of uncertainty about how games are going to result and this can only be obtained in a town of this size by having the players distributed by some central body of control regardless of their private affiliations. A real effort should be made to have this obtain this year. The Butchers want to have an all Butchers team. This may be all right and in this case probably will be but if all the good players in town were butchers—and everybody knows they are not—then there should be no all Butchers team. This should apply also to Sons of Canada, Sawmill, Gyro Club or any other organization concerned.

The footballers are back at their old tricks again—namely, fighting on the field of play. This column in the past has deplored ill feeling and loss of temper in various lines of sport and has rebuked such spirit on several occasions where it was deemed proper to do so. The incident in Monday night's football game was neither necessary nor graceful and the league authorities who have to deal with the case should take steps to prevent recurrence of such scenes—even if it is necessary to make an example of somebody in doing so. While some of the fans may get a kick out of a fist fight on a football field, the majority, we believe, want to see soccer played and a boxing match instead is not appreciated. There is a place for football and a place for boxing but the rules of neither permit of the

two being mixed.

Tomorrow night's football game between the Callies and Sons of England will determine the ownership of the Stuart Shield for this season unless time permits towards the close of the year for more games in the series to be played. Whichever side wins tomorrow night will, therefore, have captured the trophy for the time being at least. The following line-ups are announced.

Callies — W. Hamilton; H. Hamilton and W. E. Willisoff; J. Harris, S. Currie and R. Woods; A. Mitchell, R. McDougall, W. Mitchell, James Hamilton and J. Andrews; reserves, J. Sims and M. Andrews.

Sons of England—R. Howe; Dick Lambie and G. Kelsey; Tait, A. Bales and P. Cameron; J. Farquhar, A. Dickens, J. Johnson, H. Hanson and F. Hodgkinson.

to Booth Fisheries.

Margaret L., 17,000 at 10.70 and 5 to Allin Fisheries.

M. M. Christopher 7,000 at 11.10 and 5 to Gold Storage.

Mab 3,500 at 11 and 5 to Royal Fish Co.

## BURNS LAKE

A school fair is to be held here this fall, the idea having been suggested by D. Cochrane of Forestdale. It is proposed to have exhibits of agriculture, nature study, manual training and domestic science as well as straight school work. Teachers of the district seem very willing to co-operate.

A daughter was born at the Burns Lake Hospital on May 12, to Mr. and Mrs. Andrew Hunter of Endako.

Herman Brunell, Jack Imeson and Leonard Kerr plunged into Burns Lake last week, being the first bathers of the season.

### THE NAVIGABLE WATERS PROTECTION ACT.

R. S. C. Chap. 115.

The Canadian Fishing Company Limited hereby gives notice that it has under Section 7 of the said Act deposited with the Minister of Public Works at Ottawa and in the office of the Registrar of the Land Registry Coast District at Prince Rupert, B.C., a description of the site and plans of its wharf, cannery, cannery building and works, appurtenant thereto, built prior to June 1st, 1918, in Fraser Reach in front of Lot 25A, Range 4, Coast District, Province of British Columbia.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this Notice The Canadian Fishing Company Limited will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans and for leave to construct the said wharf and works, dated at Vancouver, B.C., this 7th day of May, 1925.

THE CANADIAN FISHING COMPANY LIMITED

### LAND ACT.

Notice of Intention to Apply to Lease Lands.

In the Land Recording District of Prince Rupert, and situate on the north-west coast of Pearse Island, B.C., approximately three miles north from the mouth of Winter Harbor.

Take Notice that J. Fielding Strang of Sunnyside, B.C., occupation canneryman, intends to apply for a lease of the following described lands:

Commencing at a post planted approximately three miles north from the mouth of Winter Harbor, Pearse Island, B.C., northwest two (2) chains, more or less, to low water mark; thence northeast along low water mark one hundred and sixty (160) chains; thence southeast two (2) chains; thence southwest one hundred and sixty (160) chains, more or less, to point of commencement and containing thirty-two (32) acres, more or less.

JAMES FIELDING STRANG, Name of Applicant. Dated May 12th, 1925.

## MOOSEHEART LEGION HELD WHIST DRIVE

Thirteen Tables at Enjoyable Affair Last Night in Metropole Hall

An enjoyable whist drive was held last night in the Metropole Hall by the Ladies of the Mooseheart Legion. There were thirteen tables and prizes were won as follows: ladies' first, Mrs. Quinlan; ladies second, Miss Waddea Mussallien; men's first, Mrs. M. E. Edwards; men's second, J. I. Robertson.

Joe Slaggard was master of ceremonies, refreshments were served and an impromptu dance followed, music being furnished by Mrs. Gawthorne at the piano. The committee in charge consisted of Mrs. Jack Judge, convenor, Mrs. George Crate, Mrs. E. Larsen and Mrs. Ed. Unger.

## AIRPLANE HERE IS ONLY ONE OF ITS KIND ON CONTINENT GUARDED WITH JEALOUS CARE.

(Continued from Page One).

from the pilot's cockpit. The rudder is operated by foot and there are dual controls of the engine, etc.

Unloaded the machine weighs 4,000 pounds and loaded 6,000 pounds. The tanks have capacity for enough gasoline for 4½ hours flying while enough may be carried in cans for ten hours flying and can be pumped into the tanks without the pilot or mechanic leaving the cockpit.

The plane has seating capacity for five persons and has carried nine.

Last year this plane saw a lot of service in Ontario and Quebec in forestry service for the government. It was on James Bay and Hudson Bay for some time with Col. J. Scott Williams, its present pilot, also in command of it at that time.

With official designation of G-CAEB, the sides of the fuselage, together with the name of the owning company, bear the motto "Veni-Vidi-Vici," which translated from Latin means, "I came, I saw, I conquered." It was a machine identical to this in which Squadron Leader Stuart MacLaren last year attempted to fly around the world.

Col. Williams guards his machine with a jealous and careful eye and, while he courteously shows the ship to visitors and is ever willing to explain the details, he permits no smoking around about and sees, when letting people aboard, that they do not handle delicate parts. "It's all right with government machines," he says, "they have lots of money if one does blow up but this is the only one we have and we are a long way from home."

The machine, when it arrives in the Dease Lake country, will likely be moored the most of the time on water in sheltered coves but it can be readily taxied up to shore on sandy beaches.

It is the intention to fly direct from here to Telegraph Creek but a stop may be made at Wrangell. The machine having a cruising speed of 90 miles per hour, the flight from here to Telegraph Creek is not expected to take more than four hours. One is lucky if he can get from Prince Rupert to Telegraph Creek in a week by the more antique method of water transportation.

Aerial transportation is the ideal thing for the Great North and the operation of this machine in the Cassiar district will be watched with a great deal of interest by the outside world. The present expedition, it is quite possible, is only the forerunner of many more to come.

### ALICE ARM

Ed. Pickett, who returned here last week after an absence of five years in California, announces that he is to continue development work this year on the Tiger property which adjoins the Toric.

Necessary money having been raised, development work on the La Rose mine is to commence at once. A contract for a 400 foot tunnel to strike the ore at depth will be let to local men.

A. D. Yorke has been appointed secretary of the Kitsault River Mining & Development Co. Ltd.

Over three million feet of logs

## AN INACTIVE LIVER IS THE CAUSE OF CONSTIPATION

When your liver gets sluggish and inactive your whole health suffers.

Your bowels become constipated; you have sick and bilious headaches; your tongue coated and furry; your breath bad; specks float before your eyes, and often you feel as if you were going to faint, especially if in a crowded place where there is little or no ventilation.

When in this condition there is only one thing to do, and that is to take

### MILBURN'S LAXA-LIVER PILLS

They will stimulate the sluggish liver so that it will regulate the flow of bile to act properly on the bowels, and thus clear away all the poisonous matter that is responsible for all your liver troubles.

For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

have been sent during the past week from the Alford Log-ging Co.'s camps. A million feet went to Prince Rupert and the balance to Ocean Falls.

A. Davidson and Ed. Gustafsson left last week for the upper Kitsault country to resume development work on the Wildcat property.

John Conway, Anox government agent, was a visitor here last week.

Tommy Black has returned from Prince Rupert where he spent the winter.

### BIRTH.

There was born at the Prince Rupert General Hospital this morning a daughter to Mr. and Mrs. Ernest Carlson of U.S.

### NOTICE OF CANCELLATION OF RESERVE

NOTICE IS HEREBY GIVEN that the reserve covering certain lands near the junction of the Kit and Skeena Rivers, designated Lot 21, Range 5, Coast District, is cancelled.

GED. R. NAHEM, Deputy Minister of Lands, Victoria, B.C., May 14th, 1925.

### LAND ACT.

#### CASSIAR LAND DISTRICT

District of Cassiar, Stikine Division. TAKE NOTICE that J. Walter Julian (Retired Soldier), of Telegraph Creek, B.C., occupation Miner, intends to apply for permission to purchase the following described lands:

## DOUGLAS MACLEAN

— in —  
**"Never Say Die"**

A rib-ticking comedy containing all the uproariously funny things that happen to rough the road to romance. Breezy Douglas as the fastest-working bridegroom who ever slipped a ring over a bride's finger. Come and laugh at the funniest frame-up ever arranged for a divorce and how it failed—the groom who couldn't kiss his bride—the most fascinating Parisian vamp who ever busted a romance—and the futurist painting which might have been a horse or a flower girl. Four physicians pronounced him to be suffering from arteriosclerosis and polyomyelitis but it was only a bee in the stethoscope. Strong supporting cast: Lillian Rich, Hallam Cooley, Wade Boteler, Eric Mayne, William Conklin, Helen Ferguson and others.

**COMEDY—"JUST A GOOD GUY."** PATHE REVIEW  
Admission 35c and 10c
