STRIKE IN CHINA GRADUALLY SPREADING

CROP PROSPECTS IN INTERIOR EXCELLENT AND LUMBER BUSINESS GOOD

Chinese Anti-Foreign Strike is Extending all over the Country Including City of Hong Kong

LONDON, June 22. — The boycott of foreign goods in China is rapidly increasing and spreading to various parts of the country, according to official information reaching here.

Canton agitators are urging that the boycott already applied against British and Japanese goods be extended to United States products and propose a 24 hour strike as an indication of sympathy with the anti-foreign movements.

A Reuters' agency cable from Hong Kong says the fourth day of the strike there indicates that the city is witnessing a condition of affairs unparalleled in its history. Chinese in British and other foreign employ are being intimidated in a manner which is dislocating shipping and commercial and domestic life. The hospitals are being deserted and the tramways are tied up.

WOMEN ARE FINED \$300

Liquor Board Operators Showed Results of Month's Work in Police Court on Saturday

As a result of the activities of Liquor Board operators who have been in the city for the past month or so, six women from Comox Avenue appeared in the city police court on Saturday afternoon on charges of unlawfully selling intoxicating liquor and were each fined \$300.

The women were Ruth Vernon, Jeanette DuBray, Wanda Gillum, Yvette Duval, Mildred Guthrie and Louise Moore. Each pleaded guilty and Acting Inspector Spiller asked the minimum penalty be imposed. Magistrate McGlymont acted accordingly.

There was a similar charge against Doris Burnell who is out on bail and who was to appear today to answer the charge. She was also fined \$300.

An eighth charge was laid this morning against Clara Brown who, on pleading not guilty, was remanded until June 30.

TRAGIC DEATHS AT VANCOUVER

VANCOUVER, June 22.—Five tragic deaths were recorded here Saturday and Sunday.

Robert Lovall, 27 years of age, was drowned while swimming at English Bay.

George Vanvleet, a local youth, was drowned while fishing at Slave River near Mission when he was swept off the rocks by the rising water, due it is stated to the opening of the flood gates at Slave Falls.

Saturday, William Bird was killed when the bicycle he was riding collided with a truck.

Thomas Middleton, 65 years of age, was fatally injured when he fell beneath the wheels of an interurban tram and both legs were severed. He died soon after.

WINNIPEG CHURCHES VOTE FOR UNION AND BRANDON GOES IN, TOO

WINNIPEG, June 22.—Eighteen Presbyterian churches in greater Winnipeg district voted Sunday to enter the Union, in most cases by large majorities. Two churches in Brandon also voted for Union but by small majorities.

TRAP LICENSES ARE REFUSED

One Company Spends Over Fifty Thousand Dollars in Readiness for Opening of Season

There is rather a bad mixup over the granting of trap sites in this neighborhood. For years past the Americans have had traps on Pierce Channel leading to Portland Canal. Naturally Canadians felt that they might have traps on the Canadian side of the channel. Sites were staked and applications made and the interested parties were notified that their applications had been accepted by the fisheries department and that licenses would be issued as soon as it was seen that they were spending money on them.

Among the applicants were the Canadian Fishing Company, a subsidiary of the New England Fish Co. They received a letter instructing them to go ahead, so they spent over \$50,000 in constructing floating traps in readiness for the opening of the season. Only a short time ago, however, they were notified that no licenses would be issued this season.

Other license holders had been planning to go into the business, among them being George Frizell, who had a trap site also on the same channel.

Now the Canadian Fishing Company is wondering who is going to pay for the traps they built on the written suggestion of the fisheries department to go ahead.

FAKED PAPERS ON B.C. BOATS

Liquor Runners Had Forged Clearance Papers is Claimed

VICTORIA, June 22.—Forged clearance papers have been used by liquor runners operating out of British Columbia ports, according to word received here.

In the safety deposit box of the agent of the Western Freighters Association have been found fake return clearance papers from Mexican and Central American ports. The vessels have gone south only as far as the Farallons where they disposed of their stock and returned.

MARSHAL JOFFRE ILL WITH QUINSY

PARIS, June 22.—Marshall Joffre is suffering from a severe attack of quinsy and chill. Owing to his advanced age of 73 his condition is causing alarm.

PASSED BYLAWS.

VANCOUVER, June 22.—The ratepayers of this city on Saturday voted money bylaws aggregating \$435,000 for expenditure on civic improvements.

Rt. Rev. J. T. Kidd, D.D., past president and rector of St. Augustine's Seminary, Toronto, recently elevated to the bishopric of Calgary, Alta.

Jesuit Missionaries to Canada Beatified at Rome and Services Held at Scene of Martyrdom

MIDLAND, Ont., June 22.—The heroic epoch of the mission churches in Canada was recalled Saturday when more than six thousand people gathered at the ruins of old Fort Ste. Marie, on the banks of the River Wye, at a special service to commemorate the eight Jesuit missionaries who found martyrdom at the hands of the Five Nation Indians more than three centuries ago, when the Order of the Society of Jesus brought the story of the Cross to the unknown wilderness of the Huron and Iroquois territory.

The service commenced exactly at 11 o'clock when low mass was celebrated by His Grace Archbishop McNeil and at the same hour as that at which the beatification of the venerable martyrs took place at an impressive ceremony in St. Peter's, Rome. The missionaries beatified were Fathers Jean De Brebeuf, Gabriel Lalemant, Antoine Daniel, Charles Gardiner, Noel Chabanel, Isaac Jogues, and the lay brothers Rene Goupil and John De Lalonde.

The event aroused intense interest throughout the province and more than six thousand people came from Toronto in a special Canadian National train.

Brutal Murder of Italian in North Vancouver Committed Since Midnight in his Store

VANCOUVER, June 22.—Brutally murdered by an unknown person who used an axe as a weapon, the body of Frank Rosso, an Italian proprietor of a confectionery opposite the Lonsdale post office in North Vancouver was discovered this morning.

Robbery was declared by the police to be the motive for the crime which was committed shortly after midnight. The little store showed evidences of a struggle. The man's skull was crushed in and there were two great slashes on the forehead.

The police found the blood-stained axe.

Prospects in the Interior Better Than Ever Before

F. G. Dawson says crops look excellent, lumber business very active, and everybody happy

The farmers of the northern interior of British Columbia have the best crop prospects they have had in years, states F. G. Dawson, who has just returned from a survey of the whole interior west of Hazelton and as far as McBride. The crops have had plenty of moisture and look splendid, the lumber business is humming and there is a general feeling of optimism among the farmers and others in regard to the future.

Next year they say they will plant a good deal of wheat for shipment to the Prince Rupert elevator. With no assured market it had been impossible in the past to grow wheat with any confidence, although a good many farmers grew small quantities with much success.

During his trip Mr. Dawson drove five hundred miles by automobile and called at every village and talked with the farmers and merchants, spending two weeks along the line. He is returning tomorrow to Hazelton and will cover the rest of the territory between that point and Prince Rupert.

Lumber Business Active
Speaking of the lumber business, Mr. Dawson said that there were thirty mills between Prince George and McBride operating to capacity. The only mill closed was that of the Fraser Lumber Co. which had been shut down for several years and the Hutton Mill which was recently burned down but which was to be rebuilt by the United Grain Growers.

The Eagle Lake Spruce Mills at Giscome is just beginning to run a double shift in order to supply the demand and Allen and Thrasher at Snowshoe have just begun to operate their planer with a double shift to fill a big order just received.

The pole and pile business farther west is being steadily developed. On the trip Mr. Dawson saw a whole train load of poles and piles being shipped east for delivery in the United States. Most of these were shipped by the Hanson Timber & Lumber Co. of Prince Rupert and Smithers.

Speaking of mining Mr. Dawson said a small crew had already been set to work on the Duthie mines near Smithers, getting the property in shape for operation in the near future.

Attended Banquet
Mr. Dawson attended a banquet given at Vanderhoof to the minister of agriculture, Hon. E. D. Barrow. The government has taken over and will operate the creamery there and the farmers are much pleased at the prospect.

The roads in the interior are in very good shape. Mr. Dawson said he drove in one day 100 miles from Burns Lake to Smithers, stopping at eight small towns en route and meeting the people. Road crews are at work at both ends of the Burns Lake-Endako road and the work on it will soon be finished and the road be opened for transportation.

One small new industry that Mr. Dawson mentioned was a butter cannery opened by A. G. Sturgeon at Forestdale. The plan is to cater for the demand in mining camps and from prospectors, trappers and others. The butter keeps indefinitely in the cans.

Ernie Unwin has returned from a holiday trip to Jasper Park and Vancouver.

VANCOUVER NOT FAVOR UNION

Refuses to Endorse Annexation of South Vancouver by Small Vote

VANCOUVER, June 22.—Ratepayers of the City of Vancouver defeated the proposal to annex South Vancouver by a majority of 109 in Saturday's voting, while the municipality endorsed the scheme by a majority of 3,053.

When the final figures were announced Mayor Taylor stated that he would demand a recount and expressed the opinion that the proposal would have been supported by an overwhelming majority if the citizens at large instead of the ratepayers only had voted upon the question.

PROROGATION SET THURSDAY

Much Business to do in Order to Get Ready for Closing on That Day

OTTAWA, June 22.—Prorogation of Parliament is not likely to take place before Thursday. Intensive work in both houses will occupy the intervening days if the House is to close by that date.

The House of Commons has to dispose of the Grain Act, which is still in committee stage with some 200 clauses to be passed. The Dominion Election Act is also still in committee. The Australian trade treaty and Home Bank Reimbursement Bill, which was drastically amended by the Senate, have to be dealt with and the supplementary estimates have to be considered and passed.

GIVEN SHOCK BY TELEPHONE

Man at Lewiston Found Dead With Phone to Ear Durling Electric Storm

LEWISTON, Idaho, June 22.—William Dwyer, a pioneer business man was found dead this morning at his office with a telephone receiver in his hand. It is believed death was caused by shock received during an electric storm last night.

Two children were drowned when the Assolin canyon flooded following violent rain.

DAILY EDITION

Monday, June 22, 1925.

New Company To Mild Cure Herring.

The formation of the Standard Fisheries to mild cure herring on the west coast of Queen Charlotte Islands is a new movement in the local fisheries which is likely to develop into an important industry. The herring which run here in winter and early spring are small and out of condition. Those which come to the Queen Charlotte Islands in the summer are fat and plump and excellent for culinary purposes. They are in great demand in the Eastern States and the dealers there are anxious to get them.

The proposal of the new company is to take the herring with drift nets. In that way the fish are uniform and the immature herring escape. The packing will give employment to a large number of people and will tend to stabilize the fishing industry.

When the fish commission was sitting here a year or two ago several fishermen told of the possibilities of catching herring by drifting and of the value of the fish when taken. No one, however, took the trouble to further investigate and all attention was given to the halibut and salmon fisheries.

Capt. Rorvik is to be congratulated on his enterprise in investigating this new industry and on interesting local people in it so that the work may go ahead.

Not Right Way To Keep Good Friends.

If the United States and Canada are to remain good friends and good neighbors those in official positions in that country must stop saying things which would tend to rouse the ire of people in this country.

The United States has this country hedged in on the west by the pan handle of Alaska, making transportation very difficult and causing all sorts of annoyance in opening up the interior country. In the east the state of Maine runs up into Canada and spoils the outlet for grain to the Atlantic coast. If islands on the north were taken over by the United States, the possession of them would add to the irritation felt in this country over the condition in which we are placed.

It is hardly likely that the governor of Maine represents the general feeling in the United States. If it does, it is well for us to know it. Canadians have been anxious to be friendly with their neighbors but they do not want to be friendly with people that try to irritate them.

Need Of Land For Market Gardens.

There is need of land available in and around Prince Rupert for suburban homes and gardens. There probably is no other city in the world so isolated as this one in that regard. All the land is held either by the railway company, the provincial government or as Indian reserve. While it is not suggested that there would be any great rush for land if it were made available, it is sure that from time to time it would be taken up and little by little would be brought under cultivation. What is needed is to have some of it surveyed and put on the market where those interested may be able to buy without having to make formal application. The nearest land available now seems to be at Smith and Porcher Islands.

Reefs of Debt

THE man or woman who plunges into thoughtless spending, making no provision for the future, faces financial shipwreck on the relentless reefs of debt.

Men in debt no longer control their time or their careers. Others control them. To remain in debt is to have to do without, in bitterness of spirit.

The habit of saving part of every dollar you earn will help to keep you clear of debt, and will enable you to enjoy comfort and contentment in the days that are to come.

Our Budget Book will suggest a savings plan to fit your income. Ask our Manager for a copy.

MILLIONAIRE WHO WAS IN HELL'S KITCHEN

Maelstrom of Iniquity in Underworld Seen by Gentleman George

A bored yung millionaire ventures down from his Fifth Ave. mansion to New York's East Side gang district in search of a thrill. He finds it—with a vengeance. By a queer trick of fate he is plunged into a maelstrom of gang fights and underworld intrigue, and for a little while he becomes a denizen of "Hell's Kitchen" under the nom de crime of "Gentleman George."

What a role for Richard Dix in his first starring picture!

"Manhattan" is the first directorial work of R. H. Burnside, creator of the marvelous spectacles at the New York Hippodrome. Jacqueline Logan, you remember her in "The Light that Failed," etc., and Gregory Kelly, who appeared on the stage in the Tarkington plays, "Seventeen," "Tweedles" and "Clarence" and in "Little Jesse James," head the strong supporting cast. This is Kelly's first screen work.

The production is an adaptation by Paul Sloane and Frank Tuttle of the popular novel, "The Definite Object," by Jeffery Farnol. The author drew his characters from life. Farnol, as a struggling free lance, was a scene painter back stage in the Astor Theatre, N.Y., by day and by night he hob-nobbed with gangsters and gunmen in Hell's Kitchen. He lived there, slept there and absorbed all the color and atmosphere of the gangster's world. "Manhattan" is authentic!

LORD CHUMLEY IS WEEK END COMEDY

Tells of Titled Englishman and is Full of Innocent Fun

Funnier than "Changing Husbands"—That's what Paramount claims for Lord Chumley, the latest production by Paul Iribe and Frank Ursen, the screen's only directional "team" here at the week end.

Viola Dana, Theodore Roberts and Raymond Griffith are featured in the leading roles of the picture which was adapted to the screen by Bertram Millhauser from the unusually popular stage play, "Lord Chumley," by David Belasco and Eury C. DeMille.

The story is a melodramatic comedy with no small amount of mystery tossed in for good measure and tells of a titled Englishman, engaged to marry a beautiful American girl. Her brother, a lieutenant in the navy, loses some valuable papers and Lord Algernon Cholmondeley, called Chumley for short, goes about retrieving them, thus winning the girl and saving the family name.

"Forty Winks" is just one big laugh after another. You'll laugh at Griffith the first time he puts in an appearance on the screen—all decked out in morning clothes, high hat, cane, spats and what not (Griffith and his high hat are destined to become famous).

When Griffith starts on the trail of the missing naval plans the fun begins. It starts in the young lieutenant's home and ends up on a navy target out in the Atlantic under fire of the guns of the battle fleet. It is claimed that no funnier scene than this was ever brought to the screen before.

GLEE CLUB IS HERE TONIGHT

Members are Artists in Their Profession and Have Toured Europe

Ten thousand of the nation's most talented youth attend the University of California at Berkeley. Out of this number the best artistic talent is selected for the University Glee Club. Those who are selected as members of the Glee Club are not gifted novices, but are mature artists of a professional type.

The University Glee Club, comprising twenty members who have the most varied artistic talents ever gathered in one unit, will perform in the Westholme Theatre this evening.

No Orpheum circuit, Pantages or any other theatres have ever boasted of a greater fun-making entertainment than the University boys will offer to the public here on their trip; this is the 30th season.

The Glee Club has recently returned from a successful trip to Europe and while there, was received with widespread enthusiasm. The Club financed its own affairs from the proceeds of the entertainments given in Europe.

The famous Glee Club instructor, "Brick" Morse will accompany the Club on its trip to this city.

SELF MADE FAILURE SHOWS ON THURSDAY

Is Comedy of Best Kind Showing Wide Insight into Human Nature

Those who have been fortunate enough to review "A Self-Made Failure," the J. K. McDonald production which is scheduled for Thursday, have pronounced it the best picture of the year.

The producer of this film has the record of making two of the best pictures of the season, "Penrod and Sam" and "Boy of Mine" and he has followed up those successes by a third that is even more human and appealing than the two which installed him as a member of the cinema hall of fame.

Whatever may be said of McDonald it must be admitted that he knows picture audiences and their demands. Unlike most producers he plans his pictures scientifically and with an exacting knowledge of the science of human psychology.

The plot revolves largely about the adventures of Ben Alexander and Lloyd Hamilton and Director William Beaudine has designed to stoop to slapstick where he was sure that slapsticks and hokum were demanded. But these are not the only ingredients of "A Self-Made Failure." There is pathos aplenty and there is real physical beauty in the settings, and many of the alluring scenes.

The entire picture reveals a wide insight into human nature and is a crisp cross between human and genuine drama.

SUMMER SERVICE—C.N.S.S.

The last boat on the Spring schedule will leave Prince Rupert for Vancouver on Sunday, June 21, at 10.00 p.m. The next sailing southbound will be the S.S. Gringe George, inaugurating the summer service, leaving Prince Rupert Saturday, June 27, at 6.00 p.m. After that date, boats will leave Prince Rupert each Monday at 4.00 p.m. and Wednesday and Saturday at 6.00 p.m. Arrivals from the south will be Wednesday, June 24 and Friday, June 26, at 10.30 a.m. After these dates, boats will arrive from the south each Monday, Wednesday and Friday at 10.30 a.m. Effective June 26, boats for Anyox and Stewart will sail each Monday and Friday at 4.00 p.m., and for Skagway each Wednesday at 4.00 p.m.

Tea and Coffee

How carefully you select your toilet soap!
but
you expose your hands to harsh kitchen soap in the dishpan an hour and a half every day

IT must be mild and pleasant—your toilet soap—even though your hands are in contact with it only ten minutes a day at the most. You can't bear to use a harsh, drying soap for washing your hands. So, naturally, you select it carefully.

Then you undo it all! By using strong, stinging kitchen soap in your dishpan. When you do the dishes—your hands are in these drying, coarsening suds a full hour and a half. Your skin can't help getting drawn and rough—your finger-tips all scratchy.

Don't wash your dishes with just "any" soap. Use Lux in your dishpan. Lux has that softness and mildness that make it as easy on your hands as fine toilet soap. But of course you know that. Think of the things you just wouldn't trust to anything but Lux.

Your hands deserve as kind treatment as your chignons—your fine woollens. Use Lux whenever you have to have your hands in soap and water for any length of time.

For breakfast or lunch dishes a single teaspoonful

A level teaspoonful of Lux lasts through one entire dishwashing. That is, for breakfast or lunch dishes. When you've a lot of dinner dishes you sometimes need two teaspoonfuls.

Get the big new package of Lux—flip a teaspoonful of flakes into your dishpan. Then see how sparkling those quick suds make your glasses and silver—how speedily they wash all the dishes.

Buy Lux to-day—the big new size for kitchen use—the regular size for the bathroom. Lever Brothers Limited, Toronto. L-317

Gone—that in-the-dishpan look

SECOND PLANE ARRIVES HERE

Flying Officer Allan H. Hull had Uneventful Flight from Vancouver on Saturday

Making the flight north from Jericho Beach under favorable weather conditions in about eight hours' flying time, the second Royal Canadian Air Force flying boat which will be used in patrolling the fisheries in this district arrived at Casey Cove, Digby Island, shortly before 7 o'clock Saturday night. Flying officer Allan H. Hull was the pilot and aboard the plane were Flying Officer A. L. Morfee, late of Camp Borden, and Corporal E. C. Tennant. Flying officer Morfee will remain here for a few weeks doing photographic work. An uneventful flight north was reported by Flying Officer Hull. The usual stops were made for refuelling.

Prince Rupert people will not see so much of the planes this year as they have in past seasons because their base has been established on Digby Island and the most of their flights will be made without passing over the city. The planes are being moored in the bay where the marine depot is located and the officers themselves are billeted there. Lieut. McCullagh is proceeding with the work of setting up wireless equipment at Seal Cove and, when this is done, will return south. Further members of the detachment which will be located here this season will arrive from the south by boat.

SCHEDULE TO CHANGE NOW

First C.N.R. Alaska Boat Arrives Wednesday—Prince Charles on Run Next Week

This week will see the opening of the C.N.R. coast steamship service to Alaska and the inauguration of the three-boats-a-week service between Vancouver and Prince Rupert.

The Prince Rupert will arrive at 10.30 Wednesday morning from the south, sailing at 4 that afternoon for Alaska ports. She will be back from Alaska at 10.30 Monday morning and will sail at 4 that afternoon for the south.

The Prince George will arrive at 10.30 Friday morning from the south and will sail at 4 in the afternoon for Stewart and Anxox, returning here at 5 o'clock Saturday afternoon and sailing for the south at 6.

The Prince Charles, thoroughly remodelled and a decided acquisition to the coast passenger boat fleet, will arrive at 10.30 next Monday morning from the south on her first trip, and will sail at 4 in the afternoon for Anxox and Stewart, returning here at 4 o'clock Wednesday and sailing for the south at 6 o'clock. The Prince Charles is already booked full for her first trip south from here with an evangelical party from Chataanooga, Tennessee.

The Prince George, sailing for the south on Saturday evening this week, is also expected to be a full ship. The California Glee Club party is booked south on her and also the Governor General's party. There will also be a large number of local passengers, including school teachers, going south for the holidays. She will be the next C.N.R. boat south from here this week.

Advertise in the Daily News.

VISITING PARTY HONORS CONSUL

E. A. Wakefield Made Honorary Member Krueger Association Here Yesterday

There was an interesting little ceremony aboard the Princess Mary yesterday afternoon shortly before she sailed south. American Consul Wakefield of this city was adopted into the order of the G. Krueger Association, having been made an honorary member by the big party of members who were here southbound on the steamer.

Before the arrival of the vessel, the consul received a telegram asking him to meet the steamer. The officials of the society paid a call at the consulate, among them being John M. Lederer, head of the group; W. H. Soden, passenger agent for the Erie Railway Company and C. F. Kraemer, director of the bureau of docks at Newark.

Returning to the ship, the consul met all the 129 members and was formally initiated. The party was in Prince Rupert about two and a half hours in all.

SCHOOL HOLIDAYS ARE NOW STARTING

Final Examinations in Progress This Week and all Classes Will be Dismissed on Friday For Long Vacation

While the term officially closes on Friday of this week, teachers and school children are now preparing for the long summer vacation of two months. Already some of the classes are dismissed and in the upper grades of the Public School and the High School final examinations are now in progress. School is to reopen the first week in September.

IN THE MORNING HER TONGUE WAS COATED HAD BAD TASTE IN MOUTH

Miss Pearle, L. Zinck, Barss Corner, N.S., writes:—"I was awfully troubled with my liver, and used to get such dizzy spells I would have to sit down while I was doing my work."

In the morning, when I used to get up, my tongue was coated and I had a bad taste in my mouth and often times, throughout the day, I was troubled with pains in my stomach.

I suffered in this way until a friend of mine who had used your

MILBURN'S LAXA-LIVER PILLS

told me of having taken them, so I decided to try them, and I can truthfully say that they certainly did me a lot of good.

I cannot recommend them too highly to all those who suffer as I did."

You can procure Milburn's Laxa-Liver Pills at all druggists or dealers; put up for the past 30 years, by the T. Milburn Co., Limited, Toronto, Ont.

Sport Chat

Outdoor sport fixtures for the week are scheduled as follows: Monday (tonight) — Senior Baseball, Sons of Canada vs. Sawmill. Tuesday — Senior Football League, Sons of England vs. Vets. Thursday — Senior Baseball, Gyro Club vs. Sawmill. Friday — Senior Football League, Callies vs. Cold Storage. Traps shooting. Saturday — Junior football.

A good baseball game is looked for tonight when the Sons of Canada and the Sawmill meet. It will be the second game of the season between the two teams. In view of the fact that the boys from the mill gave the Canucks a close run in the first game and further since the Sawmill has since acquired the service of Dan Lidstone, former Sons of Canada pitcher, it is expected that there may be a different ending to this game than there was to the first. A good match is assured and there will, no doubt, be a large crowd on hand to witness it.

The Sons of Canada, in tonight's Senior League baseball game against the Sawmill, will introduce a new hurler — a right hander who is said to have some class by those who have already seen him in action. He is a young man named Chief Schlenker, who has been a student at the University of Washington. He arrived in town from Seattle on Saturday and will take a position in Ben Self's store.

Terrace is making preparations for a big celebration on Dominion Day and a cordial invitation has been sent to Prince Rupert to attend. There may be a few go in spite of the fact that the major attraction of the day will be the Sons of Canada doings in town. Among other things, the Terrace bill for the day provides for a calithumpian parade, baseball game between Usk and Terrace, children's sports and a grand ball in the evening.

Good progress is being made on the clearing of the site at Westview Park on which the Gyro Club will establish its second children's playground. The contract for stumping and levelling was recently let and this phase of the work is nearly done. The ground will next be surfaced with cinders or some other suitable material and the

SPIDER MINE IS REOPENING

Joe Green Forms New Company to Resume Work on Well Known Portland Canal Property

The Spider mine on Salmon River is to be worked again this year it has been announced in the south. The Spider and the adjoining group, known as the Web, will be operated together as the B.C. Bonanza mine and a company known as the B.C. Bonanza Mines Ltd. is being incorporated. Joe Green of Hyder, Alaska, who recently concluded negotiations for the purchase of the property will shortly arrive at Stewart to commence work on the mine.

The Spider Mine was bonded for \$45,000 by the Algonic Development Company of Belgium about seven years ago and about \$150,000 was spent on it by that company before decline in the Belgian franc made continued operation impossible. Until a year ago it continued making payments on its bond, however, defaulting on the final payment.

This spring J. K. Green made arrangements with the original stakers, William Hamilton and Charles Larson, optioning the property and floating a company in Vancouver for its operation. He also acquired from William Tooth of Stewart, B.C., a bond on the Web claims adjoining the Spider.

Ore to be Shipped

Summer's operation on the Spider will consist principally of reconstruction of camp buildings, repairing of compressor and other plant, equipment, sorting of ore on a dump valued at \$25,000, sacking and shipping of the ore to tidewater and smelter.

A 700-foot tunnel has been driven on the Spider claims along a high-grade vein, which intersects a wide ore zone at a further distance of about 300 feet.

ROMANCING.

Novelist—Er—where was I before my wife rang up? Stenographer (reading from notes)—You were next my heart then, dearest, as you will always, always be! Full stop.—Passing Show.

In the Matter of the Estate of George Bennett, Deceased, Intestate.

TAKE NOTICE that by an Order of His Honor Judge Young dated the 5th day of June, 1925, I, the undersigned, was appointed Administrator of the estate of George Bennett, intestate.

All parties having claims against the said estate are hereby required to forward same, properly verified to me, within thirty days from the date of this notice and all parties indebted to the said estate are required to pay the amount of their indebtedness to me forthwith.

Dated at Prince Rupert, B.C., this 13th day of June, 1925.

N. A. WATT,
Official Administrator.

The Man in the Moon SAYS—

I DON'T mind a girl that paints a little but I hate one that has to be whitewashed.

OH, no, quite the reverse," replied the lady who was asked if she had her head shingled when she was a little girl.

PEAS are rather good at this time of year, but it's a bother keeping them on your knife.

POSSIBLY you have heard about the merchant that advertised umbrellas for men with ivory heads. They must have been Rotarians. The Gyros say they don't use umbrellas.

ONE of the things that made England great was the influx of Scotchmen.

PRINCE RUPERT is noted for its climate, its harbor, its fisheries and its knockers.

PRINCE Rupert went gunning for knockers

In spick and span plaid knickerbockers.

He shot off much lead

But no knockers are dead

For their ivory domes were gun knockers.

THERE is a lot of dissatisfaction among the barbers. Several owners of local shops were going to make a bid for the north pole if Amundsen had brought it back.

THE meek shall inherit the earth. They get married.

THOSE who stick their hands in the fire must not howl when they hear the flesh sizzling.

THERE'S one thing about this town, when the weather is that way everybody knows it.

In the Letter Box

PRINCE RUPERT A FACTOR

Editor, Daily News.
The letter of the President of the Board of Trade appearing in your paper of the 18th inst. is evidence that, at last, Prince Rupert is awake. Too long has Prince Rupert moved about in its deliberations with a dimmed lantern, and sat in conclave with the blinds drawn. It is good to see at last, through the medium of Mr. Nickerson, the town throw its hat in the ring and demand recognition.

It is to be hoped now this means has been undertaken, that it will be followed up, and the Board of Trade in other questions concerning Prince Rupert—the freight rate question for instance—will be given publicity. This will serve two purposes, one that it will keep people in the city posted and interested, and another, that its stand will be transcribed into various other journals, and Prince Rupert will henceforth be considered a factor in any deliberations affecting this coast. The day of quiet acquiescence is gone, and we begin now, to march forward.

"READER."

Official Administrator.

ROY CLOTHIER HAS GOOD LUCK AT MINE

Strikes High Grade Ore in Revenge Silver Mines at Beaverdell Yielding 500 Ounces

Roy Clothier and the small group of local investors who acquired the Revenge Silver Mines at Beaverdell a few months ago, have struck very high-grade ore in the workings says the Victoria Colonist. A body four and a half feet in width has been encountered. This yields 500 ounces to the ton in silver.

Mr. Clothier who is president and manager of the company which is in control, has been in the city for a few days, but is returning to the Beaverdell camp. Already there has been about \$20,000 worth of ore taken out of these workings.

The Revenge group is close to the Wallace Mountain Mines and the Bell Mines, which have made excellent showings. The Revenge for years has been changing hands repeatedly, the successive operators endeavoring to locate ore bodies similar to those in the Wallace Mountain Mine.

Shortly after Mr. Clothier took charge he located the body now being worked with such gratifying results. The location of the property is also a very important feature, as it is alongside a good road and a short way from the railway.

TROUT EGGS PLANTED IN LAKE KATHLYN

Hundred Thousand Brought From Hatchery in Kootenay District

Further steps to restock Lake Kathlyn were taken this week, when C. R. Herne, fishery officer from Lakelse, arrived in town with a hundred thousand trout eggs from a hatchery in the Kootenay district.

Mr. Herne, assisted by Chas. Wilson, were busy Thursday and Friday planting the eggs in the creek above the lake, one lot in a gravel bed located in the creek and others in gravel that had to be hauled and dumped in the creek for this purpose.

Several beds of squaw fish spawn have been located and members of the Rod and Gun Club, and residents at the Lake are making an effort to have as much destroyed as possible as these fish prey on the young trout. The eggs planted were of the Rainbow and Cut-throat species.

Ten Years Ago in Prince Rupert

There was a heated discussion last night at the council meeting over a recommendation made by Ald. Maitland and Ald. Montgomery that the City Hall staff be reduced. Mayor Newton and Montgomery were in the leading roles.

Another of the Prince Rupert contingent has met death at the front. Lionel Crippen was found dead. He was shot but managed to get some distance away before the end came.

Interest is being revived in Stewart mining camp mainly on account of recent good showings that have been uncovered in the Bush mine.

Since August 1914 the Imperial government has voted \$4,310,000,000 for war purposes. The war is costing Great Britain \$13,300,000 daily.

The High School examinations will start on Monday with Mr. Henry of McGill University, Vancouver, and Miss Eason of the public school staff presiding.

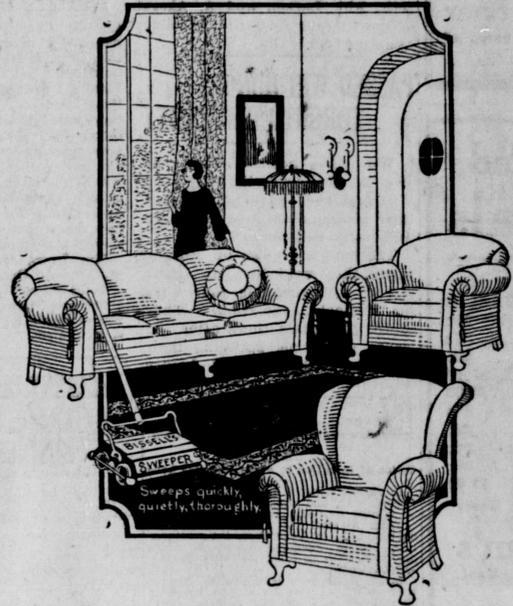

Information has been received that the wounds sustained by Major C. W. Peck at the Front are not serious. Capt. Don Moore is reported to have had an arm amputated.

Hazelton motored down for a visit to town on Saturday evening.

Bruce Kerr of Burns Lake was a business visitor in town Friday and Saturday.

Mr. and Mrs. H. Fotherly and Albert left for Vancouver, Wednesday, they had their Ford sedan transported to Prince George and from there they intend motoring down the balance of the journey.

J. R. McIntyre was busy putting up a summer camp at Lake Kathlyn on Friday and will be moving the family down next week.

Douglas Lay, successor to J. D. Galloway as mining engineer for this district, spent a couple of days here looking over some of the mines in the vicinity of Smithers, leaving on Thursday evening for Burns Lake to inspect the Taltapin mine.

W. A. Ellis of Prince George, Provincial government auditor is spending a few days in Smithers, auditing the accounts and books at the local offices.

P. Wilson, barrister of Prince George was a business visitor to town on Friday acting for the defendant in a case heard on that day.

The classes in the public school held their closing on Thursday and Friday, each room celebrating the event with concerts which were greatly enjoyed by the parents and friends who

attended. The concerts were followed by parties at which the children passed around refreshments provided by them.

Al. Finney left for Vancouver on Sunday to spend a couple of weeks with friends and relatives. While on his holidays Al will also be recuperating from injuries received in the motor accident a couple of weeks ago, his arm still being in a sling.

VALHALLA PICNIC WAS HELD SUNDAY

Members of Lodge and Friends to Number of 150 or More Had Very Enjoyable Outing

The annual picnic of Lodge Valhalla, held yesterday at Digby Island, proved a most enjoyable outing in which some 150 or more persons participated. The day was spent informally with games, children's sports, etc., and there were plenty of appetizing refreshments. Boats left town about 10 o'clock in the morning and by 9:30 in the evening all the picnickers were safely home again. The boats used were Capt. Swanson's Pachena, Dan Larsen's Cape Spencer, Paddy Ivarson's Edward Lipsell, John Dybbavn's Surveyor and A. Akerberg's Double A. The committee in charge consisted of Mrs. O. A. Johnson, Mrs. Lindseth, Ald. Larsen and A. Akerberg with members of the lodge assisting generally.

PASSED WITH HONORS TORONTO UNIVERSITY

Word has been received by Mrs. W. T. Kergin that her sons Will and Fred have both passed their examination at Toronto University with honors.

The boys are now in Europe where they went to join their father, following his tour with the Medical Association. They expect to remain there after he leaves for home, spending their holidays on the other side before returning to the university.

NO TRACE OF STOMACH TROUBLE FOR SEVEN YEARS

Health restored by "Fruit-a-lives".

Mrs. LAURA ALFORD

"For years I was a martyr to Chronic Constipation and Dyspepsia. I tried various Cathartics, salts, and so-called vegetable laxatives, but without relief. Finally I decided to try "Fruit-a-lives", and in a short time found they were all that is claimed of them. They always act naturally, never causing griping, or nausea, nor having that weakening effect which so many other laxatives have. I have been using "Fruit-a-lives" now for seven years and have never had a trace of constipation or stomach trouble since."

—Mrs. Laura Alford, 28 Florence St., Ottawa, Ont.

"Fruit-a-lives" contain the health-giving properties of fruits combined with valuable tonics. 25c and 50c at all dealers.

PRESIDENT OF BOARD OF TRADE IS MAKING BUSINESS TRIP EAST

DOUKHOBORS DECLARE THEY WILL KEEP LAW

Repudiate Radicals Who Refuse and Who Must be Dealt With by Authorities

(Nelson News)

The Daily News is very glad to be able to publish this morning a letter from the Doukhobor community, signed by J. P. Shukin, second vice-president and manager, repudiating the Doukhobors who in a letter, declared that they would not send their children to school.

Mr. Shukin explains that the recalcitrant members are of a "radical party" and are known as "outlaws" in the community, that they do not belong to the Christian Community of Universal Brotherhood but merely pretend to do so.

Further, he states that the question was settled "definitely" at a mass meeting which was held at Brilliant on May 24, and that the community intends to observe its agreement with the government.

All this is most satisfactory, and the community is to be congratulated upon its prompt and complete repudiation of the "radical" Doukhobors who still refuse to obey the law. With these lawbreakers the government will have to deal as individuals. They must be taught the lesson that they must observe the law.

RATES TO PACIFIC SHOULD BE REDUCED

Edmonton Paper Stresses Necessity of Equalized Freight Rates in Railways of Country

(Edmonton Bulletin)

Next to low rates, equalized rates rank in importance, and the revision is to be made on the basis that people in all parts of the country should pay the same for the same kind and quantity of service. There can be no just objection to that principle anywhere or from any quarter. And to the people of this province a revision on that basis must also mean lower rates so far as concerns the export of one of our most important products. If Crow's Nest rates are to continue to apply on grain shipped to Ft. William, and if rates are to be readjusted in proportion to the distance hauled, the rates on Alberta grain to Vancouver and other Pacific ports should be very substantially reduced.

HARD-HEADED

"Prisoner," said the Judge, "you say your wife hit you on the head with a plate. Is that so?"

"Yes, sir," answered the prisoner.

"But," said the judge, "your head doesn't show marks of any kind."

"No sir," answered the man with pride, "but you should have seen that plate."

HIS FIRST THOUGHT

"Bob, dear," said his young wife, "isn't my new golf suit lovely? Reversible plaid and only \$21."

"Twenty-one dollars, eh? Are the figures reversible, too?" — Boston Transcript.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, on the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, this being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, cowboys and travellers, up to ten head.

A JOURNALISTIC STUNT.

Staff Photographer—I've caught a snapshot of the fleeing gambler!

City Editor—Good! Now take a time exposure of the police in pursuit.

ART AND LIFE.

Cook (in fare, to mistress)—I wish to give notice.

Lady in stalls (excitedly)—I shall be pleased to engage you at a pound a week, and every evening out.—London Opinion.

LOCAL NEWS NOTES

Miss E. Miner reached the city from Giscome on yesterday afternoon's train and sailed by the Prince George for Vancouver.

Union freighter Chilliwack arrived in port at 4 o'clock this morning and left for the Naas River after discharging general cargo here.

Coastwise Steamship & Barge Co.'s steamer Anur arrived in port yesterday afternoon with a cargo of coal for the Canadian Fish & Cold Storage Co.

The tug R.F.M. arrived in port yesterday from the south with four five hundred ton scows which will be used in carrying gravel here from Stewart for Carter-Halls elevator contract. The Vancouver Salvage & Dredging Co. will dig the gravel and the R.F.M. will be used in towing it here.

There was a rather heavy blast in the railway yards at noon today which threw rock over some of the tracks and well out into the harbor. It did not do, however, anything more than was intended. The company is at present taking rock out of the yards here for riprap work on the grade up the line.

WEST HOLME THEATRE

MONDAY AND TUESDAY, 8.15 P.M.

SPECIAL ATTRACTION

First Visit to Prince Rupert of the World-famous UNIVERSITY OF CALIFORNIA GLEE CLUB
