## CABINET CRISIS FRANCE STILL CONTINUES

### WONG HING THE CHINESE HOUSEBOY SAID TO HAVE ESCAPED TO STATES

#### Border Runners State Chinese Houseboy Got Across Border to U.S.

Wong Hing had plenty of money supplied by friend in Vancouver Chinatown, says Paper

VANCOUVER, April 13.—Wong Sing, the Chinese houseboy who disappeared more than three weeks ago from the home in Shaughnessy Heights where Janet Smith, the English housemaid, met her death last July, has been identified as a "border runner" as a Chinaman they smuggled over the border on the night of March 29, according to a story published here yesterday.

The driver of the car, according to the newspaper, said the Chinaman "had plenty of money and his transportation arranged through a friend of his in Vancouver Chinatown."

Luther Burbank, famous horticultural wizard, planted a Paradox walnut tree, his own "creation," as a memorial to the war dead of California, during the celebration of his 76th birthday recently

#### Communists Control Ontario Labor Party; Vote for Independence

Instruct Delegates to British Gathering to Vote for Separation of Colonies from Empire

TORONTO, April 13.—Communists scored a victory in the election of officers at the convention of the Ontario section of the Labor Party, electing the president and vice-president and securing control of the executive.

President A. E. Smith was at one time a Methodist minister of Western Canada.

A resolution introduced by the Communists was passed providing that five delegates from the Canadian Labor Party to the gathering of the British Empire Labor parties in London next year be instructed to move that the colonial and semi-colonial portion of the Empire have complete independence.

William Irvin and J. S. Woodworth were among the delegates chosen to attend the London conference.

The Communists state that they will attempt to gain control of the Dominion convention of the Trades and Labor Congress.

#### SETTLEMENT OF EMPIRE

Evening Post Regrets Delay in Formulating Scheme

LONDON, April 13.—While the immigration scheme announced by the colonial offices of the Imperial and Canadian governments is excellent as it goes it is only the beginning says the Morning Post. The Empire Settlement Act passed three years ago, hardly anything has been done towards "general settlement," the "Post" says. "The new scheme is the most serious attempt made to date at least a fraction of the requirements and it is with some dismay that we read the statement of the colonial office that the time will elapse before the details of the undertaking can be arranged."

#### FOR AND AGAINST VACCINATION IN VANCOUVER PAPER

VANCOUVER, April 13.—A curious phase of newspaper work was presented here last week. The Star is controlled by General Odium, who writes a column in it every day. The professor writes against vaccination. His son, the General, has a front page editorial article stating that he thinks the doctors know more about vaccination and its effects than does his father and on that account he and his family have been vaccinated. He quotes statistics showing what wonderful results have been attained by vaccination.

#### ELECTION RESULTS SHOW LIBERAL GAINS

OTTAWA, April 13.—A summary of the by-election results since the general election in 1921 shows that out of 41 constituencies opened, 35 have been won by Liberals, five by Conservatives and one by Progressives. The statisticians have also found that in contests that have been lost the government more than held its own cutting down the opposition majorities.

Twelve of the elections were caused by the necessity of re-electing ministers after their appointment to cabinet positions.

#### WRITING ARTICLES ABOUT CANADA FOR DANISH NEWSPAPERS

MONTREAL, April 13.—Fredrick Birtsholm, official representative of a number of important daily newspapers and periodicals in Denmark has arrived and will write a series of articles on farming and tourist opportunities in Canada. He thinks many young Danish farmers would like to settle in this country.

#### DUKE OF DEVONSHIRE ILL AT HIS CASTLE

WATERFORD, Ireland, April 13.—The Duke of Devonshire, former Governor General of Canada, had a seizure yesterday at his Lismore Castle on his estate near here. While he is still ill his condition is declared satisfactory today.

#### MORE ACREAGE TO BE CROPPED

First Report Shows Seeding Commenced in all Prairie Provinces

#### PLENTY OF MOISTURE

WINNIPEG, Apr. 13.—Moisture conditions throughout the prairie provinces are such as to hearten the western farmers and probably induce the seeding of an increased acreage of land, according to the first 1925 weekly seeding and crop report of the Canadian National Railways issued here today. In many places seeding is well under way and will be general towards the end of this week. Low spots are still very wet and work on them will be impossible for some little time.

Manitoba generally reports excellent weather with drying winds which have enabled farmers to get on to the land. Prospects are reported generally good with plenty of moisture in the ground to ensure germination. Plowing on the high land is general and seeding will be well under way by the end of this week.

Saskatchewan reports higher land being worked and seeded. Seeding will be general about April 20 if good weather continues. Deep wet spots in some areas will retard seeding to some extent. Plenty of moisture is reported everywhere which, with good warm weather, will bring the seed along rapidly.

In Alberta some districts report part of last year's crop yet remaining un-threshed. Weather is favorable, moisture plentiful and farmers are getting on to the land. Several districts report seeding already under way. But a week or ten days will elapse before seeding operations are general.

#### Increased Acreage

A number of points in all three provinces report that increased acreage will be seeded this year, partly on account of better prices obtaining for last year's crop, partly on account of good moisture conditions and partly because of the earlier date at which spring work is commencing. Considerable breaking of new land is already being done.

#### BIRTH.

A son was born at the Prince Rupert General Hospital on April 12 to Mr. and Mrs. Theo Fortune of Ninth Avenue West.

#### Cabinet Crisis in France Caused by Passive Resistance to Briand by Socialists: Extension of Time

PARIS, April 13.—The cabinet crisis here continues. The president called upon M. Briand to form a cabinet and he seems to have been unsuccessful so far because today he called upon President Dumergue and asked for more time to select his ministers.

The Socialists who hold the key of the situation do not appear inclined to help out any combination other than another Briand cabinet, following the policy of passive resistance to Briand, which shows its effectiveness in the latter's request to be president for an extension of time until tomorrow.

#### PAYMENTS MADE TO CANADA UNDER SEALING TREATY

In the House of Commons the other day Hon. P. J. A. Gardin minister of Marine and Fisheries, gave out the sums received by Canada from United States as her share in the sealing to recompense her for the loss of the industry to Canadian ports. The first three amounts went to repay the sum of \$200,000 paid to Canada at the time the treaty came into effect. They were:

1913	\$ 34,572.43
1919	193,610.41
1920	215,622.89
1921	61,529.21
1922	47,345.43
1923	69,148.81
1925	28,274.89
Total receipts	\$650,203.77

#### SEARCH FOR BODY OF JAMES CLARK AT QUEEN CHARLOTTE

SKIDEGATE, April 13.—Two of the native fishermen of Skidegate Mission, Walter Stevens and George Young, have volunteered to search for the body of James Clark who was drowned at Gumsheva. These two boys left for Gumsheva in their launch Helen D. One of them will walk the beach at Gumsheva, a distance of 30 miles. E. E. Wiggins of Tli River has also volunteered. He will search the southern part of the east coast of Graham Island on horse back.

#### FORESTRY BOAT TO HAVE TRIAL RUNS TOWARDS WEEK-END

Some pipe fitting to be completed in the meantime, the new gasoline cruiser for the forestry department built at the dry dock will be given her trial runs towards the end of this week. Finishing touches will then be put on the vessel before she is commissioned in service in this district replacing the Leila R. which is to be sold. A name has not yet been selected for the new boat.

J. H. Blake, mechanical superintendent for the forestry department, will remain here until next week to see the vessel placed in service. Mr. Blake is highly satisfied with the work of building the boat here. Several novel and up-to-date features have been embodied in her construction so that she may be operated under any emergencies by two men.

#### ENGLAND DEFEATED FRANCE AT RUGBY

PARIS, April 13.—England defeated France 13 to 11 today in the final game of the international rugby football series, thus finishing after Scotland and Ireland with France in the international standing.

At half time this afternoon the score stood 13 points to 5 in favor of the English team but the Frenchmen picked up in the second half making a close finish.

#### PREPARATIONS FOR DRIVING POLES DOWN SKEENA TO CEDARVALE

Preparations are being made for the spring drive of cedar poles down the Skeena River from the country around Hazelton to Cedarvale. The Hanson Lumber and Timber Company has quantities of poles on the river bank awaiting the break-up of the river and this will soon take place.

FACTS ABOUT TEA SERIES—No. 3

Mountain-Grown Teas Best

The tea plant grows best in the pure cool atmosphere of a mountain tea garden. The higher the garden, the finer and more delicious the flavour of the tea. This is partly due to the clear sunshine on a high mountain side, partly to the more invigorating air, partly to the more frequent rainfall and perfect drainage. The largest and roughest leaf grown at an elevation of 7000 feet is much superior in flavour to the tiniest tip grown only 2000 feet above sea-level. All teas used in the "SALADA" blends are grown from 4000 feet to 7,500 feet elevation. The trademark "SALADA" is a guarantee of quality.

Vice-President's Visit Satisfactory.

Vice-president Dalrymple came here with no pleasant promises such as have been given many times in the past by others, promises fated to be broken. He did something while he was here. He got us a totem pole and he talked in a business way about a boat with good prospects that one will be on the run out of this port before very long.

Mr. Dalrymple discouraged the idea that the railway would spend much money here just now. He said that the Dominion Government to which they looked when they needed money, were averse to making expenditures. It was a time rather for retrenchment.

When a business man comes and talks business and we realize that he means what he says, we are bound to also look at things from the business point of view. We hope Mr. Dalrymple will come to see us often.

The Old Naas Totem Will Be Nice Gift.

The old Naas River totem is Mr. Dalrymple's gift to the people of Prince Rupert. He probably does not consider it that, for with him it is business. The totem is an attraction to the tourists that come here and it is this business to carry tourists. At the same time we appreciate that totem. It is something tangible as a result of the vice-president's visit. It is to be set up in a place that will be picturesque and will be a distinct benefit to the city as well as preserving an interesting relic of the Indians, a life that is fast disappearing.

Resignation Of French Government.

The resignation of the French government is an important event. It ends another socialistic government, and a short-lived one. It indicates that no government can stay long in power unless it is in close touch with the mass of people and the best interests of the country.

The Herriot government stood for capital levy. It was on the point of securing the passage of a measure to bring it about when it went down to defeat. The probability is it was the capital levy that brought about its defeat.

While a capital levy in extreme cases may have many points to commend it, the extremists make no bones about it being only the beginning of a series of levies which will, they hope, eventually wipe capital out of existence except so far as the state is concerned.

To the man who has his capital tied up in bonds it would be an easy matter to meet a levy, but to the big proportion of capitalists who are engaged in promoting industry and whose profits are small it would be a serious burden and would wreck many businesses. Probably fifty per cent of the businesses of the country would go down if a levy were made against them.

Influence Of Personality.

The influence of one person in a group is very large, much larger than is generally suspected. We speak of a good influence or a bad influence without realizing just what it means. One person with a strong personality and a desire for improvement can influence many people, sometimes dozens, sometimes hundreds. On the other hand one person with a degrading tendency will have a degrading effect upon everyone he meets unless his degradation is so marked as to arouse antagonism. A very bad person does not seem to be as bad an influence as the person who is able to associate with those better than himself but who is always dragging them down.

When the poet made one of his characters speak of being a part of everyone he had met he was giving voice to a truth, but what he omitted to state was that he was more a part of the strong personalities than of the weak and that he was more a part of the people he mixed with a great deal than with those he met seldom.

OLD COUNTRY BUILT BOAT

Chelsea First to Come From England For Fishing Fleet

Besides being one of the largest and speediest craft in the American halibut fishing fleet calling at this port, the schooner Chelsea, which was here Saturday after completing her maiden trip, has the distinction of being the first boat in the fleet to have been built in the Old Country. The Chelsea, which was built in Chelsea, England, is owned and skippered by Capt. Ehler. The vessel arrived on the coast this spring having been brought out under her own steam.

The Chelsea attracted a lot of attention on the waterfront Saturday. A sturdy craft of some 90 feet length she has at the same time rather handsome lines. Her comparatively narrow beam gives her great speed from a 120 horse power diesel engine of British make. Her tonnage is 54 and she carries a crew of thirteen men, one of these being Joseph Meagher, well known in local fishing circles.

The Man in the Moon SAYS-

BIG PAY FOR LUCKY FISHING BOAT LAST WEEK: \$612 EACH MAN

(Ketchikan Chronicle)

The highest share per man this season to any fishing vessel was divided to the schooner Daily today on her return from Prince Rupert, where the vessel received 17:00 and 5c for a trip of 37,000 pounds of halibut. Each man shared \$612. Chris Rolie is captain of the boat.

The Daily reports encountering some of the coldest weather on the way to the fishing grounds ever experienced in the open sea. Only the high waves, which kept the hull clear of ice, prevented her from icing heavily. They report seeing the Foremost looking like an iceberg, heading for harbor in order to clear herself of the heavy coat of frozen water.

APPROVES TORRY AS MAYOR OF KETCHIKAN

(Ketchikan Chronicle)

Voters of Ketchikan have spoken, incidentally in loud voice and with proper emphasis. Mayor Thomas Torry, for the fifth time is chosen as chief executive of Ketchikan, and it follows as a matter of precedent and in view of his wonderful endorsement that the council will again make him city manager. The vote yesterday, in which Mr Torry was given, within four of twice as many votes as the combined poll of his opponents, is one of the most remarkable stamps of approval ever given any candidate for mayor of any city in Alaska.

ENTICEMENT STORY OF IGNORING CONVENTIONS

Ghost of Past Haunts Married Life of Woman With Unusual Plot

Love is as eternal as the ages. Yet occasionally is found a new interpretation of this all-inclusive term which "like a child around the world doth run."

Such an interpretation was inspired by Clive Arden, the noted English novelist, in her latest and most successful novel, "Enticement," shown here tonight. And this exposition of the strange love of a girl for a man married to another, and the true love she bore her own husband makes a subtle, intriguing and compelling plot for the Thomas H. Ince First National photoplay.

There is none of the old "triangle" situation in "Enticement." The plight of "Leonore" is an unusual one, and one for which she is only partly to blame. The working out of her difficult situation makes an absorbing story, one that compels attention, not only because of the novelty and girl, ignoring conventions and taking life as it comes with a laugh. She forms a friendship with a married man, unhappily married it is true, but married nevertheless. They go alone to the mountains, where the girl is injured in a mountain slide. The man changes, almost instantly, from the friend to the lover. It is the awakening for the girl, her ideal friendship shattered. She flees, trying to forget the man.

Later she marries, and her happy married life is rudely interrupted by the ghost of the mountain trip. Then come the highly dramatic and emotional scenes between the wife, her husband and her companion of the mountains.

With this as a basis, "Enticement" presents a novel and unusual plot. It has audience interest from the start, and there is no slackening of the tempo until the close of the story, when a great sacrifice is made, and two of the three central characters find the happiness they had long sought.

TEN COMMANDMENTS OF MARRIED LIFE

"So This is Marriage" Exemplifies Some of the Pitfalls of Matrimony

CHU CHIN CHOW IS OF ARABIAN NIGHTS

Betty Blythe, of "Queen of Sheba" fame, went abroad not long ago to appear in several foreign-made pictures.

"Chu Chin Chow" is a gorgeous film version of the most famous of all spectacles, which played in London five years and three years in America. It is the week end offering here.

It tells an elaborated story of the Arabian nights' legend of Ali Baba and the Forty Thieves, with a great wealth of big scenes and thrilling action. Herbert Langley, a celebrated English actor, appears in the name role, "Chu Chin Chow," which is a Graham Wileox production distributed by Metro-Goldwyn, was adapted and directed by Herbert Wileox.

## Blankets will not shrink if washed this way—

To keep your blankets soft, fluffy and unshrunk—wash them in Lux. Blankets of fine wool, wool nap, wool and cotton—you can trust them all to the gentle Lux suds.

**Wash blankets this way:**  
A rich live suds is essential throughout the washing of blankets. To obtain this, use two table-spoonfuls of Lux to every gallon of water in the washing. Dissolve the Lux thoroughly in very hot water, whisking it into a thick suds. Add cold water until lukewarm. Put the blanket into the rich suds, souse it up and down, and squeeze the suds through the entire blanket. If suds die down, add more Lux, taking care that it dissolves before you put the blanket in again. Press the suds through the soiled spots if any, but never rub the blanket. Rinse in three or more lukewarm waters, of the same temperature as the suds. Fold evenly, run through a loose wringer and hang dripping. Never wring tightly. Pull gently into shape at intervals when drying. Do not expose wet blankets to extremes of heat or cold.

Ordinary common bar soap or chips shrink wool, and coarsen and yellow it. Lux is mild and pure, and entirely free from any ingredients that could harm or shrink wool fibres. Lux keeps your blankets like new.

Caribou are coming back to New Brunswick, says the Chief Game Warden of that province. This is regarded as a testimony to the protective methods employed by the guides who are fully aware that the best means of protecting their livelihoods is to see that hunting of big game is not carried to excess.

"Relations between France and England were never more cordial than they are to-day," said Hon. W. C. Nichol, Lieut.-Governor of British Columbia, interviewed on his return to Canada from a visit to France. Referring to his own province His Honor said there was every indication of British Columbia being swamped with tourists this year.

Lauchlan McLachlan, of Toronto, after serving nearly fifty years on the employ of the Canadian Pacific Railway has been retired on pension at his own request. He was presented at leaving with an embossed address and gold watch and chain, which were handed to him by B. W. Scott, superintendent of Toronto Terminals, on behalf of his friends and associates.

The Prince of Wales, just before setting out for his tour of South Africa and South America, took a lightning trip to the Wembley Exhibition grounds. His Royal Highness was especially delighted with the children's section of the Park, Treasure Island, the main attraction of which is a Canadian Pacific model train in which the kiddies will "tour the Rockies."

The Canadian Pacific S.S. "Montroyal" docked at New York recently after her second and final West Indian cruise of the season with a veritable zoo on board, collected by passengers and to be taken inland as souvenirs. It included 500 parrots, and love birds, several monkeys, a deer and a Mexican tiger. Some of these are destined for various cities in Canada.

Saskatchewan can boast of a family of six generations. Mrs. Odell, of Hanley, 93 years of age, has a great-great-granddaughter of six months. Her eldest daughter is 76. She has 33 grandchildren, 45 great-grandchildren, seven great-great-grandchildren and the little lady first referred to. Mrs. Odell still reads and sews without eyeglasses.

Immigrants who chanted and sang their happiness at arriving in Canada were witnessed recently at the Montreal Windsor Station when a batch of fifty canaries in six cages were housed there for a time waiting conveyance by train. They had already travelled over 3,000 miles from Liverpool and had a further prospect of another 4,500 until they reached their destination either at Vancouver or in some cases San Francisco.

## TROWN FROM SPEEDER; DIED

George Davis Loses Life and J. McGettigan Seriously Injured Near Endako

SMITHERS, April 13.—An inquest was opened before Coroner S. H. Hoskins on Wednesday in connection with the death of George Davis, who was a C.N.R. employee of the section gang at Endako. Davis who was about 65 years old, was one of a gang of men crowded on a speeder returning to Endako after their day's work unloading ties.

After passing Tintagel the speeder was derailed, and Davis and J. McGettigan of Endako who were sitting on the front were thrown off and run over by the car. Davis had his skull fractured and McGettigan was seriously injured while several others received minor injuries.

The accident occurred last Thursday evening and immediately steps were taken to get the two men to the hospital at Smithers. Davis however died soon after the accident without gaining consciousness.

Constable Carr of Burns Lake came to town with a number of witnesses of the accident to attend the inquest but after hearing their evidence the coroner was obliged to postpone the inquiry until Friday.

## COMMUNITY PLAYERS

ANYOX, April 13.—The community players made their initial appearance here at Recreation Hall in "The Telegram," the work being of high amateur order. The characters were taken by Mrs. D. Cole Jr., Miss Champion, Mrs. Self, Mrs. McTaggart, and Messrs. Southam, Warwick, Hutchison, Mitchell and Nickerson.

## ANYOX BIDS ADIEU TO MANAGER MUNROE

Farewell Dance Given by Community League Council

ANYOX, April 11.—The Community League Council sponsored a social evening last week for the purpose of giving everyone the opportunity of saying goodbye to H. S. Munroe on his departure for the east, and welcoming his successor, Charles Bocking, to Anyox. The council spared no effort to make the affair an outstanding success, and the results justified all the time and labor spent on it. Recreation Hall was crowded, and everyone voted the dance most enjoyable. Ice cream, cake and coffee were served, and the Eik's orchestra pleased all with their dance music. About eleven o'clock Chas. McLachlan, president of the league, stated that J. B. Haffner, general superintendent, would explain the object of the league in inviting everybody to Recreation Hall. During his talk, Mr. Haffner referred to the pleasant relations existing between Mr. Munroe and the men on the job, and how this had been appreciated by all. He was loudly applauded.

When Mr. Munroe had thanked the women and men of Anyox for the assistance given him through the years he had been general manager of Granby, all sang "For he's a jolly good fellow," while Mr. Munroe was hoisted on the shoulders of two stalwart and enthusiastic supporters and carried around the room. When the cheering died down, Supt. Haffner introduced general manager Bocking to the throng.

Mr. Bocking commented on the successes of Mr. Munroe and his reputation in the mining world; how the loss of Anyox was the gain of some other place, and that Mr. Munroe was well fitted for the more advanced and wider field he was to occupy. His own position, he realized, was a difficult one, following a man of Mr. Munroe's ability; but with the assistance of everybody on the job big results would undoubtedly be attained. Co-operation was absolutely necessary to the well being of this operation, and he was ready to furnish fifty per cent of that co-operation.

## BROWNIES OF SMITHERS FAREWELL TO LEADER

Presentation Made to Mrs. Biddell on Her Leaving; Mr. Biddell Also to be Honored

SMITHERS, April 13.—The local band of Brownies, a junior organization of the Girl Guides, tendered a farewell meeting to their leader, Mrs. Biddell on Thursday afternoon. The girls have greatly enjoyed the leadership and guidance of Mrs. Biddell and as a mark of appreciation presented her with a brass jardiniere for a parting gift.

Jean Smith had the honor of making the presentation and after a few games and contests, the girls were the guests of their leader at a little tea party.

Mr. Biddell who is scoutmaster of the Cubs put them through their exercises for the last time on Wednesday afternoon. The boys are also making a presentation to their leader but owing to delay in delivery this could not be done on Wednesday.

Rev. and Mrs. Biddell have taken a very great interest in the guidance of the lives of the boys and girls of Smithers and their departure is deeply regretted by children and parents.

## SMITHERS

John Hines has returned to town after spending the winter in southern cities.

Mrs. N. H. Kilpatrick has returned to her home in Smithers from a visit of several weeks with her parents, Mr. and Mrs. Wm. Grant at Hazelton.

Dr. C. H. Hankinson left on Thursday morning's train on a holiday to be spent in Eastern cities. Dr. G. Payne of Telkwa

# BETTER THAN RICHES

Under the dome of the Board of Trade in Manchester, England, is this inscription: "A good name is rather to be chosen than riches." The thought is considerably more than mere sentiment. It is good business.

A good name is recognized as the biggest individual asset a business can have. It is the very keystone of modern industry. Business today is done on such a broad scale--every merchant and every manufacturer has such a long list of customers--that it would not do to have a reputation for "slipping something over"

Advertising has standardized almost every article you can buy. You don't have to bargain and dicker and haggle to know that you are getting as good as you give.

That's why it pays to read the advertisements and to buy advertised goods. A product's advertising is the best guarantee of its faithful performance and lasting usefulness or of definite value. The advertiser would not dare risk his good name by advertising an unworthy product.

If you value satisfaction--if you want to get your full money's worth every time--READ THE ADVERTISEMENTS and buy advertised merchandise.

Take advantage of the advertisements and get real value

While in the course of his duties at Watson's grocery Al Finney gave his shoulder a severe wrench and has been forced to take a rest for a few days.

The regular monthly meeting of the Union Church Ladies' Aid was held at the home of Mrs. Thos King on Thursday afternoon.

Dorothy Doolittle entertained a number of her friends at a birthday party on Thursday afternoon the occasion being her ninth birthday. The children spent a pleasant time at games and other forms of amusements and were also treated to a dainty tea.

Muriel Adams and Muriel Stevens who have been attending the St. Joseph's Academy at Prince Rupert returned to town Thursday to spend the Easter holidays at their homes.

Mrs. J. Hetherington who received word that her husband had been obliged to enter a hospital in Vancouver for treatment of his foot, left on Thursday night's train to join him. Mr. Hetherington left here about two weeks ago intending to get an artificial foot to replace the one recently amputated, but it now appears that his other foot which was thought to be getting alright is again giving him trouble.

# ARE NOT FIT FOR POLITICS AFTER FORTY

Lord Esher Cites Cases to Show Only Younger Men Fit for Big Work

LONDON, April 13.—Recent assertion of Lord Esher that but few men are fit for politics after reaching 40 years of age has caused much speculation in British Parliamentary circles and has resulted in the ages of all the English cabinet members being discussed in numerous publications. If Lord Esher's theory were brought into practice, it was revealed that the present cabinet would be reduced to one member, this being Lord Eustace Perry, minister of education, who is 38 years old.

Lord Esher, deputy governor of Windsor Castle, and author of several books dealing with the lives of King Edward and Queen Victoria, who himself is in his 73rd year, on the question of ages, said:

"To very few, and possibly only to reflective minds, like Sophocles and Leonardo, is the privilege granted of sustained vigor after the age of forty." He cited Napoleon, who was forty when at Schonbrunn in 1809, the zenith of his career. In Chatham and his son as well, he contends, the vital spark paled early.

Further, Lord Esher asserted:

This preparation has been on the market for the past 35 years; manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

"No man, and very few women, retain physical charm and generous instincts after 40 years of age. All men and women should be aware of the 30's. In our time there are manifold examples of the failure to maintain, after the age of forty, a pertinent grasp over public affairs and the faculty of wise decision."

# WHOLE WHEAT BREAD VERSUS WHITE BREAD

The controversy between the relative food values of whole wheat bread and white bread has existed now for about fifty years. Scientists and doctors cannot come to any definite decision on the question. Also the average man or woman is prepared at all times to put forward his claims of their own favorite type of bread.

The truth admitted by all, however, is that all bread is a healthful food, provided it is properly made and baked. "Electric-bake" bread comes up to this standard—those who use it boast for its quality. Made by the Electric Window Bakeries.

W. O. FELTON, Solicitor for the Petitioner.

# Sport Chat

Boxing fans have been waiting with considerable interest for the article to appear in the Saturday Evening Post in which James J. Corbett would rank the heavyweights of all time. There are some surprises in the list which is as follows:

1. Peter Jackson and James J. Jeffries.
2. Bob Fitzsimmons.
3. John L. Sullivan.
4. Frank Slavin and Jack Dempsey (present champion).
5. Sam Langford.
6. Jack Johnson.
7. Jess Willard.
8. Tom Sharkey and Harry Wills.
9. Charles Mitchell and Kid McCoy.
10. Jake Kilrain.
11. Peter Maher and Joe Choynski.

Speaking of the recent day heavyweight situation, Corbett styles Jack Dempsey as "just a slam-bang fighter without much science or boxing knowledge." Suggesting that Tommy Gibbons will yet prove Dempsey's most serious rival for the heavyweight crown Corbett says about Gibbons: "Though almost thirty-six and old for a fighter, he looks better now than he did at any time since he entered the ring. There is no doubt he is the cleverest boxer of all the heavyweights still in active service. Taking him altogether, Gibbons has, I think, science enough to beat even Dempsey. Tom will make a lot of trouble for the champion before they are through."

# BASKETBALL BOYS ARRIVE AT ANYOX

Will Play Two Games There Before Returning to Prince Rupert

A party of basketball players left here yesterday morning for Anyox aboard the Laura F. and word was received last night that they had arrived safely. They will play two games in the smelter town. Those going were Ralph Smith, Eddie McLean, W. Wrathall, Art Phillips, George Shenton, Douglas Frizzell, John Sim, D. Graham, Dido Gurvich and Wm. Cavalier.

# GOLF RESPONSIBLE DETERIORIZATION ATHLETIC SPORTS

LONDON, April 13.—England's deterioration in athletics, as measured by international contests, is due to paying too much attention to golf, in the opinion of Leo Maxse, editor of the National Review.

England has been beaten year after year by the Australians at cricket, says Mr. Maxse, who goes on to say: "We play second fiddle to America at polo, and third fiddle to America and France at lawn tennis, and we cut a poor figure at the Olympic games in Paris last year, all because the talents and enthusiasm that we ought to devote to real games have been wasted on that lazy, selfish, paltry pastime of golf."

# CONGRATULATIONS FROM JUNEAU, ALASKA, ON LOCAL MUSEUM WORK

Miss Ruth Stewart, secretary of the Museum Board, has received a letter from A. P. Kashiyevoff, librarian and curator of the library and museum at Juneau, Alaska, in which he expressed personal pleasure and gratification at the success attending the establishment of a museum here, and hope that greater success may crown the efforts put forward. He says there is a wonderful opportunity for a fine museum here which incidentally would advertise the resources of the country.

# BOBBY'S POINT

Bobby (looking out of the window)—What's the matter with that horse, mamma?  
Mother—He is disobedient, Bobby; he won't obey his driver.  
Bobby—Well, what's the man putting him for?  
Mother—He is coaxing him.  
Bobby (with an injured air)—That isn't the way you treat me when I'm disobedient.

# ONTARIO PROPOSES TAX ON BEER AND SOFT BEVERAGES

TORONTO, April 13.—Taxation of 5 cents a gallon on soft drinks, including beers containing up to 1 per cent by volume of absolute alcohol, and 10 cents a gallon on the new 4.4 beer is provided for in a bill introduced in the Legislature by Provincial Treasurer Price.

Mr. Price explained that the bill covered a tax on various kinds of soft drinks and wines in Ontario. Soft drinks of a certain alcoholic content would pay 5 cents a gallon. Subsequently he said that soft drinks such as ginger beer, ginger ale and sarsaparilla would come under the tax.

Ten cents a gallon would be imposed on soft drinks of a higher alcoholic content, namely, 4.4 beer, Mr. Price said. The bill also provides for a tax of 50 cents a gallon on native wines sold in Ontario.

By the terms of the act the tax is placed on the consumer. Methods of collection are to be worked out by regulation.

# SALMON PACK IS INCREASING FAST

A. W. Neill, in a speech in the House of Commons last week quoted official figures to show how the salmon pack had increased during the past four years. His figures were:

TAKE NOTICE that George Little, of Terrace, B.C., occupation lumberman, and G. L. M. Giggley, of Terrace, B.C., occupation lumberman, intend to apply for permission to purchase the following described lands, for industrial site: Commencing at a post planted at south end of island situated near mouth of Kitsoilum River and lying near west bank of said river, thence following shore line around island to point of commencement, containing 25 acres, more or less.  
GEORGE LITTLE and G. L. M. GIGGLEY, Applicants.  
Dated this 5th day of January, 1925.

# SYNOPSIS OF LAND ACT AMENDMENTS

**PRE-EMPTIONS**  
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.  
Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.  
Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre east of the Coast Range and 5,000 feet per acre east of that Range.  
Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.  
Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.  
For more detailed information see the Bulletin "How to Pre-empt Land."

### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 19, Land Series, "Purchase and Lease of Crown Lands."  
Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

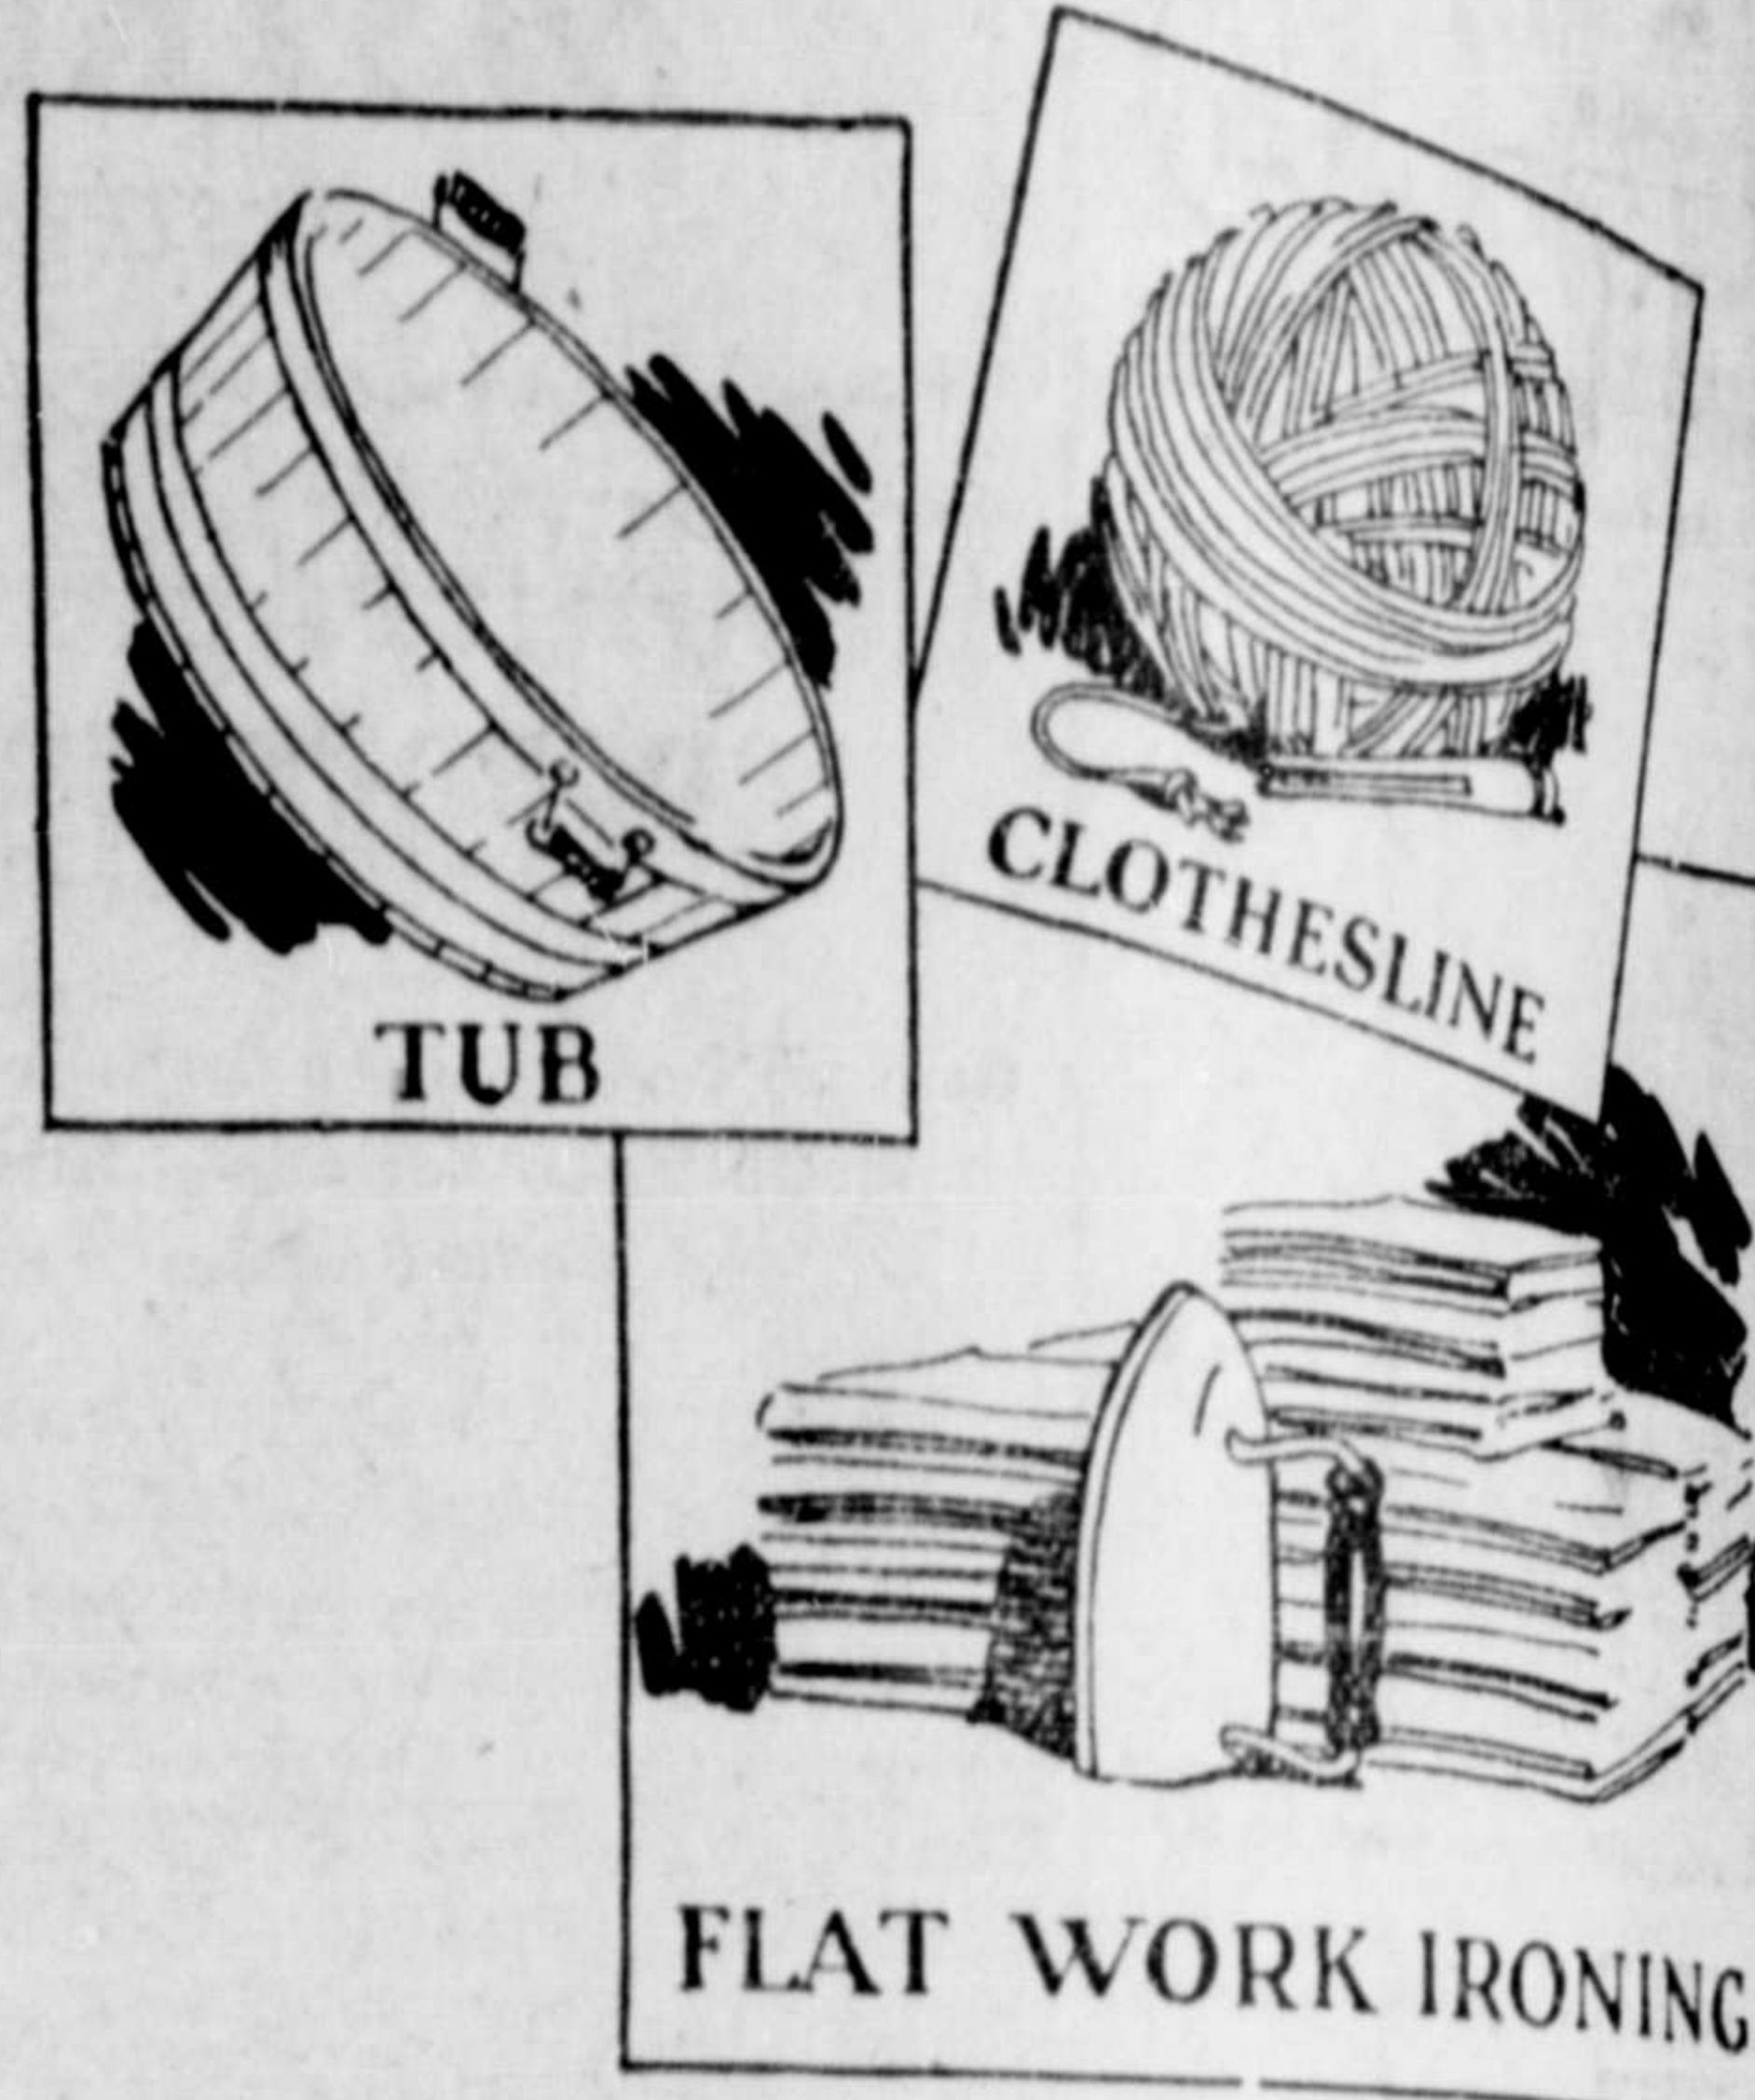

### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

# MISSING!

Not much left of washday when you use our tub and clothesline service. No tub—all the washing is done. No clothesline—everything comes back dry. And no flat-work ironing—that, too, is completely cared for. The hardest and longest part of washday is missing—and this family service is so low priced that it's an economy as well as a convenience. Let us call this week and take away the part of washday that you'll be most happy to miss.
