PEACE RIVER RAILWAY ISSUE ONCE MORE

BUYER OF IRON PROPERTIES IS AT VICTORIA REPRESENTING BRITISH FIRM

Peace River Railway Again Live Issue at Ottawa is Announced

Government Awaiting Formal Proposal From Sir Henry Thornton in Regard to Plans for Building Line.

(Canadian Press)
VANCOUVER, May 29.—A Province despatch from an Ottawa correspondent states:
"A formal proposition from Sir Henry Thornton, amplifying tentative proposals he had made in regard to the Peace River Railway is expected very shortly and while pessimism had been indicated in some quarters over the way the matter had hung fire, definite developments before the end of the session are now expected."

GRADING BEGUN ON NEW ROAD

Alderman Larsen is Foreman in Charge of Work With Dunc Munro

Work of grading the Kaien Island highway has actually commenced, announces G. C. Mackay, district engineer for the provincial department of public works. The work has started from this end and will probably be carried on to Galloway Rapids, to which point, a distance of five miles, slashing and clearing was completed last year. After the grading, the surfacing will be the next process. This finished, the road will be ready for traffic and will afford the first real motor drive in the city.
Ald. Oscar Larsen is foreman in charge of the grading and Dunc Munro is foreman of the gang which is grubbing ahead.

INDIANS GET MANY SEALS

Large Catch of Fur on West Coast of Vancouver Island This Year

VICTORIA, May 29.—"Up to the present the Indians have made greater catches of fur seals off the west coast of Vancouver Island than in any year since sealing was closed to white men by the pelagic treaty of 1911," stated James Sloman, fur dealer today.
Sloman returned recently from the west coast of Vancouver Island where he purchased 2,200 skins worth approximately \$30,000. The pelts will be shipped via Panama to London for the October sales with the exception of 700 already sent to Vancouver.

FOUR DROWN IN ST. LAWRENCE

CORNWALL, Ont., May 29.—Four persons were drowned yesterday in the St. Lawrence River when a flat-bottomed boat capsized. The victims were Mr. and Mrs. Aurellavigne aged 21 and 18, respectively, Romo Pelosse 19, and her eleven month old baby.
Francis Millard sailed last night on the Prince George for Vancouver on a business trip.

FOUNDATIONS OF ELEVATOR NOT COMPLETE

End of Next Week or Later Before Everything is Finished: Dock Six Weeks

MATERIAL TO ASSEMBLE

It will probably be the end of next week or later before the foundations and that is holding back the work. Delivery of material has also been slow, however sufficient of the work is completed for the new contractors to go ahead.
While it is expected that no time will be lost in carrying out the work the successful contractors will have to assemble material here, particularly sand and gravel of suitable texture. A gang of carpenters will have to prepare the forms and there is a good deal of organization to be done before actual work can be commenced. July and August should be the two busiest months and it is probable that three or four hundred men will be employed then.

SAUCY SUE IS OAKES WINNER

Favorite Filly Owned by Lord Astor Roms in Eight Lengths Ahead

MISS GADABOUT SECOND
Horse Ridden by Steve Donoghue Came Third in Classic Event

EPSOM DOWNS, May 29.—Lord Astor for the third time of his participation in English racing captured the Oakes Stakes for three year old fillies when his Saucy Sue today won by eight lengths. Another of his horses, Miss Gadabout, finished second with Anthony de Rothschild's "Riding Light," ridden by Steve Donoghue, who rode Manna to victory in the Derby, came third.
Saucy Sue was a great favorite with the public since she won the Newmarket Stakes this year. Today she reached the climax of her career during which she has never met defeat.

Bred by Owner

Saucy Sue was bred by her owner and trained by Alec Taylor at Manton. An enthusiastic critic thus wrote of her after the Guineas: "Since we saw her last year Saucy Sue has made both growth and development, but it is when in action that she is seen at her best. She seems to make no effort when galloping, nor can one notice any apparent increase in the pace at which she is travelling, rather indeed does it seem that her opponents are gradually dropping away from her. She gives one indeed the idea of always having a lot of reserve."
The Canadian halibut boats Rose Spit and Lysekil were taken on the dry dock last night for cleaning, painting and minor repairs.

Some Canadian girls in a group on the C.P.O.S. Empress of France now on the last lap of her world tour. From left to right: Misses Betty Fulford, Brockville; Mary Karl, Kansas City; Aileen Hall, Winnipeg; Bettina Clark, Chicago; Ursula Burns, New York, and Hazel Taylor, Belleville.

Ten Thousand Ukrainians Will Arrive This Year Bound to the Peace River Country Announced

EDMONTON, May 29.—A thousand families comprising 10,000 persons will migrate from Eastern Galicia to the Peace River district this summer under the auspices of the Ukrainian Immigration and Colonization Association of Edmonton, it was learned today. While it is not known definitely when the settlers will arrive, the farms are now stated to be in readiness for them.

News received here that there is a possibility of legislation at this session of the Federal Parliament dealing with the opening of the Peace River country has caused renewed interest in Peace River settlement. If the plans are sufficiently definite it is likely there will be a considerable influx into that district this summer in order to be ahead of railway development.

FISH ARRIVALS

Barely Fifty Thousand Pounds Sold Here today on Exchange

Two American and two Canadian halibut schooners marketed catches at the Fish Exchange this morning, the total fares being 49,500 pounds. Arrivals and sales were as follows:
American
Oonah, 7,000 pounds, at 10c and 1c, to the Booth Fisheries.
Summer, 30,000 pounds, at 8.9c and 1c, to the Canadian Fish & Gold Storage Co.
Canadian
Fisher, 7,000 pounds, at 10c and 5c, to the Atlin Fisheries.
Nuba, 5,500 pounds, at 10c, and 5.5c, to the Canadian Fish & Gold Storage Co.

Japanese Sentenced to Hang for Murder of Countryman at Port Alice in April This Year

NANAIMO, May 29.—I. Yamamoto, Japanese, of Alice Bay was found guilty of murdering his fellow countryman, Y. Isojima, at Port Alice on April 23 and sentenced to be hanged on August 7 by Mr. Justice Morrison in the assize court.

Evidence given at the trial revealed that Isojima in the early morning slashed his victim's throat with a razor.
The defence was insanity. The motive of the crime is not known other than that Yamamoto alleged after the murder that Isojima was trying to have him.
At the trial yesterday Yamamoto was sullen on the stand. He refused to answer questions put to him by his own counsel except to contradict his own statement made at the preliminary hearing that Isojima was a bad man, declaring that he was a good man in every way and had never done him any harm.

BIRTH.

A daughter was born at the Prince Rupert General Hospital on May 29 to Mr. and Mrs. Frank Newman of Prince Rupert.

Buy Iron Properties for Big British Firm to Establish Smelter

Vancouver Sun Says Humphrey Jones is in Province on Behalf of one of Biggest Concerns

VANCOUVER, May 29.—A despatch to the Sun from Victoria says one of the biggest British iron and steel concerns operating in nearly every part of the world has decided to enter the British Columbia field and has plans for establishing a smelter at some place on the coast, according to Humphrey Jones who was at the Parliament Buildings yesterday, commissioned by a corporation to buy up iron properties in the province.

ZANNI FLIGHT LIKELY ENDED

Machine Will Not be Ready Until July When Conditions Unfavorable

BUENOS AIRES, May 29.—Zanni's attempted world flight is now considered to have ended and it is understood the organizing committee will shortly adopt a resolution to this effect.

A message received from the Argentine aviator states that repairs to the machine necessitated by the accident when hopping off on May 14 will not be completed until July when the North Pacific weather conditions are unfavorable.

The charter of the two Vancouver tugs engaged to patrol the route expires in September.

PRINCESS MARY IS MAKING LAST TRIP

C.P.R. Putting Bigger Boats on Alaska Run — Interesting Passengers on Vessel Today

Making her last trip of the year, C.P.R. steamer Princess Mary, Capt. C. C. Saintey, arrived at 2 o'clock this afternoon northbound from Vancouver to Alaska. The next sailing north will be taken by the Princess Louise which is due here on June 8. This will mark the opening of the summer schedule which in July, with the Princess Louise, Princess Charlotte and Princess Alice all on the run, will give a boat every three days north and southbound.
The Princess Mary today is bringing the first tourists of the season including a party that will go into the Yukon country. The vessel also had on board three federal geological parties headed by W. A. Johnston, Dr. F. A. Kerr and Dr. W. E. Cockfield. The first two are going to the Dease Lake country and Dr. Cockfield to the Yukon and northwestern British Columbia.

The following passengers are booked to sail north from here on the Mary: F. Dyerman and O. Leed for Wrangell; S. Christiansen, Albert Houston, D. Buchanan, W. Corbett, A. Cameron and F. Galganna for Carcross; W. A. Moyer for Dawson; J. S. Rogers, A. P. Miller, Mr. and Mrs. E. A. Mann and family, and A. Mason for Ketchikan; A. J. Bone for Juneau.

Mrs. Stewart and son of Terrace were passengers from train to boat last night bound for Vancouver.

PLANE AWAITING BETTER WEATHER

No Chances to be Taken With Machine Between Here and Stikine, Flyers State

Weather conditions still being unsettled and prospects for an immediate improvement not very bright, the time of departure of the Vickers Viking airplane carrying Archibald Little, Detroit mining engineer, to the Cassiar district was uncertain this morning. The flight will not be attempted today in any case.

The remainder of the party that will go into the Dease Lake country and beyond with Mr. Little is now awaiting the arrival of the plane at Telegraph Creek. A base has been established on a lake six miles south of Telegraph Creek and a quantity of supplies are already there including enough gasoline for fifty flying hours. That will be the headquarters for the plane until it goes into the Dease Lake country.
Mr. Little said this morning that there was a lot of work planned for the plane in the north this summer and certainly no chances were going to be taken between here and Telegraph Creek through leaving Prince Rupert in any weather but the best.

LOSE JOBS SO GET MARRIED

Adoption of New Telephone System at Fort Wayne, Ind., Results in Two Dozen Weddings

FORT WAYNE, Indiana, May 29.—Twenty-three weddings will relieve some of the unemployment among telephone workers who will be replaced here today by an automatic system. Nine girls have announced their wedding dates for tomorrow and fourteen others will be married within two weeks.

HARRIS WON BRITISH GOLF CHAMPIONSHIP

WESTWARD BO., Eng., May 29.—Robert Harris of Dundee today won the British amateur golf championship by defeating Kenneth Fledgeley of Warren, thirteen and twelve in the final.

This afternoon's train, due from the East at 3.30, is reported on time.

DAILY EDITION  Friday, May 29, 1925.

Off Once More To A Good Start.

Prince Rupert is off once more on a new lap of the race to prominence. The elevator contract has been let and the work will be commenced very soon. Over three quarters of a million dollars will be spent here within the next six months and that in itself should insure a lively season. Added to that is the steadily increasing production of the Seal Cove mill, the general improvement in the fish market and the increase in the tourist business.

Already there is an improvement in business in the city and merchants and others are becoming much more hopeful. Every week should see an improvement.

Improvements Being Made At The Mill.

Improvements are being made at the Prince Rupert mill with the idea of increasing production and extending the business. The management is keen to make the plant pay so that it may be a permanent local institution and in that they will receive the active support of Prince Rupert people. All wish the business well and hope the owners will make money out of it. The saws were silent so long that we all know what a welcome change it is to have them buzzing.

Church Union To Be Interesting Question.

Among the interesting news of the next two weeks will be that relating to the union of the Presbyterian, Methodist and Congregational Churches in Canada. While Prince Rupert is not going into the union in a complete sense, the people here are interested in the question. The final meetings of the governing bodies of the old churches are to be held within a few days and following that will be the first meeting of the united organization. Possibly there may be interesting developments in connection with these meetings.

Value Of Criticism In Life Of People.

We grow by means of constructive criticism and we die as the result of destructive criticism. Constructive criticism is that which is given for the purpose of bringing about improvement, while destructive criticism is that which originates in malice and with the idea of injuring the person criticized.

It is only through criticism that we are brought to a realization of our faults. We may go along blissfully ignorant that we are anything but model men and women until we happen to meet a candid friend or to overhear some spiteful talk not intended for us to know. Then we awaken to a realization of the fact that we are on the wrong road and that we must change our way or, as is often the case, we become more than ever confirmed in the righteousness of our course. In any case criticism is beneficial. It is only when undue and unjust criticism blights our hopes and dims our faith and causes us to lose confidence in ourselves, our cause, our friends or our organization that it is injurious.

Workers Must Always Expect To Be Criticized.

Workers must always expect to be criticized. No matter how good the cause, the person who is active in any line of endeavor is going to be talked about, spitefully buffeted, and have stumblingblocks placed in the path. The person who is not prepared to meet this sort of thing had better remain quiet and live the life of the jellyfish. To do things is to stir up the hornets who object to activity in their neighborhood. Any action is a challenge to the idle and an offense to the somnolent who sit by the wayside and spit and vomit forth bitter words.

WAR AGAINST OBSCENITY IN U.S. MAILS

Flood of Questionable Matter Including Low Class Magazines Stopped by Authorities

WASHINGTON, May 29.—Recent increase in the flood of questionable matter offered for transmission through the mails, has led to further tightening of the routine safeguards employed in the postal service for keeping it out and for prosecution of those violating the federal statutes in that regard.

Thousands of complaints have come to the office of the postmaster general from parents and associations asking that the department augment its efforts to protect children from obscene literature and pictures.

Upheld by Courts
The close surveillance exercised over the character of matter passing through the mails, officials believe, has affected a material decrease in the number of dealers in pornographic matter. Federal courts have discouraged the efforts of such dealers by upholding the post office department in each instance where rulings excluding obscene matter from the mails has been challenged.

Foreign dealers, especially since the war and the return of American soldiers from Europe, have been active in endeavoring to dispose of their products in this country. In many instances foreign consignments are intercepted at custom houses. The trade of these offenders has been crippled by the postal authorities returning to senders letters addressed to all known dealers in obscene matter, by confiscating great quantities of unmailable advertising circulars and the materials as well, and by acquainting those attempting to import such matter with their responsibility and liability to prosecution under the penal provisions of the laws.

The numerous small magazines, depending for their popularity on the pornographic material in them, are the source of continual complaint and the explosion of many of them from the mails curtails to a considerable extent their widespread circulation. These publications have been responsible for increasing the work of the post office department's legal forces. The magazines when excluded from the mails find their way to news stands through other channels.

Foreign dealers, especially since the war and the return of American soldiers from Europe, have been active in endeavoring to dispose of their products in this country. In many instances foreign consignments are intercepted at custom houses. The trade of these offenders has been crippled by the postal authorities returning to senders letters addressed to all known dealers in obscene matter, by confiscating great quantities of unmailable advertising circulars and the materials as well, and by acquainting those attempting to import such matter with their responsibility and liability to prosecution under the penal provisions of the laws.

BRIDGE AND SINGING ENJOYED AT PARTY

Mr. and Mrs. Glen E. Gulick delightfully entertained a number of friends at their home, 666 Seventh Avenue East last night. The playing of bridge occupied the greater part of the evening when Mrs. Bert Long won first ladies' prize and Bert Long the first gentleman's prize. At the conclusion of card playing delectable refreshments were served after which community singing was enjoyed accompanied by Mrs. Gulick and Mrs. Bert Long at the piano.

A feature of the evening was a comic song rendered by Arthur Bales to his own accompaniment on the piano.

Ten Years Ago in Prince Rupert

May 29, 1915.
The Standard Oil Co.'s tanker Atlas, Capt. Alex Kirkwood with Capt. McArthur as pilot, arrived in port yesterday from San Francisco with half a million gallons of distillate for the Imperial Oil Co.'s local tanks. This is the first vessel to arrive with oil for the new plant. The next will be the Drake with 43,000 barrels of fuel oil.

Halibut catches landed at this port during the month of May totalled 1,497,160 pounds valued at \$74,855.

Admiral Kingsmill of the Canadian Naval Service is expected here in a few days on a trip of inspection. The fisheries protection steamer Malaspina, Capt. Newcombe, is here to await the arrival of Admiral Kingsmill.

SEVERAL CONVICTIONS SMITHERS POLICE COURT

At a court held in the police station on Tuesday morning Magistrate Hoskins had four prisoners appear before him to answer to various charges. Two men were found guilty of signaling a ride on the passenger train and were given sentences, one of two weeks and the other three weeks.

One on a charge of being drunk was fined \$25 or in default of payment, 30 days.

The fourth was accused of stealing goods from the local drug store and pleaded guilty, he was remanded until Friday for sentence and the goods ordered returned.

TEA AND SALE

Affair Held Yesterday at Home of Mrs. Leek by Daughters of England for Memorial Fund

The Daughters of England held a tea and sale of home cooking yesterday afternoon at the home of Mrs. George Leek, Second Avenue, Westview, for their memorial fund. A goodly number of ladies called and the sum of \$15 was realized. Mrs. Leek was assisted by Mrs. J. Howe and Mrs. S. V. Cox. In the course of the afternoon there were vocal solos by Mrs. William Millar and Miss Marjorie Lancaster, the latter also playing a violin solo. Miss Eva Morris gave a recitation.

Commencing at a post planted at the southwest corner of Lot 4476 R.V. coast district; thence southerly along low water mark, 200 ft; thence southwesterly, parallel to the southerly boundary of Lot 4476, produced, 150 feet to the point of commencement, containing but an acre, more or less.
SKEENA RIVER PACKING COMPANY, LTD. Applicant.
Dated May 1st, 1925.

The Man in the Moon SAYS:

THE pursuit of bachelors is the sport of damsels.

HONEY will catch a fly but it will not always ensnare a man.

SOME men are like the rabbit that always keeps two jumps ahead of his pursuer and yet if caught becomes the most domesticated of animals.

NO woman should marry for money but she should see that the man of her choice has enough of worldly goods to keep love from slipping out at the window.

SOME women in their bachelor hunts use a net, others a gun, a trap, a hook, a knife and there are a thousand lures known only to woman.

THE man who makes love in public soon becomes uninteresting.

A WOMAN with a chattering tongue is worse than a buzz saw on the adjoining lot.

THE person who goes into marriage cautiously gets no thrill out of it but to the man who skids into it, adventure is ahead.

IF there were no women in the world, man would be supremely happy and uninteresting.

A SOCIETY woman in heaven would be as out of place as a chaperon at a petting party.

In the old days before the war and the jazz age I have been to parties that were as uninteresting as a baseball game in Victoria.

GOD made the country. The only thing that spoils it is the city visitor.

HOW we all love the cheerful liar who says "he enjoyed himself immensely, thank you."

SINCE the literature going through the post office has become so light, the next move will be to reduce the wages of the letter carriers.

THE bees come home at close of day
To rest their weary wings,
But the boys come home when all ginned up
And do such horrid things.

WHITES OF EYES TINGED WITH YELLOW? MUDDY COMPLEXION? YOUR LIVER IS OUT OF ORDER!

Mrs. Wm. Bourque, Fox Creek, N.B., writes:—I have been troubled with my liver for a long time, and was so bad I could not do any work. I had severe pains in my stomach that were so bad, at times, I could hardly stand them. My tongue became coated; I had a bad taste in my mouth, especially in the morning; the whites of my eyes were tinged with yellow, and I had a muddy or yellow complexion.

I had read a great deal about **MILBURN'S LAXA-LIVER PILLS** so decided I would try a trial, and after taking three of them I was greatly improved and felt more like living, and I can now do my own work without any trouble.

For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

KEEP COOL! Ice Cream

A Purely Home Made Product

L. Schultz, well known Atlin merchant, is a passenger on the Princess Mary today returning north after a business trip to Vancouver.

Mrs. W. C. Blanchard, wife of the assistant to the manager of the White Pass & Yukon Railway is a passenger on the Princess Mary today bound for Skagway.

Mr. and Mrs. E. A. Mann and family are sailing this afternoon on the Princess Mary for Kelchikan. They expect to be away about two weeks on a vacation trip.

Judge and Mrs. Macaulay of Dawson are passengers going through on the Princess Mary today bound north after having spent the winter in Vancouver and Ottawa.

W. D. Strench, immigration officer at Ketchikan, and Mrs. Strench are passengers going north on the Princess Mary today. They have been spending a vacation in the south.

O. B. Smith, formerly manager of the Granby Co.'s mine at Anyox, is a passenger going through on the Princess Mary today bound for the Atlin district where he will spend the summer.

T. G. Garrett, C. K. Snell and G. A. Garman, well known Vancouver commercial travellers, are passengers going north to the Yukon on the Princess Mary today. They will spend two or three weeks in the north.

COAL, \$14.50. "The Best." Double-screened Ladysmith-Wellington lump. Peerless Egg, \$11.00. Peerless stove, 12.50. No soot, clinker, little ash and no slack. Prince Rupert Coal Co. Phone 15.

MINES DECLARE MORE DIVIDENDS

Sum of \$2,896,174 Paid During 1924 as Compared with \$2,809,295 in 1923.

Dividends declared by mining companies in the province of B.C. during the year 1924 amounted to \$2,896,174 as compared with \$2,809,295 during 1923, according to the annual report of Hon. William Sloan, minister of mines, which shows profits as follows by the various operating companies:

	1923.	1924.
Premier	\$1,738,000	\$1,715,000
Consolidated	632,022	611,043
Britannia	198,415	198,415
Silversmith	150,000	175,000
Wallace Mt.	5,400	59,400
L.X.L. (Trail)	22,958	56,000
Bell (Beaverdell)		48,000
Apex (Stocan)		1,834
Mt. Chief		1,482
Surf Inlet	62,500	

Till for year \$2,809,295 \$2,896,174
The amount of \$2,896,174 shown above as distributed in 1924 by no means represents the total of net profits earned during that year. In nearly all cases substantial sums are set aside from profits to the credit of surplus and reserve accounts. Profits accruing to private companies and individual mining enterprises as a rule are not given publicity as dividends, as is the case with the large companies, so that no record of these profits, which in the aggregate are considerable, is available.

Here and There

According to the Alberta Provincial Department of Agriculture nearly a quarter of a million bushels of oats were shipped from that province to New Zealand for seed purposes last winter.

The Quebec Provincial Automobile Bureau estimates that well over 100,000 automobiles will be registered in that Province during the year. This will mean an increase over the 1924 registration of about 15,000 cars.

The 1924 exports of live cattle to Great Britain exceeded the 1923 figures by over twenty-two thousand heads, according to the official Canadian returns. Exports to the United States also showed a slight increase.

Four small wooden vessels to act as tugs and feeders from Coronation Gulf to Herschel Islands, in the Arctic, are being built at Vancouver, B.C., to the order of the Hudsons Bay Company. They will be well powered and sheathed in iron bark.

There is now only one mine in the Crow's Nest Pass district idle. Between eight and nine thousand tons of coal are being mined there daily and the mines at Coleman, Blairmore and Bellevue are rapidly striking their stride, their output being about six thousand tons.

Although the chief beneficiaries under the new British preference proposals will be Canadian sugar, tobacco and automobiles, it is stated that Canadian wines and silk goods will also benefit to a certain extent. In the sugar preference an increase of about 25%, and in tobacco of from a fourth to sixth has been made.

By a recent Order-in-Council of the Lieutenant-Governor, premiums for clearing land, which had previously been set at \$6 an acre, were increased to \$8. The Order also provides that the premium will be paid for a maximum of twenty acres of land and, as a result of it, a settler may obtain a grant of \$160 from the Government as a reward for his work.

The annual invasion of Canada by anglers from the United States has commenced. F. N. Peet, secretary of the Izaak Walton League of Chicago, with other members of the League is catching salmon at Cains River, N.B., while a party of prominent newspapermen from New York is at Lake Archambault, in the Laurentians, in quest of the elusive trout. Mr. Peet holds the world championship for casting a fly.

Walter Lindley-Jones, editor and founder of the Mercantile Guardian, of London, Eng., and an authority upon commercial matters in general, recently passed through Canada on the last lap of a journey around the world, by Canadian Pacific steamships and trains. Mr. Lindley-Jones states that a terrific boom is due in China as soon as hostilities cease there and that Great Britain and Canada will be the chief beneficiaries.

A man reached the station platform just as the 5.15 was pulling out. A little burst of speed netted him fifty feet in overcoming the train's handicap, but the best he could do thereafter was to run a losing race. He quit at the end of the long platform and returned. "Miss your train, sir?" enquired the porter cheerfully. "No, my friend," he replied, "Oh, no! I was just chasing it out of the yard. You oughtn't to allow it around here. Don't you see the tracks it has left?"—From "Rail Life," by Alfred Price.

Biggest Year in Mineral Production in History of Province was that of 1924

Mineral production in the province of British Columbia during the year 1924 totalled \$48,704,604 in value exceeding any other year since records have been kept according to the annual report of the minister of mines. The runner up year was 1916 when the production totalled \$42,290,462 in value.

District No. 1, which includes Atlin, Stikine, Liard, Naas River, Portland Canal, Skeena River, Queen Charlotte Islands and Bella Coola came third in the province during 1924 in value of production—the total of which was \$11,012,170 as compared with \$10,369,235 in 1923 and \$10,867,144 in 1922.

District No. 5 (Fort Steele, Slocan, Arrow and Kootenay Lakes, etc.) was first with a total production of \$21,952,774; District No. 6 (Vancouver Island and Mainland) was second with \$13,343,247. The total for No. 4

	1922	1923	1924
No. 1 District—			
Atlin, Stikine and Liard	\$ 155,274	\$ 157,874	\$ 153,122
Naas River	4,561,185	5,240,085	5,024,242
Portland Canal	5,288,469	4,121,243	4,952,955
Skeena, Queen Charlotte and Bella Coola	862,219	850,063	881,854
No. 2 District—			
Cariboo and Quesnel	192,300	270,575	240,000
Omineca and Peace River	99,814	11,000	246,078

of it, Portland Canal was also first in silver production with a total of \$1,937,241. Fort Steele was a close second with \$1,777,512.

Naas River division (through Anyox) led in copper production with a total of \$1,589,091. Vancouver mainland was second with \$3,102,580 (through Britannia). Fort Steele was ahead in lead and zinc, the volume of this accounting for its leadership in production totals for the province. Coal accounts for Vancouver Island being second in production total.

SMITHERS

John Bergman of Prince Rupert arrived in town this week and is busy getting things in readiness to start building a summer home for John Dybhavn at Lake Kathlyn.

Thomas Allen, C.N.R. engineer of Prince George, spent a couple of days in town looking up old acquaintances.

Joe Bourgon of Telkwa was a business visitor on Monday and Tuesday, returning home in a new Ford car purchased while here.

Archdeacon G. A. Rix of Prince Rupert spent a few days in Smithers and district, getting acquainted with the members of his church in this community, and discussing church work of the diocese. At a meeting of the officers of the local church, he outlined the plans for the future work in this parish explaining why it was thought advisable to have one minister in charge of this field which now includes Telkwa.

W. H. MacInnes of Victoria, provincial civil service commissioner, was in town on Tuesday and spent several hours at the local government office in connection with his tour of inspection of the agencies of the province.

Empire Day was spent very quietly in Smithers, a large number of citizens taking advantage of the nice weather and good roads to attend the celebrations at Telkwa and New Hazelton, while others went picnicking at Lake Kathlyn or on

fishing trips. The baseball team with several carloads of fans went to New Hazelton and spent a most pleasant day, the game was won by the Smithers team.

Mrs. Lester Davis and children after a residence in Smithers of three years left on Thursday to join Mr. Davis in Vancouver where they will make their home for awhile. Mrs. Davis was accompanied by her mother, Mrs. Martin and Miss Martin, an invalid sister, who came out from England a year ago.

The new building at the corner of Broadway and Main Streets, erected by A. T. Harrer as a butcher shop for Chas Morris has now been completed and Charlie has moved from his old stand next to Watson's store.

Dr. C. H. Hankinson and Mrs. Hankinson, formerly Mrs. A. F. Forde of Smithers, returned to town on Saturday morning after a trip of several weeks spent at points on the prairies and in Ontario.

RICE CROP LARGE

THE HAGUE, May 29.—Reports from Java state that rice will yield a bumper crop this year in the Dutch East Indies. Notwithstanding that thousands of unemployed have deserted the cities to help bring in the crop there is still a dearth of coolie labor.

STRIKE AVERTED

COPENHAGEN, May 29.—The threatened tieup in Danish shipping has been averted. The shipowners, seamen and firemen have signed a two year agreement providing for an increase in wages of five per cent.

RE-STOCK LAKES NEAR SMITHERS

Lake Kathlyn Chosen as Most Satisfactory for Planting Trout

SMITHERS, May 29.—In response to appeals from the Game Bureau of the Smithers District Board of Trade, Chas. Harrison, dominion fisheries inspector and C. T. Hearn, hatchery superintendent at Lakelse spent Tuesday and Wednesday in this district inspecting some of the lakes that the Board has requested to be restocked with trout.

In company with the officers of the Board of Trade and Rod and Gun Club they have been taken to the various lakes by D. D. Munro. Of the lakes closest to town it was found that at Lake Kathlyn the conditions were the most satisfactory for the planting of the eggs and it is likely that this work will be undertaken at a favorable opportunity.

PURSE OF GOLD WAS PRESENTED AT ANYOX TO REV. J. B. GIBSON

ANYOX, May 29.—On Wednesday night Rev. J. B. Gibson was the recipient of a purse of gold from the people of Anyox as a mark of appreciation of his services during the several years of his ministrations there. The presentation took place at a church social at which musical numbers were given and refreshments served.

Mr. Gibson, who was taken by surprise, thanked the donors and in a short address recalled some of the experiences in Anyox and said he hoped his successor would be given the same manly treatment by the men in the town that had been accorded him.

Mr. Gibson preaches his farewell sermon Sunday prior to leaving for Smithers where he will be located.

REGIMENTAL OPEN AIR JITNEY DANCE PUT OFF FOR WEEK

On account of the inclement weather last night it was impossible for the First Battalion North B.C. Regiment to hold the jitney dance on the new tennis courts for the children's ward fund. Nevertheless there was a dance held in the armory, the affair being attended by some 150 persons. The regimental band furnished the music and refreshments were provided by the Ladies' Auxiliary. Sergeant C. L. Youngman was master of ceremonies.

The open air jitney dance on the tennis court is now set for Friday, June 5.

COAL MINE OWNER OPENS A GROCERY

NOTTINGHAM, Eng., May 29.—Sir Charles Markham, owner of extensive coal mines, recently surprised his friends by opening a grocery store.

"I am not exactly a philanthropist," said Sir Charles in explanation, "but I do like to see the public get its money's worth."

FUNERAL OF AGED PIONEER

Donald McKinnon of Smithers was 94 Years of Age

The funeral of the late Donald McKinnon was held on Monday afternoon, a large number of friends attending to pay their last respects to one of the pioneers of this district.

Mr. McKinnon who was in his 94th year, came to Smithers some sixteen years ago and started farming on a piece of land on the road between here and Lake Kalthyn.

Two sons and a daughter survive, one of whom, D. F. McKinnon has been living on the farm with his father for some years.

HAVE MANY PLANS FOR INCREASING OUTPUT AT PRINCE RUPERT MILL

One of the guests at the Rotary Club luncheon yesterday was J. A. Smith, owner of the lumber mill at Seal Cove, who in the course of a short talk expressed the wish to know the people of Prince Rupert better. He said they had many plans on hand for increasing production at the mill and extending the plant and they would not be satisfied until all were accomplished.

CANNERY SHARES ARE SELLING IN EAST

(Toronto Globe)

B.C. Fishing came back into a prominent place in the market in yesterday's trading and advanced to 35 before selling off at the close. In both Toronto and Montreal there has been marked operations in this stock in anticipation of more satisfactory conditions in the fishing industry in British Columbia during the current season.

WALTER JULIAN, Applicant.
April 10th, 1925.

STEALING FROM CARS PARKED AT POLICE STATION

New Yorkers Lost Much When Waiting for Cases to Come Before Courts

NEW YORK, May 29. — New York's growing toll of motor violators has reached such proportions that the Traffic Court presents almost the worst traffic problem that motorists have to face.

Day after day the three court rooms, seating 120 persons each, are called upon to accommodate a calendar of from 500 to 700 cases, with 1,400 cases the high water mark during a recent parking crusade.

But the court itself is sometimes the least of the worries of the traffic violator. Street vandals often steal his car or pilfer all its movable parts while he is waiting in court; policemen leave him tickets for parking too long, pick-pockets use the daily crush to steal his purse and the inevitable delays in court cost him heavily in his business.

So full of terror is the ordeal for traffic offenders that court records show more than 99 per cent plead guilty, preferring to have the stigma "first offender" attached to their names than to add to delays by protesting innocence. Court attendants quote them as saying they want to get it over with as quickly as possible.

The parking space in front of the court house has become a thieves' paradise, court attaches say. Police reports show that the loot taken by youths who frequent the place includes twelve taxicabs, as many touring cars, a wagon load of pies, a truck-load of eggs, thousands of dollars worth of merchandise, motor robes, headlights, spare tires and anything that can be detached. One fruit merchant, summoned for speeding, found his truck denuded of 70 pounds of bananas, while he was in court.

The crowds in the building, waiting for their cases to be called, are often the prey for pickpockets. One banker reported his pocket was picked of \$360. A woman about to pay a \$10 fine for speeding found her purse empty when she opened it. Prospects of ten days in jail caused her to faint, but the court suspended sentence when it was learned she had been robbed.

Business men report that the inevitable delays are costly to them, one Wall Street broker asserting he lost \$18,000 during his enforced absence from the stock ticker.

PLANS NEARLY READY FOR MOVING BUFFALO

Transportation of Big Animals by Rail and Water to Preserve Near Fort Smith Begins Soon

EDMONTON, May 29.—D. H. Christie of the Northwest Territories department, Ottawa, has gone north to Waterways in order to look over the arrangements which are in progress for the moving of Buffalo from Wainwright park to the Wood Buffalo preserve at Fort Smith.

Mr. Christie, who will supervise the movement of the buffalo, spent a few days at Wainwright, and states that the young stock which it is proposed to move this summer, are all in splendid shape. The animals have been corralled in the park, and are quite tractable, so that no great difficulty is anticipated in transporting them over the long rail and water route between the two parks.

The original plan as previously announced, will be adhered to, the movement this summer contemplating about two thousand of the young buffalo, with a small number next year.

Weather and other conditions will be the deciding factor in the movement, but with favorable conditions, it is anticipated that the entire two thousand will be in their new home before the season closes.

Col. J. K. Cornwall, of Northern Traders, Limited, is already at Waterways, supervising completion of the river scows which will be used in transporting the buffalo by water, and also looking over the corrals that have been built at Waterways to hold

Wherever Work is Done

DIGNIFIED justices, robbed counsel...right down through the Court's long and varied list, the dependable *Waterman's* is working. Its activities are legion, Court tasks, with their continued writing, are some of the severest tests of fountain pen quality. Here, again, the famous *Waterman's* proves its capacity for hard wear.

Personal Equipment
He was a wise man, but a bit forgetful. Once he had a good idea, so he bought an extra *Waterman's* and kept it on his desk at the office. After that he might forget his watch but he was never embarrassed for lack of a fountain pen.

SPORT CHAT

The support of the sporting public of the city is bespoken for the Junior League football games that are being staged weekly on Saturday at the Acropolis Hill grounds. The games are well worth the dime admission and the presence of spectators, besides helping the youngsters to purchase their equipment, gives them encouragement in the sport. The games should be drawing larger crowds than they have been doing. Tomorrow's game will be the fourth of the season and the High School and Borden Street are to be the opposing teams. Borden Street announces the following line-up: McLean; Stiles and Veirick; Rogers, Parkin and Gurvich; Irvine, Smith, Hunt, Morrison and Millerd.

At a meeting of the Board of Control for test cricket matches held in London, the dates for the test matches against Australia next year were fixed as follows: First match at Nottingham on June 12; second match at Lord's on June 25; third match at Leeds on July 10; fourth match at Manchester July 24; Fifth match at the Oval August 14. The matches will be of three days duration, but the last will be played to a finish if the rubber depends on it.

At the Rotary luncheon yesterday a committee was given authority to try to organize a baseball team to wipe out the slur cast upon them in a recent challenge from the Inlanders to the effect that they were too old to play the game. The opinion was expressed that the Rotarians might put a creditable team in the field.

CANUCKS WIN FIRST GAME

Interesting Baseball Match Played Last Evening Between Canucks and Sawmill

The opening game of the Senior Baseball League last night between the Sons of Canada and the Sawmill was a first class affair which gave plenty of excitement to the rather small crowd of fans that, owing to the unfavorable weather, was present. The game was scheduled to go five innings but an extra frame had to be played before the Canucks emerged winners by a score of 7 to 6.

The Sons opened the scoring with one run in the first inning and the Mill evened up in the second with a questionable home run with no men on bases. The Canucks got two in the second and three in the third and, at the beginning of the fourth, the score was 6 to 2. In the fifth the mill again evened up by scoring for runs and in the sixth the Sons of Canada squeezed in the winning run.

The batteries were: Sawmill, Gray and McEwen; Sons of Canada, Roy and Balfour.

The teams lined up as follows: Sons of Canada — Farquhar, 3b.; L. Sherman, ss.; Jack Ratchford, cf.; Vic Menzies, 1b.; Balfour, c.; Harry Menzies, 2b.; Lambie, lf.; Roy, p.; Lidstone, rf. Sawmill — McMaster, 2b.; H.

SALMON TROLLERS

Before outfitting it will pay you to inspect our line of Trolling Gear. We have a new line of Salmon Hooks, Swivels, Cuttyhunk and Gear of all kinds.

In our stock you will find everything you require—Anchors, Rope, Chain, Marine Hardware of all kinds, Hull and Copper Paints, Galley Stoves and Utensils.

If it's for the boat we have it.

Boats are lost every year by fire—have you got your Pyrene Fire Extinguisher yet? We sell them.

Call and see us.
