MONKMAN PASS ROUTE TO PEACE RIVER

ENGINEERS REPORT IN FAVOR OF IT AND GIVE COMPARATIVE FIGURES

Monkman Pass Recommended to Government by Engineer Jones in Report Just Handed to Minister

Reasons Given for Choice is that it is Shortest and Cheapest Available
WILL SERVE PRINCE RUPERT WELL
May Go to Vancouver by Way of Pacific Great Eastern Railway or Redpass Junction

(Special to Daily News)
OTTAWA, Feb. 28.—Robert Jones, railway engineer, has forwarded his recommendation to Hon. Charles Stewart that the outlet from the Peace River country to the Pacific coast should be by way of Monkman Pass. His reasons are that it is the shortest and cheapest.
Jones made the report at the instance of the minister of the interior and has forwarded it to Ottawa with plans, profiles and estimates of cost of such a line.
The proposed line would start from Grande Prairie and proceed along the Monkman Pass to Hansard on the main line of the Canadian National Railway and from there to Prince Rupert over the present track.
The outlet to Vancouver would be by either using the Pacific Great Eastern or doubling back to Redpass Junction and going down the main line of the Canadian National.
The distance to Vancouver by the Monkman Pass route is 76 miles shorter than by any other line. It is estimated by the engineer to cost \$9,000,000 and the McLeilan-Brule line \$12,000,000, while the Pine Pass route would cost \$14,000,000.
Mr. Stewart came out flat-footed in favor of Monkman Pass route today. "The cost would be a big factor in the enterprise and the route by Monkman Pass is the least expensive," the minister pointed out. "In addition it meets all the requirements of the situation. If we adopt this plan, development will come about more quickly than by the other scheme."
Hansard is 45 miles east of Prince George and 513 miles from Prince Rupert.
Red Pass Junction is 163.9 miles east of Hansard so trains going to Vancouver would have that distance to double back.
Monkman Pass has been very little in the public eye until last summer when it was announced that the pass with an easy gradient and direct route had been discovered. Then interest in it seemed to die out so far as the public was concerned, but the engineers were meantime doing their work with the result that it is the route now strongly favored.

President of German Republic Died To-day Following Operation

BERLIN, Feb. 28.—Friedrich Ebert, first president of the German republic, died at 10.15 this morning of peritonitis, following an operation for appendicitis five days ago.
The president was formerly a saddlemaker. His skill has been shown in guiding the infant republic through the troublesome years of its existence and which is acknowledged by its bitterest enemies to have made a gallant fight for life.
President Ebert was first taken ill Monday night and following an operation the doctors believed the danger was past, but the patient failed to rally and passed away this morning.

John the Finn Sued for Breach of Promise of Marriage by Lady who Came to Stewart from England

VANCOUVER, Feb. 28.—Heart balm to the extent of \$10,000, besides a little sum of \$550 the cost of her trousseau and tickets from England to Stewart, is claimed by Lottie Maude Munn, who is suing John Haahli, a Stewart mine owner known there as "John the Finn," for breach of promise of marriage.
The lady testified in court yesterday that friends of Haahli induced her to come to Canada for the purpose of marrying him. Up to that time she knew him only from correspondence and photographs. She arrived in Montreal but, failing to receive a reply to messages sent upon arrival, she went to Hamilton where, as she testified, she "practically forgot all about defendant."
Letters waxed warmer as time went on and she received the following:
"My dearest Lottie—
"If you like we will get married. I can support my wife any old place and under any conditions. I have all the logs ready and it won't take long to build.
"Your Mountain Boy,
"JACK."
It was on account of the "mountain boys" conduct toward her upon the night of her arrival at Stewart that she returned to Vancouver "heart-broken."
The defense argues that the question of marriage was conditional on each being satisfied with the other. They say Miss Munn refused Haahli on the night of her arrival in Stewart.
W. B. Morgan was admitted to the General Hospital yesterday to undergo an operation.

ROSS WATSON IS REMANDED

Appears Before Magistrate at Nanaimo and is Refused Bail
NANAIMO, Feb. 28.—Ross Watson, alleged bank bandit, charged with participating in the \$42,000 Royal Bank robbery here on December 12 appeared before Magistrate Potts last evening and was remanded to March 7 and refused bail.
The magistrate observed that he would be strongly inclined to grant bail unless the crown was ready to proceed with the case.
GRAIN TO VANCOUVER
WINNIPEG, Feb. 28.—Since August 1 the Canadian National Railways has delivered at Vancouver 3,408 cars of grain. The loadings on the whole system for the week amounted to 1475 cars.

KITIMAAT BAND MAY GO SOUTH

Proposal to Take Them on Tour in Cities Outside
After having spent a month at Kitimaat training the native band at that place, Henry Slatter, well known Vancouver bandmaster, arrived in the city on the Chilkoot yesterday afternoon and this morning sailed on the Venture for Vancouver.
It is possible that the Fair Board may again engage the Kitimaat band for the Exhibition this fall providing satisfactory terms can be arranged. The organization was here last Fall and, under the direction of Mr. Slatter, made a splendid impression. Mr. Slatter met members of the Fair Board informally last night and told them that, since the band was here, it had improved greatly. Mr. Slatter is very enthusiastic about these proteges of his and is working on a plan of taking them to Vancouver and possibly more distant points for recitals.
Mr. Slatter stated this morning that he hoped to be back in the city later in the year. He may even decide to locate here for a while if there is sufficient demand for his services as a band master and trainer.

FELL 190 FEET TO AWFUL DEATH

Gerald Harling, 21, Bridgeman of C.N.R., Victim of Accident Near Hazelton

Gerald Harling, aged 21, bridgeman employed by the B. and N. department of the Canadian National Railways, met a terrible death on Thursday afternoon as a result of falling 190 feet from a bridge one mile west of Hazelton on which he was working into the rocky canyon below.
Harling was using his peevie to remove a rail and had the point in a track bolt hole when, in some manner, the tool slipped. The unfortunate young man lost his balance and hurtled over the bridge. He was picked up in a terribly mutilated condition and taken to the Hazelton Hospital where he expired a few hours later. The accident occurred at 2.30 Thursday afternoon.
Deceased came from McBride where his parents reside and where interment will take place after an inquest has been held at Hazelton on Monday.

TOTAL CATCH THIS MONTH

Bad Effect of General Rush to Get Home First Not Beneficial
The pace of the halibut fishermen from the banks to this port during the past week in order to be the first to market catches and thus gain the high prices that it was expected would follow the resumption of bidding after the expiry of the close season did not have a beneficial effect as far as the fishermen were concerned for the large quantity of fish offered caused the market to collapse. The landings since the season opened totaled 4,146,600 pounds as compared with 1,499,300 pounds sold here during the entire month of February last year and 3,169,300 pounds from January 1 to February 28.
In addition to the fish that was actually unloaded from the halibut schooners here, 336,000 pounds was offered but was taken south when satisfactory bids were not made.

**Does your pen Qualify?
Yes, it's a Waterman's**

Any fountain pen's usefulness depends upon three things—the nib, the ink supply and the flow.

The nib must conform—the ink supply must be generous, the flow must be steady and continuous.

There is a Waterman's nib to suit every possible style of handwriting. The ink supply in every Waterman's is greater than that of any other pen of similar size. The "spoon" feed—exclusive to Waterman's—is the one method by which a steady flow of ink is assured.

It is because of these features—because of its ability to write properly at all times—that there are more Waterman's in use than all other makes of fountain pens combined.

AGONIZING RHEUMATISM

OF 5 YEARS STANDING COMPLETELY RELIEVED BY "FRUIT-A-TIVES"

Mr. JAMES DOBSON

"So good enough to publish for the information of Rheumatism sufferers how "Fruit-a-tives" relieved my Rheumatism which had at least five years' standing. "The trouble was in my right hip and shoulder; the pain almost unendurable. This kept up until I started to take "Fruit-a-tives". After a continuous treatment for about six months, I am now in first-class condition. This, I attribute to my persistent use of "Fruit-a-tives."

The above is the letter which Mr. James Dobson of Bronte, Ont., wrote after trying the wonderful Fruit Treatment—"Fruit-a-tives"—which consists of intensified fruit juices combined with tonics. If you suffer with Rheumatism, "Fruit-a-tives" will make you well and keep you well. 25c. and 50c. at dealers.
