VANCOUVER LIQ. VENDOR WINS LIBEL SUIT

NOVA SCOTIA STRONGLY CONSERVATIVE WIPING OUT LIBERAL AND LABOR

Liberals and Laborites go down to defeat when Conservatives win N.S.

Only One Minister is Elected and Combined Opposition of Four out of Forty-Three

HALIFAX, June 26.—Premier Armstrong's Liberal government went down to overwhelming defeat in the general elections throughout Nova Scotia yesterday. Early last night indications were that the Conservatives under Hon. E. N. Rhodes are returned with a majority of anywhere from 30 to 40 in a house of 43 members.

Premier Armstrong was beaten in his own riding of Shelburne.

HALIFAX, June 26 (noon).—Nova Scotia found itself this morning in the hands of a Conservative administration for the first time in 43 years. The latest returns show the Liberals with only three sure seats in an assembly of 43.

Eight Labor candidates, it is estimated, are believed to have lost their deposits. Hon. Wm. Ghisholm, minister of works and mines, is the only cabinet minister elected in Antigonish county.

It now looks as if there would be a house of 39 Conservatives, three Liberals and possibly one Laborite, Archibald Terris, who ran in Cumberland county with the endorsement of the Conservatives.

RANCHER TELLS OF AVALANCHE

Immense Lake Formed by Filling of Valley With Earth and Rock

JACKSON, Wyoming, June 26.—George Huff, a rancher, brought word here today of an avalanche on the north side of Sheep Mountain which crumbled and fell across the Grosventre Valley near here Tuesday.

Huff, who was riding a horse at the time, had a narrow escape. The avalanche with a roar bore toward him in the form of a moving wall of boulders, trees and earth 100 feet high.

Many ranch homes and cattle were lost but no reports of deaths have been heard. It is feared further damage may be caused when the huge reservoir formed by the avalanche fills with water by a river flowing into it, as it will form a lake six or seven miles long and a mile wide and a possible depth of 300 feet.

NO DOMINION ELECTION NOW

While Nova Scotia Result Was Provincial it Has Effect on Federal Outlook

(Special to Daily News)
OTTAWA, June 26.—The general impression here in official circles is that there will be no Dominion election this year, following the disastrous defeat of the Armstrong Government in Nova Scotia. Ministers were not at all surprised at the way the vote went but refuse to say anything for publication. They say it was a provincial issue and nothing to do with Dominion politics.

PUBLIC SCHOOLS OF CITY CLOSED TODAY

Little Formally in Final Dismissal of pupils for Long Holiday

The public schools closed this morning and the children now have set out on their long holiday of something like ten weeks. There were very few formalities in connection with the closing. Some of the rooms had little concerts, receptions, and in some cases presentations.

Most of the teachers are leaving the city for the vacation, a good many going to their homes in the south.

So this is Canada—and that's Quebec," lip these little immigrant tots as they catch their first glimpse of a new world by landing at an old-world city.

Ladies Home Journal Publishers are Sued for Libel and have to Pay \$6,000 to Vancouver Man

Said Small Children Purchased Liquor at the Government Store and 225 Bootleggers in City

VANCOUVER, June 26.—A. C. Dixon, government liquor vendor, was awarded \$6,000 damages by a jury in the Supreme Court in an action against the Curtis Publishing Co. and A. B. Macdonald of Kansas City.

Dixon's libel action was based on a story written by Macdonald and published in the Ladies' Home Journal for June, 1924, to the effect that Macdonald had seen children, who were so small that they were forced to stand on tiptoe to reach the top of the counter, being served with liquor in the Hastings street store.

In addition Macdonald credited Vancouver with having 225 bootlegging establishments in which thousands of people were drunk during the night of his investigation in December, 1923.

FIRE DAMAGES CENTRAL HOTEL

Water More Serious Factor Than Flames Which Broke Out in Roof This Morning

Due more to water than fire, considerable damage was done to the southeast corner of the Central Hotel this morning when fire broke out in the roof and fanned by a strong wind, had made some headway before it was discovered. The cause of the flames had not been definitely ascertained this morning. The alarm being turned in at 9.45 by J. Slade Stevens, who from his office across the street, noticed smoke issuing from the roof. By the time the fire department arrived the flames had taken some hold and it was necessary to string two hose lines through the three storeys of the building and roof was burned but water going down into the rooms caused more damage to the interior of the buildings and its furnishings. Pete Black Jr.'s radio outfit also came in for some damage.

So pleased were Mr. and Mrs. Black with the work of the fire department that, soon after the blaze had been extinguished, they sent a check for \$50 to the Hall to be split up among the firemen. The department was also given able assistance by citizens who happened to be on hand.

SENATE QUASHES B.C. LIQUOR BILL

OTTAWA, June 26.—A six months' hoist was given in the Senate to the bill amending the Canada Temperance Act to prohibit the importation of liquor by private persons in territory where there is government sale.

The Bill has intended to benefit British Columbia.

The mail passenger train, due from the east at 3.30 this afternoon, is reported on time.

Heat Wave Struck Southern B.C. Victoria showing 95 Degrees, New Westminster 94 and Vancouver 92

VANCOUVER, June 26.—The heat wave that for the past day or two has been hovering over the Pacific coast states extended to British Columbia yesterday when record June temperatures were registered in many places.

In Vancouver the thermometer mounted to 92.4, within a fraction of the highest temperature ever recorded here.

In New Westminster the record showed 94, the warmest in 25 years. Victoria went higher than any, the thermometer showing 95, the highest in the 51 years that the records have been kept.

Wong Foon Sing Abduction Case Commences and Papers Produced After Chinaman Had Told Story

VANCOUVER, June 26.—Wong Foon Sing's sworn testimony on the kidnapping on March 20 and the incidents which followed for 41 days before he was released were related in the Point Grey police court yesterday at the hearing of ten of the people accused of being implicated in his "illegal detention."

The Chinaman's story differed little from the previous stories published and he insisted that he had been hanged until he lost consciousness. His examination and cross-examination were finished and the afternoon session was taken up with the production of the contents of the vault of the Canadian Detective Agency seized by the Provincial police.

O. B. V. Robinson and his son were released on bail.

Joseph Oliver, counsel for Robinson, protested that the business card of M. B. Jackson, K.C., special investigator of the Janet Smith murder, which was supposed to have been found in Robinson's papers seized was not produced.

Inspector Forbes Cruikshank, provincial police officer who seized the papers, denied that such a card was found.

A long list of papers and documents were produced and the hearing was adjourned until 2.30 this afternoon.

KIWANIS CONVENTION GOES TO MONTREAL

Famous Canadian National Railway's Pipe Band Took Part in Demonstration

ST. PAUL, Minn., June 26.—Immediately following a tableau typical of the arrival of Champ-lain in Montreal, followed by an official invitation extended by Henry J. Elleot of Montreal, the 5,000 Kiwanians assembled in this city today voted unanimously to hold 1926 convention in Montreal next June.

The vote for the convention followed a demonstration by the Montreal delegation in which the famous pipe band of the Canadian National Railway shops at Transeone, Manitoba, participated. The pipe band also took part in the invitation at the convention hall following the tableau with music and fancy marching and supporting the actors and the speakers as well as displaying the huge flag presented to the winning convention city. The band was loaned by the C.N.R.

FIRE WIPES OUT VILLAGE

Catholic Church and Twenty-Three Houses Taken When Clayoquot Destroyed

VICTORIA, June 26.—Twenty-three houses and the Catholic Church of the Indian village of Clayoquot on the west coast of Vancouver Island have been destroyed by fire, according to word received here. So far as is known no lives were lost.

FRED MIGGINS WAS IN AN AUTO SMASH

Fred Miggins, Aldergrove, was arrested on a charge of driving to the common danger, and his wife, Josie Miggins, on a charge of being intoxicated, after an automobile driven by Miggins, crashed into and demolished a fire hydrant at Powell Street and Campbell avenue. The breaking of the hydrant caused a miniature flood and workmen from the waterworks department had to be called out to repair the damage. —Vancouver Province.

FIRE GUTTED SHOP CITY OF VICTORIA

VICTORIA, June 26.—A fire here gutted the premises of the Staples & Carter Electric Company doing damage to the extent of about \$20,000.

Mrs. L. P. Kenny and family are sailing tomorrow night on the Prince George for Victoria.

THEATRE FIRE KANSAS CITY

Several Lose Lives Probably in Blaze But Number Not Yet Known

KANSAS CITY, June 26.—Probably 35 people were killed and scores injured when an explosion followed by fire destroyed the Burlesque Theatre here last night while an audience of about 100 was viewing motion pictures.

A volunteer corps of firemen is today digging in the smoldering debris for bodies but the number of known dead is still uncertain.

The explosion in the theatre, which was on the second storey of an ancient five-storey building, came at eleven o'clock and was followed immediately by an outburst of flames and the collapse of the floor and balcony of the auditorium.

Most of the members of the Burlesque company were in a nearby restaurant at the time.

Later News Better
KANSAS CITY, June 26 (noon).—Only one death, that of a fireman killed en route to the fire at the Gillis Theatre last night is definitely known this morning and it is believed that not more than six or eight bodies will be found in the debris.

COL. McMULLIN VISITING CITY

Superintendent of Provincial Police Arrives from Interior and Will go South Tomorrow

In the course of a tour of the district on an official inspection trip, J. H. McMullin, superintendent of provincial police and former government agent here, arrived in the city from the interior last night and will proceed south on the Princess Beatrice tomorrow.

Mr. McMullin has been visiting Kamloops, Quesnel, Prince George and Smithers. He had no official announcements to make this morning other than that it was expected to get the local and district provincial police force into their new uniforms in the very near future.

KILLED BY AUTOS CITY OF VANCOUVER

VANCOUVER, June 26.—Phyllis Martindale, 15 years of age, was killed on Kingsway last evening when struck by an auto.

This morning, on the same highway, Lawrence Couseneau was killed and his father and brother injured when the car they were driving to work was struck by a fire truck.

DAILY EDITION

Friday, June 26, 1925.

Union of Railway Complete Or Nothing.

If there is to be any union of the Canadian Pacific and Canadian National Railways it should be absolute and complete. One should absolutely absorb the other or they should remain independent. To do otherwise is to see one neglected while the other is built up, and ours would be the one.

Prince Rupert people know only too well what happened when there was a union of the G.T.P. and the C.N.R. under the practical management of the latter before they were united. To have that repeated would probably wipe Prince Rupert off the map or delay her development interminably.

Danger Of Immense Political Machine.

To have all the railways of the country under one management would tend to place an immense power in the hands of one corporation. We are not necessarily objecting to the change but simply pointing out some of the difficulties. As it is today, the C.P.R. is the most powerful political machine in the country and to double its power would give it such control as to be a danger. That is the view of many thinking people and is probably a correct view.

It rather looks as if the shareholders of the C.P.R. were looking for a soft spot to land. They are asking for a guarantee of dividends which would place them in an unassailable position.

What looks more feasible would be to sell out the C.N.R. to a big railway that at present has no western connections. It would mean an immense lot to this part of the country.

Alberta Looking In Wrong Direction.

Alberta has been trying to sell her coal in Ontario and the scheme has fallen through. It is like trying to force water to flow uphill. Where they should look is to the Pacific coast. Bunkers should be built at Prince Rupert as recommended by their trade commissioner some years ago. This is the natural outlet for the supply of that commodity. We are not far away and there is a good grade throughout.

Stork Has Idea To Be Followed.

The suggestion made by Fred Stork that Prince Rupert was the best bet he knew or something to that effect is one to be considered seriously. Mr. Stork's politics may not appeal to everyone but his advice on a matter of that kind is sound.

Another suggestion given by a recent visitor that Canadians would rather wash dishes in the U.S. than live in this wonderful country is worth thinking about. There are six thousand people who think this the best place in the world or they would not be here. The fare to Vancouver is only a little over twenty dollars.

Summer Wrong Time To Leave Prince Rupert.

The summer is the wrong time to leave Prince Rupert. Some day this will be one of the playgrounds of the world where people will come to spend holidays instead of to leave. With our salt water swimming, our natural scenery, and the wonderful inland waters, including rivers and lakes and inlets, we have something here that it would be difficult to duplicate.

All together once more, everybody. Let us say a good word for Prince Rupert and let no one get away with anything but the best possible impression.

SUIT AGAINST DAVE HANCOCK IS ADJOURNED

Miss Alice Davis is too Busy to Proceed Now With Action Against Mining Man

The \$25,000 breach of promise suit brought by Miss Alice M. Davis, a Vancouver nurse, against David James Hancock, well known mining operator, formerly of Albee Arm, has been adjourned in the Vancouver courts until September 15 because the plaintiff is at present engaged in nursing and is too busy to proceed with the case. B. O. Oughton, formerly a practising lawyer in Prince Rupert, has the case for Miss Davis while E. R. Sugarman is defending.

Plaintiff alleges that defendant verbally, on October 14, 1923, promised to marry her by June 10, 1924, or within a reasonable time thereafter; and she avers he repudiated the agreement on March 2, 1925. In addition to the \$25,000 damages, Miss Davis claims \$3,463 which, it is alleged, she advanced from time to time to Hancock.

A defense has been filed which denies plaintiff's allegations and admits the receipt from her of \$350 for investment in mining claims. The money will be paid, it is stated, when the mineral claims have been sold.

PIERS BEFORE ROTARY CLUB

Sir Charles Gives Interesting Address on Transportation the Mainspring of Civilization

That transportation is the mainspring of modern civilization was emphasized at the Rotary luncheon yesterday afternoon by Sir Charles Piers, Bart., journalist and soldier of Vancouver. Without transportation, the world would never have reached its present stage of civilization.

Sir Charles traced the growth of civilization through transportation. He told of the effect of the old Roman roads and of what happened when the barbarians swept in from the north and destroyed communication. The roads were still to be seen in England and some of them were the foundation of the present fine highways in that country. They were splendidly built of block stone.

The invasion of the Danes practically wiped out the civilization of that day and people reverted to the use of pack trains. He showed why the roads wended and twisted and kept to the high ground and open country.

The influence of transportation on the war was told and Sir Charles stated that in the Crimean war more Russian soldiers were lost in getting the men to the scene of operations than in actual battle.

The effect of transportation was to enlarge the views and to broaden the mind. It was a danger, however, to people of a romantic mind who could not stick to the truth.

Telling of the horse age, the speaker pictured the days when people rode everywhere on horseback. This was followed by coaches and post chaises when advertisements said they would arrive at a certain date "God being willing." The industrial age brought forth the steam engine and the railway and this was followed by the present motor age.

Sir Charles interlarded his address with interesting anecdotes.

The Man in the Moon SAYS:-

THEY should have lived here. He could have joined the avvil chorus.

THE other day I heard a man say what he'd do if he were a woman and yet if he were he'd paint and powder and pose and flirt and probably smoke and enjoy the use of the mirror just as much as any of them.

LET us sing a lullaby As along the beach we lie. There beneath the silvery moon Why not sit, and sit and spoon?

WHAT I like about this country is that you can eat chicken from your fingers and old Mrs. Grundy was buried years ago.

SOMEONE suggests that the new United Church is a dove-cote with a Pigeon as moderator.

IF this new trade treaty with Australia goes through, we shall probably get to know the southern continent as something more than a place where they produce cricket teams that can beat the All-England eleven.

EARLY to bed and early to rise And your wife will step out with the live young guys.

THE only good thing about some jazz dances is the upright piano.

IT isn't the girl who smiles that counts

When everything goes wrong, Nor is it the girl who meets defeat

Singing a gay little song. The song and the smile are well worth while

Provided they're not a bluff. But here's to the girl who can sing and smile

And never get in a huff.

Ten Years Ago in Prince Rupert

June 26, 1915.

The Granby smelter at Anyox is steadily operating now. Three furnaces are going and a fourth will be blown in by August. There are about 1,000 men employed at the smelter and mines. In view of the high price that copper has reached, the company has taken a step to allow the men to share in the profits and a 50c per day advance in wages has been voluntarily given.

Major J. H. McMullin will start recruiting tomorrow for the third contingent from this district for service overseas. The objective is 175 men between here and Prince George. Capt. Van der Byl will leave for the interior to recruit men.

The real estate men of Prince Rupert have formed a baseball team to meet the winners in the game between the professional and retail men. The realty team which is under the management of M. P. McCaffery, will be as follows: David M. Hays, pitcher; J. B. Doig, catcher; Peter McLachlan, first base; George Arnold, second base; Fred Button short stop; T. D. Pattullo, third base; G. R. Naden, right field; M. M. Stephens, left field; Samuel Harrison, centre field.

STEP DANCING WAS VERY ATTRACTIVE

The feature of the entertainment at the Auditorium last night was the step dancing of H. Goudreau, the expert who does some very clever work. He showed

O. B. Bush, well known mining operator, is a passenger bound north to Stewart today on the Prince George. He reports that diamond drilling is proceeding on the National Silver mine though results have not yet been definitely ascertained.

The official report on yesterday's heat wave was that the thermometer of the Meteorological department at Digby Island registered 88 degrees in the shade. This is by far the hottest of the season and probably the hottest for many years. Today it is much cooler.

C.N.R. steamer Prince George, Capt. Harry Nodden, arrived in port this morning from the south and will sail at 4 o'clock this afternoon for Anyox and Stewart. The vessel had a good passenger list including a number of tourists, some of whom went East by train and others making the round trip. The George will return from the north tomorrow afternoon and will sail at 6 o'clock for the south. Leaving here she will be a full vessel, her list of bookings containing besides a large number of local passengers and tourists, the Governor General's party and the University of California Glee Club.

Mr. and Mrs. B. O. Erickson of Stewart are passengers going north from Vancouver on the Prince George today.

Mrs. William Beveridge and her son, Norman Short, are sailing tomorrow night on the Prince George for Vancouver.

F. S. Sheppard, C.N.R. travelling auditor, arrived from Vancouver this morning and will return south tomorrow night.

A new telephone directory is to be issued on August 1 and the utilities department is now calling for tenders for its printing.

Miss Laxton and Miss Greighton of the public school staff are sailing tomorrow night for Vancouver where they will spend the summer holidays.

Mr. and Mrs. Frank Clapp, who have been spending several months in Arizona on a health trip, returned home on the Prince George this morning.

F. E. Ryus, Ketchikan druggist and agent for the C.P.R., was a passenger going north on the Princess Alice this afternoon on his return from a trip East.

Father E. Allard, who is to be located in the Dease Lake and Liard River district for the coming season, sailed for the north on the Princess Alice this morning.

Einer Beyer, well known Seattle fish exporter, who has been visiting the district for the past few days, will return south on the Prince George to-morrow night.

W. B. Burgess, who has been on the local staff of the Bank of Montreal for some months, left on this morning's train for Prince George to which point he has been transferred.

J. M. Turnbull, Vancouver mining engineer, is a passenger bound for Stewart on the Prince George today. He will make an examination of the Dunwell mine for a prospective purchaser.

Among the members of the local school teaching staffs who will sail for Vancouver on the Prince George tomorrow night will be Miss Mary Sim, Miss Hartin and Miss I. Weatherhead.

The fire department had another call just after 1 o'clock this afternoon to the Central Hotel where sparks were still smouldering from this morning's blaze. No further damage was caused.

The Library Board has awarded the contract for painting the interior of the library building to Joe Filion, the price being \$65. He will commence on Monday, July 6, when the library will be closed until July 20, while the librarian takes her holidays.

With 220 passengers, mostly tourists aboard, C.P.R. steamer Princess Alice, Capt. C. C. Saintoy, northbound from Vancouver to Skagway, was in port from 10 to 12 o'clock this morning. Passengers leaving here for the north on the vessel included: Father E. Allard and Mrs. H. J. Gilbert for Wrangell; P. C. Johanson and Mr. Chisholm for Ketchikan; Jim Bell for Atlin.

SALT LAKES SERVICE

ENTERTAINMENT AT SEAL COVE SCHOOL

Interesting Program Given by Children Before Parents and Others Yesterday

The Seal Cove school, under the principalship of Miss Ruth Stewart, held an interesting entertainment yesterday afternoon which was attended by a number of parents and friends.

Opening march, Miss Larsen at piano. Songs—O Canada! the school; Sweet and Low, grade 3 and 4; Daffy Down Dilly, Robert Kelsey, Jack Storrie and Kazu Nishio; The Maple Leaf, the school.

Action songs—Mr. Rat and Mistress Mouse, grade 1 and 2; Sleep Baby Sleep, girls of grade 2 with dolls.

Costume and action song—The farmer, grade 1 and 2. Two part songs—The Blue Bells of Scotland, grade 3 and 4; John Peel, grade 3 and 4.

Recitations—Farewell to the Farm, Mary Martin; The Darling Froggie, Edna Strand; Little White Daisy, Leo Doiron; A Wet Sheet and a Flowing Sea, Amigo Soriano; Queer Pussies, Emma Doiron; An Eastern Legend, Brian Parsons; Miss Daffodil, Robert Kelsey; The Riders of the Plains, Charles Anderson; Little Things, William Murdoch; Somebody's Mother, Thelma Skinner; Little Hands, Edith Brewerton; Bees, Jack Storrie.

Costume monologue—The Lost Camel—Robert Peachey. Violin and piano duet—Youthful Days and Home, Lillian and Premo Vaccher.

Violin solos—Pop goes the Weasel; The Boys Brigade; Barcarole, Premo Vaccher. Dramatization—Wake up song, Charlotte Soriano.

Certificates and prizes were presented as follows: Division I, grades III and IV. Honor Rolls. Perfect attendance—Charles Anderson, Aleza Dodd, Lillian Vaccher.

Good conduct—Bertha Bjornsson. Proficiency—Thelma Skinner. Prizes for neatly kept exercise books—Bertha Bjornsson, Thelma Skinner, Mae Cavendish.

Pressed flowers—Lillian Vaccher, Angelica Colussi. General progress and good averages—Fred Peachey, Aleza Dodd.

Grade VII, for good work.—C. Soriano, W. Murdoch, Brian Parsons, R. Peachey. Division II, Grades I and II. Rolls of Honor.

Proficiency—Eleanor Sievert. Department—Edna Strand. Attendance—Edith Ferguson. Prizes for neatness—George Viereck, grade 2; Rupert Soriano grade 1.

Writing certificates, grade 2.—June Smith, Kazu Nishio, Darrow Gomez, Alice Gomez, Edith Ferguson, Edna Strand, Cecile Cavendish, Eleanor Sievert. Grade 1.—Rupert Soriano, Emma Doiron, John Slatta, Viva Grieve.

WHITES OF EYES TINGED WITH YELLOW? MUDDY COMPLEXION? YOUR LIVER IS OUT OF ORDER!

Mrs. Wm. Bourque, Fox Creek, N.B., writes: "I have been troubled with my liver for a long time, and was so had I could not do any work. I had severe pains in my stomach that were so bad, at times, I could hardly stand them. My tongue became coated; I had a bad taste in my mouth, especially in the morning; the whites of my eyes were tinged with yellow, and I had a muddy, yellow complexion."

I had read a great deal about MILBURN'S LAXA-LIVER PILLS so decided I would try a vial, and after taking three of them I was greatly improved and felt more like living, and I can now do my own work without any trouble."

For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Ward and Mrs. C. P. Riel poured and were assisted by Mrs. Chas. Balagno, Miss Virginia Riel, Miss Margaret Davidson, Miss Agnes Gratton and Miss Palmira Astoria. Mrs. Peter Byrne had charge of the home cooking table and Mrs. W. Sloan looked after the refreshments.

The winner of a pillow, donated by Mrs. Hilditch, was Miss Helen McMeekin.

GYRO BEAT ROTARY IN TENNIS TOURNAMENT

The Gyro Club tennis players beat those from the Rotary Club in the tennis tournament on the Aeropolis Hill courts yesterday by three matches to two.

The scores were as follows: Singles. Sidney Bazzet-Jones beat Col. J. W. Nicholls, 6-3, 6-4. Sidney Bazzet-Jones beat S. D. Johnstone, 6-3, 6-4.

S. D. Johnstone beat Milton Gonzales, 6-4, 6-3. Col. Nicholls beat Milton Gonzales, 3-6, 6-4, 6-2.

Doubles. Douglas Stork and W. Cruikshank beat T. McClymont and H. H. Little, 6-4, 6-3. Referees were J. C. Brady, A. E. Wakefield and Col. McMordie.

SALT LAKES PROVED POPULAR ATTRACTION

The Salt Lakes proved a popular attraction yesterday, a large number of people visiting there and enjoying the bathing.

Launch 23 plied regularly between the Prince Rupert Boat-house and the lake but owing to the fact that the service had not been advertised a great many did not know the boat was running.

Verify Innuendo

It is a pity that "Footballer" did not take the trouble to verify his innuendo, before rushing into print with a story well calculated to bring more harm than good, to local football.

There is a possibility that these charges are not directed against us, but if such practices are actually being employed by one or other of the teams, it is "Footballer's" duty—after having committed himself as he has—to have the moral courage and sportsmanship to definitely accuse the offending parties, over his own signature, and not to cast, what appears to us to be, an unmerited slur upon all the teams in the league.

For the future guidance of "Footballer" we would suggest that he place any charges he may wish to make, before the officials of the Football Association, and not attempt any mud-slinging tactics, through the medium of the press, over a "nom de plume."

Now Mr. Editor, we trust we have not taken up too much of your valuable space, but for our own justification, we deemed this letter necessary, and we can assure you this is our first and last word on the subject.

F. W. Grimble, Sec. Cold Storage Football Club.

Sport Chat

The Callies and the Cold Storage are due to meet tonight in the Senior Football League for the city championship.

The fact that the Callies are at the head of the league with two victories and no defeats and the Cold Storage are in the cellar with two losses and no wins does not necessarily mean that it will not be a good game.

In fact, there has been some strengthening going on recently in the ranks of the fish plant team and it is said that they may yet give a battle for the season's honors.

Besides the supporters of the two teams there should be a number of independent fans on hand tonight to find out for themselves if the situation has changed any.

In the Letter Box

POACHING FOOTBALL. Editor, Daily News. Under the heading of "Poaching Football" in your issue of the 24th instant, there appears a letter over the signature "Footballer," in which charges are made that certain football clubs (or club), are endeavoring to Hilditch in receiving. Mrs. H.

Sky Pilot Tells of Visit to Fort William, Duluth, Chicago and States South to Florida

(Interesting Account of Trip and Impressions With a Few Lessons for Prince Rupert, by H. R. Grant, D.D., Pastor of the Presbyterian Church Here, Who is on Holiday)

There is no need that I dwell on my trip up to the time I reached Winnipeg. Suffice it to say there was a genial crowd aboard and the usual conversation—stories, incidents, politics, religion, etc.—made the time pass pleasantly.

In passing, may I say the country looked well and all indications were and are for a bumper crop. At Winnipeg, where I spent a day I met Mr. and Mrs. Walton, Mr. and Mrs. Tate, and Mrs. Midforth, who were former Prince Rupert citizens. I also met several friends of other days and other places. Professor Kerr, my predecessor in Prince Rupert, was out of town.

My next stop was at Fort William and I think a little about the twin cities—for Port Arthur and Fort William are virtually one—would be interesting to Prince Rupert people.

Fort William was an important point in the fur trading days. Situated at the head of Lake Superior it was the place of departure for Quebec of the canoes and bateaux laden with furs, gathered at Fort William from the west as far as Edmonton and north to the Arctic. A look at the map will show the network of rivers all through the west that converge toward Fort William.

When the C.P.R. built in the 80's they followed these same water courses through the then territory of Kwatin, and made Fort William a divisional point. When I saw it over 30 years ago it was only a hamlet and today the combined population of the two cities—Fort William and Port Arthur—is 45,000. On inquiry I find that the resources that support these towns are very much the same as our own. The difference is that here they are developed while ours are to a large extent latent. We are just beginning the shipment of grain while here it is quite the most important industry in the two towns. They have a combined elevator capacity of 61,000,000 bushels with 36 terminal elevators.

Pulp and Paper

Their next best industry is pulp and paper making. I would say that our latent resources in pulpwood far exceeds theirs. They drive their wood many miles on the smaller and larger streams to the mills. The timber does not exceed 10" in diameter and is 4 ft. in length. I think I am right when I say the

LAND ACT

Notice of Intention to Apply to Lease Land

In Queen Charlotte Land Recording District of Prince Rupert, and situate about one and a half miles east of Massett Lighthouse at the mouth of Massett Inlet, Graham Island, British Columbia.

TAKE NOTICE that Langara Fishing & Packing Company Limited, of Victoria, B.C., occupation, packers, intends to apply for a lease of the following described lands:

Commencing at a post planted at the northwest corner of Lot Seven, Graham Island, British Columbia, about one and a half miles east of Massett Lighthouse at the mouth of Massett Inlet, Graham Island, British Columbia; thence northerly five chains, more or less to low water mark; thence westerly, along low water mark one hundred and sixty chains; thence southerly five chains; thence easterly one hundred and sixty chains, more or less, to point of commencement, and containing eighty acres, more or less.

LANGARA FISHING & PACKING CO. LTD., Applicant.
Per E. H. Simpson, Agent.
Dated June 10th, 1925.

GOVERNMENT LIQUOR ACT.

Notice of Application for Beer License

Notice is hereby given that on the 11th day of June next, the undersigned intends to apply to the Liquor Control Board for a license in respect to premises being part of the building known as Hudson Bay Hotel, Telegraph Creek, B.C. upon the lands described as Lots 3 and 4, block 2, map 975, Prince Rupert Land Registration District, in the Province of British Columbia, for the sale of beer by the glass or by open bottle for consumption on the premises.

Dated this 25th day of May, 1925.
ERIC McGEER, Lessee, Applicant.

heat wave of my trip and from then on for nine days a record was made all through the middle west, the south and the east. People suffered terribly in the large cities, and before it was over it accounted for 500 deaths. At Washington the temperature was 107 degrees in the shade, and an egg was fried on the pavement in nine minutes. A pail sitting beside a barn focused the sun's rays so that the barn caught fire. At Chicago it was 90 degrees when I passed through.

Fog three days I suffered the tortures that one recalls regarding the 'doom' of the damned. The men on the train shed everything down to undershirts. Of course the women had reached the legal limit before the heat began, and had to suffer and be silent. This is one of the advantages at least that men have over women.

South From Chicago

Going south from Chicago we passed through Indiana, Kentucky, Tennessee and Georgia. Indiana and Northern Kentucky is a splendid farming country. The steadings are well built and painted, and the fields pasture as nice a grade of livestock as one could see anywhere.

South of Kentucky and the other two states are rough, and the fields small and hungry looking. The houses are but shacks, and the country has a run down look. Our train passed through innumerable tunnels in Tennessee. It is the roughest state of the lot. The fields lie like little patches on the hillsides or in the narrow valleys. A great deal of coal is mined here. The train had 15 cars on and was drawn by two engines. We made over 40 miles an hour. Georgia was a little more level, but the farming even here was of a very meagre character. The crops looked very thin and it all had an air of extreme poverty. The soil in Georgia varies in color from a deep red clay to a pale yellow, and with the green woods as a background the effect was decidedly unique. Passing through these states one felt one was on historic ground. The old south with its gallant gentlemen and fair ladies has passed and one wonders if it is for the best. The battles of the civil war were many of them fought here, and one could not help feeling the presence of gallant dead who fell in that titanic struggle.

Carving in Rock

About 14 miles from Atlanta, a rock rises to the height of 800 feet. It is a fine granite. Its face is as smooth as a slate. They are at the present moment carving out of the face, in heroic figures, a replica of the surrender of Lee. One gains some knowledge of the size of the group when one is informed that Lee's head is 28 feet from chin to top, and the brim of his hat extends out 4 1/2 feet from his head. The federal government has mined 85,000,000 worth of special 50c pieces and these are sold for \$1.00 at the banks. The surplus goes to complete the statutory. Yes, the old south has passed, but the gallantry remains for they are the politest people I ever met.

Jacksonville is the meeting place of all railroads from the east, north and west running to Florida for it is the gateway to the "land of flowers." From Jacksonville two lines run out over the state—the East Coast Line, owned by the Flagler family, and the Atlantic Coast lines. These two are so busy that they are double tracking the east coast line and the other will soon follow suit.

Struck Heat Wave
At Duluth I struck the first

Sealed Tenders will be received by the District Forester not later than noon on the 6th day of July, 1925, for the purchase of Licence N7258 on north end of an unnamed island, Kitsaway Channel, C.R. 4, to cut 432,000 feet of Spruce, Cedar, Balsam and Hemlock sawlogs.

One (1) year will be allowed for removal of timber. Further particulars of the Chief Forester, Victoria, or the District Forester, Prince Rupert, B.C.

ELECTRICAL EQUIPMENT

Big Order Given Canadian General Electric by City Council Last Night

The city council, at a special meeting last night, accepted the tender of the Canadian General Electric Co. of \$18,490 for transformer and switching equipment to be used in making the power line extension to the elevator and also for the increasing of the output that may be handled from the dry dock. The latter provision will give the city the substantial auxiliary supply of 1,000 kilowatts from the dry dock as against the 450 kilowatts that may now be handled. It will take four months to deliver the equipment and in the meantime the pole line will be completed so that installation may proceed once the equipment arrives. The extensions were provided for in a money bylaw passed at the January election. The estimate of the utilities department for the equipment was \$18,078 whereas the price of the Canadian General Electric Co. was \$18,490.

Other tenderers were: Westinghouse, \$21,200. Scott-Foster Co., \$24,700. Bartholomew & Montgomery, \$25,265.

The Moloney Electric Co. of Toronto and the Northern Electric Co. figured only on transformers.

Misses Mercer, Rothwell and Weatherhead of the public schools staff leave tomorrow for the south en route to Bonotou where they will spend the holidays.

IN PROBATE

In the Supreme Court of British Columbia

N. A. WATT,
Official Administrator.

"For all washing and cleaning you can't beat this soap -"

says Mrs. Experience, who chooses soap for its economy and labour-saving value.

"Sunlight puts the sunshine of cleanliness into the home! For washing clothes, dishes, wood-work, linoleums, in fact, for anything that can be cleaned with soap and water—I call on Sunlight. And Sunlight does its work so well and leaves everything sweet and clean.

"Sunlight really is economical, too! You see, every bit of it is pure, cleansing soap, containing no filling or hardening materials, which are only waste as far as we women are concerned.

"You get greater cleaning value out of a pure laundry soap—and so I say, 'Always keep a good supply of Sunlight on hand'. It really improves with age. And because of its purity, Sunlight is kind to your hands and keeps them smooth and comfortable." Sunlight is made by Lever Brothers Limited, Toronto.

Sunlight Soap

Kindlewood Fruit

WE PAY EXPRESS

Why pay a big price for berries from the south when you can get berries—

KINDLEWOOD BRAND

from the growers at Terrace. We have decided to ship direct to the consumer and therefore save the middleman's profit. You get the advantage in price as well as in getting your fruit straight from the farm to your home.

Club with your neighbor and get berries fresh every day. All our berries are guaranteed to be of highest quality and picked fresh every day. The only way we can do this at this price is STRICTLY CASH WITH ORDER. Make cheques and money orders payable at par to H. A. SWAIN, Terrace.

WE PAY EXPRESS

We are not new at growing berries. We have been shipping for years, and most of you know the famous—

KINDLEWOOD FRUIT
Strawberries \$3.25
Blk. Currants 2.80
Red Currants 2.75
