SERIOUS SHORTAGE OF FOOD IN RUSSIA

POWER AND WATER FOR ELEVATOR ARRANGED FOR AT COUNCIL MEETING

Failure of Crops in Russia is Worrying Soviet Government; Orders Being Placed Outside

MOSCOW, Feb. 11.—With the failure of this year's crops, the problem of providing flour for Russia's millions is worrying the Soviet government to an increasing extent. The absence of snow and moisture has caused large sown areas to perish.

Renewed orders for grain are being placed abroad to meet the shortage.

DROWNING OF JAPANESE WAS AN ACCIDENT

Shipman in Charge of Boat
Did Not Know Meaning of
Tow Lights

VANCOUVER, Feb. 11.—A verdict of accidental drowning was returned by the coroner's jury, which investigated the Saturday night tragedy in which eleven Japanese seamen lost their lives.

The shipman in charge of the tug Nanook, which was in charge of the pinnace at the time of the accident, was the chief witness. He testified that he saw the lights on the tug Nanook, and that a barge was in the water but did not know their meaning.

LIKELY RESCUE COLLINS TODAY

Should Reach Him by Means of
Shaft Late Tonight Work-
men Say

CAVE CITY, Ky., Feb. 11.—Being unlooked for developments, indications this afternoon were that Floyd Collins will be extricated before late tonight from the sand cave where he had been trapped and held fast by a rock on his foot for twelve days. It is believed that he is still alive.

The men in charge of the sinking of the shaft towards the imprisoned man said the sudden sinking of the cavern in which Collins is a prisoner would be the only unexpected development leading to earlier rescue.

ROBBER KILLED IN DRUG STORE

WINDSOR, Feb. 11.—Held up in the drug store of which he was manager, David Pierce, refusing to obey the commands of three robbers, shot and killed an identified negro, Edgar Brown, police clerk, was wounded when the robbers returned the fire. His condition is serious. Two of the robbers fled.

LOS ANGELES, Feb. 11.—Jack Miller of Vancouver and Prince Rupert who was recently convicted here on four counts for bootlegging and who was to have been sentenced today will not appear in court until Friday of this week when sentence will be passed.

NOTABLE PASSENGERS ON STEAMER DUE ON TIME THIS AFTERNOON

Minister of Lands and Heads of
Industrial Concerns Here
Today

C.N.R. Steamer Prince Rupert, Capt. D. Donald, is due to arrive from the south on time at 3 o'clock this afternoon. The vessel has a good-sized passenger list, including several well known persons such as Hon. T. D. Pattullo, minister of lands and member of the legislature for Prince Rupert; J. A. Smith, principal of the new concern which is to operate the Seal Cove sawmill; S. L. Bump, general manager of the Los Angeles Lumber Products Co. owning the sawmill at Buckley Bay where operations it is expected will shortly be resumed, and officials of the Northern Construction Co. to take charge of the building of the elevator foundations here.

SETTLEMENT BETWEEN FISHERMEN AND BOAT OWNERS EXPECTED NOW

Another meeting of the Canadian Halibut Fishing Vessel Owners' Association on the matter of agreement with the fishermen regarding terms of operation was held in the police court last night and it was arranged to meet the Deep Sea Fishermen's Union this afternoon. It is expected that minor differences which have been holding up the signing of the agreement will be amicably settled at this meeting.

KILLED IN TORONTO

TORONTO, Feb. 11.—Succumbing to severe injuries as a result of being knocked down by an automobile a week ago, Mrs. F. W. Church died today. E. C. Ralston, driver of the car, is charged with manslaughter.

Twenty Boats of Government
Merchant Marine to be Ad-
ded to Service

WINNIPEG, Feb. 11.—The Canadian Government Merchant Marine, comprising a fleet of 20 vessels, is likely to withdraw from the shipping combine and join in the fight for lower steamship rates on the Atlantic Ocean, operating in conjunction with the subsidized fleet of ten vessels of the Retson line under an agreement with the Canadian government, says an Ottawa despatch. It is generally believed that rates will be cut from twelve and a half to twenty-five per cent.

"OTTAWA, Feb. 11.—"That would be fine, I hope it is right," said Hon. T. A. Low, minister of Trade and Commerce, when told of the report that the Canadian Pacific Ocean Services were willing to withdraw from the North Atlantic conference and come in under the government's proposal to subsidize transatlantic shipping to reduce ocean rates.

FORKE ASKS LOWER TARIFF

Says Progressives Have Not
Given Up Idea of Reductions

OTTAWA, Feb. 11.—Robert Forke, progressive leader, speaking in the debate of the address in reply to the speech from the throne in the House of Commons, made it clear that the Progressives wanted more tariff reductions. "I want to give notice to the Government that members who sit in this part of the House at least have not given up the idea of tariff reduction and do intend to press for further reductions along this line," he declared.

OFFICIALS OF MILL GOING TO ISLANDS

Speculation is rife as to whether the visit of officials of the Buckley Bay mill means the resumption of that industry at once or not. S. L. Bump, general manager of the Los Angeles Lumber Products, Ltd., accompanied by six others is arriving this afternoon on the steamer Prince Rupert and will leave for the Islands on the Carmen. The Buckley Bay mill is controlled by the Los Angeles company.

Ontario is Wrestling with Liquor Problem, Government Being Between Two Factions

TORONTO, Feb. 11.—Concurrent with the announcement of Ontario's forthcoming temperance law amendment permitting the sale of beer up to 4.4 proof spirit strength, will come further amendments providing jail penalties without the option of fines for bootleggers, it is stated.

The wet element of the Conservative party, not content with the concession of added strength for beer has introduced a resolution declaring it is desirable that legislation should be enacted providing for the sale of beer, spirits and wine under government control upon the principle of local option.

At many prohibition union meetings resolutions were passed commending the premier and attorney general on the announcement that the regulations were to be amended but later rescinded the resolutions when news came through that the amendment proposed to allow the sale of stronger beer.

ASKING EXTENSION WATERFRONT ROAD TO G. T. P. DOCKS

On suggestion of Alderman Casey, the Board of Works was instructed at last night's council meeting to interview Hon. T. D. Pattullo regarding the possibility of having the government waterfront road continued from the government wharf to the G.T.P. docks. Ald. Casey declared that since the removal of the overhead to the government wharf, the circuitous route via Cow Bay from the government wharf to the G.T.P. dock was proving very inconvenient to traffic. Extending the present road would be very feasible and he felt that the matter would receive the favorable consideration of Mr. Pattullo if it were properly set before him.

LOCAL CHURCH AGAINST UNION BY 65 TO TEN

A second ballot taken among the members of the local Presbyterian Church on the question of church union resulted in 65 votes being cast against the measure and only ten in favor of it. Counting of the ballots took place last night, the vote having been open for two weeks previous. It was necessary to take a second vote because some of the technicalities had not been observed in taking the first vote.

Water and Power for Elevator Arranged by City Council and Details left with Committees

Communications having been received from C. D. Howe & Co., designers of the elevator here on which construction is about to start, the city council decided last night to leave in the hands of Ald. Perry and the city solicitor the matter of giving a water connection which is required immediately in connection with the foundation work and to the superintendent of utilities, the matter of providing a temporary power connection.

The matter of water came up in a letter from Mr. Howe in which the request was made that a six-inch permanent main be laid by the city to the elevator property. The city would be expected to lay the main to the property, the elevator itself being prepared to take care of distribution from that point. The elevator would be prepared to pay the city's standard rates for the service. Water would be needed almost immediately in construction work.

The city engineer stated that a temporary connection for present needs could be given from Graham Avenue. Ald. Casey felt that the only thing to do was to meet with the request so that the work would not be held up. On his motion, seconded by Ald. Stephens, Ald. Perry and the city solicitor were given power to act as far as temporary requirements were concerned while the matter of a permanent connection was left with the board of works to confer with Mr. Howe.

Matter of Power
The matter of power came up in a letter from Superintendent Love which stated that Mr. Howe was desirous of entering into an agreement with the city at the earliest possible moment so that he might submit it to the department of trade and commerce.

Fifty horse power would be required within two weeks in connection with construction and Mr. Love asked for authority to proceed with the work of making the connection from the Graham Avenue line. Mr. Love stated that the rate to be charged the elevator had already been decided upon. The superintendent was empowered to proceed with the making of the connection and the matter of a permanent agreement was left in the hands of the superintendent and city solicitor to complete along the lines already decided upon.

Mr. Howe's letter also asked for permission from the city to build trackage for the elevator across the inner edge of the city's waterfront property on which is located the abandoned garbage wharf. It was expected that the city would require no compensation for the privilege. This matter was also left in the hands of the board of works. Members of the council seemed favorably disposed to the request, Ald. Stephens urging, however, that the reservation be made that the rights of the city to access and use of its property at any time be retained.

Premier In Fight Better Ocean Rates.

It is claimed that the ocean rates across the Atlantic are excessive and Premier Mackenzie King is out with a big stick to try to burst the combine and cut down the costs. Whether he will succeed or not cannot be forecasted. If there is an extortionate charge for carrying Canadian products to the British market and he can succeed in having it reduced, the people will be behind him in it. Here is an opportunity for the Senate to step in and thwart the will of the people again and thus hasten their own end.

Will Be Need Of Better Dockage.

If there is much lumber to be shipped through this port better accommodation will be needed at the assembly dock. At present the small mills could assemble a certain amount there but if the local mill should decide to ship part of its product that way, it would be wholly inadequate.

If some assurance can be given by shippers, doubtless the railway company will improve its dockage facilities.

Room For A Lumber Broker At This Port.

The Timbermen's Association points out that there is room for a live lumber broker at this port, in view of possible developments. Formerly there was one located here, Mr. Brynoldson formerly did business from this centre but when things shut down he moved to Puget Sound where he now operates. With the prospect of greater activity everywhere in the north a broker ought to do well here. He would be worth a good deal to the district.

Never Lie Back And Let Things Go.

The only way to build up a town is to be alive and on the job all the time. It is just like building up a business. No opportunity must be lost. By every citizen showing himself an active partner in the business and doing what he can to forward its interest the city grows steadily. It is desirable to extend the hand of fellowship to newcomers and to try to make them comfortable not only in business but in other respects.

Perhaps the most important thing is to watch out for new openings in the city and to draw attention to them. Every new business in town means new life. The building of the new cannery here, for instance, means added population, added payroll and more money spent here. Doubtless the money would have been spent in the district, had the cannery been on the Skeena River, but it would not have been as valuable to the city there. Most of the money earned would have gone south, whereas money earned in the city is likely to be spent in the city.

Mining Is Left To Mostly Outsiders.

Most of the mines of the district have been developed by outsiders. A few Prince Rupert people have done their bit, have grub staked prospectors, have formed syndicates and financed development of prospects and have done much for the mining interests. These are few. It is usually necessary to go to Seattle or some other part of the United States to get money to spend on mines in this country. British Columbia people are more interested in oil in Texas than in advancing the interests of their own country and making money here. It is the old story of far away fields looking green.

EXPERT IS TO BE EMPLOYED

City Council Decides to Engage
Mr. Yuill to Make Report
on Power Situation

URGED BY SUPERINTENDENT

Will Lose Money from Buying
Power and Selling it
Again

A. C. R. Yuill, Vancouver hydro-electric expert, is to be engaged by the city at a cost of \$25 per day and expenses to report on the present condition of the municipal hydro-electric plant at Shawallans Lake and advise on the possibilities of future power development from that source. After considerable discussion, a recommendation to this effect was adopted by the city council at its meeting last night.

Speaking of the recommendation in the absence of the committee chairman, Ald. McMorris, Ald. Brown stated that the city had never had a thorough report on the matter of hydro-electric development at Shawallans Lake. Mr. Thompson had reported on the matter of water only and Mr. Ross had been brought to the city in connection with the steam plant. It was deemed advisable by the committee to get a thorough report at once so that there would be reliable information on which to base future development work.

Ald. Stephens wanted to know what advice it was really proposed to obtain. He had gathered that what actually was wanted was advice respecting developments during the coming year. This should not be confused with the matter of future development as a whole. He was inclined to think that reports already in the hands of the city amply covered the latter point.

Would Not Delay

Ald. Perry counselled that there should be no further delay in obtaining the advice required. Elevator construction was starting and, very shortly, the city would be called upon to meet the situation of providing more power.

Superintendent Love explained that the idea was to get expert advice on the condition of the present plant and, at the same time, on the matter of enlarging it. There were many technical matters to be considered such as the designing of a new pipe line the possibilities of raising the dam, a possible change of site for the plant to the North Fork, etc. The advice should be obtained without delay as the city stood to lose money if it continued unnecessarily to purchase power from the dry dock for resale to the elevator. The ordering of equipment for the line to the elevator was also involved.

Ald. Casey said that Ald. McMorris was of the opinion that the matter was urgent and the expert should be brought here without delay. He (Ald. McMorris) had said that he would bring Mr. Yuill with him from Vancouver if the council decided to engage him.

Dam Not Unsafe

Ald. Stephens stated that, as far as the present condition of the dam and pipe line was concerned, he had gone into the matter and had been informed that the former was not in a dangerous condition and the latter was not in bad shape. It had been contrary stated.

The mayor urged that there be no further delay in getting the expert advice. In view of impending developments, it was high time that the city should get busy and know where it was at as far as the power situation was concerned. The committee was unanimous in its report recommending that the expert be engaged. Ald. Casey endorsed this view and the report was then adopted on being put to the vote.

PURCHASE COMPRESSOR

Having received a report from the city engineer setting forth the amount of rock work that would be done by the city during the coming year, the city council last night decided to incur in a report from the Board of Works recommending the purchase of an air compressor and Fordson engine at a cost of \$2,062 and a jack hammer costing \$212. The report had been laid over for further information by the council last week. By hand, it would cost 92c per foot to do rock work whereas, by using the machine, it would cost 27c, the engineer reported.

Canadians Make Pilgrimage to Holy City

St. Peter's, Rome

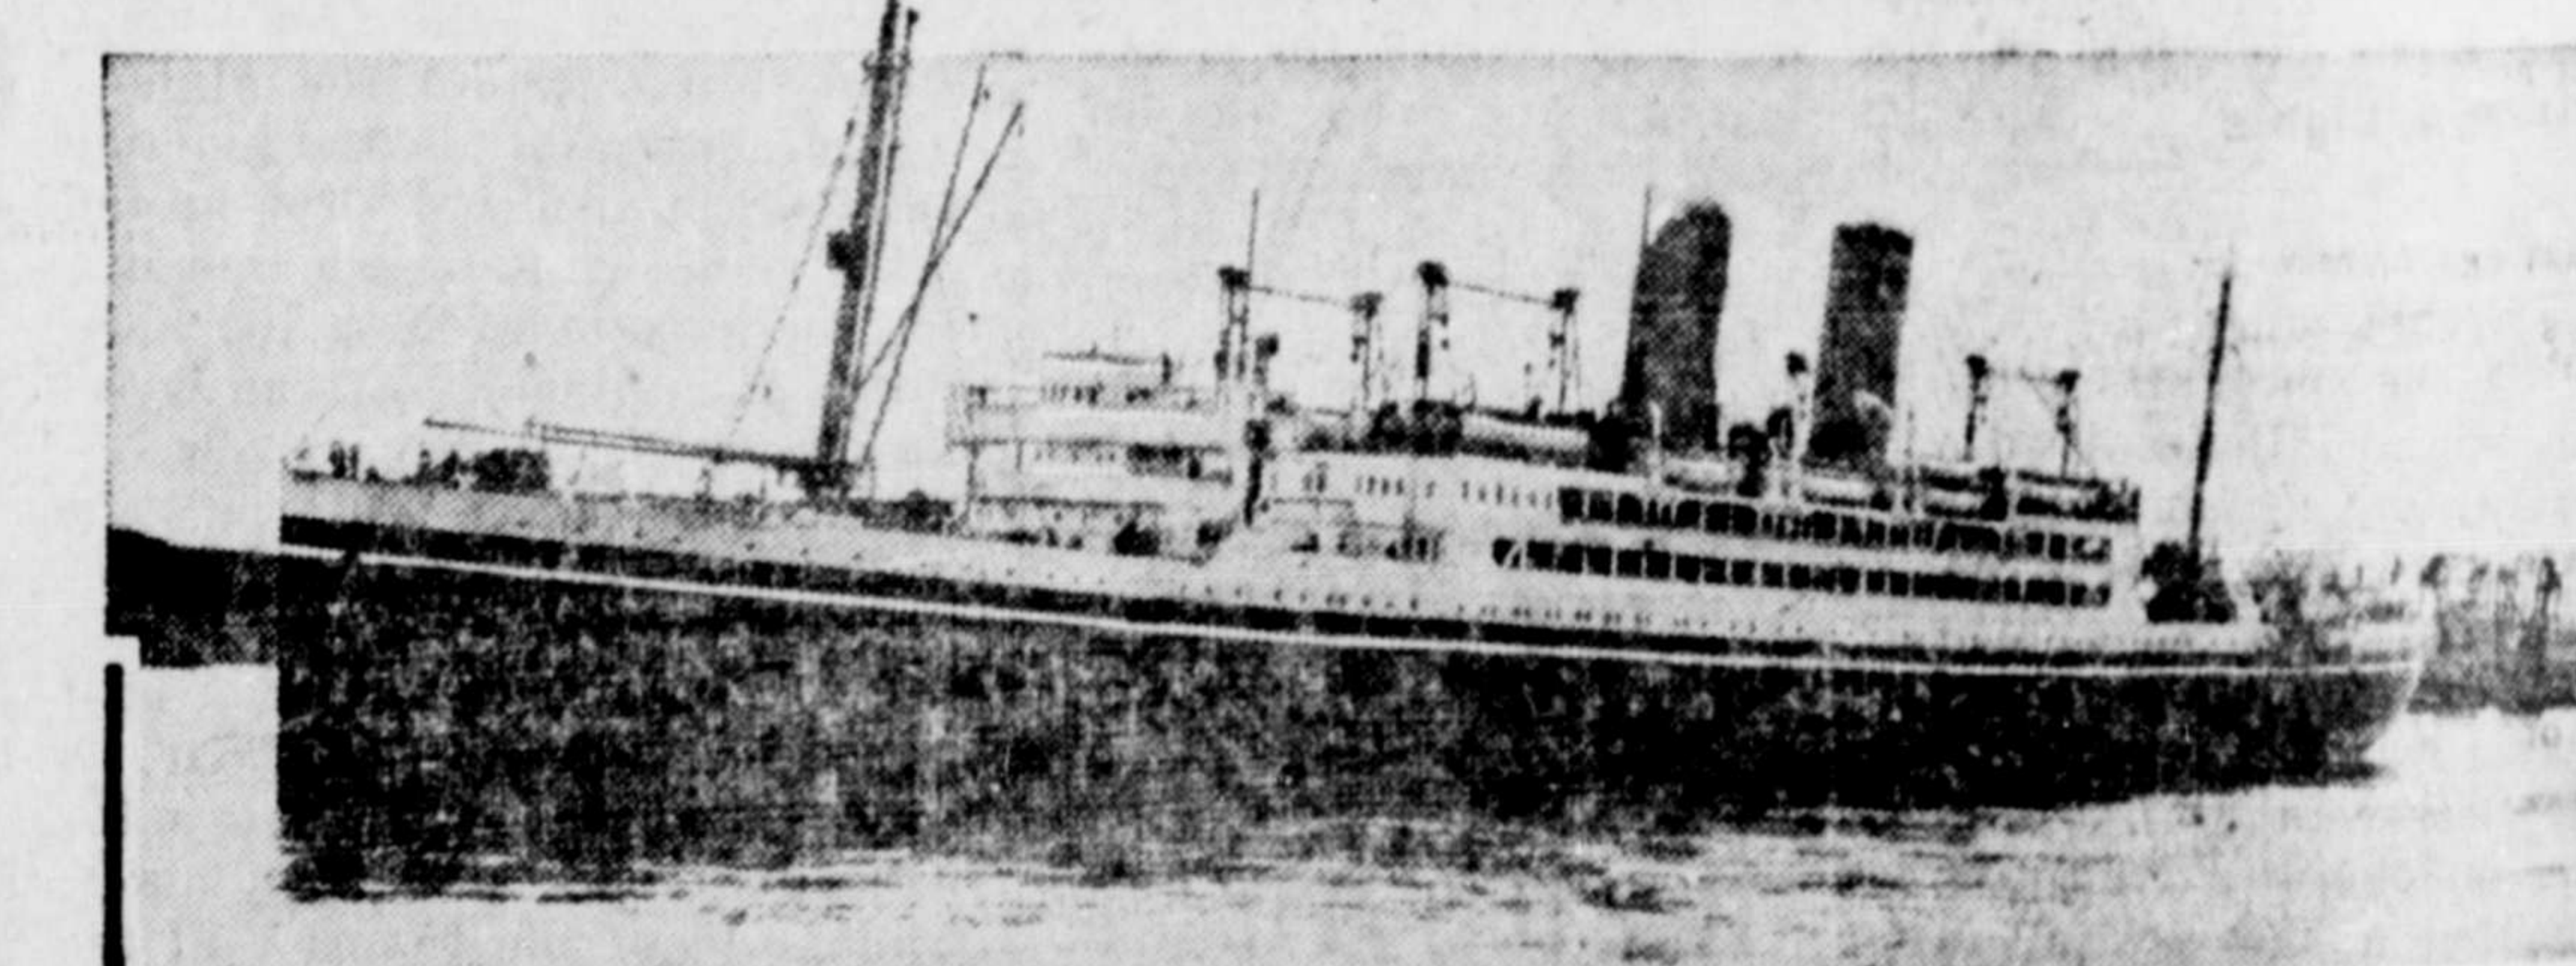

Canadian response to the Papal Bull promulgating the "Holy Year Universal Jubilee" is, according to reports of transportation companies operating between this continent and Europe, assuming unexpected proportions. Canadian Pacific officials report that applications for accommodation on the "S.S. Minnedosa", chartered by the Hone Tours Incorporated to carry Holy Year pilgrims to Bordeaux this summer, are steadily pouring in from all over Canada and the United States and that the Canadian contingent will be accompanied by many distinguished members of the episcopate, clergy and religious orders. His Eminence Cardinal Louis-Nazaire Begin, of Quebec, has signified his intention of sailing on the Minnedosa as have several other high dignitaries of the Church in Canada.

The opening rites of Holy Year have already been performed and the Papal Bull, formally announcing its commencement and inviting Catholics the world over to assemble in Rome has been issued. The purposes of the Great Jubilee as set forth in the Papal Bull are to live the year in expiation of sin, and to achieve men in divine charity. The opportunities to assist in the ceremonies and the special audience afforded them by His Piety XI, are powerful factors in many to visit the Holy City.

The Minnedosa sails from Montreal and

Quebec on May 5th next, one of the last sailings from the St. Lawrence season for Bordeaux where the pilgrims will disembark and continue their journey by rail, stopping at Lourdes, Carcassonne, Marseilles, Nice and Genoa en-route to Rome. This vessel has accommodation for seven hundred passengers and in view of the special low rate quoted for the tour, it is expected that the Minnedosa will carry a capacity passenger list.

Although born in Levis, Quebec, in 1840, Cardinal Beegin is well known in Rome as it was there in 1886, that the present head of the Roman Catholic church in Canada was ordained to the priesthood. In 1888 he was created bishop of Chicoutimi and, in another three years, Archbishop of Cyrene and coadjutor of His Eminence Cardinal Taschereau. In 1894 he took over the administration of the diocese of Quebec, being elevated to the Cardinalate in 1914.

Accounts for the week ending February 7 totalling \$14,002.50 were passed for payment at the meeting of the city council last night.

Seventeenth Street, Eighth Avenue East and Ninth Avenue West pavement local improvement construction bylaws were put through their final readings at last night's meeting of the city council.

A report from the finance committee recommending that \$1,000 additional insurance be placed on books and equipment in the municipal free library was adopted at the meeting of the city council last night.

Steens Ltd. are to be paid \$51.99 by the city, this being their claim in full in respect to damage of an automobile. A report from the finance committee to this effect was adopted at the city council last night.

A letter from ex-Ald. Theo. Collart making suggestions regarding the remedying of certain inequitable charges for water service was received at last night's meeting of the city council and referred to the utilities committee.

A recommendation from the utilities committee that a street light be installed in the lane between Fifth and Sixth Avenues between Fulton Street and Musgrave Place was adopted by the city council last night. The cost will be \$70.

The 1925 indemnity bylaw setting the salary of the mayor at \$1500 and that of the aldermen at \$200 each and also including provision for reductions in case of non-attendance at meetings was given its first readings at the meeting of the city council last night.

A recommendation from the Board of Works that the city offer A. S. Lewis \$15 per thousand for 11,000 feet of three inch plank was adopted at the meeting of the city council last night. Mr. Lewis some time ago offered to sell the lumber in question to the city.

The Presbyterian Ladies' Aid will hold their Valentine Tea and sale of home cooking and candy at the home of Mrs. D. G. Stewart, 100 Fourth Avenue West, tomorrow, Thursday afternoon, February 12 from 3:30 to 6 p.m. instead of at Mrs. Grant's, the Manse as formerly announced.

The city council, on recommendation of the utilities committee, decided last night to accept an offer from John Harris of \$800 for three boilers, a pump and water heater in the old steam plant at Cow Bay. The city has been endeavoring to dispose of this equipment for some time.

Ald. Casey, at last night's meeting of the city council, brought up the matter of a local boy, who was at Okalla Prison and who, it was alleged, had been denied proper medical treatment for a tubercular arm. It was decided to meet with Ald. Casey's request that the matter be taken up with the provincial government.

W. F. Boyer of Smithers has been discharged from the local hospital where he has been a patient for the past few weeks and, after spending a few more days in the city, will return to the interior with Mrs. Boyer.

The Indians of Hazelton will put on a play on Friday evening, February 20 in their hall at Hazelton. The chief features will be old time native dances and songs, old time plays and sleight of hand performances; old time customs such as the making of fires and the way this fire was carried about for future use, in making camp, and other old time customs.

Mayor Newton informed the city council last night that he proposed to appoint a committee consisting of himself, Ald. Casey, Ald. Perry and J. C. McLennan to take up the case for the city with respect to the opening up of the Peace River valley. Ald. Perry was chosen on account of his knowledge of railway affairs and Mr. McLennan because he had made a particular study of the Peace River situation, the mayor explained.

A report from the Board of Works respecting the building of a 15 foot mattress roadway on Claude Street was referred back to the committee by the city council last night. Residents in the neighborhood affected had asked for a roadway along Seventh Avenue from Hays Cove Avenue to Claude Street whereas the recommendation of the committee was that one be built along Claude Street from Eighth to Seventh Avenue and thence along Seventh Avenue to Donald Street. Ald. Casey felt that the request of the petition should be met. Ald. Perry said that the route recommended would serve the same purpose but consented to the matter being sent back to the committee.

The late Mr. Gauld was at one time employed in the provincial assessor's office here and latterly by Steen & Longwill. He died at the sanitarium near Kamloops where he had been a patient for some time.

CANADA HEARD IN TASMANIA

Cable Says Calgary Broadcast Heard There Last Week

WINNIPEG, Feb. 11.—Canadian radio command of the Pacific ocean appears to have been well established, and, while some stations in the United States have been making tests with a view to reaching distant points, in that direction CNRC, the Canadian National Railways station in Calgary, is regularly heard in many far away places. A cable bearing the signature of Scott has just been received announcing the reception of CNRC, in Tasmania, New Zealand. Tasmania is approximately 8,000 miles from the point at which the program referred to in the cablegram originated. The broadcast heard in New Zealand was that of February 4. CNRC has previously been heard in New Zealand and recently letters were received from Apia, Samoa, and points in the Fiji Islands, acknowledging reception of programs from Calgary.

The vast spread of the Canadian National radio programs may best be appreciated when it is remembered that on the night previous to Calgary being heard in New Zealand CNRA at Moncton was being heard through the British Isles.

At 35, you are in the hey-day of life, busy with affairs of the moment.
At 40, you realize that you have "rounded Cape Time." You begin to reflect.
At 45, you seriously consider how you are going to support yourself in your old age, when you may no longer feel able to work.
One certain way to avoid being a burden on your children or relatives in your old age is to provide yourself with an independent income. You will find no safer or surer way to acquire such an income than by the purchase of a Canadian Government Annuity.
Such an Annuity, guaranteed by the Dominion of Canada, may be bought on very easy terms. It may be of any amount from \$50 to \$5,000 a year, commencing when you choose, and lasting as long as you live. Under special plans of purchase, you may protect the interests of your wife or dependents for a term of years certain. No medical examination is required. George McNicholl Tells Victoria People of Prospects For Summer

VICTORIA, Feb. 11.—Considerable coastwise passenger business is being looked for by the Canadian National Steamship Company, Limited, this spring and summer, said G. A. McNicholl, general passenger agent, of Vancouver, who was in the city yesterday visiting the local office.

He bases his prediction on the reports coming in regarding this summer's tourist business, and the prospects of a gold rush to the Cassiar field this spring. "The company will handle more business this year than it has ever done in the past. Our new Alaska service will give a far better itinerary for tourists desiring to make the northern tour," Mr. McNicholl said.

In regard to the new name for the coastwise service, Mr. McNicholl said that the change had been made from Grand Trunk Pacific to Canadian National Steamship Company, Limited, to conform with the Canadian National Railway name. As the same office also looked after the coastwise steamship service, it was only natural that the name of the steamship service should conform with the name of the railway, he explained.

TO EXCAVATE ROCK BENEATH THE CLUB

City Will Take it Away Provided Arrangements Made at Once

Provided the club gets the moving of its building started by March 15, the city council decided last night, on recommendation of the Board of Works, to excavate the lots of the Prince Rupert Club on Second Avenue. Under the terms of the agreement to this effect which the city has agreed to accept, the club will convey to the city 14 feet of frontage on Second Avenue and will take care of the moving of the building in the meantime. In return, the city will take out the rock underneath the building leaving enough for foundation purposes.

There was some discussion as to the time that the club should be given to accept the offer. It was emphasized that no delays to the city's work of rock crushing on account of the matter would be permitted.

CITY TO PURCHASE FORD TRUCK FOR WATER DEPT.

After some discussion as to the actual necessity of making the purchase, the city decided last night to buy a Ford truck for the waterworks department at a cost of \$1040.

In speaking to the Board of Works' report recommending the purchase, Ald. Perry stated that it was decided to be in the interests of economy. The truck would save the time of the staff in getting to various parts of the city and could also be used to carry equipment. Ald. Casey was of the opinion that hiring a truck would meet the requirements just as economically. Ald. Larsen and Ald. Brown spoke in favor of making the purchase which was eventually decided upon, Ald. Casey and Ald. Smith voting against.

NO ACTION IS TO BE TAKEN ON REQUEST OF SECTION 5 FOR SEWER

On recommendation of the Board of Works, the city council decided last night, pending the whole matter of city sewerage being dealt with at a later date, to take no action on the petition from a large number of Section 5 residents requesting that a septic tank sewerage system be installed to serve Seventh, Eighth and Ninth Avenues West.

In speaking to the report, Mayor Newton explained that the Board of Works contemplated even larger expenditures this year than last on semi-permanent road work in order to eliminate plank roads. When this work

ELKS' SMOKER WAS ENJOYABLE

Good Attendance Witnessed Bouts and Heard Program Last Evening

There were about 85 persons present at the smoker given last night by the Elks' Lodge. The affair proved an enjoyable one and a very entertaining program was offered.

Contributing to the musical end of the proceedings were the St. Andrew's pipe band consisting of Alex. Macdonald, James Sturgeon, Alex. Alves, Sam Leslie, Sam Currie and Jimmie Kelly; George Waddell and E. Sabourin with solos, and Art Easson with saxophone solos. John Pinder-Moss recited.

The bouts of the evening were as follows: Jack McAuley vs. Ned Byrne, 3 rounds, decision in favor of Ned Byrne.

George Howe vs. Ted Howe, 3-round exhibition.

W. Stewart vs. V. Meagher, 3 rounds, decision in favor of Stewart.

Dido Gurvich vs. R. B. Skinner, 3-round exhibition.

P. Laporte was referee and Roi Barnes, announcer and time-keeper.

Refreshments and smokes were served in abundance.

The committee in charge consisted of Charles Folsom, chairman, Ben Self, R. B. Skinner, Pete Laporte and J. Pinder-Moss.

HILL SIXTY CHAPTER ELECTS ITS OFFICERS

Hill 60 Chapter, I.O.D.E., has elected officers for the year as follows:

Regent—Mrs. John Manson. First vice-regent—Miss Hulda Graham.

Second vice-regent—Mrs. R. Davie. Secretary—Mrs. Walter Hume.

Treasurer—Mrs. J. McAuley. Educational secretary—Miss A. A. Pierce.

Echoes secretary—Mrs. Macey Davidson. Standard bearer—Miss M. Davidson.

On recommendation of the finance committee, the city council decided last night to advertise for sale a number of tax sale lots for which application has been made to purchase.

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo - Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo - Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rock or clinkers.

You should try Nanaimo-Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo - Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 116 and 564.

BILLIARD PARLOR WON AT BILLIARDS

Defeated Cold Storage in Second Division Tournament Last Night by 741 to 649.

The Prince Rupert Billiard Parlor defeated the Canadian Fish & Cold Storage Co.'s team in last night's second division billiard league tournament by an aggregate score of 741 to 649.

Individual scores were as follows: J. May (Cold Storage) 150; F. Zieman, 142.

W. Parr, 150; A. Donald, 149. John Bulger, 98; F. Aldridge, 150.

A. Bales, 145; W. Mitchell, 150. S. Darton, 106; Babe Fortin, 150.

The last game of the Grotto-St. Andrews' tournament of last week between J. Boesley and M. Andrews will be played on Friday night of this week.

Sport Chat

Representing the pick of American talent among contenders for the lightweight crown forfeited by Benny Leonard, sixteen boxers have been selected by the New York State Athletic Commission to compete in an elimination tournament starting on February 23. The winner of the tournament will be pitted against the best foreign contender to determine which is to be entitled to championship recognition. The sixteen selections are: Sid Terris, New York; Sammy Mandell, Rockford, Ill.; Stu Barbara, Detroit; Jack Bernstein, Yonkers; Johnny Dundee, New York; Jimmy Goodrich, Buffalo; Clyde Jeake, Columbus; Tommy O'Brien, Milwaukee; Kid Wagner and Alex Hart, Philadelphia; Joe Dundee and George Chaney of Baltimore; Charley O'Connell, Cleveland; Jack Silver, California; Basil Galiano, New Orleans, and Benny Valger, New York.

The Royal Canadian Golf Association has elected officers for the year as follows:

President, W. E. Matthews, Ottawa.

Secretary-Treasurer, B. L. Anderson, Toronto.

Executive—F. M. Chiddeott, Vancouver; A. L. Smith, Calgary; D. N. Finnie, Winnipeg; Major W. D. Wilson, Hamilton; Col. C. S. MacInnes and Gen. C. H. Mitchell, Toronto; J. A. Jackson and G. H. Clark, Ottawa; W. W. Walker, and E. A. McNutt, Montreal; A. J. Welch, Quebec; W. A. Henry, Halifax.

Included in the Association's plans for the future will be the attempt to popularize golf in Canada and put the game within the reach of more people. An active campaign is being undertaken to reduce the cost of golf in Canada.

At a meeting of the executive of the City Billiard League last night, plans were formulated for the holding again this year of an individual city billiard championship competition. The series will start the first week in March and entries will be received in the meantime. There will be several substantial prizes. George McInroy was the winner of a similar competition last winter. Bert Morgan presided at last night's meeting in the absence of the president, J. Walsh.

The question of the annual championship tournament of the Prince Rupert Billiard Club is being discussed by players. It is suggested that there be three

championships, men's singles, ladies' singles and mixed doubles. These would be open to any member of the club.

Another tournament has been suggested to follow the club tournament. That is a city championship which would include members of the First B.C. Regiment or any other players in the city who may wish to take part. The executive of the Prince Rupert Billiard Club will meet soon to decide about each of these.

LOW RATE TO THE SAWMILL

Concessions Proposed to be
Granted to Induce Develop-
ment of Industry

HAS POWER TO SELL

Expectation of Pulp Mill in Near
Future is Attractive to
Council

There was a lengthy discus-
sion at last night's council meet-
ing on the matter of an agree-
ment between the Seal Cove
sawmill and the city respecting
power and water supply and
taxation. Nothing definite, how-
ever, was decided upon pending
the arrival today from Vancouver
of J. A. Smith, principal in the
purchase of the mill, whom it is
proposed to meet tonight. The
consensus of opinion seemed to
be in favor of granting tempo-
rary concessions which may be
continued if the company shows
good faith in the matter of fur-
ther development.

Mayor Newton, in bringing up
the subject, stated that he had
secured the agreement of Mr.
Bell to a proposal that the power
rate of 3/4c, which the mill for-
merly paid, be left as it was, that
the old assessment also stand
and that a flat rate of 8/10 per
month for water be charged. This
would be for this year only so
that the operation of the mill
might be started. Before the
end of the year, the council
could reach some permanent
agreement which would be sub-
mitted to the people at the Janu-
ary election.

Has Power to Sell

Ald. Stephens inquired if the
superintendent had recommen-
ded the power rate suggested.
Could the city supply power at
this figure without loss?

Superintendent Love replied
that it would cost 1/7c to gener-
ate the power and deliver it to
the mill. The city had this en-
ergy at present and was not
selling it. While it might look
peculiar to give the mill such a
low rate, special rates could al-
ways be made to meet special
conditions.

Ald. Stephens said he would

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed
Crown lands may be pre-empted by
British subjects over 18 years of age,
and by aliens on declaring intention
to become British subjects, condi-
tional upon residence, occupation,
and improvement for agricultural
purposes.

Full information concerning regu-
lations regarding pre-emption is
given in Bulletin No. 1, Land Series,
"How to Pre-empt Land," copies of
which can be obtained free of charge
by addressing the Department of
Lands, Victoria, B.C., or to any Gov-
ernment Agent.

Records will be granted covering
only land suitable for agricultural
purposes, and which is not timber-
land, i.e., carrying over 8,000 board
feet per acre west of the Coast Range
and 5,000 feet per acre east of that
range.

Applications for pre-emption are
to be addressed to the Land Com-
missioner of the Land Recording Di-
vision, in which the land applied for
is situated, and are made on printed
forms, copies of which can be ob-
tained from the Land Commissioner.
Pre-emption must be occupied for
five years and improvements made
to value of \$10 per acre, including
clearing and cultivating at least five
acres, before a Crown Grant can be
received.

For more detailed information see
the Bulletin "How to Pre-empt
Land."

PURCHASE

Applications are received for pur-
chase of vacant and unreserved
Crown lands, not being timberland,
for agricultural purposes; minimum
price for first-class (arable) land is
\$5 per acre, and second-class (graz-
ing) land \$2.50 per acre. Further in-
formation regarding purchase or lease
of Crown lands is given in Bulletin
No. 10, Land Series, "Purchase and
Lease of Crown Lands."

Mill, factory, or industrial sites on
timber land, not exceeding 40 acres,
may be purchased or leased, the con-
ditions including payment of
stampage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20
acres, may be leased as homesites
conditional upon a dwelling being
erected in the first year, title being
obtainable after residence and im-
provement conditions are fulfilled
and land has been surveyed.

LEASES

For grazing and industrial pur-
poses areas not exceeding 640 acres
may be leased by one person or a
company.

GRAZING

Under the Grazing Act the Provin-
ce is divided into grazing districts
and the range administered under a
Grazing Commissioner. Annual
grazing permits are issued based on
number of head of stock being given
to established owners. Stock-owners
may form associations for range
management. Free, or partly free,
permits are available for settlers,
hauzers and travelers, up to ten
heads.

DO YOU COUGH, COUGH ALL NIGHT LONG?

Terribly distressing and wearing on the
system is the cough that comes on at
night and you cough; cough all night
long and can't get to sleep.

DR. WOODS NORWAY PINE SYRUP WILL GIVE YOU RELIEF

Mrs. John Lyman, Enterprise, Ont.,
writes: "After having had whooping
cough I contracted bronchitis, and for
days and nights I coughed continually,
and could get no rest or sleep, but after
taking one bottle of Dr. Woods' Norway
Pine Syrup I found great relief, and after
having taken several bottles I was relieved
of my trouble."

This valuable cold and cough remedy
has been on the market for the past 35
years; you don't experiment when you
buy it; put up only by The T. M. Mearns
Co., Limited, Toronto, Ont.

be in favor of giving the conces-
sion suggested provided it did
not prejudice the city's position.
He felt, however, that this was a
very advantageous location for
such a plant. There was rail
and water transportation and no
taxation on improvements. For
instance, the mill at Swanson
Bay paid \$5,000 a year in taxes
as against \$1,800 charged the
local plant. It had no rail con-
nection. He felt that it might
fairly be required of the local
mill to pay regular power and
water rates. While it was de-
sirable to assist in the estab-
lishment of industries, the city
should be safeguarded. Conces-
sions for a short period might
be granted. Such plants as the
cold storage and the cannery,
which meant a great deal to the
city, had not asked for such con-
cessions.

Ald. Casey was opposed to
granting any concessions at
less than production cost un-
conditionally. The operators of
the mill should show good faith
following their statements as to
possible future developments. If
they did so, he would be in favor
of giving them almost anything.

Make No Mistake

The mayor said that, while he
had no axe to grind and was ask-
ing for no snap decision without
the whole council being satisfied,
he felt that the matter should be
settled with as little delay as
possible. He felt that no mistake
would be made in granting the
concessions proposed for the
remainder of the year.

Ald. Larsen understood that it
was proposed to move in the di-
rection of a pulp mill within a
year. Mr. Bell had said that it
would be necessary to establish
a shingle mill in any case.

Ald. Stephens recalled that Mr.
Bell had said the mill would op-
erate whether or not the conces-
sions were granted. Mayor New-
ton could recall no definite prom-
ise as to a pulp mill.

Ald. Smith and Ald. Brown
felt that concessions might be
granted the mill until the end of
the year.

At the suggestion of Ald.
Casey, it was decided to defer
making a final offer until Mr.
Smith arrived.

WANTS BATH HOUSE

Editor, Daily News:

Allow me a little space in your
valuable paper to discuss the
question of a public bathhouse.
Seeing that the city is represented
by quite a number of labor
members, I sincerely hope they
won't forget their duty toward
labor while in the council. We
have one good tested member
and in regard to his views on
the labor question there is one
real question I would like to
point to in regard to public
health in this city of ours and
that is the need of baths.

I think it is nearly time that
this city, seeing they are all in
favor of municipal ownership,

LICENSE.

NOTICE is hereby given that on the
7th day of March next the undersigned
intends to apply to the Liquor Control
Board for a license in respect to premises
being part of the building known as

First and Seventh Streets, in the City of
Prince Rupert, Province of British Colum-
bia, upon the lands described as lots
eleven (11) and twelve (12), thirteen
(13) and fourteen (14), in Block ten
(10), Section One (1), City of Prince
Rupert, according to a registered map or
plan deposited in the Land Registry Of-
fice at the City of Prince Rupert and
numbered 923, for the sale of beer by
the glass or by the open bottle for con-
sumption on the premises.

day of February, 1925.

should build a bathhouse as
there are going to be a large
number of fishermen here this
season. Although all halibut
fishermen are not perfect in re-
gard to their religious views,
they have cleanliness, which is
next to godliness. All crews com-
ing ashore, after being penned
up on a fishing boat for some
time, the first thing they want
is a bath. There are lots of
houses built here without baths.
A public bathhouse would be
quite an asset to the city treas-
ury, seeing that all barber shops
charge fifty cents a bath. I can
see where the city could do bet-
ter than that at a great deal less
price and accommodate the pub-
lic at a greater advantage than
at present. Seeing that they
are building two new churches
in Prince Rupert I think it
nearly time they should build a
bathhouse. Under our teaching,
according to Christian civiliza-
tion, cleanliness is next to god-
liness.

Hoping that our 1925 council
will take up the matter if only
in the name of humanity and
labor.—Thanking you,
ROBERT HANNA,
Fisherman.

UNREQUITED SERVICE

Editor Daily News.

I would appreciate being avail-
ed the opportunity of relating
through your columns an inci-
dent which I consider deserves
exposing, as it certainly does not
support the principle of "Honesty
is the best policy."

On Saturday evening last, I
found a purse containing \$56.00
close to the corner of McBride
St. and 3rd Ave. I immediately
turned around and proceeded to-
wards the police station, where I
intended depositing my find.
While passing along 3rd Ave. I
met a man and wife who had lost
the money. Upon submitting
proof that they were the owners
I handed my find in full to them,
and expecting that they would
desire to express their grateful-
ness in some manner waited a
few moments, but contrary to
my expectations they went their
way, taking the whole of my find
with them.

Had the couple offered me a
reward under ordinary circum-
stances I would not have accept-
ed it, but at the present time I
am out of employment and en-
tirely without means, and the
price of a square meal would
have appealed very much to me.

I thank you in anticipation of
exposing this incident, as in my
opinion, the couple concerned
did not deserve to receive the
benefits of the valuable principle
of "Honesty is the best policy."

At a well attended meeting last night, the Prince Rupert Trades & Labor Council elected officers as follows for the forthcoming term:

President, S. D. Macdonald (re-elected).
Vice-President, James Black.
Secretary-Treasurer, Frank Derry (re-elected).
Statistician—E. W. Tucker.
Sergeant-at-Arms, J. G. Anderson.

Executive committee—Harold J. Smith, J. J. Gillis, James Coombs with the president and secretary.

Legislative committee—Jack Ratchford, D. Milne, D. A. Mackenzie, Ald. W. M. Brown, J. H. Meagher and Alex Hudema.
Finance committee—E. W. Tucker, W. N. Hoss and J. Wilson.

The auditor's report shows the council to be in a flourishing financial condition.

Eight Hour Day

There was considerable discussion at the meeting over the exemptions granted by the 8-hour day board and the secretary was instructed to communicate with Frank V. Foster, member of the board, for further information.

A communication from the Vancouver Trades & Labor Council requesting the federal government to take action on the matter of unemployment insurance was endorsed and the local member, Fred Stork, will be further communicated with on the subject.
