TWO BANDITS ARE SHOT IN BANK HOLDUP

CHINESE UNREST IS ANTI-CHRISTIAN AND ANTI-FOREIGN AND WIDESPREAD

Two Bank Bandits Were Shot and Killed by Marshall After Alarm Was Given by Cashier

TACOMA, July 2.—Two bank bandits were shot and killed by Marshal Ed. Nelson Wednesday afternoon when attempting to rob a bank at Buckley, 27 miles east of here.

The bandit pair entered the bank after covering the officials and customers. With guns they forced Cashier Hovey to hand over \$2,000 in silver.

Hovey turned in an alarm with his foot and when the bandits fled into the street to a waiting auto they were greeted by a shower of bullets from the guns of citizens.

One robber was shot by Nelson on the running board of the car and the other drove away from a pursuing car and then returned, faced the armed citizens, ordered the body of his companion placed in his car. Before anyone made a move to obey, Nelson shot twice and the bandit died in a few minutes.

MRS. ANDERSON DIED TODAY

Lady From Alice Arm Was Well Known in North and Had Lived in Prince Rupert

The death occurred at the General Hospital early this morning of Edith Anderson, wife of John A. Anderson, a mining man who is in charge of the Dolly Varden mining property in the north. Mrs. Anderson came to Prince Rupert on the Cardena Tuesday with the purpose of undergoing medical treatment. She was taken ill en route and sent to the hospital. Yesterday it became necessary to operate in order to try to save her life but she did not rally and died this morning about three o'clock.

Mrs. Anderson leaves six young children, three boys and three girls. She had lived for a number of years in the north and for a short time in this city where she had a number of friends. Before her marriage she taught school in Montana. The news of the death was sent to Mr. Anderson this morning. The wires were down yesterday so that it was impossible to get information through as to her critical condition. Mr. Anderson has telegraphed Dr. Kergin to arrange for the funeral here on Sunday afternoon from the B. C. Undertakers and Rev. Canon Rustbrook will officiate if he is available.

RAILWAY ERA CELEBRATED

Puffing Billy Taken Out and Operated by Gasoline Motor

DARLINGTON, July 2.—Scenes attendant upon the opening in 1925 of the first railway in Britain between Darlington and Stockton were re-enacted today with Stephenson's first locomotive "Puffing Billy" in the leading role. The ancient engine was taken from its pedestal in the museum and given new life for the day, being driven by a gasoline motor concealed beneath the boiler as rust made the steam plant unsafe.

NEARING END OF ABDUCTION CASE

VANCOUVER, July 2.—When the Won Foon Sing abduction case is resumed this afternoon it is likely that Oscar Robinson, head of the Canadian Detective Agency will take the stand and it is possible the hearing will be concluded before adjournment is taken.

COWPER SENT UP FOR TRIAL

VANCOUVER, July 2.—J. S. Cowper, charged with defamatory libel, by F. L. Baker, was formally committed for trial this morning and released on his own recognizances of \$500. Unless Cowper elects for speedy trial before a county court judge, the case will not come up until the fall assizes.

HEAVENLY VISION COMES TO INDIAN RELIGIOUS REVIVAL

BELLEVILLE, Ont., July 2.—Believing that she has by heavenly vision been constituted a divine agent to inaugurate world revival of religion and morality, Terest Brant, an Indian woman of the Mohawk Reserve near here, and a direct descendant of the famous Chief Brant, has outlined her plans to Mayor W. C. Mikel of this city. Teresa Brant believes that the Peace Celebration at Belleville next August is to be the forerunner of world peace, according to the exemplification of the dreams which she experienced.

Reg. Beaumont left for Vancouver this morning by way of Jasper Park.

Anti-Foreign and Anti-Christian Movement in China told about by Vice-President of University

Showing that the anti-foreign and anti-Christian movement in China is widespread and sinister and that it is extending to all classes and groups throughout the accessible portions of the country, Rev. James L. Stewart, D.D., vice-president of the West China Union University, tells of conditions as they were at the time of writing a few weeks ago. Since that the situation has grown worse, according to telegraphic reports. He says: "The movement, as it spreads, takes on ever more sinister aspects. It is well known that Russia, both by money and agents is aiding the discontent for her own ends and there is suspicion that another nation sees also gain in the unrest. Thus there is a growing aspect which is not alone anti-Christian educationally but anti-foreign especially as directed against America and England. Despite these forces of evil everywhere so strong and apparently at the present time ever renewing their strength and subtlety of attack, the tone of the National Christian Council is one of courage and calm confidence. The anti-Christian attack is leading to a search for the fundamentals of Christianity both within and without the Church as never before.

How Trouble Brewed.
"Masses of the student body have never come near our Christian schools. They started out reading all sorts of western literature and the natural reaction has followed. They have discovered that the west has its superstitions as well as its sciences and that is greatly aided by returned students from France and Russia. A movement, then, led largely by these returned students from the continent of Europe (there are comparatively few from America and England) and aided by the masses of those who do not understand Christianity, plus a small accession from discarded students from our own institutions are out today vehemently protesting against Christianity, especially Christian education. Naturally, the newspapers and

SUNDAY SCHOOL BOY DROWNED AT PICNIC

VICTORIA, July 2.—Walter Oddy, Niagara St., was drowned when swimming at Elk Lake. He was attending a Sunday School picnic and went into the lake to swim along with a number of others. He was returning from a float about sixty yards from land when he suddenly sank and it was two hours before his body was recovered.

Twenty Home Runs Were Made Yesterday in Big League Ball and Babe Ruth Contributed Two

NEW YORK, June 2.—Twenty home runs were made by the big leagues yesterday supplying considerable food for argument among fans as to the lively ball. Seven homers were made by the New York Giants as they won a double header from Philadelphia and forced Pittsburgh from the lead. Irish Meusel accounted for three of the circuit blows for the Giants and Babe Ruth connected with two for the Yankees.

Dominion Day Holiday Is Suitably Celebrated

Ideal weather conditions yesterday contributed to enjoyment of pleasure seekers on Canada's Birthday

Dominion Day was celebrated here yesterday under ideal conditions. The weather was favorable, there was a varied program of sports and games for those who liked to watch or take part; Sail Lakes swimming was excellent and the ferry service regular, and the private launches were all out cruising to some of the beaches or other resorts of the neighborhood.

The first ball game against Kelchikan was somewhat of a disappointment as the locals fell down so badly, the score of 16 to 5 being a good indication of the brand of play. The second frame made up for the first, however, and the visitors went down to defeat in the evening 2 to 3, much to the delight of the home fans. It is expected that the games at Kelchikan Saturday will be very close as the management of the Rupert team has learned a lesson from yesterday. The day opened with the children's sports and football match in the morning. In the latter the English and Scottish boys beat the Canucks by a score of 2 to 1 in a closely contested match. The children and others, who had got up early enough marched up to the hill led by the Regimental Band.

The big football match was that between the Callies and the Veterans, when to the surprise of many the Vets held their opponents to a tie. It was an excellent exhibition of football. The dance in the evening at the Auditorium was well patronized and everyone seemed to have a good time. Many visitors were in the city from surrounding parts of the country and the restaurants were all very busy throughout the day. Taxis did a good business and many local people took advantage of the holiday occasion to entertain friends in their homes.

The Yacht Club was denuded of launches throughout the afternoon and much of the evening, the owners using them to take parties to the Salt Lakes and other resorts. The ferry launch "23" was kept busy and gave a good service. The consensus of opinion was that the holiday was a great success in that it catered to the enjoyment of a great many people.

NEW RUSH TO DEASE LAKE

Discovery of Gold Said to Have Been Made on Eagle Creek

SEATTLE, July 2.—A new stampede to Eagle River, 13 miles from Dease Lake, B.C., is reported in despatches from Dease Lake. More than a dozen outfits have transferred their activities to the new region where two French miners are said to have made an important find in 1975. An unusually abundant supply of birds and other game have helped the prospectors with the food problem. It is reported. Gold Pan is a tributary of Eagle River in which the new find is reported.

PENSION BOARD IS IN SESSION TODAY

The Pension Board, which considers the various pensions allotted to War Veterans, arrived in the city yesterday from Stewart. It is the duty of this board to review the pension allowance of returned men about every two years and provide for any adjustment which might be found necessary. The board is holding sessions at the Rupert Hotel, where all pensioners of the late war are again examined to see if there is any change in the physical condition which would cause a new adjustment as to the pension allowance.

WHEAT PRICES DROPPED FIVE

WINNIPEG, July 2.—Another of those sudden slumps in wheat, which have become so common of late took place yesterday when the prices tumbled five cents. The drop was due to the fall in prices at Chicago where there were drastic declines.

A new telephone directory is about to be issued. Applications for moves, changes or new listings for this issue must be made in writing to Telephone Department, City Hall, not later than July 4.

VIOLENT DEATHS.
WINNIPEG, July 2.—One boy was drowned while bathing in the Assiniboine river and an infant boy burned to death in the explosion of a coal stove on Dominion Day. There were twenty-nine violent deaths in the city during the month of June.

FIFTY THROWN INTO THE SEA

Gangway Breaks at English Bay But No Fatalities

VANCOUVER, July 2.—Fifty persons narrowly escaped drowning yesterday when the gangway leading from the English Bay pier to the floats alongside cracked, precipitating the crowd into seven feet of water. Mrs. G. Heath, aged 50, was the only person injured. She was taken to the hospital suffering from injuries to the back and with shock. Rescue work was rapid by three police officers and members of the life saving patrol who were on hand in preparation for the swimming championships which had been postponed owing to rough water.

DOMINION DAY AT VANCOUVER

Event is Celebrated For First Time in Twenty Years

VANCOUVER, July 2.—For the first time in twenty years Vancouver officially celebrated Dominion Day yesterday. Great crowds of visitors and citizens participated in the event which opened in the morning with a four mile parade and floats. The celebration continues until Saturday next.

Next Best Here To California.

"This is the warmest place we have struck since we left California," declared a tourist who was in the city yesterday. He had found it cold all the way up the coast but here in Prince Rupert it was enjoyable. This ought to make us more satisfied with the climate we enjoy.

Where Is There Salt Water Bathing Warm?

Where is there north of California that salt water bathing can be enjoyed such as there is in Prince Rupert? At plenty of places there are bathing beaches but the water is chilling. People get used to swimming there and do not mind it but it is cold. Here we have salt water bathing in a Salt Lake in the midst of a beautiful park, yet we scarcely seem to realize the privileges we enjoy. There are even a few people who do not go to the Salt Lake to enjoy the swimming or to see the others disport themselves in the water and enjoy life under ideal conditions.

Many people here remember the time when the swimming enthusiasts had to anchor their boats in the bay and climb over the muskeg for half a mile in order to get a swim. They earned what today is not only accessible but inviting to all of us.

Urges Retaining The Dunwell Mine.

The Portland Canal News is urging shareholders of the Dunwell Mine to retain it for themselves and operate it in a modest way, gradually increasing the output as the development advances. It points out that now there is a road almost to the mouth of the tunnel, that there is everything that makes for ease of operation and that there are hundreds of tons of ore that could be shipped direct to the smelter without a mill. There are thousands of tons of high grade milling ore proven to great depth and also traced on the surface for a great distance. The paper suggests that reorganization might take place and the capital be increased locally sufficient to enable production on a considerable scale to commence and thus make a British Columbia owned and operated mine. Why not?

What Do We Know Of Jesuit Missionaries?

A correspondent wishes to know what they canonized the Jesuit missionaries of Eastern Canada for. In answer to that question we would refer him to Parkman, the historian. He says:

"Nowhere is the power of courage, faith and an unflinching purpose more strikingly displayed than in the record of these missionaries." Father John de Brebeuf worked for sixteen years with the Hurons before he was seized by the Iroquois and taken prisoner to the settlement at St. Ignace. Here this wonderful "Black Robe" as the Indians called him was put to most excruciating torture. Finding that he made no complaint, the savages tore out his heart and ate it hoping to imbibe some of his amazing courage. Father Gabriel Lalemant, the gentle companion of Brebeuf, rose to a surprising height of endurance and prayed for his tormentors as they prolonged his sufferings for sixteen hours. In a raid by the Iroquois on the Christian Hurons, Father Daniel faced the enemy while telling his people to flee. He became the target for arrows and bullets and fell, his body being thrown into his chapel, and set on fire by the enemy. Father Charles Garnier met a somewhat similar fate.

An apostate Huron dealt the blow which killed Father Noel Charbonel whose sensitive disposition had at first rebelled against the coarseness of life with the savages and who found it hard to learn their language though a professor of rhetoric in France. To overcome his disinclinations he had bound himself by vow to remain in New France. The story of Father Jogues is filled with endurance, sufferings, escapes to France and voluntary return to the land of his persecution where his life was ended by a blow from a tomahawk. The two young laymen, Rene Coupl and John de la Lande, the much loved companions of Father Jogues also met death, at the hands of the Indians, the merciless tomahawk being in each case the instrument by which their ardent work in the missions was ended.

OPERATOR ON ARCTIC IN FARTHEST NORTH

MONTREAL, July 2.—Robert McA. Foster, radio operator on the forthcoming cruise of the Canadian government steamer Arctic into northern waters has the distinction of being the farthest north official of the American Radio Relay League, the organization of Canadian and United States radio amateurs. At a farewell dinner staged by prominent Canadian radio men in this city, Foster was presented with a certificate appointing him "District Superintendent of the Canadian Arctic Regions," thus making the station on the Arctic, VDM, official headquarters for northern communication. Foster expects to do the greater part of his communication on short wave lengths thus carrying out the same methods that govern the work of John L. Reinartz, operator with the Navy-Millan expedition from the States. The apparatus on the Arctic will be worked on 10, 63, 80 and 120 meters, thus getting greater flexibility than was possible last year when 120 meters was the only wave-length used.

LIBRARY BOARD AT
REGULAR MEETING

Librarian Reported Good Pro-
gress. Tenders for Room
To Be Called.

The regular monthly meeting of the library board was held last evening, chairman Pullen presiding, and present in addition Rev. G. G. Haeker, James Black, Mrs. Kirkpatrick, C. V. Wilkinson and the librarian. The librarian reported that the total circulation for the month was 2,478 volumes or an average daily of 99.1. The circulation for June last year was 2,164.

New registrations for the month were 19 and there were 19 cancellations, the large number being due to the schools closing and teachers leaving the city. The total number of registrations today is 1926.

During the month 24 books were received by gift and 16 by purchase while three volumes were cancelled. The total number of books now on the shelves number 4,435. Friends of the library continue to contribute volumes they are not using and these add very much to collection.

It was decided by the board to call for tenders for a new roof for the building and these will be considered at the next meeting of the board. The committee to prepare specifications and secure tenders consists of James Black, Alderman Smith and Rev. G. G. Haeker. The library will be closed from July 6 during the time the librarian takes her holidays, and during that time the interior of the building will be renovated.

AUDITORIUM DANCE
WELL PATRONIZED

Enjoyable Wind-up To Pleasant
Dominion Day Holiday Under
Auspices of Sons of
Canada.

The dance held in the Auditorium last night, under the auspices of the Sons of Canada, was a fitting climax to the Dominion Day festivities. Between three and four hundred people thoroughly enjoyed fox trots and moonlight waltzes from 9.30 p.m. until the small hours of the morning to snappy music furnished by the Serenader's orchestra. The hall was gaily decorated in red, white and blue streamers while the excellence of the floor was much commented upon.

Delightful refreshments at midnight, were served under the direction of S. E. Parker, chairman, assisted by members of the organization. L. E. Marren acted as floor manager and Ernie Unwin was at the door.

The success of the evening was due to the good work put in by the committee consisting of S. E. Parker, E. A. Mann, Joe Greer, W. S. Fisher and Don Graham.

STEWART

Dr. Carter, the local dentist who staked ground on Gold Pan and adjacent creeks in Cassiar last fall, has abandoned his claims as not warranting being worked. He has had considerable work done on some of them.

Five tons of supplies are being taken in to the Troy property in the Salmon River Valley owned by the Northland Mining Co. The camp is to be under direction of Neil McDonald, discoverer of the mine.

William Forrest has gone with

a small crew to get development started on the Rufus property. This crew, it is said, will be greatly enlarged within a short time.

A. W. Morton, managing engineer for the Argenta has taken charge of operations.

Patsy Hogan, who has been shift boss at the Engineer Mine, Atlin, is back in Stewart.

Stewart celebrated Dominion Day yesterday in a manner worthy of the town.

Gus Anderson, assistant mine foreman at the Premier Mine, is taking charge of the new work being done on the Forty-Nine. A new camp is being constructed as the old one has been wrecked by the weight of snow. This mine is reported to be controlled by the Premier Gold Mining Co.

FIRE DEPARTMENT
CALLS DURING JUNE

The fire department did not have a very busy month during June, there being no serious outbreaks apart from the Central Hotel. The actual damage in this instance has not yet been determined as the work of the adjuster is not complete.

The full list of calls is as follows:
June 7, A. Comadina, 943 3rd Ave., chimney fire.
June 8, grass fire on Conrad.
June 15, gas boat at Cow Bay, P. Ackland.
June 26, two calls to Central Hotel.
June 27, grass fire at 5th Ave. and Cotton.

Picture Writing
and Native Art

(By Harlan I. Smith)

Picture writings painted on the rocks in various parts of Canada by the Indians of long ago have recently been found to have an economic value. Designers have used them not only as a basis for trade marks, but also in developing pottery decoration.

There are about 1,000 factories making over 170 different classes of articles that require designs and other decorations. The number using trade marks is much greater.

Besides picture writings, sculptured pictures found on rocks, and in fact many, if not all, of the objects of stone, pottery, bone, and antler, made by the Indians in prehistoric times, are useful in this way.

The pictured rocks also serve as tourist objectives to attract foreign travellers to visit such places and to pay to our steamships, railroads, hotels, and garages, and to guides as well as many others, a considerable amount of money.

Prehistoric Art

The Dominion archaeologist at Ottawa has been facilitating this work by directing Canadian manufacturers and their designers, as well as railroad officials, publicity bureaus, and the Parks Branch of the Department of the Interior to such art material and by supplying them with pictures of some of the best of it. He has established an extensive and permanent file for the accumulation of these materials in the archaeological office of the National Museum of Canada at Ottawa. Here the facts may always be available for the use of manufacturers.

He has recently prepared "An Album of Prehistoric Canadian Art" for these uses. This was published last year and may be obtained by addressing the Director of the National Museum of Canada, Ottawa. This album is sold by the government at a nominal price, of fifty cents, which is less than the actual cost of printing, but sufficient to prevent its being sought by those who would waste a government publication.

Asked to Report

In order to extend and perfect this work, the Dominion Archaeologist at Ottawa has appealed to everyone interested in Canada to assist. They, in their interesting work, visit many distant parts of Canada where he has no opportunity to go. It is requested that they report the location of each painted picture writing, each sculptured rock, and in fact any location or find of prehistoric handiwork or allied thing such as pottery grave, or earthwork.

He desires the location to be given as nearly as possible so that another person might be able to find it at any time in the future, as, for instance, "About four or five feet above high water mark, on the north side of such and such a river, about one mile below the third rapids, below such and such a lake or town or river mouth, and easily seen for three hundred feet, or not easily seen, as the case may be." The more accurate the location the better, but even clues and rumors will be of some value.

Each informant is requested to give his name and address that he may be given due credit, and if necessary be reached by mail in an attempt to secure from him any more detailed information desired.

PARTY PAID VISIT TO LEWIS ISLAND RANCH

The Launch Oh Baby made the round trip to Lewis Island yesterday under ideal weather conditions, by a party of people who took advantage of the holiday to pay a visit to the Lambly ranch. The island was reached at noon and after a sumptuous lunch swimming and exploration of the natural beauties of the ranch was much enjoyed.

The Misses Eynod and Meghan Morris and Bernice Ross and Rupert Ross remained at the ranch to spend a portion of their summer vacation.

The party returned to the city at 8 o'clock last night.

BALL GAMES WERE DIVIDED

First Went To Ketchikan And Second to Prince Rupert.

The local baseball players divided the series with Ketchikan yesterday, losing the first game by a score of 16 to 5 and losing out a 3 to 2 victory in a seven inning game in the evening.

The afternoon game was rather poor, although in spots there was some excellent baseball, such as brought the fans to their feet. Krepper started in the box for the visitors but was relieved in the fourth by Stewart, and Schenkler, who was pitching for Rupert was taken out in the seventh and replaced by Roy. The game was featured by a goodly number of errors by both sides, with the home team the worse offenders. Schenkler, who opened for Rupert pitched good ball, but soon began to weaken, and it is only fair to say that possibly he was not accorded the support which he might expect and so found it difficult to continue.

Krepper on the mound for the visitors was soon found for a number of hits by the local boys and in the fourth he was chased and Stewart brought to the rescue. For a time good ball was played, and the local boys felt confident of holding the lead, but for the rest of the game none of them succeeded in crossing the home plate, while Ketchikan annexed runs in practically every inning.

The teams lined up as follows: Ketchikan—Arnold 1b, Hopkins cf, Stewart rf and p, Peck lf, Grummett ss, Garn 2b, Krepper p, Hill 1b, Anger rf.

Rupert—Schenkler and Roy p, Balfour c, V. Menzies 1b, H. Menzies 2b, S. Moran ss, J. Farquhar 3b, J. Ratchford cf, W. Mitchell lf, Smith rf.
Rupert 2 3 0 0 0 0 0 0
Ketchikan 2 0 0 2 3 2 2 0 5
Hits—Rupert, 8; Ketchikan, 10
Errors—Rupert, 10; Ketchikan, 6.

Second Game.
The game in the evening, although not so well patronized, was by far the better game from the spectators point of view. It was close, featured by better fielding, and in every particular better baseball.

Lidstone and Balfour were the battery for Rupert and Kyollen, who started on the mound for Ketchikan was relieved at the

end of the first inning and was replaced by Krepper. Hull was again behind the bat for the visitors. Ketchikan opened the scoring in the first inning and added one other in the fifth, and although they tried hard to equalize in the seventh, Lidstone held them well in check at all stages, allowing only eight hits and these were well scattered.

The following was the lineup for the evening:

Rupert—Lidstone p, Balfour c, V. Menzies 1b, H. Menzies 2b, Farquhar 3b, Moran ss, H. Frizzel lf, J. Ratchford cf, W. Mitchell rf.

Ketchikan—Arnold 3b, Hopkins cf, Hull c, Peck 1b, Grummett ss, Krepper rf and p, Hatch 2b, Garn lf, Kyollen p and rf.

JR. FOOTBALL WAS SURPRISE

Young Players Developing Well. England and Scotland Beat Canada.

Deserving of probably a better patronage than was accorded, the Junior footballers furnished a game yesterday that was indeed a surprise to many who had witnessed their play for the first time.

The game, between two teams picked from the Junior League representing England and Scotland on the one side and Canada on the other. As play opened it was soon seen that there would be plenty of excitement and the pace seemed to increase until in the last few minutes a fine brand of football was served up.

The Overseas team played down hill in the first half and succeeded by aggressive work in notching two goals to their opponents one, while in the second period, with the grade in their favor, the Canucks went out to equalize. It is only fair to say, in this instance, that it seemed only the good goal tending of Bryant that prevented the equalizer, although the Canucks missed many good openings through poor shooting.

For the Overseas' possibly, Bryant, Bond, Kelsey, Smith and Donald are worthy of special mention, while for the Canucks Styles, Rogers, Stalker, Smith and Katsuyama, turned in a good game which was a credit to their team. The teams lined up as follows:

Overseas—Bryant, Bond, Kelsey, Murray, Collison, Parker, Smith, Irvine, Viereck, Fisher and Donald.

Canucks — Dingwall, Styles, Walters, Rogers, Hacker, Stalker, Smith, Gurvich, Katsuyama, McDonald and Miller.

SPORTS WERE MUCH ENJOYED

Children Had Good Time Yesterday Morning at Acropolis Hill.

There was a goodly number present at Acropolis Hill yesterday morning to witness the children's sports. A good program was provided and although in some instances the competition was not keen, nevertheless there was much room for praise at the manner in which the youngsters generally conducted themselves.

The following is a list of the events and the winners in each.

Girls' race, 5 years and under: 1, M. McGlinchy; 2, C. Bell; 3, Hazel Smith.

Boys' race, 5 years and under: 1, Tom Collison; 2, Tom Williams; 3, C. Moore.

FOOTBALL GAME ENDED IN TIE

Closely Contested Match Played Yesterday Between Callies And Veterans.

Those who were anticipating a good game of football yesterday in the final for the Dominion Day cup were in no sense disappointed, although in the opening stages interest was not as keen as when the game had progressed.

The Callies and Veterans each had a goodly number of supporters in the bleachers who were willing to lend their audible support to the respective line-ups.

The Veterans played down hill in the opening period and were soon accorded a penalty kick in front of goal which Capt. W. Murray converted. This seemed to give new heart to the Callies, who from this point pressed the Veterans consistently. The play went from one end of the field

A little higher in price, but— what a wonderful difference a few cents make

Sport Chat

Another professional boxer, who has been in the limelight for some time, and mainly of late because he was able to evade a knock-out from Jack Dempsey, at the much-talked-of fight in Shelby, months ago, made what may be considered for all purposes his exit from the ring a week or so ago. That was Tommy Gibbon. He was never a top-notch, and there were always many who thought that Dempsey, in that Shelby encounter treated him rather kindly, but he managed to keep going in these days when there really are very few top-notchers in any of the accepted classes of professional pugilism.

Gene Tunney, knocked Gibbon "for the count," and by doing so has acquired as much right as any of the other would-be claimants for Dempsey's title, to challenge the world's heavyweight champion, who it begins to look may never sign on for a real fight again.

Jabez Wolfe, generally considered the greatest authority on Channel swims, will take personal charge of the efforts of Miss Gertrude Ederle of New York, when she attempts to make the historic swim. Why Asphalt Paint is Better

Asphalt is nature's best waterproofing, and waterproof paint lasts longer than other kinds.

Valdura Asphalt Paint is not only true asphalt paint, but the asphalt is the finest obtainable - Gilsonite 99.5% pure natural asphalt just the way it comes from the mines. There is no coal tar, artificial or man-made asphalt in Valdura. Valdura is easier to apply, spreads further, lasts longer and costs less than any similar paint made.

VALDURA Asphalt Paint

will waterproof and protect anything you apply it to. It is particularly adapted for roofs, implements, farm machinery, tanks, bridges, heated surfaces - everywhere - and on any surface, metal, wood, cement, cloth or paper, requiring protection from water, weather, acids, alkali and varying temperatures.

Valdura is made in brilliant, glossy Black and in durable shades of Red, Brown and Green. It is the only successful colored asphalt paint known.

You will be very much interested in the Valdura booklet, "Asphalt and its 3000 Years of useful Service." May we send it and a free test sample? Distributed by Kaien Hardware Co. and F. E. Hunt Ltd.

magazines have been much used for their propaganda, and articles materialistic, communistic and pseudo-patriotic have spread over the lands.

Against Christianity. But such forms of propaganda have naturally been too slow and lacking in the spectacular for some. Anti-Christian Societies have been formed in Peking, Shanghai and other coast centres, with branches in practically every centre of any size throughout the land. From these efforts both great and small have been made to discredit it and disrupt our work. Thus national and provincial groups

have been induced to pass resolutions demanding that religious knowledge be banished from our courses, that our schools all come under government control or even that they be discontinued. Locally discontented students have been led from our institutions into the hostile camp and after repeated entertainment with cigarettes, wines and propaganda sent back to spread discontent. Indeed, investigation shows that students have been financed to register with us simply to get an entrance into our student body.

Strikes of Students.

The results have been the same in practically every centre. Advantage has been taken of insignificant matters such as courses of study, examinations, religious instruction, discipline, etc., to rouse strikes. In many cases the malcontents have been able to do little and have gone away discouraged. In other cases they have succeeded in leading out bodies of varying sizes and in a few cases even breaking up the school for the term. In our own mission work a small class in the Chungking high school left after tearing up a few books and a still smaller class walked out with considerable noise in Kiating. Our Union University group has been worked to go out on sympathetic strikes with small disaffected bodies throughout the city but have failed to respond, but the end is not yet.

Christians Hooted.

Naturally, such movements arouse various other forms of reaction. The church is attacked as an agency of superstition, and students visit it give travestied reports of Church services; Christians are hooted on the streets; processions are formed which make special demonstrations before schools, churches and hospitals. Nurses are induced to go out on strike and servants to demand more wages. The laborers are especially sought out for propaganda. Even in the far interior our carpenters and masons are wrought upon to create disturbances and, when occasionally one is dismissed, the most fulsome falsehoods are spread broadcast as to the causes and his treatment.

The National Christian Council, representing all the Christian forces in China, at its sessions just closed at Shanghai, has spent considerable time reviewing the situation.

The battle is on. The Christian church in China needs the prayer and utmost support of the churches in the homelands. But we are as of old, confident that He who is with us is greater than all those who can be against us, and that His kingdom must come, indeed is coming, even through and despite all things in this great land."

GAS ON STOMACH MAY CAUSE HEART TROUBLE

"I had gas (from stomach) pressing on my heart and was told I had heart trouble. Adierika did more for me than anything else." (Signed) Mrs. A. H. Harris

ONE spoonful Adierika removes gas in TEN minutes and often brings astonishing relief to the stomach. Brings out a surprising amount of old waste matter you never thought was in your system. Stops that full, bloated feeling and makes you happy and cheerful. Excellent for chronic constipation. Ormes, Limited, Druggist.

OPEN OFFICE IN THIS CITY

H. W. M. Rolston & Co. To Have Branch of Stockbroking Business Here.

H. D. Rochfort, of the firm of H. W. M. Rolston & Co., stockbrokers, of Stewart and Victoria, is in the city for the purpose of opening an office for his firm.

Speaking of the object of his trip, Mr. Rochfort said the Stewart people were anxious for closer business relationships with this city. Much of the business of the mining camp went past Prince Rupert to Vancouver, yet he thought much of it might come here. It would be the aim of his firm to foster this closer relationship and get Prince Rupert to take an interest in the Portland Canal camp which promised to mean so much to them.

Mr. Rochfort says the companies which his firm has been instrumental in financing are turning out well. The Porterville is shipping on regularly and the promotion stock is all off the market. The Marmol Metals will not be on the shipping list yet but the property is showing up well.

Mr. Rochfort has been connected with the Stewart camp since 1909.

Geo. McCawley left on the morning train on a holiday trip which will take him as far east as Winnipeg. He will return in about two weeks' time by way of Vancouver.
