SPEECH AT THE OPENING OF PARLIAMENT

PROPOSAL TO SUBSIDIZE LINE OF STEAMSHIPS SO AS TO REDUCE PRICES

Governor General Opens Parliament and Reads Speech from the Throne

Freight Rates, Senate Reform, Port Development and Opening of Peace River All Mentioned

OTTAWA, Feb. 6.—The Governor General opening the fourth session of Parliament in the speech from the throne announced that parliamentary sanction would be sought for the calling of a conference between the federal and provincial governments for the amendment of the British North America Act "with respect to the constitution and powers of the Senate and other important particulars."

The speech said the attention of Parliament would be called to the desirability of equalizing the freight rates between the provinces and localities.

A measure will be submitted for equipment of the important ports of the St. Lawrence and those on the Atlantic and Pacific coasts to enable them to meet all requirements of modern navigation.

Steps will also be taken to further colonization settlement of the fertile regions such as Peace River.

There were the usual ceremonies at opening. Members of the House of Commons visited the Senate to hear the speech read by the Governor and after the other formalities had been taken place the House adjourned until Monday.

Pronouncements already made by the leaders of the two opposition parties indicate that the official Conservative opposition will stick to its policy of protection for all industries, including farming and fishing. Progressives will focus attention on the demand for lower freight rates from and to western Canada.

Of the six members elected since the last session, five were introduced. Grote Sterling of Yale, B. C., was unable to be present.

As before, the agreement provides that one-fifth of the proceeds of a trip shall go to the fund, the remaining four-fifths being shared equally among the men after the costs of the trip are met.

END OF WORLD NOT IN SIGHT

Hollywood Religious Fanatics Are Waiting in Vain for Spectacle

HOLLYWOOD, Calif., Feb. 6.—While followers of the self-styled messiah, Mrs. Margaret Rowen, are earnestly expecting the end of the world to come today, Hollywood as a whole is indifferent, going its way, making movies for the world and not worrying about the future.

The greatest dramatic spectacle of all time was expected to take place today, but the people who believed the prophecy are waiting in vain. A section of the Seventh Day Adventists have had implicit faith in Mrs. Rowen and have sold their effects in order to be unencumbered when the great day arrived. Now it is here and many will be grievously disappointed. They are not in agreement as to how the end was to come but it was expected there would be a blaze of light and the earth would be dissolved.

AVIATORS PLANNING TO LEAVE FOR NOME

Will Get Away Sunday With Anti-Toxin For Diphtheria Patients in North.

FAIRBANKS, Feb. 6.—Roy Darling, former navy aviator, and Ralph Mackie, mechanic, are leaving Sunday morning on a two-day trans-Alaskan flight to Nome with 620,000 units of anti-toxin to be used in helping to stay the ravages of diphtheria in the northern town. They will stop overnight at Kaltag.

UNITED CHURCH BIG GATHERING

Committees Already Arranging For Great Event in June at Toronto

TORONTO, Feb. 6.—Representatives of the United Church of Canada, consisting of something like 9,000 congregations in all parts of the country, will hold their first meeting here on June 10 and arrangements are already being made for the great event.

Local committees are already at work arranging for the billeting of delegates, rules and forms of procedure, appropriate service, docket of business and a whole series of meetings and services.

Will Bring Greetings

Greetings will be brought to the United Church's sister churches all over the world, and it is expected that representatives from Presbyterian, Methodist and Congregational Churches in Great Britain and the United States will convey to the General Council messages of congratulation and blessing.

The United Church of Canada will have the unique distinction of having a place in the Pan-Presbyterian Alliance, the Methodist Ecumenical Conference and the Congregational Union of the World. Unionists look forward to the coming consummation as the greatest event in the religious history of Canada, if not in the history of Christendom.

General Council

The first General Council of the United Church of Canada will be composed of 150 Presbyterians, 150 Methodists, 40 Congregationalists and 10 members of the General Council of Union Churches. These delegates or commissioners have already been appointed by the chief courts of the uniting churches, and they consist of an equal number of ministers and laymen. One of the first acts of this General Council will be to determine the number and boundaries of conference to be established, and the number of representatives that shall constitute the next General Council, to be convened within a period of two years.

A letter received by the Board of Trade from Hon. John Oliver discusses the various proposals for a western outlet from the Peace River country with an accompanying map. At the conclusion of the letter the Premier states that he still has great hope of the railway being built connecting with the Canadian National Railway in British Columbia either at Prince George or west from there.

SMITHERS MAN HAS INJURED EYE AND IS UNABLE GET RELIEF

Snow Slides Prevent His Reaching Edmonton Except After Much Delay

SMITHERS, Feb. 6.—While splitting wood a couple of days ago, Ernest Hann met with a painful accident, a splinter off the wood flying up and lodging in his left eye. The facilities to perform the necessary operation not being available here he took the first train to Hazelton to consult Drs. West and Wrinch but it was also found that relief could not be secured there and he was advised to go to Edmonton.

The train service being out of commission owing to the snow slides west of here, he was not able to leave here until the belated train came in on Friday. Meanwhile inflammation had set in and there is great probability of losing the one eye and having the other badly affected.

A portrait of H.R.H. the Prince of Wales, by A. J. Mansingsh, was chosen by Sargent as one of the representative examples of British portrait painting. It will be exhibited at the Grand Central Galleries.

Talk of Subsidizing a Line of Steamships to Reduce Shipping Rates

OTTAWA, Feb. 6.—The government is apparently considering making a financial grant to a line of freight steamers to ply between Canada and the United Kingdom, independent of the North Atlantic Shipping Company, which controls the present ocean rates. This was made clear when it was announced that negotiations had been proceeding between the Canadian Government and Sir William Peterson, the British ship owner, to subsidize the operation of ten ships of ten thousand tons each on this run with a view to giving the shipping combine some competition in order to force a reduction in ocean rates.

TERRACE MAN LOSES HOUSE

Furniture and Effects of Mr. and Mrs. Attwood Go Up In Smoke.

(Special to Daily News) Terrace, Feb. 6.—The home of Mr. and Mrs. William Attwood was destroyed by fire yesterday afternoon. At the time of the fire Mrs. Attwood was in town and the children were at school. Mr. Attwood was working at the barn and did not see the blaze until it had got too much headway to be extinguished. Everything they had was lost, including two dogs. Happily the place was covered by insurance.

CASE IS COMPLETE AGAINST MANHART IN SEATTLE MURDER

SEATTLE, Feb. 6.—Three persons identified Elmer Manhart, the surrendered suspect in the murder of Mrs. Lillian Morley of Victoria, as the man who dined with Mrs. Morley at the hotel on the evening before she was shot to death in a taxicab.

The police say the case is now complete against Manhart. The pistol which fired the bullets has not been found.

P. S. Bonney, district forester, sailed this morning on the Prince Rupert for Victoria, where he will attend a conference of district foresters. He expects to be away about ten days.

PASSENGER TRAINS ARE RUNNING AGAIN

C.N.R. Line is Cleared and Local Officials Hope That They May Now Keep Situation in Hand

The first passenger train to arrive here in a week to the day came in at 3 o'clock this morning. This was the train that should have arrived here last Wednesday morning. It was followed soon after by the regular train due here at 7 o'clock this morning which arrived on time.

With a number of local passengers who have been held up since the first of the week, the first passenger train out since last Saturday got away for the East at 9 o'clock this morning.

The line between Kwinitsa and Ainsbury, which has been tied up with snow for several days, is now cleared and local officials hope that they will be able to keep the situation well in hand from now on. It was the worst tie-up that the local line has had since the railway was opened.

THREE YEAR SENTENCE THEFT FROM THEAILS

Vancouver Man Gets Minimum Time: Served for Thirteen Years

VANCOUVER, Feb. 6.—J. McLellan, mail carrier, was yesterday sentenced to serve three years, the minimum penalty for theft from the mails. He had been in the service thirteen years.

Advertise in the Daily News

Mushing with Dog Team to Fetch Sick Man from No. 5 Cabin, Yukon Telegraph Line

With a toboggan and four fine dogs, line foreman Blackstock and Angus Beaton are today mushing over the ice and snow on the Skeena River to bring out R. W. Smith, the young operator, son of Mary Ellen Smith of Vancouver, who was taken ill at Number Five cabin on the Yukon telegraph line, whose condition is unchanged although still serious. He is unable to walk and will have to ride all the way out on the toboggan.

The men with the dog team spent last night at Number Two cabin. From this time on the going will be easier as for forty miles they follow the Skeena but they have to break their way through deep snow. From Four Mile cabin they will have to follow the telegraph trail through the woods for eleven miles to their destination, which they should reach about Tuesday. They are travelling light and carrying medicines and such things as the patient needs. Word received here this morning was that they would make about twelve miles today.

Coming out will also be slow as they will have a heavy load and the patient may not be able to stand the long journeys. Ten miles a day on an average would be good work under those conditions.

Judge Young Yesterday Afternoon Passed Sentence on Chinaman Who Robbed Business Houses.

Wong Hing, Chinese janitor, pleaded guilty before Judge Young in the County Court yesterday afternoon on four charges of theft and was sentenced to five years at New Westminster penitentiary on each count, the terms to run concurrently.

Accused personally asked for amelioration of sentence in view of his past good record. His Honor, however, refused to take this consideration and stated that, in view of the number of charges against accused, only his apparent good reputation and the fact that he had been employed in respectable circles had covered him in the past. The circumstances compelled him to pass a sentence, which, in view of the facts, he considered was a light one.

Accused pleaded not guilty to charges of theft from Lee Wah and Charles Wall and was remanded for trial on these counts.

The city police has returned to Steve King, Joe Bent and Mrs. Goldblum the goods that Wong Hing admitted he stole from them.

COLLINS ALIVE STILL IN CAVE

Shaft Being Sunk By Miners To Try To Rescue Him Is Kept Warm.

SANDCAVE, Ky., Feb. 6.—Completion of a radio amplification test has convinced workers that Floyd Collins, who for six days has been entombed in the fastnesses of a cave he was exploring, remains alive.

A shaft is being sunk by experienced miners in a final effort to reach Collins whose foot was imprisoned by a large rock.

Before the final cave-in the imprisoned man was supplied with electric lights and electric heating pads and the cave-in did not destroy the wires to the outside, so he has these comforts.

BODIES RECOVERED FROM KOOTENAY SLIDE

NELSON, Feb. 6.—The bodies of Mr. and Mrs. Hoyle, victims of Wednesday's snow and mud slide on the Lardo line have been recovered from the basement of the demolished house. Yesterday afternoon they were brought from Queen's Bay here.

Activity Promises Lively Future.

The activities around promise a lively future here. It does not do to be over optimistic or to try to persuade ourselves that things are different from what they are, but it does look, even to the most dull perception as if we are about to move.

Some readers have been challenging some of the forecasts made by this paper in regard to operations likely to take place this spring. One of these is the abattoir to be built on the waterfront. The News is willing to believe that the company proposing this work means business and will actually proceed with it so that it may be in use in the autumn. True, there have been delays in the past and so have there been delays in other quarters. If this work does not go ahead this year we shall know what to do but we believe it will. This is the logical point for such an enterprise and Prince Rupert people will doubtless be behind any move that will help to make this a distributing point for all articles of merchandise, no matter what concern is interested in it. We pick no favorites. Business is business. The time is ripe now for advancement in every line of endeavor.

Should Like To Hear About Coal Bunkers.

We should like to hear something about the prospects of coal bunkers being built this year. This will be a necessity soon. With the opening of the elevator in the autumn bunkers will be needed and it takes time to perfect arrangements with the railway and other interests in regard to site and other matters. It looks to us as if the time was ripe for consideration of this matter.

Reasonable Appeal Of Mill Owners.

The mill owners are making a reasonable appeal to the people here for support in connection with the reopening of the big plant in this city. They ask that a friendly spirit be shown and that it be recognized that there is community of interest.

That is what we always feel. This community is not large and as long as we can work together for the upbuilding of the city and for the mutual advantage of the citizens we shall prosper. At times there must be criticisms but let them be friendly criticisms and not hostile. The moment we begin to quarrel among ourselves we weaken our cause and do our bit to stop development.

Getting Much Closer To Other Countries.

Communication is the greatest civilizer in the world. That is a wide statement but it is probably true. Nothing so hastens the time when the nations will co-operate instead of acting in a hostile spirit toward each other as intercommunication. That is why we welcome the broadcasting of Canadian addresses, music and messages across the Atlantic. Thousands of British people on the other side of the Atlantic listened to the radio messages of the heads of the railway this week. They heard the Canadian airs played and came to realize that here was a sister nation talking. They tuned in with us. They were on our wave. It was a great experience.

Tuning In Is A Wonderful Thing.

Tuning in is a modern idea. The old idea of life was anagnomism to the rest of the world. Nations watched their opportunity and took advantage of neighboring nations. Seldom do we read of selfish co-operation. They failed to tune in.

Today we know how to tune in. We know it is just a matter of turning two or three dials and getting one instrument on the same wave length as the other. Then we can communicate and be friendly and hear the broadcasting of harmony. If it were not for the danger of preaching a sermon, more might be said about this. It is good to tune in with our neighbors. We do not all have the same wave length but we can adjust ourselves if we will and it is only a matter of turning knobs.

A Lesson in Success

Teach your children to save. Open a Union Bank Savings Account for each of them. Let them be friends with the Bank Teller and take their own deposits to him.

The easiest road to success is the savings habit.

UNION BANK OF CANADA

Prince Rupert Branch - H. H. Little, Manager

TELLS ROTARY CLUB OF PLANS**Ward Bell Gives Address on Operation of Seal Cove Mill**

At the weekly luncheon of the Rotary Club yesterday, J. A. Ward Bell addressed the members in a neat speech in which he recounted a number of the things he had already told the members of the city council the previous evening. He congratulated the citizens of Prince Rupert on the improved appearance of the streets and buildings since he was here last and also on the spirit of determination he found everywhere.

In regard to the mill, Mr. Bell said he had tried last year to sell the property in the East both in the United States and Canada and had failed. Then when he came back to Vancouver he got John Smith interested and eventually sold it to him but only after he had agreed to take an interest in it himself. He and Mr. Smith were the only ones interested in it.

Logs Secured

Mr. Bell said he had bought and contracted for logs enough to last five or six months and was in the market for more. The mill superintendent with a few millwrights had arrived and beyond that local men would be employed.

The mayor and council had shown a good spirit and he expected the mill would start just as soon as the logs arrived. They hoped to make it a paying proposition. They would probably add a box factory and shingle mill. The finest kind of pulp timber was next door to the mill. If they made it pay Mr. Smith, he felt sure, would be encouraged to go ahead with the pulp mill. He had talked to a great many people, experts and others, and not one but agreed a paper mill here was quite practicable. However, it would take a lot of money. The unsettled conditions in the country had not made the investment of large sums practicable but it was agreed that there must be more plants in B.C. and he felt sure there would be a real interest in the Prince Rupert situation. Mr. Smith was a man of means but he would not go into this alone.

Intelligent Help

Low grade logs had to be manufactured into pulp and paper while high grade logs went for lumber.

What the new owners asked the people of Prince Rupert was an intelligent helping hand when they needed it.

ORIENTAL THEME IN MAN WHO CAME BACK**Study of Yellow Race Shown in Picture Here Tonight at Westholme**

Expressionless as the traditional Oriental is reputed to be, it would seem to be almost impossible for an actor before the camera to "telegraph" his emotions to the audience. But this is said to be one of the most striking features of many which mark the William Fox production of "The Man Who Came Back," which is here tonight.

Edward Piel, long noted as a delineator of Oriental characters, plays the role of a Chinese gambler, owner of a place where some woo the goddess of chance and others indulge in opium fumes, while some do both. He is a scheming, clever devil, this Chinaman, as deep in sin as his strange gods let him fall. Piel, slant-eyed, unemotional, always master of himself and the situation, portrays this character so finely that one almost smells the fumes of incense and hears the tinkle of temple bells as he plays, according to advance notices of the picture.

How does he do it? "If you study Orientals," says Piel, "you will learn that they show little emotional expression in their faces. But watch their eyes. A sudden flash—a slow raising of the lids—a swift movement of the hands—these are characteristic. You will seldom see a Chinaman laugh in his sudden glee, scarcely ever will he weep in his grief. But his eyes will glow, or grow sullen, I try to do that in this picture. If I get it across, I am glad. But it is the result of a study of them, that's all."

Piel studied the Oriental not

only in China, but he spent months in San Francisco's Chinatown and again, he sailed aboard a Chinese lugger carrying copra as a cargo on her sailing papers, but opium stuffed here and there in sacking was worth far more than the copra.

In "The Man Who Came Back" George O'Brien has the title role with Dorothy Mackail opposite. Others in the cast are Cyril Chadwick, Ralph Lewis, Emily Fitzroy, Harvey Clark and David Kirby. The picture was directed by Emmett Flynn.

Originally, the story was a novel by John Fleming Wilson. It became so popular that Jules Eckert Goodman made it into a play and now, Fox has produced it for the screen.

The Man in the Moon SAYS:-

ANOTHER pessimist died this morning. Became an optimist

IF the energy put into crossword puzzles was used to make power for the city, there would be enough to give free power and light to all the industries that might come here.

"MAYBE" is a good name for little power launch. Maybe she'll go and maybe she won't.

THERE is more than one reason why a boat is called "she." In the first place her rigging is expensive. Then it is noted that she passes up all the buoys to flirt with the swells.

IT'S queer the way whiskey affects people. Some when they are carrying a load begin to curse, others to pray and some just sleep.

IT was a modern boy who telling how he lost his teeth said it was while shifting gears on a lollipop.

NO wonder cabbage is dear, considering the quality of some of the cigars.

PICKING plums is said to be the latest occupation for women politicians.

LETS take the official pessimist out and bury him today.

Ten Years Ago in Prince Rupert

February 6, 1915

Prince George, Fort George and South Fort George are each seeking incorporation and the problem is proving a very vexed one to the provincial government authorities. Each of the rival communities has sent delegations to Victoria.

A sacred concert will be held in the Majestic Theatre tomorrow night in aid of the Rome earthquake fund. Among those taking part will be the Majestic Theatre Orchestra, Harry Fletcher, G. D. Jones, J. Lewis, G. Couture, J. E. Davey, Mrs. J. Lewis, A. Clapperton, and Mr. Evans. Principal J. C. Brady will be chairman.

Joseph Martin is to start a new paper in Vancouver on March 4. It will be named the Seward under her own steam after having stranded on a rocky shoal at the first of the week during a snow storm near Cape Resurrection. The vessel is leaking slightly as a result of damaged plates, but she is able to proceed.

Three rifles are still missing from the Drill Hall of the North B. C. Regiment, Nos. 6349B, 90496B and 7024. If these rifles are not returned to the Drill Hall by February 12, the parties found in possession of same will be severely dealt with. O. G. North B. C. Regiment.

WIRELESS REPORT

ZERO WEATHER THREE TIMES

Official Records Show Only In
1911, 1916 and 1917 Did
Mercury Drop Low.

1921 WAS WARMEST.

The coldest weather on record in Prince Rupert was 6 degrees below zero on January 23, 1916, and the next coldest was 4 below on January 29 and 30, according to a statement that has been received in the city from E. Napier Denison, director of the Gonzales Heights meteorological station, by Mrs. H. H. Hemmings, to settle a dispute. The warmest winter on record was that of 1915 when the lowest point to which the thermometer dropped was 22 above zero. Of the fifteen winters recorded, the coldest weather in eight of them was in January, in four the coldest day of the year was in February, in two December and once in March.

Mr. Denison's statement as to the coldest day recorded by year in Prince Rupert may be of general interest, so it is here-with given:

1909—6 above, Feb. 12.
1910—Not taken.
1911—3 below, January 12.
1912—8 above, Jan. 10.
1913—4 above, Jan. 18.
1914—8 above, Jan. 27.
1915—22 above, Dec. 29.
1916—6 below, Jan. 23.
1917—4 below, Jan. 29 and 30.

BADMINTON GAMES ARE BEING PLAYED

The ladies tournament of the Prince Rupert Badminton Club is taking place this afternoon, a large number of members present and some close contests being staged. Tea is being served by a committee in charge.

PRINCE RUPERT AS MARKET FOR PRODUCE

Matter of Creamery Here Will
Be Taken up With Govern-
ment by Dr. Wrinch.

In its report of the proceedings of the Bulkley Valley Board of Trade, when the proposal was made to establish a creamery at Prince Rupert, the Omineco Herald says Prince Rupert is the natural market for Bulkley Valley produce and that is where the milk should be disposed of. A committee will discuss the matter and it will probably be taken up with the government through Dr. Wrinch, member for the district.

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo - Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo - Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rock or clinkers.

You should try Nanaimo - Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo - Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 416 and 563.

The Great Breathable Remedy Deps

FOR COUGHS, SORE THROAT,
COLDS & BRONCHITIS.

As you dissolve a Peps tablet on your tongue certain healing fumes are released which are immediately taken with the breath down into the furthest recess of the lungs where liquid medicines cannot penetrate. These Peps fumes on their way bathe the whole of the breathing passages with their healing potency, soothing the throat, allaying inflammation in the bronchi, and relieving the chest. Liquid medicines are simply swallowed into the stomach and cannot act in this direct Peps way.

While Peps are an expensive remedy to produce, the demand has become so great that it has now been found possible to have the

PRICE REDUCED to 25c. box

Now obtainable of medicine dealers everywhere,
or direct from Peps Co., Dupont St., Toronto.

Broomala and Hockey Played at Smithers Where Rum Runners Meet Hi-Jackers, Latter Losing

SMITHERS, Feb. 6.—Hockey, the great winter sport, has a good grip on Smithers this winter and local fans are being treated to matches almost daily. During the past week one does not seem to have been taken into consideration by the participants as players as young as six years up to those nearing the allotted three score and ten have taken part in the games.

On Thursday night a game was staged between teams playing under the titles of the Rum Runners and the High Jackers, in which residents of the town played against residents of the second two blocks.

W. S. Henry was goal tender for the former team, with the following players taking turns filling the other position: H. Lifton, G. Roberts, F. Newbury, F. Johnston, L. S. McGill, C. Shields, E. Eby and S. Eby. The opposing team with Frank Conway in goal comprised D. Northover, D. A. McTae, C. Bowland, H. Robinson, J. A. Macdonald, S. H. Hoskins and S. Gazeley. Thompson.

The Junior League

The Junior teams lined up as follows with Ralph Smith referring:

Tiny Tims—Y. Katsuyama, L. Katsuyama, E. Dingwall, P. Baisler, H. Walker and C. Thompson.

Colts—S. Gurvich, H. Macdonald, J. McNulty, M. Comadina and Sam Joy.

League standings to date follows:

Senior League

	W. L. Pts.
Sons of Canada	8 4 16
Elks	8 4 16
Colts	2 10 4

Intermediate League

	W. L. Pts.
Grotto	9 3 18
Colts	9 4 18
Regiment	1 12 2

Ladies' League

	W. L. Pts.
Maple Leafs	6 3 12
G.I.F.	3 6 6

Junior League

	W. L. Pts.
Tiny Tims	6 4 12
Colts	4 6 12

The games played were as follows:

P. BURNS LOST TO OTHER BUTCHERS

Basketball Game Ended In Score of 14 Points to 10.

In a basketball game yesterday afternoon between the local butchers and P. Burns Co. Ltd., played in the Elks' Home, the locals beat the Burns aggregation by a score of 14 points to 10. W. Cavalier acted as referee and Glen Gulick was official score keeper.

Locals: H. Atkins, 2; Bob Arthur, Bob Frizzell, 6; Clarence Insalander, Doug Frizzell, 6; George Frizzell and C. Joslin spares.

P. Burns Co.; Cliff Cameron, 3; Pat Murphy, Bob Bower, 6; Kenney McQuig and Paul Yohnson.

The Royal Vancouver Yacht Club is to establish a new clubhouse and summer anchorage at Point Grey, the estimated cost of which will be \$25,000. The site, for which the club officials have already completed preliminary negotiations with the provincial government, is just a short distance west of the fore-

front.

Only Intermediate and Junior League basketball games were played last night, the Colts being unable to field a team against the Sons of Canada in the scheduled Senior League match. The Colts won the Intermediate League game from the Regiment by 44 to 43 and victory went to the Colts over the Tiny Tims in the Junior League by 31 to 48.

R. B. Skinner referred the Intermediate game in which the players lined up as follows:

Colts—W. Wrathall, A. Prillips, D. Frizzell, E. McLean, G. Shenton and Chester Clapp.

Regiment—E. Dingwall, Sidney Bazett-Jones, C. McKeown, A. Horrobin, A. Palmer and C.

shore end of Alma Road and lies immediately East of the Jericho Tennis Club. There is sufficient depth of water to accommodate the largest yachts in the club's fleet and the projecting point just west of the Jericho air station affords shelter from prevailing winds. What appeals to the members of the club most of all in connection with the proposed new site is the fact that it will effect a great saving in time on cruises to points outside the First Narrows. Also it will be possible to keep the yachts and their canvas much cleaner than at the present Coal Harbor anchorage.

Junior League

There is much conjecture among sporting writers as to whether Jack Dempsey, heavyweight boxing champion of the world, is really going to retire. A great many different and contradictory reports are emanating from Los Angeles where the champion is now sojourning near his lady love, Estelle Taylor, whom he declares he is going to marry and who is the reason for his announced decision that he is through with the fight game. It would not seem improbable, indeed, Dempsey has declared his willingness to fight again before he marries. If he is really going to, however, arrangements will have to be made very soon. Jack Kearns, Dempsey's manager, seems to be taking the champ at his word when he says he is going to quit. It is stated that Kearns has practically accepted the position of manager for Mickey Walker, the middleweight comer.

BLOOD-POISON PERIL

It was stated that he died from blood poisoning—caused by a trifling burn on the little finger which he touched all day.

He received an abrasion on the elbow. Through neglect the blood-poison developed and he died in hospital.

In time of accident you need help quickly and Zam-Buk is always the best, and most reliable antiseptic first-aid to handy.

Whether it be a cut finger or a gashed knee, a scratched arm, burnt hand, sprain, nose or open wound, Zam-Buk can always be depended upon to swiftly end pain and soreness, and ensure clean speedy healing.

Through its valuable antiseptic property, Zam-Buk guards broken tissues against infection and quickly removes all trace of poison. Thus saturation, inflammation and ulceration are completely averted.

Zam-Buk's unparalleled success is due to purely herbal character, its constant availability and wide range of usefulness. No one can afford to be without Zam-Buk.

& Disablement Ended

"I would have lost a finger but for Zam-Buk," says Mr. A. Rowlett, Gilbert Man. "It was my right fore finger—torn by poison and swollen four times its size. I tried poulticing, bathing it with antiseptics, even had the doctor lance it. Nothing could have been finer than the quick and great healer ended the terrible pain and disablement. It set me right in a week."

Free & Post-Paid.

Get a \$5.00 box of Zam-Buk from your regular druggist or dealer, or send postpaid to Zam-Buk Co., Toronto, for a useful Sample Box. It will be mailed by return Free and Post-paid.

TRITES TAKES AN OPTION ON SIBOLA MINES

Galena Property in Tahsia Lake District Said To Be Very Rich.

SMITHERS, Feb. 6.—A mining deal of more than ordinary interest was put through here on Tuesday, when prominent B. C. mining engineer acting for A. B. Trites, well known in B. C. mining circles, took an option on the Emerald and Glacier groups of mineral claims on Sweeney Mountain.

The claims are bonded for five years, with an understanding that work is to commence as soon as climatic conditions will warrant, and it is hoped that a gang of not less than six men will be able to proceed in about eight weeks' time.

To S. H. Hoskins, administrator for the estate of the late Otis J. Benson, is given the credit for negotiating the deal, which was concluded on Tuesday, and the first payment made. Mr. Hoskins has great faith in the future of the Sibola country from a mineral standpoint and has been trying for sometime to get the larger mining interests to take up the matter of developing the rich mineral deposits of that district. The co-owners, William Sweeney, Frank Madigan and Duncan McGibbon, are old timers of the Bulkley Valley, and have done considerable work on the claims and have exposed a considerable body of extremely rich galena.

The claims are situated in the Tahsia Lake district on Sibola Creek, about 90 miles from Houston, so that transportation will be the main problem for the new owners to solve, but there is another possible route, that direct to tide water on Gardner Canal which is only 60 miles from the mine.

TERRACE NOTES

The Presbyterian church held their annual business meeting last Wednesday. Mr. Keith and

THE DAILY NEWS

HAD HEARTBURN AND HEADACHES FOR MANY YEARS

Miss Beta Burris, B.R. No. 1, Waterford, Ont., writes—"I have been troubled with heartburn and headaches for many years. There were very few things I could eat without suffering from either the heartburn or severe headaches.

A friend recommended me to try

MILBURN'S LAXA-LIVER PILLS

This I did and found relief at once and have never been troubled since. I will always recommend your Pills to any of my friends who are troubled with heartburn, headaches or any other liver trouble."

Milburn's Laxa-Liver Pills are for sale at all druggists and dealers; put up only, for the past 30 years, by The T. Milburn Co., Limited, Toronto, Ont.

Mr. Toomes were appointed to the board of managers. Reports of the various organizations of the church were given, all of which proved to be in a very healthy state. Refreshments were served at the close of the meeting.

F. A. Clark, assistant district forester, is a business visitor to town.

Miss Mary Wilson returned to Reno on Friday. She had injured her ankle steaming and will be confined to her home for a few days.

Geo. Dover was confined to his home for a few days as a result of an injury to his leg, received when he jumped from a load to avoid a rolling log.

The cribbage and whist tournament between the various organizations commenced Friday night.

SMITHERS

Verne Eby left last week for Vancouver where he intends to take a course in an auto school

The Rebekah Lodge held their annual ball in the Town Hall on Friday night and as in former years it was an affair much enjoyed by the public. The ladies in charge are being highly complimented with the arrangements, particularly as to the supper at which there was an abundance of very appetizing refreshments. Music was supplied by the Gray orchestra.

Miss Bertha Chapman entertained a number of her girl friends at a party on Saturday evening, at which games and music were the chief forms of entertainment, followed by a dainty supper.

Dr. and Mrs. H. L. Alexander left on Sunday night's train for Prince Rupert, where they intend to make their home for a while. Dr. Alexander has taken over the dental parlors of Dr. Maguire.

TERRACE, Feb. 6.—At the annual meeting of the G.W.V.A. Thursday the election of officers took place when the following were chosen:

President—J. P. Eggleshaw.
Vice-president — Sam Creelman.Treasurer—H. S. Creelman.
Hon. secretary—W. T. Atwood.
Auditors—F. C. Bishop and J. B. Agar.

Sergeant-at-arms — Nigel Sherwood.

Chairman of entertainment committee—G. J. Norrington.

Executive — S. Kirkaldy, N. Sherwood, G. Powers, C. J. Norrington, J. K. Frost.

Guessing ? SALE

LADIES AND GENTLEMEN

You have read about many sales, but this is a little different.

We have just finished our stock-taking and find that we are much overstocked in our UNDERWEAR DEPARTMENT.

We can supply the City of Prince Rupert's children and adults with a garment each and a little to spare.

**WELL, WHAT ARE WE GOING TO DO ABOUT IT?
HERE IS THE ANSWER!**

We are going to offer it at a ridiculously low price and turn it into cash. A dollar in the cash register is better than ten on the shelf.

We are going to keep you guessing

Regarding the Price

but we assure you it will be a good one.

Turnbull's Pure Wool GEETEE Combinations, Reg.

\$7.75 Sale ?
Watson's Pure Wool Combinations, Reg. \$6.75 Sale ?
Watson's Silk and Wool Combinations, Reg. \$6.50 Sale ?
Pennman's 95 Combinations, Reg. \$5.50 Sale ?
Pennman's 71 Combinations, Reg. \$2.75 Sale ?
Turnbull's Pure Wool Vests and Bloomers, Reg.

\$3.75 Sale ?
Watson's Silk and Wool Vests, Reg. \$3.50 Sale ?

To find out the prices compare the above with our windows

**AS THE AUTHORITIES HAVE OBJECTED TO OUR
\$10.00 PRIZE GUESSING COMPETITION, WE HAVE
HAD TO WITHDRAW SAME**

Although you might not need it now, these prices will make you buy.

Sale continues till February 10th.

Also with the guessing sale, we are offering Remnants of Silks, Dress Goods, Flannelette, Sheeting, White Cotton, Grey Cotton, Voile and Cretonnes at greatly reduced prices.

Phone 645.

Corner 3rd and 7th.

WESTHOLME THEATRE

Friday and Saturday, 7 and 9 p.m.
Saturday Matinee, 3 p.m.

The

Man Who Came Back

A screen presentation of the outstanding stage success of that name. An absorbing, stirring story of a man who pawned his soul to the Devil on Broadway on the Barbary Coast, and in the depths of the Orient and the girl who pledged her honor to redeem him. The fast adventures of a ne'er-do-well Millionaire's son, and the girl he dragged down with him. One dramatic incident after another, thrills and surprises are hurled at the audience until the case looks about hopeless, then comes the rehabilitation. Many big scenes, including the dope dens of Shanghai. A picture with a great moral lesson. Super cast.

**George O'Brien, Dorothy Mackail, Cyril Chadwick,
Ralph Lewis, Harvey Clark and many others.**

TOPICS OF THE DAY

Admission 50c and 25c.

VICE-PRESIDENT SENDS MESSAGE

Broadcasts Speech To People Of
Great Britain From Moncton
Well Received.

"I am proud to be privileged to speak on such an occasion," said W. D. Robb, vice-president of the Canadian National Railways, whose addresses to the people of Great Britain was broadcast from Moncton. "I regard it as history in the making. The occasion is historic to this extent. It is the first on which a radio station in the Dominion of Canada has arranged a special program for the express purpose of broadcasting it across the Atlantic to reach the people of the British Isles, to deliver a message to our kith and kin in England, in Scotland, in Wales, in Northern Ireland and the Irish Free State, and if this voice carries even farther and is heard in the countries on the continent of Europe, let it be heard as a friendly voice, the voice of a country desiring to promote good

Mrs. S. H. Craig, R.R. No. 4, Palmerton, Ont., writes: "Two years ago, last winter, our five children had very severe attacks of whooping cough. We were recommended, by our druggist, to use

DR. WOOD'S NORWAY PINE SYRUP

which we did with the greatest of success. It cleared out the throat and bronchial tubes, and loosened the phlegm so that they were able to cough it up, and in no time I had quenched the 'whooping'."

"Dr. Wood's" is put up only by The T. Millburn Co., Limited, and has been on the market for the past 35 years. Be sure and get the genuine.

will amongst all peoples. The voice will, I know, be heard across the border to the south of us and there it will be recognized as that of one member of a great family addressing the elders. No special explanations are required from me to the people of the United States of America and I have no doubt whatever that but they will regard this event as a new evidence of the use of science in broadcasting the council of mankind by so doing approaching more closely to that sympathetic understanding and international good fellowship which are essential for the progress, prosperity and happiness of all us.

Pioneer Achievement

The vice-president gave a summary of the pioneer achievements in radio carried out by the Canadian National Railways and proceeded to deal with the special policy of service underlying the operations of the radio department. He spoke of the great chain of nine broadcasting stations which stretch across Canada, adding that a tenth one will soon be in operation at Vancouver, completing the most important group of wireless centres on this continent which carries the voice of Canada not only throughout the Dominion itself and into the United States, but also the distant outposts, Samoa and the Fiji Islands. These latter having recorded reception of Canadian National radio station.

Mr. Robb also said: "This broadcast tonight is only the first of a series of similar programs which we intend to prepare from time to time for the purpose of frequently bringing the Atlantic to reach our friends in the Homelands. You have doubtless often been told of the necessity of improving imperial communications and how better can that be done than by a great use of the radio broadcast.

Earth Girdle

Puck spoke glibly of casting a girdle around the earth in forty minutes, but we moderns have outdone that merry sprite. We do it instantly, because of the forces under our control and at our disposal. We do not have to wait for mails or the written word but may send our messages at once. It does not require great prophetic vision to realize what a colossal power this radio can become, or to see into the future and predict an era of happier and more contented people, freed from the silence and suspicion due to inadequate and slow intercommunication.

The question of radio development of this character is a great and important subject, and one worthy of full attention and due consideration by the statesmen of all lands, and more particularly by the leaders of those countries which possess proud membership in that commonwealth of nations known to the world as the British Empire. The program from CNRA was broadcast on a wave length of 313 metres and the event was carried out under the direct supervision of W. H. Swift Jr., radio engineer Canadian National Railways.

Received in England

MONCTON, Feb. 6 — Success attended the first attempt of Canadian radio station to broadcast a regular program to the British Isles, cables received here announcing reception at Liverpool and Manchester of the music and addresses sent out from CNRA, the Canadian National Railways broadcasting centre for the Maritimes. The message received by W. D. Robb, vice-president, Canadian National, stated that the first reports

WHOOPING COUGH IS A VERY SERIOUS TROUBLE HER 5 CHILDREN HAD IT

JUMBLE SALE

for Saturday and Monday

Terms Cash; No Exchanges

WHAT IS A JUMBLE SALE?

in England were received at eleven-forty o'clock Greenwich time. Station 6L at Liverpool sent signals at eleven o'clock Greenwich time on 313 metres so that owners of sets in the British Isles could tune in on the wavelength of CNRA at Moncton.

There were cables from Newfoundland at the early stages of the broadcasting which indicated that the broadcast was receiving a good start on its journey across the Atlantic.

"A great success in every way," commented Mr. Robb when viewing the great flood of messages which had been wired to the Moncton studio.

Next week Hon. T. D. Pattullo, minister of lands and member for this district in the legislature, will address the Rotary Club on "Functions of the Provincial legislature." Mr. Pattullo is expected to arrive on Wednesday.
