## LEADERS IN COMMONS FLAY EACH OTHER

### WORK ON FOUNDATION OF ELEVATOR IS PROCEEDING AT ONCE ANNOUNCED

#### Premier and Leader of Opposition Clashed in Parliamentary Debate

##### Meighen Criticizes Mackenzie King's Proposed Plan to Break Shipping Combine

OTTAWA, Feb. 10.—Right Hon. W. L. Mackenzie King, Prime Minister, and Hon. Arthur Meighen, Conservative leader of the opposition, clashed in debate on the floor of Parliament on the opening day of the debate on the address following addresses by the mover and seconder.

Mr. Meighen declared that the government had precipitated transportation anarchy and chaos. It had made an abortive attempt to control American vessel owners on the lakes but, disappointed by its failure, the government was now taking to the broad Atlantic and single handedly expected to control rates. In this he referred to the reported arrangement for subsidizing ten steamers of the Peterson line.

Mr. Meighen charged that the government in three years spent more than nine million dollars to bring 322,000 immigrants to Canada, while during the same time more than 600,000 Canadians had gone to the United States.

Mr. King challenged Mr. Meighen's criticisms and quoted United States authorities as declaring that Canada's industrial outlook was bright. He declared the trade balance in Canada's favor. Export markets were essential, the Premier declared.

Speaking of the shipping combine and the proposal to break it by subsidizing a line of freighters to operate independent of the combine at lower rates, the Prime Minister said the combine had been seeking to control the entire ocean commerce. It was hoped that Canada would have the support of other dominions and countries in breaking this ocean combine.

#### WAPITI PASS IS SUGGESTED

Colonel Cornwall Would Have Railway Join C.N.R. at Hansard

VICTORIA, Feb. 10.—Construction of the railway from the Peace River country through Wapiti Pass to the Canadian National at Hansard, 46 miles east of Prince George, is recommended by Colonel Cornwall, a member engaged in transportation on the Mackenzie River, in a discussion here yesterday with Premier Oliver.

By this route trains would travel to Prince George and then over the Pacific Great Eastern railway to Vancouver, making the distance from Grand Prairie to Vancouver about 700 miles.

Wapiti pass is said to be lower than Yellowhead Pass.

#### MANY BRUISED LABOR RIOTS

Communists at Marseilles Try to Break up Gathering of Catholic Federation

MARSEILLES, Feb. 10.—Nearly one hundred people including priests and police were wounded or bruised in a clash here last night when communists attempted to break up a gathering of newly organized Catholic National Federation. All public meetings of either party have been banned for an indefinite period.

#### GOVERNMENT SELLING LOTS AT UNIVERSITY

One Hundred Acres Being Put on Market in First Subdivision of Provincial Land

VANCOUVER, Feb. 10.—G. R. Naden, deputy minister of lands, has been here for some days making arrangements for placing on the market at once one hundred acres of University lots at Point Grey. The property has been valued and is being sold by most of the city real estate dealers.

#### FOUGHT TO DRAW

TORONTO, Feb. 10.—Jack Johnston last night secured a draw in a ten round bout with Vic Foley, the Vancouver bantamweight champion of Canada.

One of the fishing boats on the eastern coast of Canada is shown after a recent snow storm coated with ice as she lay in her home port.

#### TIMBERMEN'S NEW OFFICERS

Olof Hanson President For Year With W. G. Nickerson Vice

BROKER NEEDED HERE

At the annual meeting of the Northern B.C. Timbermen's Association held in the city yesterday afternoon resolutions were passed endorsing steps that have been taken by the Board of Trade in an endeavor to obtain more favorable conditions for the shipping of lumber through this port. Lloyds are to be communicated with in regard to insurance rates and a committee is to be appointed by the president to go into the matter of obtaining increased facilities here in the matter of lumber assembly (continued on page three)

#### NO NEW DIPHTHERIA CASES IN FOUR DAYS IS REPORT FROM NOME

NOME, Feb. 10.—No new diphtheria cases have been reported for four days and all patients are improving. A message has been sent to the aviators at Fairbanks that the flight with anti-toxin is not necessary as the dog teams are expected Friday.

#### ST. MARGARET ON WAY HERE

New C.N.R. Coasting Vessel Left Scotland for this Coast on February 5

The steamer St. Margaret purchased recently in England by the Canadian National Railway for operation in passenger and freight service between Prince Rupert and Vancouver, left Aberdeen, Scotland, for this coast on February 5. The vessel, on arrival here, will be commissioned in the Queen Charlotte Island service and will also, it is expected, be used to relieve the two larger steamers in the direct Prince Rupert-Vancouver service while the rush of the tourist season is on. The vessel will be given a "Prince" name after arriving on the coast.

#### New Type Dirigible to be Built For Service Detroit to London

Will Have Metal Skin and Much More Durable Than Any Previous Craft of its Kind

DEARBORN, Mich., Feb. 10.—A new type of dirigible is to be built at a local automobile plant for the government as the first step towards establishing a three day passenger service from Detroit to London, England, according to the Aircraft Development Corporation.

The new ship is to be constructed with a metal skin of Duralumin. The plates are to be only eight thousandths of an inch thick but will be six times stronger than present fabric covering dirigibles. The fabric covering the dirigible will be 150 feet long, 53 feet in diameter, and it is claimed it will be durable and permanent beyond any similar structure heretofore attempted.

#### BOOTLEGGING IN ENGLAND

Cheap Liquor From France Run Across Channel by Smugglers

LONDON, Feb. 10.—England has a bootlegging problem, according to the Westminster Gazette, which threatens to necessitate the adoption of special measures to repress it.

The price of spirits in France is only half that in England, where the duty is high. This difference encouraged smugglers to run contraband spirits across the channel, whence it is taken to London and the other large cities of the country by lorry.

#### TAMPERED WITH NAVY SECRETS

Two Men Get Jail Terms in England Under Official Secrets Act

LONDON, Feb. 10.—W. P. O'Leary was sentenced to 18 months imprisonment and J. D. McCough to fifteen months for a misdemeanor under the Official Secrets Act. The men were arrested last month at the time an alleged plot to blow up British battleships and submarines was unearthed.

It is alleged that the men are republican army intelligence officers.

#### MORE MEN TO HELP MUSH OUT

Dog Team Expected to Reach Number 5 Cabin Tomorrow to Fetch Smith

The two men with four dog team mushing in toward number five cabin on the Yukon telegraph line to fetch out R. W. Smith, expect to reach their destination tomorrow afternoon, where Mr. Smith still lies helpless, unable to move his lower limbs. They will leave on the return trip at once aided by two more men both good mushers.

#### Contractors Are Today Laying Out Work at Elevator Site and Preparing for Construction

By next week actual work on the construction of the terminal grain elevator to be erected at this port by the Department of Trade and Commerce will have commenced it was announced this morning by William Smaill, chief engineer for the Northern Construction Co. Ltd, and Gen. J. W. Stewart, who have the contract for the foundations and dock. Mr. Smaill arrived from Vancouver on the Princess Mary yesterday afternoon accompanied by C. D. Howe of Port Arthur, head of the firm of C. D. Howe & Co., which has designed the elevator and will supervise the work for the department. R. Sharp, superintendent for the Northern Construction Co. who will be in actual charge, also arrived.

#### MORE ALCOHOL FOR ONTARIO

Strength of Beer Allowed to be Sold is to be Increased to Almost Double

TORONTO, Feb. 10.—The speech from the throne at the opening of the Legislature announces an increase in the alcoholic content of beer permitted to be sold under the Temperance Act. The reference says: "Legislation will be introduced to amend the Ontario Temperance Act by enacting that liquor with an absolute alcoholic content by volume of more than two and a half per cent shall be conclusively deemed to be intoxicating and to further amend the act to facilitate its enforcement."

This is taken to mean that two and a half per cent alcoholic weight will be provided for instead of two and a half per cent proof spirits as at present. This would in effect double the present strength, according to chemists.

#### CONCRETE WORK

A week from tomorrow, Mr. Smaill stated, the Northern Construction Co.'s concrete equipment will arrive here from the south and towards the end of next week actual pouring of concrete for the foundations will have started. The company will do this work itself as well as the pile-driving and such excavation as is necessary.

The contract for creosoted piles has been let to the Vancouver Creosoting Co. In about a month's time, the deliveries of piles will commence to arrive here. The creosoting will be done in Vancouver and the piles will be towed up the coast.

Mr. Smaill stated that, as far as the foundation and dock contract was concerned, the plant involved would not be such a very extensive one. A couple of foremen for the work will be brought from Vancouver but the balance of the men will be taken on here if they are obtainable. There will not be over 100 men at a single time employed on this contract, which is to be completed about the middle of April.

The actual elevator superstructure, for which the contract has not yet been let, will be the big job, Mr. Smaill stated.

#### COMPANY WELL EQUIPPED

The Northern Construction Co. Ltd. is fully equipped to carry out the work here. Associated with Gen. Stewart and with Mr. Smaill as chief engineer, among big jobs it has successfully executed in recent years has been the construction of the Ballantyne Pier at Vancouver and work on Welland Canal in Ontario.

#### BIRTH

A son was born yesterday at the General Hospital here to Mr. and Mrs. Harry Weber of Surf Inlet.

#### DIRECTORS TO REFORMATORY

Home Bank Frauds Send Several More Men to Jail in Ontario

TORONTO, Feb. 10.—Richard Gough, vice-president of the Home Bank who was found guilty on six counts of charges in connection with the failure of the Home Bank was sentenced to one year determinate and one year less one day indeterminate in the Ontario reformatory.

J. F. Stewart, director, was sentenced to one month in the Provincial reformatory with four months indeterminate sentence.

S. Casey Wood, K.C. found guilty of concurring in false statement was sentenced to six months determinate and six months indeterminate in the reformatory.

#### SOLDIER SETTLEMENT

OTTAWA, Feb. 10.—The soldier settlement board report tabled in the House of Commons yesterday shows 30,604 war veterans placed on the land, loans being granted to 24,148 of them.

#### NOTICE

A meeting of the Canadian Halibut Fishing Vessel Owners' Association will be held in the City Hall tonight at 8 p.m. All members please attend, as there is important business to be dealt with.

DAILY EDITION  Tuesday, February 10, 1925.

**Thomas Lawson And Frenzied Finance.**

Thomas Lawson, whose death was recorded yesterday, is best known to the people of this continent from his books, first published in magazine form on Frenzied Finance in which he exposed the inner workings of the Standard Oil ring, the copper manipulations and the means by which thousands of people were fleeced of their savings by those on the inside. He mentioned people by name and told of the suicides which followed financial panics caused by the manipulations. He told how members of U.S. legislatures were bought and the price that was paid for their votes. He dared them and other people who were mentioned in connection with shady transactions and, as he publicly branded them, urged that if what he said was not true they should sue him for criminal libel. A few suits were brought against him but they failed miserably.

Finding that he was unable to carry the people of the United States with him as he had hoped, he gave up the fight, but not before he had educated the people to look beneath the surface.

**Makes It Easier For The Government.**

The report of the grain commission which recommends the same freight rate for the west as for the east, mile for mile, will make it easier for the government to secure legislation giving the west what they have been clamoring for and what Premier Oliver has so long been demanding. It is one more phase of the fight and leads us closer to victory. Following the speech from the throne it is significant, especially in view of the fact that the government had access to this report before the speech from the throne was written by them.

If the equalization of rates west with east becomes an established fact, it means that much of the grain grown in Saskatchewan will be able to come out by way of the Pacific, and Prince Rupert will be in line for her share of the business. Undoubtedly the bulk of it will go to Vancouver but we shall hope to get a foothold on the rocky climb to prosperity in the export business.

**Not Yet Agreed As To Route To Peace River.**

There is as yet no agreement as to the route to be taken from Peace River to the Pacific. At present there are something like half a dozen proposed but no one seems to have much authentic information regarding any of them except the railways and they are saying nothing.

If it were certain that the best possible route would be chosen by the railway men and engineers, irrespective of political considerations, we would keep quiet and let them do the choosing without in any way trying to influence the decision. The difficulty is that we all believe political considerations do enter into the choice so it is necessary for us to play our hands in the best manner possible.

As to which pass is utilized in crossing the mountains we are not concerned, but what does seem reasonable is that the railway shall not be built backward, leading in the direction of Edmonton in order to reach the coast. Also it seems desirable that a new country be opened up and that the best possible. According to the available information it seems as if the best country is on this side of the mountains and also it seems clear that the most direct route is to come out through one of the northern passes and not in the neighborhood of Brule.

**Preparations To Meet And Entertain Tourists.**

It is time to remember that this is likely to be a big tourist year and Prince Rupert should do its share in trying to accommodate them. The first and simplest way to look after them is to drive them around and show them the city. This is best done in motorbuses with a man accompanying who will point out the places of interest and incidentally tell about the city and its prospects. The ordinary taxi service does not provide that. To take passengers around and tell them nothing about the place is losing an opportunity.

In all large cities they have large motor vehicles carrying twenty or thirty passengers each. By charging a dollar apiece it can be made to pay and a big car here should prove a profitable investment. At any rate it is worth investigating.

**MANSON ASKS A FAIR TRIAL FOR NEW LAW**

**Could Not Keep Proper Control if Other Things Sold in Beer Parlors**

VANCOUVER, Feb. 10.—"Taking into consideration all the difficulties which have to be faced in a matter of this kind, my personal opinion, knowing all the facts, is that a reasonably enforceable set of regulations have been drawn up, and ones which, with the co-operation of those affected, can be satisfactorily worked out," declared Hon. A. M. Manson in discussing criticisms of the recently published beer-by-the-glass regulations.

Mr. Manson also expressed the belief that the majority of the hotel keepers were satisfied to give the regulations a "fair trial."

**Many Disgruntled**

"Much of the criticism comes from people who have not the privilege of applying for licenses," he said. "Very strong pressure was brought to bear to have places other than hotels licensed, and there will be many disgruntled ones who will see no good in the regulations because their demands have not been met."

Referring to the decision to allow nothing but beer to be sold in the beer parlors, the attorney general pointed out that by allowing cigars to be sold, the beer parlors automatically came under another license department, and that the idea was to keep control of the situation by the Liquor Control Board.

**Single License Wanted**

"We could not adequately do this with overlapping licenses," said Mr. Manson, "and Mr. Davidson decided that in order to safeguard the situation only one license should be issued. To do this it was necessary to stipulate that nothing but beer should be sold in the beer parlors."

**PARTICULARS OF ALASKA SERVICE**

**Boats Will Arrive Here From the South at 10.30 Wednesdays; Same Hour From North Mondays**

Particulars of the Skagway service that will be instituted this summer by the Canadian National Coast Steamship Services have been received at the city ticket office here. The service will go into force on June 22 and will be maintained until September 7 by the steamers Prince Rupert and Prince George.

The steamers will leave Vancouver on Mondays at 8 p.m. and, after calling at Powell River and Ocean Falls, will arrive here at 10.30 Wednesday mornings. Leaving here Wednesday afternoons at 4 o'clock, calls will be made at Ketchikan, Wrangell, and Juneau, arriving at Skagway 7 a.m. Friday mornings. There will be a 36-hour stop at Skagway and the southbound schedule with the same stops as northbound will be as follows:

Leave Skagway 7 p.m. Saturday.  
 Arrive Prince Rupert 10.30 a.m. Monday.  
 Leave Prince Rupert 4 p.m. Monday.  
 Arrive Vancouver 9 a.m. Wednesday.

Particulars as to the schedule for local boats, including the service to Anxox and Stewart, have not yet been received. As was the case last year, it is expected that boats will arrive here from the south on Wednesdays and Fridays, the former going to Anxox and the latter to Stewart.

It has already been announced that trains from here for the East will connect with the boats, leaving the city in the morning instead of the evening and making the trip up the Skeena in daylight.

**BURNS LAKE**

An assay made on average samples of ore from the Oakla group near Tehesinkut Lake shows that it contains consider-

able nickel values together with gold and silver. Development work is being continued on the group and it is said that it may become a producer.

H. L. Parks arrived here with his family from Abzsa Lake and has opened up a blacksmith shop.

Mrs. Hugh McPhail is leaving shortly for Edmonton on a business trip.

The Burns Lake hospital is now ready to receive patients.

**The Man in the Moon**

SAYS:-

MEN and women are old when they see the world as a wicked place with the populace bound mostly to Hades.

IN these days of equal rights suppose men take up screaming as a pastime when things go wrong or when they are particularly joyful.

A CULTURED person is one who is fond of classical music, walks and talks with a certain air and is fond of olives.

THERE still is hope. Some of the prophets say the end of the world performance was not cancelled but slightly postponed.

**Motorboat Rhyme**

Boat laid up,  
 Engine on blink,  
 Goin' to cost a lot  
 Start again I think.

If only this snow would quit we could begin to imbibe a little of the February spirit and crow over the other parts of the continent.

NEXT Saturday is Valentine's Day. Don't forget the girl.

**Ten Years Ago in Prince Rupert**

February 10, 1915.

The Cunard line is operating its transatlantic liners under the United States flag on account of the German submarine menace.

The local Earl Grey's Regiment was out in uniform for the first time last night. There was an hour's drill on the G.T.P. wharf under Capt. W. B. Clayton, Lieut. L. Bullock-Webster and Lieut. Van der Byl.

Tourist traffic is developing here and many Eastern people are planning on coming here by rail and taking the trip by steamer down the "inside passage" this year.

**NEW HAZELTON**

G. C. McKay, the new public works engineer for this district, paid his first visit here last week. He outlined the work that would be carried out in this vicinity during the coming season.

R. S. Sargent, W. W. Anderson and A. A. Cannon have been elected to the advisory board of the Hazelton Hospital this year.

School accommodation has become a serious matter in New Hazelton that the trustees are calling a special meeting of the citizens this week to discuss the question fully. The erection of a new school may be proposed.

**"Exhausted Nerves and Palpitating Heart"**

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I tried several doctors, but it seemed nothing they gave me helped. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I tried it, and can say it certainly has done wonders for me. I did not stop until I had taken twenty-five boxes."

**Dr. Chase's Nerve Food**

The Presbyterian Ladies' Aid will hold their annual Valentine Tea in the Manse on Thursday afternoon, February 12, from 3.30 to 6 p.m. There will also be a home cooking and candy table. Everybody welcome.

The Canadian Laundry's delivery car, driven by Sam Currie, went over the plank roadway at the bad turn on Seventeenth St. near Graham Avenue this morning. The driver was uninjured and the car was not seriously damaged.

The steamer El Abeto is due at Anyox tomorrow morning with a cargo of oil from the Union Oil Co.'s tanks at San Pedro. The El Abeto belongs to the fleet of vessels that formerly carried lumber from Buckley Bay for the Los Angeles Lumber Products Co.

C.P.R. steamer Princess Mary, Capt. C. C. Saintey, northbound from Vancouver to southeastern Alaska, was in port from 3 to 5 o'clock yesterday afternoon. The vessel had the following passengers for here: William Small, C. D. Howe, Capt. Harry Ormiston and J. Singstad.

### PATTULLO LEAVES FOR PRINCE RUPERT AND COMPLAINS OF PAPERS

VANCOUVER, Feb. 10.—Hon. T. D. Pattullo, who left here last night for Prince Rupert, stated that he had been misquoted and misinterpreted in regard to his stand on affairs connected with the city of Vancouver, referring especially to the metropolitan waterworks plan sponsored by the provincial government, which the city council rejected.

### STEWART

Having bonded several groups of claims in the Marmol River section, Thomas Campbell and W. R. Harner are planning a consolidated scheme of development this year with the ultimate intention of putting in a mill and surface tram to the beach. The groups acquired by Campbell and Harner are the Wire Gold, Fraser, Dwyer, Crawford and Forks. It is said that approximately \$300,000 has been involved in the bonding of these properties.

On Wednesday last, the wedding took place of Miss Mildred Alice Prout, daughter of Mr. and Mrs. Joseph Prout of Premier, and Samuel McIntyre Manning of the Premier Mine engineering staff. Rev. Arthur W. S. Ashley performed the ceremony and the attendants were Miss Minerva Grant and Cyril Manning. The couple are now honeymooning in Vancouver and Seattle and will later return here to take up their residence.

James McEneaney and R. J. McDonnell are applying for beer licenses for the Stewart and King Edward Hotels respectively.

### A GOOD WAY TO INCREASE BUSINESS

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo-Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo-Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rook or clinkers.

You should try Nanaimo-Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo-Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 419 and 564. 41

# A crisp, tasty cracker

If you like shredded wheat biscuit you will like Triscuit, the shredded wheat cracker. It is not made of flour—it is made of perfect whole grains of wheat cooked in steam, shredded, compressed into a cracker and baked in electric ovens. Its crispness compels thorough chewing. The more you chew it the better you like it. A lot of real food in condensed form. At all first class grocers.

The Canadian Shredded Wheat Company, Ltd.  
Niagara Falls, Ontario

### TIMBERMAN'S NEW OFFICERS

(continued from page one)

wharf, etc. The meeting was presided over by Olof Hanson, president of the association, and there was a representative attendance.

**Officers**

Officers for the year were elected as follows:

President—Olof Hanson.  
Vice-president—G. W. Nieker-son.

Directors—M. P. McCaffery (Prince Rupert), J. A. W. Bell, (Prince Rupert), George Little (Terrace), J. McNeil (Telkwa), George McAfee (Georgetown), A. Y. Wilson (Reno), R. E. Allen (Hanall), George Dover (Amshury), A. H. Edwards (Usk), John Willman (Usk), and J. R. Morgan (Surf Inlet).

**President's Report**

The president's report was a very optimistic document. It expressed the opinion that, despite unsatisfactory conditions that had been existing, a bright future for the lumber industry was in store.

**Opening Here**

"Now that the grain elevator is assured and also the operation of the Seal Cove mill," the report continued, "this port will become much more prominent. Therefore, a brokerage firm should be established in Prince Rupert—one that has the development of the North at heart and would assist all operators in the district to find markets for their products and assemble large lots at this port.

"There are several other matters to be dealt with which would result in additional benefits such as cargo insurance, harbor facilities, rates of competing railroads, marketing of lower grade forest products, etc. It will naturally be advisable to work on these in conjunction with other public bodies such as the Board of Trade."

The report also expressed the belief that the result arrived at by the provincial government with respect to royalty adjustment would result in material benefit to the industry in Prince Rupert district.

Vince Lade arrived in the city from Stewart on the Gardena this morning and is registered at the Prince Rupert Hotel.

TOM LAWSON AND FINANCE

Spectacular Career of Man Who Died Yesterday Reads Like Novel

BEGAN EARLY IN LIFE

Built Yacht for \$200,000 and Then Broke it up: Two Million House

The life of Thomas W. Lawson, financier, author and sportsman, whose death was recorded yesterday, reads like a novel. He opened the way to his spectacular career by running away from school in Cambridge, Mass., to work in a financial house in Boston as an office boy.

Five years later at the age of 17, Tom Lawson was worth \$60,000 made from a pool he had organized the year before to buy railroad stock. Of this sum he promptly lost \$59,841 in another stock deal. Reduced to \$159, he gave a dinner to friends at a Boston hotel and when the bill was paid found himself with \$1,300.

From the boy who in his teens could make a small fortune and lose it developed the man who tumbled money markets, who was a millionaire one day and "flat" the next, who paid \$30,000 for a carnation and who, in a temper, junked a \$200,000 yacht built to defend the America's Cup.

Tom Lawson's identity with copper began when he was a young man. He knew nothing of the mineral but when the Butte and Boston mine opened he took a tip from a newspaper friend and began buying at 16. Then he sold the stock short and whittled the market down to 75 cents, taking up thousands of shares between that figure and two dollars.

Mr. Lawson was president of the following organizations: Bay State Gas Company of Delaware, Thomas W. Lawson Copper Company; Trinity Copper Company and First National Copper Company.

On Saturday evening at the home of Mr. and Mrs. A. Gomez, 8th Avenue east, a very pleasant evening was spent, the occasion being a surprise to the young couple to help them celebrate their twelfth marriage anniversary.

The evening was most enjoyably spent in music, singing, dancing and cards. The prize winners in whist were: ladies first, Mrs. N. A. Chittenden; gents first, Jos. Costongay; ladies second, Mrs. H. Hale; gents second, Jos. Bonvin.

Delightful refreshments were served and during the evening a presentation was made to Mr. and Mrs. Gomez, consisting of a cut glass water set with brass tray also hand painted china teaset and a berry set, being the gifts of their many friends present.

The presentation was made by Mrs. Simon A. Swanson in a few words, wishing Mr. and Mrs. Gomez many more years of happily wedded bliss, health, wealth and prosperity.

The party broke up in the early hours of the morning. Among those present were: Mr. and Mrs. N. A. Chittenden, Mr. and Mrs. H. Hale, Mr. and Mrs. Simon A. Swanson and son Willie, Mr. and Mrs. Louis Leroux, Harry Astoria, Eugene Sabourin, P. Voyer, Jos Bonvin, J. Candow, Jos Costongay, L. Martin, H. Helsot, Mr. and Mrs. A. Gomez.

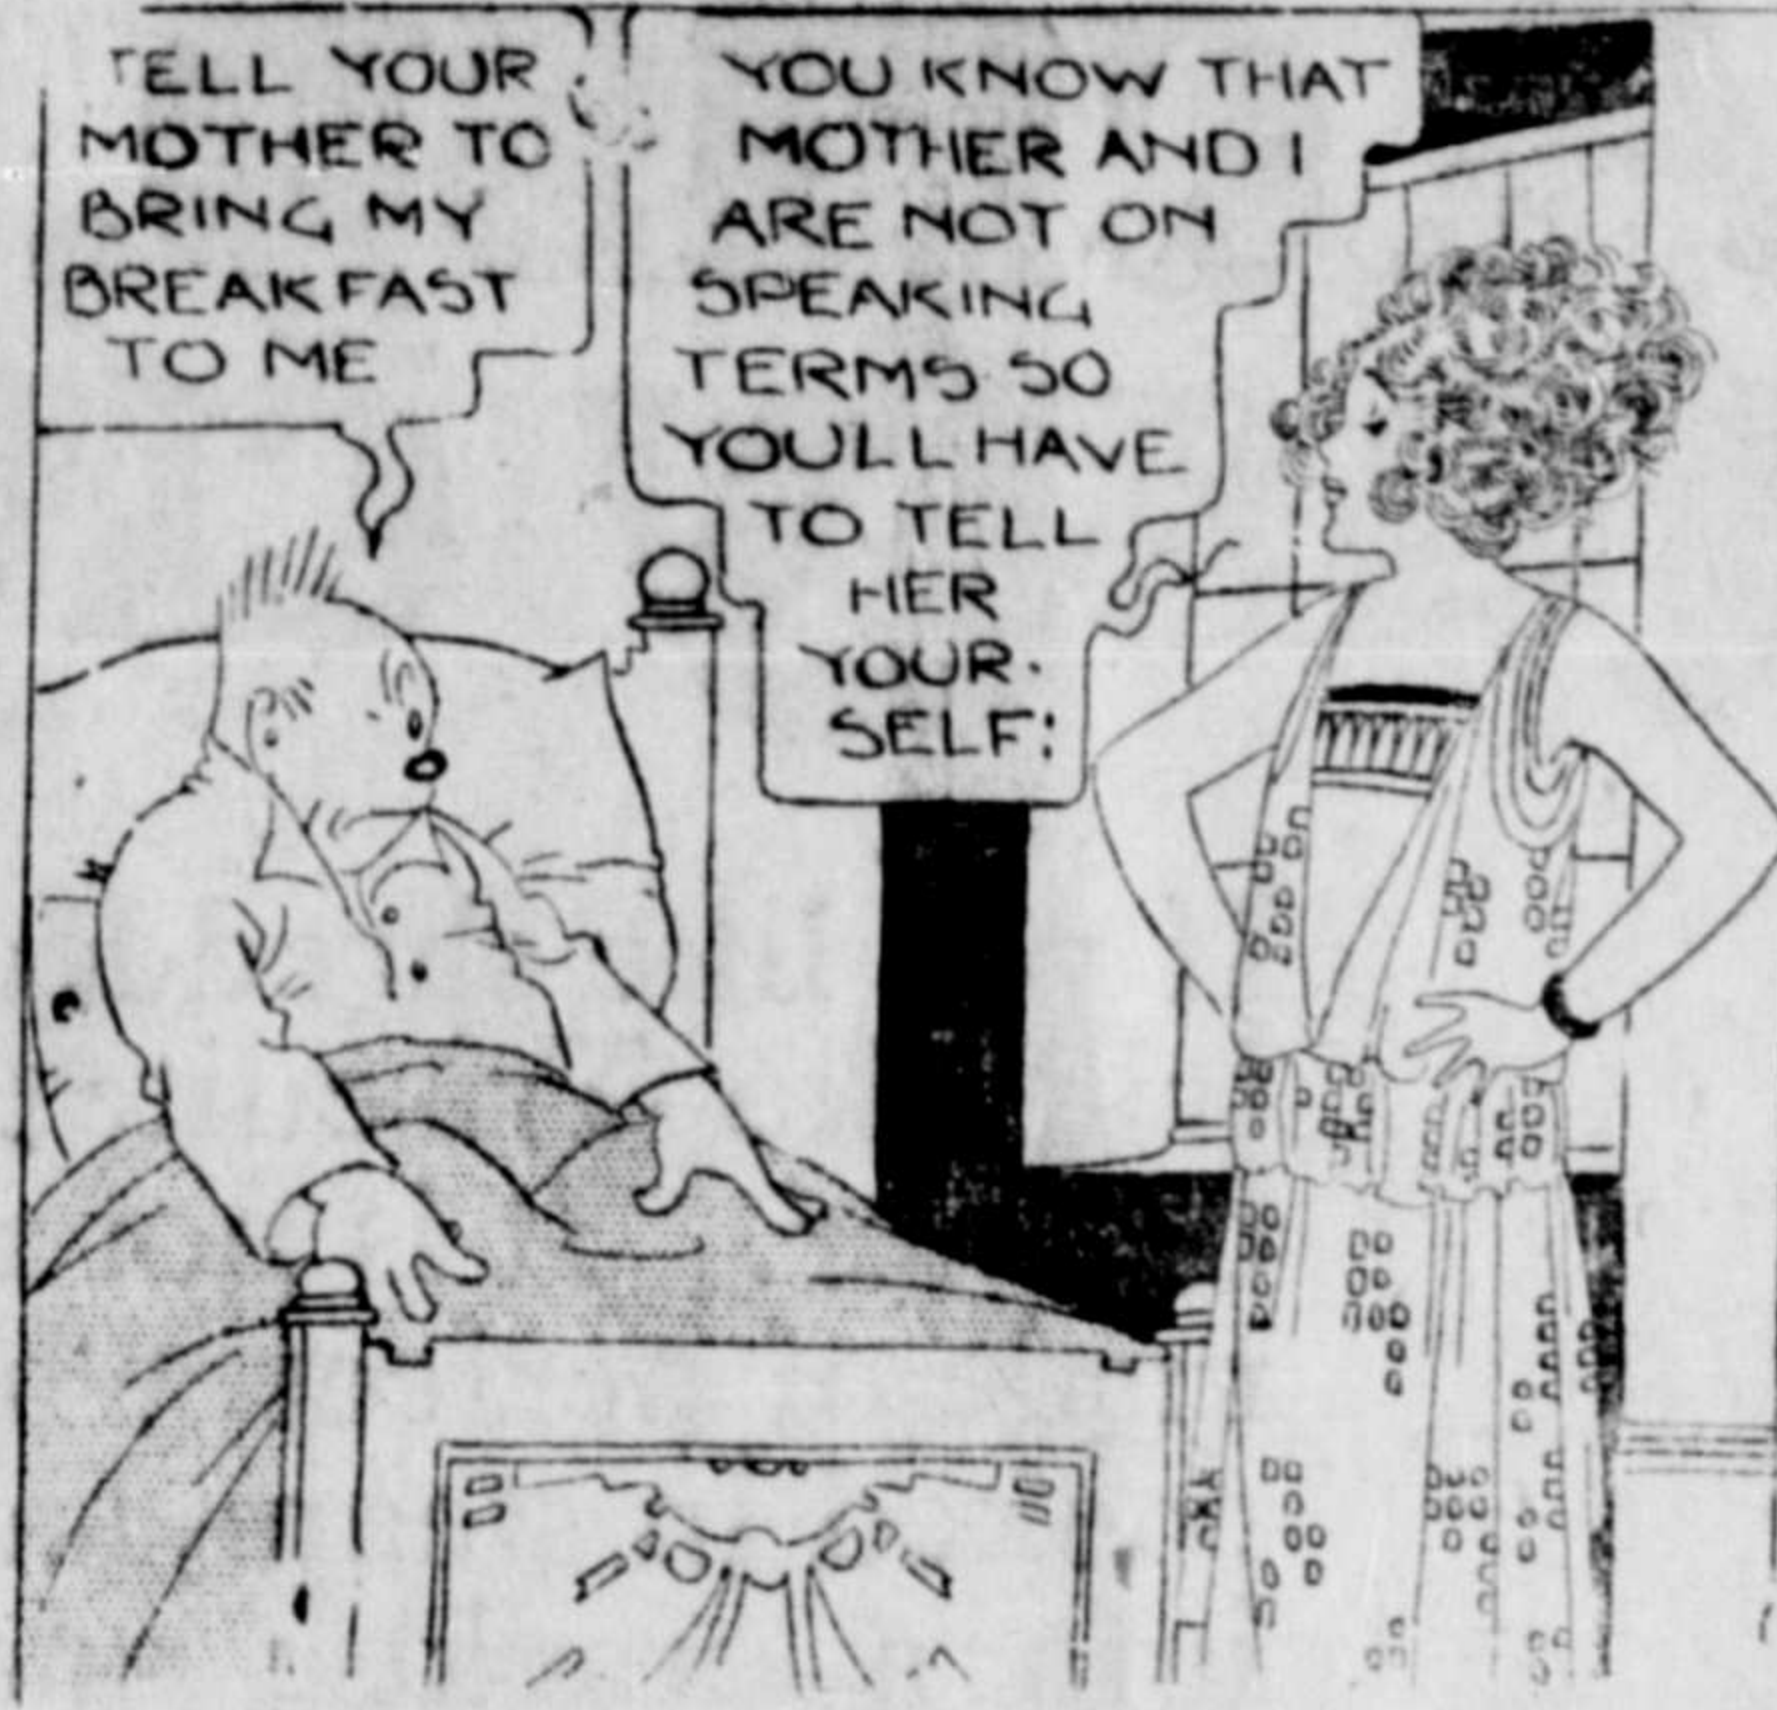

With the pink, however, went the florist's entire lot of 8,000 plants, and from these the financier made a handsome profit on the transaction.

"Dreamworld," Mr. Lawson's summer house at Egypt, Mass., was built at a cost of \$2,000,000 to satisfy, it was said, a whim of Mrs. Lawson who had remarked that the stony site would be ideal for a summer place. The training building for his horses was as large as Madison Square Garden.

Lawson's stable of thoroughbreds was one of the best known in the country.

One of Mr. Lawson's superstitions centered about the figure three. His associates said that

BRINGING UP FATHER

By George McManus

he never bought shares in blocks of 1,000—it was always 999 or 333. He took an office at 33 State street and got 333 as a telephone number.

Lawson's advice to all who would play the market was: "Keep out unless you're on the inside."

"Apply logic to all business propositions. If they will not stand the test of logic, reject them."

Mr. Lawson published several books, among them was a history of the Republican Party, of which only four copies, printed on satin, were published. One of these he presented to President Harrison, one to Vice President Morton and a third to the Library of Congress.

The fourth he kept himself. "The Secrets of Congress" appeared in 1888; a "Collection of Poems and Short Stories from Magazines" in the same year; "Frenzied Finance" in 1905; "Friday the Thirteenth" in 1907; "The Remedy" in 1912; and "The High Cost of Living" in 1913.

In 1878 Mr. Lawson married Jeannie Augusta Goodwillie of Cambridge, who died in 1907.

Mr. Lawson was president of the following organizations: Bay State Gas Company of Delaware, Thomas W. Lawson Copper Company; Trinity Copper Company and First National Copper Company.

Lawson's stable of thoroughbreds was one of the best known in the country.

One of Mr. Lawson's superstitions centered about the figure three. His associates said that

HEART WAS WEAK NERVES ALL GONE

Mrs. J. H. Hattenbeck, 147 1/2 Welland Avenue, St. Catharines, Ont., writes: "I was in a gas explosion; it left me with a weak heart, and my nerves were all gone. I suffered everything; couldn't sleep, or endure any excitement, and when left alone I felt as if I could scream. I took dizzy spells, often falling and injuring myself. My mother read about your Milburn's Heart and Nerve Pills, and bought me a box, but having taken so many different kinds of medicine it just seemed that I did not have any confidence in any of them. I took one box of H. & N. Pills, and felt so much better I continued with them until I had used five boxes, and after I had taken them I did not need any more. I cannot praise, or recommend, Milburn's Heart and Nerve Pills too highly after all they have done for me."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

TWO ACT COMEDY AT SCHOOL AUDITORIUM

Number of Young Actors and Actresses Take Part in Event Tomorrow

For several weeks past a group of young actors and actresses have been busy working on a two act comedy which is to be staged tomorrow and Thursday evenings at the Booth School in aid of the piano fund for the Seal Cove School.

The committee responsible for the success of the affair consisted of Joe Greer (chairman), G. A. Woodland, A. Roy Nichols, E. A. Mann, W. D. Vance and R. E. Benson.

MINING AT USK IS FAVORABLE

Seattle Concern Takes Group of Claims and Will Develop Property

Jack Johns, who returned yesterday after spending a week or so at Usk, says there is a good deal of interest taken in mining in that district. Some claims formerly owned by Lowrie and Moody have been taken over by Seattle interests represented there by a mining man named Davis and work of development is to proceed at once.

INADEQUATE SUPPLY—TEA PRICES HIGHER

Tea prices are going up mainly because tea is being demanded by millions more people. Tea is the cheapest and certainly one of the most palatable and satisfying beverages known. But the tea-growers have been unable to meet the tremendous demand. It takes three years for a tea bush to mature to the plucking stage.

MASONIC BALL GREAT SUCCESS

Members of Craft and Ladies to the Number of 200 Attended Annual Affair Last Night

Masons and their ladies to the number of 200 or more were in attendance at the annual ball given last night in the Auditorium by Tyee and Tsimpsean Lodges, A.F. & A.M.

The decorations included a large illuminated square and compass and paper hats with masonic insignia, worn alike by ladies and men, further enhanced the scene. Music was furnished by Easson's orchestra and Arthur Brookshank and G. A. Woodland were masters of ceremonies.

The dance was in progress from 9.15 until 2 o'clock and, at midnight, a buffet supper was served, all arrangements going off without a hitch.

The committee responsible for the success of the affair consisted of Joe Greer (chairman), G. A. Woodland, A. Roy Nichols, E. A. Mann, W. D. Vance and R. E. Benson.

**ELKS AND SONS BATTLE TO DRAW**

One of the Closest Contested Basketball Games of Season Last Night

The basketball season is entering into its final stage and within a week the champions in the various leagues will probably have been decided. Contingent upon the Elks winning their game on Friday of this week from the Goffs, the Senior League standing will be tied up between the lodge men and the Sons of Canada and the scheduled meeting of the two teams next week will decide the possession of the Gilluly Cup.

The Grotto have a full game lead on the Grotto cup, significant of Intermediate League championship, and the Maple Leafs have won the Ladies' League Benson Cup. The Tiny Tims have a healthy margin of leadership over the Goffs in the Junior League and will probably capture the McMorris Cup.

In one of the most hotly contested games of the season and, at the same time, one of the best played, the Elks and Sons of Canada battled to a draw in last night's Senior League game. George Mitchell and Ralph Smith refereed and the teams lined up as follows:

Elks—W. Lambie, A. Phillips, D. Balfour, Eddie Smith and Mike Budemich.  
Sons of Canada—Harry Menzies, Vic Menzies, Alex Mitchell, George Shenton and R. B. Skinner.

**Intermediate League**  
The Regiment failed to field a team against the Grotto in the Intermediate League and thus lost by default. A pick-up from the Junior League was entered against the tobaccoists and gave them a close run 28 to 25. Ralph Smith refereed and the line-ups were:

Grotto—W. Gray, G. Hill, W. Cavalier, D. Gurvich and V. Meagher.  
Junior all stars—S. Gurvich, E. Dingwall, J. McNully, A. Pal-

City Police Chief Vickers, who has been confined to his home for the past week, is progressing satisfactorily.

**GOVERNMENT LIQUOR ACT.**

NOTICE OF APPLICATION FOR BEER LICENSE.

NOTICE is hereby given that on the 7th day of March next the undersigned intends to apply to the Liquor Control Board for a license in respect to premises being part of the building known as Hotel Shackleton, situated at 458, in the City of Prince Rupert, Province of British Columbia, upon the lands described as Lot one thousand four hundred and thirty-seven (1437), Range 5, Coast District, Province of British Columbia, according to a registered map or plan deposited in the Land Registry Office at the City of Prince Rupert and numbered 1270, for the sale of beer by the glass or by the open bottle for consumption on the premises.

DATED at U.S.K. B.C., this 6th day of February, 1925.

T. W. SHACKLETON,  
Owner and Manager  
of Hotel Shackleton,  
Applicant.

**TRAINING FOR FOOTBALL**  
Half-backs must support the attack and also perform defensive duties

(By "Andy" Dugat, Manager of Falham Club.)  
(Reprinted from "Greenock Herald")

Tremendous demand on a man's stamina is made if he plays in the half-back line. Throughout the game he is called upon to attack with the forwards and defend with the backs. The half-back needs to play a clever game, too.

He is called upon to do two opposite things well. He must use all the guile of a nimble forward. At the same time, he must put a prompt stop to any fancy work by the opposition front line.

Where Saturday afternoon relying on their forwards to get the ball down to the opponents' goal. The attack with only five men when they might use eight. The triangle game is the most effective of the modern attacking formations. It depends for its success on the close co-operation of the halfbacks. The second line keeps well up to the first. The ball travels from forward to half and from half to another forward.

**Should Shoot at Goal**  
Many small teams believe that half backs should not shoot at goal. This is a fallacy. I have known some very useful shots put through by well-placed halves when the front line men were out of position. The half back should never shoot if a forward is more favorably situated but he should not need to think twice about it when he sees that he himself is the man with the best chance of getting the ball between the posts.

Your chief work as a half back, however, is to make openings for your forwards. This is not just a matter of passing the ball out to them. Placing your pass neatly is everything. You should never pass direct to your man. In some teams a direct pass means that the half back wants the ball returned to him at once. The correct way to pass is to put the ball through a gap so that your forward can capture it by running towards the opponents' goal at full speed. This means that you have to study your forward and his relationship to the nearest opponent. You must know, too, whether you can rely on this particular forward to put in a bit of sharp sprinting and so beat the opposition to the ball.

**Sport Chat**

**Marking Your Men**  
The boys from Seal Cove had better get their best cues out for tonight's second division billiard tournament between the Canadian Fish & Cold Storage Co. and the Prince Rupert Billiard Parlor because the latter are intending to make a clean sweep in order to safeguard their hold on first place in the standing which has been managed lately by the Grotto and St. Andrew's teams. The same advice might also stand good for the Gallies who will play the Billiard Parlor on Thursday evening of this week. The first division meeting of the week will be tomorrow night between the Grotto and Great War Veterans. The latter team has not yet by any means given up hope as to its possibilities of emerging at the top of the league this year. The Grotto will have to see to it that it is not made a stepping stone for the soldiers' ambitions.

National League clubs have this year corralled an aggregation of 72 rookies for spring training trials. This array is considerable below last year's total when about 100 joined the southern caravans but it includes some of the brightest prospects in many years. Pittsburgh, which developed a sensational group of youngsters last year, has combed the minors for additional talent with the result that the Pirates have fourteen new men on their list—more than any other club. Chicago and Boston come next with eleven each. Philadelphia has nine, St. Louis, Brooklyn and Cincinnati seven each while the champion New York Giants come last with only six. Thirty-nine of the total array are budding moundsmen.

**Half Back Tactics**  
I have known a forward line to attack like a number of machines. This can never be possible with the half back line. Your half backs have many different places to fill, and they need a capacity for quick thinking. You have captured the ball. You need to pass it to one of five forwards in half a second. Which one?

If the opposition halves are properly at work, not one of the five men will be absolutely unmarked. You are constantly called on to decide the question afresh. The position of the field is never the same twice. When you can decide—despite the crowd round you—in a tenth of a second you become a useful half.

Spectators often say of a clever man: "He does the right thing by instinct." It is not instinct, however, but habit. You can get used to doing things correctly without conscious thinking. Practice makes all the difference.

**Finding the Spot**  
Every half back ought to start the game by looking carefully over the opposition defence. One

**It's the convenience you'll appreciate**

If OXO Cubes had nothing but their convenience to recommend them, they would still be used by thousands of housewives. When you add the nourishment and flavor of fresh, prime beef, to their handiness you realize the value of OXO Cubes in the kitchen.

Use them to strengthen soups; to flavor sauces and gravies; to add more nourishment to cold meats, stews, hash, croquettes, meat-pies; to make potatoes and rice more appetizing; to make a hot drink that really takes away the chill.

**FISHERMEN!**

Look over your First Aid Kit and see that it is complete. Here are some of the things you should have on board before you put to sea:

IODINE BANDAGES  
LYSOL

### PLAYED MARSEILLAISE AT RUGBY MATCH WHEN IRELAND MET FRANCE

Paris Spectators Saw Irishmen March on to Field to Own Music

PARIS, Feb. 10.—"La Marseillaise" played as the National Anthem of the Irish Free State, came as a surprise to the 30,000 spectators who attended the France-Ireland rugby match at the Colombes Olympic Stadium. Few knew that behind the rendition of the martial strains of "Rouge et Lisse" the masterpiece there lurked the settlement of a diplomatic problem which has puzzled the French Rugby Federation since the creation of the Irish Free State.

In order not to wound any susceptibility, the Union Jack and the flag of the Irish Free State were flown on each side of the French tricolor.

"What anthem shall we play when you march upon the field?" the president of the French Rugby Federation asked Captain Crawford of the Irish team. Both Ulster and the south of Ireland were represented on the Irish team. The latter objected to "God Save the King," while the former were spared the necessity of protesting against the national anthem of the Irish Free State by the announcement of the leader of the military band on duty at the stadium, that his men could not play it.

##### NOTICE OF APPLICATION FOR BEER LICENSE

NOTICE is hereby given that on the 14th day of March next the undersigned intend to apply to the Liquor Control Board for a license in respect to premises being part of the building known as Royal Hotel, situated at the corner of 5th Street and Third Avenue, in the City of Prince Rupert, Province of British Columbia, upon the lands described as Lots eleven (11) and twelve (12) in Block thirty-two (32), Section One (1), City of Prince Rupert, according to a registered map or plan deposited in the Land Registry Office at the City of Prince Rupert and numbered 923, for the sale of beer by the glass or by the open bottle for consumption on the premises.

DATED at Prince Rupert, B.C., this 10th day of February, 1925.  
JAMES POSTOLU,  
Lessee and Manager  
of Royal Hotel.  
Applicant.

### DOES EVERY MEAL CAUSE YOU DISTRESS?

IF IT DOES YOU SHOULD TAKE

### BURDOCK BLOOD BITTERS

Mr. M. P. Eldridge, Beaver Harbor, N.B., writes: "I was troubled with my stomach for some time, and everything I ate seemed to distress me. I tried many different medicines, but without any results. Finally I was advised to try B.B.B., and after having taken several bottles I was completely relieved of my trouble. I can now eat anything I wish, thanks to B.B.B."

Burdock Blood Bitters puts the stomach into perfect shape by promoting proper digestion; and during the past 16 years it has been on the market has made a reputation, second to none, for relieving all stomach troubles.

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

"Just play the Marseillaise and we will go on the field at the same time as the French team," Crawford finally said.

Both teams walked in arm in arm. A few moments later they were using the straight arm blow and digging their fists into one another at every scrimmage in what proved to be one of the roughest matches ever played in the International Rugby Union.

### WINNER OF KENTUCKY DERBY WILL ANNEX A FIFTY THOUSAND PURSE

LOUISVILLE, Ky., Feb. 10.—A record number of nominations for the fifty-first renewal of the Kentucky Derby is expected by turf writers who, taking into account the large number of high-class eligibles wintering at Louisville tracks and elsewhere, predict the 152 nominations of last year will be exceeded when the entries close February 21.

The race for three-year-olds, at a mile and a quarter, will be run at Churchill Downs Saturday, May 16, the seventh day of the spring meet.

The purse, with \$50,000 added by the Kentucky Jockey Club, may be the largest in the history of the half century old classic. Last year 19 of the 152 nominees accepted the issue, making the purse \$52,775 for the winner, Black Gold. The year previous when Zev, the Ranocas Stable's colt, won, 20 started, giving the race a net value of \$53,600. The starting fee, \$500, is added to the \$50,000 purse.
