BRITISH LABOR LEADERS ARE THREATENED

UNITED STATES ARMAMENTS LIMITATION PROPOSAL SUPPORTED BY BRITAIN

British Labor Member Receives Many Threatening Letters Since Attack on Prince of Wales' Tour

LONDON, Feb. 21.—Threats that he will "quietly disappear" have been received by David Kirkwood, Labor member of Parliament for Dunbarton. Since his heated attack in the House of Commons on the estimates for the Prince of Wales' tour of South Africa and South America, Mr. Kirkwood has received over three hundred letters, some reminding him that he had been "previously warned to mend his ways"; others said his way home from Parliament was well known and he was being watched.

Some other Laborites, who have been supporting Kirkwood, are receiving similar treatment.

PROBLEM OF INCURABLES

Hospital Board Will Ask City to Take Over Responsibility for Such Patients

The hospital board decided at its meeting last night to approach the city council with a view to having the municipality take the responsibility for a number of indigent incurables whom it is felt are no longer rightly hospital patients. Failing these patients being admitted to the proper provincial government institutions, it is suggested that the city undertake to fit out a spare ward in the hospital and pay the cost of their care, which would probably involve the services of two nurses. Another suggestion is that the city obtain a separate building and take the cases entirely out of the hospital board's hands.

Not Hospital Cases

The matter was brought up at the meeting of the board last night by President S. K. Campbell. He stated that, with immediate development of the city in prospect, the hospital would require all the space it had and there was danger that, if such patients as those in question continued to take up space and attention in the hospital, legitimate hospital cases might have to be turned away.

These patients were incurable and indigent and were not strictly in need of hospital treatment. They were city cases and he felt that it was the duty of the city to look after them although the hospital board, he felt, would be willing to co-operate in finding some solution for their disposition. The matter had been taken up with Hon. T. D. Patullo who had stated that it would hardly be possible to have them admitted to the government incurable home, that institution being already full to capacity.

Consult with City

The suggestion was offered by Dr. Tremayne that the city be approached on the matter and a motion by J. H. Thompson and G. H. Elkins that the finance committee take the question up with the city and report back, was carried.

CRAZED MEXICAN KILLED SEVERAL

Ran Amuck When Under Influence of Marijuana Which He Smoked

GUAYMAS, Mexico, Feb. 21.—Crazed from smoking Marijuana, Ezadore Valle ran amuck and killed the cook and assistant and four patients before he was subdued. When taken to jail and quieted he denied all knowledge of the affray.

As this is the second case of a Marijuana addict running wild here, the police are redoubling their efforts to stop traffic in it.

SYMES TRIAL IS COMMENCED

Evidence Heard in Automobile Fatality and Decision Will be Given Next Tuesday

Preliminary trial of Claude V. Symes, on a charge that he did "unlawfully kill and slay Norma Munro" last Thursday when he ran her down on Fifth Avenue East with his motor car, opened before Magistrate Mettington in the city police court this morning. After the evidence was heard, adjournment was taken until next Tuesday when, after the stenographer's notes have been extended, decision as to whether or not accused is to be committed for trial will be given.

The witnesses at the hearing this morning were the same as those who testified at the inquest last week and their evidence was corroborative of that given at that time. Accused maintained that he had sounded his horn on coming over the brow of the hill and the group of children in front of him had separated. The unfortunate little girl ran in front of his car giving him no chance to avoid hitting her although he did everything in his power to avert the accident. According to their evidence none of the witnesses of the accident heard the sounding of the car's horn.

City Solicitor E. F. Jones conducted the prosecution and W. O. Fulton appeared on behalf of Symes. Accused has his liberty on bonds of \$5,000.

W. R. Smith arrived at Hazelton Hospital Thursday, making the 125 miles on a dog sleigh in that is 100 for and 22 against, nine days.

Mush! Mush!

Through the streets of Quebec. Even driving through these historic by-ways in the calèche does not have the charm of a run through them in a husky-drawn carriage. There's a tang in the air and such an atmosphere as could be found nowhere else. Exhilarating and full of color and life. This is the Chateau Frontenac team.

Reduction in Assessments This Year Very Slight, the Amount Now Taxable Being \$4,421,318

The city's 1925 tax rate will be struck on a total of \$3,421,318 of taxable land, this being the figure on the municipal assessment roll as approved by the court of revision. This total does not include the land of the Canadian National Railway which is covered under an agreement expiring next year through which the company pays a flat total taxation of \$45,000 per year. The grand total of all lands and improvements on this year's assessment roll stands at \$14,991,512. The valuation of total taxable land is arrived at after deducting improvements and exempted land of the city, governments and churches.

The total taxable assessment this year is \$132,824 or roughly 2.8 per cent less than last year's total of \$155,139. This means that, should the city's estimated expenditure for the year be the same as last year, there will be a slight increase of the mill rate which last year was 40. The mill rate, of course, will not be struck until the estimates are completed some time between now and May 15.

The total taxable assessment this year is \$132,824 or roughly 2.8 per cent less than last year's total of \$155,139. Britain Backs U.S. in Armament Limitation Unofficially Announced

LONDON, Feb. 21.—Another step toward bringing about a new limitation of armaments conference at Washington developed yesterday when it was announced in diplomatic circles that the British government's attitude at all times was to back up any American move to establish international peace on a firmer basis.

While Washington makes no move relating to the setting of a time or place for the conference, pending an official announcement by Britain and other nations it is thought likely the meeting will be called next summer.

As viewed here, the conference will be confined to naval limitations, but hopes are entertained that the discussions might eventually consider limitation of armies.

Washington View

WASHINGTON, Feb. 21.—Informal conversations with other powers regarding the new arms conference have not proceeded to a point where the president feels committed to the calling of such a conference in advance of the working out of a disarmament project sponsored by the League of Nations.

EPIDEMIC KILLED THOUSAND PEOPLE IN ENGLAND JANUARY

LONDON, Feb. 21.—The influenza epidemic killed more than a thousand people in England in January. There were 92 deaths in London alone.

Birmingham, Liverpool, Leeds and Rochdale were also severely affected.

FARMERS LOAD GRAIN IN CARS

Million and Half Bushels Disposed of During Week Along Lines of C.N.R.

VANCOUVER DELIVERIES

WINNIPEG, Feb. 21.—Alberta farmers continue to take advantage of the absence of storms to get their grain marketed, according to officials of the Canadian National Railways here, who state that during the past week more than one million bushels of grain has been loaded into cars at points on the C.N.R. in that province.

Saskatchewan loaded 662,000 bushels during the period February 13 to February 19 inclusive, out of a total loading of 2,108,000 bushels. In all, 1,528 cars were loaded over C.N.R. lines, during the period, bringing the loaded totals since August 1 last year to 70,988 cars, containing 96,047,000 bushels.

The amount in store at C.N.R. points in the western provinces is now 14,254,000 bushels.

Deliveries at Vancouver by C.N.R. have now reached the total of 3,328 cars since August 1, the number of cars reaching there since February 13 being 210.

HOSPITAL BOARD ESTIMATES DOWN

Expenditures Placed at \$56,546.84 and Revenue at \$45,180

—Will Confer with City

With expenditures generously placed at \$56,546.84 and revenue conservatively figured at \$45,180 the hospital may have a deficit of \$11,366 in 1925, announced J. L. Christie, chairman of the finance committee, in submitting estimates for the year at the board meeting last night. A motion was passed authorizing the finance committee to have its annual conference with the city finance committee on hospital fiscal affairs.

MINERS LOSE LIVES INDIANA

Fifty One Trapped by Explosion and 34 Bodies so Far Recovered

—

SULLIVAN, Indiana, Feb. 21.—Scores of men toiled today to recover the bodies of 34 of the 51 miners entombed in an explosion which took place here. It is not probable any of the trapped men will be found alive.

A cave-in today arrested the work of seventeen bodies yet to be removed.

Afterdark made the first attempt to reach the entombed men precarious and much time was spent repairing the ventilation system in order that the rescue work might proceed.

Fish cars will as usual go out on the passenger trains.

INSTANTLY KILLED

VANCOUVER, Feb. 21.—J. Wallhers, jr. was instantly killed when a lever crushed in his head at the Vancouver Lumber Co.'s plant where he was employed.

DAILY EDITION

Saturday, Feb. 21, 1925.

Canada Sloughing Off
Her Swaddling Clothes.

Canada is gradually sloughing off her swaddling clothes and the sturdy infant is learning to walk alone. Scarce a week passes but some question having to do with the powers and rights of the country is discussed somewhere. The effect is not confined to any one political party or to people originating from any one country. First it is Liberal, then Conservative. Now it comes from the native sons and again from recently naturalized citizens. All have an equal say in the matter and all seem to take part at some time in the discussions as to Canada's position or powers.

Danger Of Children
Being Too Careless.

The attention of the Daily News has been drawn to the fact that children here often run after passing automobiles and in order to show how daring they are they stand out in the road or pretend to run in front of cars. This is not only very dangerous in itself but is a very bad example to the smaller ones who have not the judgment that older ones may exercise. Many cases of cars almost meeting with accidents and also of children almost being run down are related.

In connection with this, parents of children could use their influence to good advantage. School teachers are already doing it as we know. Here our streets are not very wide in the residential districts and often there are no sidewalks. That makes it all the more necessary that care should be exercised.

Radio Discoveries
Daily Occurrences.

Radio discoveries are being made almost every day. People are experimenting and are constantly finding out new things about the radio waves, the receivers or the broadcasting stations. It is difficult to say what the future of this wonderful natural phenomena may be. The more it is studied the more useful it is likely to become.

The popularity of radio is endangered by its abuses. Some of the little sets are very annoying when they in receiving or trying to receive themselves become broadcasters of horrible squeals. Complaint is also made of some of the stations in the south which use their broadcasters for propaganda and drown out the good music or instructive addresses which the fans wish to hear. Something will have to be done by the Dominion Government to regulate these things.

Have To Pay Loss
On Eastern Lines.

Usually there are complaints that the West is an expense to the East. Now it is shown by railway returns that the national railways in the farther east are an expense to the rest of the country. The railways in Ontario pay a good profit and so do those operated by the Canadian National in the United States. There is a loss of something over a million in the West whereas in the Maritime provinces the loss is over five million dollars. The West is in a fair way to wipe out its annual loss possibly this year, but the East cannot hope to do so for some time to come. In fact the ports of the Eastern Maritimes are asking that the railway rates be reduced to a very low point so that grain may be shipped through their ports. That would probably add to the railway loss and would be an additional bonus to the people there.

His Mirror Told Him
of Exhausted Condition

Mr. R. Paulin, Toutes Aides, Man., writes:

"I became so run down and weak that my heart became affected, and I would sometimes have to remain in bed for several days."

Some one advised me to use Dr. Chase's Nerve Food, so I did, and soon began to gain in weight and feel better. I have taken a great many boxes of these wonderful pills, and am feeling ten years younger. Dr. Chase's Medicines, as well as his Receipt Book, are a great help to us, for we live 40 miles from doctors and railroads."

Dr. Chase's Nerve Food

GOLD RUSH TO
THE DIGGINGS

Department of Mines Officials Give Opinions as to Where Gold Found
WOULD TRY BENCHES
Experienced Men in no Hurry to Reach Scene of Promised Activity

VICTORIA, Feb. 21.—Fortune may smile on the gold seekers preparing to get away at the earliest opportunity to Gold Pan Creek or the neighborhood, according to experts and others here, connected with the Provincial Bureau of Mines.

But these well-informed professional observers declare the contents of the benches there much more likely to prove golden dividend payers than the sands of the creeks flowing at their base.

This view is based on a three-angle argument:

It is plain to any scientist competent to read the story of the rocks that the creeks flowing into or contiguous to Dease Lake and Liard River, from which \$6,000,000 to \$7,000,000 in dust was recovered in the seventies, have not long (as geologists measure time) followed their present courses. The old stream-beds are there, close at hand, with every natural likelihood that they will be found well lined with dust and nuggets. It is simply a case of accurately judging where the old course of the creeks lay, and tapping the treasury.

These benches or cliffs, rising to considerable heights from each of the historic placer creeks of the section, have neither been worked nor scientifically prospected. They are as yet virgin territory in a region proven rich in alluvial gold deposits. The creeks on the other hand, both on the Dease Lake side of the Skre Hills and across those hills in the country drained by the Eagle River, of which Gold Pan and its "pups" are tributaries, not only were exploited at the time of the Cassiar rush and in immediately subsequent years, by men straight from practical experience in the Caribbean zone, but ever since the roaring seventies they have been worked in a desultory fashion by Chinese miners who remained on the ground to "mop up" after their racial fashion. These have been washing a little gold each season in virtually all the streamlets from the Stikine to the Liard.

The Muddy—Big and Little—and its feeders, are said to have generally escaped Asiatic attention as well as any very thorough exploration by the Cassiar veterans.

Indians Have Plenty Gold

Geological conditions on Dease Creek are, in the main, similar to those on Gold Pan, where Grady uncovered his bed-rock at from eight to ten feet from the surface, the stream here cutting through a red porphyry dyke, with walls rising almost perpendicularly to approximately 400 feet.

Colors undeniably may be got

in any and all the creeks of the district, and the Indians seem

to have no difficulty in locating

a specie bank somewhere in that

region upon which they can draw

for virgin gold when they need

its purchasable equivalents. It

is somewhere in this part of the

country that the Indians Simon

Gun-a-Noot and Peter Hi-madan,

brothers-in-law and compa-

nions in flight, are reputed to

have found rich placers during

their exile, from 1866 to 1919.

After their trial and acquittal,

Gun-a-Noot banked a cash bal-

ance of about \$75,000. He claim-

ed he had made this considerable

fortune trapping in the hills

during the years of his retire-

ment—the police for a consider-

able part of the time keeping him

constantly on the move, so

that he could have had no oppor-

tunity to attend properly to an

extended trap-line. Give him as

much as six years of concentra-

tion upon his trapping and it

would overtax credulity to accept

the suggestion that his tangible

fortune came out of fur in a

country where the lynx and

beaver are the most valuable

pelts obtained.

To his intimates Gun-a-Noot

confided that he had places of

his own discovery upon which he

could draw for the sinews of

legal war; and when he deter-

mined to surrender himself up

to trial, it was not until after he

which it empties into Dease Lake.

It is Ryan's hypothesis—and

experts of the Mine Department

long ago assured him that it

was a remarkably safe one—that

the stream had not always fol-

lowed its present sinuous course,

but has been forced to it by the

ancient channel becoming ob-

structed—and that the original

creek-bed, when laid bare or

tapped, will be found gold-car-

peted.

Notice of Intention to Apply to Lease Land

In the matter of an application for the issue of a fresh certificate of title for Lots thirty (30) and thirty-one (31), Block seven (7), Section five (5), City of Prince Rupert, Map 923.

Satisfactory proof of interest and description of the certificate of title having been produced to me, it is my intention to issue, after the expiration of one month from the first publication hereof, a fresh certificate of title in the name of Edward G. Frizzell for the said land, which Certificate of title is dated June 19, 1913, and is numbered 3983.

H. F. MACLEOD, Registrar of Titles, Land Registry Office, Prince Rupert, B.C.

January 30th, 1925.

LAND ACT.

Take Notice that George Frizzell, of Prince Rupert, B.C., occupation merchant, intends to apply for permission to lease the following described lands:

Commencing at a post situated on the south side of Skeena River, thence southeast 5 chains; thence southeast 10 chains; thence northeast 5 chains; thence north 10 chains; thence west along the bank of the Skeena River to the point of commencement, and containing 15 acres, more or less.

GEORGE G. FRIZZELL, Name of Applicant.

Dated January 8th, 1925.

Kept fresh in the vacuum tin

SMITHERS, Feb. 21.—The main street in Smithers presented a very busy aspect Thursday as the owners of the furniture and goods that was piled in the middle of the street set about the job of getting it sorted out and taken to a place of safety or back into the houses that had not disappeared in the fire of early morning.

The provincial police staff have moved their quarters to the Borden building, while Mr. Munro has moved the Land Settlement Board office into the Orchard cottage on the rear of lots on which the other building stood.

The government office staff were also busy as the more valuable records had been moved to a place of safety when that build-

ing was threatened. Mrs. D. D. Rolston who has apartments over the Mutch hardware store also had to rearrange her home, as did Mrs. W. Mitchell and Mrs. N. P. Moran, who also lived in the danger zone.

The Catholic Ladies' Aid will hold a tea at the home of Mrs. G. W. Nickerson, 520 Fifth Ave. West on Monday afternoon, Feb. 23 from 3 to 6. Everybody welcome.

C.P.R. steamer Princess Beatrice, Capt. Thomas Giff, arrived from Vancouver and way ports at 6 o'clock this morning, sailing on her return south at 11 o'clock.

Union steamer Venture, Capt. A. Johnstone, returned from Anyox and the Naas River at 5 o'clock this morning and sailed at 10 o'clock for Vancouver and way ports.

The Canadian Steam Laundry and the Pioneer Laundry submitted identical tenders to the hospital last night of \$330 per month for hospital laundry. The matter was left with the finance committee with power to act. An effort will be made to have a reduction in price of laundry which is considered as exorbitant.

The executive committee of the hospital board together with Mrs. R. C. Parsons and Miss Edith McCaul, R.N., were delegated at the meeting of the board last night to make preparations for the observance of National Hospital Day on May 12. Dr. H. G. Wrineh, M.L.A. of Hazelton is regional committeeman for British Columbia.

Mrs. Altorf of Victoria applied to the hospital board last night for a position as laboratory technician at a salary of \$50 with board and room or \$75 without. The matter was referred to the finance committee with power to act. The suggestion was made by Dr. Tremayne that the engagement of Mrs. Altorf might be of value to the hospital.

The first regular monthly meeting of the 1925 hospital board was held last night in the city police court. Those in attendance were President S. K. Campbell, Vice-President J. H. Thompson, Secretary Harry Birch, Directors Ald. McKechnie, J. L. Christie, Dr. H. E. Tremayne, Ald. Brown and G. H. Elkins and Miss Edith McCaul, R.N., lady superintendent.

M. P. Olsen, formerly of Alice Arm, was not aboard the schooner Haysport No. 2, which it is feared foundered with all hands on board in Milbank Sound on the night of January 25, it has been definitely ascertained here. Those aboard the vessel were Capt. R. W. Parkington of West Vancouver, master; M. G. Addison, of Vancouver, mate; L. P. Polley of Vancouver, engineer, and W. D. Wood of Vancouver.

The hospital board last night passed a vote of thanks to the Pyne Min Chinese Association for the sum of \$79.60 that was turned over to the hospital as the proceeds of a concert recently held. The board has also received from the secretary, Harry Birch, the sum of \$21 being the proceeds of a raffle for \$50 which was won by John MacRae.

ENDED YEARS OF BAD HEADACHES

"Fruit-a-tives" Completely Relieves all forms of Headache

MRS.
HONORE
VALIQUETTE

"For over three years, I was troubled with very bad Headaches, Nervous Dyspepsia and Liver Troubles. Then, I began taking "Fruit-a-tives". Very soon my condition improved, and thanks to these wonderful fruit tablets I am once more entirely well".

The wonders of the famous Fruit Treatment are only revealed when you read a letter like this, which comes from Madame Valiquette, 1133 Notre Dame St. W., Montreal.

"Fruit-a-tives" is the juices of apples, oranges, figs and prunes, intensified and combined with tonics—and forms a complete fruit treatment for Stomach, Liver, Kidney and Skin Troubles.

25c. and 50c. a box—at dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

Mrs. George Frizzell sailed this morning on the Venture for Vancouver on a business trip.

Pythian Sisters Whist Drive, Monday evening, in the Boston Hall, at 8.30. Admission 50c. Everybody welcome.

Don't forget the Men's Banquet at the Anglican Church on Tuesday, February 24, at 7.30 p.m. Tickets \$1.00. Good speakers, good music and a good dinner.

Mrs. Peggy Biddlecombe, pleading guilty to a charge of supplying liquor to Indians, was fined \$50 and costs by Magistrate McGlynn in the city police court this morning.

Motorboat Prosperity, Capt. Brindle, was in port this morning discharging 30 tons of palladium concentrate ore for transshipment East over the Canadian National Railways to Irvington smelter, New Jersey.

In connection with certain alterations they are making at the hospital, Mitchell, Currie and the hospital offered to put in more expensive glass than was specified if they are allowed to salvage the old glass that it replaces. The hospital board, at last night's meeting, accepted the offer.

Weston Coyne, who has been a patient in the local hospital for a couple of years, may shortly proceed to Kamloops to enter the home there. Mr. Coyne is being assisted in his efforts to this end by the city and hospital board and application for admission has been made to the provincial government authorities.

The hospital board last night decided to dispute an account for \$341.15 from R. Hogmeister of Vancouver who claims this sum for repairs to an x-ray transformer, the work on which the board deems was unsatisfactory. It is claimed that the transformer blew out shortly after the repairs were made and had to be replaced.

The hospital board last night passed a vote of thanks to the Pyne Min Chinese Association for the sum of \$79.60 that was turned over to the hospital as the proceeds of a concert recently held. The board has also received from the secretary, Harry Birch, the sum of \$21 being the proceeds of a raffle for \$50 which was won by John MacRae.

MISSING!

Not much left of washday when you use our soft wash service. No tub—all the washing is done. No clothesline—everything comes back dry. And no flat-work ironing—that, too, is completely cared for. The hardest and longest part of washday is missing—and this family service is so low priced that it's an economy as well as a convenience. Let us call this week and take away the part of washday that you'll be most happy to miss.

AND

COLLECTING AGENCY BUSY

Meets With Some Success In Getting Money for Hospital

PROTESTS RECEIVED

Whatever criticisms there may be and there seem to be many regarding the action taken by the hospital board in having obtained the services of the National Protective Agency working out of Los Angeles to collect outstanding hospital accounts, a measure of success seems to be obtaining at least as far as actual collections are concerned. People who it seems it was impossible to obtain any response from otherwise, are now being heard from and, in a number of cases, there have been prompt payments. The National Protective Agency seems to be an unpopular institution but, nevertheless, an effective one.

At last night's meeting of the board there were a number of letters received from persons who had received demands from the agency. The board did take one exception to the activities of the agency and that was with respect to interest charges. On suggestion of President Campbell, a motion was moved by Mrs. Parsons, seconded by J. H. Thompson and carried that the agency be instructed not to demand interest on accounts unless requested to do so by the board. This was done after a letter from Mrs. F. Piper which has been published, was read.

One man at Tyee, who had received a letter from the agency, asked for a job in the hospital stating that, if he received it, he would endeavor to pay his bill at the rate of \$15 monthly. No action was taken in this case.

Another man said that he had a contra account against the hospital for work done in 1920 of \$49. Payment in the sum of \$44.50 for a hospital account had been demanded of him. The matter was left in the hands of the finance committee to investigate.

The cases of two other persons were referred to the finance committee. Both made the claim that the railway company was responsible for the payment of their accounts. Still another man had understood that his charges were to be covered by government as he had been stricken with paralysis after having enlisted.

In the course of general discussion, Ald. Brown expressed the opinion that the hospital board might at least engage a Canadian collecting agency. President Campbell explained that the National Protective did have Canadian branches. "Then why does it not institute its collections for this hospital from them?" queried Ald. Brown. President Campbell said that all local efforts to obtain payment had failed in the cases that had finally been turned over to the National Protective.

CRIMINAL CASES IN COUNTY COURT HELD SMITHERS THIS WEEK

Two Indians and White Man From Hazelton all Pleaded Guilty

SMITHERS, Feb. 21.—Judge E. McE. Young of Prince Rupert held a session of the county court in Smithers on Thursday and as the police station and court room had been burned down early that morning the sitting was held in the office of the Court Registrar, J. A. Kirby.

The three prisoners up for trial were from Hazelton, having been committed by Wm. Grant, J.P., of that town.

Two Indians, Wm. Green and Moses Wilson were charged with stealing numerous articles from the dwelling of Alfred Janes on January 13. They pleaded guilty and received sentences of twelve and eighteen months respectively. L. S. McGill acted as crown prosecutor.

The other prisoner, Fred Frederickson, was charged with assaulting an Indian woman, Ellen May, on December 14. He also pleaded guilty and was given a sentence of six months. H. L. Robinson appeared for the defendant in this case and L. S. McGill for the crown.

The sentences are to be served at Okalla.

BRINGING UP FATHER

DAUGHTERS AND SONS OF ENGLAND SOCIAL

Enjoyable Affair Was Held Last Night in Boston Hall With Good Crowd in Attendance

An enjoyable whist drive and social was held last night by the Sons and Daughters of England in the Boston Hall.

Winners at cards were: Ladies' first, Mrs. Scott; ladies' second, Mrs. Tuck; men's first, George Leek; men's second, Mr. Goodsall.

After cards, refreshments were served and Mrs. D. Wilton accompanying, solos were rendered by Mrs. J. Field and Mrs. Simon A. Swanson. Then there was a short dance, Mrs. Wilton presiding at the piano.

The committee consisted of Mrs. S. V. Cox (convener), Mrs. D. Wilton, Mrs. S. A. Swanson, Mrs. Smeeton, W. G. Hughes, R. Yates and Mr. Goodsall.

COMMITTEES FOR HOSPITAL STRUCK

H. H. Little, Executive Chairman; J. H. Thompson, House, and J. L. Christie, Finance

President S. K. Campbell of the hospital board has appointed his standing committees for the year as follows:

Executive—H. H. Little (chairman), J. H. Thompson and J. L. Christie.

House and grounds — J. H. Thompson (chairman), Mrs. R. G. Parsons, Ald. Brown, Dr. H. E. Tremayne and the government representative who is yet to be appointed.

Finance—J. L. Christie (chairman), the government agent, C. H. Elkins and H. H. Little.

Dr. H. E. Tremayne has been appointed as the representative of the Medical Association on the board and Mrs. R. G. Parsons has been appointed by the Ladies' Auxiliary. Both these directors took their seats for the first time this year and were duly welcomed at the regular monthly meeting of the board last night.

Nash as a crossword puzzle; best costume, Mrs. Eggleshaw, in an early Victorian dress; comic, Mrs. Warren as night. Men's prize, Morse Hat.

Matt Allard made the trip from Kalum Lake early in the week and reports the road not bad for snow shoeing. Mr. Cobb who left for the lake with his team found it very hard breaking trail and took almost five days for the trip.

Rural Dean Marsh spent a couple of days at Usk this week.

The B. D. Bridge Club entertained this week at the home of Mrs. Frost.

Dan Glacher was up from Remo to attend the St. Valentine's dance.

The W.A. met this week at the home of Mrs. Nash; Mrs. J. Jones being hostess.

The Oddfellows, the Native Sons, the Rebekahs and the G.W.V.A. united in presenting a purse to Harry Creelman who is leaving shortly.

The annual vestry meeting was held last week and it proved a very enthusiastic session. The church wardens: A. G. Fowler and F. C. Bishop were reelected. Wm. Attwood was elected vestry clerk. The sidesmen for the year are Geo. Dover, Wm. Attwood, J. Norrington, R. Cory and R. Henwood. The reports from the various church organizations were very encouraging. Votes of thanks were passed to the Women's Auxiliary and to the organist, Mrs. Nash.

The promised reception and afternoon tea to be given by the G.W.V.A. in their club rooms was held on Wednesday and was attended by some fifty ladies of the town and district. The affair was much enjoyed by the gentler sex, who were greatly surprised to find how comfortable and well arranged the Association's quarters were and many compliments were tendered the officers in attendance.

Wiggs O'Neill, the Smithers Ford doctor was the recipient of news from Vancouver that another son was added to his family on February 16.

Doings of the Mosquito Fleet which is the chief source of Prince Rupert's prosperity

Everybody Busy

If you have an hour to waste don't try to waste it along the waterfront. Everybody is busy and the machine and electrical shops have all the work they can handle on boat repairs. Boat owners are anxious to get away to the high spots as soon as possible now that the fresh herring bait has shown up in fair quantity. The N. M. & R. Fish Company brought in herring on port. The necessary repairs are being carried out on the disengaged boat Fredolin, Capt. Skog, which should be completed early in the coming week.

Fitting New Engine

A big gang of men are employed by the provincial government on laying an additional spur track behind the fish houses to facilitate the loading of refrigerator cars. The necessary rails are on hand and the work of grading is being pushed forward with all possible speed with the intention of completing the work before Monday. The new track will be laid to conveniently connect with the 4 ft. 10 in. loading platform erected by the fish houses. Work on the fish box elevators is being rushed by the fish houses.

First Halibut Landed

The first halibut to be landed since the opening of the close halibut season on Monday last was brought in on Thursday morning by the Canadian schooners Fisher, Capt. John Hansen, and Captain Spencer, Capt. Dan Larsen. The former sold 4,500 pounds to the Atlin Fish-

HEART TROUBLE
SHORTNESS OF BREATH

The Canadian schooner Mayflower, Capt. Geo. Cook, which left port on Sunday for the fishing banks, was forced to return to port owing to a reverse sleeve on the propeller pulling out when off Genn Island. When the sleeve pulled out it was impossible to go ahead and refusing any aid the skipper decided to return stern first. The boat was successfully brought in under her own power by the stern first method. Repairs were immediately carried out and the Mayflower is now on her way again to "tangle wheels" with the halibut.

Boats Out and Leaving

Among the boats of the home fleet to clear from port for the high spots during the past week are the following: The Gaygeon, Capt. "Handsome" Jim Morrison; Ingrid H., Capt. G. Linquist; Annie May, Capt. G. Bagley; Reville and E. Lipsell. The Murinear, Capt. Jud Thurber, is ready to leave port any day now as is also the Dolphin, Capt. Pete Byrne.

New Tool House

A new tool house is being erected by the provincial government behind Shockley's planing mill, the approach leading from the Gow Bay Creek bridge. A gang of men are now clearing the site and the building when completed will measure approximately 30 feet x 30 feet. This new building will take the place of the old overhead approach to the provincial dock, which has been demolished.

Back from Visits

Capt. Jack Christensen, skipper of the Canadian schooner Margalice, has returned from an extended trip to his old home in Denmark, and is now busy getting the gadgets in order on his floating home prior to leaving the premises.

Added Attractions

Pic-nic parties to Digby Island during the coming season will find an added attraction and a practical attraction at that. In future there will be no need to lug the heavy tins of milk because milk of an exceptionally fine quality will be furnished upon arrival if a member of the party will take a little jaunt up to the wireless station. Of course one will have to take a suitable

milk receptacle as it is not to be expected that jugs will be furnished free along with the milk. It will be well worth the walk for the milk will be found to have plenty of kick in it and will be high in fat value. The procedure for obtaining the free milk supply is to tap gently on the door of the wireless station and ask for Mr. Jackson, the chief. Upon Mr. Jackson's appearance, bow slightly from the hips and in a clear cut casual voice say "Oh Mr. Jackson, I have a party of fifty young people on the island and we are short of milk. Could I prevail upon your good nature for the necessary supply?" Thereupon the chief will, in a gentle voice, call "Nanny, Nanny, Nanny" and two fine goats will gaily leap from the forest and sit up on their hind quarters. The goats have been carefully trained to sit up which prevents the tail swishing business in the face while the process of milking is being undertaken. With a jug full of fresh goat's milk you will how your thanks to the goats and return to the crowd to enjoy the delicious drink.

A new sounding reel is being fitted on the schooner Toodee, Capt. Art Oswald, at the Akerberg-Thomson shops.

Engine Deals

Bill Larkin, owner of the power boat Roy W., has sold his 5 h.p. Regal engine to Sam Larsen of Keneecott wreck salvaging fame, and has purchased Capt. Khorf's 6 h.p. Clay engine. Capt. Khorf has purchased a 15 h.p. Imperial engine to be installed in the new deep sea trolling boat which he is building on his Gow Bay creek ways. Sam Larsen is expected to arrive from the Queen Charlotte Islands early in the coming week when he will instal the 5 h.p. Regal.

Trappers! If you want to make money I am the man you want to see with your fur catch. In fact I need the furs badly and Mink especially. Highest prices at all times. W. Goldbloom. Second Avenue.

The Jap halibut boat Osumi, which has been tied up in the vicinity of Gow Bay during the close season, is undergoing a thorough engine overhaul preparatory to leaving for the halibut banks.

New Trolling Boat

Alex Wiley has just completed the building of a new trolling boat at Seal Cove. The new boat is a husky looking craft 34 foot long and will be fitted with a 16 h.p. heavy duty Vivian engine. The engine will be supplied and installed by Akerberg-Thomson the agents. The new engine will arrive about the end of the month and will be installed shortly thereafter.

Geo. Johansen, owner of the power boat Fox had known along the waterfront as the crab and shrimp king, has decided to install a new 12 h.p. R.W. 2 type Palmer engine in his craft to replace the present 6½ h.p. Palmer. Akerberg-Thomson, agents for the Palmer engine, will furnish the engine and do the installation work. George is making the change in order that he will have plenty of reserve power to enable him to make the Hippo Island run in style when the salmon trolling in that district opens up.

The lighthouse tender Newton, Capt. H. Ormiston, returned to port on Wednesday evening bringing in H. Armstrong, keeper of the Langara light, who was admitted to the hospital for medical treatment.

Just a Little Exchange

Capt. Jack Christensen, skipper of the Canadian schooner Margalice, has returned from an extended trip to his old home in Denmark, and is now busy getting the gadgets in order on his floating home prior to leaving the premises.

The big problem with scalp specialists is to get the public to form a consistent habit of taking care of their hair. Van Ess Liquid Scalp Massage comes in a patented bottle with a special rubber application attached. The method of application is easy—and clean.

The applicator feeds the treatment through rubber nipple direct to the roots of the hair. One minute a day with Van Ess is sufficient. Stops falling hair, cures dandruff, grows new hair. We give you a positive 90-day guarantee.

Louis will remain in Edmonton for some days and after leaving there will proceed to Dalehurst near Jasper National Park to make a trip along the trap line which Donald ("Curly") Phillips, noted mountain guide and trapper, is operating in the foothills of the Rockies for the benefit of visitors. Count Louis will return East by way of Winnipeg, Chicago and Toronto and thence to New York.

After leaving Edmonton the Marquise will go on to Vancouver and from there to California. She spends some days in Santa Barbara before embarking at Los Angeles on board a ship bound through the Panama for New York. In New York she will be joined by the count and they will sail for France about the end of April. The Marquis de Brants is a daughter of Schneider, member of the firm of Schneider and Grenouillet, famous metal workers of France and manufacturers of all cannons used by the French armies.
