## LUMBER INDUSTRY IS TO BE RESUMED HERE

### LACK OF CONTROL OF ORIENTALS IN DOMINION IS ALLEGED IN COMMONS

#### Neill Urges That Jap Competition is Unfair

#### Urges Restrictions Against Holding of Land Similar to Those in Force in California

OTTAWA, April 2.—Restrictions in Canada similar to those in force in California to prevent Japanese invading agricultural lands of British Columbia were asked yesterday in the House of Commons by A. W. Neill, member for Comox-Alberni, who said Japanese women and boys were coming into the province without restriction and the "gentleman's agreement" concerning the influx of adult males was not being strictly enforced. Mr. Neill declared that Japanese were working in unfair competition with white men in the fisheries and canneries of British Columbia. General restrictions to reduce the number of Japanese in Canada were urged.

Despite the sensational rise and fall in wheat prices the huge crop must be moved. Here is shown a loading scene from one of the elevators to a boat at the head of the Great Lakes.

#### Pouring Cement For Elevator Commences Today Following Arrival of Scows of Gravel Here

Mixing and pouring of cement for the elevator foundations starts today. During the night the tug Earl arrived from Victoria having in tow two scows laden with gravel and sand aggregate which will be used in the work. This material was due here at least a fortnight ago, but recent stormy weather delayed its arrival. It is expected that this lot of gravel will fill the requirements as far as the foundations are concerned. The most of the holes for the piers are finished and ready to receive the concrete.

The gravel that will be used in making concrete for the superstructure will be brought from Prince George or Shames. It was impossible to get this for the present work on account of the snow in the interior. Salt water gravel and sand cannot be used.

It is expected that W. C. Arnett's dredge, which has been undergoing repairs at the dry dock after having been sunk in last week's gale, will be back on the job at Mexicholl Creek tomorrow. Deliveries of gravel for the wharf fill will then be resumed. This ten day delay has just set back the actual starting of work on the wharf that much.

The pile driver, piles, timber, etc. is here ready for the wharf work to start as soon as the fill or part of it is finished. Had it not been for the accident to the dredge, pile driving would probably have been already under way.

It is expected on the job that the contract for the superstructure will be let about April 15.

#### FLIGHT OVER WORLD'S TOP

#### Aerial Trip From Paris to San Francisco May be Made in September

SAN FRANCISCO, April 2.—An airplane flight from Paris to San Francisco, crossing the Arctic near the North Pole, is being planned as a feature of the diamond jubilee of the state next September.

The plan provides for the inauguration of a regular route, and the arrival of the path-finding airplane in San Francisco during the week of the celebration.

The projected flight will go north from Paris via the Spitzbergen Islands and will pass through northern Canada possibly along the Pacific coast to Frisco.

#### CONFERENCE PEACE RIVER

#### If no Report from Railway Heads Soon will be Asked to Meet Minister

OTTAWA, April 2.—Replying to a question of D. M. Kennedy, Progressive of West Edmonton yesterday afternoon, Hon. George P. Graham, minister of railways, said he preferred not to give an opinion as to the probability of an agreement being reached between the heads of the two railways on the Peace River route.

"If some suggestion does not come shortly," added the minister, "I think I will ask them to join in another conference to discuss the question again."

#### ROUND LAKE GETS GOV'T TELEPHONE

#### With New Installation, Service is Extended to More Ranchers

A long distance telephone of composite type has been installed at McGregor's ranch, eight miles south of Telkwa. R. Mes Gregor is the telephone agent in charge. This telephone, which has been put in by the government telegraph service, will serve the many ranchers at the south end of the Round Lake district.

MONTREAL, April 2.—One of the biggest raids against counterfeiters in Canada was staged by the Royal Canadian Mounted Police at a farmhouse three miles beyond L'Assomption, when they seized today 8150,000 worth of counterfeit ten dollar bills and at least 500,000 cut papers of the same size, to be printed. Seven men were arrested and the presses and outfit taken.

#### VICE-ADMIRAL SEYMOUR DIES

#### Second Sea Lord Had Distinguished Naval Career Having Filled Many Important Posts

LONDON, April 2.—Vice-Admiral Sir Michael Culme Seymour, second Sea Lord, died today aged 58. He entered the navy in 1850 at the age of 14 and saw much active service in various seas during the next ten years. He was appointed private secretary to the First Lord of the Admiralty in 1874 and passed through the three admiral degrees between 1882 and 1893. He commanded successively the Pacific, Channel and Mediterranean squadrons and was commander-in-chief at Portsmouth from 1897 to 1901. In the latter year he was appointed vice-admiral, his elevation to the second Sea Lordship having come recently.

SAN FRANCISCO, April 2.—J. G. Pettit, 84 years of age, a retired Pacific coast shipping man and former officer in the British navy committed suicide by jumping into the ocean from the deck of the steamship Yale while the vessel was en route to this port.

#### FINE GROUPS OF SETTLERS FOR WEST

#### Many British Among Those Arriving at Winnipeg from Europe

WINNIPEG, April 2.—The finest group of settlers seen in years arrived in Winnipeg this morning by special Canadian National train and were despatched to destinations throughout the four western provinces within a few hours.

Distribution of the train's passengers is reported by colonization officials as 28 to British Columbia, 20 of them being for Vancouver, 146 to Alberta with parties of 65 for Edmonton and 36 for Calgary, 97 to Saskatchewan, 18 for Saskatoon, 11 Prince Albert, 10 Moosejaw, 20 Regina, and 106 for Manitoba, 91 of whom are remaining in Winnipeg.

Outstanding in the crowd was the party of 31 families, the first to be brought out under the Empire settlement scheme of the British and Canadian governments. These families averaged five persons each, an actual total 162 individuals being in the group. They were all re-ticketed to points in the western provinces where farms have been chosen for them. Ireland was represented by 51, Scotland 27, and the balance 217 being from England.

Other nationalities on the special train were 32 Norwegians, 15 Russians, 12 Danes, Belgians, Czech-Slovaks, Hollanders, Finns, French, Germans, Poles, Roumanians and Swedes.

#### KETCHIKAN SCHOOLS CLOSING EARLY SO PUPILS MAY WORK

KETCHIKAN, April 2.—Pupils in the seventh and eighth grades and high school here are starting their schoolwork 45 minutes earlier so they may be dismissed at 2:45 o'clock in the afternoon instead of at 3:30 o'clock as heretofore. This action was taken at the request of the student body, many of whom have outside position after school hours, and after the school authorities had made an investigation of the situation.

#### INDIAN TRIAL LIKELY TO BE HELD IN FALL

#### Further Witnesses to be Sought, it is said, Before the Case Comes Up

#### HAPPY AT OKALLA

#### Still Think They were Justified in Hanging Boy Head Downward for Witchcraft

Word has been received here that the trial of the five Northern Indians held at Okalla for trial here on a charge of slaying a nineteen year old boy in connection with a witchcraft allegation will be postponed until Autumn and that in the meantime further evidence will be sought.

Eddie Loo, the aged Indian Klooeman and her brothers Dan, Clem and Jimmy and the other tribesman Big Alec, will probably remain at Okalla until the autumn assizes when they will be brought here and tried on the capital charge. In the meantime officers of the Provincial police will go north with the opening of spring and may return with further witnesses of the event.

According to information received from Okalla, the Indians are quite happy there, are learning English and adapting themselves to the ways of the white people, mixing freely with the other prisoners in the jail. They show no concern as to their fate and apparently still consider they were justified in hanging the boy Alhol head downwards and leaving him there in Arctic cold weather for having bewitched the husband of Eddie Loo, who died.

#### Flood Conditions in Manitoba Become More Serious; Brandon and Portage Districts Suffer

WINNIPEG, April 2.—Flood conditions along the Assiniboine River were more alarming than ever this morning. The stream is overflowing its banks at Brandon and is making the lowlands a veritable lake. Residents have been forced to leave their homes.

A huge jam formed west of Portage la Prairie and caused much damage through flooding.

In many parts of the surrounding country farmers are forced to use boats and rafts as means of conveyance.

#### Seal Cove Sawmill Will Begin Operations Monday After Years of Inactivity: Box Factory Soon

Cutting of lumber will resume at the Prince Rupert Spruce Mill next Monday according to an announcement made by J. A. Ward Bell who arrived in the city yesterday afternoon. For the past several weeks renovation of the plant has been steadily in progress. This work is now practically completed, a staff has been engaged and the first deliveries of logs are here so everything is in readiness for the whistle to blow and the plant, which has been idle for several years, to begin active operations once again.

#### Largest Industrial Sale Ever Made at One Time in United States

NEW YORK, April 2.—After a spirited struggle between powerful financial interests, the ownership of Dodge Brothers Incorporated, one of the country's largest automobile companies, yesterday changed hands. Dillon Read & Co., bankers, purchased the concern, the amount involved not being announced, but it is understood to exceed \$150,000,000, the sum previously offered by General Motors Corporation. This is the largest single transfer of an industrial concern in the history of American finance.

#### VICTORIA'S RADIO STATION MAY CLOSE

#### Appeal Made for Funds and City Makes Vote of \$1500 Toward it

VICTORIA, April 2.—The city council has voted \$1500 to the City Temple as a bonus with a view to aiding in keeping open the radio broadcasting station C.F.C.T. at Fletcher Brothers Music studio the cost of which is estimated at \$8,000 a year. The City Temple has been paying \$2,000 of this amount but the firm concerned announces it will close unless some arrangement for payment of the cost is made.

Support has been pledged by various organizations following appeals made by Dr. Clem Davies pastor of the City Temple, for funds.

**Give Employment By Clearing Up Lots.**

There is a small reader advertisement on another page offering to give estimates on clearing up lots for property owners in the city. It is stated that there are a great many unemployed in the city, mostly of people who have come here expecting great activity but who are a little ahead of the work. They must live and are willing to work if they are given the opportunity.

There are a number of city lots that do not present a very creditable appearance. They would sell better if they were cleared of stumps. This is the time for owners to have the work done, while there is a lull in the labor market pending the opening up next month. We suggest that anyone planning to build or wish to sell their property should have the work done now while the weather is good and labor plentiful. Our advertiser would like the job, but there are others, too, who would do it. Prince Rupert would look much better if the lots were cleared of stumps and excavation could be done now in preparation for building operations.

**Province Writer Has A Pipe Dream.**

Charles L. Shaw, a young writer of repute, until recently news editor of the Victoria Colonist but now of the staff of the Vancouver Province, writes an interesting article in the Sunday Province which he calls "Vancouver, the World's Best Fish City." It is interesting and probably accurate until he comes to speak of fish. Then he founders among figures and shows a lack of appreciation of the big fisheries port on the north coast. He says that last year nine million pounds of fish passed through Vancouver to the markets of the world, and says that city is the recognized headquarters of the North Pacific fishing industry.

Probably Mr. Shaw does not know Prince Rupert and does not know anything about her industries, else he would have known that last year there passed through this port almost thirty million pounds of halibut and from this district there went one hundred and eleven million lbs. of salmon and that in addition there was a big catch of black cod or sable fish, herring, and other varieties, totalling over six million pounds.

We in Prince Rupert have been led to believe that the Province was the one paper on the coast that kept itself free from narrow sectionalism and aimed to make itself the big newspaper of the province, representative of all communities without bias in favor of any. Doubtless this was an unintentional slip on the part of a new member of the staff not quite conversant with the facts and will not be repeated. People in this district smile at the "tribunal" gasbats that comprise Vancouver's halibut fleet.

**Rupert Would Welcome Japanese Line Here.**

Prince Rupert would heartily welcome the advent of the Nippon Yusen Kaisha or any other Japanese line of steamships that might be willing to establish a business out of this port. The line has now arrived when some line will undoubtedly take the initiative and the Nippon Yusen Kaisha, the largest steamship company on the Pacific, has better facilities than any other line for handling the business.

When the elevator is completed there should be grain shipments going out and probably silk, tea, and other Oriental goods coming in. This, if only once a month at first, would make the port busy and give the railway officials something to think about.

Prince Rupert's development as a port has been slow, but it is bound to come. The future prosperity as a shipping center is as certain as anything in this life. We hope the N.Y.K. means business and that the connection with this port will be mutually beneficial.

"I became so run down and weak that my heart became affected, and I would sometimes have to remain in bed for several days."

Some one advised me to use Dr. Chase's Nerve Food, so I did, and soon began to gain in weight and feel better. I have taken a great many boxes of these wonderful pills, and am feeling ten years younger. Dr. Chase's Medicines, as well as his Receipt Book, are a great help to us, for we live 40 miles from doctors and railroads."

**ROTARY CLUB AT KETCHIKAN**

**New Organization Was Formed in Alaska City. First in that Territory**

KETCHIKAN, April 2.—A Rotary club was formed here Tuesday. Frank Parrish of Seattle was here to aid in the organization of the club, the first in Alaska. H. C. Nunan, resident manager of the New England Fish Company, assisted by H. C. Strong, W. A. Bates, W. F. Schlotman and Eldon J. Daly have been a committee in charge of the preliminary work.

On a recent visit to Seattle Mr. Nunan met Frank C. Biggs, district governor, and others and discussed the whole situation with the result that it was decided to proceed with the work of organization. In the near future it is expected that Governor Riggs will be here, possibly bringing some Prince Rupert Rotarians with him to present the charter to the new club.

**WEST IS BRIGHTEST SPOT IN COUNTRY**

**Report of Royal Bank Says Far Eastern Provinces Get Low Prices**

In those sections of Canada where unemployment is at its height, where trade is poor, and where prospects seem none too good, the statement that better times are at hand would not readily be accepted. Yet there have been favorable developments which give hint of better business in 1925. The brightest spot in the whole situation lies in the West, where prices of grain have been high and where the distribution of the recent 35c payment by the wheat pool has already produced some improvement. The statistics of western wheat deliveries to date indicate that some upward revision of the 1924 wheat crop estimate will be necessary, a favorable development. The farmers of British Columbia were also fortunate in regard to the prices obtained for crops and fruit, so that the buying power of Canadian farmers has been measurably improved. All through the country, livestock have wintered well and the high cost of grain is already having some effect upon the price obtained for select beef. The farmers of the Maritime Provinces, however, are confronted by low prices for their apples and potatoes. The English embargo upon potatoes and the large crop in the United States has reduced the price to 75c a barrel, nor can \$2.50 a barrel for apples be considered a satisfactory return.

**HEILBRONER BUILDING TO GO UP AT ONCE**

**Plans and Specifications are Prepared and Tenders Now Being Called**

Plans and specifications have been prepared and the contract will be let as soon as possible for the new permanent building on Third Avenue to be erected by him announced Max Heilbronner this morning. Accompanied by Architect A. A. Cox, Mr. Heilbronner returned from Vancouver on the Prince George yesterday afternoon. While in the south, Mr. Heilbronner purchased fixtures for his new store and optical department to the value of \$10,000. The new establishment will be one of the most modernly equipped in the province.

The old building on the site which the new block is to occupy has already been demolished.

**In the Letter Box**

**CLOSING OF PORT**

Editor, Daily News.

In today's issue of your paper you have very pronounced headlines indicating that this Board is definitely against closing this port to American fishing boats.

For your information I herewith quote you the resolution in full:

"That this Board go on record as being opposed to resolution passed by Retail Merchant's Association last night asking that this port be closed to American fishing vessels, pending the report of the American Tariff-Commission."

The last sentence which was added to the original motion of the executive, by the full meeting of the board last night, puts a very different construction on the matter than your headlines would indicate, and the erroneous impression created thereby.

May we ask you to make a correction of this by using equally prominent headlines.

G. W. NICKERSON,  
President.

**GOES NORTH TO VISIT STEWART PROPERTIES**

Colonel William T. Perkins, a Seattle financial man, was a northbound passenger on the Prince George yesterday, and while here made a number of calls before leaving for Stewart. He is interested in the development of mining properties on Bear River, is a director in Vancouver Mines Ltd. and is an enthusiastic believer in the Portland Canal district, which he thinks will be a great mining camp rivaling Butte, Montana.

Incidentally Col. Perkins sees the value of the development of Stewart to Prince Rupert and urges the people here to take an interest in the district which is right at their door.

**The Man in the Moon SAYS—**

THE humble halibut has been much talked about of late.

A SUCCESSFUL man is one who can carry through a scheme in spite of all the criticisms of the idle spectator.

**Ten Years Ago in Prince Rupert**

April 2, 1915.

George L. Clayton, who has just returned from Seattle, succeeded in organizing a fishing company capitalized at \$250,000. Provided the city guarantees the bonds, the company will establish a plant here. It will build the wharf, erect the buildings, sell ice at \$3.00 per ton, keep bait and frozen fish in stock and encourage the smaller dealers, the idea being to centralize the halibut industry in Prince Rupert as far as possible.

Henri Sauvage, the first man to leave Prince Rupert to enlist in the Great War, has been killed in action while fighting with the French army. His wife and family reside here.

Miss B. Lemieux, who arrived on Tuesday from Stewart, left on the train last night for Winnipeg.

Miss Vivian Whitehurst of the Port Simpson General Hospital is visiting with her parents in Kerrisdale, Vancouver.

Sale of work, home cooking, candy and afternoon tea at the Methodist Church on Saturday afternoon beginning at 2.30. 80

Mr. and Mrs. R. S. Sargent will arrive in the city on tomorrow morning's train and proceed south to Vancouver on the steamer Prince George.

Miss Violet Cameron of the C.N.R. city ticket office staff is sailing tomorrow morning on the Prince George bound for Los Angeles on a holiday trip.

Customs and excise revenue for the port of Prince Rupert during the month of March totalled \$21,379.93, showing a slight decrease from the record for the same month last year which was \$21,996.47.

J. M. Morrison returned to Alice Arm on the Prince George last night after having spent a week in the city on business in connection with the Ina Rose mine on which development work is to be done this year.

Last Thursday evening at Vancouver, Rev. S. S. Osterhout officiating, the wedding took place of Mrs. Ellen Jones, formerly of Port Simpson, to Thomas Winfield Shaffer of Vancouver. Mr. and Mrs. Shaffer will reside in Vancouver.

A sermon by Rev. W. S. A. Crux, formerly Methodist Church pastor here and now at Collingwood Methodist Church, Vancouver, was published in the last Vancouver Sunday Province. With the sermon appeared a picture of Mr. Crux.

Employees of the Canadian National Railways have been given permission to use the Goals adjoining the Rupert Marine Ironworks for the mooring of their pleasure boats and it is understood that the organization of some sort of a boat club among them is under way.

The maintenance of the Yukon telegraph line between Hazelton and Dawson was the subject of a special article written by James Cullins in the last Sunday Province. This old line is now about to be abandoned, the service to be maintained in future by wireless between Edmonton and Dawson.

G. A. Young, who is transferred from Alice Arm to Bella Goola as road superintendent in the service of the provincial department of public works, passed through on the Prince George yesterday afternoon bound north. He will make arrangements at Alice Arm for the moving south of his family.

At a well attended meeting last night in the city council chamber ratepayers of Fourth Avenue decided to endorse the plan of mattress grading their avenue from McBride Street to Fifth Avenue to a width of 15 feet as proposed by the city. Bylaws are now being prepared to provide for the work being done as local improvement. The proposal to have the street permanently graded was abandoned on the ground that such work would be too expensive at this time. Mayor Newton presided at the meeting.

H. McEachern returned on the Prince George yesterday afternoon from a trip south.

James Hamilton, charged in the city police court this morning with driving an auto to the common danger, was remanded until April 14.

At 3:40 yesterday afternoon the fire department was called out to extinguish a grass fire at the corner of Eighth Street and Second Avenue. There was no damage.

J. M. Mercer, second vice-president and construction manager for the Northern Construction Co. arrived from Vancouver on the Prince George yesterday. He is on one of his periodical visits of inspection to the elevator foundation work here.

James Morrice, who for a while this winter was on the staff of the Universal Trading Co. here, passed through on the Prince George yesterday enroute from Vancouver to Stewart where he is taking a position with Harry Zeffert, the men's furnisher.

Thomas Elkins, charged with vagrancy, was found guilty and given suspended sentence in the police court this morning. He is to be held in custody until he leaves town. The specific charge against Elkins was that of begging, several complaints having been laid against him.

R. G. Johnston, manager of Inverness cannery, and Mrs. Johnston and H. W. Chambers, accountant, as well as other members of the Inverness staff arrived on the Prince George yesterday afternoon after spending the winter in the south. There were also passengers for other cannery points arriving on the George.

COCOANUT KING IS BELIEVER IN CHURCHES AND WOULD HELP BOYS

Drinking is Taboo But All Roads Lead to Heaven Declares Philanthropist

NEW YORK, April 2.—(By Canadian Press.)—Leopold Schepp, known as the "cocoanut king," and who for sixty-five years has been accumulating a fortune through production of cocoanut by-products, has begun at the age of eighty-five to "give away" his wealth.

Now he has turned to the youth of New York and as an initial step has announced that \$2,500,000 of his fortune will be set aside for the building up of a boy's welfare institution.

The institution will have as its objective the starting up in business of boys who have "proved worthy." Mr. Schepp intends securing applicants from church dignitaries and Sunday school heads. When the boys are "ripe" and if they have lived up to a two year pledge, including abstinence from drinking, which the "cocoanut king" intends stipulating, they will be given \$200 and started in whatever career they choose.

Church denomination will play no part in the selecting of boys for Mr. Schepp's welfare league. His two cardinal beliefs, he says, are: "All roads lead to Heaven." "There are 319 different ways of worshipping God and all of them are right."

DOG HEROES TO BE SHOWN CINCINNATI

National Show to Give Gold Medal to Self-Sacrificing Animal

CINCINNATI, April 2.—The American dog which in the year between April 15, 1924, and April 15, 1925, performs the most heroic deed of self-sacrifice and devotion to the human race, will be sought and crowned by the Cincinnati Kennel Club in connection with the National Dog Show, which will be held here April 17-19.

The dog so found must himself be exhibited in order that the gold medal significant of the fact may be awarded with proper ceremonies from the stage at the Music Hall the evening of April 19.

Any dog of any breed may be entered by his owner, and no dog will be barred on account of lack of pedigree or pure breeding, according to the regulations. There is no entry fee of any description. The dog must be shown at no expense to the owner.

A full description of the heroic deed is required, blanks for which the club has prepared.

WEIGHT OF WOMEN'S CLOTHES TWO POUNDS HALF OF IT FOOTWEAR

NEW YORK, Apr. 2.—Woman's growing emancipation from clothes will reach the apex this summer when, if she follows the dictates of fashion, exactly two pounds of raiment will clothe her. And half the weight will be in shoes.

Such is the edict set by a representative of a famous New York silk house, attending the Fashion Art League of America convention here, who sketched and weighed the silken summer ensemble as follows:

One slip-in, two ounces; one brassiere, one ounce; one pair of sheer hose, two ounces; gowns, six ounces; hat, five ounces; shoes, one pound.

Sheer fabrics, indestructible voiles, chiffons and georgettes will be worn on all occasions, and not just for dress affairs. Likewise the knee will be visible. Dresses are to be just below the knee, but not meant to cover it. When the fashionable woman sits down her knees will be well in the foreground of the picture it was said.

FEW MEN FIT FOR \$10,000 JOBS IN ENGLAND TODAY

England's Best Publicity Man Bemoans Having to go to States For Help

LONDON, April 2.—Notwithstanding the fact that there are more than 1,000,000 unemployed in England, there are jobs paying \$10,000 a year going begging, Sir Charles Highton, London's best known publicity man, said recently in an address to the British Association of Display Men.

"People have come to me," Sir Charles declared, "crying out for men capable of earning \$10,000 annually, and I have said in reply: 'You will have to go to the United States to find them.'"

Sir Charles explained that he had offered the suggestion to search abroad for candidates, because there were so few young men here who had prepared themselves for the horizon of jobs paying \$10,000 a year.

BOOTLEGGING TO INDIANS STARTED PREMIER INDUSTRY

NEW YORK, April 2.—Bootlegging in North America originated in New England, according to Professor Henry G. Lawrence, of Connecticut College, New London. In a recent address here he contended that the Puritan often possessed "a frivolous and 'fast' personality," and that the morals of the seventeenth century in New England were no better than those of the present twentieth century.

A law set up in 1659 which prohibited the selling of intoxicants to Indians was the "father of the bootlegging industry," the professor said. Any Indian found drunk had to labor 12 days for the man who discovered him, and the demand of the red skins for liquor in a clandestine way started the industry which has grown to such large proportions, Prof. Lawrence declared.

PROPOSAL TO CHANGE LAW TO ALLOW CROWN BRITAIN TO BE SUED

LONDON, April 2.—The historic British law which provides that the Crown may not be sued will be discussed in Parliament in the near future when a bill is introduced calling for its alteration.

A committee of jurists has prepared an outline of the bill which would knock out the ancient law altogether. The proposal as considered by the jurists is that the Crown should be as liable as any other employer for acts committed within the scope of an employer's authority.

HALIBUT PRICES AND THOSE IN EAST HAVE SPREAD ELEVEN CENTS

John Dybhavn Points Out Relation of Prices Quoted With Those Here

John Dybhavn pointed out this morning in connection with a telegram received by Ben Self and published in these columns yesterday after being quoted at the Board of Trade meeting Tuesday, that on the date of the telegram no western halibut had yet arrived on the Boston market.

Mr. Dybhavn says that on February 21 the schooner Pollyanna with 35,000 pounds of eastern halibut arrived and the In-gomar with 85,000 pounds which was sold at 25c., 48c. and 45c. on the 25th the Onetha F. Spinney sold 22,000 at 26c, 21c, and 15c. There were no further arrivals of Eastern halibut until after the first shipment of western halibut arrived on March 4. Although the price of halibut here was low, so low as to cause much worry to local fishermen, there was never a spread of more than 11 cents between prices paid here and the price sold in Boston during the first two weeks of the opening of the season.

FIRST SPRING DANCE AT AUDITORIUM ENJOYED BY MANY

The first of the Spring series of dances took place last night in the Auditorium, when the newly renovated building looked its best. There was a good crowd out to enjoy the fine floor and the music provided by the Serenaders kept them interested right to the end. L. J. Marren was master of ceremonies and he announces that there will be a dance every Wednesday until further notice.

FIREMEN AND CHURCH

ATLANTIC CITY, N.J., Apr. 2.—The powers of a fire chief over his departmental charges does not include that of seeing that they attend Sunday church service. So read a recent judgment of the circuit court here in awarding a city fireman the right to recover \$5.72 which he had been fined by the fire chief for not attending church service last Sunday.

AUTOS INJURE ROADS

VIENNA, Apr. 2.—Because the 30,000 pleasure automobiles, motor trucks and motorcycles in Austria are cutting up the roads not built originally to stand such traffic, owners of the vehicles will have to contribute to road maintenance. The money will be collected through a system of taxation.

WOMAN IN TRANCE FOR FIFTEEN YEARS

British Scientists May Visit Her to Try to Effect Cure

RIETFONTEIN, South Africa, April 2.—Scientists from England who have heard recently of the case of a woman here who has been in a trance for 15 years may come to Rietfontein to make extensive investigations with the hopes of helping the victim. The woman is Miss Ana Swano-pool, of Lichtenburg, age 35, who became unconscious in 1910 when she was notified of the sudden death of her fiancé.

Not once, according to the attending physicians, since that time has the woman been fully conscious. After 14 years in her own home, under the care of relatives, she was taken to a hospital where attendants administered food and water every two hours.

TO PROCEED WITH NEW TENNIS COURT

North B.C. Regiment Will Start Work in Fortnight—Radio Set Installed

At a meeting of members of the North B.C. Regiment held last night it was decided to proceed with the construction of a board tennis court on the grounds adjoining the armory. Work it is expected will start in about two weeks' time.

The regiment has purchased a radio set which was successfully demonstrated for the first time at the meeting last night.

Sport Chat

A complete survey of the Acropolis Hill grounds is being made by the city engineer's department including the project for the putting in of a quarter-mile track around the field as well as the removal of the rock pile and the levelling off of the field. An estimate of the cost will be prepared. This also to include the proposed grand stand. When it is known what the cost will be, a decision will be reached as to what extent of work will be undertaken by the city with the assurance of the sporting organizations of the city and the Fair Board that they will assume responsibility for ultimate payment.

As a result of American Legion activities, boxing has been introduced into the curriculums of Japanese military academies. This came about through a mixed boxing-ju-jitsu match arranged by the Tokio post of the Legion at the request of General Ugaki, Japanese minister of war. An American army captain competed with a Japanese expert. The ju-jitsu exponent won the first fall but, on the resumption of the match, the American officer crossed a right to the jaw that ended the exhibition. General Ugaki then ordered that boxing be taught in the military schools.

At a smoker to be held next Thursday evening in the St. Regis Cafe by the billiard league all the trophies won during the winter's billiard season will be presented to their respective winners. The Bulger & Cameron cup and individual cups, for first division championship, has been captured by the Great War Veterans and second division honors by the Prince Rupert Billiard Parlor. Trophies will also be presented to the two players making the three highest aggregate breaks in each

**JAPANESE PROBLEM BEING CONSIDERED OTTAWA GOVERNMENT**

**Claim Made That Immigration Laws are not Being Adhered to and Many Japs Enter Country**

A special despatch by Bruce Hutchison to the Vancouver Star from Ottawa in regard to the Japanese question says: Far-reaching changes in Japanese immigration regulations, amounting in effect to a new Oriental immigration policy have been taken under consideration by the cabinet, it was learned today. British Columbia members who are closest in touch with the Oriental question have been asked to lay recommendations before the cabinet so that out of these proposals the government may mould new immigration regulations more effective than those at present in force.

Consideration of a new Japanese policy is the result of widespread dissatisfaction with existing regulations, which it is held are being flagrantly violated. British Columbia members assert that the number of Japanese immigrants entering Canada now is not confined to the number fixed by Canada's present laws, and they urge that if the government cannot see its way clear to effect a total exclusion policy it should at least frame rules which will actually limit Japanese immigrants to certain fixed numbers.

Immigration officials admit that present regulations are not being enforced effectively. Application to Japan of present regulations enforced against Chinese is one of the proposals suggested to the cabinet. The Chinese regulations have produced "excellent results," it is said.

It may take months for the government to take any final action on the Japanese problem because of international issues involved.

**ARE YOU TORTURED WITH ECZEMA?**

Eczema, or Salt Rheum, as it is commonly called, is one of the most agonizing of all skin diseases.

The intense burning, itching and smarting, especially at night or when the parts are exposed to heat are almost unbearable and relief is greatly welcomed.

The most reliable and effective remedy for this trouble is

**BURDOCK BLOOD BITTERS**

Mrs. J. R. Johnson, R.R. No. 1, Oshawa, Ont., writes: "For years I was troubled with eczema, and had that terrible itching and burning sensation, and could find no relief for it. **REFUSE TO IMAGINE ILLNESS IS COMING**

**Victoria Paper Gives Some Good Advice to Those who Talk of Sickness**

Says the Victoria Times: There is no smallpox in Victoria. The medical health officer has made that fact perfectly clear. There will be no compulsory order for vaccination. The city council has decided that point.

We are not particularly interested in the controversy between vaccinationists and anti-vaccinationists. It may not be out of place to suggest, however, that if the people of this city will go about their daily tasks with a determination to take a little more than ordinary care of themselves, and refuse to imagine every ache and pain to be the advance of some dreaded disease, they will be astonished to discover how simple it is to keep well and cheerful.

Half the "ailments" of the present day are the result of an inclination to study and ponder over symptoms. If more time were given to the observance of simple rules of health, epidemics of this or that disease would be few and far between.

**IS BEAUTY CONTEST A GAME OF CHANCE?**

**Police Commissioner at Victoria Urges That It Is, But is Opposed**

VICTORIA, April 2.—Victoria's police commission has been discussing what is a game of chance and how does it differ from a game of skill. One commissioner suggests that a beauty contest is a game of chance whereas Police Commissioner Staniland champions that form of amusement and says the choosing of a beauty queen is a game of skill.

Wheels of fortune and similar gambling features seem likely to be excluded from the midsummer carnival here although they are championed by Commissioner Atkin for the occasion. It is left up to the chief of police to expound to the commissioners at a later meeting what is the difference, technical and legal, between skill and chance as applied to games.

**INSPECTOR PARSONS RETURNS TO CITY**

Inspector T. W. S. Parsons of the provincial police returned to the city from Victoria on the Prince George yesterday afternoon. He has been away for several weeks and during that time he went to New Orleans to bring back to this province Harry Sowash who is charged with murder in connection with the Beryl G. hijacking case.

Inspector Parsons, who is being transferred to Victoria, says that he is not sure how long he will remain here before going south permanently. Mrs. Parsons is already in the south.

**WHIST DRIVE AND DANCE BY MOOSE**

**One Hundred and Fifty Persons Attended Successful Affair in Metropole Hall Last Night**

A very enjoyable whist drive and dance was held last night by the Moose Lodge in the Metropole Hall, some 150 persons being present.

At cards the winners were: ladies' first, Mrs. Sam Haudenschild; ladies' second, Miss Florence Morrison; men's first, J. Rothwell; men's second, A. Ohne-berg.

Refreshments were served and music for the dance was furnished by the Westholme orchestra. Joe Slaggard was master of ceremonies and Ralph Kieffhaber was on the door.

**TAX IS PROPOSED ON TRAP CAUGHT FISH**

**William Paul Introduces Bill Into Alaskan Legislature for That Purpose**

JUNEAU, April 2.—A bill said to be designed to wipe out fish-traps was introduced in the house by Representative William L. Paul of Ketchikan. It provides for levying a heavy tax on all fish taken in traps which, opponents of the bill say, will destroy at least all the small traps and trap owners of Southeastern Alaska.

The tax proposed by the Paul measure is as follows: hump-backs, 1 cent each; chums, 2 cents each; cohoes, 2½ cents each; red salmon and sockeyes, 5 cent each; and king salmon, 10 cents each.

**FISH ARRIVALS**

Transactions at the Fish Exchange this morning were as follows:

**American Halibut**—Imperial, 8,000 pounds, at 9.7 and 3c, to the Canadian Fish & Gold Storage Co.

**Canadian Halibut**—Gibson, 8,000 pounds, at 10.3c and 4c, to the Canadian Fish & Gold Storage Co. Westerner, 2,200 pounds, not sold.

**Salmon**—The Kafen sold 1000 pounds of salmon to Gold Storage at 15c, and 2c.

**BOAT ARRIVALS**

Included in the passenger list of the C.N.R. steamer Prince George, Capt. Harry Nedden,

**Shop-windows on parade**

IN THE quiet and comfort of your home, newspaper in hand, the shop-windows of the town's best stores pass in review. Look at that charming little hat—just the style you have been looking for, and so reasonable!

And say, isn't that coat a darling? . . . Not only do you see illustrations of the merchandise, but you are told in detail of its merits and prices. A passing panorama that may be halted and started and halted at will. A shopping trip at home!

How long do you suppose it would take you to reverse the process—to go up one street and down another, until you had visited personally every worth-while store in town? And how exhausted you would be, physically and nervously.

There's no doubt about it. The modern way to shop is to read the advertisements, then make notes of the stores and the particular offerings that appeal to you. What a lot of time and bother such a method saves. You know beforehand what you want to look at, who has it, and what you will have to pay.

Read the advertisements. Make it a daily habit. The regular reader of advertisements is better informed, makes the family budget stretch further, has more time for recreation, gets more value for her money, and profits in many other ways. Advertisements are frequently the most interesting news in the paper.

Every day these shop-windows are lined up for your inspection in this newspaper

which arrived from the south yesterday afternoon were the following:

For Prince Rupert—Mr. Mel-drum, Mrs. Ormsby, H. L. Mc-Master, D. D. McMaster, Mr. Hutchison, Mr. Litter, P. Wallace, J. C. Knight, Mrs. Moore, Mrs. Enderton, W. Knowles, J. Milne, F. H. Tomlin, W. H. ## BUDGET VOTE BY EASTER?

Two Big Features, Freight Rates and Peterson Ship Subsidy, Yet to be Finally Settled at Ottawa

OTTAWA, Apr. 2.—With preliminary fiscal skirmishes over, the government is preparing to press its budget to a final vote before Easter. This is part of the plan to wind up the session much earlier than the date of adjournment last year. This will give parliament all the time remaining after Easter to concentrate on the two main issues of session—freight rates and the Peterson ship subsidy.

No new government legislation will be introduced until after Easter. Almost immediately on the House re-assembling, the government will bring down a bill establishing the single transferable vote system of balloting in all constituencies represented by one member. This will introduce proportional representation to a certain degree as it will give the voter the right to indicate his second choice, if more than two candidates are running. About the same time the government will introduce its legislation to stop handbook letting. Members are looking forward to adjournment early in June.

## LUMBER BUSINESS IMPROVING IN SOUTH

VICTORIA, April 2.—With two ships in port loading lumber for distant parts, mills extending their plants and indications that the market for cedar wood at least will be bigger and better for British Columbia within the near future, Victoria millmen are receiving a little encouragement after a temporary lull. Business lately has not been as good as the timbermen of this island might have wished, but indications are that there will be a betterment.

## FASHIONS IN MEN'S HATS ARE AMUSING STUDY IN CONTRASTS

BERLIN, April 2.—Men's hats of olden days afforded the Berlin public much amusement during the recent exhibit of clothing held to contrast the styles of the last 100 years with the styles of today.

High hats, much taller than those worn today, and as shaggy as a Newfoundland dog, appeared in the windows of many haberdashers. Curious straw hats loaned by museums also produced broad smiles among the throngs which gathered about show-windows. Many of these were shaped like old-fashioned silk hats, and were made of bamboo and Oriental grasses.

## TRADE CONVENTION FOR ALL COUNTRIES ON PACIFIC OCEAN

NEW YORK, April 2.—American business bonds with the Orient, where American foreign trade has increased by 400 per cent since 1913, will be further strengthened this year by the coming of delegations from six foreign nations bordering on the Pacific to the Twelfth National Foreign Trade Convention, which is to be held at Seattle, Washington, June 24, 25 and 26, according to an announcement given out by National Foreign Trade Council. Founded in 1914, the council is now to hold the first of its yearly conventions in the Pacific northwest. The theme will be "Foreign Trade Essential to Prosperity."

## MAYFLOWER PROTECTED MASSACHUSETTS STATE

BOSTON, April 2.—A bill for the protection of the Mayflower has been signed by Governor Fuller. It provides that "any person who pulls or digs up such plant or any part thereof except insofar as is reasonably necessary in procuring the flower therefrom, within the limits of any state highway or any other public way or place or upon the land of another person without written authority from him, shall be punished by a fine of not more than \$50; but if any person does any of the aforesaid acts in disguise or secretly in the night time he shall be punished by a fine of not more than \$100."

## BRASS TOO COSTLY FOR BRITISH HOMES

LIVERPOOL, April 2.—Byass work, with which the front doors of most British homes have been adorned for centuries and which contributes to the furnishings of numerous offices, is going out of fashion because of the expense involved in keeping the fixtures shiny. Many new buildings in Liverpool and elsewhere in England are going up without brass or copper decorations.

## HOSELESS WOMEN IN RIO DE JANEIRO IS EFFECT OF FASHION

RIO DE JANEIRO, April 2.—The American fad of beige-colored hose for women has hit Rio with amusing results, due to the fact that the new style became popular here at the height of the bathing season.

The beach-tanned arms and the beige stockings ankles are often so nearly alike in color that it was frequently thought hoseless days had arrived.
