## POLICE ARREST VANCOUVER BOOTLEGGERS

### FLOOD CONDITIONS STEADILY BECOMING MORE SERIOUS IN OLD COUNTRY

#### Homes in England Abandoned on Account of Rising Waters and Fierce Gales Now Sweep France

LONDON, Jan. 3.—While there is some moderation in the gale that has been sweeping the British Isles, English Channel, the nearby Atlantic and the North Sea as well as the greater part of Europe, flood conditions throughout England are becoming steadily worse. From all parts of the country come reports of homes abandoned because of high water and of continued damage to property. The loss of six lives is reported.

The Thames River continues to rise and further torrential rains are predicted for tonight with probable increase in the flood damage in London suburbs along the river. The country around Maidenhead and King's Lynn is a vast lake.

#### HERRING RUN BELOW NORMAL

Killing of Whales on North Pacific Advanced as Reason for Light Schools

VANCOUVER, Jan. 3.—British Columbia's herring fishing season is running below normal this winter, and some fishermen are advancing the theory that the killing-off of whales on the North Pacific coast is responsible.

The whales, it is claimed, drive the schools of herring into bays and shallow places, feeding on them. Depletion of the ranks of sea mammals is believed to be lessening the chances of fishermen to get their customary large catches of herring, since the fish are no longer molested by whales in deep water.

The first of the winter herring runs begins ordinarily in November and continues until the end of December. About three weeks ago the herring catches petered out and have been light since, especially on the West Coast of Vancouver Island.

The industry is depending upon the run of late January and February for supplies to meet the Oriental demand. The herring should be in the Orient by March to have good sale there fishery men state.

They had been asphyxiated by illuminating gas. The victims were Mr. and Mrs. Gray and their four sons. Even the family dog was dead. The cause of the escape of the gas remains a mystery.

#### MARKET IS RUNNING WILD

Kramer's manager threw the towel into the ring in the ninth round.

#### Sensational Series of Raids Made Yesterday by Dry Squad Officers

VANCOUVER, Jan. 3.—Sweeping down on alleged dealers in liquor yesterday afternoon and all night, provincial liquor board police, co-operating with the local dry squad authorities, brought in 41 alleged violators of the Liquor Act in one of the most sensational series of raids ever staged in Vancouver. Until early this morning, the jail corridors were crowded with justices of the peace filling out bail bonds.

The raids, which followed several weeks of investigation, took the bootleggers completely by surprise. About 100 warrants were sworn out.

Distribution of Candle Guessing Prizes Proved an Interesting Feature

Art Easson's orchestra furnished the music and dancing was carried on until the early hours of the morning. A buffet luncheon was served at midnight consisting of hot dogs, doughnuts and coffee, which proved very popular. During the evening the prizes won in the Elks' Christmas Cheer candle guessing contest were distributed by Ben Self, exalted ruler, assisted by "Brick" Skinner.

King's counsel assured the court that the treaty provided that "any person arrested for Great Britain in the United States might be held until extradition proceedings are had."

The other suspects have withheld application for bail pending the outcome of Watson's petition.

**Board Of Trade Does Useful Work.**

The Board fills a place of usefulness in Prince Rupert and, in bringing to the attention of proper authorities matters where consideration or redress is required in the best interests of the community and in its work of publicity, it is carrying out a function in an organized way that is being undertaken by no other body. Sometimes complaints are heard that the Board of Trade is an exclusive organization. This, however, is an erroneous idea for its ranks are open to any citizens who have the best interests of this place at heart. Those who are desirous of helping local matters along will be welcomed as members. Far from being exclusive, the Board is anxious and desirous of having everybody in Prince Rupert belong.

**Not Opposed To Broad Principle.**

The congregation of the Prince Rupert Presbyterian Church has decided against uniting with the Methodist and Congregational Churches under "The United Church of Canada Act." This does not mean that the members of the local church are opposed to the broad principle of church union. To the contrary, some of them have expressed themselves as in favor of the principle though they are not in favor of the measure that was offered them this week. A great deal of discussion has been indulged in during the past year since the matter of Church Union has been before both the federal and provincial parliaments but the actual putting of it into effect still appears to be a long way in the future.

**Settlement Of Freight Rates Seems Likely.**

Looming large upon the horizon of Canadian affairs at the present time is the freight rates issue. Many times during the past year the question has been commented upon in these columns but a solution of the problem has not yet been found. However, today the entire freight rates tangle is closer to an untanglement than ever before and it has been clearly proven that the West has won an important victory. The restoration, temporarily, of the Crow's Nest Pass agreement rates, might appear upon the surface as a set-back for British Columbia, but to experts it appears that the removal of all discrimination against the West will shortly be accomplished.

For years Premier Oliver has fought almost a lone fight for British Columbia's interests. True, he has been supported by boards of trade and other public bodies but the initiative was his and to him belongs a large share of the credit. Before the coming session of the House of Commons has passed into history it is predicted that equal freight rates all over Canada will be in force, which means that the Pacific Province will, for the first time, be able to meet the competition of Ontario, Quebec and the Maritime Provinces.

**Signatures Required From Correspondents.**

The editor of this paper would again remind correspondents that their names should be affixed to any letters or news items that are sent in for publication. The Daily News does not publish any matter that is not authorized by signature though we do not require that the names of the writers should appear in print—that being solely a matter of choice for the writers themselves. Just recently several items have arrived bearing no signatures. In one or two cases, it was possible to obtain confirmation locally, and the news was used. In other cases, it was impossible to do so and our only choice was to throw the matter in the waste paper basket. Signatures such as "Islander," "Metlakatla," "Subscriber," etc., will not do as authority for letters or news items. This rule must be observed if publication is to be insured.

**FESTIVITIES AT SMELTER TOWN**

Variety of Functions Featured Christmas and New Year Season

ANYOX, Jan. 3.—Holiday time in Anyox was enjoyed to the full by large and small alike. The Community League dance for grown-ups and the entertainment for all the kiddies of the town was followed by the annual feast of the Moose Lodge which entertained children of members in their hall. A jolly time was spent. Supper was served, games were played and mementoes of the season were distributed among the juveniles after which the older folk engaged in dancing.

On the afternoon and evening of Monday, December 29, the children of the Union Church were given presents and a big supper, and amused with games, having a fine time generally. The following day, the Anglican Church threw open its doors and treated its budding youth in much the same fashion, giving them a big feed and presenting them with toys and such things, making the occasion one long to be remembered.

Following its regular custom, the Granby Company supplied the patrons of the Smelter Mess with a special dinner on Christmas Day. There was turkey, plum pudding, mince pie and all the fixin's. The feast was repeated at the Mine Mess on New Year's Day, and Mine Host Jago, who knows how to do those things just right, received many compliments on the excellence of the fare provided at both places. On both occasions, the Anyox Band was present and contributed not a little to the spirit of the season.

**At Hospital**

On the eve of Christmas, the matron of Granby Hospital, Miss Swanson, and the staff, were responsible for a highly successful entertainment and Christmas Tree for the patients and their invited friends. The tree was splendidly illuminated, and there was a present for every inmate at that time. The cost was borne from funds raised by the Ladies' Auxiliary from time to time. Among other items presented were two large and comfortable easy chairs and a pair of adjustable lamps, all of which will prove of great benefit to patients.

In addition to the visit of Santa Claus, a number of selections were rendered by the Elks' Orchestra, and there were dances by Edna Herrin, Mabel Stevens and Flo and Billie Kelley. Miss Winter recited and James Thompson sang. Members of the Ladies' Auxiliary were present as guests and refreshments were served by the nurses. On Christmas Day the band played at the hospital.

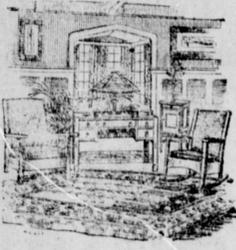

**NIGHT SCHOOL WORK AT ANYOX EXPANDS**

Classes in Dressmaking and First Aid to be Instituted

ANYOX, Jan. 3.—With the New Year, the Granby Bay School Board is instituting two additional classes in its night school work. A number of requests have come for a class in dressmaking, and has been decided that, if sufficient applicants apply, a start will be made about the middle of January at both Beach and Mine. Not less than eight or more than twelve will be considered in either place and the fee will be \$5.00. Mrs. Pickford, who has had considerable experience in the teaching of dressmaking has been engaged to take charge of these classes. First aid classes will also start immediately at both places. Dr. Leary will have charge of the Beach classes and Dr. Kinsman of the class at the Mine.

the church and commenced at 5 o'clock, when supper was served to the children, after which they gave a concert while the adult members present partook of their refreshments.

Santa Claus was scheduled to arrive at seven o'clock but, about that time, loud noises were heard and in came a party who announced that he was His Satanic Majesty and was going to turn everybody out but he was closely followed by Santa Claus who, to the amusement of the children, soon put him hors-de-combat.

Old St. Nicholas then took charge of the Christmas tree and proceeded to distribute presents and candies to the children. He also gave Muriel Adams and Clive Hoskins prizes which they had won for regular attendance at Sunday School.

**Sport Chat**

There is a move on foot in Great Britain to democratize polo. At the present time gates of the polo fields are opened only to club members and their invited friends and the general public is barred. The idea is to change the method of carrying on the game altogether and put the control into the hands of some national organization. The selection of international teams by the exclusive clubs, it is claimed, has not been conducive of bringing out the best talent.

Race horses found the track at Latonia, Kentucky, much to their liking during the 1924 season, two official world records and five track records going down under the hoofs of sterling runners, a review of the records made on the Kentucky track reveals. In addition to the two world records, Sarazen, Mrs. William K. Vanderbilt's three-year old colt, established an official record of 2:00 4-5 for the mile and a quarter in winning the third International Special on October 11.

Billiard League meeting will be held in the G.W.V.A. Rooms at 9 p.m. on Sunday. Several matters of importance will be voted on and the matter of the City Championship will be taken up. All captains and one delegate from each team are requested to attend.

**MANY CLAIMS TO VALUABLE LEGACY**  
Correct Use of Famous Title has Encouraged Pretenders

About the year 1880 the pioneer prospectors of British Columbia discovered a remarkable coal. After many trials and tests it was positively established that this coal represented the acme of economy, efficiency and comfort.

To this fuel they gave the new famous name of "Nanaimo-Wellington," representing all that was best in coal.

No sooner was it found that the public insisted on getting this Wonder Fuel than other coals were put on the market under very similar names. So much so that the public were at a loss to say which was the genuine and which the imitation. Of course it was easy after a trial—a single sack will prove it—more lasting and more powerful heat from a few shovelfuls, hardly any ash, no clinker or rock, all these points stand out when you make a practical test in furnace, fireplace, heater or cook-stove.

This famous Nanaimo-Wellington coal is sold only by Albert & McGaffery to whom all orders should be phoned direct. Prompt delivery service given by their own teams and trucks. Their phone numbers are 416 and 564.

Future Business

With the Christmas and New Year holidays at an end, the waterfront business houses and the owners of halibut boats are rapidly getting back to their normal business stride.

The work being undertaken by the provincial government on the building of a roadway along the waterfront is making rapid progress.

The lighthouse tender Newington, Capt. H. Ormiston, left port last week end on her regular patrol to Cape St. James.

Make Good Wages

John and George Selvig, who are regularly employed by the fish houses during the halibut fishing season, have been making good wages fishing in the harbor for black and grey cod from a dory.

Discovered Boat

Ray, the electrical wizard, is due for a real happy and snappy New Year. Love, mirth and joy radiate from his genial face these days and the cause can be seen from the windows of the emporium reclining disgracefully on the floats.

J. and C. Currie are building a new pile-driver float at the dry dock preparatory to undertaking government work at Port Simpson.

Wood Hunting

The domestic winter wood pile having become slightly disarranged during the cold snap the schooner Caygeon, Capt. "Handsome" Jim Morrison, has been dispatched to Porcher Island with a view to cruising for a fresh supply.

wood hunts have not proved entirely satisfactory and for this reason it has been thought necessary to give Jim an able assistant in order that there may be no valid excuse for failure.

The Love that never Dies

The Man We Forget

Many a man who cashes in a life insurance policy

- admits to himself that he could have saved twice as much, -wonders what he did with the money that would have paid for more, and -thinks he was wise in doing what he he did, because he hasn't saved much besides.

It does not always occur to him to thank the life insurance man for having induced him to save money.

Yet, if it were not for the life insurance man, the Canadian people would have very little of the \$3,500,000,000 of insurance now in force.

Is it not about time we recognized the good work the Life Insurance Man is doing for the community?
